

Li Hang held up Xu Muqing who was paralyzed on the floor.

Xu Muqing was so scared that she threw herself in his arms and cried.

Li Hang patted her back gently.

Liu Yufen ran towards her and held her tightly.

Li Hang turned and looked at Lei Feifei.

Boom!

The moment Li Hang locked eyes with her; Lei Feifei felt her world crumbling.

She dropped the knife unwillingly.

Before it hit the floor, there was a reflection of Li Hang's moving body in Lei Feifei's eyes.

It was followed by Li Hang grabbing Lei Feifei's throat and lifting her up!

"Whoever dares to touch my family--"

--Die!"

When Li Hang was about to clench his fist, Xu Xiaoyang, who had broken free, quickly shouted.

“Hang! Stop! Stop!”

“She is our neighbour!”

Li Hang immediately stopped adding more pressure, but still did not let her go.

Li Hang was like a sharp knife ready to kill!

There was a scary atmosphere surrounding him.

Not even Xu Xiaoyang dared to come closer.

None of the five huge guys who came with Lei Feifei had the courage to fight with Li Hang!

“I don’t care who you are, but whoever touched my family has to pay!”

Li Hang lightly pulled Lei Feifei’s right arm and suddenly there was a loud scream coming from her!

Her arm dislocated!

But that was not the end of it. Li Hang replaced her arm back after that.

“Ah!!”

“Ahh!!!”

Again and again, he dislocated her arm and put it back in place. Three times. Continuously.

Lei Feifei was in such deep pain that she couldn't even scream anymore.

"My mum, my dad and Qing. You hurt them thrice and I hurt you thrice. It's fair now."

Li Hang threw her onto the floor like rubbish.

At the same time, he turned toward the two huge guys who had previously held Xu Xiaoyang on the table.

In a blink of an eye, both of their hands were terribly twisted by Li Hang!

Even though Xu Xiaoyang was deeply terrified, he still tried to reach out to the neighbour beside him who he had known since she was a kid.

But Lei Feifei kicked him away.

She stared at Xu Xiaoyang fiercely and said, "Don't pretend to help me, you hypocrite!"

"Sis Feifei, listen to me!"

"It's not like what you think!"

Although Xu Xiaoyang tried to persuade her wholeheartedly, nothing had changed in Lei Feifei's attitude.

She endured the pain while staring at Xu Xiaoyang.

"Xu Xiaoyang, the doctors are still trying to save my dad in the hospital now!"

"And you are telling me all this nonsense!"

She turned her baleful gaze on Li Hang.

"And you, you b*****!"

"You hit my men and hurt my hand! You will pay for what you did!"

"Next time when I return to Ning Province, I want you all to pay the price!"

"Do you think you will have the chance to return?"

Li Hang's voice sounded like something from hell.

At that moment, Lei Feifei could feel a chill and goosebumps appeared on her skin!

There was a sense of deadness never felt before.

Finally, she could feel how terrifying Li Hang was!

He moved.

Although he had just moved a step to the front, Lei Feifei felt like she had lost all hope. She couldn't even think of resisting.

She knew she would be dead for sure!

“Wait!”

Xu Xiaoyang shouted at Li Hang.

“Hang, stop. Stop.”

“Even though she is not my blood sister.”

“But she saved Qing’s life when they were young!”

It was this last sentence that saved Lei Feifei’s life.

All his deadly aura contracted the moment Li Hang heard that Lei Feifei had saved Xu Muqing’s life.

It all faded away like the tide.

Li Hang stared at Lei Feifei coldly and said, “Get out and don’t you ever return to Ning Province!”

Lei Feifei gave him a gaze full of hatred and then ran away with her men who were already scared to death.

Li Hang helped Xu Xiaoyang to get a seat.

Half of his face was swollen and the skin was wounded a little.

Li Hang supported Xu Muqing back to the room while Liu Yufen tended to Xu Xiaoyang's wounded face.

After a while of silence, both started to talk simultaneously.

"I'm sorry."

"I'm sorry."

They looked at each other.

Li Hang gently reached out to Xu Muqing's soft hands.

Xu Muqing's body shook uncontrollably.

Her hands were like a slippery fish in Li Hang's big hands.

"I was too weak. I was scared to death when those people came in." Xu Muqing looked at Li Hang.

"If I had explained everything nicely to Aunt Feifei and told her the truth, none of these would have happened."

She paused. Her eyes were now teary.

"Why do people always bully our family?"

"That's because you are not strong enough."
Li Hang looked at her and said slowly.

"I want to become stronger and protect
mum and dad, and..."

"And me, is that right?" Li Hang laughed
aloud.

"Of course not. You don't need my
protection." Xu Muqing sniffed and sighed.

"What makes you think so? I'm actually very
weak."

"My heart is broken looking at what has
happened to you. Feel it for yourself if you
don't trust me."

Li Hang held her hand and placed them
softly on his chest.

"You are so bad. I'm done talking to you. I'm
going to check on my dad's wound."

Xu Muqing ran out of the room shyly. There
was a breeze of fragrance in the air.

Her face was full of happiness when she left
the room.

Li Hang mumbled to himself as he gazed at
her back.

“You protected me when I was a kid. From now on I will protect and guard you for the rest of my life!”

Ning Province Hospital.

Cui Tianci rushed into the VIP ward.

“Grandma, Lei Feifei has left!”

Huang Lamei startled.

“Left? She just let them go!?” She frowned.

Cui Tianci shook his head.

“Nope. Lei Feifei’s arm was crippled by Li Hang.”

“And her men as well, they were all injured by Li Hang.”

Upon hearing the news, Cui Haifeng felt a headache and pressed his fingersto his temples.

“How is this live-in son-in-law so powerful? Where did he come from!”

“Dad, it will be great if this b***** could kill Lei Feifei.”

Cui Haifeng was startled and both his and

Wang Lamei's eyes met simultaneously.

Wang Lamei had already figured what Cui Tianci would say after this.

But she didn't say a word. Instead, she let him continue.

"Lei Feifei has great influence in Jiang Province and has many men." Cui Tianci said.

"Many had fought for her."

"In fact, many of these men would have wanted revenge if she was killed by Li Hang."

"If that's the case, it will be the end of Li Hang and his family."

Huang Lamei laughed.

Now this is how a Huo Family's son should be!

Wang Lamei nodded to Cui Haifeng and said.

"I just talked to Huang Zhen on the phone."

"He told me that Zhang Quanwu is coming to Ning Province."

"You call him and ask him to kill Lei Feifei now!"

Night. All the men had ended their day at the construction site.

But the light at the training ground was still bright.

Li Erniu, Zhang Pengfei and the others were still training hard.

They could feel the difference in their bodies after a few days' hard work!

There was nothing special about the training tasks given by Li Hang if they were to look at it individually.

But when they were all combined and

trained persistently, there would be a huge improvement in everyone's response time and physical stamina.

The most hardworking among these men were Li Erniu, Zhang Pengfei and Chen Guo.

Chen Guo was the only woman in the training ground.

But none of the men dared to look down at her.

They didn't perceive her as a woman because she was even crazier than the men!

Li Hang and Liu Delun were standing quietly at a river not far from the training ground.

"Brother, Zhang Quanwu is already at Ning Province."

"And this time he brought all his best men with him."

"Among these men there are two master level's lackeys!"

"Their abilities are higher than Zhou Cheng! They are surely here ill-intentioned!"

"Um."

Um?

That was all Li Hang had to say after what Liu Delun informed him worriedly.

He thought Li Hang must have his moves too.

But Li Hang was surprisingly calm.

“Brother, Zhang Quanwu was one of the Four Kings in the province!”

“He is not to be taken lightly!”

“He must have planned to take over our Ning Province with all his men!”

Li Hang seems not interested in what Liu Delun was saying.

“What is the time now?” He asked faintly.

Liu Delun looked at his Rolex watch and answered, “It’s almost ten.”

“I promised my wife I’ll be back at half past ten.”

“30 minutes should be enough.”

Li Hang then waved at Li Ernui in front of him.

Li Ernui ran towards him immediately, sweating and panting.

“Sir.”

“Follow me.”

“Yes sir!”

After 5 minutes, Liu Delun’s Rolls Royce was seen parked beside the farm field.

They were less than 500m away from the highway’s toll station.

Li Hang led Li Ernui away from the car.

Liu Delun quickly followed.

“What’s the time?” Li Hang asked again.

“Ten sharp.”

Li Hang looked at the highway toll station in front of him.

A Benz sped towards the toll.

“It’s here.” said Li Erniu.

Liu Delun frowned when he saw the speedy Benz.

Chapter 43 Extremely Brutal

Before he had the chance to speak, there was a truck that shifted its lane all of a sudden and the speedy Benz was hit!

Liu Delun was shocked upon seeing the Benz rolling on the field.

He looked at Li Hang in disbelief.

Just a moment earlier, he was still wondering why Li Hang came to this place.

He didn't expect Li Hang had already known that the She-Wolf of Ning Province would be ambushed here!

And Li Hang was extremely precise!

The Benz rolled towards their direction after the hit.

Soon enough, the door was kicked from the inside.

The two men who were covered in blood hurriedly escorted Lei Feifei to the side of the road.

In the meantime, more than 10 men ran out from the forest not far away, with knives in their hands!

These men were extremely fierce.

The two men who protected Lei Feifei were killed in an instant!

Lei Feifei, who was in panic now, didn't realize that she was running towards the direction of Li Hang.

She didn't even notice that he was there.

She screamed when she got closer and saw some men in front of her.

"Help me, please help me!"

When Liu Delun was about to speak, Li Hang

had patted Li Ernui on the shoulder.

“Go.”

“Yes sir!”

Li Ernui ran towards those fierce men like a leopard without a doubt!

He was not weak at all.

Although he was physically tired after days of training.

But he was still capable of handling the attack from those men.

After a short while into the fight, there was a swift shadow coming from the front.

Li Ernui, not seeing the coming attack, was slapped heavily on the chest.

“Boom!”

Li Ernui’s body flunked backwards from the impact.

His entire body somersaulted twice in the air.

He rolled for quite a distance even after landing on the ground.

At the same time, a middle aged man, with his hands clasped behind his back, walked out slowly from the group of hitmen .

“Not too bad, I thought it would be an easy night.”

“I’ve never expected to meet such a fighter in this countryside.”

The middle aged man seemed arrogant.

Liu Delun’s facial expression changed a little when he saw him.

“Brother, this is the lackey of Zhang Quanwu.” he told Li Hang.

“His name is Yue Shiqiu, a Hong Chuan grand master. It is said that he can smash rocks with his bare hands.”

Upon hearing what Liu Delun said, Yue Shiqiu’s head lifted even higher.

“Friends, I suggest that you step away from this, otherwise you will bring trouble to yourselves.”

Yue Shiqiu walked towards Lei Feifei as he spoke.

Lei Feifei’s left leg was hurt. Some kind of

sharp weapon had pierced through it.

She had no more strength to run now. All she could do was just sit there and wait for her death.

Upon seeing this, Li Ernui rushed in front of Lei Feifei, ready to fight.

“Hmph, since you asked for it, do not blame me for doing this!”

Yue Shiqiu moved his fist around and created a breeze of wind. He charged towards Li Ernui with a forceful wave of energy.

Once again Li Ernui was hit and he flew across the field.

Upon landing, he stood up immediately and ran towards Yue Shiqiu again!

The fight went on for a while.

The already exhausted Li Ernui was hit again on the chest.

Suddenly, Li Ernui spewed a mouthful of blood and tumbled backward towards Li Hang.

Li Hang lifted his arm gently to support the

falling Li Ernui.

Using the flow of the energy, Li Hang transferred all the impact on Li Ernui away and supported him to stand firmly beside him.

Li Ernui wiped off the blood on his mouth and wanted to charge ahead again.

But Li Hang held his shoulder to stop him.

“It’s almost half past ten.”

Li Hang drifted away from Li Ernui like a gust of wind.

He slowly walked towards Yue Shiqiu.

In Yue Shiqiu’s eyes, Li Hang couldn’t be better than Li Ernui.

Because he couldn’t feel any force from Li Hang.

But!

Yue Shiqiu’s facial expression changed very quickly!

With every step, Li Hang’s force was getting stronger and stronger.

It increased like a snowball!

When Li Hang came to Yue Shiqiu face-to-face, Yue Shiqiu hung his head in shame.

His broke his legs too!

He couldn't stand up straight in front of Li Hang.

Yue Shiqiu was feeling extreme pain and endless humiliation.

He suddenly shouted in anger!

“Ah!!!”

Yue Shiqiu threw a fierce punch towards Li Hang with all his might!

“Boom!”

No one could clearly see Li Hang's movements.

All they could see was Yue Shiqiu's body thrown through the air.

It was so powerful that his body was sent flying and he crashed into a tree dozens of meters away.

“Crack!”

The trunk of the tree immediately ruptured!

Yue Shiqiu's body was sent flying and it disappeared into the darkness of the forest.

No one was sure if he was dead or alive!

The dozens of thugs who were holding machetes ran away immediately once they saw Li Hang beat the hell out of Yue Shiqiu.

Li Hang turned around and walked towards Liu Delun.

When he passed by Lei Feifei, she shouted at Li Hang at the top of her voice!

"Don't even think that I will thank you just because you saved my life. I..."

"You will take care of her."

Li Hang did not even bother about Lei Feifei while pushing Liu Delun into the car.

They sped off in the Rolls-Royce.

Only Lei Feifei was left sitting on the ground, looking dishevelled and Li Erniu who was at a loss, were still there.

After quite some time, Li Erniu looked at Lei Feifei who was still sitting on the ground.

Even though Lei Feifei was above 35 years

old, she still had an hourglass figure.

As her body was kept in good shape, she looked rather young even when compared with some young ladies.

When they were escaping, some parts of her clothes were torn and her intimate parts were partially visible.

“What are you staring at? Stare again and I will...”

Lei Feifei scolded him fiercely.

But before she could finish, Li Erniu took off his jacket and put it on her.

Then, Li Erniu picked her up without saying a word.

Liu Feifei’s voice could be heard across the field.

“Hey! You dare touch me? Do you know who I am?”

Lei Feifei scolded him again and again.

Meanwhile, in a premium hot spring club in Ning Province.

Zhang Quanwu immersed himself in the hot

spring. His back was tattooed with a fierce tiger.

When Zhang Quanwu slowly opened his eyes, two men were kneeling in front of him.

“Did you fail?”

“Yes.” A man murmured and said in a long-winded manner, “Several unknown men suddenly appeared and saved the girl.”

“And Master Yue?”

Zhang Quanwu was rather calm and replied coldly.

“Master Yue’s thirteen ribs were broken and had severe internal injuries. We took him to the hospital.”

He answered with a quivering voice.

“Sir, that man was too strong.”

“He made just a move and managed to beat the hell out of Master Yue.”

Zhang Quanwu slowly turned around and asked a middle-aged man with a beard in the hot spring, “Master Lin, what do you think about this?”

“Before coming to this place, I have heard that there are hidden masters in Ning Province, but never thought that we would meet one so quickly.”

Master Lin sneered and continued, “Yue Shiqiu had a huge weakness.”

“He was too arrogant and always not brutal enough when facing his enemy.”

“I believe that man made the first move.”

“And Yue Shiqiu gave him the chance because he thought himself as a senior, yet was completely defeated.”

“If I were him, I will definitely break his arms and legs in just two moves.”

“Then, I will slowly torture him to death.”

Chapter 46 On The Count Of Three

Zhang Quanwu nodded and said, "Go dig up the background information on those men. No one must know about our plan to target Lei Feifei. "

"Although this bitch could never harm me, but we must not mess with the man behind her."

"Boss Wu, what are we going to do next?"
One of his lackeys asked.

Zhang Quanwu replied, "Go locate Li Hang and Xu Xiaoyang and break their legs first."

One of his lackeys suggested, "Boss Wu, we would inevitably attract unwanted attention if we were to single out Xu Xiaoyang as he is a prominent person in the country. Why don't we tackle Xu Haoran instead?"

"Xu Haoran?"

"Yes, Xu Haoran is the son of Xu Xiaoyang and the uncle of Li Hang."

"This fellow is a hopeless case who dreams of becoming a singer someday. What's worse is that he is addicted to gambling!"

Chapter 46 On The Count Of Three

"Once we have got Xu Haoran in our hands, Xu Xiaoyang and Li Hang will come to us naturally."

Zhang Quanwu nodded lightly.

He said to one of his lackeys, "Come up with an operation plan now. We will make a move tomorrow night."

"Make sure to get Tiger to bring Xu Muqing along when we are going after Li Hang. We will send her off to Jiang Province."

"Yes sir!"

To be frank, Xu Haoran was not that fond of gambling.

What he really wanted was to stretch out his returns with a minimal capital which could be achievable through gambling.

His intention of raking in more money was nothing like that of the other socialites who were into luxury cars and courting models.

Instead, it was to support him in fulfilling his dream of becoming a singer.

Chapter 46 On The Count Of Three

At this moment, Xu Haoran was singing in a bar.

He sat by the bar counter as he sang to the crowd while strumming the chords on his guitar.

The bar was lively tonight.

No one was paying attention to his performance. They were occupied with beer drinking, tittle-tattles and courting hot chicks.

Meanwhile, a man was carrying half a dozen of beer as he approached Xu Haoran.

"Hey lad, drink it up and I will tip you for 200 dollars."

If this had happened back in the days, Xu Haoran would definitely guzzle down all bottles without hesitation.

But things were different now. He shook his head and rejected the man's offer politely.

"Sorry brother. We have a strict rule at home which disallows drinking alcohol at night."

Chapter 46 On The Count Of Three

"Boo!" "This is a bar. What are you here for if you don't drink?"

"Your singing is really terrible. Do you know that?! Humph!" "I will beat you up if you refuse to drink!"

Xu Haoran frequently sang at a bar thus he was no stranger to this kind of episode.

The only way to deal with a drunk nuisance is to drink with him.

Otherwise, you would only end up getting beaten up and possibly also lose your wage for the day.

At this time, three men surrounded the drunk nuisance as they patted him on the shoulder.

He was dragged away by two of them before he could even react to it.

The remaining man left a 200 dollars tip in Xu Haoran's hat by his feet.

"Thank you brother. Thank you brother."

The man smiled as he gave him a compliment, "Brother, you're good at

singing."

"I can introduce you to my friend who works as a music producer. You should give it a try. Who knows you will have your first album soon!"

"Are you serious?!"

Xu Haoran was overjoyed to hear that as he immediately left the bar with the man.

As soon as he got out of the bar, three men rushed towards him.

They put a gunny sack over Xu Haoran and threw him into a van.

After the gunny sack was removed, Xu Haoran realized that he was being locked in a room.

The place looked dilapidated.

He was surrounded by several fierce-looking men.

One of them stuck out his tongue as he licked the blade of the knife in his hand.

Chapter 46 On The Count Of Three

"What... what do you want from me?"

"I didn't do anything to offend you. Why are you doing this to me?"

A man patted Xu Haoran on the face.

"Are you Xu Haoran?"

"Yes... yes I am."

Xu Haoran continued nervously, "My brothers, I have never offended anyone. Did you get the wrong guy?"

Chapter 47 Did They Get The Wrong Guy

"We are after a guy named Xu Haoran and that is you! Beat him up guys!"

Two men rushed towards him and rained blows and kicks on him.

Xu Haoran wailed in pain as he begged for mercy.

After a round of beating, one of the men tugged Xu Haoran's hair as he lifted his head.

He held a knife close to Xu Haoran's face as he traced the blade along his jawline.

"I will give you a chance to live."

"If you do exactly as I say, then I shall let you go."

"Boss, I really haven't done anything to offend you. This must be some kind of a misunderstanding."

The man sneered as he took out a little bottle from his pocket.

"Do you see this little bottle right here? Now, I want you to go home and mix this into your

brother-in-law's drink."

"What?!"

Xu Haoran immediately shook his head in refusal.

"No way! I won't do it!"

He smiled cunningly as he retreated to the back of the room. Meanwhile, a few men rushed forward to give him another round of beating.

"Lad!" "Only one can survive and you can pick between yourself or your brother-in-law."

"Whose life is more important to you? Yours or your brother-in-law's?" "Think about it."

The man waved his dagger before Xu Haoran as he put up the options for him.

"I expect you to agree with me on the count of three. Otherwise, this dagger right here will slit through your throat!"

Xu Haoran was surprisingly unyielding this time round which was a change from his usual easy going nature.

Chapter 47 Did They Get The Wrong Guy

He clenched his jaws as he challenged the man, "You can save your time." "Why don't you just kill me now?" "Bring it on!" "I am not afraid of you!"

The man clapped his hands and said, "Impressive!" "You are tougher than I thought!"

As soon as he was done speaking, the other men took out a packet of toothpicks.

"Very well... You leave me no choice but to up my game. These toothpicks right here will be shoved under your fingernails. Let's see if that could change your mind."

"Bang, bang, bang"

Someone was knocking on the door.

The leader furrowed his eyebrows.

"Who is it?"

"I'm here to deliver your food."

The leader gave his lackey an eye-signal and they approached the door slowly.

"Bang!"

Before he could even finish his words, the security door was busted open by force.

The supposedly foolproof security door is made of steel, but it succumbed to the mighty force as it detached from the wall and slammed on one of the men.

The man flung to the other side of the room as he was thrust into the wall together with the door.

Li Hang walked into the room with a case of beer and a chilling breeze could be felt.

One of the men yelled in anger as they attempted to stab Li Hang with his dagger.

"Bang!"

ground.

The leader was the last man standing in the room at this moment.

Li Hang's gaze was piercingly cold.

The leader was so scared that he dropped his dagger as he fled immediately.

He only managed to take a few steps before he was grabbed by the throat. He was lifted high up in the air as Li Hang moved to the window.

They were on the seventh floor.

The leader was like a defenceless creature pending for execution as he hovered in the air.

Suppose if Li Hang loosened his grip, the man would fall to his death.

Chapter 48 Submit To Me Or You Shall Die

The leader kept begging for mercy.

"I was wrong, boss. Please spare my life!
Don't kill me!"

"I have a lot of dirt on my boss. I will tell you
right away if you spare my life."

"....."

In the meantime, there were dozens of men
beside Zhang Quanwu.

Zhang Quanwu was dressed in a neatly
pressed suit and a pair of well-polished
shoes.

He resembled a successful entrepreneur.

He stuck out like a sore thumb standing
among the gangsters.

"This would be a perfect location to run a
recreation club."

"We could turn it into a restaurant. I intend to
make this our base."

His lackeys immediately sucked up to him,
"Boss Wu, that is a brilliant idea!"

Chapter 48 Submit To Me Or You Shall Die

While he was showered with praises and flattery, Zhang Quanwu made a hand gesture as a signal for them to stop talking.

They immediately held their tongue at the show of his hands.

"Didn't I ask you to invite the leaders of the underworld in Ning Province over?" "Where are they?" "Why aren't they here yet?"

"Boss Wu, those guys must have gone into hiding once they heard that you are coming."

"We ran a quick check and it appears that they are gathered for a meeting right now."

Zhang Quanwu sneered, "Isn't it just perfect?" "That saves you a lot of time in pinpointing them one by one."

Zhang Quanwu looked at Master Lin and said, "Master Lin, let's go and meet these scums of the underworld in Ning Province."

Meanwhile, Wang Gaobo and the others were waiting anxiously in his clubhouse.

The door was suddenly pushed open as a man appeared in sight.

Chapter 48 Submit To Me Or You Shall Die

That man looked rather panicky as he said to Wang Gaobo, "Boss, Liu Delun and the other two guys seem to have gone into hiding."

"I have deployed more than 30 men and five cars in search of them but with no success!"

Wang Gaobo slammed his fist on the table in anger.

"These scumbags!" "It appears his usual ballsy and dominant persona was just for show! Now the enemy has stepped on our borders, yet he went into hiding!"

"Boss Wang, what should we do now?"

Wang Gaobo rebuked, "What else can we do?!" "Of course we have to go all out and put up a fight!"

"But Zhang Quanwu is a prominent figure in Sheng City and also one of the four most superior figures. We are definitely no match for him."

Several others concurred with his opinion.

Wang Gaobo ferociously stabbed his knife

into the desk.

"Zhang Quanwu only brought a few dozens of men this time."

"Since there are so many of us here, why should we be afraid of them?"

"As the Chinese saying goes, even a powerful dragon cannot crush a snake in its old haunts."

"I don't know if Zhang Quanwu is as powerful as a dragon."

"But even if he is, I'm sure we can defeat him!"

The gang was moved by Wang Haobo's inspiring and powerful speech.

Suddenly, one of the lackeys who was guarding outside pushed the door open.

"Boss, we are in trouble!"

Before his lackey could even finish his words, he was kicked into the room by a man outside the door.

Chapter 48 Submit To Me Or You Shall Die

All of them turned around and saw Master Lin swaggered into the room with his hands at his back.

Wang Gaobo yelled, "What are you waiting for?" "Go get him!"

All of his lackeys grabbed their knives as they shouted loudly and rushed towards Master Lin.

Master's Lin's Kung Fu skill was impressive indeed.

He knocked down the lackeys who rushed towards him effortlessly.

Finally, he stepped on a lackey's head and sneered at Wang Gaobo.

"I heard Ning Province is home to many unnamed champions, but now it seems to me that there are only weaklings here."

Soon after, Zhang Quanwu entered the clubhouse with his lackeys.

Wang Gaobo's face turned pale immediately when he saw Zhang Quanwu.

Chapter 49 Insolence

"Is everyone here?" Zhang Quanwu slowly sat on the couch with his legs crossed.

"All of you might have seen me and known me. You have definitely heard of my way of handling matters as well."

"I have always been a civilized person."

"I won't beat up or kill someone without any valid reasons."

"Look at your lackeys here and you will know what I mean. None of them suffer from a broken arm or leg."

The leaders were taken aback when they heard this.

"Let me cut to the chase."

"I come from Sheng City which was very far away from here with only one purpose."

"From now on, you will be at my command."

"I will not seize your territories."

"But you will have to allocate 60% of your business profits to me."

Chapter 49 Insolence

Some leaders were stunned by his proposition.

"You are backing us into a corner!" "How can we survive with only 40% of profits to ourselves?"

Zhang Quanwu did not say a word as he raised an eyebrow.

Master Lin understood his signal as he immediately went up to the man.

The room was instantly filled with the man's horrifying scream as the others watched in fear.

Master Lin broke his arm in a matter of seconds.

Zhang Quanwu slowly rose from his seat as he stared triumphantly at the crowd.

"Submit to me and you shall prosper. If you go against me then death shall await you."

There was a pin drop silence as the crowd stared at the ruthless dictator before them.

Wang Gaobo and the rest of the leaders

remained silent out of fear as they lowered their heads.

They knew that there was no other way out.

From now on, half of the underworld powers in Ning Province would belong to Zhang Quanwu.

The effort they have invested in for all these years have turned to ashes.

They would turn into Zhang Quanwu's moneymaking slaves for the remaining of their lives.

"Oh, everyone's here. Sorry I am late."

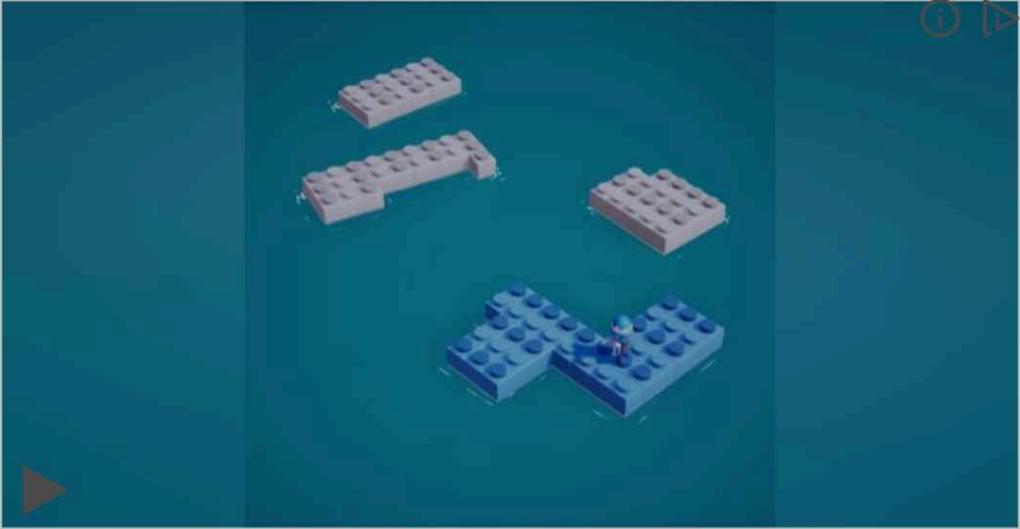

At this time, Liu Delun came into the clubhouse with a few of his lackeys.

Wong Gaobo immediately signalled Zhang Quanwu towards Liu Delun when he saw him.

"Boss Zhang, he is Liu Delun and he is the wealthiest among all of us."

The crowd immediately directed their attention towards Liu Delun after Wang

Gaobo's words.

Some of their lackeys even surrounded Liu Delun.

Wong Gaobo said to Liu Delun ferociously, "Since you have come today, then don't you ever think about leaving this place!"

Liu Delun sneered, "Do you really think these people can stop me?"

"They can't stop you, but I can."

Master Lin held his head high as he approached Liu Delun with a grim expression.

The oppressive aura surrounding him intensifies as he got closer and closer.

All of a sudden, the several lackeys beside Liu Delun yelled as they rushed towards Master Lin.

Alas! They were all knocked down by Master Lin in a jiffy.

Liu Delun cautiously stepped backward as Master Lin approached him slowly.

Chapter 49 Insolence

Master Lin mocked, "Ning Province should rename itself to Loser Pond as all of its' people here are mere losers."

"Liu Delun, kneel before me and submit to me."

Zhang Quanwu stared at Liu Delun in disdain.

Liu Delun replied coldly, "And what if I refuse to?"

"If that's the case then I will break your arms and legs."

"Your obituary will be published in every major newspaper in Ning Province tomorrow!"

Zhang Quanwu's eyes turned piercingly cold.

Meanwhile, Wong Gaobo and the several leaders had surrendered to Zhang Quanwu as they stood behind him to declare their loyalty.

"Liu Delun, hand over your company to us and we'll spare your life."

Chapter 49 Insolence

When they backed Liu Delun into a corner, a chilling breeze could be felt.

No one knew how long has it been since Li Hang was standing at the door.

At that moment, he was quietly observing the crowd before his eyes.

Wong Gaobo let out a scream as soon as he saw Li Hang.

"Boss Zhang!" "It's him!" "This is the man!"

"This is the man who single-handedly beat the hell out of all of my brothers!"

"Boss Zhang, if you can knock this lad down, Liu Delun will definitely surrender to you."

Zhang Quanwu got the chills when he met with Li Hang's eyes.

What a petrifying gaze.

Zhang Quanwu had never seen such a deep yet raging gaze like Li Hang's.

"Master Lin, he's all yours."

Before Master Lin could finish his words, he was already sent flying.

His body flew past Zhang Quanwu's and eventually landed on the wall behind him with a mighty force.

The force was so strong that Master Lin was shoved into the wall.

The bricks on the wall fell off from the impact.

The entire white wall cracked instantly as a pattern similar to that of a spider web formed.

"Bickers."

Li Hang uttered a word calmly.

Then, he moved away.

His posture was exactly the same as Master Lin's earlier.

Li Hang walked calmly towards Zhang Quanwu.

Wang Gaobo and the rest, who were united and standing firmly behind Zhang Quanwu, now hid themselves into a corner.

They were beaten up by Li Hang not long ago and they could still feel the pain.

Wang Gaobo remained defiant and yelled at Li Hang, "Lad!" "Don't get too cocky!"

"Let me tell you! Boss Zhang is one of the four most superior figures in Sheng City. You will be stone dead if you dare mess with him."

Zhang Quanwu shouted at his lackeys all of a sudden, "What are you waiting for?" "Go get him!"

As soon as he finished speaking, his fighters swarmed towards him.

Li Hang's hands remained at his back and he merely lifted his right leg.
