

Xu Muqing pouted slightly as she glanced at her mother. She found that her mother's fondness and support for Li Hang increased as days went by.

However, he had only moved in for less than three days!

Xu Muqing pulled Li Hang into her room.

"Don't be eager to currying my mother's favour. Otherwise, she would treat you as her true son-in-law. What should I do if that happens?"

The corners of Li Hang's mouth curled up to a smirk as he said, "Then, I'll just have to be the real son-in-law."

"No! I've told you that there is someone that I'm waiting for."

Li Hang immediately leaned forward and asked with a smile.

"Then, what's this person's name?"

"His name is Li..."

Xu Muqing quickly covered her mouth as she almost called out Li Hang's name.

Then, she rolled her eyes in an exceptionally

charming way.

She turned her head away, pursing her red lips slightly, "Hmph! I won't tell you!"

She had already told Li Hang on the day of her operation.

It was the same name!

How annoying!

Xu Muqing's behavior was simply adorable in Li Hang's eyes.

He could not help but want to tease her.

As Li Hang's face closed in, he could pick up the faint fragrance from Xu Muqing's body.

"Since you don't want me to be the son-in-law, then I will be the son then."

"I was orphaned as a child, so I have never felt the warmth of a family. Although Ma may seem fierce and tends to pull out a kitchen knife in her fit of anger, she is actually very nice. As for Pa, he doesn't talk much, but I can tell he is a good person. As for your brother..."

"Brother-in-law, breakfast time!" At this time, Xu Haoran's voice boomed from outside the

door.

Xu Muqing stamped her feet again in dissatisfaction, "Argh, how dare he betray his own family!"

Although her words were unwilling, Xu Muqing's gaze on Li Hang became tenderer.

"In any case, just know this. I have someone in my heart. When my heart fully recovers, you can leave. Find someone more suitable for you."

What a silly yet kind girl.

She had to reject Li Hang as another man had occupied her heart. Yet, she could not bear to break his heart.

As Xu Muqing walked out of the room, a warm and brilliant smile surfaced on Li Hang's face.

*Silly girl. I will never leave you again, not in this lifetime.*

As Xu Muqing came down from the stairs, Li Hang, who went downstairs earlier, was already waiting for her by a motorcycle.

He stopped the vehicle beside Xu Muqing.

The only car in the family had been sold, leaving this motorcycle as the only vehicle of the family.

“My dear wifey, get on!”

Xu Muqing cast a questioning glance sideways at Li Hang.

As soon as Xu Muqing said this, Li Hang had a sudden surge of excitement.

Rubbing both his palms together, he said with a smile.

“You ride it.”

Initially, Xu Muqing did not think deeply about it. However, when she saw the expression on Li Hang’s face, her brows puckered together doubtfully.

Soon, she realized that Li Hang would be sitting behind her if she was the leading rider.

In that case, where would he place his hands?

She looked at Li Hang’s cheeky grin.

In that instant, a wave of annoyance flashed through Xu Muqing. She stretched out her

hand and gave Li Hang's shoulder a heavy smack.

"OUCH!"

Li Hang cried out as he made a pained expression.

"What's wrong, are you okay?"

Xu Muqing quickly lowered her head and asked caringly.

The woman soon realized that she was being teased by Li Hang again.

She snorted as she turned away, storming towards the exit of their constituency.

Without delay, Li Hang hopped onto the motorcycle, chasing after her as he apologized between his laughter.

After some time, he finally managed to coax Xu Muqing onto the motorcycle.

Then, Li Hang drove through the old city with a deep sense of familiarity.

During the journey, Xu Muqing sat quietly behind Li Hang.

She did not want to have any physical

contact with the man.

However, the 'scheming' Li Hang deliberately rode into potholes along the road.

The tumultuous riding left Xu Muqing with no choice but to hold onto Li Hang's shoulders with both hands.

As the journey proceeded, Xu Muqing soon realized that the route was wrong.

"As I said, you are on the wrong path! The company office building is in the west. We are now heading north."

"No way, it can't be wrong. Look! It is just ahead."

Xu Muqing followed Li Hang's hand and looked ahead. All she saw was a Mercedes-Benz 4S store in front!

Initially, she thought that Li Hang was joking. However, when Li Hang rode the motorcycle through the doors of the store, she panicked.

"What are we doing here?"

"Shopping."

Li Hang's tone was unsettlingly natural. It sounded as if he was just at a small

supermarket to buy snacks.

He parked the motorcycle beside him, took Xu Muqing's hand in his, and strolled in.

This was the first time Xu Muqing had visited a Mercedes-Benz's 4S store.

In the past, the car the Xu's owned was an ordinary Buick, valuing at a few tens of thousands of dollars.

For the woman, buying a luxury car such as Mercedes-Benz was something that could only happen in her dreams.

Li Hang and Xu Muqing were dressed rather casually, or 'ordinarily' in their humble fashion.

Despite Xu Muqing being a great beauty, she did not appear to be a wealthy prospect all.

Hence, the experienced salesmen next to them continued to chat within themselves, paying no attention to Li Hang and Xu Muqing.

On the other hand, Li Hang brought Xu Muqing around every corner of the store as if the salesmen were non-existent.

Xu Muqing reached out and tugged Li

Hang's sleeves as she whispered.

"Let's get out, the cars here are too expensive."

"What style do you like?"

It was as if the man didn't hear her at all and he asked while browsing around.

Xu Muqing shook her head and continued, "I don't like them, let's go."

Right after Xu Muqing said this, Li Hang pulled her hand and walked in front of an all-white Mercedes-Benz "E-Class" sedan.

Just now as he forcefully led Xu Muqing around the showroom, he observed that her eyes would glance towards this car from time to time.

Li Hang then reached out and opened the door.

"Come on, sit inside and have a feel of it."

Despite her mouth saying no, Xu Muqing was already sitting in on the driver's seat of the car.

From her sparkling eyes, her fondness of the car was obvious.

“Miss, please come out of the car.”

At this time, a female salesperson caked in heavy make-up approached them.

From her judgement, she thought that Li Hang and Xu Muqing were not someone who could afford a luxury car.

As she spoke, her expression was stern and unwelcoming. Her tone exceptionally rude, condescending even.

“This car costs more than seven hundred thousand, I don’t think it’s something you can afford!”

Xu Muqing’s hands on the steering wheel shrank backwards.

She, who was still in high spirits, just had a bucket of ice-cold water doused over her head.

Xu Muqing was about to scurry out desperately from the driver’s seat when Li Hang stretched out his hand and placed it gently on her shoulder.

His eyes then narrowed on the saleswoman.

“Why do you think I can’t afford this car?”

“Hmph!” The saleswoman sneered.

“Mister, can you stop acting all big in front of your girlfriend?”

“I have seen too many people like you!”

“If you can afford it, take out the money now!”

The salesperson’s voice got getting louder and louder as she mocked the duo.

She quickly attracted the attention of the people nearby!

“If you buy this seven hundred thousand Benz, I will drink this bottle of windshield polish!”

Li Hang’s mouth raised into a subtle smirk.

He reached out his hand and pointed at a female salesperson who had been standing at the door not far away.

He hooked his finger, gesturing for her to come over.

This saleswoman was new to the job.

She was the one that moved the motorcycle Li Hang and Xu Muqing mindlessly parked to

the parking space nearby.

“Hello sir, can I be of help?” She asked with a textbook pleasant attitude and always wore a kind, sincere smile.

Li Hang fished out a black card from his pocket and tossed it to her.

“Go to the counter. The password is six zeros. This car is mine.”

“Huh?”

Xu Muqing and the new female salesperson burst out in unison.

Both of them wore a similar dumbstruck expressions.

However, compared to Xu Muqing’s surprise, this female salesperson was astounded beyond belief.

A black card!

Banks distributed these bank cards in scarce limited quantities. It was not something that ordinary people could own!

“Okay, sir. Please wait for a moment. Let me handle the procedures for you right away!”

Holding the black bank card in her hand, the salesperson rushed over to the counter.

The sales lady with the rotten, scornful attitude stood beside Li Hang, stupefied.

*Huh? Is this real?*

*Impossible!*

*Then, do I need to drink the glass polish?*

*It's lethal!*

*What do, what do I do?!?*

At this moment, the other salesperson had already brought the documents over and requested for Li Hang's signature.

Seeing Li Hang had actually bought the car, Xu Muqing quickly interjected.

“Where did you get so much money from?”

“Is this a lot?”

Those words almost obliterated any consciousness within the two female salespersons next to him.

“It’s only seven hundred thousand, not that much different from buying a pack of instant noodles.”

“If you like this design, why not we buy all six colors. Then, you can change the color daily, or according to your mood.”

*Just what is a tycoon?*

*Just what is a sweet, extravagant, doting husband?*

*Just take a look!*

*A role model!*

Under Xu Muqing’s strong objection, the result was ‘regretful’ indeed for Li Hang.

Li Hang was forced into a compromise of just buying one white Mercedes.

He had initially intended to buy one each for Xu Xiaoyang, Liu Yufen, and Xu Haoran.

This way, there was no need to squeeze in one car to and from work.

This would create the perfect atmosphere for him to enjoy a world with only Xu Muqing.

His wife was too frugal.

How could she not allow him to splurge?

After the procedures were completed, the car's engine was started immediately.

Right before they left, Xu Muqing suddenly remembered that their motorcycle was parked at the corner of the store.

"What about the motorcycle?"

At this time, the saleswoman who had previously scorned Xu Muqing was sneakily trying to escape.

"Stop."

The saleswoman froze in her steps!

She turned around and her eyes were begging for mercy. With a trembling voice, she muttered, "Yes... sir?"

"Glass polish is inedible! It's lethal poison!"

Li Hang tossed a hundred-dollar bill.

The address of Xu Xiaoyang's house was written on it.

Flatly, he said, "Follow this address and ride

the motorcycle back.”

.....

Fangfang Towers was an office building with more than ten floors. It was quite an aged building.

The exterior wall was thoroughly mottled.

Xu Xiaoyang’s company, Jiaoyang Corporation, situated its headquarters here.

Slowly, Xu Muqing drove the car towards the gate of the office building.

Until now, everything still felt unreal.

Even as she held the steering wheel of the brand-new car, she felt as if a dense fog was clouding her sense of reality.

Xu Muqing turned to Li Hang and found him eating something happily.

She raised his brows and asked, “What are you eating?”

Li Hang quickly swallowed the sweet chocolate in his mouth.

“No, I didn’t eat anything.”

“I saw you eating.”

The corner of Li Hang’s mouth curled up as he teased, “Shall I open my mouth to prove it?”

Just as she was about to refute him, something was thrown out from the the first floor, flying straight at them. And Xu Muqing quickly reacted and stepped on the brake.

She saw a few security guards tossing out a pile of documents, scattering it about.

Immediately afterwards, Li Hang and Xu Muqing heard Xu Xiaoyang’s exasperated shouting.

“Don’t throw them, don’t throw them.”

“I have already told you that our company will be able to pay the fees immediately.”

Then, a few young men pushed Xu Xiaoyang out on his wheelchairs.

They bent down and picked up the documents that the security had thrown on the ground one by one.

With each page they picked up, the resentment on their faces thickened!

Xu Xiaoyang faced a middle-aged man with a big belly.

He was the manager of this building, Chen Yong.

Chen Yong folded his arms and stood in front of Xu Xiaoyang.

The man lifted his chin as he glanced downwards.

His lips curled into a twisted sneer.

Contempt.

Disdain!

“I have been a manager in this building for more than ten years, and I have never seen a person like you.”

“Xu Xiaoyang, if you have no money, you have no money. Why are you stubbornly staying here, did you think you will be able to afford it some day!?”

“Throughout the whole office building, there isn't a person who doesn't know that your company has gone bankrupt.”

Chen Yong stood in front of Xu Xiaoyang.

He stretched out his hand and thrust his finger at Xu Xiaoyang's forehead.

"I telling you, out of my great kindness, if you don't empty your things in the office within ten minutes, I'll have someone throw all the trash in your office out of the window!"

At the end of the clamoring, Chen Yong's finger had scratched Xu Xiaoyang's forehead!

"You crippled scum! You hear me?!"

Upon this sight, Xu Muqing hurriedly pushed open the car's door and bolted forward.

When she got out of the car, Li Hang took out his phone and sent a text message.

The message was simple and concise.

"Within three minutes, buy Fangfang Towers."

Xu Muqing stormed to Chen Yong.

"Manager Chen, don't you think this too much!?"

The moment Chen Yong saw Xu Muqing, his eyes lit up.

“Oh, isn’t this Miss Xu?”

“Did the operation make you much more gorgeous than before?”

“Miss Xu, now that your company can’t even pay the rent, you are practically unemployed.”

As he spoke, Chen Yong’s brows slightly raised.

He cast a very lecherous gaze as he sized Xu Muqing up.

Then, a wretched grin widened on his greasy face.

“Do you plan to find a job?”

“Come, let me introduce a good one for you.”

*Bam----*

*Bam----*

Suddenly, loud blasts of car horns shattered the tense atmosphere.

Li Hang slowly got down from the car.

He did not walk quickly, slow even.

But with each step, his pace was like a thud to everyone's heartstrings.

Within that short instant, Li Hang drew all the attention onto himself.

At the same time, Chen Yong received a call.

On the phone, Chen Yong's Boss was brimming with excitement.

"Fangfang Towers has just been bought over by a tycoon!"

"His car is downstairs. It's a brand-new Mercedes-Benz! It's not even registered yet!"

"You go up and wait for me. I'll be there soon!"

Chen Yong immediately bowed his head and rushed forward.

"Boss!"

"Welcome, Boss!"

Li Hang stopped in front of Chen Yong.

His eyes were condescending and indifferent.

"Are you the manager of this building?"

“Yes, I am!”

Li Hang asked again, “You worked here for more than ten years?”

“Yes, yes!”

“Boss, I have worked here diligently for more than ten years. I am very clear about everything up and down in this building...”

“You are fired.”

The sudden decision stupefied Chen Yong.

Li Hang strolled to Xu Muqing, and he picked up a file from the ground. Then, he handed it to Xu Xiaoyang.

He said with a bright smile, “Pa, from now on, this building is yours.”

.....

After dinner, in the living room.

The Xu family of four were sitting around the dining table.

All of them stared at Li Hang, who was sitting directly across.

Finally, Liu Yufen broke the silence.

“Xiao Hang, how much money do you have?”

“Aren’t you a doctor?”

“A doctor can’t make so much money, right?”

The moment she spoke, she asked three things.

On the other hand, Xu Xiaoyang’s excitement had not yet subsided.

His company had been a tenant in Fangfang Towers for more than ten years. He had never thought that this office building would one day become his!

This son-in-law, who married into his family, had talents hidden deep within!

Before Li Hang spoke, Xu Haoran suddenly clapped his hands together with a loud smack.

“Sister, brother-in-law is the god of gambling!”

“All this money must have been made from gambling!”

“That time, he just spent a few minutes and POOF! It’s tens of millions!”

Just as Li Hang struggled to find an explanation, his brother-in-law found a convenient excuse in his stead.

He did not refute it. Instead, he went with the flow and rounded things up.

Xu Haoran ballooned Li Hang's achievement, boasting and, pushing him closer and closer to a Godly existence.

But after Liu Yufen heard it, she was not happy that Li Hang was loaded.

Instead, she looked at him and said earnestly.

"Gambling is not a good thing. You must never do it again."

"And even if you have money, you can't spend so extravagantly."

Then, Li Hang grabbed his head and made a silly smile.

"Ma! I have too much money in my pocket, and I'm panicking even as I burn through them."

"In any case, all this money is spent on our own family. Not even a single cent wasted."

"Brother-in-law, brother-in-law, if you have excess money, invest in me!"

Amid his rush towards Li Hang, Liu Yufen tripped Xu Haoran with a light kick.

"Get aside!"

Liu Yufen casted a deep, profound gaze at Li Hang.

"Don't worry, count all of the money as your investment. We will return it to you in the future."

Li Hang smiled slightly.

At the same time, in the Cui family villa.

Huang Lamei reclined on the sofa, with a dark, terrible gloom looming over her.

Within her monolith-black eyes, a cold viciousness glistened periodically.

"Grandma, it seems that Liu Delun does not plan on giving us the project!"

"Xu Muqing, this slut! She must have had a despicable relationship with Liu Delun!"

Cui Tianci cursed.

Huang Lamei turned and asked Cui Haifeng, "What do you think?"

Huang Lamei's eyes glued onto her son.

She was clear of her son's personality. When Cui Haifeng appeared collected and calm in silence, it signified the birth of a new plan in his mind.

Huang Lamei asked again, "Do you have any new plans?"

"Ma, it will be your birthday in two days. Let's have a grander celebration. "

"Let us invite Xu Xiaoyang's family as well."

An eruption of displeasure welled up within Cui Tianci, and he quickly said, "Pa, why should we invite their family?"

"Are we going to surrender to the Xu family?"

Huang Lamei turned over and snapped, "Shut up!"

Cui Haifeng said casually, "Xu Xiaoyang's company is only the size of sesame; they simply can't fully execute out such a large project!"

"We shall invite them over in the name of the banquet."

"Then, we will use our connections in Ning Province to put pressure on them across the board."

"So what if they got the project?"

"As long they are in Ning Province, we can easily deal with their puny company!"

"We can buy their small company in the eyes of the public!"

"Then, this project will be as good as ours!"

Huang Lamei nodded fervently and even clapped her hands in agreement.

"Wonderful!"

"As expected of my son!"

"This matter, let's do as you said!"

During noon the next day, Xu Xiaoyang went home with a worried look.

When Liu Yufen saw him, she couldn't help but asked, "What's the matter?"

Xu Xiaoyang hesitated for a moment before

telling Liu Yufen.

“Old Lady Cui is celebrating her birthday the day after tomorrow. She invited us to the celebration dinner in their house.”

Before anyone could speak, Xu Haoran interjected from the side, “Beware of the Greeks bringing gifts! This is a trap!”

“Pa, you absolutely can't go!”

Xu Haoran burst out with anger!

It was a steeled decision, unfazed even in the face of a lightning storm!

On the side, Xu Xiaoyang struggled to make a decision.

He looked helplessly at Xu Muqing.

As Xu Muqing had just recovered, she worked from home for the past two days.

She lifted her head from the suffocating stack of files and her, and her delicate eyebrows knitted together.

After some thought, she turned her head and asked Li Hang, almost instinctively.

“Do you think we should go?”

"Go, there are free drinks and meals. Why shouldn't we go?"

"Doesn't Ma always remind us to be thrifty? Why not we go to their house for a meal?"

As Xu Muqing, Xu Xiaoyang and Liu Yufen struggled to accept this answer, Xu Haoran suddenly declared.

"Okay! Let's listen to Brother-in-law and go!"

.....

In a blink of an eye, it was the day of Huang Lamei's birthday.

Naturally, the wealthy tycoons and celebrities from all over Ning Zhou were in attendance.

Xu Xiaoyang's family arrived at the villa in their newly bought Mercedes-Benz.

Their appearance immediately drew the eyes of everyone.

Alas, their dressing was too ordinary, seemingly out of tune with other extravagant appearance of the wealthy around them.

Cui Tianci stepped forward and sized up Xu Muqing.

In a snobbish tone, he mocked, "Oh! How big a loan did you take to be able to buy such a good car?"

Hearing the condescending remarks, Xu Muqing rolled her eyes and was too lazy to pay attention to him. She stood beside Li Hang without speaking.

Initially, Cui Tianci intended to taunt Xu Muqing in front of Li Hang. However, it was Li Hang that came over.

Instantly, a piercing shiver ran down his spine, with cold sweat bursting out of his pores!

Li Hang's eyes resembled the dangerous eyes of a blood-thirsty beast!

Cui Tianci shrank back into his shell and attempted his best shot with an insult, "Oh? This trash came today as well? How unexpected!"

"Hmph Just wait and see how this young master will deal with you!"

Cui Tianci deliberately raised his voice and said to the people around him.

"Everyone, please gather over! I have a fascinating piece of news to announce."

When the crowd gathered, Cui Tianci pointed his finger at Xu Muqing, Xu Xiaoyang and others.

“Have you heard of Jiaoyang Corporation?”

Majority of the crowd shook their heads

“Haven't heard of it? Me too.”

“However, in the past two days, they have taken the biggest project of Tianyi Group.”

As soon as he said those words, a wave of bamboozlement washed over the crowd, and they began to exclaim amongst themselves.

“Is that the project worth 200 million at the pier?”

“Wow, that project is pretty huge.”

“I heard that this pier has plans to be expanded in the future to be a port.”

“At that time, this port will be a cash printing machine!”

“Just counting money could cause finger cramps!”

Cui Tianci's lips curled into a wicked sneer.

“Now, now. Everyone think about it, why can a small, nameless company get such a large project from Tianyi Corporation?”

Someone in the crowd snorted.

“Do you even need to ask? It must be a deal set on the bed!”

Everyone erupted into a symphony of mocking laughter!

Cui Tianci added further, “Everyone, do you see the white Mercedes-Benz car at the door? The one fresh out of the store that has not been licensed yet.”

At this time, someone in the crowd asked, “Where did the money come from?”

“Do you even need to guess? It must be from the sugar daddy!”

“Well, it seems like being the illegitimate wife makes more money than starting a proper business nowadays.”

As soon as words were heard, everyone burst into another peal of laughter. Within an instant, the sound of their laughter drowned the music in the living room.

This room full of ridicule was jarring and

piercing to the Xu's ears.

Like countless needles, they jabbed on Xu Muqing's heart.

Liu Yufen stood out and retorted loudly, "On what basis can you talk about my daughter like this?"

"My daughter has worked tirelessly for more than six months to get this project."

"Oh, six months? Did she spend all these six months of hard work in bed?"

Cui Tianci laughed scornfully yet again.

"Hahahaha!"

Pure arrogance!

Smugness!

This place was the Cui family villa. Within his territory, Cui Tianci could be as unscrupulous as he wished!

As Cui Tianci soaked in his intoxicating elation, someone appeared behind his back.

He stretched out his hand and patted Cui Tianci's shoulder.

The moment Cui Tianci turned around.

*SMACK!*

A resounding slap!

This one hit sent Cui Tianci spiraling three times on the spot.

That sound dumbstruck the entire crowd.

Cui Tianci was the grandson of the main Cui family!

The most beautiful, precious apple of Huang Lamei's eyes.

Yet, this ordinary-looking man dared to assault Cui Tianci in front of Huang Lamei and Cui Tianci.

How much courage did that one hit take!?

Huang Lamei's pupil constricted as her eyes widened three sizes!

Immediately, she stepped out of the crowd.

The air around Old Lady Cui seemed to shimmer with ice-cold frost as she glared at Li Hang with the eyes of a predator.

"How dare you to hit my grandson?"

Huang Lamei knew Xu Xiaoyang's family from inside out.

After all, the Cui family has been suppressing Xu Xiaoyang's family for countless years.

However, they have never met Li Hang.

The man in front of her was very tall, and he was emanating an unsettling aura.

Facing him, Huang Lamei instincts blared with caution.

Li Hang turned his head and looked at Huang Lamei with a stone-cold expression.

His voice was like the wind blowing from a deep cave.

Chilling!

Biting!

"Your family's children are so ill-mannered. If your seniors aren't going to discipline him, then I will do it for you."

Huang Lamei was beside herself with anger!

“How dare you lay your hands on my grandson, do you think that this is your territory?”

Huang Lamei erupted, the gaze she directed at Li Hang gleaming with viciousness.

Cui Tianci was also busy adding oil to the fire by the side. “Grandma, this isn’t the first time this bastard hit me. The previous time, he was even more vicious!”

“Grandma, I’m your precious grandson, so isn’t the bastard hitting me akin to giving you a slap as well?”

Huang Lamei clapped her hands together, hollering furiously, “Men! Break the legs of this worthless bastard and dump him inside a rubbish chute!”

“Stop!”

At that moment, Liu Yufen and Xu Xiaoyang cried out simultaneously.

Liu Yufen pushed Xu Xiaoyang to the forefront, directly in front of Huang Lamei.

“Mdm Huang, it was you who invited us to the banquet tonight.”

“We have no wish to cause any trouble here.”

“But your grandson had been targeting and humiliating us from the very beginning.”

“He conjured up all sorts of slander and rumors, clearly wanting to slander my daughter.”

The moment Xu Xiaoyang said this, Cui Tianci immediately protested loudly.

“Anyone with a working pair of eyes would be able to tell at a glance that there’s something wrong with your family.”

“This plan must have been your daughter’s...”

Before Cui Tianci could finish his sentence, he noticed Li Hang raising his hand.

His face going pale with fright, and he immediately hid behind Huang Lamei.

“Grandma, he’s going to hit me again!”

Huang Lamei’s hawkish gaze shone with a ferocious gleam.

Glaring pointedly at Li Hang, she snarled, “If you have the gall, I dare you to hit my grandson again!”

The corner of Li Hang's lips curled up slightly and in the next instant, his entire body seemed to have blurred.

Before anyone could react,

Li Hang seemed to have teleported behind Huang Lamei's back.

*SLAP!!*

A resounding slap reverberated across the air. Cui Tianci's face swelled up considerably and an extremely prominent handprint was plastered on his face.

Following that, Li Hang's bland, yet incredibly distinct voice floated into the ears of everyone present.

"Mdm Huang permitted me to give you this slap."

"YOU! YOU BASTARD!!"

"MEN! SOMEONE! GET OVER HERE!"

Immediately, ten burly bodyguards swarmed into the compound, wearing menacing expressions on their faces.

Huang Lamei gesticulated wildly at Li Hang, bellowing with irascible rage.

“I WANT YOU TO BREAK ALL HIS LIMBS!!”

The group of bodyguards immediately moved on her command, surging forward to encircle Li Hang.

*Bang!*

*BAM!*

*POW!*

However, in the blink of an eye, the ten-odd bodyguards were sprawled out on the ground,

letting out pained groans and agonized whimpers!

Huang Lamei jumped with shock. The old woman hurriedly clutched onto Cui Tianci frightfully as she shielded in front of him.

“What... what do you want?”

Coincidentally, Cui Haifeng had also brought along the chairmen of the dozen companies present and was hurrying over in a fluster.

All of them were wearing a grim expression, shooting death glares at Xu Xiaoyang.

Cui Haifeng pointed towards Xu Xiaoyang

and shouted, "Xu Xiaoyang, the ones attending the banquet tonight consist of at least half of the total number of chairmen in the Ning Province."

"With your tiny company, don't tell me you are actually dreaming of pitting yourself against half of the Ning province?"

Before he even came here, Xu Xiaoyang had actually repeatedly reminded himself to keep a low profile.

However, at this time, for some strange reason, with Li Hang on his side, Xu Xiaoyang felt like a tiger that had been given wings, brimming with surging dominance.

Xu Xiaoyang raised his head, proudly jutting his chin high.

"Cui Haifeng, ever since my father's generation, your family had always been oppressing us."

"All these years, it's not that I want to pit myself against you, but you guys had left me with no other options."

Cui Haifeng gave a cold sneer.

"Tonight, my inviting you to the banquet was already bestowing you more respect than

you deserved.”

“Initially, I harbored the hope of offering you an olive branch for peaceful co-existence.”

“As long as you were willing to give up 51% of your company’s shares, in the future, your family would not have to worry about anything else.”

Xu Xiaoyang suddenly guffawed loudly, “HAHAHAHA!”

The normally amiable Xu Xiaoyang, who had always maintained a pleasant disposition, seemed to have suddenly erupted with domineering arrogance!

“Cui Haifeng, do I look like a f\*cking fool to you?”

“If I was stupid enough to sell that amount of shares to you, you bastards would rob away everything from me within two days.”

“Weren’t you bastards eyeing the pier construction project under my company?”

“You can screw off with your delusions!”

“This Daddy would rather throw the project into the sea to feed the fishes than to hand it over into a bunch of scoundrels like you!”

Xu Xiaoyang bellowed furiously, his chest heaving up and down from his emotional outburst.

*DUN!*

Every word he spoke left the ears of those listening ringing, as though someone had struck a loud gong right beside their ears.

At this moment, in front of the countless eyes watching him, Xu Xiaoyang proclaimed to Li Hang,

“Good son-in-law, I accept your suggestion!”

Xu Xiaoyang planted his palms against the armrests of his wheelchair, gripping on tightly to them. As he slowly, and strugglingly raised himself up from the wheelchair.

It was as though he was declaring his will to stand back up on his two feet again.

His eyes gleamed ever so fiercely as he gazed out at the surrounding crowd, studying these tycoons who represented the so-called “half of the Ning province”.

“I want to announce some news for everyone present.”

“From today onwards, Jiaoyang Corporation will henceforth be renamed as the Lingxiao Corporation!”

“You guys want a war? I’ll give you a war!”

“I, Xu Xiaoyang! My son-in-law, daughter and I would be holding a celebration in our company!”

How domineering!

How bold!

Seeing as Xu Xiaoyang and his family was about to turn to leave, Huang Lamei came to her senses and pointed towards Xu Xiaoyang, screeching, “Stop them! STOP THEM!”

Li Hang’s body froze slightly.

He turned his head, directing a chilly and piercing glare at Huang Lamei.

*Badum!*

Huang Lamei abruptly collapsed onto the ground, shakily expelling a cold breath of air and instantly clawed tightly at her heart.

“Mother, are you okay!?”

“Grandma! Grandma!”

Huang Lamei’s breathing grew more and more ragged, and her entire body was trembling violently.

Suddenly, she arched her neck and following that, as though a bolt of lightning had struck her,

her body stiffened up like rock!

Under the astonished gaze of everyone else, she rolled her eyes back.

“Hurry! Call an ambulance!”

At that point of time, Li Hang and his family had already gotten inside the car.

Xu Haoran immediately raised a thumbs up towards Xu Xiaoyang.

“Dad, you are simply too freaking awesome today!”

“Just now, all those supposed ‘chairmen’ were all rendered speechless at your awesome speech and couldn’t even say anything!”

Xu Muqing and Liu Yufen were similarly brimming with smiles as they stared at Xu

Xiaoyang.

Ever since Li Hang appeared in their house, Xu Xiaoyang's mood had taken a turn for the better.

Even his demeanor when speaking had become noticeably more energetic than the past.

However, Xu Xiaoyang could only let out a long sigh as he stared wistfully at his legs

"If only I am still able to walk."

Li Hang, who had been focused on driving the entire time, suddenly spoke.

"Tomorrow, I'll bring Pa for a CT scan. Once I gain a clear understanding of the situation within his body, I'll arrange for a round of surgery."

"I estimate that after half a month, Dad would be able to move about freely again."

"After half a year of recuperation, there should be no problem even if he wants to go to a football stadium to play soccer."

.....

*Silence.*

Within the interior of the car, absolute silence reigned.

The silence was such that even if a pin were to drop inside the car now, the sound would be distinct.

A good while later, Xu Muqing's luminous eyes fluttered and sent a questioning gaze towards Li Hang.

"Your words just now...is it a joke?"

The corners of Li Hang's lips curled up slightly, "The one that lies to you is a bitch."

Immediately, the entire car erupted with Xu Haoran's jubilant shouting, Liu Yufen's stern berating,

as well as Xu Xiaoyang's foolish giggle.

Xu Muqing, however, was staring intently at Li Hang.

Her gaze was filled with endearing warmth, but also laced with a thick fog of suspicion.

*This man, why is he being so good to me?*

The next day, early morning,

Li Hang drove Xu Muqing to the pier project site.

Along the way, Xu Muqing would periodically turn her head, stealing several looks at Li Hang.

After her repeated glances, Li Hang could not help but asked, "Are there leftover rice grains on my chin?"

Xu Muqing shook her head.

"Then, why do you keep staring at me?"

The more she interacted with Li Hang, the more Xu Muqing realized that Li Hang was like a bottomless pit, with enigmatic secrets and completely unreadable.

Before she realized, Li Hang had transformed her family.

"Didn't you realize that today's breakfast was exceptionally sumptuous?"

"Century egg and pork porridge, deep-fried small spring rolls, fried buns, and freshly fried dough sticks from Old Wang's."

"In the past, we only had such merry once

every couple of months.”

Li Hang grinned widely, “That’s because Ma dotes on me!”

“She is my Ma and not yours.”

As Xu Muqing spoke, there was a hint of envy lingering in her voice.

It was such a short period since Li Hang appeared in her household, and he managed to win her mother’s favor. If this continues, she would have to start worrying for the future!

“It’s all the same! As the saying goes, a son-in-law is half a biological son.”

As soon as he mentioned this matter, Xu Muqing’s expression immediately turned stone-cold.

“I’ve told you; I already have someone in my heart.”

“What’s his name?” Li Hang immediately followed.

Habitually, Xu Muqing was about to answer, “His name is...”

However, she quickly reacted and glared at

Li Hang, "You're annoying!"

If he had another name, Xu Muqing would have answered.

Alas, fate was cruel. How could the names of these two people be the same!

Not to mention, after a long time of interaction with Li Hang, Xu Muqing felt as if they had met before.

Back then, that little boy was also a little homeless beggar.

He would take care of her and protect her as Li Hang did for her now.

Coincidentally, the duo shared the same name. Could it be that they are the same person?

At that thought, Xu Muqing was puzzled.

All of a sudden, Xu Muqing found Li Hang eating by the side.

Surprised, she asked, "What are you eating?"

Li Hang smiled and said, "Chocolates."

Hearing that it was chocolates, she immediately stretched out her slender,

snow-white palm.

“Give me one too.”

Shockingly, Li Hang rejected her request,  
“No.”

Xu Muqing was stunned.

This man could buy a car that cost hundreds of thousands without batting an eye, but when it came to a small piece of chocolate, he was extraordinarily stingy!

Xu Muqing pouted her thin, rosy lips as she pouted, “Stingy!”

In reality, it was not that Li Hang was stingy.

However, he could not risk letting Xu Muqing catch an eye of the old chocolate tin box that carried the chocolates!

Xu Muqing faced Li Hang, asking, “There were so many bodyguards yesterday, but you defeated them in the blink of an eye.”

“Somehow, I think you are as a martial arts master from a martial arts novel?”

Li Hang grinned and said, “I used to follow an old beggar around.”

“He told me that the Heavens blessed me with exceptional physique and that I am destined to become a great hero in the future.”

“Then, he handed me several books of secret martial arts techniques...”

“Stop.”

Xu Muqing snorted, “Even the TV series have more believable plotlines.”

“If you continue with this plot, you might even say that you learnt the Eighteen Subduing Dragon Palms.”

Li Hang smiled and said, “Although it’s not that exaggerated, it’s similar.”

Li Hang stretched out his hands, continuing, “The people around me call these hands *-Hands of God.*”

Xu Muqing sighed helplessly.

At this moment, she felt as if she could never get a word of truth from Li Hang’s mouth.

When they arrived at the construction site, Xu Muqing immediately got off the car and led the workers to work.

Before Li Hang left, he shouted to Xu Muqing.

“There was not a single lie in everything I said.”

Xu Muqing answered without turning her head, “Whatever, I don’t believe it.”

After that, Li Hang brought Xu Xiaoyang to the hospital.

When Xu Xiaoyang was undergoing a CT scan, Li Hang heard a man’s exasperated cry for help in the corner of the corridor.

“Please, save my mother!”

*Thump!*

“Please!”

*Thump!*

“Please!”

*Thump!*

Li Hang followed the sound and saw a man kneeling on the ground and repeatedly kowtowing to a nurse!

Li Hang’s brows furrowed, and he stepped

forward immediately.

This man had a strong built, extraordinarily muscular and sturdy.

From a glance, Li Hang could tell that this man had a solid foundation and was a practitioner of martial arts.

What could make a man like that to kneel on the ground and beg like a hopeless child?

Li Hang couldn't hold in his curiosity.

"What happened?"

When the nurse heard Li Hang's voice, she appeared to be relieved.

She was one of the few people who knew of Li Hang's identity in the entire hospital.

To ensure that the nurses served Xu Muqing to their best effort, the President of the hospital chose a small group of employees to reveal Li Hang's identity as the owner.

She was one of them.

"Bo...\*cough cough\* Mr. Li."

"This patient's mother is suffering from severe fluid accumulation in her brain."

“And there is a shadow that can’t be seen clearly.”

“Currently, his mother is in a very precarious situation.”

“However, the old lady of the Cui family suddenly fainted and was admitted to our hospital.”

“The three Neurologist in the hospital were deployed to care for her.”

As the nurse reported the situation to Li Hang, the man raised his head and said to Li Hang.

“Are you a doctor? Please save my mother!”

Li Hang was not a nosy person, and he had witnessed too much of lives and deaths.

However, in this world, there was a type of person who he would undoubtedly help.

A person of filial piety!

Li Hang immediately instructed the nurse.

“Ready the operating room!”

“Yes!”

Without delay, the nurse turned and ran.

On her phone, she sent a message to the small informed group of employees.

“The boss is going to do an operation again, prepare the equipment!!”

.....

Three minutes later, in the operating room.

All the preparations were ready.

Even Director Yang sneaked in.

He wanted to see for himself if this Mr. Li was indeed that amazing!

The hair of a middle-aged woman had been completely shaved.

The patient’s scalp had also been thoroughly disinfected and covered with a sterile dressing.

After the anesthesiologist performed an infiltration anesthesia on the patient, Li Hang extended his left hand to the nurse next to him, “Scalpel.”

The moment he took the piece of cold steel, Li Hang’s hands worked like magic.

Lightning-fast!

Director Yang's jaw dropped as his eyes widened in disbelief!

Until this moment, Director Yang did not believe that the Mr. Li in front of him was an expert!

No wonder the President held him in such high regards!

Now the man just wanted to give his own big mouth a few good slaps!

"Plastic scalp clip."

The nurse wholly followed Li Hang's instructions and handed him the tools without delay.

At the same time, Li Hang's hands worked like magician.

With extreme speed, he performed his arts on the patient's scalp; and the next instant, the bleeding was stopped.

Afterwards, Li Hang used a scalpel to separate the layers of the scalp, then he cut the periosteum with the scalpel and flipped it over.

“Pneumatic craniotomy.”

Li Hang took the cranial drill and made an opening in the patient’s head.

“Milling knife.”

The nurse quickly handed a high-speed milling knife to Li Hang.

With the knife, Li Hang made a few light cuts, and the patient’s bone flap was removed perfectly.

On the sidelines, Director Yang’s eyes never left Li Hang’s hands. As he watched, his fist clenched as admiration and excitement welled up in his heart.

*This is simply too exciting!*

*Just like a top-tier, peerless arts performance!*

Wait! I Have Something to Say!

Then, Li Hang removed the bone flap.

With the cracking open of the skull, the brain tissue, that was protected by a thick layer of membrane, was in sight of Li Hang and everyone around him.

Li Hang picked up the scalpel and sliced open the membrane, his movements were fluid as if he was on autopilot mode.

Swift and decisive!

This neurosurgery did not allow for even a strand of deviation, leaving no room for error.

Generally, surgeons would treat every moment in this operation with utmost caution.

Each step in the surgery was being done with great care and precision.

Li Hang's technique was top-notch and incomparable with others across the globe. Furthermore, the confidence he exuded was one-of-a-kind, one that perfectly matched with his superb standard.

His movements were decisive and swift.

Fast was an understatement for the pace

that the operation had taken.

For an operation that would have taken more than 6 hours, Li Hang had finished it in within an hour.

His speed was that of lightning, a speed that seemed to be God-liked in the medical industry.

Li Hang then mended the skull with titanium clips, before suturing the patient's skull membrane and scalp delicately.

*Flawless execution!*

After the operation, the patient was wheeled out of the operating room by the nurse.

"Nurse, how is my mother?"

The nurse smiled widely and replied, "Don't worry, her operation was very successful."

"The polyps that had formed were also removed. Her swelling is subsiding. She will recover after a short rest."

"Thank you! Thank you so much!"

When Li Hang exited the operating room, the man suddenly fell on his knees in front of Li Hang with a resounding *plop*.

“Bang!”

“Bang!”

“Bang!”

“Dear doctor, my life is indebted to you! Thank you so much!” Li Erniu exclaimed gratefully as he kowtowed to Li Hang.

At another hospital ward.

“Pa, I’m so pissed! We can’t let this matter slide!” Cui Tianci bellowed angrily outside of the ward.

“How dare they agitate Grandma till she collapsed!! We must take revenge! F\*ck! Why isn’t Master Ye back yet?! I can’t wait anymore. I must kill them! I must kill their entire family!”

Hearing that, Cui Haifeng did not reprimand his son as per usual.

Instead, he fished out his phone with a cold expression

“Black Panther, I’ll give you 5 million. Settle something for me.”

Meanwhile on the other end of the phone, Black Panther was lazing about on the sofa

with a cigarette in hand.

Enticed by the large sum of cash, he immediately burst into a peal of maniacal laughter.

“President Cui, for 5 million, who do you want dead?”

From the phone, Cui Haifeng’s chilling hiss echoed.

“Xu Xiaoyang’s whole family.”

Without delay, Black Panther leapt off the sofa.

He hung up the call and yelled to his gang, “Brothers. Time to work!”

“WAHAHAHA! 5 MILLION!”

“Today, we will gather and skin Xu Xiaoyang’s family alive!”

...

Liu Yufen was in the best of moods these few days.

Her family’s imminent disaster had been resolved. Not to mention, her soft-spoken and naive husband had even gotten his due

rewards.

What's more, even her son, Xu Haoran, was no longer idle.

While he may be cooped up at home, fiddling with some music instruments, it was still a comfort as compared to him fooling about with vices outside.

This change only occurred with Li Hang's arrival.

Somehow, the more she interacted with this boy, the more pleased with him she was.

Occasionally, foolish thoughts surfaced in her mind.

*How nice would it be if he was her son!*

Right now, she was on her way to the wet market to get fresh pork ribs. She had planned to make sweet and sour pork ribs for the dinner with Li Hang.

On the motorcycle, she zoomed down the old but familiar alleys.

Suddenly, a van burst out at the intersection, stopping her right in her path!

From the van, a bunch of seven to eight

hooligans got off, fiercely brandishing clubs in front of her.

The uncalled-for aggression sent fear rushing through Liu Yufen. Without hesitation, she swerved the motorcycle and escaped.

“Old b\*tch! Don’t run!”

The hooligans got back onto the van and were hot on her heels.

At the same time, Li Hang pushed the wheelchair-bound Xu Xiaoyang out of the hospital’s main door.

When they were on their way to the carpark, several hooligans charged menacingly at them!

Seeing that, Li Hang’s forehead knitted together, and his fist clenched in preparation.

However, before he got get into action, Liu Erniu, who was following them some distance behind, erupted into a rage, shouting, “Don’t you dare touch my saviour! You are looking for death!”

Within moments, Li Erniu took the hooligans one-on-one and sent them flying. Seeing the

grimacing enemies on the ground, Li Hang frowned in puzzlement.

Suddenly, the phone in his pocket rang.

It was from Xu Muqing!

The moment he answered the call, her frantic voice pierced through the speakers.

“Ma is being chased by a bunch of bad people! What do I do? Those people are so scary! They are threatening to break her limbs!”

In that instant, a huge wave of adrenaline coursed through Li Hang’s body.

His fists clenched, and a malicious intent flashed across his eyes.

The hooligans on the ground gasped at this sight, stumbling and crawling back as a blood-curdling fear trickled down their spines. They hugged their heads and shriveled up, lying motionlessly on the ground.

Beside him, Li Erniu was also appalled by the aura Li Hang was exuding.

He had never expected that his savior was not only a skilled surgeon, but also a

professional in martial arts.

Facing Li Hang's back, he struggled to stand straight.

He could feel the pressure crushing down on his back.

Moments later, he was drenched in cold sweat.

It took Li Erniu a lot of effort to keep up with Li Hang.

At this moment, Li Hang was like a towering T-rex in his eyes who was suppressing his fiery rampage within himself.

The enraged Li Hang turned and instructed his lackey, "Protect my father."

With that said, he turned back.

Seconds later, his phone rang again.

Again, it was Xu Muqing.

Her frightened shrieks could be heard, along with a cacophony of men's lecherous laughs.

Through the phone, he could hear the lustful provocations from the men.

“Wow! This woman is just like perfection! I can’t wait anymore!”

“Brothers, this girl is so slender and curvy! Look at how juicy and tender she is!”

“Wow, she must be extra slippery inside! Freaking exciting!”

“Following that, another woman’s voice shouted through the phone.

Li Hang recognised it immediately. She was Xu Muqing’s assistant, Zhang Xiaoping.

“Brother-in-law, you must come right now!” She was pleading for help!

Her fear and panic were stricken in every word she exclaimed.

“There are so many gangsters surrounding us! They, they are so scary! Just come quickly! Or else, she will be...”

“I’ll be there now!” With that, he hung up.

He saw Cui Tianci sashaying down from not far away.

“HAHAH!”

“Bastard! Now both that little slut Xu Muqing

and that old bitch, Liu Yufen are both captured.”

“I wonder, who will you save first?”

“I suggest going for that old b\*tch at the wet market.”

“That little slut is too far away. She’s at the pier!”

“Unless..” Cui Tianci sneered and paused.

“Unless you can fly?”

Li Hang ignored the blatant taunt from Cui Tianci. He turned and dashed out of the hospital, not bothering to get his car.

“Swoosh!” Fast like a gale, his figure flickered by.

At the pier construction site.

The moment she hung up, Zhang Xiaoping hurried to Xu Muqing’s side. She thrust her finger at the hooligans and yelled as fiercely as she could, “Don’t be cocky! My brother-in-law will be here soon!”

The crowd dropped to pin-drop silence.

There was a moment of pin-drop silence,

before a symphony of mocking laughter erupted.

“Who the f\*ck do you think your brother-in-law is? Do you know who our big brother is? He is the Black Panther! Whoever comes here will have his neck snapped!”

At that moment, the Black Panther stepped out of the crowd.

A cold smile hung on his face, smugly.

“You said your brother-in-law is coming? Shall we wait for him? Brothers, what do you think?”

From the masses, one man shouted, “Big Brother, she’s already half-naked! Who can wait any longer?”

Another wave of jeering laughter! The devilish scumbags poked fun at 2 helpless ladies.

Within their eyes, a cold glimmer lingered, like a horde of greedy beasts.

*Simply savages!*

Black Panther towered in front of Xu Muqing.

The closer he walked to her, the more prominent her beauty was in his eyes.

Her makeup and clothing were plain.

Yet, her figure was delicate, and she exuded an aura of gracefulness.

This dress on her, though ordinary, did not fail to attract the eyes of men around her; it was simply pleasing to the eye. The more they looked, the stronger their craving for her got.

Subconsciously, Black Panther's hands stretched outwards to Xu Muqing. He wanted to touch that moist, rosy cheeks of hers.

His fingers fidgeted at the thought of pinching her delicate nose. How alluring were those sexy thin lips.

*Argh!*

He could no longer hold back his desires.

Step by step, he closed in on her.

Seeing this, the horror in Xu Muqing's eyes

intensified, quickly scrambling backwards.

“What do you want?”

With this exclamation, Black Panther’s face twitched to one side.

“What I want to do? Isn’t it obvious?” His gaze overflowed with a blood-curdling evil and an unscrupulous lust glimmered in his eyes.

His steps hastened, closing in faster than before!

Xu Muqing stumbled back in horror.

The lecher stretched out his hands and fondled the air suggestively.

“Hehe, I... I want to...”

“Sister, run!”

Suddenly, Zhang Xiaoping charged towards Xu Muqing valiantly.

Her hands grabbed onto Xu Muqing. She turned and escaped towards the office behind her, dragging her along.

“We have already surrounded the area. You think you can escape? Beautiful, just be

good and spread your legs for me! If you do so, we can consider being gentle!”

By the corners of his Black Panther’s lips, a thin glimmering trail of his saliva had already formed as he darted after his victims.

Despite the huge number of male employees in the area, not one of them dared to step out. All of them chose to cower in the corners, turning a blind eye to the atrocious act.

Black Panther’s territory was right beside the pier, and he was notorious in the area.

None of them dared to move – no one wanted to die at his wrath.

Within this wide area, the air was suffocating, with only the maniacal laughter from Black Panther

The people on the sidelines were silent.

“Hehehe, nice. The office is a good place. We can close the doors. No matter how loudly you moan, they won’t hear you at all! This little girl is pretty interesting.”

“She may scream in reluctance, but her body will be willing to do it! Beauty, wait up, Big Brother is coming!”

“HAHAH!”

At the same time, in another alley of the city.

4 hooligans were closing in on Liu Yufen. In face of the aggression, her body had balled up and her face flushed with paralyzing fear.

This street was a one-way street with only one exit. There was no escape for her!

“Run! Keep running!”

Two hooligans chased after her, slamming the metal bats in their hands against the walls, sending a metallic “*Clang!*” reverberating about the narrow alley.

*Scorning mockery!*

Their eyes flashed with a murderous intent – it would be a life or death situation if she were to get caught!

“Old b\*tch! Even if you grow wings, you can’t fly away from our hands!”

“Big Brother, this old b\*tch seems so fragile. We would probably be done with the job after a few hits. Why not we fling some things at her. Let’s see who can land more throws on her.”

As they said that, someone had already flung a brick over.

“Bang!”

The brick brushed past Liu Yufen’s shoulder, missing her by a hair’s width. Then, it crashed onto the wall behind her.

“Again!”

“Bang!”

“What the... I missed again. Once more!”

“Bang!”

“Watch me!”

“Bang!”

Facing the unceasing number of bricks flying at her, Liu Yufen was shaken to her core. She hid behind a bamboo basket, trembling uncontrollably.

Her hands cupped tightly around her head, pulling her head close to herself, curling into a ball.

She was quivering non-stop. Panic and helplessness overcome her.

“HAHAHA! Look at how scared this old b\*tch is!”

“Alright, enough games.”

“Brother Panther instructed clearly to make sure this old woman dies.”

“This old b\*tch looks so fragile. I’m sure with a single hit, her skull will burst open and her brain juice will flow out.”

All four of them picked up their bats, brandishing it around with a devilish-like smile.

Swaggering towards Liu Yufen, a smug smile hung on their faces.

The faces reeked of savage desires.

Out of the blue, four delivery riders charged over on motorcycles.

Each of them held a thick cable, and on its end, a hook was attached.

*Click! Click! Click! Click!*

Before the hooligans could react, the delivery riders had secured the hooks onto their shirts and belts!

“Shit!”

“What the heck are you doing?”

Just as they turned around, someone exclaimed, “Hey, do you hear something weird?”

Suddenly, the cables that had hooked onto them straightened and tightened.

Within moments, they were in the air. Their legs were lifted off and they were brought off the ground!

“AHHH!”

“SAVE ME!”

Panic exploded among the four hooligans as they struggled violently in mid-air, as their exasperated shrieks pierced through the air.

Their voices attracted the attention people along the jammed streets. Simultaneously, they lifted their heads to the sight of a helicopter hovering overhead.

Beneath the aircraft, four desperately struggling men were flailing in the air.

At the same time, Li Hang sat at the co-pilot seat of the helicopter.

He instructed the pilot, "Climb upwards. After hitting 70 degrees, glide through the air and take a steep descend."

The pilot's face drained of color as he stared blankly at Li Hang.

"This, this, I can't. My technique isn't..."

"Pass me the control."

Without delay, Li Hang grabbed the control gear.

The cruising helicopter took a steep turn and headed towards the clouds.

Across the skies above the city, the helpless, panic-stricken screams from the four hooligans sounded non-stop.

...

*Bam!*

Black Panther's leg slammed onto the shaking office door, almost tearing it down.

With just a little more force, the door would give way!

Behind this paper-thin defense, a pair of deliciously, tender beauties awaited him.

He craved for them, to tear off their clothes, to lick their soft skin, to fondle them, to pin them down...

These thoughts fueled his insatiable cravings beyond his control!

He could not wait to charge right in to experience this pleasure!

As the intensity of each kick increased, he repeatedly stamped on the door.

*Bam!*

*Bam!*

*Bam!*

Finally, the door shook violently, on the verge of crumbling. Even the door hinges showed signs of loosening!

Black Panther took a few steps back. His eyes narrowed onto the door and suddenly, he charged at it like a mad bull.

Right before he reached, he leapt off the ground!

“Open the f\*ck up!”

*BAM!!!*

There was a resounding crash. The door opened!

“HAHAHAHA! Beauties, I’ve arrived!”

At that moment, Xu Muqing was in the midst of escaping through the window.

“Sister, run! I will distract him for you!” Zhang Xiaoping screamed at the top of her lungs.

“Heh, you think you can run? Do you like public attention? Sure, I will satisfy you!”

Black Panther turned and dashed out.

Xu Muqing ran at the fastest her legs could carry her. Alas, the stones on the ground were not cooperative, tripping her midway of her escape.

Her entire body slammed hard downwards.

“Run, little slut, run! Quick, run!”

In her fall, her long slender legs exposed themselves as her stockings ripped apart.

White, tender, and soft.

Seeing the enticing legs, Black Panther’s cravings for Xu Muqing wreaked havoc in his mind. Without much thought, he leapt at her.

Swoosh!

A huge gale brushed past!

Black Panther fell back mid-flight!

He stared in disbelief in the air.

At the sight of the helicopter, his pupils dilated.

An armored helicopter hovered over him, roaring like a beast!

Then, it dived at him.

Just like an eagle hunting its prey! Its movement was swift and sharp as an arrow.

Beneath the helicopter, his four lackeys were dragged through the air on cables.

The four of them were barely alive, so drained of energy that not a single sound was heard from them.

Their throats were long hoarse from the previous screaming, and their pants wet and drenched.

The horrific mid-air flight experience had caused them to involuntarily wet their pants.

As the helicopter swooped over a river, the cables detached without warning.

Immediately, the four hooligans plunged into the water with shrieks piercing the air.

The next instant, the helicopter descended at great speed.

*Whoosh!*

The helicopter whipped up what seemed to be a violent storm, blinding everyone around.

*"Clip!"*

There was a muffled sound.

Then, the helicopter cabin opened.

Within the dust, someone exited. Dust and sand cloaked him. Like a wave, it surged about.

However, the man walked over, undisturbed.

His eyes were expressionless, his gaze dripping with frost; just like a blade, freshly unsheathed.

He...

*Clang!*

All of a sudden!

The chocolate tin in Li Hang's pocket fell!

Without delay, he swept the tin off the ground and shoved it back into his pocket.

He threw a glance to Xu Muqing, who was a short distance away.

He had no clue if she caught a glimpse of the tin.

With large, stately steps, he walked to Black Panther, stopping right in front of the latter.

Black Panther snorted coldly, "When I saw the helicopter, I was still worried that some big figure was coming! Who knew, it's just you! Do you really think that you can face off all of us alone? I will just kill you right here, right now!"

Swiftly, he pulled out a dagger from his belt and roared menacingly.

With a large swing, he pounced forward.

Since childhood, Black Panther had been

trained to fight with a knife. His blade was lethal!

At this moment, he wore an icy smirk. His heart overflowed with confidence.

He could almost see the future when Li Hang's throat was slit by his sharp blade.

Warm, fresh blood seeped out, staining the surroundings with crimson.

It was close, very close!

Li Hang was right in front of him.

The knife glimmered; the blade swung down ruthlessly.

Out of nowhere, a hand flashed forward and gripped his wrist.

Quickly, it gently twisted.

"ARGH!"

A pained shriek pierced the air.

Black Panther collapsed onto the ground. Beside him, Li Hang raised his leg and slammed it right onto the man on the ground.

"*CRACK!*" A crisp shattering of bones sounded.

Black Panther's right leg broke under a single stamp!

Like a pig in the slaughterhouse, a coarse, excruciating shriek erupted from Black Panther.

As he cried out, he furiously clamored at his enemy.

"Charge, kill him! F\*cking kill him!"

Immediately, a huge crowd that had brandished their knives and bats swarmed towards Li Hang in a beeline.

Alas, what was strength in numbers?

In Li Hang's eyes, they were just a bunch of weak chicks!

Li Hang charged forward.

Like a fierce lion, he pounced onto the "chicks".

*Bam!*

*Bam!*

*Bam!*

Instantaneously, Li Hang charged about the crowd like a mad bull.

As countless pained cries echoed, bodies burst outwards, crumpling onto the ground.

A swinging bat? Break it in half!

An incoming punch? Fracture the arm!

The crowd gradually dispersed as the men escaped in fear, crying for mercy. Alas, they all crumbled with a cry of despair!

Unending howls of pain!

In an instant, only one man was left standing.

Li Hang stood proudly in victory.

On the sidelines, everyone watched with their jaws dropped and their eyes wide-open.

*Horrifying! Was he still human?*

Immediately afterwards, Li Hang's next course of action sent the little punks peeing in their pants.

He requested for the staff to dig a pit with

an excavator and throw them in.

Within the pit, the wails for mercy echoed among the hooligans.

Turning a blind eye to them, Li Hang proceeded to tie Black Panther to a pillar beside him.

He stood in front of his bounded enemy.

“Rascal, don’t be cocky!”

“Do you know who my boss is?”

“You will tremble and die at his name. He is one of the Four Kings of Ning Province, Zhang Quanwu!”

“Within Ning Province, anyone who provoked me never had a pleasant end!”

“With just a phone call, thousands of my comrades will charge over! By then, your time will be limited!”

“Smack!” A crisp slap sounded!

With a single slap, 2 teeth broke off from Black Panther’s jaw.

“Buttload of crap!”

At this time, Liu Delun drove over from a distance.

Behind his car, a bus followed.

The bus ferried the security team of a corporation.

By the time Liu Delun arrived with the reinforcements, they found out that the troublemakers had long been taken care of and thrown into the pit.

*What happened here?*

*Who beat them?*

This, this man was outrageously powerful!

When they found out that Li Hang dusted all of them to the ground alone, Liu Delun stared at him with eyes overflowing with reverence as if he faced God's statue.

Liu Delun was not well-educated, and he struggled to find better words to express himself.

Only three words came to their mind.

What the f\*ck!

Li Hang called Liu Delun to the side.

Li Hang had saved his life. At the same time, Liu Delun could tell that Li Hang was an exceptional man from the armored helicopter parked close by.

He dared not go against the order and obediently followed the command.

“Mr. Li, do you need something?”

Liu Delun may be a huge boss in his corporation, but he dared not flaunt his superiority in front of Li Hang!

Li Hang said, “Break their limbs and drive them out of Ning Province!”

“At the same time, send a warning to the mafia throughout the city -- Anyone who attempts to harm the Lingxiao Group will face the same consequence!”

Without questions, Liu Delun loaded the huge bunch of defeated hooligans onto a truck and left.

Li Hang then found Xu Muqing scouring the ground for something.

“What are you looking for?” Li Hang asked.

Xu Muqing looked up from the ground and said, “Just now, I seem to have seen

something fall from your jacket when you were still on the helicopter.”

At that moment, Li Hang’s heart skipped a beat.

“Nah, I think your eyes are tricking you.”

“I don’t think so. My eyesight is perfect. I swear I saw something fall from your pocket!”

“It looked like a tin.”

Immediately, Li Hang changed the topic and hurried towards Xu Muqing.

“Gosh, your socks are torn!”

Li Hang squatted down beside her and stretched his hands out to grab her long, slender legs.

Seeing his actions, Xu Muqing scrambled backward, “What are you doing?”

“Your tights are torn. Let me cover you for the time being.”

Xu Muqing hurried to a corner and shielded herself from others’ sight as her face flushed into a bright-tomato red.

*Hmph! How dare you claim that you won't touch me! Irritating!*

In an instant, Xu Muqing's attention was diverted successfully.

She glanced at Li Hang, asking, "Will they come for me again? Shall we call the police?"

Li Hang attempted his kindest smile, "That's not necessary, they won't be able to come again."

"Ning Province will never hear of Black Panther again."

Xu Muqing stared blankly at Li Hang.

He looked just like any other man on the streets.

Yet, he fought off more than a hundred men just moments ago.

The blood-thirsty eyes he had still sent shivers down her spine.

Despite his affirmation, she still had lingering worries in her mind. She said, "The Cui Family probably sent those people. We should call the police! What if they come again..."

“Don’t worry, I’m here.” As he spoke, he held her hands in his palms.

With his wide, warm palms, he gently held her thin, smooth hands.

In that instant, Xu Muqing felt as if her body was wrapped in a special, comforting warmth.

In all seriousness, Li Hang said, “Rest assured and just work as you always do. Focus on improving the company and leave the rest to me.”

“I will remove all obstacles in your path. Every single one of them!”

With passionately glowing eyes, Li Hang looked at Xu Muqing.

At that moment, Xu Muqing could not bring herself to look into his eyes and her cheeks turned beet-red.

“Sister Muqing...”

Then, Zhang Xiaoping’s voice came from a distance.

At her cry, Xu Muqing’s hand shrugged off without delay.

She turned away and dashed off.

As she ran, her face glowed redder and redder.

*Argh! How irritating! How could I let my hands be cupped in his!*

...

“Pa, Pa! Things are bad!”

Cui Tianci burst into Cui Haifeng’s office.

“Pa, Black Panther is finished! All of his lackeys were incapacitated!”

Cui Haifeng leaped up from his chair as shock crashed onto his, exclaiming, “What?!”

“How is that possible? Since when did Xu Xiaoyang have men with such capabilities?”

Cui Tianci shook his head vigorously and said, “No idea. I heard from our men that Black Panther and all of his lackeys had all four limbs broken and thrown out of Ning Province.”

Cui Haifeng glared at Cui Tianci and hissed, “Who threw them out?”

“Oh, Liu Delun!”

Cui Haifeng's brows knitted.

"I knew it was him!"

"Only he can do this in Ning Province!"

"Do you know who is supporting his back?"

Cui Tianci shook his head.

"He has Boss Tiger's support!"

Hearing this, Cui Tianci breathed a sigh of disbelief.

*Boss Tiger?!*

*He was once a legend within the province!*

He retired from the scene as he entered his silver years, and returned to Ning Province.

He never asked about the happenings within the mafia scene since then.

However, everyone that operated in the underground knew how influential he remained even amid his retirement.

With a single order from him, he could mobilize a thousand men.

"Pa, we cannot let this slide like this!"

“Grandmother is still bedridden at the hospital!”

Immediately, flickering cinders of rage flashed within Cui Haifeng’s eyes.

A murderous intent glimmered!

“This pier project is of utmost importance to the Tianyi Group. If we act on their turf, Liu Delun is sure to retaliate.”

“However, if we only trouble Xu Xiaoyang’s family, he would not bother!”

At that thought, Cui Haifeng fished out his phone and called Master Ye.

“Master Ye, when are you returning?”

“ In three days?”

“Alright, three days later, kill someone for me.”

“Actually, make it a whole family!”

Three days passed in the blink of an eye, and the pier project went on without a hitch.

Xu Muqing's management abilities shone brightly in her handling of the process.

Initially, the contractors and relevant stakeholders were skeptical of her abilities. Her prominent beauty only served to make their insecurities worse.

In the end, she had proven her talent and worthiness.

Out of the things, she could pick it up with amazing ease. Very quickly, she could even provide a thoroughly thought-through answer.

Most importantly, she had a wealth of knowledge!

In university, Xu Muqing majored in business management.

However, she had an extensive breadth of knowledge, extending into logistics and architecture.

What's more, she did not view situations from a theoretical perspective.

On the contrary, she analysed circumstances

clearly and practically, and she could offer a proper solution within a short span of time.

Within the short 3 days, she earned the respect of all her co-workers.

Compared to Xu Muqing, Li Hang was a complete slacker.

His daily duties were the only thing, bringing Xu Muqing to and fro work.

In her words, Li Hang's days were extremely "fruitful".

Today, another "fruitful" day passed.

Li Hang and Xu Muqing just reached home.

The moment they opened the door, the aroma of sumptuous food wafted into their noses.

Liu Yufen had whipped up a table full of dishes.

In Li Hang's eyes, even the top chef in Dubai's 5-star hotels could not compare to her cooking.

If he had a chance in the future, he would like to source for an opportunity for her to showcase her culinary talents.

In the kitchen.

Xu Xiaoyang sat on the wheelchair helping with picking the vegetables.

Liu Yufen was by the stove, working on yet another dish.

Between the couple, they chatted spontaneously.

Liu Yufen's expression was still pale.

The horrors of being chased down the streets by the hooligans still lingered in her mind.

Xiao Haoran still swung his fist about in the air, clamoring about his personal vendetta with them.

As he saw Li Hang walk in, Xu Haoran stood up and asked, "Brother-in-law, did you mobilize that helicopter?"

"Yes." Li Hang did not attempt to hide, nodding his head without hesitation.

The moment she learnt that Li Hang had hired a private helicopter, Liu Yufen's face tensed up with sorrow over the money wasted.

“How much did that cost?”

“Ma, I borrowed it from a friend. It’s free.”

Hearing this, shock enveloped Liu Yufen, Xu Haoran and Xu Xiaoyang.

As for Xu Muqing, she had already asked countless times along the way. Li Hang also covered it up in a similar fashion.

“Just who is this friend? How does he even own a helicopter?”

At this moment, Li Hang’s lips curled into a smirk.

Seeing this smile, Xu Muqing could already predict the gibberish that was about to come.

“Oh, it’s like this.”

“Years back, I was begging on the streets and I made a friend.”

“He picked trash till he picked a helicopter back. I used the ‘502 Superglue’ and stuck it back together.”

By the sides, Xu Muqing cupped her shining forehead with her palm and stared speechlessly.

“Liar!”

Liu Yufen and Xu Xiaoyang exchanged blank glances.

They could no longer tell the truth from lies.

However, they could tell just one thing. Li Hang would not harm them.

Still, they could not understand why a man of his status would willingly marry into their family.

Could it be that he only wanted to win Xu Muqing’s heart?

That’s illogical.

Simply illogical.

At this moment, Li Hang suddenly spoke absurdly, “Pa. Ma.”

“Since young, I was an orphan. I’ve never experienced the loving warmth of family.”

“From the two of you, I’ve experienced how a family should be like.”

“While we may not be rich, this family is warm and loving.”

“This is what I’ve been longing for all my life.”

“As long as you are willing, I’ve decided to stay here forever.”

Hearing this, Liu Yufen and Xu Xiao looked at each other and broke into a warm, cosy smile.

Soon, the dishes were all ready.

Every one of them gathered around the table.

From beneath the table, Li Hang took out a bottle of hard liquor, Maotai.

The sudden appearance of liquor bamboozled Xu Muqing. She asked, “When did you buy this?”

Li Hang sniggered, “When you were unaware.”

With a puzzled look, she asked again, “Just what other things have you done behind my back?”

Li Hang smiled mischievously, muttering, “Well, there are loads of things that you don’t know.”

“What?”

“Nothing, just thought that you were really pretty today too.”

“Hmph, flippant sweet talk.” Despite her hardy displeasure on the surface, an undeniable saccharine-sweet warmth blossomed in her heart.

Still, the doubtfulness in her gaze intensified as she watched Li Hang.

*Bad fella!* He must be hiding a lot of things from her.

“Maotai is very expensive. Let’s give this a pass.” Xu Xiaoyang hurriedly turned down the offer.

Before Li Hang could insist, Xu Haoran did so on his behalf, saying, “Pa, he’s rich. He could burn cash as a fuel if he wanted.”

Under the table, Liu Yufen’s feet jabbed over mercilessly.

Liu Yufen looked at Li Hang, saying, “Child, I know you make quick-money from gambling.”

“However, making money from vices is still fundamentally wrong. You should seek a

proper employment.”

“Also, do not ever spend money like this again.”

Li Hang opened the bottle and poured a cup for Xu Xiaoyang personally.

“Ma, spending on all of you makes me happy.”

“What’s more, if I don’t spend them, what should I do with it? I can’t just leave it to rot.”

The moment he said this, a huge thumbs-up came from Xu Haoran.

“Well said! Brother-in-law, I think...”

“Shut up!” Simultaneously, stern voices cut-in from Xu Muqing and Liu Yufen.

Sorrowfully, Xu Haoran’s head drooped.

Staring at the fermented vegetable steamed fish on his plate, he sighed.

“I’m just like this fish. Sour, incompetent and excessive.”

*Bam!*

Suddenly, the doors were kicked open!

A chilling breeze swept in.

Bone-chilling!

A cold shiver ran down their spines!

Facing this, Xu Muqing could feel her own neck retreating into her body.

Turning to face the door, she saw someone at the door.

He was not tall. In fact, he was rather lean.

However, his gaze was sharp and piercing, like a well-polished and maintained blade.

He opened his stride and casually walked in.

“Hey! Who the f\*ck are you?”

Xu Haoran was about to burst forward, however, a strong palm pushed him down.

Li Hang had appeared beside Xu Haoran without anyone noticing.

His face was cold and expressionless.

“I will settle this.”

The man who burst through the doors was the hitman hired by the Cui family with an

extravagant reward, Master Ye!

Master Ye stood unwaveringly, his piercing gaze landing on Li Hang.

Then, he laughed.

Ice-cold!

Merciless!

“Tonight, anyone with the surname Xu will die!”

“Rascal, if you do not belong to this family, get on your knees and kowtow. Then, I will let you go!”

“Otherwise, DIE!”

Master Ye’s pupils enlarged and his menacing aura erupted!

However, Li Hang was unfazed. Instead, he replied plainly, “Let me give you a chance too. Kowtow and I will let you live.”

“Hahahah!” Mocking laughter!

“WAHAHAHAHH!” Maniacal guffaws!

“Baseless cockiness! You are courting death! Since you want to die so badly, then

I'll satisfy your request then!"

Like a biting cold gale, Master Ye charged ferociously at Li Hang.

“Time to die! Ah, ahh, argh!”

Following his arrogant declarations, hoarse shrieks like that of a chicken in a slaughterhouse was heard as his throat was crushed.

Despite his fiery threats, he was lifted up into the air by Li Hang, with a huge gap between his feet and the ground.

“Crack!”

“Crack!”

“Crack!”

With each gentle movement of his grip tightening, the bones of Master Ye’s throat can be caught letting off cracking sounds.

He struggled hopelessly like a featherless chicken in the face of death, overwhelmed by desperation.

On the other hand, Li Hang seemed oblivious to the relentless squeals as he stroll along with Master Ye in his grip.

A Bentley was parked not far away from the

building. Inside the car, Cui Haifeng and Cui Tianci were leisurely chatting.

“With Mater Ye back, we can finally have a good rest.” Cui Tianci said, rocking his feet.

Cui Haifeng nodded in agreement and said, “Master Ye’s strength is top notch within Ning Province. With him taking the matters in his own hands, the Xu Family is dead meat!”

His gaze showed off a fierce glimmer.

“Pa, what a shame that Xu Muqing has to die though...”

Cui Tianci’s threw his son a glance, “She is just another woman; it doesn’t matter if she’s dead.”

“The moment we get this project by the Tianyi Group, you can get any woman that you want.”

“Didn’t you like toying with the famous artiste?”

“In some time, I will bring you to Shanghai. There are more beautiful celebrities and models than you can ever imagine!”

Instantly, Cui Tianci’s eyes lit up with

enthusiasm.

“Pa, are you for real?”

“I can toy with the celebrities?”

Cui Haifeng arrogantly lifted his chin and smirked, “Women are mere playthings for the rich.”

“Hehe, Pa, you are too kind to me.”

“Pa, Master Ye has been gone for so long. Why is there no news?”

“Could it be...that he is having some fun with Xu Muqing?”

“CRASH!”

Out of the blue, a heavy object fell heavily onto the roof of the car.

The father and son jolted up in shock.

Looking up, there was a clear dent, in the shape of a body.

Cui Tainci got off the car hurriedly.

When he saw the figure on the roof, his pupils instantly dilated! Fear paralyzed him and he crumbled to the ground, horrified!

“Pa! PA! Master... Master Ye...! Master Ye is... dead!”

Cui Haifeng’s jaws dropped, and gasped.

He shifted his gaze and took a fearful glance at the position of the Xu Family’s house. Under the dim alleyway lights, he saw a dark, tall silhouette.

A man was hovering above them. Those vicious sharp eyes caused Cui Haifeng to be petrified even when there was a huge distance between them. It was terrifying.

“Quick! Get in the car! And let’s go!” The two Cuis fled in panic.

Li Hang stood at the side of the alley, his eyes shone with scorching menace.

...

At top speed, the Bentley bolted away.

Along the way, they received a call and learnt that Huang Lamei had woken up. They changed course and rushed to the hospital.

“What? Master Ye is all beaten up?” Upon learning the news, Huang Lamei’s expression darkened.

The old lady fell silent.

Despite her gloomy face, her eyes remained sharp. With a sullen gaze she scanned her son and grandson.

Cui Tianci was flustered and his eyes flickered uneasily. On the contrary, Cui Haifeng remained collected and calm, just like Huang Lamei. His beady eyes darkened with anger.

As though she saw through her son's thoughts, she asked, "Tell Ma what is in your mind?"

Cui Haifeng lifted his head and smiled. Despite the horror and panic he had been through, he still had the calmness expected of a CEO.

Cui Haifeng replied, "When Master Ye returned, he told me that he went to Jiang Province to visit his brother and they had intended to come back together. However, something cropped up and his brother will only arrive a few days later."

"When disaster struck, I had contacted his brother immediately." He added.

Upon hearing that, Huang Lamei's gaze lit up brightly. "If I recall correctly, this brother of

his is also from Ning Province. When he is younger, he held the title of the Fastest Blade of Ning Province!”

Cui Haifeng nodded with a smile, “Indeed, that is him! The Fastest Blade of Ning Province, Zhou Cheng!”

“In a few days, Zhou Cheng will be here.” He continued.

“Ma, Master Ye also told me that Zhou Cheng did not return just to visit his relatives. Apparently, Jiang Province had already received the news about big development plans in Ning Province shoreline areas.”

Huang Lamei nodded. Being one of the most powerful families here in the province, it was only natural that she had learnt of this news. It was also because of this that she utilized all resources to rob the Xu Family of the Tianyi Group’s project.

Huang Lamei’s brows puckered as she looked at her son, saying, “Behind Zhou Cheng is one of the four most esteemed families in Jiang Province, the Huang Family. Undoubtedly they have their eyes on this project too and hence he was sent here to Ning Province.”

“So it is!” Cui Haifeng suddenly broke into a smile, “Our Ning Province is going to rise up like a star! Many powerful parties will try to make their way in soon. By then, we need to be on the favorable side. We can not only reap massive gains but even take a leap straight to the top!”

“When that time comes, the entire province will be at our feet!” As he spoke, he turned to Cui Tianci and said.

“Zhou Cheng will arrive in 2 days. You will go and welcome him personally. This Zhou Cheng is slightly special. He’s both a glutton and a lecher. Use these traits and tempt him to destroy Xu Xiaoyang and his family.” She added, “So long as they die, this project will be ours!”

With absolute confidence, Cui Tianci nodded, “Pa, leave this to me!”

The evening of the second day.

Li Hang and Xu Muqing had just gotten off work. The moment the doors opened, Xu Haoran sprinted towards them.

“Sister! Sister! Bad news!”

Seeing his panic-stricken face, Xu Muqing asked worriedly. “What’s wrong? Did Pa’s leg

act up again?"

"No that! Pa is planning some big plans to take over the province, and reign supreme over the country! Gosh! Pa even took out all the notebooks he had from decades ago! They are all packed with words and notes! I'm stunned beyond belief!"

"Sister, could it be that our father is some secret spy grinding through the low period of life, just waiting for the perfect moment to strike back!"

"SLAM!" From the kitchen, Liu Yufen walked out and smacked her son at the back of his head and commanded, "Dinner time!"

As they ate their meal, the atmosphere at the table was odd. Li Hang buried his face in his food, minding his own business. As usual, his mother-in-law had whipped up a table full of delicious food. Sweet vinegar pork!

"Hmm...Ma, why is it loin and not ribs today?" As if he would never grow to care for others, Xu Haoran picked up a piece of delicious, aromatic loin and shoved it into his mouth.

As he chewed, she replied, "The loin meat was on discount today. Also, the prices for

ribs also had increased.”

As she spoke, Liu Yufen personally picked a piece of meat for Li Hang.

“Thank you, Ma!” Li Hang smiled at the gesture only to be teased by Xu Haoran, “Ma, Brother-in-law is more like your own biological son!”

“What do you mean by like? He IS my son!”
