He Liangsheng bought a "tanghulu" but today, it was not meant for Li Hang.

He was fond of Zhang Xiaoping for quite some time now.

However, he never got a chance to tell her and could only buy her a tanghulu everyday.

At that moment, Zhang Xiaoping came out from the lift with some of her colleagues.

He Liangsheng handed her the tanghulu which he took out from his bag nervously.

"Wait a second," Li Hang blurted out loud when Zhang Xiaoping was about to receive the tanghulu from He Liangsheng.

Everyone suddenly stood in seriousness.

Li Hang sounded so serious.

He walked towards He Liangsheng with a poker face.

"What's this?"

Everyone stared blankly at Li Hang.

Chapter 176 You Are So Disgusting

This was the first time Li Hang appeared to be so serious when he was usually full of fun.

"This is a tanghulu," said He Liangsheng quietly.

"Why are you giving this to Zhang Xiaoping?"

"As a gift."

"How can you give her such a gift?"

He Liangsheng lowered his head as he was ashamed by Li Hang's words.

There were some murmurings around too.

"How can he give a tanghulu to a girl? What an embarrassment."

Just at that moment, Li Hang snatched the tanghulu from He Liangsheng.

"Tanghulu is sour and sweet, how can you give it to a girl whom you like?"

He continued in a cold tone.

"If you want to give her something, here you

go, give her this."

He then brought something out from his bag and put it onto He Liangsheng hands.

Everyone was amazed.

It was a jewelry box!

Li Hang opened up the box and there was a diamond ring inside.

"Wow, it's a diamond ring!"

"Diamond rings from this company are very expensive. This ring probably costs more than tens of thousands dollars."

He Liangsheng stared at Li Hang blankly.

"Why are you staring at me?" Li Hang answered. "Propose to her now!"

Propose, propose, propose!

People were booing around them.

They circled around Zhang Xiaoping and He Liang Sheng on purpose.

## Chapter 176 You Are So Disgusting

Li Hang then walked away cheerfully with the tanghulu in his hand and headed towards Xu Muqing's office.

Xu Muqing instantly knew that it was Li Hang when she heard footsteps outside her office.

She raised her eyebrows a bit.

Li Hang walked in with the tasty, sweet and sour tanghulu coated with golden syrup in his hand.

"Honey, are you tired? Do you want a bite of this tanghulu?"

Xu Muqing had been fooled by Li Hang for a few times previously.

Hence, this time, she was not going to fall for it.

"Uh-uh, I don't want to taste your saliva," she turned to the other side.

"I swear that this time my saliva is not on it."

"You sure touched it with your teeth then."

## Chapter 176 You Are So Disgusting

"No, I didn't."

"You sure?"

"Of course!"

Xu Muqing was a bit doubtful, but she still accepted the tanghulu from Li Hang.

It was not as tasty as the previous one that she had.

"Did you buy it from a different place?" "How come it's not as tasty as the previous one?"

Xu Muqing covered her mouth suddenly as if she had said something wrong.

Li Hang walked closer to Xu Muqing cheekily and exhaled quietly beside her ear.

"Honey, are you saying that the previous one with my saliva was tastier?"

"Go away, Li Hang, you are so disgusting!"

Xu Muqing drove Li Hang out of her office hastily.

When Li Hang was away, she tasted the tanghulu again.

It was indeed not as tasty as the previous one.

"Is it better with his saliva?" she murmured to herself.

Xu Muqing licked it with her tongue again.

It still tasted the same.

So it does taste better with his saliva.

Not long after Li Hang left the office, his phone rang.

It was from Liu Yufen.

Usually she called at this hour to ask what Li Hang would like for dinner.

Li Hang was thinking either to have sweet and sour pork or beancurd soup.

However, Liu Yufen sounded terrified over

the phone.

"Hang, come back now. Something bad has happened to Grandma!"

Hurry!

Hurry!

Hurry!

Li Hang accelerated throughout his way back to Grandma's house.

At this moment, there were a few cars parked on the hillside beside Grandma's house.

There was a bunch of gangsters armed with hammers and spades who gathered around the little grave on the hill.

Grandma was lying on the gravestone.

She held the gravestone tightly and yelled, "Don't you people dare touch this."

Xu Muqing's uncle, Liu Dongqing and aunt, He Yueqin were there too.

Chapter 177 Something Bad Has Happened to Grandma

They were scared and their bodies trembled.

But still they stood there.

Liu Dongqing, who usually looked timid with his dark thick glasses, clenched his fists tightly.

"This land belongs to us. We haven't sold it out yet. How dare you people come and demolish it?"

"How dare you?" At that moment, a bald guy walked up to them.

He touched his bald head and asked Liu Dongqing, "Do you know who am I?"

"I don't know you."

The bald guy suddenly kicked Liu Dongqing hard on his stomach.

Liu Dongqing pressed onto his stomach in pain and squatted down.

"I am the bald guy, Qiang. Bear that in mind."

Qiang then lifted Liu Dongqing up by grabbing his hair.

"Let me tell you something. If you don't move the grave today, I will bury all three of you inside!"

He then pushed Liu Dongqing onto the ground and stepped hard on his chest.

Liu Dongqing screamed loudly as Qiang pressed harder.

Grandma who saw this from the side cried sadly with tears rolling out from her eyes.

He Yueqin on the other side was pushed by the gangsters onto the ground too and could not move an inch.

Although it was not a remote place, there was no one to their rescue.

No one dared to come out and help.

Everyone knew that Qiang was a gangster from Su Group in the provincial capital.

With Su Family's support, no one could stop them.

A small company offended the Second Young Master of Su Group last month.

## Chapter 177 Something Bad Has Happened to Grandma

The chairman then lost his house, his car and his company overnight and he committed suicide by drowning himself in a river.

Even his daughter was found naked at one of the corners in the house where she was already mentally disturbed.

She was only fourteen years old!

But still Qiang and his men abused her.

They also traded her to outsiders.

Liu Dongqing, who was a teacher, fell silent after receiving a few kicks from Qiang.

Qiang, who had yet have enough fun with Liu Dongqing, instructed his men again, "Go and get that old lady out of the way!"

"Boss, can we just knock this old lady off with one shot? It is so annoying to see her."

Qiang patted his thigh and laughed out loud when he heard this.

## Chapter 178 Sorry To Let You Suffer

The young gangster went up to Grandma with a hammer in his hand.

His eyes looked as vicious as a beast craving for blood.

This bunch of young gangsters had no fear or regret because they had Su Group as back up.

Su Group was always there to save their asses no matter what troubles they were into.

The young gangster stood beside Grandma and lifted up his hammer.

"Mother!" "Run, Mother!" "Quickly run!" Liu Dongqing forced himself to get up for the sake of his mother but was beaten down again by Qiang.

Blood splattered out from his mouth.

"You guys are as evil as demons!" Liu Dongqing cried out loud with tears in his eyes and blood in his mouth. "You will face your karma soon!"

"Ha, ha, ha!"

Chapter 178 Sorry To Let You Suffer

Qiang laughed out loud and said, "I am not sure when my karma will come, but I am sure yours is coming today."

The young gangster lifted his hammer even higher now.

Grandma closed her eyes and held onto the gravestone tightly.

Liu Dongqing closed his eyes too with blood still splattering out from his mouth.

He Yueqin was sobbing at the side. She looked up the sky and cried, "Who can save us now? God, please save us!"

"A bunch of assholes. Money was given to you to move the grave, but yet you refused and you even want to blackmail me now?"

"Do you know who I work for? I will not give you a chance even if you regret now."

Just as Qiang finished his sentence, the young gangster flung his hammer on Grandma's head.

Whoosh!

Chapter 178 Sorry To Let You Suffer

There was a sudden cold breeze coming to his side.

A black shadow appeared in a flash out of nowhere just as the young gangster dropped his hammer.

Hand!

A hand!

A strong hand grabbed the hammer before it was dropped down.

It was just an inch away from Grandma's head!

All the gangsters suddenly felt the coldness in the air.

Li Hang was here.

He knelt beside Grandma and at the same time held the sharp end of the hammer in his grip.

"Mother! Mother!" Liu Yufen went up to her mother hurriedly.

However, she was blocked by one of the

gangsters nearby.

The young gangster with the hammer suddenly felt a shivering on his back.

The hammer had dropped onto his back with a loud thud before he realized what was going on.

He fell to the ground instantly.

Li Hang stood up while the young gangster was screaming out loud.

He then grabbed hold of the young gangster's throat.

The young gangster struggled hard and hit Li Hang's arm at the same time.

However, Li Hang's arm was as hard as steel!

His look was as fierce as a sharp knife.

Qiang gave another signal to his men again and they all gathered up beside him.

Liu Yufen held Grandma tightly and said, "Mother, I was late. You must have suffered

a lot."

Liu Yufen was shedding tears as she stared at the gangsters with a fierceness she never had before.

"You bastard! You almost killed my mother!" she cried out loud while pointing her finger at Qiang.

Qiang looked at Liu Yufen and smiled coldly, "If you guys refuse to leave, I will not only kill this old lady, I will bury you all alive too!"

"You guys are lawless. Where is the justice of this world?" cried Liu Yufen.

"Su family is the only law and justice to us. You can live if they let you live, but when they want you dead, you must die instantly," said Qiang fiercely.

Liu Yufen shouted, "My husband is the Chairman of Lingxiao Group. He will never let you get away with this."

"What? Lingxiao Group? Never heard of it before."

"Hahahaha!"

Suddenly, there were sounds of broken bones and shrieks.

Both the arms of the young gangster who wanted to knock down Grandma with the hammer were twisted badly by Li Hang.

Li Hang then broke the young gangster's bones one by one in front his accomplices.

"Never heard of Lingxiao Group? It's okay. They will become your biggest nightmare now," Li Hang said in a cold manner to Qiang.

Suddenly, Li Hang stood in front of Qiang within a flash.

Whoosh!

Li Hang began his attack.

Bang!

Bang!

Bang!

All the gangsters except for Qiang were down in just a split second.

## Chapter 179 Do You Know Who Am I?

Some of them had their arms broken while some broke their legs. Their bones were all almost shattered into pieces.

Li Hang then walked closer to Qiang.

Qiang retreated back and started sweating profusely.

"Don't come near me! I have Su Group from the provincial capital as my back up."

"Su Zhengguo is my boss. He will kill all of you if you dare to touch me!"

Snap!

With a hard smack on the face, Qiang flew away instantly.

His jawbone was shattered by Li Hang's slap and his body flew up into the sky before hitting hard onto the ground.

He then rolled down the hill and finally stopped after hitting a rock.

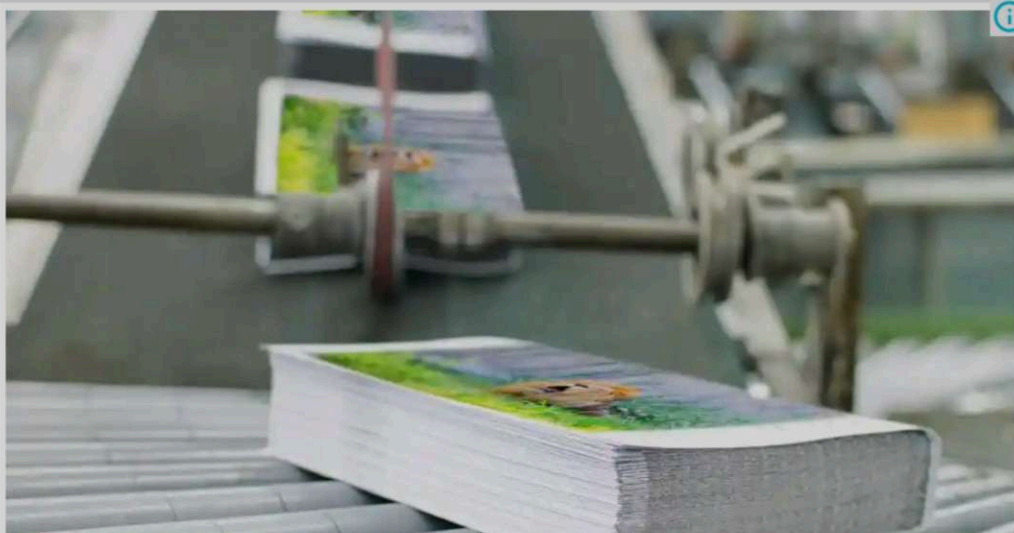

Li Hang walked up to him and stepped hard on Qiang's leg, just like the way Qiang trod on Liu Dongqing.

"Arghhhh!!"

Li Hang broke Qiang's right leg with his powerful stomp.

"Arghhhh!!" "Bastard! I will never let you get away with this. Su Group will never let you go too!"

Qiang stumbled and grabbed his phone. He quickly dialed a number.

Li Hang waited as the cold breeze blew across his handsome face.

He stared at the far end with anticipation.

He was just like a beast on a mountain peak which was waiting for its prey.

"You will be dead meat soon," Qiang blurted out to Li Hang with blood splattering out from his mouth.

"Su Group is sending their men here now."

"I will not let any of you get away! You will all be dead meat soon!"

Li Hang brought up his leg slowly and

Crack!

"Arghhh...!!"

Not long after that, many cars were seen to be coming towards them.

There were so many cars that they filled up the entire highway.

Gangsters as well as some men in suits were approaching.

They were armed with rods and shields and they surrounded Grandma's house in no time.

A moment later, a man with a pot-belly got out from a black car.

"What's going on? What happened?" said the pot-belly guy with a Mediterranean look.

Qiang's body was all broken and shattered in pieces already.

He then cried out loud to the Mediterranean guy, "Brother in-law, please help me!"

Su Zhengze thought Li Hang was scared because he remained silent.

"What are you guys waiting for? Send my brother in-law to the hospital immediately!" Su Zhengze blurted out.

Some men quickly ran over as Su Zhengze instructed.

As the men were approaching, sounds of "thud! thud! thud!" were heard.

Li Hang gave each of them a hard smack and they flew away instantly.

"Since you are here, I might just as well let you stay," Li Hang said coldheartedly to Su Zhengze.

Silence.

Silence.

Li Hang kept himself aloof like the mountaintop of a sheer cliff.

His words sent shivers to those men down to their spines.

Li Hang slapped Su Zhengze.

Su Zhengze covered his face and yelled, "How dare you hit me? Do you know how many men I've got? Do you know who am I? How dare you!"

Su Zhengze pointed to Li Hang and screamed, "I will arrest you and your family for violating law enforcement."

Li Hang slapped him again.

"I am from the Su Group. My brother is the patriarch of the Su Family now! How dare you hit me? I want you dead now!"

"Go, kill them all!" Su Zhengze waved to his men.

"Want to fight with your numbers? Sure, let's see who have more men." Li Hang smiled coldly.

Loud honks were heard from nearby after Li Hang had finished his sentence.

A bulldozer was approaching them. It cleared all the cars along the road.

All the cars were either being squeezed or flattened by the bulldozer which marched forward.

Behind the bulldozer was a troop of cars in green and camouflaged color, as well as several armored trucks.

The troop came to a halt simultaneously when they had almost reached the graveyard.

One by one, men in black suits and sunglasses came down from the cars. They also had a white cloth strip attached to their suit.

They were known as the filial sons and grandsons.

It was a helicopter!

More helicopters followed behind!

It was not just some toy model helicopter that Li Hang used to play, but real helicopters this time. Moreover, they were in a troop.

There were fourteen of them in total and each of them had a huge banner hung underneath.

There were words on the banners which read, "A man with contributions to the country and fought for his people." "His soul as bright as the moon and his courage above all beings." "His righteousness in his soul stays forever." "You will live forever in

Leader Qi?

How come the supreme leader in Ning Province is here?

They brought wreaths too.

Who the hell can get the supreme leader to come here?

Su Zhengze had never in his life seen such a grand splendor.

He did not even have the courage to walk towards them as he was still trembling.

Just as Leader Qi and his men were approaching, Su Zhengze had no choice but to stumble ahead to greet them.

However, his superior pushed him down with a kick.

He pointed at Su Zhengze and scolded him

War Hero?

Su Zhengze trembled and almost wetted his pants. He never knew that this grave belonged to a war hero.

Leader Qi and his men brought up the wreaths and paid their respects in front of the grave.

He was here to celebrate Grandma's birthday the last time.

This time, however, it was to pay respect to the late Grandpa.

Leader Qi who was in the army previously, shed tears emotionally as he was now standing on the hill where a great man had been buried.

He yelled at Su Zhengze, "You have always wanted people to know who you are, do you know whose grave is this then?"

Grandpa was once a volunteering soldier.

He shot down dozens of enemies and saved his comrades' lives in difficult battles.

Bullets were hit on his left leg and throat, which wounded his esophagus.

From that day onwards, he could only eat liquid food for the rest of his life.

Grandpa married Grandma when he was forty years old.

He sacrificed everything in his life for Grandma and his family.

He and Grandma were such good people.

At that time, Granduncle was just a young and ignorant person.

He even forged Grandpa's name which eventually got him a good job.

However, Grandpa just kept silent and let him be.

He was such a low-profile man.

A lot of people knew there was a war hero buried here, but they always thought that it was Granduncle instead.

His nickname was "Dog Egg" and in its full, Mr Liu Weiguo!

Li Hang stood up straight in the cold wind.

He shouted, "Raise your guns!"

The honor guards raised their guns.

"Salute!"

Bang! Bang! Bang!

Bullets were fired into the air which made the scene look like war in the olden days.

The ceremony was thoroughly completed to pay the highest respect with deep condolences to the late war hero!

"Tell me, what's the urgent matter?" Su Zhengguo maintained his stance and smiled lightly.

"Second Master is being arrested."

"What? When?" Su Zhengguo stood up and roared at the housekeeper.

"Master, it's Leader Qi from Ning Province. I heard that it's related to our hilltop villa project in Ning Province."

Su Zhengguo started to worry when he heard that Leader Qi in Ning Province was behind his brother's arrest.

It was a bad sign.

Although Su Group declared themselves decent businessmen, they were actually very mean and sordid.

If the law enforcement took action, they would be doomed in no time.

I cannot let this happen. I cannot sit and wait!

Su Zhengguo quickly took out a mobile phone from his drawer.

Only three numbers were stored inside.

He called the numbers one by one.

However, none of them were answered.

At the same time, another one of his men came to him hastily.

"Master, something bad has happened. Our projects in Ning Province were seized."

Damn!

Su Zhengguo and his brother had spent more than one year to plan for the projects in Ning Province.

They also invested a lot of money and resources.

Su Group would be in danger if all these projects were seized at the same time.

"Master, I think this is related to Lingxiao Group in Ning Province," the housekeeper said tentatively.

"Lingxiao Group again! Damn!" Su Zhengguo screamed furiously.

His voice could be heard at almost every

Anger!

Panic!

Su Zhengguo's face suddenly reddened with rage.

Song Tingjie who was sitting beside blurted out coldly, "Lingxiao Group must be the one behind all these."

"Indeed," nodded the housekeeper.

"If that's the case, why not just get rid of them now? Remove the nail in your eye, once and for all." Song Tingjie said calmly.

Su Zhengguo froze suddenly and asked, "So what do you have in mind, Young Master?"

Song Tingjie was a resourceful man.

He always had his way with his competitors in both his personal and business matters.

"You have a subordinate named Huang Lamei, right?"

"She is from the Cui Family and she has a great feud with Xu Xiaoyang's family!"

"Moreover, she hates Xu Xiaoyang to the core!"

Su Zhengguo was very delighted to hear that.

"Brilliant!" Su Zhengguo patted his thigh and said, "Young Master is indeed as brilliant as Zhu Geliang!"

Ten minutes later, Cui Haifeng and Cui Tianci went into Su Zhengguo's office.

They greeted Su Zhengguo courteously.

"I heard that you and Xu Xiaoyang are enemies?" Su Zhengguo asked Cui Haifeng.

Chapter 183 Giver Her Some Sleeping Pills

"We are more than just enemies!" Cui Haifeng gritted his teeth when he heard about Xu Xiaoyang.

"I will rip him off one day."

"What if I give you a chance now?" Su Zhengguo smiled viciously.

"If my lord says so, I will obey," Cui Haifeng replied.

"Good. That's what I want to hear." Su Zhengguo was pleased with Cui Haifeng's answer.

"I promise you can have half of Lingxiao Group's shares if Xu Xiaoyang dies."

"By then you can take back your Taian Group in Ning Province."

"Thank you, my lord. Thank you."

Cui Haifeng and his family had had a bad time in Sheng City lately.

Even the business deals that were subbed by Su Zhengguo were messed up badly.

## Chapter 183 Giver Her Some Sleeping Pills

Now that they were given another opportunity, they would do anything to make it right, even if they had to kill Xu Xiaoyang.

Not just Xu Xiaoyang, they don't mind killing off the entire family!

Moreover, he had always wanted Xu Xiaoyang dead since many years before.

Back home, Cui Haifeng told Cui Tianci about Su Zhengguo's plan.

"Dad, do we need to discuss this matter with Grandmother?"

Cui Haifeng laughed.

"What's the need for?"

"She only knows how to eat and sleep and she depends on us to take care of her. She is just a nuisance to us!"

"But still, she is our Grandmother," said Cui Tianci after a while.

Cui Haifeng pulled a long grim face. "She is not your real Grandmother," said Cui Haifeng coldly.

"Huh?" Cui Tianci was stunned to hear that.

"What's going on, Dad?"

"Do you know what's the reason she was admitted to the hospital?" Cui Haifeng asked coldly again.

"I'd been putting some sleeping pills into her meals for quite some time now."

"These pills are harmless to normal people, but to her, they will weaken her slowly."

"Anyway, she can only live for a few more years. So let us just grab this opportunity and we can get back to Ning Province soon!"

Suddenly, someone opened the door.

"You, bastard! How dare you treat me like that after I raised you up for all these years?" Huang Lamei cried angrily while entering the room.

Cui Haifeng was stunned for a moment, but then he laughed out loud.

Cui Tianci smiled slyly and walked towards Huang Lamei.

"Grandmother, you have always adored me, why not do it one last time?" "Come, be obedient and swallow all these pills."

"We will then call that old man, Mr Lei from Ning Province after you pass out."

"He will surely be rushing over here to see you if he knows you are sick."

Huang Lamei was terrified.

"Mr Lei is not blood-related to Xu Xiaoyang. Why do you want to bring him here?" she asked worriedly.

Cui Tianci answered with a smile, "Don't you remember what you've said before?"

"Xu Xiaoyang lost his parents in a young age and Mr Lei is the one who treats him like his

own son."

"If he have heard that something happened to Mr Lei, he will definitely come to see him too."

"Grandmother, endure just a bit more and we'll get you to the hospital soon."

Huang Lamei could not believe what she had heard.

Was this really her grandson whom she had used to treasure since he was young?

"Don't come near me!" Huang Lamei resisted when Cui Tianci stretched out his hand. "I won't eat this!" "You can't force me to eat this!"

Huang Lamei slapped Cui Tianci's face while she struggling.

Cui Tianci was instantly infuriated although it was not painful.

He slapped back hard at Huang Lamei's head.

Huang Lamei cried out loud and fell to the

floor.

"What a useless old thing. How dare you oppose me?"

"Who do you think you are now? Do you still think you are the Chairman of Taian Corporation?"

"You are just some old lady who is waiting to die soon!"

Cui Tianci grabbed an ashtray from nearby.

It was made of glass and was very heavy.

"Old thing, I am offering you two choices now."

"First choice, take all these sleeping pills in one go, or second, I will knock you out with this ashtray and send you to the hospital."

"No, you can't do this. I am your grandmother." Huang Lamei bawled with tears in her cloudy eyes.

"I don't care!" "Have you not heard what my dad has said just now?"

"My family died forty years ago."

Cui Tianci insisted on feeding Huang Lamei the sleeping pills once again.

Huang Lamei crawled on the floor clumsily and accidentally spilled the bottle of sleeping pills in Cui Tianci's hand when she swung her arm.

Just when Huang Lamei was about to reach the door, Cui Tianci smashed her head with the ashtray in his hand.

Bang!

It was a hard smack and Huang Lamei instantly sprawled motionless on the floor.

Cui Tianci grasped for his breath and he felt a trickle of blood dripping from his forehead.

Cui Haifeng at the side said coldly, "Madam Huang, you already have enough of your good days. Didn't you say that you treated me like your own son? Why not just let it go now and fulfill my wish?"

Painful!

Regretful!

His son who was so polite and courteous and her grandson who liked to accompany her back then were not the same people she knew anymore.

Tears rolled down from her cloudy eyes uncontrollably.

Now only she realized that adopted children will never be the same as the ones she gave birth to.

Cui Haifeng then said something which shocked Huang Lamei.

"Let me tell you one more thing, since things have already gotten ugly now."

"You have had a son before right? But he had died after a few days after he was born. Do you know how he died?"

Huang Lamei looked at Cui Haifeng with her eyes widening.

"It's you! It's you who killed my son!"

If Cui Haifeng had not confessed, Huang

"Me and my son will be on top of the world soon."

"And you? You will become our stepping stone to reach the top."

Cui Tianci, who was still holding the ashtray in his hand, knelt down again beside Huang Lamei.

"Old thing, don't blame me. You asked for it yourself!"

Cui Tianci smashed the ashtray to her head again!

.....

Mr Lei rushed to Jiang Province after receiving a call from Cui Haifeng.

He adored Huang Lamei since childhood, but he married another woman of his parents' arrangements.

His wife passed away after giving birth to their daughter, Lei Feifei and since then, he had decided not to remarry.

with Huang Lamei.

"Mei, Mei, are you alright?"

Mr Lei stood beside Huang Lamei's bed.

Huang Lamei was still unconscious and her head was bandaged with gauze.

Fresh blood was stained on it.

Cui Tianci and Cui Haifeng walked into the room at the same time.

Mr Lei asked, "What'd happened? How did she hurt herself?"

Cui Tianci smiled slyly and said, "Mr Lei, isn't it your wish to stay together with my grandmother? Let me fulfill your wish now!"

He smashed the ashtray hard on Mr Lei's head right away.

Xu Xiaoyang felt a sudden tightness in his chest during dinner time.

worriedly.

Xu Xiaoyang patted his chest and said, "I'm not sure, but I just feel very stuffy here."

Xu Haoran, who just came back from Sheng City, interrupted, "Dad, you are getting old. You must try to control your desires."

"You and mum have to enjoy and relax at night."

"Mum's still at her fit age, but you are an old oxen now who can't work much."

"Don't talk nonsense!" Liu Yufen patted on Xu Haoran's shoulder.

"Well, it's not nonsense."

"Just a few days ago, Zhao Si sneakily asked me whether to buy the thick or the thin condoms."

"I told him, if it's for my dad, buy the thick one, but get the thinnest one if it's for my brother-in-law."

Xu Xiaoyang almost splattered his soup out from his mouth.

All of a sudden, his face reddened. So did his wife's.

Xu Muqing on the other side gave a hard kick at Xu Haoran's leg to stop him from talking anymore.

At that moment, Xu Xiaoyang's phone rang.

It was an unfamiliar number from Sheng City but still he answered without hesitation.

It was Cui Haifeng over the phone, "How are you, Chairman Xu?"

"Why are you calling me at this hour?" Xu Xiaoyang answered with a solemn face.

"Well, well. You speak differently now after becoming the Chairman."

"Hmm, some people are just like that, they forget their old man when they become rich."

"What are you talking about?" Xu Xiaoyang was stunned by this statement as his father had passed away quite some years ago.

Chapter 186 Inhumanity

"If you wish to see him for one last time, come to Jiang Province Hospital right now!" Cui Haifeng said coldly over the phone.

He then hung up immediately.

Everybody knew that Xu Xiaoyang was a good person.

Even if it was a stranger in this situation, he would be as terrified too, moreover it was Mr Lei this time.

He felt uneasy and paced back and forth after the call.

Liu Yufen knew Xu Xiaoyang's character very well since she had spent almost half of her life with him.

She held Xu Xiaoyang's hand and said softly, "If you are worried about Mr Lei, just go to Sheng City now and take a look."

Xu Xiaoyang could not wait any longer and he quickly changed his clothes and passed down a few orders before he left for Sheng City with Zhao Si.

They went directly to the Second People's

Hospital of Sheng City and once they had reached, they headed towards the wards immediately.

They found Huang Lamei and Mr Lei in the room together just like an old couple resting quietly.

What is Huang Lamei doing here?

Xu Xiaoyang was stunned for a moment.

He was never fond of Huang Lamei as he found her to be very vicious and cunning.

In the room, Cui Haifeng and Cui Tianci were nowhere to be seen.

Huang Lamei's head was still covered with bandages and her face looked very pale.

On the other hand, Mr Lei looked better. He could still barely open his eyes but he was shaking his head repeatedly to Xiaoyang as if to ask him to leave as soon as possible.

At that moment, someone opened the door and Xu Xiaoyang turned and saw a few men coming in.

"Who are you? What do you guys want?"

Those men were tall and strong and they looked ferocious with bad intentions.

Not long after that, Xu Xiaoyang heard Cui Haifen laugh outside the room.

"Charman Xu, long time no see. You've changed a lot!" Cui Haifeng said slyly and walked into the room.

"Look at you- in branded clothes, you look so much more extravagant now compared to us."

"What are you up to, Cui Haifeng?" Xu Xiaoyang interrupted him with a deep voice and a frown.

"Chairman Xu, can you be more quick-witted? Or are you and your family always that dumb?" Cui Haifeng smiled cunningly and walked closer to him.

"Let me be frank with you. It's my man who hit you with the car and broke your leg. But you got lucky to have recovered so quickly."

"What are you doing? Get down from the bed."

Xu Xiaoyang was not worried about Huang Lamei but he cared deeply for Mr Lei. He was afraid that Cui Haifeng could hurt him.

"Aren't you disturbing your mother from resting?" Xu Xiaoyang said quickly.

"Resting? She have had enough rest and she will die together with you here today," said Cui Haifeng scornfully.

Slap! Slap! Slap!

Cui Haifeng slapped Huang Lamei for a few times on the face while saying, "See, she is as stiff as stone."

Xu Xiaoyang frowned with knitted eyebrows as he could not understand why Cui Haifeng was doing this.

Cui Haifeng was roaring like a lunatic!

Just as Cui Haifeng finished his sentence, those strong men who were waiting at the door cornered Xu Xiaoyang immediately.

"Do you think you can take over Lingxiao Group after I am gone?" Xu Xiaoyang stood up and stared at Cui Haifeng.

"Let me tell you, Lingxiao Group does not solely belong to me. My daughter, my son in-law and my son will be taking over if I am not around."

"Hahaha." Cui Haifeng cackled, "Your son? Don't even talk about him. He's such a loser."

"As for Li Hang, I will also not let him get away so easily!"

"As for your daughter and wife from the countryside, well, me and my son can 'take care' of them as we are already fed up with coquettish women lately."

"And we'll lock them up in the basement for a few days without food. You know, it's like how you train your dog. Let them go hungry for a few days and they will come begging for food eventually."

"They will beg me to spare them some clothes too and be as loyal as dogs."

"If I show mercy, maybe I will let your daughter bear me a son."

"But too bad, I think your body will probably eaten up by maggots by that time."

"Hahahah...." Cui Hai Feng guffawed.

"Uh!"

Suddenly, someone grabbed Cui Haifeng's throat from behind and his laughter stopped abruptly.

Xu Xiaoyang was so thrilled to see Li Hang standing behind Cui Haifeng.

At the same time. Zhao Si went in hurriedly and asked, "Chairman, are you okay?"

## Chapter 187 Impudent

Just as Zhao Si finished his sentence, the strong men roared and rushed towards Li Hang and Zhao Si at once.

Although they looked robust, it didn't take long for Zhao Si to knock them down one by one, just like how a butcher slaughters the lambs.

Zhao Si had been practicing hard for days in order to stay fit and competent as Xu Xiaoyang's bodyguard.

Hence, he was very ruthless in the fight, and in no time, he broke those strong men's arms and legs.

He then pulled them out from the ward one by one.

Cui Haifeng was the only one left in the ward right now.

"What do you want? Do you know that I work for Su Zhengguo, the Prominent Family in Jiang Province?"

"He's the one who gave me the orders. You're all dead meat if you dare to touch me!"

## Chapter 187 Impudent

Li Hang pushed Cui Haifeng to the floor and left him there for Xu Xiaoyang and Zhao Si to handle. He himself walked out the room.

Outside, Wang Xiaoqi had already taken care of the strong men who were pulled out by Zhao Si just now.

He then said respectfully to Li Hang, "Mr Li, there's something going on among the Song Family."

Li Hang rested himself on the railing and raised his head to look at the moon, "How many of them?"

"All the men under Ma Nanling from An Hai have already set out."

"There are also two prominent gangsters from the underground world on their way to Ning Province with their elite men now."

Li Hang nodded, "Looks like Ning Province will be very happening tonight."

"Tonight there will be an ability assessment for Er Niu, Peng Fei and the rest of the underground world in Ning Province."

## Chapter 187 Impudent

"If they succeed, they will have a big leap in their career."

"Mr Li, please be rest assured. They will never let you down," Wang Xiaoqi answered at once.

Meanwhile, Song Tingjie was having his tea leisurely in the Su Family's mansion with Song Yuan standing there quietly beside him.

Song Yuan's duty was to protect Song Tingjie, but in his point of view, Song Tingjie did not even need his protection as he was a great fighter himself.

Although Song Tingjie was not as good as him, no one in Jiang Province could ever be his match.

His trip to Jiang Province was expected to be as dull as going out for a vacation only.

"Young master, you are indeed a man with extraordinary wisdom!"

Su Zhengguo flattered Song Tingjie continuously.

All the time, Song Tingjie just smiled as he was very confident with himself.

"Li Hang is just a joker. Although rumors spread that he is quite a fighter, but what's the use? He is not brainy enough."

"There will be a brutal fight among all major forces from Jiang Province tonight, and it probably will cause some bloody scenes in Ning Province."

"When Li Hang is back to Ning Province, he will see his men lying on his doorstep!"

"Young Master is indeed a master in devising strategies which always lead to decisive victory. I truly admire you." Su Zhengguo poured another cup of tea to Song Tingjie as they were having their conversation.

Song Tingjie crossed his legs and smoked his cigarette comfortably when he voiced up again, "Li Hang is only a minor role. Wei Family is indeed not smart to have let Li Hang get to them."

## Chapter 188 The Joker

Su Zhengguo continued with his other flatterings to Song Tingjie when suddenly he asked, "Tonight is a long and sleepless night, do you want to rest on the bed before they send in the latest news?"

"I have two quite obedient servant girls in my mansion right now," Su Zhengguo implied.

"I appreciate your kindness, but I have a bit of mysophobia, hence I am not interested in things that other people have used before."

"But I heard Master Dao's granddaughter is quite pretty, and she doesn't have any boyfriends before," Song Tingjie said.

"Yeah, you are right, Young Master," said Su Zhengguo patted his leg.

"Yao Ruonan is indeed a beauty and she has such a nice figure, especially her wonderful breasts. Anyone will be pleased with it."

Su Zhengguo paused, "But too bad, the Golden Knife Club is closed down."

"I have sent my men there to have a talk with them previously, but they were flung out with their legs broken. This girl is very

Song Tingjie instantly showed his interest when he heard this statement, "Domineering is good."

He liked women who were not cooperative as he liked to see them fight and resist in bed.

Song Tingjie was as hot as fire when he thought about it.

"Bring Yao Ruonan over now. I want her tonight," Song Tingjie turned over to Song Yuan and said.

Song Yuan nodded and left.

Just as Song Yuan reached the door, a man ran into the mansion hurriedly.

He shouted, "Something bad has happened, Master!"

He was Su Family's housekeeper.

Song Tingjie who was cheerful just now had his face sunk instantly.

"Not sure. We can't even contact him, even men from the west and south sides are also lost in contact."

The housekeeper then projected the video's footage on the television screen.

There was a young lad in yellow hair who spoke ferociously in the video.

"Housekeeper Su, we are entering Ning Province now and we heard the women here are very pretty. All our men here are really excited to have a great time on the bed tonight."

"Ning Province, here we come!"

However, the screen started to shake heavily suddenly and was turned upside down.

Horrible screaming sounds were heard later on.

They could not see a thing because the camera was dropped onto the floor. All they could hear was screaming sounds here and there.

After more than ten minutes, everything went silent.

Somebody picked up the mobile and a man showed up on the screen. He looked very young.

He was Wang Xiaoqi!

Wang Xiaoqi's face was covered with blood, but it was not his, but from others!

"Hi, I heard Young Master from Song Family is here? Why hide yourself up in Sheng City?" Wang Xiaoqi said and stuck his tongue out.

"Why not come to Ning Province? There are so many pretty ladies here and they've got some really nice seafood. You must definitely visit here when you are free."

"We'll prepare good food and good wine with pretty hot ladies for you!" Wang Xiaoqi smashed the mobile into pieces after talking.

## Chapter 189 Fall On Deaf Ears

"Bastard! What a bastard!" Song Tinjie trembled in anger.

These three groups of gangster were all his elite men in Jiang Province, especially Ma Nanling. He became the most notorious tyrant in An Hai mainly due to Song Family's support all this while.

Song Family had invested a lot on Ma Nanling all these years, but he went down just like this in Ning Province?

Who the hell was fighting against them?

Song Tingjie had never heard those blood-curdling screams before. It was as if they were really terrified.

They must be attacked by some sort of wolves or beasts!

Song Yuan stood beside the door and he withdrew his vacation's thoughts from before.

Although Wei Family was not as strong as Song Family, he finally understood why Wei Family lost. It was not because they were not smart, but because Li Hang and his men

were just too strong.

A few hundred men stormed into Ning Province from three directions and yet, in less than an hour, they were all wiped out.

Was Ning Province such a dangerous place?

At that moment, another servant came in. He brought a parcel with him, "Master, we have received a parcel just now."

Song Tingjie stared at Song Yuan silently.

Su Zhengguo kicked his housekeeper and yelled, "What are you doing? Quickly open up the parcel now."

The housekeeper then opened up the parcel clumsily.

There were a few words on it.

Special delivery from Ning Province!

## Chapter 190 The Sword Of The Howling Wind

The housekeeper screamed and fell down to the floor after he had opened the parcel.

Su Zhengguo who was usually as calm as a mountain also looked pale in the face.

Head! A human head!

A bloody head was inside the box! It was a horrifying scene.

The Young Master from Song Family was shocked to see this and he sat on the sofa with a pale face too. He was usually very quick-witted and had a lot of wisdom, but now he was lost for words.

His eyes were wide open as he stared at the human head in the box in disbelief.

It was Ma Nanling's head. The notorious tyrant in An Hai.

He was dead!

Moreover, his head was sent to Su Family using express delivery!

At the same time, the housekeeper found another note inside the box.

## Chapter 190 The Sword Of The Howling Wind

He took it out with his trembling hands. There were a few words written in a red blood color.

Prohibited to enter Ning Province. All violators- die!

"Master, let me get you Li Hang's head now!" Song Yuan was fuming.

It was very intense in the room and everyone could hardly breathe.

"I will not let him die so easily. I want to set up an example with him! Whoever resists Song Family will die like this."

Insidious and cunning. This was Song Tingjie now.

Song Tingjie's eyes were blazed with fire and he turned over to Su Zhengguo and said, "Please send a letter of challenge to Li Hang now. Tell him to have a fight with Song Yuan in three days' time."

"I want to let everyone from the underground world see how Song Yuan beats Li Hang to death."

## Chapter 190 The Sword Of The Howling Wind

"I want to let them know this is going to be their ending if they dare to offend the Song Family!"

Rumors spread to the underground world of Jiang Province in no time.

Song Yuan, the top fighter in Song Family sent a challenge to Li Hang.

Li Hang in Ning Province on the other side immediately accepted the challenge.

Let's fight!

It was the battle of the decade!

The underground world in Jiang Province instantly boiled with excitement!

Song Yuan and Lei Wujia were fighters but their levels were not equivalent.

If Lei Wujia was categorized in the kids' level, then Song Yuan was categorized in the adults'.

Song Yuan was not just the top fighter from Song Family.

## Chapter 190 The Sword Of The Howling Wind

He was beyond that when compared to other great fighters as well.

A lot of them did not even dare to raise their heads in front of him, moreover fight against him.

He had sent more than twenty challenges to other top fighters and yet he had never lost a battle before.

He had a sword, called the Sword of the Howling Wind.

All those top fighters were killed with this sword with just one slash on their throats.

Hence, in the underground world, Song Yuan had a nickname- the Howling Wind Sword.

No one could get away with that sword.

Everyone in the underground world thought Li Hang was going to die soon.

Not only he would be beaten; he would be abused to death.

The underground world people were very excited because if Li Hang was dead, there

For the small forces in Jiang Province's underground world, the Song family was very prominent.

But no matter how far the family's influences could reach, they could never grasp the entire Jiang Province in their hands.

Now, fishing in these troubled waters would be a good idea!

Moreover, many eyes were now on Ning Province.

As of recent, Ning Province had undergone a lot of changes.

For some reason, many investors began to take interest in that place.

There was also much improvement in the basic hardware facilities there.

What were once suburbs overgrown with weeds slowly developed into construction sites.

Many huge projects were also carried out in Ning Province.

Chapter 191 Worried About Our Family

The population there had also increased sharply. At this rate, Ning Province wouldn't just be a piece of fat, but also a huge cake.

It would become another very important city, aside from Sheng City!

Nobody wanted to miss out on a piece of this pie!

.....

"What?" "You let him go!?"

Liu Yufen slammed the table and stood up. She started at Xu Xiaoyang in disbelief.

"But he wants to kill you!" "If it hadn't been for your son-in-law, you would've already..."

Liu Yufen didn't continue, but she looked very anxious.

"These guys Cui Haifeng and Cui Tianci sought out many ways to harm us. They even beat their old mother like that!"

"Especially Old Man Lei; he has nothing to do with them, but they still hurt him!"

"Do you want this to happen again?" Liu Yufen was so mad that her eyes had turned red.

Liu Yufen glared at her son, then turned to Li Hang.

Li Hang had imperceptibly become the backbone of the family.

Whenever there were problems, everyone would ask him for help.

Under everyone's gaze, he coolly said, "There's no need to worry about Cui Haifeng and his son. Their days are numbered anyway."

"Madam Huang was so gravely injured by her own grandson that her central nervous system was damaged."

"She's awake, but she'll never be able to get out of bed."

Then, he whispered into Li Hang's ear, "The walls in this house are really thin. Wouldn't it be bad if Mom and Dad can hear you and sis 'doing something' at night?"

Li Hang's eyes lit up.

"Alright, we're getting a new house!"

"Oh, yeah! Brother-in-law, you're my man."

Xu Haoran was so ecstatic about getting a new house that he jumped up with joy.

"Brother-in-law, this time we need a bigger suite."

"I want a room with a bathroom all for myself."

"And I want my room to come with a huge balcony."

"I also want a small room just for my

musical instruments, and also..."

Liu Yufen gave Xu Haoran a kick.

She turned to Li Hang, "It's a bit squeezey, but our house is sufficient. There's no need to get another one. Besides, properties in Ning Province are quite expensive now."

"Mom, our kitchen is too small."

"You can't make full use of your culinary skills this way."

"I was thinking of building you a 50-square-meter kitchen, then equip it with a microwave, an oven and everything else."

Li Hang knew how much Liu Yufen loved cooking.

His mother-in-law was a thrifty housekeeper, but she would occasionally spend some money on cooking equipment and books.

Liu Yufen initially had some doubts, but after hearing Li Hang's words, a look of yearning began to appear in her eyes.

worry about our family. Anyone who didn't know better would assume you're our own son."

Right after Xu Xiaoyang said those words, Liu Yufen turned. "He is my son."

She pointed to Xu Haoran, who was bouncing around nearby.

"This one, however, was found in the trash bin next to a washroom..."

The next day, Li Hang brought Xu Muqing to a sales center.

Seeing that they showed up in a Mercedes Benz, the saleslady immediately greeted them with a smile.

She brought Li Hang to look at some commercial houses.

The ones being shown were all poor-quality apartments that basically couldn't be sold off.

Li Hang took several glances, then pointed to the larger house models on the other side.

## Chapter 192 New House

"We want to see the ones over there."

The professional smile on the saleslady's face gradually disappeared.

Hearing Li Hang's request, she knew that they weren't genuinely here to buy a house.

Besides, the car driven by the couple costed only several hundred thousand. How could they afford a villa worth 10 to 20 million dollars?

The saleslady quickly became unenthusiastic.

Right then, her phone rang.

The woman took it out of her pocket and saw that it was Mr. Liu, a boss whom she had drinks with last night.

Her face immediately lit up; she remembered that she had drunk beer with him three times.

Last night, the man had promised her that if she drank with him tonight, he would purchase the 16-million-dollar villa.

## Chapter 192 New House

"Hello, Mr. Liu!" "Oh, yes! Yes, I have time!"

The saleslady continued talking on her phone, leaving Li Hang and Xu Muqing standing there.

Xu Muqing frowned and was about to leave, but Li Hang held onto her hand and smiled at her.

He then waved at a young saleslady nearby.

The woman was dressed very plainly and wore no jewelry.

Earlier, when Li Hang and Xu Muqing showed up, she was sitting in a corner talking on her phone.

It wasn't a customer on the line, but her mother.

She held in her hand a remittance slip; she probably had just sent some money back home.

The young saleslady respectfully walked over.

She professionally introduced the community villa's features to Li Hang.

The young woman explained very clearly, and Xu Muqing listened intently.

"Ah, newbies are newbies. It's not wonder you couldn't sell a single house in two months."

"You must know how to target your customers. This villa area is the most high-end in Ning Province."

"Even the cheapest one cost 8 million dollars."

The previous saleslady who had just finished speaking to Mr. Liu on the phone now stood nearby, speaking sarcastically.

Li Hang stood in front of the building models.

He pointed to several of them.

"This, this, this and this."

## Chapter 193 Pampering My Wife To The Next Level

His finger pointed to four houses in a row.

The young saleslady's eyes lit up. She clutched her chest with her two hands.

Goodness, is he going to buy those?

Those four are among the cheapest. But added up, they cost over 40 million dollars.

He's rich! This is what you call a loaded man!

The commission from 40 million dollars will be enough to cure Dad's illness!

Yet, it was Li Hang's next words that discouraged her to no end. "I don't want any of these four."

The young lady's initially fluttering heart now seemed to fall into a deep pit.

But she remained smiling courteously.

The other saleswoman who was on the phone with Mr. Liu let out a huge laugh.

But before she was done laughing, Li Hang added, "Aside from those four houses I mentioned just now, I want all the rest."

## Chapter 193 Pampering My Wife To The Next Level

"Uhh..."

"Huh!?"

The two saleswomen were shocked.

Even the other salesladies nearby stared at Li Hang dumbfounded.

Xu Muqing pulled Li Hang by the sleeve.

She knew Li Hang was rich, but buying seven villas in one go? That was too much!

"All these houses are really big, so one is enough. We wouldn't be able to even use the rest of the villas if we bought them."

But Li Hang fondly looked at Xu Muqing.

"You and your mom like it quiet, so if we buy this entire area, we can do anything we want."

"We can even make love with the windows open at night."

Xu Muqing's delicate face turned scarlet upon hearing her husband say something so embarrassing.

## Chapter 193 Pampering My Wife To The Next Level

"Why are you just standing there?" "Hurry up and get the payment settled!" Saying that, Li Hang immediately handed his black card to the saleslady.

With both her hands trembling, the young woman's mouth could only remain open in shock as she took the card from Li Hang.

He's really buying seven villas!

All of those add up to more than \$200 million!

He's insane!

He bought the entire area just so he could bonk his wife better!

With such a large area, don't just think about doing it with the windows open.

Even if they howled on the balcony, no one would be able to hear them!

How much commission will I get from \$230 million?

The young saleslady was so overwhelmed that she couldn't count properly!

## Chapter 193 Pampering My Wife To The Next Level

Slap! Slap!

The first saleslady who tended to Li Hang was already slapping herself in the face.

She thought she was dreaming, so she wanted to wake herself up!

Wake up! Wake up already! This must be a dream!

Just then, Li Hang added, "Oh, by the way, only my wife's name is to be written on the ownership certificates of these properties."

"Wow--"

At this point, it wasn't only the saleswomen who were staring at Li Hang. Several other customers also looked at him dumbfoundedly.

Among them was a couple who had come to look for a marital home.

The woman pinched her husband's waist until it bruised.

"Look at them! Look at them!" "The man bought seven villas for his wife, while we bickered for two weeks just because I asked you to include my name in the ownership certificate!" "I'm done being married to you!"

"Hey, darling! Darling!"

Indirectly, Li Hang just caused a couple to split...

For the next three days, all the members of Jiang Province's underground world were anxious.

Everyone had their eyes on Ning Province and were all looking forward to Li Hang's next move.

But for these three days, Li Hang and his family were busy discussing their house plans with refurbishing companies.

Liu Yufen complained upon hearing that Li Hang had bought seven villas.

Yet, whenever she cooked, everyone in the house could hear her singing.

Liu Yufen might have grumbled, but

everyone knew that deep down, she was happy.

After so many years of trials, she could finally look forward to such a day.

"Hang, what do you feel like eating tonight?"

"Mom, I want some Xi Shi tofu." Xu Haoran made his request while tuning his guitar.

"You should just eat soil." Liu Yufen irritably responded by the door.

"My dear mother! I'm heading to Sheng City for a commercial shoot tomorrow. Shouldn't you grant your son's small wish before he leaves home?"

Liu Yufen smiled bitterly and shook her head. She could do nothing about this disappointing son.

All she could hope for was a good daughter-in-law who would straighten him up.

Liu Yufen walked downstairs with a basket in her hand.

electric scooter, she saw a man standing in front of a milk tea shop.

She had seen this man quite a few times already.

Every time, the man would gaze at her from afar with a strange look.

But Liu Yufen didn't think much of it, and carried on riding her scooter.

That man was Yang Shanqi.

He arrived at Ning Province many days ago, and had found out where Li Hang lived.

Yang Shanqi had many opportunities to do something to them, but never did.

The more he observed Xu Xiaoyang's family, the more he realized how kind they were.

When the family used to be poor, they always had good relationships with everyone in the neighborhood.

Even when they didn't have much for themselves, they would do their best to help others.

## Chapter 194 Yang Shanqi

Now, even when they had become wealthy, they never forgot their neighbors.

Instead, they tried even harder to help everyone.

The more Yang Shanqi saw situations like these, the more he couldn't do it.

They were good people.

Yang Shanqi was very conflicted. Which path should he take?

Because the time for Song Yuan and Li Hang to fight was nearing.

The Wei Family had also already sent people to Ning Province.

Yang Shanqi knew that if he didn't make a move himself, he would die by the hands of the killer sent by the Wei Family.

Just then, he felt a murderous aura coming from not far behind.

He quickly turned and saw two men.

Number Three? Number Four?

## Chapter 194 Yang Shanqi

Yang Shanqi's brows creased upon seeing them.

He didn't run; instead, he brought the men to an alley.

"What are you doing, Yang Shanqi?" "You had the chance to kill that old woman just now. Why didn't you do it?"

Yang Shanqi replied bluntly, "The one who went against Master was Li Hang."

"It was also Li Hang who caused the Young Master's injuries. Tomorrow, Li Hang and Song Yuan will fight. That man will surely die." "And once he's dead, then the matter is settled, isn't it?" "They're a good family. They shouldn't have to die."

"If they shouldn't die, then you should!"

Number Three and Number Four suddenly charged towards Yang Shanqi from both sides!

Among Wei Jiaoyang's many disciples, Yang Shanqi was the most apt and perceptive. He also trained the hardest.

Number Three and Number Four were his fellow brothers; they were all orphans, which was why Yang Shanqi didn't want to fight them.

After a few exchanges, he turned and ran.

He climbed over a wall and landed in someone's yard.

Suddenly, he became still.

A powerful and dangerous aura surrounded his entire body. Yang Shanqi looked up to see a man standing in front of him.

Wei Jiaolin!

Wei Jiaoyang's younger brother!

Yang Shanqi didn't expect that even Wei Jiaolin had come to Ning Province. He hastily bowed to the man.

Just as he was about to open his mouth, a strong wind howled.

"They... They are good people." Yang Shanqi barely managed to speak.

"I've told you since you were young: there is no such thing as good vs. bad; only right vs. wrong."

"You are the family's dog. Whatever the family tells you to do, you do it. Your master's words are absolute."

"If you want to live, obey the family. Take a knife with you and kill everyone in Li Hang's family."

When Wei Jiaolin said those words, he sounded like a machine - there was not an ounce of emotion.

To him, killing a human being was as simple as squishing an ant.

"Master, I can't do it. Just kill me."

Wei Jiaolin shoved his palm onto Yang Shanqi's chest.

Instantly, Yang Shanqi spat out a mouthful of blood as he flew backwards, slamming onto the wall.

Wei Jiaolin walked over and stared at him from above. "One more time: will you do it or not?"

Yang Shanqi slowly closed his eyes.

He had no more regrets in this life.

He was nothing but a dog.

Even if he died, no one would remember him.

Wei Jiaolin grunted coldly. Just as he was about to deal his final blow, a voice suddenly came from the top of the wall.

"Causing blood to spill everywhere and dirtying other people's courtyard - don't you think that's rude?"

Wei Jiaolin was shocked!

He quickly lifted his head while jumping back.

To think that an ace like him had not even realized there was someone standing on the wall.

"Who are you?" "When did you show up?"

"Li Hang!" Yang Shanqi called out the man's name.

Once Wei Jiaolin heard that, his expression changed 180 degrees. Without a word, he turned and ran!

As Wei Jiaolin fled, Li Hang also turned to leave.

"Thank you for saving me." "I owe you my life."

Li Hang turned coolly and glanced at Yang Shanqi, "Don't mention it. I was just passing by."

"I'll surely repay you for saving my life." "I must also tell you: I was asked to come to Ning Province to kill your family."

Suddenly, an intense aura engulfed Yang Shanqi.

He could barely breathe.

Both his legs trembled.

The man couldn't even stand up straight.

Li Hang's fierce glares felt like daggers piercing directly into Yang Shanqi's heart.

"If that's what you tried to do, then you would've become a corpse in front of me now. I wouldn't be here listening to you and your nonsense."

He looked up at Li Hang.

At that moment, with the man's silhouette against the light, he looked like a god that had descended from heaven.

Light enveloped his entire body.

Yang Shanqi could not help but worship him, lowering himself to the ground and bowing down to him.

"Go to the training grounds first. If you can complete the training program, I'll consider accepting you as my apprentice."

Yang Shanqi fell to the ground, but when he looked up again, Li Hang was already gone.

All he saw was the blue sky and piercing rays of light!

.....

It was time for the face-off.

Everyone had come to spectate the battle. But 'spectating the battle' was merely what everyone casually said; in fact, they had actually just come to witness Li Hang get killed by Song Yuan.

Song Yuan was a powerful man from up north.

Everyone who had died by his hands were well-known masters.

In the eyes of many people, Li Hang being given the opportunity to be killed by Song Yuan was considered an honor!

The duel was to take place by a man-made lake in Sheng City.

At the moment, many had already flooded

They had come from different places just to watch this battle.

Everybody wanted to see with their own eyes the true appearance of the Song Family's ace, and that legendary Howling Wind!

"Come on, come on! Don't miss on this!"

"How could anyone not place their bets on such an exciting battle?"

"The current odds are 8 to 0.1. Those who haven't placed their bets - hurry up!" "The battle is going to start in half an hour!" "What are you waiting for?"

The yelling came from a small pavilion by the man-made lake.

Wearing a baseball cap and a denim shirt, Xu Haoran had set up a gambling table there.

When Xu Haoran said that, everyone around laughed.

Someone stood up, "Little boy, what do you know?"

"Song Yuan is a well-known swordsman from the north."

Amid the cheers of everyone, Song Tingjie brought Song Yuan to the lake.

Giving Song Yuan a nod, the famous swordsman immediately jumped. Like a leaf in the wind, he gently landed on a small boat nearby.

The boat had neither any sails nor paddles.

Song Yuan held his sword in both hands as he stood quietly on the bow of the boat.

Then, the boat moved forward on its own.

Arriving at the center of the lake, the man took a look around, but caught no sight of Li Hang.

The audience started to grow impatient.

"What's going on?" "Why isn't Li Hang here yet?"

"I'm guessing he chickened out."

"Hmph, he had the guts to accept the challenge, but why hasn't he showed up?"

He had a calm expression and eyes as sharp as a blade.

Looking around with contempt, he smiled, "Since Li Hang is too afraid to show up, then I'll personally go to Ning Province and bring his head back for the Second Master!"

"Hey! Are you blind?" Xu Haoran suddenly shouted from the pavilion, "Isn't he right in front of you?"

Song Yuan turned to see Li Hang on a duck pedal boat, slowly making his way over.

"Hahahaha! Is he retarded?" "He's still playing around in a little boat."

Song Yuan looked at Li Hang's actions with disdain.

To him, anyone who had been his apprentice for three or four years could easily do that.

To be able to maneuver a boat to the center of a lake without relying on any sails or paddles like he did - that was the real deal.

In Song Yuan's eyes, Li Hang was already a dead man.

At first, the tears were translucent, but they soon turned crimson.

Song Yuan stood unmoving as he continued to stare at Li Hang.

The little duck pedal boat remained suspended in the middle of the lake, never moving.

Even if the water in the lake moved.

Li Hang could calmly keep the pedal boat in its place.

This was something Song Yuan couldn't do!

Don't even mention Song Yuan - even if all the great masters from the north came, they also wouldn't be able to do that!

Song Yuan regretted; he truly regretted!

Why hadn't he noticed earlier?

The man finally realized: he was nothing but a clown!

## Chapter 199 Looking For Death

It was at this moment that he understood why Wei Jiaoyang had lost to Li Hang.

He now knew how Ning Province could rise within such a short time, and why its underground world was impenetrable!

It was because of this man, from that place!

A red sea!

He regretted; he shouldn't have brought the Second Master to Jiang Province.

With the Second Master gone, so was the Song Family's future!

Before dying, Song Yuan asked Li Hang, "I want to know, how much strength did you put into that one finger?"

Li Hang simply replied, "How much strength does it take to move a finger?"

How much effort would it take to squeeze an ant to death?

Song Yuan suddenly looked up to the sky and laughed. His world began to turn upside down and he fell to the ground.

He was dead.

The ace from the North- Song Yuan- had just been killed so effortlessly by Li Hang!

All the pros who were initially laughing at Li Hang by the lakeside were now slapping themselves on the face.

Slap, slap. The sounds kept ringing.

The cowardly ones had begun to sneak away.

But not long after they turned, they faced a wall.

As they looked up, they saw the huge and tall Li Erniu standing in front of them.

At this time, using a megaphone, Xu Haoran yelled at the crowd.

"Those who placed their bets on Song Yuan - come and pay up!"

"Don't think of leaving without paying!"

"This man-made lake is pretty deep. If you're thrown into it with two large rocks tied to you, god knows what would happen to you."

Everyone there felt chilly, regardless of whether they were pros from the North or big bosses from the underground world.

He's too strong. Li Hang was just too strong.

Song Yuan's power was nothing compared to him.

In front of Song Yuan's sword, they were like poultry waiting to be slaughtered.

But in front of Li Hang, they were nothing but ants!

No one dared back out. All the men obediently handed over their money.

Their lives were more important than money, after all!

"Here, here. See this QR code? Come and scan it with your phones."

Xu Haoran held up a large sign with a QR code on it.

All the big bosses of Jiang Hu and Northern aces scrambled to scan the code with their phones, then hastily tapped on their keyboards.

It didn't matter if they didn't place any bets earlier; they knew that if they didn't pay up, they'd be killed.

Song Yuan and the Song Family's Second Master were the best examples!

"Hahahaha! I'm gonna be rich!"

As the audience gradually dispersed, Xu Haoran excitedly took out his phone.

He quickly unlocked it and opened up his mobile banking app.

Then, his smile faded.

"Huh? What's going on?" "Why hasn't the money in my account increased yet?"

## Chapter 200 Are You Missing A Brain

"That can't be. Did I do something wrong? Did I accidentally have the money sent to someone else?"

Xu Haoran scanned the QR code with his own phone, only to realize the profile picture of the recipient was his mother's!

The account name wrote: Cool Mom who Love Cooking.

"Ahhh! Mom!!"

"How could you swindle your own son like this!?"

By the man-made lake, Xu Haoran's wailing sounds drifted away like leaves in the air.

.....

"What?!" "Song Yuan is dead?"

Upon hearing the news, the legs of the Wei Family's patriarch went numb. He slumped onto the chair pale-faced.

Li Hang's strength had far exceeded his expectations.

Just then, a strong and mighty-looking man let out a cold snort.

"Li Hang must have gotten real lucky."

"Song Yuan was getting old anyway. If it were me, I'd have easily blown off Li Hang's head with just one shot!"

"Preparations for your surprise attack on Ning Province are complete. Just give me the order, and I will immediately head there with my men and bring Li Hang's head back to you."

Slap!

Wei Hong slapped the muscular man across his face.

As if a slap weren't enough, he kicked the man several times.

"Are you all brawn and no brains!?"
