

He had taken over the family business since he was in his 20s.

He worked hard all these years; everything he did was for the benefit of the Wu family.

Yet, such words came out of his old man's mouth!

Grief!

Disappointment!

Just as Wu Zhengde turned to leave the hall, a man suddenly rushed in.

"We're done." "We're done for."

The man huffed and puffed, panting breathlessly.

Wu Zhirong slammed the desk and pointed at Wu Zhengde, "Look at what kind of people you have!"

"How serious must the issue be that he has to panic like this?"

"The Wu family has been a well-known prominent family for hundreds of years."

"Even an underling working for us should know how to remain calm and majestic!"

Wu Zhengde grabbed the man and asked, "What happened?"

"Boss, it's over. It's all over!"

"What?"

The reporting subordinate's face was completely pale as he panted, "The guys from Ning Province have come!"

Hearing that, Wu Zhengde's face immediately changed.

He didn't think Li Hang would actually bring his men over to Gu Su City!

Was this bravery or pure stupidity?

Sitting at the head of the table, Wu Zhirong laughed as he heard those words.

At the same time, the other elders of the family also sneered.

They chattered about how Li Hang was a brainless scum who had guts but no brains.

Wu Zhirong declared, "Call Wu Hai and tell him that they don't need to go to Ning Province anymore."

"Tell them to come back at once and chop

off Li Hang's limbs.”

“I want him marinated!” “I want him to guard my grandson's grave!”

“It's too late!” “They're all... All...” The man stammered in fear.

“All what!?” Wu Zhengde yelled.

“They were all wiped out at Cheng Nan Construction Site!” Mr. Hai is dead too! Everyone's dead!”

Boom!

A bolt out of the blue.

How could this be?

What happened?

How did things end up like this?

Upon hearing the sudden news, everyone was struck.

“Son! My dear son!”

Wu Zhirong's cries resonated across the hall.

“What about Li Hang?” “Where is Li Hang?”

“I’ll kill him!” “I’ll kill him with my own hands!”

Just then, a few figures were spotted walking through the beautifully decorated garden before standing at the entrance of the hall.

Upon taking just one glance at Li Hang, Wu Zhirong could tell who he was.

Immediately, he got up and pointed at Li Hang. It was as if his eyes could show how much he wanted to cut the man into pieces.

“Li Hang, you killed my grandson, followed by my son. I will never live this down.”

“Before I make my move, I ask you: who is the force behind you!?”

Li Hang stood at the door, staring blankly at Wu Zhirong.

“Old man, I’m not here today to listen to your nonsense.”

“Since that’s the case, then I’ll ask as I break your limbs!”

“I notice you all have something in common: you’re pretty weak, but you sure talk a lot of bullshit.”

“You want to die!?”

Wu Zhirong roared as he lifted his leg.

The moment his toes touched the ground, a powerful energy surged within him. It exploded!

He was like a bullet; a cannonball being fired.

Rolling with energy.

Bang!

Everyone heard the sound.

Then suddenly, a dark shadow flashed by everyone's eyes.

Bam!

Bam!
