

## Maxing MT 351

Chapter 351: How dare you call yourself a cultivator when you don't even feel pain when you hit someone?\_3

Now, it was the best outcome to accept it.

Therefore, he had no choice.

One of the reincarnators sighed and said, "If Your Highness is in trouble, I won't disturb you."

As they spoke, the few reincarnators bowed respectfully to Li Yueming.

He turned around and prepared to leave.

Seeing this, the expression on Wang Zi's face softened a little.

He sat back down.

But at this moment, the crowd of onlookers had not completely dispersed.

Everyone looked at Wang Ziwei and the others with strange expressions.

Behind him, Li Yueming didn't say anything.

However, the other students were generally more thin-skinned.

At this moment, he already felt a little ashamed.

Wang Ziwei and Li Yueming were acting as if nothing had happened.

A student could not help but ask angrily, "Teacher, why don't you let Junior Brother Li accept the challenge?"

"Those guys were very arrogant just now. We can't just swallow our anger and pretend that nothing happened, right?"

Wang Ziwei glanced at him and said nothing.

Seeing this situation, the student couldn't help but stand up and say, "' Teacher, we cultivators should follow our hearts. The other party has gone too far today. In a sense, we are now representing the younger generation of cultivators in the entire western frontier. If we are so cowardly, won't we be laughed at by the cultivators in the Central Plains and other places?"

"Although our western frontier isn't rich, we've never had anyone who feared death when we fought against the Qin army."

"If Junior Brother Li doesn't dare to accept the challenge, I'm willing to go on stage in his place!"

Not far away, a student behind Wang Ziwei could be heard speaking with confidence.

A few reincarnators who were about to turn around and leave stopped when they saw this.

Obviously, his interest was piqued.

Hearing this, Wang Ziwei revealed a rare smile and nodded."Since that's the case, then you'll fight on behalf of your junior brother. It's also a good time to train you guys!"

This student's surname was Liu, and his name was Liu Yu.

Originally, he was standing on the moral high ground and pointing out the country.

Although he didn't mention Li Yueming, he mentioned him everywhere.

He was just short of saying that Li Yueming was a snake and a rat without any

However, he had never expected his teacher, Wang Ziwei, to take advantage of this opportunity.

He took the opportunity to let him fight.

The few reincarnators who had already left and the surrounding group of people all looked at him.

At this moment, Liu Yu had a bad feeling.

However, now that he was the one who stood out, he could only bite the bullet and say, "Let's fight then. Come on stage!"

The few reincarnators looked at each other.

They both saw the mockery in each other's eyes.

Originally, they thought that today's matter could only end here. They did not expect to have additional gains before leaving.

They communicated through their eyes.

A fatter reincarnator stood up and said,"Hehehe, I am Wu Yongfeng, let me spar with you!"

The surrounding onlookers who had yet to disperse were all interested.

Although he didn't see Li Yueming personally, this matter didn't have a strong start but a weak end.

At least they didn't eat for free.

A moment later.

The two of them came before the old woman from the Cultivator Academy.

"Senior, we would like to compare notes on the path of cultivation. Please give us some pointers!"

Hearing this, Grandma Wang opened her eyes.

He glanced at the two of them and said concisely, "Yes!"

After he finished speaking.

An invisible wall of wind appeared beside the reincarnator named Wu Yongfeng and Liu Yu.

This was a spiritual field.

It was a special domain that could only be established by cultivators above the Origin Sea Realm.

It could isolate the interference of other cultivators around it.

It could also prevent cultivators from getting injured during sparring.

He entered the spiritual energy field.

Wu Yongfeng smiled and said, "Come on, don't say that I didn't give you a chance!"

Liu Yu was furious when he heard this. "Stop pretending. You're just a group of civilian children. I don't believe you can be better than me!"

As he spoke.

He controlled the spiritual energy of heaven and earth to condense into a huge fist.

It suddenly smashed towards Wu Yong Feng's head.

Under everyone's gaze.

Wu Yongfeng twisted his neck, but he did not move much.

However, to everyone's surprise.

When Liu Yu's seemingly powerful fist arrived in front of Liu Yu.

However, Wu Yongfeng easily dodged it.

Seeing this, Liu Yu hurriedly turned around and dug out the money.

However, no matter how hard Liu Yu tried, no matter how hard he tried.

The fist transformed from spiritual energy was also unable to get close to Wu Yongfeng in the slightest.

At this moment, everyone present had already seen the difference.

Wu Yong Feng looked fat.

But in reality, he was incredibly agile.

While dodging.

Wu Yong Feng revealed a disdainful sneer and said, "It's too slow. Can you go a little faster? I haven't warmed up yet!"

Hearing this, Liu Yu's expression changed drastically.

Taking two steps back, he gritted his teeth and gathered all the spiritual energy in his body, then suddenly attacked again.

But this time, his ending was even more miserable.

However, when Liu Yu got close, he used an unbelievable movement technique to dodge the fatal blow.

He then kicked Liu Yu away.

He fell to the ground and fell flat on his face.

He couldn't get up for a long time.

Liu Yu finally came back to his senses, but before he could get up.

The surrounding spiritual energy field had already disappeared.

“The sparring is over!” Granny Wong’s cold voice sounded. The surrounding crowd witnessed everything.

Their faces were filled with disbelief.

It had to be known that this so-called sparring match had only lasted less than two minutes.

As for the two sides.

In fact, Liu Yu’s strength was not considered to be particularly strong in the Cultivation Meet a few years ago.

However, that cultivator called Wu Yongfeng was a little too powerful.

He could actually easily defeat Liu Yu just by dodging.

What exactly happened these days?

Were geniuses really everywhere?

Wu Yongfeng crossed his arms and walked in front of Liu Yu.

She stepped on his chest and giggled, “You’re His Highness ‘senior brother, right? I didn’t expect it to be so weak!”

Liu Yu’s entire face turned red.

He had never suffered such humiliation since he was young. He could not help but say hatefully, “I am a disciple of the Liu Clan of Longxi. You, you...”

Wu Yong Feng was obviously disdainful of this and said happily, “You can’t beat me, so you’re going to tell me who you are, right? I think you only have this bit of ability. You really disappoint me!”

He paused for a moment before continuing, “Now I finally know why His Royal Highness is sick and can’t come out. Hahahaha, it’s really embarrassing to stand out in just a few moves..After all, I don’t even have the strength to hit people these days. If it were me, I would be embarrassed to say that I’m a cultivator! ”

She heard him laugh.

The surrounding crowd of onlookers could not help but look at Li Yueming and Wang Ziwei who were not far away.

Li Yueming’s face revealed a hint of anger, as if he was extremely angry.

Only Wang Ziwei’s expression remained unchanged. He helped Liu Yu up and said, “You have to know that there’s always someone better than you. There will always be setbacks on the path of cultivation...Therefore, not everything goes smoothly for cultivators. Hurry up and get up. You are still young. In the future, you will cultivate hard to take revenge for today!”

Liu Yu felt a little ashamed.

He looked resentfully at Wu Yong Feng who was not far away and nodded. “I will remember Master’s teachings today...”

But after a moment, he was a little angry. He lowered his head and doubted himself. “But... Master, can my fellow disciples and I really defeat him?”

Obviously.

The spar just now had severely damaged his self-esteem.

He had already begun to doubt his life.

Wang Ziwei smiled.” You are you, and all of us are fellow disciples. You have your own Dao. Do you understand?”“

Liu Yu nodded again.

In the past, he had always felt that his master was not as flashy as he had imagined.

He couldn’t let them do whatever they wanted.

Going around in circles would only teach them some of the principles of the saints.

But now, looking at Wang Ziwei’s concerned face, he did not blame him for his failure at all.

Liu Yu felt a rare warmth.

Not far away, he heard Wang Ziwei’s comforting words.

Li Yueming almost laughed out loud.

It had to be said that a scholar was a scholar, and the words he said were knowledgeable.

This level of comforting people was really high!

Li Yueming finally tensed up his face. He glanced at Wu Yongfeng and the others who were not far away with mocking expressions on their faces.

His gaze was a little gloomy.

These reckless fellows probably wouldn’t let this matter rest in the future.

He had to find an opportunity to teach them a lesson!

Chapter 352: The Hunter and the Prey, Killing the Reincarnators! 1

The news that the son of the Marquis of Southpeak had been provoked by a few students of unknown origins and that he had pleaded illness to not fight quickly spread.

This was indeed a big deal.

Countless cultivators in Wenzhou City more or less took a few bites.

And they were very fond of this.

After all, this was the first time that the heir of the Marquis of Southern Mountains had been exposed to outsiders after hiding for so many years.

In the end, before he could stand out, he made such a blunder.

Many cultivators were amused.

There were even other cultivators who came to join in the fun.

Even though they couldn't enter the A72 Arenas, they could still gather around the A72 Arenas to obtain first-hand gossip at any time.

Seeing that the surroundings were completely surrounded.

Wang Ziwei stood up and left with his students.

Not far away, a few reincarnators saw this situation and although they were mocking him, they did not continue to mock him.

After all, although they really wanted to complete the mission in one go, they had to do it.

However, the actual operation was still a little difficult.

The key was that they didn't dare to offend Wang Ziwei too much.

Otherwise, even with Prince Yu backing them up, they might not be able to bear the consequences.

He brought the defeated students back to the inn.

As soon as they returned to the inn, all the students had angry expressions on their faces.

He had no choice.

The other party was too arrogant.

From the beginning to the end, he did not seem to take them seriously.

However, the most important thing was that the other party's strength seemed to be quite terrifying.

Previously, Liu Yu had been easily crushed by the other party when he went on stage to spar.

It made them feel like they couldn't lift their heads.

After returning to the inn and sending away the group of students, he was finally done.

Wang Ziwei came to the guest room where Li Yueming was. He looked at Li Yueming, who was deep in thought, and said in a low voice, "The strength of those few students today is very strong. They might have already reached the peak of the foundation establishment realm. This must be Prince Yu's deliberate provocation for you."

When he saw Liu Yu being easily defeated, even Wang Ziwei was shocked.

He knew that these aggressive young students were definitely not simple.

However, he did not expect that any of them would be a cultivator at the peak of the foundation establishment realm.

No wonder Prince Yu is so fearless.

One had to know that in the past, although Liu Yu and the others could not be considered geniuses among cultivators, they were not considered geniuses.

However, he was still an average existence.

Even if they would encounter trouble, they shouldn't be toyed with and crushed like this.

But now, the few youths that Prince Yu had recruited were all unfathomable to him.

Fortunately, he was cautious enough to let Liu Yu test the other party's bottom line.

Otherwise, if Li Yueming really went up, it was very likely that he would suffer a big loss.

The son of the Marquis of Southern Mountains had been crushed by a few 'unknown' peers on such an important occasion.

If this news were to spread, it would not be a joke.

It was fine if it affected Li Yueming himself.

Perhaps even Marquis Southpeak would be affected.

Among the students he taught, only Wang Linlin and Tian Liang, who did not take the usual path, could show off.

But according to his estimations, even the strongest Tian Liang, facing Wu Yong Feng, it was estimated to be at most a 30 – 70 ratio.

Hearing Wang Ziwei's reminder, Li Yueming nodded and said, "Disciple already knows that this is a scheme by Prince Yu's faction. It's probably because my father has recently stolen the limelight from Prince Yu's faction in the external war. That's why Prince Yu wants to use this to attack me to pressure my father..."

"If we can't deal with them and make them fear us, they will definitely still haunt us in the future. They won't stop until they achieve their goal!"

Hearing his answer.

Wang Ziwei stroked his long beard.

If it was a few days ago, Wang Ziwei would probably be surprised that Li Yueming's logical analysis was so close at such a young age.

However, ever since he had a conversation with Li Yueming that night, he had long felt that this disciple in front of him was unfathomable.

Therefore, Wang Ziwei wasn't too surprised. He nodded in agreement and said, "That's true. As long as the fight between Prince Yu and Lord Marquis is not over, I reckon that they will not let you off easily..." At this point, Wang Ziwei pondered for a moment.

For some reason.

Suddenly, he asked, "What do you think of their strength?"

Li Yueming tilted his head.

He seemed to have really thought about it seriously for a long time before finally saying fearlessly, "It feels alright, just so-so!" Wang Ziwei was speechless.

He saw Li Yueming's indifferent expression.

Wang Ziwei was shocked.

He actually said that the strength of these students was only average?

Was this for real?

However, before Wang Ziwei could continue asking questions...

Suddenly, she heard someone knocking on the door of the guest room.

She heard a knock on the door.

The two of them looked wary.

Li Yueming got up and opened the door to look outside, only to see a young woman dressed in black.

The moment he saw the young woman, Li Yueming's face revealed a bit of doubt. After a moment, he said in surprise, "You are... Big sister?" The young woman rolled her eyes.

He knocked on Li Yueming's head and said, "You silly kid, what are you thinking? How could Big Sister run out of the Cultivation Academy during the exam? I'm your second sister!"

Chapter 353: The Hunter and the Prey, Killing the Reincarnators! 2

Li Yueming touched his head and said embarrassedly, "Oh, so it's Sister ft•vo... Why are you here?"

Li Ruxing and Li Ruyue had different temperaments.

The foreign trade appearance could almost be said to be carved out of the same mold.

It was very similar.

In addition, Li Yueming had been studying abroad for three years.

Therefore, even if Li Yueming was his biological brother, he couldn't tell the difference immediately.

Li Ruxing rolled his eyes again and said unhappily, "Why? We haven't seen each other for three years, and you're still looking down on me?"

She leaned forward and measured Li Yueming's height before saying, "Hey hey, not bad, almost as tall as me. Come, take off your pants and let me see if the earthworms below have grown. Our Li family needs to rely on you to carry on the family line."

It was Li Yueming's turn to roll his eyes.

Damn it.

This dark history made him want to die.

His second sister had always been mischievous since she was young.

Therefore, he did not like her when she was young.

All the maids in the mansion knew that as long as there was a second miss Li Ruxing haunt the place, the little master Li Yueming often avoided the place.

Both parties were natural enemies in the biological chain.

Now, three years had passed, but Li Ruxing was still that little devil who hated people and ghosts. She wanted to rip off his pants whenever she saw him.

She was undoubtedly her biological sister.

Fortunately, Wang Ziwei, who wasn't far away, couldn't stand it anymore and coughed a few times to help Li Yueming out.

Li Ruxing was startled when she heard the commotion.

Li Ruxing put away the strange smile on her face.

He walked into the room with a guilty conscience.

After seeing Wang Ziwei, he bowed slightly and said, "'I am Li Ruxing, the second daughter of the Marquis of Southpeak. I have long heard of your great name!"

Wang Ziwei stood up and returned the greeting.

He looked at Li Yueming and then at Li Ruxing, and smiled. "'There's no need to be so polite. Since Lord Marquis's men have arrived, this one will take my leave for now!"

Li Ruxing's sudden appearance in the room on this node was definitely not just for a long time with Li Yueming.

Therefore, Wang Ziwei got up and prepared to leave.

Seeing this, Li Ruxing hurriedly stopped him and said, "'Sir, my father has instructed me not to hide anything related to my brother from you!" Wang Ziwei was stunned.

The implication of her words was obviously to let him stay and listen.

In fact, under normal circumstances.

He would definitely choose to leave.

After all, there was a secret contest between Prince Yu and the Marquis of Southpeak.

The best choice was definitely to watch from the sidelines and not offend anyone.

However, Wang Ziwei really stopped and did not choose to decline or leave.

Seeing this, Li Ruxing heaved a sigh of relief.

Naturally, she did not come here just to chat with Li Yueming, but to solve what happened during the day.

After closing the door.

Li Ruxing looked at Li Yueming and said, "'Father and Big Sister have already arranged everything. Tomorrow, you can choose to exchange pointers with the other party in the A72 matches. At that time, the teachers of the Cultivator

Academy will help you in secret, so you don't have to worry about anything.!"

Li Yueming touched his nose and asked, "'Why do I need Teacher to help me in secret? I didn't accept the challenge today because I wanted to see what they were up to. It's not that I'm afraid of them..." Wang Ziwei raised his eyebrows.

Good fellow...

To actually be able to bribe the academy's assessment teacher, in the entire Great Zhou, only a family of the Li family's level would have such power.

Now, in order to protect Li Yueming, the Marquis of Nanyue was willing to pay such a huge price.

It seemed that he really doted on this youngest son.

However, in comparison.

Li Yueming's answer surprised him even more.

In fact, Wang Ziwei did sense a hint of killing intent from Li Yueming in the beginning.

However, for the sake of safety, he had persuaded Li Yueming to come back.

Could it be... This disciple of his had unknowingly grown to such a level?

From his personal perspective, this possibility should not exist at all.

However, after the initial shock, Wang Ziwei could not help but feel a little uneasy.

After all, Li Yueming had a criminal record.

Every time, he would slowly follow behind.

In the end, at the last critical moment, he would suddenly stand up in a way that no one expected.

As a teacher, he was still muttering in his heart.

But on the other end, Li Ruxing was already smiling. "Of course I know you're not afraid of them, but isn't the mission of my sister and father to protect you?"

As she spoke, her expression became serious. "Father said that Prince Yu is very shrewd and has many insidious methods. Therefore, we must ensure that nothing goes wrong in this spar!"

He saw that Li Yueming seemed to be a little unconvinced.

Li Ruxing smiled and rubbed his head. "Before you grow up, let big sister and father protect you. When you grow up, you can protect us!" Li Yueming's hair was all over the place.

He could not help but smile bitterly, but he was still very touched.

His father, Li Nanfeng, spent most of his time fighting in the bitterly cold lands beyond the Great Wall. His eldest sister, Li Ruyue, joined the Cultivation

Academy, while his second sister, Li Ruxing, stayed at home to manage the family business..

Chapter 354: The Hunter and the Prey, Killing the Reincarnators!\_3

Although the family was far apart.

However, their hearts were still connected.

Although they didn't see anything on normal days, when it came to a critical moment, they were the first to stand up for Li Yueming.

This also strengthened Li Yueming's determination to think twice before acting.

During the day, if it was under normal circumstances, Li Yueming would have already killed those reincarnators.

But now, his every move represented not only himself, but also the Li family behind him.

Although the Great Zhou Dynasty looked calm on the surface, it was actually surging in the dark.

The power struggles and factional struggles were very fierce.

The higher one's position, the more cautious one had to be.

Otherwise, if they were not careful, they might fall into a place of eternal damnation.

Therefore, Li Yueming nodded and said honestly, "I understand. However, I don't need my family's help to teach those cultivators a lesson. I can do it myself!"

Li Ruxing looked at Li Yueming closely.

"Those cultivators are all in the Foundation Building realm. Can you really do it alone?"

Li Yueming smiled and didn't say anything, but his attitude was firm.

Seeing this situation.

Li Ruxing could only nod.

However, if anything abnormal happened tomorrow, the Li family would definitely take over everything immediately. After discussing the plan for tomorrow.

Wang Ziwei tactfully left.

Li Ruxing stayed in the room for a while, and after playing with Li Yueming Ming, he left in the darkness.

After everyone left.

Li Yueming closed the door and continued cultivating.

In these few days, he had already stepped into the foundation establishment realm.

Although he had not officially broken through, it was only a matter of time for him.

With the Starry Moon Art, Li Yue Ming could not only absorb spiritual energy.

He also strengthened his body by opening his body's treasures and acupuncture points.

In addition, he had a perfect genetic body.

It could be said that as long as the cultivators in this world were not several levels higher than him.

No one could compare to his physical strength.

He just didn't know what those reincarnators were up to. He hoped that they wouldn't disappoint him!

.0.

The next morning.

On the third day of the Cultivation Gathering.

Li Yueming, Prince, and the others once again came to the 72nd arena.

This time, they all heard the surrounding Practitioners more or less discussing the topic related to Li Yueming yesterday.

His words were filled with ridicule and disdain.

Obviously, Li Yueming's behavior of being timid in battle was looked down upon by many cultivators.

Of course, most of them belonged to the type of people who didn't mind watching the show.

Or to put it another way, the Li family was standing too high.

Therefore, there were countless people below him who wanted to see him make a fool of himself.

When they saw Li Yueming and the others enter the A72 arena, the group of cultivators stopped their discussion.

They all looked at them.

It could be said that the treatment was outstanding.

Not far away, Qiao Qian and Prince Yu's son, Ji Wuyin, walked over.

Qiao Qian sized up Wang Ziwei and said sarcastically, "I didn't expect you to still have the face to come today. You're really shameless!"

Wang Ziwei snorted coldly and ignored Qiao Qian's mockery.

Ji Wuyin waved his hand, signaling Qiao Qian to shut up.

He looked at Li Yueming and said with a smile, "Has Your Highness fully recovered today? If you catch a cold, you shouldn't walk around!" Behind him.

A few reincarnators, led by Wu Yong Feng, also surrounded them.

All of them revealed eager expressions.

Yesterday, they had acted as the vanguard and launched the first round of attacks on Li Yueming.

For the time being, this round of attacks was very effective.

After all, Li Yueming hid in his shell and did not stand out to avoid being defeated in front of everyone.

However, it was still inevitable that people would gossip about it.

As a result, the rumors had already spread throughout the entire Cultivation practitioner meeting today.

Some people said that Li Yueming was a spineless coward.

There were also people who said that the Li family had no successor.

There were even some people with ill intentions who secretly attacked Marquis Southpeak's unstable status in the family.

It was a huge loss of face for Li Yueming, Marquis Southpeak, and the Li family.

Therefore, they decided to give him another powerful dose of medicine today.

It caused the fire to burn fiercely.

But this time, before they could say anything.

Li Yueming had already taken the initiative to target them.

Li Yueming walked in front of them and sneered, "You want to spar, right? How about signing a life and death contract?"

Before he finished speaking.

Behind him, Wang Ziwei hurriedly stood up and interrupted, "Yueming, don't spout nonsense!"

There was no such thing as a life and death contract in the plan they discussed yesterday.

Therefore, he had no choice.

When he heard that Li Yueming wanted to sign a life and death contract.

Wang Ziwei was shocked.

She subconsciously stood up and prepared to stop him again.

Li Yueming looked at Wang Ziwei and said excitedly, "Teacher, today, I will teach them a lesson. Don't stop me, I want to fight them to the death!" Wang Ziwei was stunned.

After thinking for a moment, he finally chose to believe this disciple.

After all, a student who could trick him under his nose was probably full of bad things. There was no reason for him to be too reckless.

And he was still here.

Lord Southpeak had also secretly sent guards to his side.

No matter what, he wouldn't let Li Yueming suffer too much..

Chapter 355: The Hunter and the Prey, Killing the Reincarnators!\_4

Therefore, Wang Ziwei sighed.

He sat back down and said, "Forget it, think twice before you act!"

He heard that Li Yueming actually wanted to sign a life and death contract with a few reincarnators.

And Wang Ziwei didn't stop him.

Instantly, the entire venue was in an uproar.

Yesterday, he had also eaten a medium-sized melon.

But in the end, he still felt regretful that they did not fight.

He never expected that after only one night, the conflict between the two sides would suddenly erupt.

The dignified heir of the Marquis of South Peak actually said that he wanted to sign a life and death contract.

It was simply an explosive version of a shocking melon.

Not far away, a few reincarnators saw that Li Yueming had spent the night brewing.

Today, he could no longer tolerate the fact that he was going to be a virgin.

They couldn't help but reveal an expression of 'I knew it'.

After all, yesterday, they had secretly discussed how long Li Yueming could endure under their constant provocation.

Basically, a few of the reincarnators thought that Li Yue Ming couldn't endure for three days.

He didn't expect that it was only the second day.

Li Yueming was so angry that he wanted to sign a life and death contract with them.

Among the few reincarnators, Wu Yongfeng stood up and said, "The main purpose of this exchange meeting is to exchange pointers. Moreover, Your Highness is a daughter of a rich family, so there's no need to sign a life and death contract!"

They wanted to stomp Li Yueming to death.

But now, under everyone's watchful eyes.

Even if they were given a hundred guts, they would not dare to do so.

After all, they were not strong enough yet.

The purpose of provoking Li Yueming was only to step on Li Yueming and ascend to the top. He was not really prepared to fight to the death with the Marquis of Southpeak.

Regarding this.

Li Yueming naturally knew.

It was impossible for the reincarnators to be loyal to King Yu.

Therefore, they would never easily sign the so-called life and death contract with him.

But it didn't matter.

If they didn't want to sign, someone would force them to sign.

As expected.

A moment later, a man with an unremarkable appearance walked to Wu Yongfeng's side and whispered a few words in his ear.

Wu Yong Feng's expression turned ugly when he heard this.

To be able to make him so angry, it was obvious that Prince Yu's faction had come to put pressure on him.

Originally, in order to be a step faster than others, they had taken an unconventional path.

Now, Li Yueming had provoked him.

They were completely tied to Prince Yu.

He could no longer withdraw from it.

He sized up Ji Wuyin with hatred.

Wu Yong Feng could only bite the bullet and step forward. “However, if Your Highness insists on taking this lowly life of mine, you can sign this life and death contract. However, Your Highness must be prepared to pay the price! ”

The conflict between Prince Yu’s faction and the Li family’s faction in the western frontier had a long history.

Now, it was not easy to find Li Nanfeng’s flaw.

Naturally, Prince Yu would not let go of this good opportunity.

As for Wu Yong Feng’s life and death, clearly no one cared.

This was a high -level fantasy world.

On the surface, it seemed to be extremely peaceful.

In fact, the sword light and shadow were abnormally dangerous.

The identity of the hunter and the prey were often only separated by a thin line.

He looked at Wu Yong Feng, who had a fierce expression on his face.

Li Yueming’s lips curled into a cold smile as he slowly said, ””Who said I only want your life? Aren’t the brothers behind you all eager to try? Here, the life and death contract is here. After signing it, let’s decide life and death on the high platform! ”

As he spoke, he took out four Life and Death Deeds at once.

He casually threw it in front of Wu Yongfeng and the other three reincarnators behind him.

Originally, Wu Yongfeng thought that Li Yueming wanted to sign a life and death contract with him alone.

However, after seeing the other Life and Death Pact that Li Yueming had thrown out, they finally understood that Li Yueming wanted to provoke the four of them together.

He couldn’t help but tremble in anger. He pointed at Li Yueming and laughed in anger, ””Good, good, good. Your Highness is really bold! I want to see if you have three heads and six arms!”

Li Yueming stood still and said coldly, ””Cut the crap, sign the papers first!”

Hearing this, Wu Yong had completely lost his mind.

Ordinary people were still alive.

Not to mention that he was a reincarnator.

He was humiliated by Li Yueming.

Wu Yongfeng had already decided to throw caution to the wind.

Today, even if he had to die on the spot, he had to teach Li Yueming an unforgettable lesson.

Behind him.

The other three reincarnators also widened their eyes.

It was as if fire was about to spurt out in the next second.

Wang Ziwei, who was sitting on the chair behind him, was stunned.

He knew that Li Yueming was sometimes hot-headed.

However, he never expected that he would be so arrogant and reckless today.

It looked like he would not stop until he pierced the sky.

Even the group of Li family men of sacrifice who were secretly guarding and Ji Wuyin could not believe their eyes.

The surrounding Cultivation practitioners gasped when they saw this.

Damn it, has the son of the Marquis of Southern Mountains gone mad?

He actually took out five life and death contracts at once?

However, at this moment, they were not the only ones who were shocked.

The group of reincarnators hiding in the crowd to watch the show could not help but widen their eyes.

With their knowledge, they naturally knew that these students who provoked the son of Marquis Southpeak were actually reincarnators.

However, this was where the problem lay.

A native from a local planet actually dared to take out a Life and Death Contract to fight a group of reincarnators.

This was simply the most ordinary thing in the world. Did he think that he was not going to die fast enough?

Chapter 356: Shocking the World, The Cultivation Practitioner Examination!(2 in 1)

He looked at Li Yueming, who was distributing the Life and Death Deaths.

At this moment, everyone, including the reincarnators who were watching the show, thought that he had gone crazy.

Wu Yongfeng caught the life and death contract that Li Yueming threw over.

He pressed a fingerprint on it.

Behind him.

The other reincarnators also went all out.

They had obviously messed up the public reincarnation instance dungeon this time.

They wanted to take shortcuts, but in the end, they were all treated as chess pieces that could be sacrificed.

Losing the rewards and points was secondary.

They were all Level 6 reincarnators.

He had experienced many reincarnation worlds and was not interested in ordinary rewards.

It was also because of this that they did not care about the main mission.

But now, they had been provoked by a native. If they could not teach the other party a lesson, they would find it difficult to swallow their anger.

Of course.

When they provoked Li Yueming previously, they didn't feel that there was anything wrong with their shameless attitude.

After all, reincarnation was a game.

In their eyes, the natives were just a bunch of relatively intelligent NPCs.

Some NPCs were stronger than others, and they couldn't afford to offend them.

Some NPCs were weaker, so they could abuse them as they pleased.

There was not much empathy between the two sides.

After signing the life and death contract.

Wu Yongfeng looked at Li Yueming and revealed a sinister smile. "Your Highness, please!"

Li Yueming took the life and death contract and wrote his name on it.

After giving Wang Ziwei and Li Ruxing, who were hidden in the crowd, a look to calm down, he said,

He followed Wu Yong Feng and the others to the front of the teacher from the Cultivator Academy.

Unlike yesterday, the teacher of the Cultivation Academy today was a man in his fifties.

Although his expression was still cold.

However, when he looked at Li Yueming, it was obvious that there was still a trace of complexity.

Seeing Li Yueming respectfully hand over a life and death contract, the middle-aged man said, "Have the two of you thought it through? The exchange meet does not encourage you to fight to the death, but it does not stop you either. After signing this life and death contract, your life and death will depend on your own abilities!"

Li Yueming and Wu Yongfeng did not hesitate and nodded. "Sir, please activate your Reiki. Life and death are up to fate!"

The middle-aged man nodded.

In the next second, a wind wall constructed from spiritual energy appeared and enveloped Li Yueming and Wu Yongfeng.

After the domains were completely completed.

Wu Yong Feng sneered and said, "Don't say that I'm bullying Your Highness because you're young. How about this? I'll stand where I am and let Your Highness have three moves!"

At this moment.

Countless cultivators had heard the commotion and came over to watch.

At this moment, seeing how confident Wu Yongfeng was.

Many people couldn't help but worry for Li Yueming.

Although Wu Yongfeng had yet to make too much of a name for himself in this exchange meet.

However, just from the strength he displayed when he easily defeated Liu Yu in a few moves yesterday afternoon, it was enough for many people to see the clues.

He was only nine years old and was born into a commoner family.

He had actually relied on his talent to cultivate to the peak of the foundation establishment realm.

It was simply too terrifying.

If Li Yueming was not a monster of the same level.

She probably wouldn't have any strength to fight back in front of him.

Of course, no matter how they looked at it.

Anyway, Li Yueming didn't care.

Ever since he took out the life and death contract, everything had returned to his control.

Prince Yu's faction had targeted him, wanting to use him to contain Li Nanfeng and achieve the goal of balancing the interest groups in the western border.

What he needed to do now was to break the hand that the other party had stretched out.

After all, he didn't have the time to deal with this group of annoying people every two or three days.

In order not to leave any future troubles.

It was fine if Li Yueming did not make a move, but once he made a move, he would kill these reincarnators.

He ignored Wu Yongfeng's fist.

After stretching his muscles and bones, Li Yueming clenched his fists.

The Starmoon Art in his body started to circulate.

Instantly, the spiritual energy in the entire spiritual energy wall was continuously instilled into him.

In the next second.

Li Yueming disappeared from where he was and jumped around like a tiger and leopard. In an instant, he arrived in front of Wu Yong Feng.

Gently punch out at the head of the city.

There were no fancy special effects, only some spiritual energy surging out.

But even so, it still made Wu Yong Feng smell great danger.

One had to know that he was a Level 6 reincarnator.

Although he was only in the foundation establishment realm now.

However, whether it was his vision or intuition, it was far from what a Foundation Establishment cultivator could compare to.

Just the spiritual energy that overflowed from Li Yueming's fist made him feel that something was wrong.

However, it was already too late.

If he had not been careless at the beginning and had made sufficient preparations, he might have been able to avoid Li Yueming's punch now.

Li Yueming's fist came at him.

It looked light, but its speed was as fast as lightning.

Caught off guard, Wu Yongfeng merely took two steps back.

Then, in the next second,

His fist fiercely smashed into Wu Yong Feng's face.

"Bang!"

A muffled sound echoed throughout the entire A-72 arena.

Wu Yong Feng's entire person flew out directly, smashing fiercely onto the spiritual energy wall.

His facial features were all squeezed together.

He opened his mouth and coughed twice. Blood dripped down.

A few of his teeth even fell out.

Li Yueming did not give Wu Yongfeng any chance to catch his breath.

After sending him flying with a punch, Li Yueming did not stop at all. In the blink of an eye, he appeared in front of Wu Yongfeng again..

Chapter 357: Shocking the World, The Cultivation Practitioner Examination!(2 in 1)

He fell straight down from the sky and fiercely stepped on Wu Yong Feng's throat.

Wu Yong Feng's eyes widened, and both his eyes bulged.

His face was filled with disbelief.

Obviously, he couldn't believe that he had only revealed a flaw.

He had actually been defeated so quickly and in such a sorry state.

However, Li Yue Ming had already crushed his throat.

Therefore, even if Wu Yong Feng opened his mouth and wanted to say something, he could only make some meaningless huffing sounds. At the same time, Li Yueming's reincarnation mark also sent a message.

[You have killed a reincarnator!]

[Main Mission (4): Killer God has been activated!]

[Mission Requirements: Eliminate 30 other reincarnators!]

[Mission bonus: The more reincarnators you kill, the stronger you are, and the more generous the mission reward!] ‘ Number of Kills: 1 ’

[Level of Reincarnator Killed: Level 6]

Everything happened extremely quickly.

As a result, many people had yet to turn their heads around.

A moment later.

He finally recovered from his shock.

All the onlookers looked at Li Yueming, who was not far away, and then looked at Wu Yongfeng, who was slowly sliding down from the spiritual energy wall and covered in blood.

They all subconsciously held their breaths.

In an instant.

The entire venue fell silent.

Many people rubbed their eyes when they came back to their senses.

After confirming that everything that had happened just now was not an illusion.

Only then did it suddenly boil.

“F \* ck...What's going on?”

“If I remember correctly, the one who was sent flying just now was a cultivator at the peak of the Foundation Establishment realm, right?”

“The son of the Marquis of Southern Mountains is only seven years old this year...He's so strong?”

“I've heard some rumors that the heir of the Marquis of Southern Mountains shouldn't be very talented!”

“Damn it...How could you call a seven-year-old's talent for beating up a cultivator at the peak of the Foundation Building realm 'not good'?”

“How terrifying!”

After a short silence.

The surrounding onlookers were all shocked.

During the past few days of the summit, the group of cultivators felt that they had seen a large number of geniuses.

Among the young cultivators of this generation.

There were at least 30 geniuses that everyone already knew.

He had already broken through to the foundation establishment realm at such a young age, and his combat strength during the sparring was also exceptionally strong.

It could be said that this generation of young cultivators, be it in terms of talent, strength, or temperament, were more terrifying than any other year in the cultivators ‘summit.

Therefore, under such circumstances.

Rumors had already spread in the outside world.

Some people said that many of the young cultivators were the reincarnation of the stars in the sky.

After reincarnating, he would have the cultivation of his previous life.

That was why it was so powerful.

However, even though they had already seen a large number of geniuses.

However, it was the first time he had seen someone like Li Yueming, who was able to kill a Foundation Building cultivator with a single punch at the age of seven.

It was really a small knife cutting their buttocks, giving them a good eye-opener.

However...

At this moment, the most shocked people were not the natives of the reincarnation world.

The most shocked ones were the surrounding reincarnators.

Probably no one understood the meaning of Li Yueming’s punch better than them.

Logically speaking, they wanted to know the strength of the reincarnators in the public dungeon.

He only needed to look at his age.

The earlier the reincarnator spoke, the higher the level of the reincarnation mark.

It also meant that the more experience and strength he had.

Of course, this estimate was not absolute.

It could only be said that this was the case in most situations.

Wu Yongfeng was almost nine years old this year. He was born one or two years earlier than 80% of the reincarnators present.

From this, it could be seen that Wu Yongfeng's reincarnation mark should be above most reincarnators.

It was very likely that he had reached Level 6.

However, it was under such circumstances.

Wu Yongfeng was killed by Li Yueming's punch and kick.

To them, this was no less than a bolt from the blue.

Who knew how many reincarnators had been charred inside and tender outside by the lightning, doubting their lives.

This son of the Marquis of South Peak...

Could he be the chosen one of this world?

Generally speaking.

Worlds above Level 4 often had more than one Chosen One.

However, even the chosen ones were divided into strong and weak.

In order to better communicate and communicate, the reincarnators also distinguished the chosen ones.

Some of the chosen ones who did not have enough heaven's will.

The reincarnators called him the hot shot.

The hot shots were similar to the spare tires of the chosen ones.

Be it in terms of strength or luck, there was a huge difference between him and a true chosen one.

Only if an accident happened to the true chosen one would the hot shot have the chance to go on stage.

Among the hot shots, only the inheritor world had a lot of luck.

And it was very likely that it was a unique existence.

That was why the reincarnators called him the Son of Heaven's Mandate.

Now that this fantasy side public reincarnation dungeon had reached level 5, there must be many chosen ones.

If Li Yueming was the only chosen one in this level 5 world.

However, it can trample a level 6 reincarnator to death.

However, thinking about it this way, it did not seem right!

Looking at the chosen ones in many worlds, they basically all had the aura of a protagonist the moment they appeared.

Even if he was hiding in the crowd, he could still be seen at a glance.

If Li Yueming was the chosen one, hundreds of reincarnators present would be watching.

How could they not notice anything?

But if Li Yueming was not the chosen one...

Then what exactly was he?

Li Yueming was only seven years old this year.. It was impossible for him to be a reincarnator, right?!

Chapter 358: Shocking the World, The Cultivation Practitioner Examination!(2 in 1)

If he was really a reincarnator... Li Yueming's Mark of Reincarnation should only be Level 4.

It was two levels lower than Wu Yongfeng's Reincarnation Mark.

This kind of operation was also difficult for them to accept.

He thought about it.

The group of reincarnators could only assume that Li Yueming's destiny had yet to appear.

It belonged to the kind of relatively special 'chosen one.'

Only then would they be able to understand it better.

On the stage, the spiritual energy field had already slowly disappeared.

Li Yueming picked up Wu Yongfeng's corpse with one hand and walked in front of the young prince, Ji Wuyin.

As he spoke.

He threw the unrecognizable and abnormal corpse in front of Ji Wuyin.

At this moment.

Before Li Yueming could say anything, Ji Wuyin's face had already turned pale.

After all, no matter how mature and confident he appeared in front of outsiders, he was still just a child.

He was confident because of the family behind him.

Looking at the specks of blood on Li Yueming's body, as well as his fierce eyes that seemed to want to devour someone, he was shocked.

He was so scared that he almost peed his pants.

He could no longer maintain that annoying look from before.

At the side, Qiao Qian saw that the situation was not good and stood up to

berate,""What do you want?"

Seeing this.

Behind Li Yueming, Wang Ziwei also stood up.

The tense atmosphere between the two sides suddenly rose to a certain level.

Li Yueming smiled and said, "Young Prince, don't be afraid. If I remember correctly, Young Prince is a 'friend' of these people, right?"

I didn't wait for Ji Wuyin to say a word.

Li Yueming kicked Wu Yongfeng's corpse and said, "I might have to trouble the young prince to help them collect their bodies!"

Looking at the corpse that was still slowly bleeding under his feet, this was the first time Ji Wuyin was so close to death.

He could only brace himself and say, "This... These people had nothing to do with the king, so stop slandering me!"

Hearing this, Li Yueming also smiled.

He ignored Ji Wuyin, who was trying to keep up appearances.

He turned around to look at the remaining three reincarnators and said, "Come on, who else is tired of living? I'll see you in the spiritual energy field!"

His voice was not loud.

But at this moment, it was exceptionally clear.

A few minutes ago, Li Yueming had said the same thing.

At that time, there were thousands of cultivators present, but none of them took his warning seriously. They all ignored his words. But now, when Li Yueming said this sentence again.

However, it was completely different.

The remaining three reincarnators looked at Li Yueming, who was not far away.

There was also a hint of bewilderment in his eyes.

They were all too clear about Wu Yong Feng's strength.

Even if he had committed a major taboo because he underestimated the enemy just now.

However, Li Yueming could easily kill him with a single punch, which was enough to show that Li Yueming's strength was quite terrifying.

But now, Li Yueming was clamoring again.

The three of them finally threw away their pride as reincarnators and began to get serious.

The three reincarnators did not speak, but their attitude was already very obvious.

Today, either Li Yueming died or they died.

A moment later.

One of the three walked into the newly opened spiritual energy field.

When the other cultivators saw this, they all stopped their discussion.

He looked at the center of the spiritual energy field again.

In the previous match, Wu Yongfeng had been careless and underestimated his opponent.

In the end, Li Yueming seized the opportunity and killed him in a few moves.

Now, would the other cultivators be able to fight against Li Yueming?

However...

What happened next was once again beyond everyone's expectations.

However, after this cultivator entered the spiritual field, it was obvious that he was fully equipped and prepared.

However, in front of Li Yueming, he still couldn't last more than three moves.

Similarly, it only took two to three minutes.

The tall and thin corpse was once again thrown by Li Yueming in front of Ji

Wuyin, whose legs were weak.

This time.

All the cultivators who were watching could no longer sit still.

All along, the heir of the Li family had been very low-key.

He had never appeared in front of the world.

But now, he had only appeared once.

The turmoil it caused was enough to make everyone feel complicated.

The so-called great clans.

The first thing they saw was the strength and status of the pillar of the dynasty.

The second was the cultivation and talent of the heir.

As for the deeper background and foundation...

This was usually a taboo area for the great clans.

It would not be easily known to the outside world.

And now, the Li family's Nanfeng had repeatedly made military achievements in the western border battlefield.

His son, Li Yueming, had such astonishing talent.

If there were no accidents, through the operation of these two people, a new top-notch aristocratic family would rise in the Great Zhou Dynasty.

.0.

As the saying goes, good things don't go out, bad things travel thousands of miles.

This sentence was obviously a huge exception in Wenzhou City at this moment.

Currently, there were hundreds of thousands of cultivators in Linjiang City waiting for the Great Zhou Cultivator Academy to start the examination.

Information at this time was the most sensitive.

The slightest movement of wind and grass would spread thousands of miles in less than a day.

Thus, the news of the Marquis of Southern Mountains 'son signing the life and death pact and killing four challengers in a single day quickly spread throughout Wenzhou City.

Especially after nightfall.

All the cultivators in Linjiang City rested.

The restaurants, hotels, brothels, and brothels were filled with discussions.

The most amazing thing was that storytellers were everywhere, vividly spreading the scenes of the day.

Li Yueming expressionlessly threw the four corpses of Prince Yu's youngest son and told him to collect them, but Prince Yu's youngest son did not even dare to let out a fart..

Chapter 359: Shocking the World, The Cultivation Practitioner Examination!(2 in 1)

The storyteller's saliva flew everywhere as he praised and praised.

At this moment.

Li Yueming, Li Ruxing, and Wang Ziwei were also drinking and eating in the restaurant.

Li Yueming didn't know whether to laugh or cry as he looked at the storyteller who was talking so much that his saliva flew everywhere."Second Sister, is this what you meant by 'slightly' artistic editing?"

Li Ruxing was still chewing on a pork trotter. He raised his head and said cheerfully,""How is it? Didn't sister express your handsomeness and elegance to the fullest?"

Li Yueming couldn't help but complain,""Actually, I think it's more like a fairy tale. It has nothing to do with me!"

Li Ruxing rolled her eyes.

Obviously, he was not satisfied with his evaluation.

However, seeing that Wang Ziwei was still beside him, he could only give up and continue to bury his head in the chicken feet.

During the day.

Li Yueming spent some effort to get rid of those annoying cultivators.

He had always been cautious.

Therefore, in order not to cause any trouble in the future.

Li Yueming naturally wouldn't give them a chance.

He sent them all back to the reincarnation space.

Then, she witnessed everything and was stunned.

After all, in her imagination, Li Yueming was still the younger brother who needed her to take care of him.

He didn't expect that it had only been three years since they last met.

This little brother of his actually had such powerful strength.

After recovering from his shock, Li Ruxing immediately instructed his entourage to write two letters to Li Ruyue and Li Nanfeng.

As for herself, she returned home as fast as she could.

He spent money to hire a group of storytellers and began to boast about Li Yueming's achievements in Wenzhou City.

In order to spread it out as quickly as possible.

Li Ruxing, who had liked to read all kinds of indecent novels since he was young, even wrote his own autobiography and wrote an outline for the storytellers.

That's why.

It was only nightfall, but the news of Prince Yu's defeat had already spread throughout Wenzhou City.

When Prince Yu received the news, he would probably be so angry that he wouldn't be able to sleep at night.

After all, he wanted to use these reincarnators to teach Li Yueming a lesson.

He would take the opportunity to weaken the strength of the western border.

However, not only did he fail to deal a blow to his opponent, he even made a big mistake in the end.

The second son, Ji Wuyin, was traumatized by the four mutilated corpses of Li Yueming. In the end, he even cried on the spot.

She was just short of opening her mouth wide and going home to call her mother.

However, Li Yueming couldn't be happy at all.

After all, he had deduced it once before he was born.

He clearly knew that the reason for the Li family's eventual destruction seemed to have something to do with his performance being too monstrous. As for rebellion, it was more like a big hat that the emperor had put on.

Under this hat was the righteousness of the imperial power.

Of course.

Thinking about it carefully, there was actually something strange about the number.

However, it was definitely more or less related to him.

It was precisely because of this.

Li Yueming was so low-key and cautious when he was just born.

But now.

Everyone in Wenzhou City knew about him.

Perhaps even the emperor in Haojing had heard of it.

This was not good news for him.

However, Li Yueming also had a scale in his heart.

However, it was still within the scope of common sense.

He believed that the emperor was not crazy enough to kill them over such a small matter.

In the next two days.

Wang Ziwei brought a group of students to participate in a few Cultivation Exchange Meets.

As for Li Yueming, he cultivated in his room every day.

After all, he had seen what he needed to see.

And now, he had shown enough strength.

There was no need for him to participate in the summit anymore. All he needed to do was to quietly cultivate and wait for the cultivators 'examination to begin.

But even so.

The rumors in the outside world did not stop because of his disappearance.

Now.

Li Yueming's fame was unparalleled in Wenzhou City.

In the blink of an eye, three days had passed.

The Cultivation practitioner examination had finally begun.

The black-gold gate slowly opened, and hundreds of Void Refinement Realm and Origin Returning Realm teachers walked out of the school.

The entire scene was unusually grand.

The hundreds of thousands of young people below the stage were all excited and nervous.

When he looked at this supreme hall, his eyes were filled with yearning.

Only Li Yueming, Tian Liang, and Wang Linlin were qualified to refer to Wang Ziwei.

There were a total of three questions in this Cultivation practitioner exam.

The main purpose of the first question was to elaborate on the thoughts of saints.

There were two martial arts questions. One was a battle, and the other was a spiritual energy test.

Students had to achieve the required score before they could be admitted into

However, this was not difficult for Li Yueming.

He had easily passed the test and successfully entered the Great Zhou Cultivator Academy.

In contrast.

There were hundreds of other reincarnators who had also entered the Cultivator Academy.

On the day the assessment ended.

For the first time, Li Yueming saw the supreme leader of the Zhou Dynasty.

The emperor sat on the supreme golden throne. He wore a gilded nine-dragon imperial robe and had twelve red jade streamers on his head. He looked down at all the students below him.

Beside him.

The core group of people in the Great Zhou Dynasty was also standing there..

Chapter 360: Shocking the World, The Cultivation Practitioner Examination!(2 in 1)

It formed an extreme pressure.

Even a group of audacious cultivators who were used to acting recklessly were trembling in fear and did not dare to overstep their boundaries in such an occasion.

He glanced at it without batting an eyelid.

Li Yueming saw Prince Yu, who did not look too good. At this moment, the other party was also sizing him up.

After the red tape ended.

The emperor personally bestowed the students with jade belts that symbolized glory.

Li Yueming was also rewarded.

However, unlike the other students.

The emperor even asked him a few questions about family matters to show his closeness.

Li Yueming naturally showed a flattered look.

He hurriedly expressed his loyalty.

The emperor did not say much. After bestowing the jade belt, he reincarnated and returned to the throne.

There was another banquet in the evening.

Compared to the solemnity of the day, the banquet at night was more important.

After all the students and officials had left.

The emperor looked at a figure in the shadows not far away and asked, "Grand Preceptor, did you notice anything unusual?"

In the shadows.

The Imperial Astronomical Supervisor slowly walked out with the help of two eunuchs.

He looked at everyone's back as they left.

“There’s too much trouble here, and everyone will be the source of chaos in the future!”

Hearing this.

‘The emperor’s gaze clearly changed.

The old supervisor obviously didn’t want to keep him in suspense. He continued, “Your Majesty, don’t have any thoughts that you shouldn’t have.

This group of people can’t be killed, and they can’t be killed!”

“The destiny of the Zhou Dynasty lies here. Kill him and the Zhou Dynasty will definitely lose in the battle for the Ascendant stage!”

Hearing this, the emperor eased up a little.” “In that case, why do you say that they are the source of chaos?”

The old supervisor pondered for a moment before continuing, “This will depend on how you control and use them. If you control and use them well, they will be the sharpest sword in the world. They can cut open the bodies of all enemies in the world.”

If the command is not good, the command is not good. They were also the sharpest swords in the world. However, their swords might hurt the Zhou

Dynasty itself!”

The emperor was clearly interested in Enyang.

He asked again, “How can I hold the head of this sword without being stabbed?”

The old supervisor closed his eyes.

After thinking for a moment, he slowly shook his head and said, “Your

Majesty, there are some things that this old man cannot and cannot say!”

“In addition, Your Majesty, the person you were talking to just now was the son of Marquis Southpeak, right?”

The emperor didn’t say anything and only nodded slowly.

The old supervisor’s face darkened. He coughed twice before saying, “This child is a heretic. Among this group of people, I can’t see through him, Your Majesty... Please be careful!

Hearing this.

The emperor still didn’t say anything.

However, his face revealed a hint of coldness.

.0.

At night, the graduation banquet began.

This banquet was hosted by the emperor and he invited the students who had entered the cultivator academies to eat.

Many of the teachers and important officials of the Great Zhou Dynasty's academies would receive invitations to get acquainted with the examinees.

It could be said that he had given face to many examinees.

Halfway through the banquet.

The emperor and Prince Yu arrived in private clothes and appeared at the banquet.

The moment she saw him.

Many students were scared witless.

The emperor waved his hand, indicating that there was no need to be so formal.

Then, he found an important official he was familiar with and started chatting and drinking.

As he drank.

The emperor and Prince Yu came in front of Li Yueming and raised their wine glasses, "Prince of the Marquis of Southern Mountains, if I remember correctly, I gave you a title of nobility a few years ago. So many years have passed in the blink of an eye, and I didn't expect you to have already started cultivating. Not bad, not bad."

Li Yueming didn't understand what these two were up to.

He could only say calmly, "Long live Your Majesty, long live Prince Yu..." When he heard Prince Yu's name.

Prince Yu's face twitched, clearly shocked by Li Yueming's words.

The emperor didn't find it strange. He held his hand and asked, "Marquis Southpeak has been leading the army outside the Great Wall for five years. He has charged into the enemy lines and defended the border. He has made great contributions to our Great Zhou's resistance against the Qin enemy. As the emperor, I have to take care of you!"

"How about this? If there are any great teachers in the Cultivation Academy, feel free to pick them. I will help you invite them!"

Li Yueming hurriedly bowed and said, "This brat thanks Your Majesty for your father's reward!"

His procedure was quite standard.

However, it did not seem to be outstanding.

The emperor was slightly disappointed, but he continued, "I heard that you and Prince Yu's youngest son had an argument during the exam?"

Hearing this.

Li Yueming finally understood the emperor's intentions.

After thinking for a moment, he shook his head. "Your Majesty might have misunderstood. Wu Yin and I hit it off at first sight. How could there be any conflict?" ! "

The emperor nodded when he heard this and tried to smooth things over, "That's good. You and Wu Yin are the future pillars of our Great Zhou. You should take good care of each other. You can't have conflicts and let outsiders laugh at you!"

Li Yueming continued to nod.

Yes, yes, yes, whatever you say is right.

The emperor clearly knew whether they had a conflict or not.

In fact, to put it bluntly.

The emperor might know the ins and outs of the whole matter better than Li Yueming himself.

The reason why he pretended not to know about it was because Zhou Tianzi wanted to be a peacemaker.

Li Yueming's fist was not hard enough, so he was forced to adapt to the situation.

Of course, the most important thing was that Li Yueming didn't suffer any losses.

Since King Yu was willing to bury the hatchet, he naturally had no reason to refuse.

However, this banquet also made Li Yueming feel a little strange.

The emperor actually pulled Prince Yu over to be the peacemaker. This didn't seem like a good thing for the Li family and himself!
