

“Rascal, if you have inappropriate thoughts, I will kick you out of the house!” Suddenly, Xu Muqing turned and said to Xu Haoran.

“Pa, take your time at work. Do not overwork your body.”

Xu Xiaoyang, who had buried his head in his food, slowly looked up. He smiled.

His smile was broad and bright, and his eyes emanated a glowing confidence and pride.

“Relax! Before I make Lingxiao Group the top corporation in Ning Province, your dad will not collapse!”

“Pa, you are wrong about that.” Li Hang suddenly interjected.

Everyone turned unanimously to him.

He said solemnly, “We will not be the top of Ning Province. Neither will we be the first in Jiang Province. We shall not be the first in the country too.”

“We shall be at the top of the world!” Li Hang’s eyes were sharp and resolute.

“Brother-in-law, yours words are so encouraging, it got my blood pumping!”

“Sister, when our Corporation grows in size, are we moving to Jiang Province or the international trading metropolis, Shanghai?”

Xu Muqing rolled her eyes and glared at Xu Haoran, “Our family will stay here!”

Xu Haoran chirped happily. “Sister, wherever Brother-in-law is at, that’s where your home will be. This is what it means by where the needle goes, the thread follows... argh!”

“Ma! Sister kicked me again!”

Liu Yufen grabbed a mantou bun and shoved it into her son’s mouth.

Post dinner, Xu Xiaoyang and Xu Muqing gathered together to discuss the future developments of the corporation.

The corporation was not the same as the company. They met difficult from many different aspects At the time, finance was a pressing issue.

“Pa, do not worry about the finances.” Xu Xiaoyang quickly said to Li Hang, “I know that you have the money personally, but we cannot always rely on your money to run the corporation.”

“That’s fine, not like I can spend all of it

anyways. Moreover, the group belonged to our family. It will not go into a waste.”

“I plan to inject billions into Lingxiao Group and even rebuild a building to house our company. You will be the chairman of the group, and Muqing will be the president. Then, we can let Haoran be the Deputy General Manager.”

The moment he finished his sentence, the jaws of the four Xu Family members dropped to the ground. They stared at Li Hang in a daze.

“No way!”

Xu Haoran slammed the table and leapt off his chair.”Brother-in-law, you cannot do this! I’m a person with dreams and aspirations and I want to be a singer!”

“I want to be an artist and spread my voice and art throughout the world!”

Before Xu Haoran could finish his clamoring, Liu Yufen kicked him under the table.

Xu Xiaoyang finally pulled himself together enough to speak after a long while of silence.

“Li Hang, isn’t this too soon?”

“Pa, I am confident in both you and Muqing.”

“You have been a sleeping director for too many years. It is time to turn the tide!” This time, Li Hang switched to a melodious, charismatic voice. “What’s a sundial in a shade? Hide not your talents for they were made for use!”

...

Ning Province Hospital, Intensive Care Unit

Zhou Cheng towered over the bed in silence. A huge scar sprawled across his face, like a centipede, hideous and terrifying. All there was left in the room was suffocating silence and mortifying fear.

Zhou Cheng was like a beast walking out of the darkest corner in the night.

His had his eyes focused on Master Ye, who was lying motionless on the bed.

“When will my brother wake up?”

The doctor shook his head and said, “That will depend on his own will. Also...” He paused.

Zhou Cheng turned and faced the doctor. Similar to that of a ravenous beast, his

blood-shot eyes scrutinized the doctor.

The instant their eyes met, the doctor was taken aback and he staggered a few steps backwards!

“Also what?” In a deafening soft tone, Zhou Cheng asked.

And the doctor went mute. That man staring at him had left his tongue paralysed in fear.

If he speaks the truth, he had no doubt that he would too be handicapped and lying in a coma.

Zhou Cheng’s icy voice sounded again, “If you don’t say it, I will send you personally into the ICU next door.”

Hearing the blatant threat, cold sweat gathered on the doctor’s forehead and he hurriedly spat out the truth, “Your brother’s spine... All of them were broken. Even if he does wake up, he would be in a vegetative state.”

Hearing this, Zhou Cheng stretched out his hand and gripped onto the doctor’s throat. In a fit of anger, he lifted the doctor off the ground.

Now, he was like the grim reaper from the

deepest level of Hell. Harrowing and ghastly!

“What did you just say? Repeat!”

“I’m speaking the truth. It is already a miracle that your brother made it alive! If anyone else were in his situation, they would long be dead!”

The doctor spoke the truth. No one else could have survived this.

In fact, the only reason why Master Ye was still alive was that Li Hang wanted him to taste an experience worse than death.

Zhou Cheng roared ferociously, “He is my brother! Zhou Cheng’s brother! How could he be dead?!”

In the face of a roaring maniac, the doctor shut his eyes in fear as he trembled.

“Useless piece of sh*t!” With a light toss, Zhou Cheng threw the doctor to the side unceremoniously.

Without hesitation, the doctor half-crawled his way out of the ICU ward.

At this moment, Cui Tianci entered. When he met Zhou Cheng, Cui Tianci stopped in his tracks.

Soon, joy lightened up his face.

“You, are you Master Ye’s brother? Master Zhou?”

Zhou Cheng hissed, “Who!? Who injured my brother so grievously!?”

Cui Tianci hurriedly answered, “Li Hang! The son of a bitch who married the Xu slut! Master Zhou, do not underestimate that man. He is good.”

“I saw him torment and handicapped Master Ye with my own eyes. He even threw him down a building! At that time, if Pa and I were not around to quickly sent him to the hospital. I’m afraid, Master Ye...”

“Boom!”

Before Cui Tianci could finish, Zhou Cheng sent a hard punch into the walls. Instantly, thin cracks appeared across the white wall. At the point where his fist hit, a deep crevice formed.

Zhou Cheng clenched his fist as an intense killing intent erupted from inside him.

So this is the power of the fastest blade in Ning Province!

Underneath the apparent shock on his face, lay a wide smirk on Cui Tianci's face. With this prowess, he was confident that Li Hang would die!

As for Xu Muqing... Ha...Both Master Ye and Master Zhou were lecherous...In the face of such a beautiful woman, they were not going to hold back! Who know they might even touch that old bitch Liu Yufen...

Cui Tianci spoke again, "Master Zhou, do not act rashly. Let's plan this out thoroughly. This Li Hang, he is really powerful. He..."

Before he could even finish his sentence, the menacing aura from Zhou Cheng forced his mouth to shut.

"My brother is so grievously injured, and you want me to not avenge him?" Zhou Cheng roared fiercely.

Cui Tianci felt like a cloud of dust blown back by a powerful gale, slamming hard onto the walls.

"Master Zhou! Calm down! If you want revenge, I can give you their address!"

With that said, he whipped out a piece of paper and passed it to Zhou Cheng.

“Master Zhou, this is their address. You just came and probably had not have some fun with a woman, right?”

“That wife of Li Hang, she’s exquisite.”

“Her figure is also fantastic. I’m sure you she will fit your taste, Master Zhou.”

Zhou Cheng sneered coldly. While he remained expressionless, a lecherous gleam radiated from his eyes.

...

Early the next morning, Xu Muqing got up from the bed and headed to work.

As Liu Yufen came out from the kitchen, she brought with her a plate of smoking fried tofu for Li Hang to eat with congee.

Unexpectedly, Li Hang and Xu Muqing had already finished breakfast and left for work.

“Why are they so fast?”

Xu Haoran webbled out from his room grouchily. “Fast? How are they fast? Ma, Brother-in-law and Sister are like a pair love barren lovebirds... Ouch! Ma, Ma don’t hit me!”

As Xu Xiaoyang’s family enjoyed their family time, two hooligans crept towards their main door in a flash. Shortly, they hurried back to a club.

At this time, Zhou Cheng was sprawled

across a sofa, relaxing after a few rounds of intimacy with 2 ladies. For quite some time, squeals and heavy panting echoed non-stop from the room.

“Boss, I’ve doubled checked it. The address is correct. That man, Li Hang, lives there. He had married into the wife’s family. He’s just a weakling with some martial arts stunts.”

“SMACK!” With a powerful blow, the hooligan’s entire body swung violently to the side.

Zhou Cheng cast a menacing glare, sending his underling tumbling backwards.

“He’s just a weakling? Then, what do you make of my brother? Trash?”

The underling immediately fell to his knees, begging for mercy, “Sir, I’m wrong, I deserve death.”

Repeatedly, he slapped his own face.

Zhou Cheng sneered coldly, “Let me warn you. Don’t ever underestimate your opponent. Otherwise, you’re next in line to die!”

“Yes, Sir!”

Zhou Cheng turned a blind eye to the kneeling underling and continued his what he was doing with the 2 ladies.

Cautiously, the hooligan asked, "Sir, what should we do next? Kidnap Li Hang's family and lure him over?"

Wearing a contemptuous smile, Zhou Cheng continued drilling into the lady in front of him and said between his pants.

"Do I, Zhou Cheng, need to resort to such lowly moves? Isn't their family very harmonious? In that case, let me send all five of them to meet Hades together!"

"I will toy the women, like I am doing now, in front of the men!"

At the same time, in the VIP ward of a private hospital.

Cui Tian gloat into the ward, exclaiming excitedly, "Pa, Zhou Cheng is about to begin his extermination."

"This time, even Liu Delun can't save him. Xu Xiaoyang will die for sure!"

The moment he mentioned Zhou Cheng, Cui Haifeng's eyes clouded with wary.

“He is the right-hand man of Sheng City’s Four Kings, Zhang Quanwu. Now that Zhou Cheng is here, it is clear that Zhang Quanwu intends to stretch his greedy hands into our share of pie! The peaceful scene we had in Ning Province is about to be shattered.”

Cui Haifeng sneered, “Hmph, the golden opportunity for our Cui Family comes with it too!”

As Cui Haifeng spoke, the underground forces from various sectors had silently gathered.

Wang Gaobo, one of the leaders of the underground forces, was the man who initiated the gathering that had happened tonight in Wanghai Restaurant, one of the most extravagant restaurants in Ning Province.

He met with the other leaders gathered in front of Grizzly.

“Grizzly, isn’t it too much for you to chew on Black Panther’s territory alone? Moreover, behind Black Panther is Zhang Quanwu, one of the Four Kings of Sheng City who had already sent the Fastest Blade of Ning Province back here!”

“Just a word of warning, you better return

the territory before Zhou Cheng erupts!”

As Grizzly towered over the others in front of him, he truly looked like a beastly bear, however, he only brought two men with him today. Usually, being outnumbered as such, he would be shaking in fear by now. But today, he had no fear.

Grizzly snorted back, “Zhou Cheng is but another dog lapping at Zhang Quanwu’s feet. With just him, sweeping across Ning Province underground forces is utterly impossible.”

“Did you forget that we still have Boss Tiger in Ning Province?”

At the mention of Boss Tiger, several faces twitched.

“Indeed, Boss Tiger is equivalent to deity in our province. However, he is in already in his silver ages. He will not meddle with our disputes anymore.”

“Zhang Quanwu is one hell of a ferocious beast. What’s more, he will bring his men along. Do you think he will spare you, Grizzly?”

In the past, the mentioning of Zhang Quanwu was enough to paralyse him in fear.

But now....

Grizzly hissed coldly.

“Honestly, I did not take all of Black Panther’s territory. I was just helping a friend to watch over it.”

When Wang Gaobo heard this, his brows furrowed. “Which friend?”

Grizzly said with a smirk, “He will be here soon.”

“Knock, knock...”

At this moment, a knocking came from the door.

As the door opened, Li Hang sauntered in casually. In his hands, was a queue number of a famous food stall.

It was from a famous local fried chicken stall. Throughout the week, he had a craving to eat this with Xu Muqing. However, the latter avoided high calories food, especially fried chicken.

Now that she finally had a craving for fried chicken, Li Hang had immediately leapt onto the car and drove out to buy it.

Alas, halfway along the journey, he received an SOS message from Grizzly.

This fried chicken stall only sold a highly limited quantity of 2000 pieces daily. What's more, it was on a first-come, first-serve basis.

"Speak fast. I'm very busy." The moment he entered, Li Hang stared at the crowd with a foul, impatient expression.

"Him! He's the one who left Black Panther incapacitated!" Someone exclaimed from within the crowd.

Instantly, Wang Gaobo's eyes lit up!

"Good! Good timing...! Men!"

Wang Gaobo clapped his hands twice decisively. Instantly, a horde of people rushed in!

"Get him!" he commanded.

Several tens of hands clawed and punched at Li Hang.

Bam!

The hooligan at the vanguard was sent spiraling backwards with a fist mercilessly

digging into this nose. Immediately, crimson blood poured, followed by the sounds of bones cracking.

Within the pack of carefully chosen fighters, not one of them lasted more than a single blow from Li Hang.

Bam!

Bam!

Bam!

In the blink of an eye, the originally pumped up hooligans were strewn all across the ground. They covered their faces, grimacing and moaning in pain. All of their injuries were on their fragile faces.

Li Hang flick off the remnants of blood on his fingers. Then, he turned and walked in a beeline towards Wang Gaobo.

In the face of a crushing defeat, fear and shock paralysed Wang Gaobo.

With every step closer that Li Hang took, another Everest of pressure crushed onto his shoulders, taking away his abilities to speak.

Li Hang stretched out and gripped tightly

onto the latter's necktie. Then, he used it to wipe the blood, still warm and crimson, on his hands.

The moment Li Hang released him, Wang Gaobo crumpled onto the ground. Cold sweat burst out from every pore on his body.

Like how he arrived, Li Hang sauntered out nonchalantly.

Throughout the whole episode, Grizzly watched the massacre from the side. At the same time, his fist clenched tightly and sweat wet his palms. He was overwhelmed with emotions.

Just how powerful is this man?! Ferociously brutal!

As expected of the man feared by the Boss Tiger himself!

In reality, Black Panther's territories were solely taken by Li Hang.

The reason was simple.

The location of Xu Muqing's current pier project was within Black Panther's territories.

So the sake of her safety, Li Hang had resolved to make every inch of land within a ten-kilometre radius his!

At this time, Li Hang held his queue number in his hand and arrived in front of the traditional fried chicken stall with 60 years of history.

In an instant, a shock crept up in him. All of the people that were queuing previously had dispersed!

He had only left for barely 3 minutes, and yet all of them left?!

He dashed to the stall and asked frantically, and the answer he got was 'We've sold out.'

Li Hang slammed his queue number on the table angrily and fumed, "I've already taken a queue number, why did you sell my share as well?"

The shop assistant did not reply. Instead, he turned slowly and gestured at the bunch of boisterous hooligans, stuffing their face with food.

Behind him, Zhou Cheng was currently sitting with the lackeys he brought along from Sheng City.

As he gobbled up the food, the scar on Zhou Cheng's face became extra hideous.

"Boss, the food here is delicious indeed!"

"Nice! Very nice!"

Zhou Cheng spoke with a calm tone, "After all of these, we will go and settle our work."

"I heard that the little slut got quite the good looks. Later, I'll be sure to catch her and let everyone have some fun."

The moment thy bunch of hooligans heard that, a wave of adrenaline washed over them as they burst in excitement.

On the side, one of the hooligans held a beer in his hand as he stretched out his oil-laden hand towards Li Hang.

"Rascal, I ate your share just now!"

“If you want to eat it, follow me to the toilet! I will shit it out for you!”

All of a sudden, Li Hang stretched out his hand and gripped the hooligan’s wrists.

Crack!

“AAAAAAH!!!”

A hoarse, ear-piercing cry erupted from the hooligan.

Then, Li Hang dragged him on the ground and tossed him out unenthusiastically.

The poor hooligan blacked out in the lobe.

Following that, he crashed heavily onto a green trashcan a 100 metres away!

Hearing the resounding crash, Zhou Cheng, who was in the midst of enjoying a huge slab of meat, whipped up his head!

The moment his gaze landed on Li Hang, that snaking scar on his face twitched uncontrollably.

Concentrated killing intent raged within Li Hang’s eyes.

Zhou Cheng had never seen such a terrifying

gaze. Even the Big Boss, Zhang Quanwu, could not hold a candle against that.

Zhou Cheng quickly got to his feet and stared gloomily.

“Brother, isn’t this just a snack? Don’t be so agitated.”

By now, Li Hang was already standing in front of Zhou Cheng.

He stretched out his hand and grabbed onto the neck of another lackey beside him, lifting him up like a chicken.

“Just now, I overheard that you were about to go to the Sunshine district to carry out some business. Could you let me in on some details?”

That man strangled by Li Hang struggled to breathe and quickly spat out all of the details.

Li Hang’s hand flicked gently and that punk was thrown out of the shop as well.

Then, Li Hang and Zhou Cheng glared at each other.

“Looks like you are the one that crippled my brother!”

The moment Zhou Cheng declared this, everyone around shot up from their seats and surrounded Li Hang.

The battle would ignite with just a small spark.

No one had expected that the man who crippled Master Ye, leaving him eternally bedridden, would be standing right in front of them!

“Right, that’s me.”

“That bastard destroyed my house’ door, leaving my mother-in-law heartbroken for the entire night.”

“He deserved it. You can’t blame me for that.”

Hearing that, all of the lackeys were left bamboozled.

Didn’t he just kick down a door? Was it really that serious?

Li Hang’s gaze on Zhou Cheng was ice-cold and biting.

“I’m too lazy to deal with you.”

“I’ll give you a chance. Get your sorry ass out

of Ning Province.”

Hearing the mercy that was shown to him, Zhou Cheng burst into a peal of boisterous laughter.

“Get my ass out of Ning Province? Who do you think you are?”

As he spoke, he got into action.

Since the tender age of seven, Zhou Cheng honed his swordsmanship. Since then, a knife had never left his side.

Even if he were rolling about and in action with a woman on the bed, his knife would remain tightly fastened to his waist.

Now, Zhou Cheng’s movement was smooth as rolling waters, yet fast as lightning!

The instant he drew his blade, it shone blindingly in the glimmer of the stall’s lights. That moment, a sharp glare from his blade flickered!

Swoosh!

A sharp sound accompanied the blade as it sliced through the air, going straight at Li Hang’s throat.

This swing was the fastest and most brutal ever executed by Zhou Cheng.

But all he cut was air.

He did not feel the soft obstruction of human flesh on his blade.

As he retracted the knife, he was prepared to swing it again.

However, he felt a grip on his wrist.

Crack!

“AAAHhhh...”

An agonizing pain scorched through his arm as Li Hang shattered his wrist with brute force.

KLANG!

The knife in Zhou Cheng’s hands hit the ground.

The hooligans by the side watched in awe. Their eyes widened, and jaws dropped as if they had just seen the reaper in person.

Zhou Cheng dropped his knife!

With one move! Just one move and Zhou

Cheng was incapacitated!

His hand was already destroyed!

Without delay, Zhou Cheng pulled out another blade from his waist.

With the same speed and angle, he swung at Li Hang's throat.

Alas, it was stopped in its tracks again.

Just 2 fingers.

Li Hang used just 2 fingers to clamp on the blade tightly.

"Futile resistance, you're just courting death!"

BAM!

Li Hang raised his foot and sent Zhou Cheng flying backwards!

With a heavy thud, Zhou Cheng's body crashed onto the walls.

Then, Li Hang picked up the knife and grasped it in his hands, swinging it about lightly.

In a flash, he buried it into the wall, a hair's

width distance from Zhou Cheng's neck.

"I'll give you another chance."

"Don't end up like your brother, biting off more than you can chew!"

"AARGHH!!"

With a roar, Zhou Cheng swung his fist and smashed towards Li Hang with everything he got.

With eagle-eyed precision, Li Hang's fist met with Zhou Cheng's in mid-air!

BAM!

Crack!

At the moment of impact, Zhou Cheng's entire bone instantaneously burst out from his elbow!

With a hair-raising shriek, he crumbled onto the ground!

"Gentle reminder, you have used up both of your chances."

With that said, he raised his feet and stamped down with a chilling lack of compassion.

Crack!

Li Hang broke Zhou Cheng's right leg as well!

Together with his right leg, Li Hang also shattered all of his hopes at living a proper life!

Now, he had landed in the same state as his brother, Master Ye, thoroughly crippled.

"Who are you? Who in the world are you?!!"

"Who I am is not important. What's important is that you should not have eaten my wife's fried chicken!"

For a simple fried chicken, he crippled Ning Province's fastest blade!

Should this new spread, Zhou Cheng would no doubt end up as a laughing stock for the rest of time!

Then, Li Hang turned to face the lackeys by Zhou Cheng's side.

Even if there were a ton of them gathered.

Even if all of them held weapons.

None of them dared to step forward at this

moment. More than that, they were all extraordinarily cautious.

“Scram, Ning Province is not where you can stick your hands into.”

“Also, go back and tell your master.”

“The waters in Ning Province is deep. Small fishes and shrimps like you all will end up being fodder for others.”

“If you value your life, do not step foot into Ning Province again for the rest of your life.” With that, Li Hang turned and left.

“Wait!”

Suddenly, Li Hang’s body froze.

The sudden shout stunned even the hooligans.

Even Zhou Cheng had been reduced to a cripple.

Who else still dared to court death?

At this time, the shop attendant approached Li Hang with 2 bags of roast chicken.

“These are the 2 remaining servings in the oven. Take them with you.”

“But I only ordered 1 serving.”

The attendant quickly responded, “It’s fine. Tonight, we are having a buy 1 get 1 free promotion.”

Merrily, Li Hang carried the 2 bags of roast chicken back home.

Just moments after Li Hang returned, Xu Muqing, who had been cooped up in the study room, could already smell the fragrance.

“Why did you get 2 servings?”

“The owner saw my handsome face and get me 1 for free.”

“Lies!” She stretched out her slender, thin arm and took out a piece of aromatic chicken.

As she enjoyed her snack, Xu Muqing found Li Hang staring at her constantly without saying a single word, and she could not help but ask.

“Why are you not eating?”

“I’ve already eaten!”

“When did you eat?”

“Right now!”

“What are you eating?”

“You, of course.”

“Ah?” Li Hang’s words bamboozled Xu Muqing.

“Don’t you think your gorgeousness is a feast?”

Hearing that, Xu Muqing averted from his intense gaze as a faint pink blushed over her cheeks.

Muttering softly, she buried herself into eating again, “Ridiculous. Eat your food. I

can't finish so much by myself. I don't wanna get fat too!"

"Fat is good! Then, no one would woo you anymore, and you will be mine and mine alone! HAHA!"

"I'm not yours! I already..."

"Right, right, I know. You have someone in your heart. But why can't you tell me his name?"

"I won't tell you!"

Xu Muqing quickly turned her rage into appetite, vacuuming all of the chicken into her belly.

In the end, she felt a tad overstuffed.

Following which, she carried regretful thoughts:

How could you not gain weight with this amount of snacking? Will I be ugly if I gain weight? As she drifted off into sleep.

...

With the crisp chirping of birdsongs, Xu Muqing opened her eyes.

Habitually, she turned and looked in the corner where Li Hang slept, only to find him missing.

Where did he go?

She quickly sat up!

Usually, when she got up from bed, Li Hang would be sitting in the corner smilingly, waving at her.

Alas, she did not see that smile which made her want to pinch his face.

In that instant, she panicked.

Hurriedly, she got off her bed.

But she could not find him in the living room either!

Did, did he leave?

“Ma, did you see him?”

Xu Muqing rushed to the kitchen and asked Liu Yufen.

Liu Yufen looked at Xu Muqing, who stood by the door, and smiled without a word.

“Ma, tell me, where did he go?”

Seeing how frantic her daughter got, Liu Yufen finally told her.

“I also don’t know where he went. But in the morning, he mentioned that he had some work to do. And he will be back for lunch.”

Hearing how Li Hang only left for work, Xu Muqing heaved a sigh of relief.

She pouted and muttered softly to herself, “How could you not tell me that you had to go for work...”

At this moment, some knocking was heard at the door.

Has he returned?

Joy sparked in her heart as Xu Muqing dashed to the door.

At the door, a gigolo-like man dressed in a proper suit and shined boots stood.

He smiled and greeted Xu Muqing, “Qingqing, it’s been a long...”

SLAM!

Xu Muqing slammed the door shut.

Only now did she realized that she was still

dressed in pyjamas!

Fortunately, she had dressed in proper and tightly concealing pyjamas for fear of being spied on by Li Hang!

This saved her from any potential embarrassment.

“Ma, I’m back!”

Now that Li Hang had become part of the family, he had a key of his own.

When he entered, he found the suited gigolo on the sofa in the living area.

Beside him, an old lady caked in makeup sat.

“Oh, speak of the devil!”

“You you, come over!”

That old lady waved her hand at Li Hang.

Immediately, she demanded unceremoniously, “You, you, pack your things and scam from this house.”

By the side, Xu Muqing hurriedly explained, “Auntie Zhang, the two of us had already registered our marriage.”

“Qingqing, don’t take this wrongly.”

“You and Xingxing grew up from young together. you are childhood sweethearts!”

“When you were younger, you played house together!”

“Xingxing, he was the husband, and you were the wife. The relationship you two shared was just so beautiful.”

The gigolo-like man beside her hurried nodded as he added, “Yes, she even said that she wanted to marry me when we are older.”

As he spoke, he fished out a box from his pocket.

The man opened it, revealing a ring topped with a massive diamond.

Then in front of everyone, he knelt on one knee in front of Xu Muqing.

“Qingqing, end this joke of marriage and marry me for real!”

“I will make you happy!”

“I am already the Vice President of the Lanhai Corporation!”

"I have the ability to take care of you and your parents!"

"I've even found a stable job for Haoran!"

"As long as we get married, your entire family will live a smooth sailing life."

"Is this diamond? This is my first time seeing such a large diamond!"

As he spoke, Li Hang closed in beside the man like a gale.

He nicked the ring right off the gigolo's hands and examined it nonchalantly.

"Is this... a fake?"

"Nonsense! I bought this with cold hard cash at the store!"

"I even brought the invoice with me!"

"Simple, let's test it out. We just got to apply some force."

"Diamond is also known as the hardest rock in the world."

Then, Li Hang grabbed a walnut off the table and slammed it onto the gemstone.

Instantly, a light thud was heard.

The gemstone, valued at a few million, shattered!

"Gosh, it shattered!"

"A counterfeit item!"

Li Hang threw the ring onto the table.

"Impossible!"

"How could a walnut shatter a diamond!"

"You! You have to compensate me!"

The young man roared and clawed at Li Hang.

And yes...

He did not react like usual men using their fist.

Instead, he clawed at Li Hang, as if he was in the midst of a catfight.

Slap!

Casually, Li Hang's palm swept over, slamming the man-child back onto the sofa.

“Ma! He hit me!”

The man buried his face into the old lady’s bosom and wailed in pain!

“How dare you hit my dearest Xingxing!”

“You are a piece of dead meat!”

“My son holds a PhD from a prestigious overseas university! He is the Vice President of the Lanhai Corporation!”

“Lanhai Corporation’s President is my brother-in-law. I will call him now!”

As she spoke, she called Hong Hailiang on the phone.

However, even with multiple calls, she could not connect with him.

“There is probably no one available to pick up this number. Maybe try to call the police station? Maybe you can get Hong Hailiang there.”

“What do you mean?” Shock crashed onto the old lady.

Li Hang shrugged his shoulders, "Oh, I forgot to mention that bought over Lanhai Corporation this morning."

"And as for your brother-in-law, Hong Hailiang, he has been incarcerated for various reasons."

"I don't think he would be released within the next twenty to thirty years."

As soon as he finished his words, the phone in the man's pocket rang.

The man cried, "Ma, what should we do? They are coming to catch me too, let's get out of here right now!"

When the mother and son left, Li Hang noticed Xu Muqing standing in the corner awkwardly.

"What's wrong?" Li Hang asked.

"Just, just now Auntie Zhang mentioned something that happened when I was young. That matter, that matter cannot be taken seriously..."

"Auntie Zhang's son used to wear a skirt when he was a child. I had always thought he was a girl, so I played with him."

An extremely interesting image popped up in Li Hang's mind, and he could not help but laughed out loud.

Upon seeing Li Hang's smile. Xu Muqing became slightly annoyed.

How annoying! Why am I explaining these to him?

As she thought about that, Xu Muqing turned around and entered the bedroom.

Liu Yufen, who was standing at the side, asked, "Xiao Hang, did you really buy over their corporation?"

"Yes, and the morning after tomorrow, Pa will take over the post as the Chairman of the new corporation!"

Liu Yufen was in awe.

This son-in-law was so capable!

Buying over a corporation is like buying vegetables to him!

.....

"What!? Zhou Cheng is disabled?"

"How could that possibly happen? Zhou

Cheng is the best swordsman in the Ning Province. In his prime years, he wielded two swords and even two hundred men could not defeat him.”

In the president’s office in Taian Corporation, Cui Haifeng stared at Cui Tianci in surprise.

“Is this news reliable?”

Cui Tianci nodded, “Ba, I have confirmed this piece of news multiple times.”

“Zhou Cheng is really disabled!”

“It is said to be because of a plate of marinated fried chicken.”

Cui Haifeng was momentarily stunned, “Marinated fried chicken?”

“What is that?!”

Cui Haifeng enjoyed in abundance since his childhood and he had never visited the roadside stalls. As such, he had not heard about this snack sold by the roadside stalls.

He even thought that it was some sort of treasure.

Cui Tianci helplessly replied, “It is a snack sold at the roadside stalls.”

"I heard from Zhou Cheng's subordinates that that guy got into a conflict with Zhou Cheng because his wife wanted to have the marinated fried chicken."

"He was then beaten to the point of being paralyzed."

"What an asshole!" Cui Haifeng sat down on the sofa furiously.

"I was looking forward to having Zhou Cheng kill Xu Xiaoyang's family for me!"

"I did not expect that he would be beaten like that. There are just so many hidden talents in the Ning Province!"

As soon as Cui Haifeng finished his words, someone knocked at the door and entered the office.

"General manager, Master Biao's flight would land in another half an hour."

Cui Tianci stood up immediately after he heard that.

"Alright, I will set off now!"

The secretary was referring to Huang Youguang, Cui Tianci's older cousin.

Huang Youguang was the eldest son in the Huang family in the Jiangzhou Province.

The Huang family was one of the one of the seven greatest families in the Jiangzhou Province.

It was also Huang Lamei's family of origin.

The Huang family was much more powerful than the Cui family.

The Cui family's ability to extend their powers in the East China Sea was due to the support of the Huang family.

Now, Huang Youguang was visiting Ningzhou Province for leisure. As the younger cousin, Cui Tianc, must be a great host and entertain him!

At this moment, Cui Tianci suddenly stood rooted to the round.

Huang Youguang was a man who lives up to his name, with a striking yellow outfit.

When he sees a beautiful woman, Huang Youguang would stay show a thirsty face and even drool.

What would happen if he sees Xu Muqing?

Haha!

That's a great idea!

Without Cui Haifeng's knowledge, Cui Tianci has secretly cooked up a plan!

He wanted to make sure that Huang Yougang, his lecherous cousin, will target Xu Muqing.

And best, kill Li Hang afterwards!

The moment Cui Tianci left, the secretary turned to Cui Haifeng and said, "President, I just received the news."

"Lanhai Corporation has gone bankrupt, their President Hong Hailiang was being detained in the police station."

"What!?"

Cui Haifeng fell back and sat on the sofa.

Lanhai Corporation was much bigger than Taian Corporation in scale, with a deep-rooted history.

Yet, they went bankrupt in such a short period of time!

Who was it?

Who had the ability to silently destroy Hong Hailiang in such a short period of time?

The secretary continued, "In addition, Lanhai Corporation's factories, operations and headquarters have been bought over, and they will be officially listed tomorrow."

Cui Haifeng instructed hurriedly, "Quickly, go pick out a gift for me, I will personally congratulate them tomorrow."

The secretary hesitated and whispered, "President, umm, that..."

Cui Haifeng lifted his teacup and took a sip of tea.

"Xiao Lin, you have been working with me for a few years now."

"No matter what you do, you have to as steady as I am. Even if you are facing the tiger itself, you have to maintain your composure."

"If you have something to say, do not stammer."

"The Chairman of the new Corporation is ... is Xu Xiaoyang!"

Clank!

The cup in Cui Haifeng's hands fell to the ground and shattered.

The secretary continued, "The new corporation is called Lingxiao Group."

When they were first established, Lingxiao Group attracted elites from all social backgrounds.

Among them was Tianyi Group's president, Liu Delun, who was present in person.

He had personally hosted the listing ceremony for the Lingxiao Group.

After a round of applause, Xu Xiaoyang, who was sitting in his wheelchair rolled forward.

Due to his special circumstances, the podium was lowered.

He was dressed in a well-ironed western suit.

As the sun shone on his face, he was radiating in confidence.

There was no impassioned speech, nor declaration of ambition.

Xu Xiaoyang simply shared his ideas.

Yet, his simple and practical ideas resonated with any of the guests who were present and they gave him a sincere applause.

Lingxiao Group's listing ceremony carried on in a lively atmosphere.

At this moment, Li Hang, who was in-charge of running the event, stood quietly on the roof the building.

Shortly after, Li Erniu walked over and stood behind Li Hang respectfully.

"Boss."

Li Hang turned around and looked at Li Erni as he asked.

"Has Black Panther's territory been cleaned up?"

"Yes boss."

Li Hang nodded his head slightly.

Li Erniu was from the countryside and had trained in the Shaolin Temples since a young age.

The man specialized in leg work.

Since he came to Ningzhou Province, Li

Erniu had done all kinds of work.

He had also become acquainted with people who were of a lower social status in society. But they were honest, down-to-earth and hardworking people.

The man used to be a deliveryman in the past, and it was Li Hang who brought him to his side.

At the same time, Li Hang had also assigned Li Erniu to manage the Black Panther's territory.

Based on Li Hang's orders, Li Erniu recruited all his brothers who shared the same past.

They would follow Li Hang, and accomplish great things!

"Have you recruited everyone?"

"Based on your orders, I have recruited everyone I know."

"But we are still in the short. So, I ended up recruiting some people from my hometown."

Li Erniu quickly explained, "They are all honest people who fit your requirements."

Li Hang turned his head slightly and glanced

at Li Erniu.”

He smiled, “I do not have to worry if you are the one doing the work.”

Li Er Niu’s eyes gleamed with gratitude.

“Thank you, boss!”

Ten minutes later, in Lingxiao Group's activity hall.

Li Hang and Li Erniu slowly entered the room.

At this moment, 120 well-built, muscular individuals were already standing in the room.

To Li Hang's surprise, there were a few women with darker skin tones amongst the group as well.

It was observable that they have been helping out in the farm back at home.

Those people waited for nearly two hours.

However, there were no traces of impatience nor anxiousness on their face.

Li Hang was quite satisfied with this alone.

The man then stood forward to address the crowd.

"Those with strong fists, please step forward."

The people recruited by Li Erniu shared a similar character.

Upon hearing Li Hang's orders, a group of recruits stepped forward right away.

Li Hang took a glance at those people who looked the most ordinary and down to earth as he instructed, "If you think you have a strong fist, throw two punches at me."

The crowd was stunned by his words, and no one dared to move.

In their eyes, Li Hang is the boss. Which employee would dare to attack their boss?

Seeing that no one dared to make a move, Li Hang broke into a chuckle.

"Well, if anyone of you can hit me, I will give him two hundred thousand, regardless of how strong or weak the punch is."

As soon as he said that, a herculean man walked out immediately.

"Boss, you must keep your word."

Li Hang smiled in return, "I never lie."

Upon hearing Li Hang's words, the strong man marched a step forward before charging towards Li Hang.

The bear like man shot a fierce punch

towards Li Hang's life gate with his muscular arm pulsing with veins.

The punch was filled with explosiveness and carried a gust of wind.

And it was intercepted.

By just a finger!!

Li Hang used a single finger to intercept the gigantic fist charging towards him!

While the huge man was surprised, Li Hang's arm seemed to move a little.

Bang!

The man's body quacked violently.

After which, he held onto his stomach and curled his body up like a cooked shrimp.

However, he did not allow himself to collapse.

The man stood rooted to the ground, and he endured the pain stubbornly.

Seeing that, Li hang patted his shoulders softly.

Bang!

In split second, the huge man fell heavily on the cold hard ground.

Li Hang shook his head.

“Even the old man who sells sugarcane by the roadside is better than you.”

“Anyone else?”

“Me!”

A voice emerged from the crowd.

To Li Hang’s surprise, that was a woman’s voice.

As Li Hang turned his head, he saw a woman dressed in simple, ordinary clothes stepped out from the crowd.

Her skin was sun-tanned.

It seemed like she had been working under the sun for an extended period of time.

Her hair was short, but it looked neat and clean.

Her voice was a little hoarse.

In similitude of her hair, her voice was clear rung like a morning bell.

But before she even started, Li Hang let out a laugh.

That offended the woman as she called out, "Boss, do not look down on me because I am a woman. I am actually very strong!"

Li Hang laughed even louder.

"I am not looking down on you. I just thought that it is boring for you all to come up one by one."

"All of you, come attack me at once! If any one of you can even touch my shoulder, I will take it as everyone here as a group has passed the first round of interview."

"And, each of you will get a prize of 200 thousand."

As soon as the words left his mouth, everyone immediately growled and jumped at Li Hang.

However, Li Hang's hands remained tucked into his pockets.

With Li Hang's impressive leg work, the crowd could not even catch sight of him.

They could not touch his shoulder.

No one would even be able to touch the corner of his shirt as he was moving too quickly!

Those who attempted to close in on Li Hang were sent flying by his kicks.

In an instant, only about 20 people were left standing.

Among those left standing was the tan-skinned woman.

Li Hang glanced at the people around him and said in a faint voice, "It's almost lunch time, and with your speed, I would be able to defeat all of you before heading home for my meal."

As he finished his words, the 20 people exchanged a look amongst themselves and they surrounded Li Hang tacitly.

After that, they attacked Li Hang at the same time in concert.

In response to that, Li Hang rooted his left foot on the ground, and swirled his right foot in a whirlwind like motion, sending all the people away again.

Strong!

He's really too strong!

Is he even human?!

At this moment, an idea came to the everyone's mind.

With a single kick from Li Hang, it felt like all their bones were shattered.

Li Hang looked at the crowd who were laying on the floor arrogantly.

"How can any of you be this Group's security guard with this level of skills?"

"With that level of fighting prowess, you can't even be a road sweeper."

"Even a wild dog I pick up from the streets could make a stronger body guard than you."

As soon as the words left his mouth, many of those who were laying on the floor became agitated.

Soon, they all roared.

The blue veins on their head slowly became visible, and their faces slowly turned red as they used all the energy in their body to push themselves up.

In the end, approximately 50 individuals stumbled to their feet.

Looking into their unyielding eyes, Li Hang nodded his head slightly.

As Li Hang left, he patted Li Erniu on his shoulders.

Li Erniu pointed at those who were standing and said, "Those who are still standing has passed the interview."

"Those who are laying on the floor can go to the finance department to receive their 200 thousand before heading home."

Upon hearing that they would receive a compensation, those who did not pass the interview felt better.

Those who were standing were excited instead.

At this moment, Li Erniu spoke up.

"Don't get too excited, it will be a tough journey ahead."

Li Hang has a special set of training plan for his security guards.

Li Erniu, who had been trained in martial

arts, turned pale after seeing the training plan.

It was impossible to complete the training.

If they go through the training, they could even die!

The man just could not understand why Li Hang was so strict about his requirements for security guards.

But Li Hang had a plan in his mind.

He always kept his promise!

Previously, Li Hang had made himself clear at home, that he would make Lingxiao Group the number 1 corporation in the world!

And this was not a task too difficult for Li Hang!

The man was destined to be the master of his own fate, the captain of his own soul!

Xu Muqing had just assumed the General Managerial role. One on hand, he was getting used to her new role.

On the other hand, there were many matters that she had to manage.

The founder of the organization, Li Hang, was wandering around the office leisurely.

Soon after, Li Hang entered the general manager's office with a stick of red sugar gourd in his hands.

Xu Muqing was vetting a batch of documents.

She did not even lift her head when Li Hang entered the office.

Soon, the stick of red sugar gourd was handed to her.

The stick of red sugar gourd lightly rubbed against Xu Muqing's blush red lips, in which she pursed her lips and licked them with her little pink tongue.

"Is it sweet?" Li Hang asked.

"It's a little icy but it's sweet." Xu Muqing replied.

"Hmm, I licked it just now, yeah it is quite sweet."

No wonder the red sugar gourd was a little wet when it touched her lips! It was licked.

As Xu Muqing thought of that, she was

stunned.

That's wrong!

When she regained her senses, Xu Muqing raised her hand and smacked Li Hang.

“Ah! How disgusting! Why are you so disgusting?!”

Right as Xu Muqing reached out to smack Li Hang’s arm, Xu Xiaoyang opened the door suddenly and entered the office.

Xu Muqing immediately stopped her actions, and turned to look at the door.

“*Cough*, you two continue. I will come back later.”

As he said that, Xu Xiaoyang closed the door and left.

“You made the Pa misunderstand us.”

“Oh, this red sugar gourd is my medicine for you.”

“You have to eat it!”

Xu Muqing pouted her lips.

“I am a doctor! You have to listen to me.”

Xu Muqing had no choice but to nibble on it.

Her bright eyes sparkled like a gem.

This red sweet gourd is delicious!

It seemed like there were other ingredients added into it.

Meanwhile.

Xu Xiaoyang was pushed into the room by someone.

The man said, "There is a dinner banquet tonight, it's too inconvenient for me to attend, so you two go my behalf."

Before Xu Muqing could react, Li Hang replied.

"Alright. Pa, do not worry. We will do that!"

"That's my good son-in-law!"

Xu Muqing glanced at Xu Xiaoyang as he left and she was hesitant to speak.

Li Hang had never been interested in attending banquets.

But, since he had already promised his father-in-law, the man would have to keep his words.

It was Xu Muqing's first time attending a banquet; she was a little nervous and

awkward initially.

But, under Li Hang's guidance, Xu Muqing gradually got used to the environment.

Most importantly, Xu Muqing was simply stunningly beautiful.

She was also smart and genuine.

As such, Xu Muqing attracted the attention of many.

Among her suitors, there were some that harbored ill intentions.

Cui Tianci was one of them.

He had used the name of others to host the banquet tonight.

If it was known that the banquet was hosted by the Cui family, Xu Xiaoyang's family would not have attended it.

The main purpose of the banquet was to welcome Huang Youguang.

At this moment, Huang Yougang was dressed in a branded western suit, and he stood proudly amongst the crowd.

The man had an authoritative posture and

he held his head up high, glancing at those around him in disdain.

Cui Tianci was standing right beside him, and he had his eyes set on Xu Muqing. The man sneakily whispered to Huang Yougang in a low voice.

“Cousin, there is a pretty lady over there.”

“Where?!”

Upon hearing that, Huang Yougang’s expression immediately changed.

His initial look of arrogance and disdain was replaced with a face of exhilaration.

He was like a wolf, hunting for his prey.

“There.”

Huang Yougang’s eyes followed Cui Tianci’s hands, and casted his gaze towards the direction he pointed at.

With a single look, his eyes glued onto Xu Muqing’s body.

Cui Tianci hurriedly asked, “Cousin, this lady is not bad, right?”

“While she appears to be demure and pure,

she is in fact an easy target.”

“As long as you pay her a little money, she will do anything you ask.”

To further encourage Huang Youguang, Cui Tianci pointed to Li Hang who was standing beside Xu Muqing.

“Do you see that man beside her?”

“His outfit is only one to two hundred dollars, yet that man is the son-in-law of the family.”

Upon hearing that, Huang Youguang broke into a smile.

Without saying a single word, he walked towards Xu Muqing.

Xu Muqing was dressed in her office attire.

Although the office attire covered her body modestly, it insinuated and showed off her body figure gracefully.

Her legs were long as days and could make men drool over her incessantly; her short heels and black silk stockings exuded the charm of a mature woman.

Huang Youguang walked over and lifted his head slightly.

He was insufferably snobbish as he looked at Xu Muqing salaciously, "Hi, pretty lady!"

"I believe that you have been wearing this outfit for months, perhaps? And your handbag is very outdated too."

"My Rolls Royce is parking right outside, if you get into the car with me, I'll book the entire mall for you."

"You can take whatever you want!"

As soon as he said that, Huang Youguang reached out to grab Xu Muqing's wrist.

In Huang Guangyou's previous experiences.

When these women saw his luxurious getup, the two-million-dollar Rolex on his wrist and the Rolls Royce waiting outside, he wouldn't need to lift even a single finger.

And they would stick to him like animals.

If he were to reach out like this to these women, it would even be a great gift and honor for them.

"What are you doing?" Xu Muqing stepped back in fright. "Who asks for anything from you?!"

Xu Muqing was in a bad mood the moment she saw Cui Tianci.

And she naturally dislikes everyone who was with Cui Tianci.

In her eyes, she considered them to be social dregs.

The man who was right in front of her was the typical scum of society!

Huang Youguang frowned. As he was about to step forward, he noticed Li Hang standing right in front of him.

“Get out of the way, dog!”

“Who are you calling a dog? You are the one with problem!”

The polite Xu Muqing was now enraged.

No matter what, Li Hang was her husband on paper. How could she let others humiliate him like that?

Hearing Xu Muqing’s words, Huang Yougang tensed in anger.

“You crazy woman! How dare you speak to me like that, do you not know who I am?!”

“I am Huang Youguang!”

“Who doesn’t know my name in Sheng City?”

“The Huang family is one of the most powerful families in the Sheng City! And how dare you, a mere countryside bumpkin, insult me.”

“I am giving you one last chance!”

“Get in the care with me now, and serve me well!”

As he said that, Huang Youguang tried to grab Xu Muqing.

However, as soon as he stretched out his hand, it was caught by Li Hang.

Without a word, Li Hang pushed Huang Youguang away.

The man was sent flying, and he let out a long cry as he drew an arch in midair.

He was accurately thrown into a corner of the banquet hall by Li Hang.

In that particular corner, there was a garbage can that was filled to the brim with trash.

“In this day and age, we should know how to

classify our trash. If you cannot recycle your garbage, you should burn them directly.”

“This banquet is really boring. My darling wife, let’s head home.”

As he said that, Li Hang held Xu Muqing’s hands and left the banquet hall.

Cui Tianci was yelling from the back.

“Li Hang, you are dead! How dare you assault my cousin!? You are dead!”

“Oh gosh, cousin, are you alright?”

“Cousin, your mouth is bleeding!”

With that, Cui Tianci ran towards Huang Youguang in a hurry.

At this moment, there was a man standing in a corner of the hall, all dressed in a suit.

His eyes were gleaming brightly in cunningness and insidiousness.

That man creeping in sinister air was Miao Le.

He came to Ning Province together with Huang Youguang.

Originally, it was to investigate the trade market in Ning Province.

Who knew, such an interesting sight would occur.

Miao Le was also from an established family in Jiang Province.

However, he was different from trash like Huang Youguang. He was a driven and ambitious man.

While his family was not as powerful as the Huangs, the Miao Family was still ranked highly amongst the established names.

Furthermore, the younger generation in the Miao Family was far more mature and accomplished than the Huangs.

Within the Huang Family, there were countless arrogant bigots like Huang Youguang. Not one of them was presentable to the business world.

Day in day out, the only thing they did was

indulging in their fleshly desires.

On the other hand, a man like Miao Le had no interest in woman like Xu Muqing, despite her alluring beauty.

With his status, what woman was out of his league?

More interestingly, a strange man like Li Hang had piqued his interest.

That toss proved that he was well-versed in martial arts.

All these years, the Miao Family had suffered under the Huang Family's dominance.

Within Miao Le's generation, their biggest wish was to overthrow the Huangs and even take over all of their assets and dominance.

As such, Miao Le would not let any chance to deliver a blow to the Huangs slide through his grasp.

He turned and signaled the people by his side as he instructed, "Go send someone to investigate that man."

"That man is not simple. He dared to humiliate Huang Youguang like that."

“Also, I felt a strong sense of power radiating from him. He must be powerful here in Ning Province.”

“If I manipulate him strategically, he is sure to be a silver bullet for the Huang Family!”

On the other hand, Cui Tianci finally dug Huang Youguang out from the trash bin.

With a pile of rubbish on his head, Huang Youguang kicked Cui Tianci onto the ground ruthlessly.

But that was nowhere enough for him to release the pent-up wrath and humiliation. He proceeded to add several more kicks.

“Cousin, stop kicking... Stop!”

Under the merciless pummeling, Cui Tianci cried for his parents as he rolled about on the ground, pleading for mercy.

“Bastard! I have never experienced such public shaming since my birth!”

“That man is Li Hang? All right! We shall see!”

“Let me make a call and let him die dismembered!”

Even after using his cousin as a sandbag, the rage was still burning ever so strongly within him.

On the ground, despite curling all up from the assault, a sinister grin hung on Cui Tianci's face.

Morning the next day.

Xu Muqing was on her way to check on the progress at the pier.

Li Hang had instructed Li Erniu to charter a coach to send all of the security guard candidates to the site beside the pier near the project site.

This was once Black Panther's territory, a desolate steel factory.

Li Hang had plans to rebuilt it into a training ground.

Despite the name, it was a very rugged location.

The training facilities were archaic.

All fifty of them were standing on the flat ground.

In front of them laid a tiny mountain made of

a pile of tyres.

The tyres were thick and humungous, made for the trucks.

“Now, it’s your second round of test.”

“The test is simple.”

“If you cannot even pass this, you will not get your pay!”

At the mentioning of their salaries, all of the candidates tensed up!

“Now, all of you get a tyre and do a strongman walk of 500m!”

“At the goal, bury your heads into the water bath and hold your breath for 3 minutes.”

“Following that, do 200m frog hops and 100 times of cross skips. Then, cross the 4 obstacles...”

Li Hang recited his long list of tests.

Immediately, a ruckus erupted.

“Boss, this is impossible!”

“Holding my breath for a few minutes is fine. But, how do you expect us to complete all of

those in such a short time? Not possible even over my dead body!”

“Boss, is this a joke?”

“You are obviously unwilling to pay us!”

“Are you pranking us?”

Then, even the 2-meter-tall macho who suffered a punch into his abdomen shouted.

“If you have the abilities, prove it to us! Otherwise, stop acting all high and mighty!”

Li Hang stared at him.

“What’s your name?”

“Hmph, I am unafraid of you. I’m Zhang Pengfei.”

Li Hang scanned the displeased crowd. Then, he took off his blazer and passed it to Li Erniu.

He turned and walked towards the mountain of tyres.

The following actions sent all of the candidate’s eyes widening three sies and their mouth gaping.

These thick tyres were sufficient to render anyone motionless.

Yet Li Hang was sprinting along with 2 of them dragging behind him!

His steps were steady and fast like lighting.

In an instant, a trail of dust formed.

On the ground, the heavy tyres painted a distinct line.

Even with two massive tyres, Li Hang completed the 500m run in just a minute.

Then, he immediately plunged his head into the water bath.

As he was holding his breath, Xu Muqing coincidentally walked by.

Seeing her, Li Erniu courteously bowed.

At this time, the metal tin fell out of Li Hang's jacket.

That sudden fall stunned Li Erniu, and he quickly caught it in midair.

As he was about to put it back into the jacket, Xu Muqing rushed over.

This metal tin, she had not seen it for decades.

Why did it appear here?

And why was it in Li Hang's jacket?

With a swift motion, she swiped it off Li Erniu's hands.

She opened the tin and saw the several pieces of chocolate within.

Instantly, a flood of emotions washed over her, and she instinctively tightened lips.

Her head whipped over, and she stared at Li Hang, who was still holding his breath underwater. Her hands cupped over her own mouth as she watched on.

In that instant, tears gathered over her eyes.

I should've known earlier!

Only he!

Only he would treat me so well!

Only him!

Only he would do so much without any return!

At that moment, thousand and one thoughts washed over her mind!

However, she did not rush over to Li Hang to demand an explanation.

Instead, she returned it into his jacket.

Then, she left as if nothing happened.

The moment she turned, a drop of tears trickled down her cheeks.

You're him!

Li Hang, you terrible fella!

You've come back!

You're finally back!

You've fulfilled your promise.

But why are you not telling me directly?

You liar!

You horrible, terrible liar!

Why are you always bullying me!

Do you know how difficult my days were?

Every night, I have nightmares.

Even in my dreams, two of you appeared! Do you know how anxious I was?

I don't even know who to choose!

This pain, as if I was torn apart within.

I hate you!

Fine!

Since you are not telling me!

I will not tell you that I recognized this tin!

Let's see when you will finally be honest with me!

If you are not saying, I won't too!

Hmph, since I already know who you are.

Hmph, we shall do it this way then!

Xu Muqing was a little angry in her heart.

However, Li Hang, who was oblivious to her anger, continued to hold his breath underwater.

He managed to hold his breath for a total of 5 minutes.

Next.

He easily jumped across the 3-metre-tall barbed wire!

He also shuffled across the beam balance effortlessly!

Next was skipping ropes. All one could see was Li Hang's legs jumping at an extremely rapid pace!

But where was the rope?

It looked as if Li Hang was floating midair!

The demonstration ended after Li Hang successfully completed all components in the test.

After holding his breath in a basin of water for 5 minutes, Li Hang arrived at the finish line, clocking the time of 9 minutes and 20 seconds.

“That’s insane!”

“Is he even human?”

“Let’s not talk about finishing this in 10 minutes. If you ask me to complete this series of drills in a single try, I might die halfway through it!”

“For sure! Doesn’t this tire alone weigh two to three hundred kilograms?”

At this moment, Li hang had already put on his coat.

He glanced at the people in front of him and said coldly, “Those who cannot do it, or are afraid of dying can leave immediately.”

As soon as Li Hang finished his words, a man and a woman’s voice were heard.

“I will do it!”

The tanned-skin woman and Zhang Pengfei stood forward at the same time.

The two of them took a glance at each other before pulling the tires as they sprinted ahead.

However, the weight of the tires was heavier than they imagined.

As Zhang Pengfei was naturally stronger, he managed to pull the tire forward a little faster.

It was obvious that the tan skinned female was lagging behind Zhang Pengfei.

It took Zhang Pengfei 5 minutes to complete the 500 metres run with the tire.

After the run, he was extremely out of breath.

As soon as he submerged his face in the basin of water, Zhang Pengfei started coughing uncontrollably.

In less than 10 seconds, his face turned red and he gave up.

10 minutes passed but the tan skinned female just could not drag the tire to the 500 metres finish line.

Seeing this, Li Hang turned to leave as he shook his head in disappointment.

At this moment, Zhang Pengfei suddenly called out.

"I do not believe that you could complete this right from the start."

“Although you are very strong now, I believe that we can be like you and achieve this through training!”

Li Hang stopped in his tracks, and turned to look at Zhang Pengfei.

“I will give you a month’s time.”

“If you cannot complete this successfully after a month, take the money and get out of here!”

As soon as Li Hang took two steps forwards, Li Erniu followed.

“What’s the matter?”

“Can I take part in the selection?”

Li Hang reached out and tapped Li Erniu on his shoulder.

“Go ahead!”

“Yes! Boss, I will live up to your expectations!”

At this moment, the office at the dock was in a complete mess.

The founding of the Lingxiao Group motivated everyone and gave them great

confidence.

Everyone was pumped and ready to give their very best.

However, earlier this morning, all of their suppliers cut off all their supplies at the same time and they even called to demand for payment.

“Manager Yang, didn’t we discuss this on the phone before?”

“As long as you deliver this batch of steel, you will receive the payment within two days.”

“Mr Chen, please listen to me. Our group was just founded, and now it is...”

“Fuck! He hung up on me again!”

Liu Aiguo, the project manager, slapped his head in exasperation.

He looked at Xu Muqing bitterly and said, “Manager, what should I do now?”

“They would not even answer our calls now.”

“What happened? Everything was going well yesterday.”

Xu Muqing also had a solemn look on her face.

She had made a few phone calls.

But the receiver either did not pick up the call, or they spoke in annoyance before hanging up the call.

“Manager, do you think it’s possible that someone is sabotaging us? Could this be caused by Taian Corporation?”

Just as they were discussing this, Li Hang entered the office.

The chaotic office suddenly fell silent.

After witnessing Li Hang’s ferocious beast like side, no one in the team dared to speak up in front of him.

“What is the matter? Is there something troubling you?” Li Hang asked Xu Muqing.

Xu Muqing knew that if she told Li Hang about the problem, the man would be able to resolve it quickly.

Upon consideration, she did not want to trouble Li Hang all the time but that did not mean she would surrender all by herself.

She wanted to prove herself to Li Hang.

Xu Muqing shook her head, and gave an excuse to cover up the problem.

Then, the two of them returned to the main building together.

The receptionist reported that Liu Delun had arrived and was waiting in the reception room.

As soon as Li Hang walked towards the reception room, Xu Muqing immediately departed with the secretary and drove to the bank to resolve the bank transfer issue.

“Mr Li!”

Li Hang greeted as he entered the reception room. Liu Delun, who was drinking the tea, stood up immediately and greeted Li Hang.

As Li Hang had saved his life, he must be given the utmost respect!

He truly admired Li Hang from the bottom of his heart!

On one hand, Li Hang had excellent medical skills, and on the other hand, he had exceptional capabilities and potential.

No one could even hold a candle against him!

He even brought down a large corporation like Lantian Corporation, with minimal efforts!

He felt truly honored to even be able to stand together with a powerful figure like Li Hang.

Besides, Liu Delun was one of Boss Tiger's people.

He also learnt from Boss Tiger and Grizzly that Li Hang was an exceptional person.

Therefore, he had tried all means to get closer to Li Hang.

"Ning Province will be in chaos soon!"

Had others heard what Liu Delun just said, they would turn pale with fear.

But Li Hang sat down calmly and replied, "Let's talk about it."

"There were a few fights that occurred last night."

"And several powers in Ning Province were involved."

“Black Panther’s territory was being divided and scattered, but Grizzly did not mark any place under your name.”

“The gangs then fought for territories. Among them, Wang Gaobo is the most ruthless. I heard that several people had died in the fight!”

Li Hang remained indifferent, “Continue talking.”

Liu Delun was increasingly impressed by this ‘Mr Li’.

Not only was he really capable, his psychological and emotional qualities were also beyond ordinary.

At present, the Ning Province is in chaos. But he remained cool even in the face of utter madness.

Such bold and unconquerable spirit!

Liu Delun had secretly looked up to Li Hang as a role model.

“Zhou Cheng’s return to the Ning Province was not solely to avenge his brother.”

“He is the vanguard of Zhang Quanwu, and he is clearing the way for Zhang Quanwu.”

As they mentioned Zhang Quanwu, Liu Delin, who was a prominent figure in Ning Province, also turned solemn.

It was obvious that Liu Delun was terrified.

“Ning Province is like a big fat piece of meat.”

“After Wang Gaobo took over Black Panther’s territory, Zhang Quanwu would certainly not let things be!”

“It would be problematic if Zhang Quanwu brings his men into Ning province!”

“What would be problematic about that? There would just be another dancing clown in town.”

Hearing Li Hang's words, Liu Delun laughed bitterly in his heart.

"This Zhang Quanwu is indeed a clown in your eyes."

"But to us, locals of Ning Province, he is a fearsome beast!"

Li Hang raised his head slightly. The moment their eyes met, Liu Delun shuddered uncontrollably.

What is this gaze?!

Untamely sharp!

Intensely profound!

It felt to the man as if this pair of eyes could see through everything in this world.

"Mr Liu, you have been visiting the Lingxiao Group very frequently recently."

"I'm also clear of the help you have extended to us in secret."

"Boss Tiger. Since he sent you over, I will take you in too."

"From today, just treat me like a brother."

A simple sentence.

Yet, it sent adrenaline pumping through Liu Delun's veins.

He had no idea of Li Hang's true identity.

But he was sure that this man was incredible, a person with power far beyond anything he could grasp.

From Li Hang, he could sense a dominating aura of a monarch!

Liu Delun stood up and faced Li Hang with the most solemn expression.

"Brother, rest assured!"

"Even if Zhang Quanwu or any of the 3 Kings from Sheng City comes into Ning Province."

"I will make sure it's but a trip with no return for them!"

"I will utilize all of my connections to appease the chaos right now!"

"No."

At this moment, a glint flickered across Li Hang's eyes.

“Destroy and conquer.”

“If we were to clean up the house, we can’t ensure full cleanliness if we don’t move the furniture. Otherwise, how could we clear up the dust lurking in the corners?”

“The underground of Ning Province has been mired in filth for far too long. It’s time for spring cleaning.”

At this moment, Xu Muqing had arrived the Ning Province bank in her car.

As she entered the Ning Province Bank’s Manager Office with her secretary, she found Cui Haifeng seated inside.

The moment their eyes met, a crooked smirk surfaced on his face.

Before Xu Muqing could speak, the bank manager hissed coldly, “Miss Xu, don’t you see that I have a guest here at the moment?”

“Manager Chen, I have made an appointment with you over the phone.” Xu Muqing hurriedly clarified.

“An appointment is one matter, while the importance of the guest is another.”

“Mr. Cui is a very esteemed guest of mine.”

him.”

After which, the manager unceremoniously showered Xu Muqing to the waiting room.

This waiting room was right beside the office.

As Xu Muqing and her secretary waited, they could hear the casual chattering between the manager and Cui Haifeng.

Occasionally, the pompous laughter from Cui Haifeng echoed from the office.

After more than an hour later, Cui Haifeng exited the office.

“Isn’t this Lingxiao Group’s CEO? Have you been waiting for a long time?”

“It’s your turn now!”

“Your Group has just been established. You need to work hard! Otherwise, you might just close down in no time!”

Xu Muqing wore her best attempt at a smile and walked in with her secretary.

“At the same time, he is a VIP of the Ning Province Bank.”

“Since he’s here, you are queued behind him.”

After which, the manager unceremoniously showered Xu Muqing to the waiting room.

Xu Muqing wore her best attempt at a smile and walked in with her secretary.

“Manager Chen, the promise of a loan from your bank, why is it taking so long?”

“Apologies, that sum has already been transferred to Taian Corporation.”

“Why? We signed the contract!”

“Please be patient.”

“How long do I need to wait?”

“That’s tough to estimate. If everything goes well, maybe half a month. Otherwise, probably half a year?”

“How could you be so irresponsible?!”

BAMM!

The manager slammed the table.

“Miss Xu, please watch your words!”

“Our bank isn’t a non-profit organization!”

“Right now, your company is just a pile of mess!”

“The fact that we even promised a loan is already a display of grace! If you do not believe me, you can go to any other bank in Ning province!”

“Let’s see if they even allow you into the Manager’s office!”

Xu Muqing held her breath in shock. But she knew the manager was right.

Before she stepped in this place, she had already visited 3 other banks.

Amongst them, there was even an overseas bank.

Yet, they reacted the same, as if it was pre-coordinated.

Not only was the loan rejected, but she also was not even allowed to step into the manager’s office, not even allowed entry by the security guards!

Manager’s Chen’s eyes rolled about, sizing up Xu Muqing continuously.

While this lady dressed reservedly, it could not hide her tempting figure.

She could easily hook any man’s gaze, gluing their eyes upon herself.

Most strikingly, the innocence of a pure young girl radiated from her.

In this superficial and corrupted world, such

purity was hard to find.

All of a sudden, Manger Chen's hands stretched over in attempt to grasp Xu Muqing's hands.

Flustered, Xu Muqing flinched and avoided it.

"Miss Xu, actually I'm not as merciless as I look."

"Are you free tonight?"

"Let's talk about this over a meal as I hear your plans?"

Xu Muqing immediately got up and glared her eyes in vex.

"Manager Chen, you can look down on me, but you better keep some respect to yourself!"

She turned and left without another word.

That gaze Xu Muqing gave Manager Chen only fueled his anger.

Before long, hoarse bellows erupted from Manger Chen's office.

"How dare she act all innocent and reject

me! Lingxiao Group, your demise awaits!”

“If you can get a loan, I will swallow this tray of ashes!”

...

Simultaneously, within Ning Provinces’s Royal Crown Hotel, Presidential Suite.

Huang Youguang was sprawled comfortably across the sofa.

Cui Tianci stood behind, as he eagerly massaged the former’s shoulders.

“Cousin, you are amazing!”

“Just a single call and Liangxiao Group is crippled!”

“Now that they are at wit’s ends, the only way of survival is begging for your mercy!”

“When that time comes. you can toy with Xu Muqing in any way you like!”

Originally, Huang Guangyou only wanted to fool around with Xu Muqing.”

Making her a one-night stand that he could toss away without a thought.

However, after he returned, he grew obsess with Xu Muqing find her simply irresistible.

More importantly, she was a young virgin lady!

In this day and age, untainted women were hard to find!

“Let’s go! I just can’t wait to play with my new slut!”

Cui Tianci hurried said, “Let’s us wait a little longer.”

“Only when she is left with no choice will she fully submit herself to you!”

Slap!

Huang Guangyou turned around a send a hard slap onto Cui Tianci’s cheeks.

“Who am I?”

“You, you are my cousin... Master Huang?”
Cui Tianci cupped his hot, swollen cheeks and laughed awkwardly.

“Right, I’m Huang Guangyou!”

“I am the eldest son of the top family in Jiang Province!”

“Across the entire province, is there a single woman I can’t get?”

“Which woman does not want to wriggle her way into my pants, and get a taste of my rod?”

“That slut should be grateful that I even want a taste of her!”

“Yes, yes, yes. Let us go to Lingxiao Group now.”

“They must be eagerly anticipating your visit!” With the sweetest and most courteous tone, Cui Tianci said smilingly.

Concierge, Liangxiao Group Office Block.

The moment Xu Muqing stepped into the 1st-floor lobby, someone rushed over in a hurry.

“Miss Xu, things are getting worse!”

“Many of our employees have tendered their resignation!”

The moment he finished, the elevator door opened.

Several dozens of well-dressed men and women walked over with their backs straight

and heads held high.

As they passed Xu Muqingqing, their contempt even overflowed from their gaze.

“Hmph, what a lousy organization. How could they manage to land in this state just after several days of establishment?”

“I heard they were originally bankrupt. Who knows what underhanded method they used to get this entire building?”

“They are obviously broke but they want to pump themselves up!”

They sashayed to the building’s exit with proud, large strides as mockery gushed out of their mouths.
