"You madmen can try and threaten me, but once I make a call to a few of my brothers in An Hai, they'll come over and dispose you all at once."

"As for your sister-in-law, hahahaha! I'll have my several hundred brothers take good care of her then!"

Suddenly, Meng Xiaojun stopped laughing.

He felt a chill down his spine.

It felt as if he had fallen into an ice hole in June!

An unprecedented cold sensation rose from his feet, all the way up his forehead.

This was followed by a surging heartbeat.

It was as if he had been grasped by something invisible.

The horror!

The fear was so intense that even his tongue trembled involuntarily and his breathing became irregular.

What was going on?

Why was this happening?

## Chapter 111 Rocks And Bullets

As Meng Xiaojun was bewildered, Zhang Pengfei and all his members turned to look at the site's main entrance.

At that moment, there was someone standing by the door!

Li Hang - he had arrived!

Without a word, Li Hang bent down and picked up a rock.

He weighed it in his hands.

Suddenly, with a turn of his body, he launched it.

It vanished!

The rock moved so quickly that it couldn't be seen!

In the blink of an eye, the thug leader next to Meng Xiaojun suddenly let out a cry!

The rock had flown at a speed that could not be discerned by the naked eye, and it hit the thug right in the eye!

The moment Meng Xiaojun was distracted by the screams of the guy next to him, Li Hang made his move.

## Chapter 111 Rocks And Bullets

He gently lifted his right foot.

His right toe had barely touched the ground.

But everyone could see that the place he stepped on suddenly caved in!

Li Hang's physical body turned into a shadow!

Zap!

He was like a bullet!

It was as if he could cut through air!

Meng Xiaojun hadn't even recovered from the shock of seeing his follower getting injured in such a gruesome way.

But Li Hang's hand was already right in front of his eyes.

He grabbed Meng Xiaojun's wrist with extreme precision and broke it.

Crack!

The right hand Meng Xiaojun had used to hold his dagger was instantly snapped by Li Hang - as if it were a withered tree branch!

Li Hang embraced Xu Muqing in his arms.

## Chapter 111 Rocks And Bullets

At the same time, he landed a kick on Meng Xiaojun's belly.

Bam!

The sound made was similar to that of two speeding cars colliding.

Meng Xiaojun was sent flying by Li Hang, and his body crashed into the office wall.

The impact was so strong that he made a big hole on the makeshift office wall!

This was followed by the trunks of two big trees right next to the office snapping into two.

Meng Xiaojun ended up in the bushes; his fate left unknown.

Zhang Pengfei and his men, who were on standby, rushed into the office like wolves and knocked all the remaining thugs to the ground.

Li Hang hurriedly lowered his head and checked on Xu Muqing.

He noticed a scratch on the back of her hand.

The bleeding had stopped, but the remaining traces of dried blood made the wound clearly visible.

## Chapter 111 Rocks And Bullets

When Xu Muqing saw Li Hang looking at her hand, she noticed a very tender expression in his eyes, along with a feeling of compassion she had never seen in him before.

His eyes looked soft and warm.

They were like a stream under the sunshine in March- clear and bright.

"I'm fine. It's just a cut I got when they broke my car window."

Xu Muqing smiled warmly at Li Hang.

Li Hang then turned to Zhang Pengfei. "Find the guy who broke her window. Break his limbs and toss him into a cesspit."

Wang Xiaoqi hurried over and spoke to Li Hang while pointing at the man tied against the tree trunk.

"Mr. Li, that's the guy who said all those nasty things about the General Manager over the phone just now. What do you want to do with him?"

Li Hang glanced at Wang Xiaoqi, and then said, "Dig a hole and bury him in it, leaving his head out in the open."

"Let him out only when the grass around him has grown to become as tall as his head."

"Got it!" "Leave it to me."

Looking at Wang Xiaoqi's bouncy figure, Li Hang suddenly asked, "Would you be interested in joining the training camp?"

"Yes!" "Of course I am!"

"Report to Zhang Pengfei tomorrow."

Then, Li Hang called the only female in his team over.

He said to Xu Muqing, "Her name is Chen Guo. From today onwards, she'll be your bodyguard and driver."

Chapter 112 Still A Ning Province Local Specialty

"Take her with you no matter where you go."

Xu Muqing did not refute Li Hang's kindness. She stretched out her hand to Chen Guo.

Chen Guo quickly unloaded all the heavy objects that were attached on her body.

When she unlatched the two weights on her arms and threw them onto the ground, a loud sound was heard. Bang!

The sound made Xu Muqing jump.

She had not expected that a frail-looking girl like Chen Guo would carry such heavy items on her body!

It was only after Chen Guo cleaned her hands on her clothes that she shook hands with Xu Muqing, with a goofy smile on her face.

.....

Ma Nanling was at home waiting for Meng Xiaojun's news.

It's was getting dark, but there was still no phone call from him.

According to his plans, Meng Xiaojun should have called about two hours ago.

## Chapter 112 Still A Ning Province Local Specialty

But after so long, his phone was still silent.

Ma Nanling started to become suspicious.

Right at that moment, a subordinate rushed in.

"Master, the Second Master's been captured!"  
"Everyone he brought along was wiped out too!"

"What!?" Ma Nanling thought he had heard wrongly. He made the subordinate repeat himself.

When he heard it again, he couldn't believe it.  
"What on earth happened?" "All the men he brought over were elites from the Underground!"

"Altogether, those guys can hold their own fort in Ning Province's Underground world!"

"How could they not be able to take down merely some construction workers?"

The subordinate hurriedly replied, "I don't know the details, but they sent one of our men back, with a sign on him saying 'Ning Province Local Specialty'."

Ma Nanling dashed out of his room.

Upon reaching his living room, he couldn't help

but lift his hand and pinch his nose.

Because the living room was engulfed by a strong stench.

The thug who injured Xu Muqing laid there paralyzed - he could now only move his neck.

Once he saw Ma Nanling, he shouted, "Master!" "Master!" "Please rescue our brothers!"

"They dug a hole and threw all our brothers into it!"

"They even made people defecate and urinate into the hole!"

Ma Nanling finally understood why this guy smelled so awful.

It was the stench of urine and excrement.

Ma Nanling roared, "Summon all of our brothers and send them to Ning Province!"

The entire An Hai shook.

Ma Nanling, the No. 1 Tyrant of An Hai's Underground world, gathered all his brothers.

A total of more than 20 vehicles thundered their way towards Ning Province!

## Chapter 112 Still A Ning Province Local Specialty

The construction site was awfully silent at night.

The only sounds were those of dogs barking in distant villages.

Just then, came one car after another, turning the corner from the distant road and swiftly driving towards the construction site.

The vehicles stopped in a row.

The doors opened, and out came a massive, vicious-looking group of gangsters with weapons in their hands.

100.

200.

There were at least 300 of them!

## Chapter 113 Enough Nonsense

"Where are they?" "Did they all die?"

A huge guy shouted from among the crowd.

He was standing right next to Ma Nanling.

Ma Nanling stared intensely at the scene before him, slowly leading his people forward.

Just then, they saw light.

A beam of light shone from up high, hitting the ground.

Li Hang was standing right in the middle of it.

When Ma Nanling saw that he was alone, he let out a cold laugh.

"Punk, stop acting mysterious there and call your boss Liu Delun."

Li Hang didn't respond. Ma Nanling continued, "Liu Delun, I'm Ma Nanling from An Hai. Today, I'm here for two reasons."

"One: to rescue my brothers." "Two: to break your limbs."

"Ning Province is just too small. You can try to hide like a tortoise in its shell, but I'll still find you and crush you."

Once Ma Nanling finished speaking, everyone behind him began to shout incessantly, threatening to beat and kill.

Ma Nanling immediately raised his hand.

He caught sight of Liu Delun appearing from somewhere not too far off, standing behind Li Hang like a henchman.

"Liu Delun, what are you doing standing behind a little punk?"

"Are you afraid, by any chance?" "If you are, kneel at my feet now."

Standing behind Li Hang, Liu Delun responded coldly, "Ma Nanling, you are indeed as they say: a rabid dog that goes around biting people."

"But in front of my boss, you're nothing but a poodle wagging its tail."

"You wanna die!?"

The men behind Ma Nanling were triggered.

Chapter 113 Enough Nonsense

Before he could finish speaking, Li Hang glared at him.

The moment they met eyes, Ma Nanling instantly felt a chill in his heart.

He's the overlord of An Hai!

How could he display such weakness in front of a young man like Li Hang, just by looking at him?

Liu Delun suddenly clapped his hands.

Immediately, a ray of light shone not far from Li Hang's right hand.

It shone towards a pit.

From the strong pit came a horrible stench.

Ma Nanling sent two underlings to take a look.

Immediately after approaching it, they took a step back. They covered their noses and shouted.

"Boss!" "The Second Master is down there! It smells so nasty!" "They pissed and crapped down there!"

Ma Nanling pointed at Li Hang. "Punk, what the

hell are you up to?"

Li Hang finally spoke.

"It's simple. I shall stand right here. If you and your men can touch any part of my body, I will grant all your requests."

"But if you can't..."

As he continued, he snapped fingers. A few more lights turned on next to him.

## Chapter 114 A Punch To The Flesh

The lights shone towards even more pits. They all reeked of the same smell.

"The hole's been dug for you all."

"You wanna die!?" "Finish them off!" Ma Nanling roared, followed by the cries of his subordinates.

At once, a huge number of men headed towards Li Hang and Liu Delun.

Just as they were doing so, another group of people slowly appeared from the darkness behind.

Two teams led by Li Erniu and Zhang Pengfei respectively greeted the gangsters from their left and right.

They were like wolves coming out of the forest to hunt.

Each of them possessed the characteristics of savages.

Once they showed up, Ma Nanling's side immediately had casualties.

The savages brought up by Li Hang pummeled Ma Nanling's men like armored vehicles.

## Chapter 114 A Punch To The Flesh

Meanwhile, Li Erniu and Zhang Pengfei were as tough as tanks, annihilating everyone in their way.

Their fists met their opponents' faces, punch after punch.

In an instant, someone's nose broke!  
Someone's bones shattered! Someone's tooth flew!

They were unstoppable.

Countless fists continued to batter the An Hai's gangsters.

Screams of pain resonated across the entire site.

Punches to the flesh were all that could be seen.

Wails and cries were all that could be heard.

This wasn't a fight - this was a mass murder!

Ma Nanling started to feel a great fear.

The No. 1 Tyrant of An Hai was actually afraid.

For he could see that his subordinates were slowly depleting.

## Chapter 114 A Punch To The Flesh

They were depleting at the speed at which chives were being cut with a sickle!

That's right - they were like chives!

It was as if they had delivered themselves as crops to Li Hang's doorstep, letting him harvest them!

Within less than 10 minutes, not a single one among the 300 were left standing.

As for Li Erniu and his men, they may have been wounded.

They may have the blood of their enemies on them - but none of them had fallen.

They each possessed some kind of wilderness that normal humans didn't.

They were a pack of wolves that would feed on the flesh of humans and leave nothing, not even their bones.

And Li Hang, who had been standing still all along, was the king of the pack!

Ma Nanling finally understood why Liu Delun called Li Hang his boss.

But it was now too late for him to run!

## Chapter 114 A Punch To The Flesh

Ma Nanling stood there alone, like a tree in a desert.

There was no one else around him.

His legs were shivering.

His breathing was quickening.

For the pack of wolves had already surrounded him.

"D-don't mess with me! I'm telling you, I have backup!"

"I have people from the Capital behind me. If you dare touch me, they'll never forgive you!"

"You think you're a somebody just because you call the shots in a tiny place like Ning Province?"

"You're nothing but a lingering ant in the eyes of the gangsters up north!"

Li Hang finally moved!

He walked towards Ma Nanling steadily, step after step.

"Let's settle a bill."

"Your men came over and beat up my workers."

"One of them--the project manager--was beaten so badly that he's being hospitalized now."

"The doctor said he needs to remain there for at least 3 days."

"Considering all the fees incurred from medication, mental distress and loss of productivity, your total adds up to..."

"Not much; just 2 million."

Upon hearing that Li Hang wants money, Ma Nanling breathed a sigh of relief.

He figured, if all Li Hang wanted was money, then settling this matter would be a breeze.

Furthermore, he couldn't help but laugh inwardly when Li Hang asked for only 2 million.

## Chapter 115 Screwed Over

He's young after all, and probably sheltered - that must be why he thought 2 million was a lot.

Just when Ma Nanling thought this, Li Hang continued, "Your subordinates destroyed a lot of equipment needed for the project, as well as the office. I'll charge you 1 million for that."

Ma Nanling readily agreed. "No problem! Piece of cake."

By now, Li Hang was already standing in front of Ma Nanling.

He continued on.

"Your subordinates damaged my wife's car and made various verbal threats against her."

"Most importantly, they injured her hand."

"So I demand compensation from you, say about..."

"It's no problem, just name your price." Ma Nanling was started to become impatient; he just wanted to hurry out of there.

"Not much, just 200 million."

Ma Nanling pupils dilated. "Y-you're

blackmailing me!?"

He pointed at Li Hang.

But the moment he lifted his arm, Li Hang swiftly grasped the An Hai man's hand in his own and gave it a squeeze.

Crack!

What followed was Ma Nanling screaming in pain.

Li Hang had just easily crushed all five of his fingers!

"Like I said, it's not a problem if you don't pay up."

"I'll just break every bone on your body."

"Then I'll toss you into the non-recyclable trash bin at the factory entrance and have you sent straight to the incinerator."

Those words smoothly rolled off Li Hang's tongue.

He meant what he said, but it was from his eyes that Ma Nanling felt intense fear.

He couldn't reject; he dared not reject.

## Chapter 115 Screwed Over

"Alright!" "You want 200 million; I'll give you 200 million!"

He frantically took out his phone from his pocket and called some subordinates who stayed downtown in Ning Province.

His original plan was to wipe out Li Hang and his men.

Then he would break into his house, grab Xu Muqing and drag her to a hotel.

"Don't rush; there's still one more thing we haven't settled."

Hearing Li Hang's words caused his legs to tremble involuntarily. He could no longer stand.

"You're already getting 200 million from me! Is that not enough!?"

"This time, it's a ransom." Li Hang replied flatly and continued, "I believe you brought around 400 of your brothers with you this time round."

"I've managed to subdue all 400 of them."

"So if you want them back in An Hai safe and sound, pay up."

"It won't be a lot - just 100,000 per person."

## Chapter 115 Screwed Over

40 million!

Needless to say, the ordinary folk would never get to earn such an amount - not even if they lived dozens of lifetimes.

However, Ma Nanling had no choice but to pay up!

Without these subordinates, he'd be done in by his enemies immediately upon returning to An Hai. He wouldn't live to see another day.

Shortly after, Ma Nanling's subordinates staying in downtown Ning Province had rushed over.

The moment they got out of the car, they were so terrified that they slumped to the ground.

God, are these guys even human? This is too frightening!

Don't even mention fighting.

Just standing here talking to them face-to-face would take great courage!

It was absolutely distressing, but Ma Nanling resigned himself to it and paid up.

All the money went into Liu Delun's bank account.

## Chapter 115 Screwed Over

After that, Ma Nanling immediately left with his injuries.

He refused to remain in that place any longer.

At this point, deep in his heart, the man was berating Su Fanghua to no end.

Su Fanghua obviously intended to screw him over!

Chapter 116 Golden Knife Gang

After they left, Li Hang turned to face Liu Delun.

"Everyone worked hard today, so I will award you all 1 million dollars each."

Li Erniu and Zhang Pengfei waved it off.

Li Erniu replied earnestly, "Boss, our wages are considerably high now."

"Wages are wages, but this is your bonus."

"And I want make it clear to everyone that as long as you work hard and continue to strive for success, everything you deserve will be yours."

After listening to Li Hang, Li Erniu and the rest of the accomplices pledged that they will be disciplined in order to complete the challenges posed by Li Hang as soon as possible!

Li Hang continued speaking to Liu Delun, "The infrastructure in the surrounding area is too shabby."

"The road from the city to here is bumpy and uneven."

"Apart from giving an allowance of 500 thousand dollars to every injured construction worker, put in the remaining money to build a better infrastructure for the surrounding

villages."

"We mustn't be penny-pinching when it comes to necessary expenses, because we need to depend on the customers from the surrounding villages once the project is completed."

"Understood, Boss!"

Liu Delun was not upset about spending the money.

Even though 400 million dollars was not a small amount to him.

He didn't feel upset at all.

Instead, he was very excited!

Li Hang spent 400 million dollars in the blink of an eye.

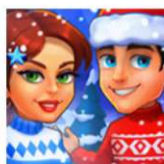

And he literally threw the money at other people.

Building roads and repairing bridges are noble deeds that will benefit the future generations!

.....

The Huang family in Sheng City was completely done for.

Miao Le utilized the entire domination of his family to seize all properties of the Huang family in the shortest time possible.

And this included all forces of Zhang Quanwu and Zhao Beilin.

Nevertheless, Miao Le was not from the underworld.

Once he seized the territories, he voluntarily handed them over to Master Dao.

Master Dao was a legend in Sheng City.

## Chapter 116 Golden Knife Gang

He used to rule the entire Jiang Province with Boss Tiger.

Although they often competed with each other, they were also sworn brothers.

Since Boss Tiger retired, the entire Jiang Province had been under Master Dao's control.

Meanwhile, Miao Le was sitting in Master Dao's Golden Knife Club.

Even though this wasn't the first time Miao Le had come here.

He was still rather nervous while sitting on the redwood couch.

He was afraid to look up.

This was because the well-known Master Dao was sitting in front of him like a mighty lion.

"Mr. Miao, we always say gifts blind the eyes."

"Now that you offer that jerk's territory to me, what should I give you in return?"

Master Dao's voice boomed clearly.

It was as loud as a tower bell!

## Chapter 116 Golden Knife Gang

"Master Dao, I have a small request. I want a man's head."

Master Dao's eyes squinted, yet he did not utter another word and waited patiently for Miao Le to continue speaking.

When Miao Le was finally bold enough to look at Master Dao in the eyes, he said, "His name is Li Hang and he is in Ning Province." "He killed my younger brother, and I want to avenge him."

"I am getting older and have been maintaining a vegetarian lifestyle and reading Buddhist's sacred texts."

"Killings and fighting are no longer suitable for me. Meet my granddaughter tomorrow and see if she's interested in it."

Miao Le's eyes lightened up once he heard this.

Yao Ruonan, the granddaughter of Master Dao, was also the deputy leader of the Golden Knife Gang!

## Chapter 117 A Long Conversation Between A Man And A Woman

She was not only one of the most prominent masters in Sheng City, but also one of the four beauties in this city.

The men who courted her were countless!

But she was particularly choosy and did not think highly of them.

Usually, no ordinary men would dare get near her!

Miao Le was excited as he left the Clubhouse.

The door behind Master Dao soon opened.

A tall, slim and elegant beauty came out.

She was different from ordinary girls.

She was wearing a suit.

And she had a clean short hair.

Yet this did not conceal her charm and gorgeousness.

"Grandpa, won't you worry that I might kill him when I meet him?"

She spit out her words fiercely with her sexy and rosy lips.

## Chapter 117 A Long Conversation Between A Man And A Woman

Master Dao laughed and said, "My girl, you are not young anymore, and your grandpa has been racking my brain to find a suitor for you."

"Miao Le is not a bad choice as he is ambitious and resourceful." "You two will be a good match."

"I am not into this type of man." "Also, I told grandpa this a few years ago."

"Whoever wants to be my man- he has to defeat me first."

Master Dao looked at his granddaughter dotingly.

He heaved a sigh and said, "Which young man in the entire Jiang Province could possibly defeat you?"

"I don't care. I will never alter the vow that I have made." "Plus, I despise scoundrels who are only good at wheeling and dealing."

Master Dao reluctantly said, "Fine, it doesn't matter if you're into him or not."

"Your Grandpa Tiger's birthday is coming soon, but I can't walk much as my legs are sore and swelling. You will go to Ning Province on behalf of me."

"Great!" "I haven't seen Grandpa Tiger for ages."

Master Dao suddenly said, "But with one condition: You are bringing along Miao Le to Ning Province."

"If you don't like him, I will inform him about your decision once you return from Ning Province. And if..."

"There's no if. Such man like him doesn't deserve me." Yao Ruonan interrupted him straightaway.

.....

Meanwhile, Su Fanghua was gloomily reading the report in his hands.

"I've never expected that Liu Delun could defeat the top thug in An Hai. It appears that there is someone behind Liu Delun."

His secretary beside him immediately said, "Sir, Ma Nanling is not an ordinary man." "I'm sure Liu Delun knows it."

"But considering that Liu Delun dared go after Ma Nanling, the forces behind him must be powerful!"

"In order to ascertain Liu Delun's background, I

will go to Ning Province by myself."

His secretary said in bewilderment, "Sir, are you sure about going to Ning Province?"

Su Fanghua grabbed the tiny gift box beside him, which contained several pieces of sandalwood worth 200 thousand dollars.

"Boss Tiger's seventieth birthday celebration will be coming in a few days."

"All well-known figures in our Sheng City will rush to Ning Province."

"I can't be absent from this feast."

"And I have long awaited to meet the General Manager of Lingxiao Group in person."

His secretary seemed to have recalled something and said, "Sir, I accidentally got wind of some news."

"Miss Xu has a cousin who is now working in a subsidiary of our Group."

"Oh?" Su Fanghua's eyes sparkled and he promptly said, "Tell her to come here."

His secretary seemed to know what would be Su Fanghua's reply.

"I have booked a room in the hotel and decorated it."

"Tonight, Miss Xu's cousin and you will have a nice and long conversation."

Cui Haifeng couldn't help but reproach Cui Tianci every time he saw Cui Tianci coming in such haste.

But before he could open his mouth, Huang Lamei who was sitting next to him spoke first.

"Kid, how many times have I told you?" "You must always be calm and steady."

"Look at Master Su. Have you ever seen him getting shocked or surprised so easily? "

"You have to understand that a great man must be unflappable."

"No matter what you have heard, the first thing that you must do is not to be panicked, but to look for solutions."

Huang Lamei rambled for quite some time before she asked him, "Tell us, what's going on?"

"Grandma, Taian Corporation which was painstakingly established by you and grandpa has been sold by Master Su!"

"Bang!"

Huang Lamei banged her fist heavily on the table, jumped up and said, "What did you say?"

## Chapter 118 Deadly Trap

"Say it one more time!" Huang Lamei pointed at Cui Tianci with her trembling finger due to immense anger.

Cui Tianci did not dare utter another word when he saw that Huang Lamei's face was in a horrible expression.

"Say it now!" "Tell me exactly what happened?!"

Huang Lamei, who was used to be mature, steady and unflappable, looked exactly like a small kid when she was agitated.

Her entire face turned red.

Cui Tianci looked at Cui Haifeng who nodded in response, then said, "Grandma, I have just received the news from Ning Province."

"In order to go after Liu Delun, Master Su sold our Taian Corporation to Ma Nanling, the top thug in An Hai."

Cui Haifeng abruptly added, "Master Su made a brilliant move!" "A stroke of genius indeed."

She scolded at them angrily, "A stroke of genius my foot!"

"I worked so hard to establish Taian Corporation for the past decades, yet Master Su sold it to other people."

"It's crystal clear that he doesn't want us to return to Ning Province."

"Master Su wants to burn our boats, and we will never be able to return to Ning Province!"

Cui Tianci continued, "Grandma, there are more devastating news to come."

"Ma Nanling mobilized his entire force in An Hai with dozens of cars and marched towards Ning Province."

"Yet, he was ambushed by Liu Delun."

"They were not merely injured, but also extorted by Liu Delun."

"In order to save his own life, Ma Nanling sold all businesses and companies of Taian Corporation to the old jerk, Xu Xiaoyang with a much lower price!"

After hearing this, Cui Tianci fiercely banged his fists on the table and cursed.

"Xu Muqing, you damned woman! How could she have put Liu Delun under her thumb so well?"

"Why would Liu Delun surrender all of the benefits he reaped to Xu Muqing?"

At this moment, Huang Lamei calmed herself down.

After all these years of overcoming challenges, she knew deep down that getting infuriated won't help at all.

Cui Haifeng quickly said, "Mom, we must not allow Xu Xiaoyang and his family to continue prospering anymore."

Wang Lamei grimaced in anger.

"The Huang Family is as good as dead."

"And we are forced to leave Ning Province and be under someone else's thumb."

"I will not allow Xu Xiaoyang and his family to live so comfortably!"

Cui Haifeng quickly asked, "Mom, do you have any good ideas?"

Huang Lamei sneered and said, "Lei Feifei used

"Tian Mingqiang?"

Cui Haifeng went blank for a while and quickly jumped up.

## Chapter 119 I Am A Little Bird

"This guy is well-known for being bad-tempered and is revered as one of the Four Kings in Sheng City."

Huang Lamei's eyes shined sinisterly.

"If we tell Tian Mingqiang that Lei Feifei is missing, what will he do?"

Cui Tianci and Cui Haifeng held their thumbs up simultaneously and said, "Mom (Grandma), this is indeed a brilliant move!"

.....

"Sometimes I think I'm just a little bird. I wish to fly but could never reach the sky...."

In a photo studio of an advertising company in Ning Province.

Xu Haoran was modestly dressed and was playing his guitar in front of the cameras.

To be honest, he didn't really sing well.

But Xu Haoran had something special that others didn't possess.

He was modest.

He looked funny at times.

## Chapter 119 | Am A Little Bird

But more frequently, many people could see that he was a young man who sincerely loved music deep in his heart.

Li Hang employed several screenwriters to write a completely new screenplay based on Xu Haoran and his family.

Xu Haoran was a young man who had had big dreams since he was young.

He was principled and incorruptible.

His family had risen prominently, with his dad becoming the Chairman and his sister becoming the General Manager of the Group.

Nevertheless, he was still holding onto his old guitar and kept singing in bars to realize his musical dream.

Also, Xu Haoran was gifted with some unique skills.

The incident that happened in the bar were secretly recorded by the waiters.

Once the video was uploaded to the internet, it became viral and received much attention from a lot of netizens, particularly people from the Ning Province.

## Chapter 119 | Am A Little Bird

Xu Haoran eventually became the spokesperson of Lingxiao Group under the Group's branding strategy.

He took some advertising jobs as an inspirational singer.

Li Hang was actually indirectly helping Xu Haoran to realize his dream to be an artist.

Once Xu Haoran finished singing a song, he took his guitar and ran excitedly towards Li Hang and Xu Muqing.

"Sister, Brother-in-law, did I sing well?"

Li Hang and Xu Muqing shook their heads simultaneously and replied, "It wasn't up to much."

Xu Haora looked up arrogantly and said, "That's because you guys don't understand music at all."

"One day, I will find my muse."

"She will be obsessed with my dream about music."

Xu Muqing wanted to hit on Xu Haoran's swelling head.

## Chapter 119 I Am A Little Bird

At this moment, Zhang Xiaoping rushed into the room hastily.

"General Manager, the representatives of Su Group had just reached our headquarters, and the Chairman wants you to be in charge of welcoming them."

"Alright, I will be right there."

The representatives of Su Group soon reached the main building of Lingxiao Group.

Xu Muqing led her own team to wait for their arrival at the lobby of the main building.

Soon, a majestic black Hummer stopped at the entrance of the building.

A man in a suit got out of the car, opened the car door and bowed in respect.

A fair-faced Su Fanghua who was wearing a French-tailored suit, got out of the car under everyone's gazes.

Many ladies near Xu Muqing were thrilled to see him, so much that their hearts completely melted.

"Wow, he is so handsome!"

## Chapter 119 I Am A Little Bird

"This is the legendary top young master in Jiang Province, and he is even more good-looking than some celebrities."

"Oh no, I can't handle this. I'm about to faint now. Please help me."

While these young ladies wanted to throw themselves into Su Fanghua's embrace, Xu Muqing only looked at him with a calm expression.

Xu Muqing came up to Su Fanghua and gave him a mild smile.

"Pleasure to meet you!" "I am Xu Muqing, the General Manager of Lingxiao Group. Master Su, welcome to our Group to discuss our cooperation."

Xu Muqing was neither arrogant nor humble as she spoke.

The way she looked at Su Fanghua was no different from when she looked at the strangers on the streets.

And Xu Muqing's attitude completely triggered Su Fanghua's strong desire to conquer Xu Muqing.

## Chapter 120 That's My Girl

That's my girl. She is indeed exceptional.

Hmm, just act innocent and arrogant all you want.

I will soon reveal your true character when I strip you naked, and you will beg for mercy underneath me!

"I have heard that Miss Xu is a rare beauty, and yet it appears to be untrue!"

"Master Su's absolutely right; I am actually plain-looking."

Ah?

Su Fanghua was stunned.

Why is Xu Muqing so unpredictable?

He was supposed to give her a plot twist right after he said that.

He would flatter Xu Muqing by saying that she looked way more beautiful than what people had described.

But she seemed to have acknowledged the fact that she was just plain-looking.

Women loved being complimented about their

appearances by men.

But Xu Muqing was so different.

And that's my girl!

Hmm, just act modest and composed all you want.

I will soon take off your mask and strip you naked, and you will moan sexily beneath me!

Even though Su Fanghua failed with his flirting just now, he quirked his lips and smiled charmingly at her.

He held out his hand to her while making eye contact with Xu Muqing.

It was nothing unusual for businessmen to shake hands.

But Xu Muqing did not have such a habit.

Everyone who did business with Xu Muqing knew that the General Manager of Lingxiao Group didn't like to shake hands.

But this time, Su Fanghua managed to hold onto her hand.

Her hand was as soft as silk.

He couldn't stop touching it even though she was wearing gloves.

How soft would her hand be when she takes off her gloves?

"Hey, are you done with touching my hand?"

Suddenly!

He heard a man's deep voice.

Su Fanghua immediately looked up.

He realized that he was holding a man's hand!

Su Fanghua did not realize that Li Hang had appeared.

Li Hang stood next to Xu Muqing all of a sudden and held Su Fanghua's hand just like that.

When Su Fanghua realized that Li Hang was shaking hands with him, he frowned, clearly annoyed.

Su Fanghua immediately pulled back his hand and stared at the gorgeous secretary beside him.

## Chapter 120 That's My Girl

She quickly took out a pack of disinfecting wipes from her handbag.

"Excuse me; I am not used to shaking hands with people with low social status."

"I'm afraid that they are dirty and will have germs."

Li Hang removed his white gloves.

The cleaner immediately came up to him.

Li Hang threw his white gloves into the dustbin.

He said calmly.

"I'm sorry. I was just worried that I might contract HIV."

"What did you say?" Su Fanghua was enraged.

When was the last time that he, the first young master in Jing Province, was insulted?

And what's more, he was insulted by an ordinary staff who was a nobody and wearing a cheap shirt.

"How dare you? Get out of my sight!"

As Li Hang did not utter a word but merely

stood still, Su Fanghua thought that he was petrified.

He looked at Li Hang and sneered, "Security guards, send him out of this building."

The security guards of Lingxiao Group didn't move an inch.

Su Fanghua's bodyguards came up to him instead.

Before they could get close to him, Xu Muqing said grimly, "Master Su, I apologize for not introducing him to you. He is my husband."

Su Fanghua raised his eyebrows and stared at Li Hang contemptuously.

"So, you are the son-in-law who lives with your wife's family? Rumor says that you have some mental health issues."

"I am curious to know what kind of mental issues do you have?"

## Chapter 121 The First Young Master in Jiang Province

Li Hang came up to him in just one step.

Here came a fist!

Li Hang threw a punch at him.

His punch landed right on Su Fanghua's flawless face with a loud snap.

Su Fanghua was rendered senseless.

It was not until he felt a wave of heat flowing from his nostrils that he quickly touched his nose.

All of a sudden, he screamed like a little girl, "Blood!" "I'm bleeding!"

"You son of a b\*\*\*\*! You dare hit me!"

"I'm Su Fanghua, the First Young Master of Jiang Province!"

"I can easily end your miserable life in no time. Do you really want to die?"

Everyone in the lobby could hear Su Fanghua's screeches.

"Why did Master Su behave in this way?" "He is a far cry from the First Young Master that we expected."

## Chapter 121 The First Young Master in Jiang Province

"I thought he's elegant and graceful?" "I thought he's composed and decent?"

"Why does he look like a shrew now?"

The female staffs, who were obsessed with Su Fanghua just now, recollected themselves and looked at him with disgust.

The cleaner beside them shook her head while pushing her cleaning trolley, and said, "Tut, handsome men can't be trusted nowadays."

"What's wrong?" "Who dares offend Master Su?"

Meanwhile, a woman's voice came from outside the lobby.

A fashionably dressed woman who looked coquettish with her wavy hair, hurriedly rushed into the lobby.

Xu Muqing frowned when she saw the lady.

Nevertheless, she still walked up to her politely and greeted her, "My cousin, it's been a long time."

"Xu Muqing, I didn't expect you to be here."

## Chapter 121 The First Young Master in Jiang Province

Zhang Miaomiao, who was Xu Muqing's cousin, crossed her arms firmly on her chest arrogantly.

She had always been the little princess loved by everyone at home since she was young.

She was always at the top of her class.

After Zhang Miaomiao graduated with flying colors, she started working in Su Group.

She now held a senior management position in a subsidiary of Su Group even though she was still very young.

After sleeping with Su Fanghua for several nights, she was even directly promoted to be an executive in the headquarters of Su Group.

"Xu Muqing, you are just a general manager of a small corporation from the countryside. Do you even know that Master Su is a nobleman?"

"Normally you won't have any chance to meet Master Su even if you kneel and kowtow."

"But this time, if it isn't because Master Su wants to attend Boss Tiger's 70th birthday celebration, you worthless scums will never see Master Su in person."

"You ungrateful wretches dare make things difficult for Master Su?" "You will regret for what you have done!"

"Hey, your nose looks crooked."

Zhang Miaomiao was shocked once she heard Li Hang's remark.

She immediately turned around and touched her nose.

Zhang Miaomiao glared and pointed fiercely at Li Hang.

"Smelly tramp, you dare make fun of me?"

"A tramp is way better than a woman who has got fake nose, fake face, fake boobs and fake buttocks, underwent hymen repair surgery and had severe gynecological diseases for six times."

"Bulls\*\*\*!" "I am a natural beauty, and have never undergone any plastic surgery!"

## Chapter 122 Faminecare's Smell

Li Hang said to Su Fanghua whose nosebleed had stopped, "Master Su, I would advise you to go to the hospital for a checkup."

"The incubation period of this kind of disease is merely two to three days."

"Once the symptoms are apparent, your penis will fester and rot badly."

"What a shame if this happens to a handsome man like you."

Su Fanghua was frightened as well when he saw that Zhang Miaomiao's face had turned pale as sheet.

Zhang Miaomiao was coquettish and good in bed too.

Su Fanghua treated Zhang Miaomiao as a substitute for Xu Muqing for the past few days.

Therefore, they made love in the presidential suite, the passageway to the washroom, the living room in their villa, study room, and even on the grass.

If his calculations were not wrong, they had been fooling around for several days already!

Su Fanghua was petrified.

## Chapter 122 Faminecare's Smell

What if he contracted that kind of disease?

He turned around immediately.

"Master Su, that's not true."

"I have been cleaning myself up for the past two days!" "My disease was cured half a month ago..."

Zhang Miaomiao instantly stopped speaking as she realized that she had just spilled the beans!

In the meantime, Xu Haoran entered the lobby.

"Hey, my cousin, it's been a long time since we last met!"

Zhang Miaomiao did not bother to greet Xu Haoran.

Xu Haoran sniffed as she ran past him and said with a smile.

"Oh, my cousin is truly a beauty who even smells good with the slightest mint fragrance."

The cleaner beside them said out of nowhere, "That's the smell of Faminecare!"

"Master Su, wait for me!" Zhang Miaomiao quickly caught up with Su Fanghua.

Zhang Miaomiao screeched, got up from the ground and rushed towards the lobby.

"Xu Muqing, how dare you do this to me? I'll kill you!"

Before Zhang Miaomiao could enter the lobby, the cleaner splashed a basin of disinfectant over her.

"Authorized personnel only!"

"Brother Li said that the whole lobby has to be disinfected now!"

Xu Muqing was staring at Li Hang in the lift.

Inside the office.

Xu Muqing grabbed a pen and started working.

Lingxiao Group had expanded rapidly of late.

Because of that, Xu Muqing, as the general manager, had been busy with a lot of paperwork.

Meanwhile, a tanghulu was handed to her.

Xu Muqing looked at it several times and did not find any saliva on it.

She slowly bit the tanghulu.

"How does it taste?" Li Hang asked her smilingly.

A family workshop? They were the top prominent family in Sheng City, with their Su Group worth more than 100 billion!

But, come to think of it, Li Hang could easily withdraw a few billions with his black card.

To him, Su Group was really a small-scaled workshop.

Xu Muqing soon finished eating her tanghulu.

She suddenly realized that there were no seeds in the tanghulu, hence she asked him, "Where did you buy this tanghulu from?" "Why are there no seeds in it?"

"Oh, I just bit open the tanghulu and removed all the seeds using my tongue."

Xu Muqing was stunned for a few seconds, then stared at Li Hang with a pink blush emerging on her cheek and said, "You jerk!"

"Ring..."

Xu Muqing's phone rang.

After she picked up her phone, she stood up immediately, grabbed Li Hang's arm and rushed to the entrance door.

Li Hang asked her gently, "What's going on?"

Xu Muqing replied anxiously, "Dad's car was blocked by a bunch of thugs from Sheng City."

"The driver you chose for dad was hurt when he fought with them."

Zhao Si was hurt?

Li Hang looked grim once he heard this.

Zhao Si was specifically selected by Li Hang from the team to be Xu Xiaoyang's driver and bodyguard. He was the best fighter after Li Erniu and Zhang Pengfei.

Meanwhile, in an open space at the roadside.

A strong and muscular man was staring at Zhao Si who was lying on the ground.

He sneered, "Is that all you got? Train for a few more decades before you try messing with me."

The man then lifted his leg and was about to tread on Zhao Si's right arm and break it.

Xu Xiaoyang rushed towards him and said to the man, "Tian Mingqiang, listen to me. I had no idea that Feifei went missing until you told me."

"She is my neighbor, and both of our families have had a very good relationship."

"As for Grandpa Lei, I have always treated him like my real father. Why would I harm him?"

Tian Mingqiang stared at Xu Xiaoyang in wrath.

"Feifei came to Ning Province purposely to settle old scores with you but went missing afterwards. Who else should I look for if not you?"

"I'll tell you what, if you don't release Feifei immediately, I will skin you alive now."

Zhao Si who was lying on the ground struggled to stand up.

Zhao Si swiftly sprang upon Tian Mingqiang.

Once again, Tian Mingqiang beat the hell out of Zhao Si.

Meanwhile, in a luxury car not far from them, Miao Le was watching the scene through the car window with excitement.

He came to Ning Province in the hopes of getting Yao Ruonan in bed with him.

But he never thought that Tian Mingqiang actually helped him by making things difficult for Xu Xiaoyang.

Xu Xiaoyang was Li Hang's father-in-law.

If Tian Mingqiang killed Xu Xiaoyang, Li Hang would certainly fight with Master Dao.

And when that happened, Li Hang would be destined to die.

Haha! God has answered my prayers!

Miao Le was extremely thrilled.

He was enjoying the show while imagining how he would push Yao Ruonan, who was sitting

Yao Ruonan wasn't merely a widely recognized beauty in Sheng City, but also Master Dao's successor.

Once Master Dao is dead, Yao Ruonan would be the ruler of the underworld of the city of Jiang Province.

If Yao Ruonan got in bed with him now and bore him some children, the Miao Family will replace the Su Family to be the most prominent family in Sheng City!

Miao Le was exhilarated whenever he thought about it!

However, Yao Ruonan, who was sitting next to him, was rather indifferent to what she saw.

Zhao Si was, in her eyes, a minion who could fight slightly better than the average man.

Even though he had a rather formidable will, he was lackluster and obviously no match for Tian Mingqiang.

But Li Erniu who was behind Lei Feifei suddenly rushed towards him.

Tian Mingqiang laughed when he saw someone coming up to him, and said, "I didn't have enough fun just now; you came just at the right time."

Tian Mingqiang and Li Erniu were soon engaged in a violent fight.

Yao Ruonan, who was rather uninterested in the fight earlier on, raised her eyebrows slightly when he saw Li Erniu's fighting skills.

"Although this man is stronger than Zhao Si, he is still no match for Uncle Qiang."

As she expected, Li Erniu fought with Tian Mingqiang for about 30 rounds.

Li Erniu got weaker whereas Tian Mingqiang got stronger.

Soon, Li Erniu gradually became feeble and was kicked in the stomach by Tian Mingqiang.

He was sent flying due to the powerful kick.

She spread her arms wide open and glared angrily at Tian Mingqiang, "Stop beating him!"

"Feifei, what's going on?" "I'm Haiqiang."

"I know you're Tian Mingqiang." "But you can't beat him because I love this man and want to be his girlfriend!"

"You... what did you say?"

Tian Mingqiang pointed at Li Erniu who was struggling to stand up and asked, "You fell for this hick?"

"I am highly revered and extremely affluent in Sheng City. Why do you choose him over me?"

He was holding an exquisite box.

He opened the box in front of Su Fanghua and revealed a red pill in the box.

"Young master, this is the pill that I asked my man to get from Sheng City."

"We will let Xu Muqing have this pill."

"And she will lie before you like a b\*\*\*\*, and you can do anything you want to her."

Su Fanghua grinned lasciviously, "I have jumped in the sack with all types of women."

"Xu Muqing acts innocent and cute, but in reality she is just a slut."

"Everything that she possesses now is given by Liu Delun."

"Tonight, I will find out how lascivious would she be in bed by myself."

Su Fanghua looked at his secretary and asked, "By the way, are the CCTV cameras in the room all set?"

"CCTV cameras with the highest resolution have been installed at every corner as young master instructed."

"We will record the whole process when you screw Xu Muqing."

"With this video, you can easily manipulate this woman."

"And Lingxiao Group will eventually fall into

your hands."

Su Fanghua sneered, "I don't really care about the little Lingxiao Group."

"But, if Xu Muqing dares refuse, I'll make sure she will lie down before me like a dog for the rest of the day."

"By the way, I asked you to invite the two martial arts masters. Are they here?"

## Chapter 127 A Lot Of Potion

His secretary nodded, "The two martial arts masters have arrived."

"I've instructed them to break Li Hang's arms and legs."

"Then, Li Hang will be brought to you and watch helplessly as you screw his wife."

Su Fanghua laughed out loud as he was already imagining it.

"Hahaha..." "It will be a wonderful night!"

Inside another presidential suite of the same hotel.

Miao Le called his lackeys from Ning Province to meet him in the suite.

"Have you done what I told you?"

The men nodded altogether.

One of them said, "Rest assured, young master."  
"Tian Mingqiang was injured rather severely and has been admitted to the hospital."

"Tonight, only two lackeys will be accompanying Yao Ruonan."

"When it's about time, we will send them away."

## Chapter 127 A Lot Of Potion

Miao Le nodded satisfactorily.

He took out the special potion from his pocket.

He stared at the bottle viciously.

Tonight, Miao Le would have a wild night with Yao Ruonan.

He would use his strong body to conquer this untamable woman in bed.

And, Miao Le would also record the entire process.

This woman would then be firmly within his powers after tonight.

As long as he becomes Master Dao's grandson-in-law, the entire Sheng City would be in the hands of Miao Family.

He could already feel the excitement.

Miao Le laughed out loud, "Hahaha!" "Hmm, hehehe..." "It will be a lovely night!"

The hall was crowded.

Now, Lingxiao Group had become a rising star in Ning Province.

## Chapter 127 A Lot Of Potion

Xu Xiaoyang and his daughter, who were the Chairman and General Manager of the Group respectively, were both under the spotlight at the banquet.

Many public figures were eager to get close to them.

Wine was served to Xu Muqing and other many guests at the banquet.

Xu Muqing couldn't really take much alcohol.

Therefore, she was always holding a glass of low-alcoholic wine.

Xu Muqing soon finished her wine.

Xu Muqing happened to see a waitress pushing a serving cart.

There were various types of alcohols on the serving cart. Xu Muqing ordered only a glass of wine.

When pouring the wine, the waitress sneakily pulled out a red pill from her sleeves and put it into the glass.

A lot of bubbles emerged from the glass of wine.

## Chapter 127 A Lot Of Potion

Once the bubbles disappeared, the waitress served the glass of wine to Xu Muqing politely.

Xu Muqing thanked her and turned to converse with several public figures.

Su Fanghua, who was standing not far from them, noticed that Xu Muqing's face flushed red after tasting the wine.

His lips quirked in a sly smile.

I did it!

Su Fanghua was particularly excited and lifted a glass of wine too from the waitress's serving cart.

He gulped down the wine with satisfaction.

He felt feverish once he imagined himself tasting such a gorgeous body!

Soon, Xu Muqing couldn't hold her drink and felt slightly buzzed.

The waitress who served her wine quickly came up to her.

She led Xu Muqing out of the banquet hall through the corridor.

She further led Xu Muqing to take the lift to a room on the eighteenth floor that was booked by Su Fanghua beforehand.

On the other hand, Miao Le also added at least dozens of drops from the potion into Yao Ruonan's Maotai drink.

## Chapter 128 Really Cute

There was a reason behind why he added so much of the potion.

He was worried that Yao Ruonan's immunity would be stronger than a layman since she practiced martial arts.

Because of this concern, he purposely added more of it.

The glass of wine was served to Yao Ruonan by a waiter.

Yao Ruonan was now talking to Boss Tiger.

Ever since she was at the banquet hall, she had been looking around, as if waiting for someone's arrival.

Boss Tiger couldn't help but asked her, "Ruonan, I think this is the first time you visit Ning Province, am I right?"

"Why do you seem to be looking for someone in the crowd?" "Do you happen to know someone in Ning Province?"

"Is that a man or a woman?"

Yao Ruonan, who was sometimes even tougher than a man, blushed when she heard this.

## Chapter 128 Really Cute

She was actually looking for Li Hang.

She was aware that Li Hang was also invited by Boss Tiger.

She did not care if Li Hang was a son-in-law who lived with his wife's family.

What she cared about was that the man was strong! And he was rather handsome!

She was wondering why she couldn't see the man whom she had been thinking about all the time.

When Yao Ruonan recalled about Li Hang's imposing manners, penetrating eyes and toned body, she blushed unconsciously.

Miao Le who was observing Yao Ruonan from afar clenched his fists.

Yes!

Miao Le was very excited and took a glass of wine too from the waitress's serving cart beside him.

He gulped down the wine with satisfaction.

Soon, Yao Ruonan felt slightly buzzed.

She was led by a waitress to a room on the eighteenth floor.

Yao Ruonan and Xu Muqing were now in adjacent rooms.

At this moment, the door of Xu Muqing's room was pushed open.

A man walked into the room slowly.

He walked up to Xu Muqing lightly, sat on the edge of the bed, and gently touched Xu Muqing's hair.

He gently kissed Xu Muqing's forehead.

The man laughed and said, "Sleeping like a little pig, how cute."

This man was not Su Fanghua.

He was not Miao Le either.

He was Li Hang!

In that case, where was Su Fanghua?

Su Fanghua had left the banquet hall, and suddenly felt feverish when he was about to enter the lift.

## Chapter 128 Really Cute

He could feel the warmth surging up from his legs to his head.

Next, he started sweating feverishly and felt woozy. He could not even see clearly now.

Meanwhile, Miao Le also entered the same lift.

Miao Le was experiencing the same feelings as Su Fanghua.

His face turned red and felt extremely feverish too.

He was dripping with sweat.

Miao Le and Su Fanghua almost reached out simultaneously to push the button of the eighteenth floor.

Their fingers touched one another.

At the moment they touched, an unprecedented strong urge of desire was felt by both of them.

Miao Le and Su Fanghua slowly turned around and gazed at each other fixedly.

"Ding!"

The lift door opened when they were still feeling woozy.

They did not notice which floor they were on before walking out of the lift.

They staggered along the passageway.

There was a sign behind them that wrote "seventeenth floor".

Miao Le and Su Fanghua were getting more and more feverish.

Their eyes met again when they reached for their respective room doors.

Meanwhile, they heard a melodious song being played in the passageway.

"Just because I stole a glance at you, I feel lonely ever since..."

Miao Le became Xu Muqing in Su Fanghua's eyes.

Su Fanghua also became Yao Ruonan, standing before Miao Le gracefully.

They hugged each other tightly!

The door behind them suddenly opened.

Wang Xiaoqi hurriedly came up to them and gently pushed them into the room.

And so, Miao Le and Su Fanghua staggered into the room together.

The door slowly closed.

It was very hot!

Miao Le and Su Fanghua felt as if they were in the desert.

The sky scorched and the earth parched.

It appeared that only this person in front of him could cool him down.

They took off their shirts and faced each other.

They were both completely attracted by each other's perfect bodies.

They hugged tightly.

They bit and tasted each other!

They kissed passionately!

Meanwhile, dozens of CCTV cameras in this room had been turned on!

"Ding ding."

Those who were looking at their cellphones suddenly received a lot of messages.

"Breaking news!" "Two young masters from the Six Prominent Families of Jiang Province are doing something vulgar!" "Click and watch it live!"

"Lovey-dovey!" "The two young masters from the prominent families of Jiang Province are sleeping together!" "Live broadcast!"

Soon, vulgar videos were being watched by the public.

Meanwhile, in Su Family's manor in Sheng City.

As Su Zhengguo was used to go to bed early, he was about to wash his legs and go to bed now.

"Master, this doesn't look good!"

His butler hastily stormed into his room while holding a phone.

He showed his phone to Su Zhengguo.

Su Zhengguo shivered after a glance.

"Repulsive!" "Sinful!"

"This is completely outrageous!"

He yelled several times and passed out right away!

"Oh!"

"Yeah!"

Su Fanghua and Miao Le's moans of pleasure could still be heard.

The entire Su Family was in a mess as the head of family passed out.

Only their young master was fully indulged in the exuberance with Miao Le in bed.

"Oh..."

"Yeah..."

Xu Muqing was in deep slumber.

Yao Ruonan who was in the next room wobbly got up from the bed.

When she walked out of the room while pressing onto her throbbing head, Li Hang was coincidentally coming from the other side of the passageway with two plastic bags.

Yao Ruonan was at a loss as she did not know why Li Hang was here.

Li Hang glanced at Yao Ruonan but did not say a word.

He then pushed the room door open and went in.

Yao Ruonan followed Li Hang into the room unconsciously.

She found a real beauty lying on the bed.

Li Hang took out a new towel from the plastic bag.

After soaking the towel with hot water and wringing it dry, he sat down gently and quietly next to Xu Muqing.

## Chapter 129 Deep Love

He used the warm wet towel to wipe off the sweat on Xu Muqing's forehead.

He was particularly gentle.

Also, he looked at the woman on the bed lovingly.

Yao Ruonan had never seen such a loving gaze from any man.

He was deeply in love with the woman.

Is this woman his wife?

Yao Ruonan felt upset unknowingly.

Meanwhile, they heard the sounds of some people walking hurriedly along the passageway.

Tian Mingqiang rushed into the room with Yao Ruonan's two lackeys.

"Are you alright, Ruonan?"

Yao Ruonan just stood there staring at Li Hang. She did not reply Tian Mingqiang as her mind was now in a mess.

Tian Mingqiang was relieved when he saw her behaving that way.

He yelled and rushed towards Li Hang and said, "You evil bastard!" "I'll kill you!"

Tian Mingqiang's fierce punch was stopped by Li Hang effortlessly.

Li Hang turned around and said to him coldly, "Can you use your brain before you attack?"

"What did you say?!"

Tian Mingqiang struggled to pull his hand back.

But he couldn't move at all as Li Hang was holding onto his fist tightly.

"Shut up. If you wake my wife up, I don't mind crippling your other hand."

Meanwhile, Wang Xiaoqi rushed into the room.

"You really can't distinguish a good guy from a bad guy." "It was my boss who saved your lady!"

"If it wasn't for my boss, the main characters of the live broadcast in everyone's phones now will be your lady and Miao Le!"

Wang Xiaoqi was straightforward.

Tian Mingqiang and Yao Ruonan now knew that Li Hang had been aware of Miao Le's scheme since the very beginning.

The waitress who served wine to Yao Ruonan and Xu Muqing was specially arranged by Wang Xiaoqi.

Su Fanghua's red pill was changed by Wang Xiaoqi.

Xu Muqing merely consumed a typical tablet of soluble Vitamin C.

The real pill was consumed by Miao Le instead.

Xu Muqing passed out just because she drank too much and couldn't hold her drink.

Miao Le's potion, on the other hand, was added into Su Fanghua's glass of wine.

Yao Ruonan immediately thanked Li Hang when she heard this.

Li Hang replied calmly, "Don't mention it. Saving my wife was my priority. "

When Yao Ruonan saw Li Hang was unconcerned about her, she kept quiet.

Am I really that bad?

...

Yao Ruonan did not go after Miao Le when she had returned to Sheng City.

Now, Miao Le and Su Fanghua had become the biggest joke in Sheng City.

Yao Ruonan did not practice martial arts this morning.

She was deep in thought while staring at herself in the mirror for three days.

A middle-aged man with grey hair entered her room.

He was called Viper, the right-hand man of

Master Dao.

He was known to be cunning in the underworld.

Viper had known Yao Ruonan since she was a young girl and treated her like his real daughter.

He came up to Yao Ruonan and smilingly said, "Why didn't I see you practice martial arts lately?"

Yao Ruonan turned around, looked at Viper and said, "Uncle, am I not pretty?"

Viper was at a loss when she asked him this question.

Yao Ruonan hadn't really cared about her looks since she was young.

She did not cut her hair short to keep up with fashion trends.

She just wanted to prevent her opponent from grabbing her hair in a fight.

Viper seemed to understand something.

He brought a chair and sat next to Yao Ruonan.

"What's happening? Did you fall for someone?"
