## Chapter 86 Bar Smashed

"You and I went through life and death together, so that's why I want to warn you about this."

"There are things we shouldn't hold on to when it's time to let go. There will be consequences if you hesitate."

Zhao Beilin heard what Boss Tiger said but he didn't take it to his heart.

He was not here to listen to his preaching.

He asked directly, "Brother, I have one more thing to ask you. What is the relationship between you and Liu Delun?"

Boss Tiger thought for a while and answered, "We've met a few times before but we are not close."

Zhao Beilin almost clapped his hands in excitement when he heard this!

That was exactly what he wanted to hear from Boss Tiger today.

At first he was worried that Liu Delun might be someone nurtured by Boss Tiger to be one of his men.

If that was the case, Boss Tiger would surely interfere if he attacked Liu Delun.

## Chapter 86 Bar Smashed

Although Boss Tiger had stopped interfering in the gangster business for several years and seldom asked about things that happened in the underworld, only those who were from the same generation as Boss Tiger and fought side by side with him knew exactly how terrifying he was.

Even though Boss Tiger lived in a tiny Ning Province, there was only one person in Sheng City who dared to touch his beard.

It was another "Boss" in Sheng City.

Other than him, whoever dared to try would be dead!

Since Liu Delun had nothing to do with Boss Tiger, Zhao Beilin had no reason to keep him alive.

After Zhao Beilin left, Grizzly, who was standing aside all this time, couldn't resist to ask Boss Tiger a question.

"Boss Tiger, I don't understand... Why didn't you tell the truth about Mr Li?"

"Mr Li is the real boss of Liu Delun."

Boss Tiger laughed and said, "I do not interfere with the underworld's business anymore."

Chapter 86 Bar Smashed

"I gave some advice to Zhao Beilin today because we are brothers."

"I know his character well. He won't listen no matter how much I tell him."

"Greed is the nature of a wolf. All they do when they smell meat is to run after it."

"They will only run away with tails between their legs when they realize how terrifying their opponent is."

"But this time, we don't know if he still has the chance to run away."

.....

The bar where Xu Haoran was in was smashed down again.

And he was hit again.

In order to fulfill his dream by singing in live bands in the bar, he had been slapped countless times.

But today, he got punched.

A group of people ran into the bar. They picked up the tables and chairs impulsively and started to smash up everything.

## Chapter 86 Bar Smashed

They were even more impudent when the bar's staff started to fight with them.

Xu Haoran, as a regular singer there, was hit by them as well.

Although Xu Haoran had explained many times to them that he was there to only earn some pocket money, they didn't trust him.

A gangster, who dyed his hair yellow, kicked Xu Haoran to the ground.

He took a bottle of beer beside him and looked at Xu Haoran from above. After that he poured the yellowish liquid onto Xu Haoran.

"Hehehe, kiddo, do you want to know why I hit you?"

Xu Haoran shook his head.

But he was slapped by him.

"Slap!"

The left side of Xu Haoran's face turned red.

"I'll ask you again; do you want to know why I hit you?"

Xu Haoran had no choice but to nod.

## Chapter 86 Bar Smashed

As a result, he was slapped again on his right cheek this time.

"You are really cheap!"

"I've been in this circle for three years but I have never met anyone as cheap as you. You dare to ask why were you hit after I hit you?"

"Do you need a reason to hit someone? Do I need a reason to hit you?"

The yellow haired gangster started to kick and punch him again.

Xu Haoran could forget about being beaten. But the guitar he spent money on was smashed by the yellow haired gangster as well.

It was his treasure.

## Chapter 87 Fight

Xu Haoran jumped up right then and pounced on the yellow haired gangster.

"I'll finish you!"

But Xu Haoran really had no fighting abilities or combat experience.

The moment Xu Haoran pounced on the yellow haired gangster; he was kicked at the face by the gangster's foot.

Suddenly, Xu Haoran was knocked over to the side.

He rolled a few times on the floor and only stopped when he hit the table.

The yellow haired gangster walked towards Xu Haoran and caught hold of his head.

He slapped Xu Haoran's already red face for several times.

"Kiddo, you are the first person I hit ever since I came to Ning Province."

"Because your brother, me, would become a famous person in Ning Province very soon."

"Your Ning Province will become our Boss Wolf's territory."

## Chapter 87 Fight

"At that time, I will become the big boss of this area."

"When you see me in future, you must nod and bow to me politely."

"Or I will hit you every time I see you!"

Once he finished talking, he let go of him and walked out to the exit with his accomplices.

Coincidentally, Li Hang and Xu Muqing were parking their car outside the bar's parking lot at this moment.

Recently, Lingxiao Group's business was booming.

Xu Muqing was always busy.

Due to the lack of capable staff and there were only a handful of people she could trust, she couldn't handle all the tasks herself. That's why she thought of Xu Haoran.

.....

When they were at home, Xu Xiaoyang and Liu Yufen had pushed Xu Haoran many times to work in their own Group. But he refused.

Using Liu Yufen's own words, Xu Haoran's head

was damaged due to a 42-degree fever when he was a kid.

That was why he talked about his singing dream all the time.

Li Hang was the only person in the family who supported Xu Haoran.

In his opinion, all that Xu Haoran lacked was just a chance.

If there was a chance, Li Hang would surely help him to achieve his dream as a brother-in-law!

The moment Li Hang and Xu Muqing reached the bar's entrance, Yellow Hair instantly leaped up as though he had found a new world.

"Woah, a beauty!"

"I didn't expect that this tiny Ning Province will have such a charming girl."

"She is even prettier than most superstars."

He tried to reach towards Xu Muqing as he spoke.

But someone grabbed his wrist instantly.

## Chapter 87 Fight

Li Hang slightly pulled and Yellow Hair started to scream.

.....

Li Hang dislocated Yellow Hair's arm in no time.

Yellow Hair was sweating due to his pain. He yelled, "Get him! Kill the man!"

Suddenly, all the prestigious gangsters who were damaging the bar shouted and ran towards Li Hang.

But they were all defeated by him in the blink of an eye.

No one saw how he did it.

They could only hear the screaming when they were hit.

Yellow Hair was terrified and he instantly stepped back.

Li Hang and Xu Muqing walked into the bar like nothing had happened.

But they found out that the bar was in a total mess.

Xu Muqing ran towards Xu Haoran when she

saw him in such a state.

"Haoran, are you alright?"

Xu Haoran didn't say a word but stared at Yellow Hair instead.

Xu Haoran's eyes were filled with burning anger.

All of a sudden, he picked up a beer bottle and walked towards Yellow Hair.

But all of Yellow Hair's attention was on Li Hang.

As a result, Yellow Hair didn't notice that Xu Haoran was approaching towards him.

When he heard Xu Haoran's voice, Yellow Hair instinctively turned his head, but all he could see was a bottle coming straight for him.

"Ping!"

The sound of broken glass was loud and clear!

Chapter 88 How To Be A Superstar

Yellow Hair's scream was deafening!

He covered his throbbing head with both hands. When he tried to step back, Xu Haoran reached out and grabbed his yellow hair.

"Pong! Pong!"

Xu Haoran grabbed Yellow Hair's head and smashed it several times on the table next to them.

After that, he pulled Yellow Hair closer to him and spat on his face.

"Let's play a game. You tell me, why do I want to hit you?"

Yellow Hair shook his head continuously, "I don't know."

Xu Haoran slapped him twice with both sides of his hand.

"Are you an idiot? I'm hitting you because I want a revenge on what you did just now."

"Do you know what is revenge?"

"Revenge is... I'm going to cut open your stomach with a knife and take out all your organs."

## Chapter 88 How To Be A Superstar

"I will air dry them outside and cut them up piece by piece afterwards to make snacks."

Xu Haoran said fiercely. His eyes were full of fury as well.

Li Hang was watching him from the side and was amazed by what he had seen.

Although this brother-in-law was not very good at singing, he certainly could act!

Xu Haoran pretended to be fierce again and continued to hit Yellow Hair.

When he finally felt relieved of anger, Yellow Hair was already curled up on the floor like a little wife and couldn't stop sobbing.

"Stop crying and disappear immediately!"

"I'm telling you, if I see you again in the future, I'll hit you twice for every time we meet!"

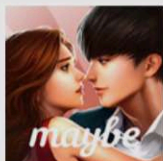

After Yellow Hair and his group of gangsters fled away in embarrassment, Li Hang walked to Xu Haoran's side.

He stretched out his hand and patted Xu Haoran's shoulder, "I know what you are going to do!"

## Chapter 88 How To Be A Superstar

"Ah?"

Xu Haoran looked at Li Hang in confusion.

Li Hang pulled Xu Haoran to the side and said, "Why do you want to become a singer?"

Xu Haoran said without hesitation, "That is because singers are famous. It is nice to be a star and be surrounded by fans."

"Not bad. Seems like you have quite some education to be able to use such phrases."

"Hehehe." Xu Haoran reached out and scratched his head which was wet with beer.

"I have a job for you that could make you famous very soon and be surrounded by fans as well. Are you interested?"

"This job will even help your career as a singer."

But in Xu Haoran's mind, there were no other jobs in the world that could match with singing.

He raised his head slightly, and assumed a posture that showed "everything is inferior compared to singing".

"Brother-in-law, I've made up my mind. You don't have to advise me anymore."

"Oh, since you said so, then I have to find other superstars to be our Group's spokesperson." Li Hang said unhurriedly.

Spokesperson?

Superstar?

These two special words immediately pulled Xu Haoran away from his determination to "face all the challenges" which he mentioned earlier!

But Li Hang and Xu Muqing were already on their way out.

Xu Haoran quickly followed.

"Brother-in-law, Brother-in-law, what did you say just now about being a superstar spokesperson? Are you trying to make me a star?"

Li Hang patted his shoulder and said earnestly.

"Your sister and I are both laymen."

"But we respect your decision. You can continue to sing at the bar if you want. Go realize your dream."

Li Hang sounded solemn while Xu Muqing covered her mouth and laughed beside him.

He is really good at teasing others.

"Don't be like this, my brother! You are my beloved brother-in-law! Please tell me quickly how do I become a star?"

Li Hang raised his brows slightly: "Do you really want to know?"

Xu Haoran nodded eagerly: "I really, really want to know. Brother-in-law, my beloved Brother-in-law, please tell me now, I can't wait any more!"

While he was talking, Li Hang pulled Xu Haoran to his side and whispered a few words in his ear.

After Xu Haoran heard what he had said, his eyes lit up and he asked, "Really?"

Chapter 89 Glorious Image

In a VIP room of a restaurant in Ning Province.

Zhao Beilin sat quietly at the table.

There were seven men standing in front of him. All of them were Zhao Beilin's disciples.

Although they were slightly weaker compared to Zhang Quanwu and Zhou Cheng, it was a piece of cake for them to handle those Ning Province gangsters.

.....

Zhao Beilin's raised his brows all of a sudden and asked, "Where is Eighth?"

The second last thug in the line answered, "Master, Eighth went to the old town and the traffic was quite bad over there. He might be a bit late."

Zhao Beilin nodded slightly. He looked at all his disciples and asked, "When you attacked them, has any of you saw the man who crippled Zhou Cheng and Fifth?"

All of them shook their heads.

One of them said, "Master, from my understanding, the man was the hatchet-man of Liu Delun."

## Chapter 89 Glorious Image

"If we can find Liu Delun, we can find the man."

As soon as he finished, another man immediately spoke, "Master, I'll bring my own men to get Liu Delun now. We will break their arms and legs and hand them to you, Master."

Zhao Beilin was about to speak when the door of the room was suddenly pushed open.

With a swollen face and a broken right arm, a yellow haired gangster rushed in.

"Master! Master! You must help me!"

Yellow Hair kneeled in front of Zhao Beilin. He told him everything that had happened in the bar in tears.

Zhao Beilin's eyes lit up when he heard this.

"You mean, that person broke your arm in one single move?"

Yellow Hair nodded, "Master, that guy's movement was very swift. Before I could react, he had already grabbed my arm."

"Moreover, he had a very strong grip. No matter how hard I tried, I couldn't escape."

One of the men beside them quickly said,

"Master, he must be Liu Delun's hatchet-man."

Zhao Beilin stroked on his pinch of mustache and began to think.

"Master, let us bring some men to the bar now and bring that b\*\*\*\* back." Two of the men initiated to take action.

Zhao Beilin gave some thought to it and pointed at four of his disciples, "Go to the bar now!"

"Yes, Master!"

Zhao Beilin's disciples were famous for their fighting skills. Normally, no one would dare to confront them in Sheng City.

Four of them arrived at the bar by car with much aggressiveness.

Many staffs were cleaning the bar at the moment.

When they saw another group of people coming in again, they were all so scared that they shrank in the corner.

Xu Haoran was still singing leisurely with a guitar in his arms at the stage.

## Chapter 89 Glorious Image

The music stopped abruptly.

Xu Haoran stood up suddenly and pointed at those men.

He shouted, "How dare you come here again?"

"Aren't you afraid that I will completely crush you down again?"

They all laughed loudly when they saw how skinny Xu Haoran was.

One of them swaggered towards Xu Haoran.

Without saying anything, he raised his foot and kicked Xu Haoran's chest.

At that moment, a melon seed suddenly flew from behind Xu Haoran.

The seed hit precisely on the strong man's foot.

Suddenly, the strong man let out a scream.

Then, he flew backwards, and fell heavily on the table that was just set.

For a moment, everyone was overwhelmed.

From their perspective, it looked like the strong man's foot had kicked Xu Haoran's body.

## Chapter 90 Cooked His Favorite Tofu Dish

Li Hang had predicted that they would be back.

The scene which he had planned carefully had just started.

According to Li Hang's "script" that he had told Xu Haoran and Xu Muqing, he decided to make Xu Haoran an ambitious youth who worked hard for his dream.

Firstly, Xu Haoran was someone who would give up everything for his dreams.

Even though his family had a large corporation, he still decided to be a regular singer in a bar with his broken guitar in order to feed himself.

Xu Haoran had never asked for any money from his father or sister. There were no sports cars or models around him, not even a scooter.

After that, Li Hang would establish Xu Haoran's glorious image.

"Damn, this kid is wicked." The strong man who was hit by the melon seed just now mumbled while getting up.

He grabbed a chair next to him, yelled and pounced on Xu Haoran again.

In his hidden place, Li Hang was holding

## Chapter 90 Cooked His Favorite Tofu Dish

another melon seed in his hand.

He flicked the melon seed in a very quick motion.

The seed flew through the air at a speed which the naked eye could not follow. It hit the chair that the muscular man was holding.

From everyone's perspective, the chair happened to hit on Xu Haoran's head.

But the moment before it reached his head, the chair was rebounded again by an unseen force.

It was then Li Hang who was still in the dark gave the order, "Now."

Xu Haoran immediately punched the hefty man's chest.

At the same time, a seed followed Xu Haoran's hand and hit the man's chest.

Another scream from the muscular man.

This time, his body was like a ball that was kicked and he flew backward.

He fell to the ground only after his body hit on a wall that was around 30 meters away.

Xu Haoran looked up. He was full of awe-inspired righteousness vibes.

He picked up the microphone in front of him and pointed at those men, "I'm telling you, as long as I'm here, I won't let you act daringly here."

Some of the gangsters looked among themselves.

They all showed ravening faces and pounced on Xu Haoran altogether.

Li Hang flicked his fingers.

The men who stood behind him, including Li Erniu, howled and ran towards those gangsters like wolves that came out from the woods.

In just a few moments, the hatchet-men who were carefully nurtured by Zhao Beilin were all defeated by Li Erniu and his men.

While whining, they were also terrified by the fact that a group of such strong men existed in this tiny Ning Province.

Xu Haoran walked down from the stage slowly.

He stood in front of the gangsters and said in a macho manner, "I'm in good mood today so I'll

"But if you still insist on coming back, don't bother leaving."

Xu Haoran lifted his chin once he finished talking and led Li Erniu and his men away proudly.

As soon as she saw them come out from the bar, Xu Muqing stopped the car in front of them.

The engine started and Xu Muqing left with Xu Haoran instantly.

"Sis, did I look cool just now?"

Xu Muqing said gruffly, "Cool?! I was scared to death. The man was so huge. What if he really hurt you?"

"I'll be fine, Brother-in-law was there."

"That's true. There's nothing in this world your brother-in-law couldn't handle."

"Sis, you are really lucky to have Brother-in-law to protect you. You don't have to worry for the rest of your life."

Xu Muqing wanted to rebut him but she couldn't

think of a valid reason to fight back.

Because Xu Haoran was right after all.

It's really great to have a husband like him.

Oh no! How embarrassing!

He could never know about her thoughts of this kind.

If he did, how could she ever lift her head up in front of him?

Chapter 91 Bow Thrice

"Oh yeah, where is Brother-in-law? Why is he not leaving with us?"

"The dinner is less than half an hour now and mum will be cooking Brother-in-law's favorite tofu dish tonight."

"He said he had a small matter to settle and will be back before dinner."

Xu Haoran suddenly said, "Sis, whatever matter that could cause Brother-in-law to put aside his favorite tofu dish must be a big deal right?"

.....

Zhao Beilin was waiting at the restaurant. He was preaching to his disciples who were standing in front of him while he enjoyed his tea elegantly.

Yellow Hair's wounds had been taken care of.

He stood behind Zhao Beilin and tried to butter him up by massaging his shoulder.

"Master, Huang Zhen must have given you a lot of benefits when he asked you to take on the "job", right?"

"I have not seen you taking any of those 'jobs' for so many years."

Chapter 91 Bow Thrice

"I remember the last time you did was five years ago."

"Back then there was a man who emerged quite rapidly. He would find people to cause a ruckus everyday."

"In the end, he met you and failed."

Zhao Beilin couldn't help but stroke his mustache after he heard what Yellow Haired had said. There was a satisfied look on his face.

"We, as humans, must understand our own limits."

"Before we do something, we must consider how much we can do with our own abilities."

"As the saying goes, 'To win in battles, you must know yourself and your enemies'."

"If you don't know about your own capabilities and how strong your enemy is, it'll be too late to find out after you have started the fight."

.....

Few of the disciples nodded their heads continuously after hearing what Zhao Beilin had just said.

## Chapter 91 Bow Thrice

He continued, "That man was quite capable but he had overestimated himself."

"He knew very well that I had built my reputation in Sheng City at least 20 years ago but he still wanted to challenge me."

"It was because of what he said that I decided to break his both arms which caused him to become a beggar in Sheng City for five years."

"That was because you are generous, Master. If I were you, I would have dumped him in the river to feed the fishes." A disciple beside them quickly said.

Zhao Beilin smiled coldly and said to them.

"You must remember. It is way more interesting to torture someone and let him live in shame than to simply kill him."

"You are right, Master." nodded a few disciples.

At that moment, someone opened the door.

Zhao Beilin's four disciples were dumped in like garbage bags.

When they reached the floor, they were all in shambles. Their bodies were twisted. It seemed like all of their arms and legs were

broken by someone.

When Zhao Beilin saw this, he was furious, "Who did this?"

Li Hang walked in slowly with his men.

When Zhao Beilin met Li Hang's eyes, he frowned.

Such an incisive eye!

When Zhao Beilin looked at Li Hang, he could see the shadow of the man who challenged him years ago. He laughed cruelly.

"You are the hatchet-man of Liu Delun?" He was quite certain about the answer to his question.

"Liu Delun is only one of my men."

Zhao Beilin froze for a while when he heard this.

Zhao Beilin and many of the bosses in the Sheng City underworld thought that Liu Delun was the one who controlled the Ning Province underworld.

He didn't expect Li Hang would say that Liu Delun was only one of his men.

Li Hang looked at his watch and said delicately, "I've wasted 15 minutes on my way here due to the traffic jam."

"I need another ten minutes to reach home. So I can only give you five minutes."

"I'll be straight to the point. Firstly, I want to thank you."

Zhao Beilin laughed icily, "You came in here ferociously. I thought you wanted to blame me for something. Instead, you came asking for my mercy."

"However, you have broken my disciples' limbs. Don't you think it's a bit too late to ask for forgiveness?"

Li Hang acted as though he hadn't heard what Zhao Beilin had said.

"Ning Province's underworld is quite extensive. There are many corners that are hard to reach." He continued. "But because of you, all of the corners are cleaned up instantly."

"Secondly, your disciples hit my brother-in-law. I'm gonna settle this with you."

Suddenly, Li Hang started walking towards Zhao Beilin without giving any signal.

## Chapter 92 Bring The Ning Province Special Local Product As Well

He walked like a layman with a normal pace. Step by step, he got closer to Zhao Beilin.

On that point, one of Zhao Beilin's disciples jumped up from beside him.

He shouted at Li Hang, "How dare you challenge my Master. You must first ask if my fists agree with it."

"Slap!"

Li Hang responded to the disciple with a tight slap.

The disciple turned 360 degrees from where he stood.

After his body had flipped for two or three rounds in the air, he hit against the wall heavily.

The other two men roared and wanted to pounce on Li Hang, but they were stopped by Zhao Beilin who lifted his hand.

Both of them stepped back at once.

One of them squinted and said viciously, "Kiddo, you are so dead."

"Why don't you just kill me!"

Li Hang took out another melon seed from his pocket.

While eating the melon seed, he said, "When I came in just now, weren't you telling your disciples that the best way to torture someone is to let them continue to live in pain?"

"You took in a lot of disciples due to your skills with the knives. But you have also taken away many lives with the knives."

"After you return to Sheng City, those enemies who were hurt by you will surely come for revenge."

"Killing you will only make my hands dirty. You don't deserve that."

After he finished talking, Li Hang looked at his watch.

He turned and said to Zhang Pengfei, "I'll leave the rest of them to you."

Li Hang had already reached the exit. He slightly nodded and responded without turning his head, "I'm going back home for dinner. There will be a tofu dish tonight."

Zhao Beilin looked at Li Hang in a daze as he left.

house's dining table.

As Li Hang was enjoying his meal at home, the scene changes to a high class restaurant's VIP room in Sheng City.

Su Fanghua was having his dinner with a star who was in famously branded clothes.

Su Fanghua radiated a unique charm in his gestures and manners.

The star was deeply obsessed by him.

Someone knocked on the door.

The secretary came in.

He stood beside Su Fanghua and whispered a few words to him.

Su Fanghua smiled faintly and said, "There are no outsiders here. You can say it aloud."

The secretary took a few steps back and stood up straight.

"Zhao Beilin is down." He said.

"He brought his eight disciples and more than a dozen of his top men to Ning Province."

"But all of their limbs were crippled by someone in Ning Province. They are being transferred in a truck that used to transfer pigs and they are now on their way back to Sheng City as we speak."

Su Fanghua smiled elegantly, "Seems like Liu Delun is quite capable."

"If he can take down Zhao Beilin quietly, there must be someone who is greater than Zhao Beilin around him."

The secretary answered, "From what we know, this man could be the one who handicapped Zhou Cheng and Zhang Quanwu."

Su Fanghua asked, "Has the Huang Family known about this?"

The secretary shook his head, "All the first-hand news were intercepted by us."

"Huang Family is still preparing to take down the Lingxiao Group. They will take action tomorrow."

"What's their plan?" Su Fanghua picked up the wine glass gracefully and clinked it with the lady star sitting opposite him.

"They secretly bought up many small

companies that had projects with Lingxiao Group."

"At the same time, they used their business network to block some of Lingxiao Group's partnerships."

"If they all take action simultaneously tomorrow, Lingxiao Group's capital chain will be broken."

"And they will be bankrupted within two to three days."

"This is an old trick of Huang Zhen. He used the same trick many years ago to deal with several local corporations. The results were quite good."

Su Fanghua wobbled his glass, "How many loopholes are there in Lingxiao Group's capital chain?"

"I've roughly calculated. It's about 1.2 billion."

The lady star sitting opposite Su Fanghua was shocked by the amount.

Nevertheless, Su Fanghua replied slowly, "1.2 billion is not that much."

"The relationship between Lingxiao Group and the Association of Banks of Ning Province is quite good."

"They could easily get a loan."

"If I'm not mistaken, Huang Zhen must have a plan B."

"Ask the Finance Department to prepare two billion yuan immediately. We will lend them a hand in their times of trouble."

Su Fanghua had already imagined in his mind how he would show up heroically when Xu Muqing's family was desperate for help.

During that time, he could give them the two billion in an imposing manner and tame the whole family.

Xu Muqing would lay in front of him like a puppy and lick his "p\*\*\*\*"

## Chapter 94 Insidious Calculation Of Su Fanghua

Su Fanghua felt his whole body getting warmer the more he thought about it.

He wiped his mouth clean with a paper towel and extended his hand towards the lady star in front of him who was still admiring him.

She had already fallen with love with this charming man of Jiang Province.

This was the exact moment she had been waiting for so happily.

The lady star obediently allowed Su Fanghua to lead her to a small room.

.....

After Li Hang had finished his meal, he lay at his own corner comfortably.

He was enjoying the comic book he had gotten from Xu Haoran's room in a cross-legged position.

On the other hand, Xu Muqing was working hard at her desk which was piled up with documents.

After a while, Li Hang yawned and said to Xu Muqing, "Let's go to bed now, darling!"

"You go ahead. I still have many documents to settle."

"There is only one cash flow problem in our Group."

"If you really have an issue with that, just settle it with my black card."

Xu Muqing suddenly turned to Li Hang with a serious face, "I know you are rich but I've made a promise to Father."

"Since we are managing the Group now, we can't ask money from you like kids anymore."

"We have to do it ourselves and run the Group well."

"Otherwise....."

Xu Muqing didn't continue the rest of the sentence.

Xu Muqing could not tell Li Hang that she was afraid that she would be a burden and that she didn't deserve him if she couldn't do her job well.

Li Hang asked purposely, "Otherwise what?"

Xu Muqing suddenly stood up and turned off

the lights in the room.

"Sleep now!"

The room was extremely quiet after the lights were switched off.

And then, Li Hang said in a trembling voice,  
"Darling, I feel so cold!"

.....

"Add more blankets if you feel cold."

"I have a blanket on me. But I feel cold on my back. The floor is cold!"

"Then use the blanket as your mat."

Li Hang was speechless. He had no choice but to start singing in the dark.

"The moon sets and the crows cry. It's always a thousand years of wind and frost. The waves are still there and I was recollecting the warmth of your lips. Today, do you still remember our history? Can my old steel box get on your small bed again....."

## Chapter 95 Do You Need My Help

The next morning.

Xu Muqing fell into a deep sleep last night in Li Hang's singing. She felt energetic now and was ready to dive into her work.

But she realized that the Group had been attacked!

Suddenly, all kinds of problems flooded in!

The Huang Family had launched a comprehensive attack on Lingxiao Group.

Firstly, all sales channels under the Lingxiao Group's factories were blocked by them which caused the suppliers to come to collect their debts.

At the same time, they used all kinds of tricks to fail Lingxiao Group's many projects.

The newly established Lingxiao Group was pushed down into a deep abyss.

On the other hand, the leader of Huang Family, Huang Zhen, was having tea with Guan Youqi, the Chairman of the Association of Banks of the province.

Guan Youqi swore by patting on his own chest, saying, "Don't worry, Mr Huang. Leave this

matter to me."

"I'll ask all the banks to stop all businesses with the Lingxiao Group immediately."

"Other than pulling out all their capital and freeze their accounts, I'll bring some men and collect the debts from them myself."

.....

After Huang Zhen and Guan Youqi chatted for a while, he sent Guan Youqi off personally.

Huang Zhen called his secretary as soon as Guan Youqi left.

"How's everything in Ning Province?"

The secretary answered, "Everything is carried out according to your instructions."

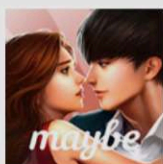

"Lingxiao Group is now surrounded by enemies. They are out of moves."

"As soon as the Chairman of the Association of Banks arrives at Ning Province and freezes their accounts, our men will rush into Lingxiao Group's building and take them down."

"By that time, we will have Xu Xiaoyang's whole family kneeling in front of you and apologizing!"

Huang Zhen laughed vigorously and said with his head held up, "How dare a tiny Lingxiao Group come and challenge me? They asked for it!"

"I heard from Cui Tianci that Xu Xiaoyang has a very beautiful daughter."

"Book a room for me at Ning Province tonight. I'll go to Ning Province myself."

The secretary then asked, "Master, it's just a small Ning Province. You don't have to do it by yourself."

There was a rigid smile on his face.

"Since they turned my son into a daughter, I'll make Xu Xiaoyang's daughter give me a son!"

.....

Xu Muqing was extremely busy the whole morning.

Xu Xiaoyang was still recovering from his leg injury but he didn't just sit there doing nothing.

Even though he was sweating due to his pain, he was very persistent.

But at a time like this, those bosses who used

to be close to them had rejected to meet them.

They either hung up his calls or simply turned off their phones.

Xu Xiaoyang and Xu Muqing were working extremely hard together in the Chairman's office.

At that time, Li Hang entered the office while carrying a thermos in hand.

He poured the freshly cooked sweet soup for both of them.

"Don't be impatient when there's a problem. Drink some sweet soup. It will make you feel better."

Xu Muqing turned to look at Li Hang. She wouldn't want to ask for his help especially in times like this.

She knew that if she asked for his assistance, he could easily settle the problem for her because Li Hang was capable of doing anything.

After all, Li Hang was in a smiley face. He seemed not to be bothered by the problem.

Zhang Xiaoping suddenly ran into the office

hurriedly, "Mr Chairman, General Manager, Brother-in-law, there's a big problem!"

"The loan promised by the Association of Banks suddenly got cancelled."

"And they even froze our account!"

The loan from the bank was Lingxiao Group's last resort.

As long as they could get the loan, they could minimize their losses.

They could even recover their business within a short time.

But the bank's decision had made their situation worse. It would be the end of the Lingxiao Group!

Li Hang was still in a good mood when he passed Xu Muqing the bowl of sweet soup. "Darling, do you need my help?" he asked sweetly.

Xu Muqing pouted her thin lips.

"Hadn't we agreed before?" "Leave the company's matters to us."

"We will strive to overcome our own difficulties."

"If we cannot handle these small hurdles, how do we deal with other greater obstacles at Sheng City or even abroad?"

Li Hang nodded his head.

Xu Muqing gulped down the sweet soup given by Li Hang quickly. She then strode away and headed to the Association of Banks headquarters with Zhang Xiaoping.

Xu Muqing immediately asked to see the Chairman of the Bank Association once she entered the lobby.

"Our chairman is not in today." answered the receptionist coldly.

"He is not in?" "Where is he?"

Xu Muqing started to panic when she found out that the Chairman of the bank, Gu Xingshun, was not around.

She instantly called Gu Xingshun, but his phone

was switched off.

Xu Muqing asked the receptionist hastily, "Do you know where is the Chairman's office?" "Can I wait in his office?"

Right at that moment, Guan Youqi was walking towards her with a few other superiors.

He faced Xu Muqing and said, "Don't waste your time waiting for him. I assigned a task for him today, so he's probably on the plane right now."

Xu Muqing politely introduced herself, "Nice to meet you, I am....."

"I know who you are. You are Xu Muqing, General Manager of Lingxiao's Group, right?"

"I am Guan Youqi, Chairman of the Association of Banks of the province."

"I've heard about the issues going on in your company."

"Due to your Group's poor management, your company might be bankrupt anytime."

"That's why I froze all your accounts."

"Miss Xu, we are running a bank, not doing charity." Guan Youqi replied in a deep tone.

"We are doing business for profit."

"And your Group is at a risk right now."

"It is impossible for anyone with any common sense to still loan your company money."

"Let me be frank with you. I have already given out my orders; not a single bank in Ning Province will loan you any funds."

"You can stop dreaming about it!"

Guan Youqi examined Xu Muqing from her head to toe while talking to her.

He slowly harbored malicious intentions within the curve of his smile.

Guan Youqi suddenly walked up to Xu Muqing and murmured, "However, things can be overturned sometimes."

Guan Youqi raged and roared in front of all of the other people.

"Nothing is impossible in this world."

Li Hang calmly responded while walking towards them.

Xu Muqing quickly stepped behind Li Hang.

Xu Muqing was always working hard as she did not want to become Li Hang's burden.

However, things did not turn out that way.

Guan Youqi growled at Li Hang, "Who are you again?"

"I am her husband."

Guan Youqi chuckled at his response.

"Oh, you are the little live-in son-in-law of the family."

"What a loser!"

Guan Youqi promptly yelled for the security guards.

Immediately, more than ten security guards scurried inside.

Guan Youqi then instructed, "Get this fellow out of my building!"

"As for this lady who dared to hit me in public, bring her to my office."

"I will personally teach her a lesson!"

Just as the security guards were approaching

towards Li Hang and Xu Muqing, Gu Xingshun shouted from the outside.

"Wait!"

Gu Xingshun sped in with two of his followers.

He was sweating profusely.

Guan Youqi frowned when he saw that Gu Xingshun was back.

"Why are you here?" he asked. "I thought I've sent you out for a field-trip?"

Gu Xingshun glanced at Li Hang and breathed heavily.

He was nervous. Very nervous.

This was actually the first time he had felt tense at work.

He was feeling much more skittish than during his first job interview.

The current situation was no less than betting with his life.

Gu Xingshun was still clueless about Li Hang's identity.

The only thing he knew was that the man was no ordinary John Doe.

Gu Xingshun knew that besides hard work, opportunities were part of his strategy to reach higher and achieve what he desired.

He knew perfectly well that he could not go further than this position now with his family background and that he could be replaced by anyone anytime soon.

Hence, to reach a higher level, he needed Li Hang to support him.

If his betting was right, he would have his way smoothly.

On the contrary, he would hit rock bottom and not be able to rise ever again.

Therefore, Gu Xingshun made his choice to be there.

Gu Xingshun pulled himself together and said to Guan Youqi, "Chairman Guan, I believe I am the person in-charge for Ning Province."

"Although your position is higher than me, but withdrawing loans and freezing Lingxiao Group's accounts forcibly are against the company's rules."

Gu Xingshun swallowed hard and glanced at Li Hang again.

He had no way out now.

He held his fist tightly and composed himself.

"I know you are my superior."

"And I know you can fire me easily and make me a loser."

"But in proper procedure, you need to give me at least three days' notice in order to dismiss me from my work."

"So within this period of time, I will try my best to protect the Lingxiao Group."

"You can go and unfreeze their accounts."

"But the loans- don't even dream about it!"

Gu Xingshun pointed his finger at Guan Youqi and said, "How can you do this? This is against the procedures!"

Guan Youqi retorted back to Gu Xingshun, "I am the King of Law as long as I am in the Ning Province."

Guan Youqi glared at them arrogantly and raised his hands in the air like a big boss.

At this moment, he seemed almost as unreachable as the peak of the highest mountain in the eyes of the junior staffs.

So high!

So majestic!

Pak!

At that moment, Li Hang got out his black card from his wallet and threw it on the counter.

"Please help to transfer some money to the Lingxiao Group."

Guan Youqi cackled after hearing his words.

"Are you kidding me?" "Oh, I forgot that you are the useless son-in-law in the family."

"How much do you wish to transfer?"

"Hundreds? Thousands?"

"How much can you spend with this card?"

"You can't possibly have billions in it, right, loser?"

The staff at the counter swiped the card and checked its balance with shaking hands.

Suddenly, his jaw dropped and his mouth was left wide open.

"Don't need too much; just two will do." said Li Hang bluntly.

"Well, well, well." "Did I hear wrongly? Just twenty yuan?"

"Are you playing a fool here?"

"Two, with nine zeros behind it." Li Hang told the staff plainly.

"Are you sure about this figure?" asked the staff timidly.

card?" Li Hang reverted back to him.

The staff shook his head.

The card minimum withdraw limit was exactly two billion!

The staff processed the transaction right away.

"So?" Guan Youqi scorned. "It's no big deal having a black card."

Guan Youqi then took his bag from one of his followers.

He got out three black cards from his wallet.

"Black cards? I have got tons of them!"

The bank staffs were all in awe and they looked up to Guan Youqi worshipfully.

Ordinary people who owned a black card could already show off as much as they wanted.

It was a well-known fact that the black card symbolized identity and status.

When one could display his three black cards at the same time, he must be a VIP. Guan Youqi was definitely not an average person.

"Erm, Chairman Guan, this card...." said the staff at the counter.

"Shut up!" "Who do you think you are?" "How dare you, a junior, talk back to me?"

The staff then lowered his head.

The staff was trying to tell Chairman Guan that the black cards he owned were not the same as the one Li Hang possessed.

Chairman Guan's black cards were given by the local banks.

However, Li Hang's card was not the same!

"It won't make a difference even if you transfer two billion to the Lingxiao Group now." Guan Youqi said arrogantly.

"This is just a midget amount."

"For your information, I have just transferred 5 billion to the Wang's Group this morning."

"They can acquire your small company in just a few days."

"If you are tactful, you should apologize to me right now."

"Who knows? I might spare your life."

"Let me be clear with you, I will never let Lingxiao Group survive as long as I am the Chairman of the Sheng City's banks!" said Guan Youqi.

"You are Guan Youqi, right?" Li Hang asked bluntly.

"Yes, I am Guan Youqi; everyone in Sheng City knows me!"

Li Hang took out his phone and dialed a number.

Guan Youqi looked at Li Hang and guffawed.

"Well, well!" "Even if you call the saints in heaven right now, they cannot save you!"

"Hello, William, it's been a long time; how are you?" Li Hang said to the phone.

"Who the hell is William?" Guan Youqi laughed out loud. "Is it a name for a foreigner?"

William, on the other side, was thrilled to have received a call from Li Hang.

"Oh my, Hang, I am so surprised that you called me. Is this God's willing?"

William was talking excitedly with his not so-fluent mandarin over the phone.

"I am not sure about that, but I do have a favor to ask from you."

"Just shoot!" "I will do as you ask!"

"I have the Chairman here named Guan Youqi. Can you dismiss him from the bank? And please also let other bankers know so that they won't hire him ever."

"No problem, it's just a piece of cake."

Li Hang hung up the phone.

Guan Youqi stared at Li Hang as if he was a fool.

"Didn't you hear what the Chairman said just now?" "He is not a sane man."

Ring ring!

As the staffs were murmuring to each other, something unusual happened.

All their mobile phones started ringing simultaneously!

Gu Xingshun's mobile was ringing as well.

Only Guan Youqi's phone remained silent.

Gu Xingshun quickly turned on his mobile speaker.

"This is a special announcement from the bank."

"Mr Guan Youqi has violated the rules and regulations in international banking and also abused his authority for his personal interests...."

"Thus, his position as the Chairman of the Bank in Ning province is dismissed, effective immediately."

"At the same time, we apprise all bankers not to hire Guan Youqi for the rest of his life!"

Silence.

The atmosphere was as still as death.

No one really thought that Li Hang, the so-called useless son-in-law could have sacked Chairman Guan with just one phone call.

Only one call and Chairman Guan's destiny was changed forever.

The security guards who surrounded Li Hang and Xu Muqing turned to face Guan Youqi.

"What are you guys doing?" "What do you want from me?" "I am your boss and the Chairman of the bank. How dare you people touch me!"

Without a word, the security guards held Guan Youqi down and went forth to lock him up in a special room.

What's ahead of Guan Youqi now was a serious punishment from the bank.

In addition, he might also serve more than 10 years in prison.

In the meantime, Gu Xingshun brought Li Hang and Xu Muqing to his office.

Once they sat down, Gu Xingshun looked at Li

"I found out that the Huang's family has applied for a massive loan from Sheng City Bank Association when I was on my way here."

"They are using it to launch attacks to the Lingxiao Group."

"I will call the Bank Association at Sheng City right now to cease their loans."

Gu Xingshun instantly knew what was on Li Hang's mind.

The bank has captured Guan Youqi and his men.

But this was not known to the public yet.

Hence, Huang Zhen was still in the dark regarding the peril coming for him.

Lingxiao Group might seem defeated right now.

On the surface, Lingxiao Group could be down even before dawn.

At this moment, Huang Zhen had arrived at Ning Province.

Ning Province was not a big city, but it had all the advantages geographically.

With proper investment, Ning Province will rise in no time.

When that time had come, Huang's family would be ahead of the other prominent families in Sheng City and become the greatest in Jiang Province.

Huang Zhen turned to Huang Ke and said, "Lingxiao Group is in this state now because Xu

Muqing sold herself to Liu Delun."

"What is Liu Delun up to now?"

"He is very quiet and seems like he does not know what's happening around." answered Huang Ke.

"Indeed, just as what I thought." Huang Zhen smirked.

"For me, women are just women!" "No matter how pretty her face and how splendid her body, she's just a toy to men."

"What really matters to men is only wealth."

"You can get all the women you want with money."

"Liu Delun seems like a decent man!" "Maybe we can work with him in the near future."

"Put in the five billion that we loaned into this project." Huang Zhen continued.

"Using this opportunity, we can buy all properties owned by Liu Delun."

"By then, Ning Province will belong to our Huang's family!"

However, Huang Ke was a bit worried as he replied, "Isn't it too risky to do it this way, brother?"

"You know nothing about it!" "Ning Province is such a valuable territory right now. Everyone wants to own it."

"We have the upper hand in the timing and demographic advantage, hence, combining with Lingxiao Group and Tianyi Group from Liu Delun, we can definitely win this war."

"We can then stand firmly in Ning Province in no time."

"By then, if the other families want to have a share, they can only take what we spare them."

Huang Ke nodded, "You are right, brother."

Huang Zhen had his bright future envisioned in his mind.

He needed some quality time for himself now.

He glanced at his secretary who was standing by his side and asked, "Where is Xu Muqing now?"

"Mr Huang, Miss Xu is already waiting for you at your hotel suite right now."

## Chapter 100 The Most Valuable Thing For A Man

"Oh really?" "I didn't know that she is so straightforward. Seems like the rumors are true."

"This woman sells herself to boost her family's business."

Huang Zhen was as cheerful as a kid when he reached the hotel.

He had had some women before.

Especially young women.

However, as he aged over the years, he preferred simple and pleasant-looking ladies now.

He was fond of Xu Muqing just by looking at her photo.

He imagined that she would bring him a lot of fun in bed.

Huang Zhen opened the door to his presidential suite.

Xu Muqing was already waiting for him quietly on the sofa inside the suite.

She was not overly dressed up.

## Chapter 100 The Most Valuable Thing For A Man

Instead, she was wearing a suit, and looked as formal as if she was going to have an official negotiation.

Huang Zhen was surprised that Xu Muqing had brought along another girl.

She was not as pretty as Xu Muqing, but still, she was young and had quite a nice figure.

Young is good; young ladies are more energetic and can bring up the mood in bed.

Huang Zhen started to have malicious thoughts.

## Chapter 101 Call As Many Men As You Want

Huang Zhen entered the suite with steady strides.

Xu Muqing and Zhang Xiaoping stood up and nodded to Huang Zhen politely.

"Chairman Huang, it's my honor to meet you here. We are here...."

Huang Zhen interrupted Xu Muqing by waving his hands about in the air.

"Words are meaningless- just take off your clothes and come to the bed."

Huang Zhen could not help himself once he had seen Xu Muqing.

He found Xu Muqing to be more attractive in person than in the photos.

Her voice was soft and gentle like breezes of the wind.

She was exactly like a fairy in the woods.

Huang Zhen imagined all the fun he could have in bed with Xu Muqing in his head.

He also imagined exciting scenarios with Zhang Xiaoping as well.

## Chapter 101 Call As Many Men As You Want

However, Xu Muqing's response was not as what Huang Zhen expected.

Her face was stony and serious.

"Chairman Huang, we are here to talk about business."

"What?" "Who do you think you are, sweetie?" Huang Zhen laughed out loud. "The only thing I am interested here is your body."

"Please respect yourself. We are representing Lingxiao Group to talk to you right now."

"Meanwhile, I would like to give you some advice."

"I suggest that you withdraw from the Ning Province project now. Or else, it will be too late to do so."

Xu Muqing said firmly.

Upon facing such a prominent figure as Huang Zhen, she was not as afraid anymore.

This showed that she grew stronger after the hardships she had endured.

However, Huang Zhen did not pay attention to what Xu Muqing was saying.

## Chapter 101 Call As Many Men As You Want

He just wanted to have fun right now.

Huang Zhen walked closer to Xu Muqing salaciously.

"Don't put up an act, Miss Xu." "Are you always so serious, even when you were with Liu Delun?"

"Don't act like you are a proper lady when deep inside you are just a whore."

"Well, well." "But I like it."

"Come here and give me a hug, sweetie."

Right at that moment, someone was knocking at the door.

Huang Zhen frowned. He was just about to ask who it was when someone entered.

It was Li Hang. He was holding a service plate in his hand.

He put the plate on the table and said, "This is the dessert that you ordered. Enjoy."

"Get out of my room now! I am not in the mood for food." Huang Zhen said.

He then moved his hand closer to Xu Muqing.

## Chapter 101 Call As Many Men As You Want

However, his hand was firmly gripped by Li Hang.

He twisted Huang Zhen's arm lightly and Huang Zhen shouted out loud.

"You bastard. How dare you?"

Slap!

Li Hang slapped Huang Zhen with much force.

Li Hang said calmly, "Please respect my wife, or else, you are not getting out of Ning Province in one piece."

Huang Zhen shouted loudly with his palm pressed against his reddened face.

"Who do you think you are?" "Do you know who I am?!"

"I can get dozens of men in here with just a phone call!"

"Call as many people as you want." Li Hang said mildly.

Upon hearing this, Huang Zhen looked at him with a blank look on his face.

Then, Huang Zhen quickly called for his secretary but there was no response.

He knew something was wrong and promptly wanted to leave the room.

When he stepped outside, he found that all his personal bodyguards were lying on the floor.

Some other strong muscular men were dragging them away one by one.

Huang Zhen panicked to see what had happened.

It looked like they were attacked by some beast!

Huang Zhen stepped back into his suite and called Zhao Beilin.

However, nobody answered his calls.

"Save your time calling Zhao Beilin and his men."

"I think they are on their way back to Sheng City bringing the Ning Province's native product that I gave." said Li Hang.

Huang Zhen was shocked to hear what Li Hang had said.

## Chapter 102 There's No Need To Know My Name

"Bastard!" "How dare he betray me!" Huang Zhen said furiously.

"I actually bought them train tickets."

"Although it's a bit too much, the good thing is, it can bring them straight back to Huang's mansion."

"We are very efficient in delivering Ning Province's native products."

Huang Zhen stared at Li Hang.

"So you are one of Liu Delun's men?"

At that moment, Liu Delun appeared.

"Mr Li." Liu Delun bowed politely to Li Hang.

"We are done with the men outside. Do you want to send them back to Sheng City as well?"

"Not need to hurry, there's another one here." Li Hang said calmly.

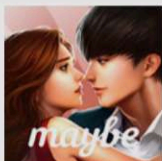

Mr Li?

Huang Zhen stared at Liu Delun vacantly.

Finally, he realized that Li Hang was the mastermind behind all this.

He thought he was just a useless son-in-law.

How could he make Liu Delun his follower with such little competency?

Huang Zhen was terrified now.

Everything was out of his calculations.

Suddenly, he heard the ringing of several phones at the same time.

"Oh, your delivery is here!" Li Hang said plainly.

Li Hang then opened the lid of the service plate.

There were several mobiles ringing continuously inside.

"Answer the phone, Chairman Huang!" Liu Delun pushed Huang Zhen over the table.

Huang Zhen stared at Li Hang and Liu Delun.

He did not know what was going on, but still, he answered one of the phones.

It was Huang Ke, his brother.

He sounded terrified.

"Brother, something bad has happened.

## Chapter 102 There's No Need To Know My Name

Lingxiao Group and Tianyi Group from Liu Delun attacked us!"

"We have been set up!" "What should we do now?" "I have put in all five billion into the project already."

"We will be doomed if we don't pull out now!"

Huang Zhen dropped the phone and picked up another one.

He face was completely drained after answering the second one.

He continued to answer the other phones as well. His face was getting paler and paler as he sweated profusely.

He was trembling hard.

We are doomed!

We are so doomed!

Huang Zhen felt weak all of a sudden and he collapsed to the floor.

He looked at Li Hang appallingly.

"Who are you?"

Li Hang then gave a signal to Zhang Xiaoping.

Zhang Xiaoping quickly took out the documents from her briefcase and put them on the table.

"Sign all these documents. Or else you and your brother will have to go back to Sheng City on a truck that used to transport pigs." Li Hang stared at Huang Zhen.

Huang Zhen quickly took a look at the documents.

If he signed them, their group would suffer a loss of at least three billion.

However, if he refused, their group would lose all their investments in Ning Province!

Gritting his teeth, Huang Zhen signed his name reluctantly.

Huang Zhen stared fiercely at Li Hang and said, "Just wait and see. You'll be sorry!" "I will be back soon!"

"Shut up and get the hell out of here!" said Li Hang.

Liu Delun pushed Huang Zhen into the car and sent him off.

## Chapter 103 The Joker

After Huang Zhen left, Liu Delun turned to Li Hang.

"Mr Li, is it okay to send him back like that? Aren't you afraid that he will come back to you soon?"

"Huang's family is still very influential in the Jiang Province."

"Although he is the youngest in the family, their family background is very powerful. I am just afraid that they will come back to you someday."

"The Six Prominent Families in Jiang Province is just a few workshops for me," Li Hang said calmly.

"Huang's family is out from the game now."

"Huang Zhen is very much alike his aunt, Huang Lamei."

"They are all fearless in order to keep their family's business running."

"But too bad, there are some other younger guys coming after them, who are even more fearless!"

Huang's properties by now."

Liu Delun stared at Li Hang blankly.

He admired Li Hang from head to toe.

He is so amazing, too amazing!

Li Hang proved that he had incredible capability despite his unknown background.

He also had an intellectual brain that none can compete with.

With just a few tricks, he managed to let Lingxiao Group and Tianyi Group obtain at least one fifth of the businesses in Ning Province.

What even better was that he could predict his competitor's next move.

He had set them up one by one from the very beginning!

All the big players in Sheng City fell for his traps.

Incredible!

Liu Delun was so amazed with Li Hang that he worshiped him like a god.

The next day, Su Fanghua woke up early in the morning and groomed himself.

He put a gold card on the nightstand beside the bed where the young actress was still sleeping on. He smiled in contentment before leaving the room.

He was very good with women.

In his eyes, no woman could get away from him.

As for now, he wanted to meet Xu Muqing badly.

He called out for his secretary.

"How's Lingxiao Group now? In a mess?"

"Huang Zhen failed." his secretary replied simply. Su Fanghua was slightly shocked to hear that.

"They pulled out all their investments from Ning Province last night."

"And they also sold their businesses in Ning Province to Lingxiao Group and Tianyi Group."

## Chapter 103 The Joker

Su Fanghua paused and broke the silence after a while, saying, "Liu Delun must be a brilliant man to be able to take away billions from Huang's Family this easily."

"What should we do now, Master Su?"

"Get the documents ready. We will sell Taian Corporation to Ma Nanling from An Hai immediately!" said Su Fanghua.

His secretary was shocked to hear that and replied quickly, "Master Su, Ma Nanling is a notorious tyrant in An Hai!"

"He can work with both gangsters and cops. If we sell Taian Corporation to him, we are bringing him closer to us."

"Ma Nanling is indeed a notorious tyrant in An Hai." Su Fanghua laughed frivolously.

"However, he is only a dog that bites when he's outside of An Hai."

"Furthermore, if I don't push Lingxiao Group to the edge, how can I get Xu Muqing to come to me?"

Su Fanghua said solemnly.

"At the same time, I also wish to see the fight between Liu Delun and Ma Nanling."

"Master Su, there's another thing I need to report to you." said the secretary.

"Miao Le from the Miao's Family backstabbed Huang Zhen when he was busy invading Ning Province."

"They had a hostile takeover of Huang's family businesses in Sheng City!"

"Now that Huang family is down, we are down to the big Five in the Sheng City."

"With Miao's Family defeating the Huang's, the ranking of the families might have some changes."

"Miao Le?"

"He is only a joker so just let him be." Su Fanghua scorned.

"It will be more exciting to take him down when he is so full of himself!"

Meanwhile, Ma Nanling was in the VIP room in the largest club of An Hai.

He was welcoming Su Fanghua's men there.

Ma Nanling raised his eyebrows when he saw the thick documents brought by Su's men.

"Are you sure that Master Su is willing to sell these businesses to me in half price?"

"Master Su is a man of his word."

"Master Su also said that you, Mr Ma from An Hai, is as vigorous as a tiger, but after seeing you today, I don't think its true." said the secretary.

Li Hang brought Xu Muqing to the car dealer once again.

This time, it was not to buy a car for Xu Muqing though.

He wanted to buy a new Benz for his father-in-law instead.

Lingxiao Group's net worth increased considerably after the acquisition of Huang's

Group.

They were having a lot of on-going projects in hand now.

Therefore, Xu Xiaoyang, as the Chairman of Lingxiao Group, had to attend to a lot of big functions now.

Hence, he needed a luxury car which symbolized the success of a man in this materialistic world.

Li Hang and Xu Muqing went to their usual Mercedes Benz dealer.

The salesgirl, Feng Cuilan, who looked down on Xu Muqing previously, was fooling around with Bao Xiaoyong, who was a rich second generation kid.

They were making out inside one of the cars at the corner of the showroom.

Bao Xiaoyong was on top of Feng Cuilan's body.

He was enjoying himself when he saw Li Hang and Xu Muqing coming in.

Feng Cuilan grabbed onto Bao Xiaoyong "important part".

"Oh!" "Ohh!"

Bao Xiaoyong moaned pleasantly.

"You are very good at this, Cuilan."

"I can do something even better, Yong. Do you want to try?" chuckled Feng Cuilan.

"Of course I do!" "I want it!" Bao Xiaoyong nodded repeatedly.

However, Feng Cuilan let go of him unexpectedly and headed out the car.

"Hey, don't go!"

Feng Cuilan pointed at Xu Muqing and Li Hang who were standing in the showroom.

Her eyes were full of resentment.

Chapter 105 Maybach

"Yong, remember that couple I told you about previously?" "They made me circle the old town riding a rusty old bike."

"I suffered a lot that day."

"I know, baby." Still in the mood, Bao Xiaoyong held onto Feng Cuilan's hand. "Just let me have some fun, I will teach them a lesson later!"

"Really?"

"Of course!" Bao Xiaoyong patted his chest and said. "Who do you think I am?"

"I am a man of his word!"

Feng Cuilan chuckled and headed for what's between Bao Xiaoyong's legs.

"Oh..."

Feng Cuilan pursed her mouth and got out from the car a few moments later. Bao Xiaoyong also got dressed and walked to the showroom haughtily.

Bao Xiaoyong then called out to his men as he promised to mess with that couple.

Feng Cuilan had been promoted to the team manager since her encounter with Li Hang and

Xu Muqing.

She smiled broadly and walked up to Li Hang and Xu Muqing.

Deep down inside, she was actually grateful to Li Hang.

Because of the commission she received from selling the car to Li Hang previously, she was able to strive through her hard times.

"Mr and Mrs Li, I'm glad to see you again. What do you have in mind this time?"

Xu Muqing blushed unconsciously when she heard someone call her Mrs Li.

She glared at Li Hang when she realized that he was smiling cheekily.

"We would like to buy a car for our Chairman. Do you have any recommendations?" Xu Muqing asked proactively.

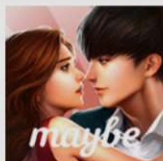

"The S-class is certainly more suitable for the Chairman."

"But they are more expensive- somewhere around 2 million."

Xu Muqing quickly dragged the salesgirl away

to take a look at the S-class car before Li Hang could say anything.

At that moment, Li Hang whispered to the salesgirl.

The salesgirl was startled upon hearing what he had said.

"Mr Li, are you sure that you want to buy that type of car?"

Li Hang beamed and handed her his black card.

The salesgirl scampered towards the counter.

She sprinted like a rabbit.

"Where's the salesgirl?" Xu Muqing asked while coming out from the car.

"She went to process my payment."

"Why are you paying again?" "This car belongs to the group so it should be paid by using the company's account."

"I just want to buy a gift for my father-in-law." Li Hang said with a smile on his face.

"You are always buying things for my mum and dad, as if you are their own son."

"Are you jealous?"

Xu Muqing grimaced.

In the meantime, the salesgirl marched towards them with a big smile.

"Mr and Mrs Li, this car was just imported to our branch from Sheng City two days ago."

"There's only two units available in Ning Province at the moment."

Xu Muqing froze for a moment. I have seen quite a lot of Mercedes Benz S-class cars on the streets. This salesgirl must be exaggerating!

The salesgirl led Xu Muqing and Li Hang to see the car.

However, there was a bunch of gangsters standing beside the car. Li Hang noticed that Bao Xiaoyong was there too.

Bao Xiaoyong sat on top of the magnanimous black car.

The car was much longer and wider than the

Saying that, Bao Xiaoyong shouted at a few thugs nearby.

"Brothers, come and mess up this car!"

The thugs roared with excitement.

They picked up their hammers and clubs, then proceeded to smash up the classy vehicle.

"You can't smash it!" "You can't!"

The saleslady hurriedly tried to stop them. She had turned pale from fright.

"Piss off!"

Bao Xiaoyong shoved the woman away.

He pointed at Li Hang, "There's no fun being able to afford a car these days; it's way cooler to just wreck them!" "That's what I call being manly!"

The saleslady was on the verge of tears. "This car hasn't been insured yet!" "Mr. Li hasn't even signed the agreement; if you damage it, you'll be the one paying for it!"

Bao Xiaoyong froze for a moment, and then patted himself on the chest, saying, "Isn't it just a 2 million yuan crappy Mercedes Benz?"

"I'll wreck it if I want to!" "I can afford it!" "Take this card and swipe it now."

"Oh my goodness!"

From the toilet entrance at the end of the corridor Feng Cuilan's screams came.

She had left for a moment as she needed the bathroom.

But as soon as she came out, she saw a group of thugs waving around their weapons.

They had completely messed up the Mercedes-Maybach that was just brought over from the provincial capital!

"Heavens!" "Oh my god!"

Feng Cuilan jumped in surprise and hurried over to Bao Xiaoyong.

Bao Xiaoyong turned to the saleslady who had fallen to her knees.

"You, pick up my gold card and swipe it at the counter."

"It's just two million - piece of cake."

"Lemme tell you, I have an old house waiting to be demolished!"

"Once that's done, I'll get at least 30 million from it!"

When he heard this, Li Hang couldn't help but raise his brow, "I wonder in which area the demolition will take place."

Bao Xiaoyong triumphantly revealed his own home address.

Bao Xiaoyong continued to flaunt.

While saying that, Bao Xiaoyong had already summoned the thugs to continue to wreck the car.

Silence.

A deafening silence.

All the chaos dispersed in an instant.

And of course, the sounds of Bao Xiaoyong's heart going ba-thump, ba-thump!

Bao Xiaoyong slowly turned towards Feng Cuilan.

"What did you just say?" "You're taking the piss with us yankees, right?"

"What kind of crap car is a Maybach?" "Why haven't I heard of it before?"

Feng Cuilan looked at the completely damaged car in distress.

While Bao Xiaoyong continued to stutter, the 4S manager had already brought in security.

Upon seeing the security guards come over, the thugs quickly dispersed and ran away.

Only Bao Xiaoyong was left behind, looking disarrayed.

The guards ran up to him and pinned him on the floor.

Bao Xiaoyong quickly shouted, "Let go of me!"  
"Let go right now!"

"It's just 20 million! You think I can't pay for it?"

"I already have over 10 million in just my bank card!"

"My house will be demolished soon; once that's settled; I'll hand in another 10 million."

Bao Xiaoyong berated the manager with his finger still pointing at her.

Just then, the phone in his pocket rang.

He whipped it out and saw an incoming call from the Demolition Office.

It was the only Maybach available in the entire Ning Province.

Li Hang left 4S in his brand new Maybach, and headed out to fetch Xu Xiaoyang.

On the other hand, Xu Muqing headed towards the terminal's engineering station.

By then, construction here was almost completed.

Many workers in this terminal were recruited by Li Erniu from his own village.

They were pragmatic, capable and very hardworking.

Not only did they receive their pay on time every month, those who worked extra hard would also be given bonuses.

At this moment, a few of them were working on site.

One of them nodded towards the training ground nearby and asked, "That's strange, why Li Erniu and his group of maniacs haven't resumed training these past two days?"

Someone quickly pulled on his sleeve. "Pipe down. You can't just say Li Erniu's name as you like anymore."

"Why not?"

"Haven't you heard yet?" "Li Erniu is now the head of Ning Province's underground world!"

While they were talking, a few cars and a mini bus drove up not far ahead.

Within less than 30 minutes, the two-three hundred workers had been subdued.

They were all tied up together.

Meanwhile, the one in charge of overseeing the project had been captured and taken to the office.

The glass shard made its way towards Xu Muqing and left a cut on the back of her smooth soft hand.

Xu Muqing and Zhang Xiaoping were both forced out of their car.

Not caring that there were over a dozen men surrounding her, she angrily raised her head and demanded, "Who are you?"

The man, who broke the car window, having just realized how beautiful Xu Muqing looked, couldn't help but eye her from head to toe.

He suddenly smiled.

"Brothers, it's our lucky day."

"Who would've ever thought we'd have such a fine woman deliver herself to our doorstep?"

The men who were tied up began to get agitated.

Many of them were trying their best to struggle themselves free of the ropes so they could protect Xu Muqing.

Most of these men had once taken a beating from Li Hang.

They were initially threatened by Li Hang's coercion, but eventually began to feel Xu Muqing's kindness and tolerance.

Most importantly, when their wives and children sometimes fell sick, Xu Muqing would discreetly settle their hospital bills and help them through their difficult times.

What an absolute saving grace!

"You bastards!" "Let go of our General Manager!" "Come at us instead!" "Bring it on!"

The thug's eyes lit up once he heard that Xu Muqing was the General Manager.

"Unbelievable!" "They actually sent Lingxiao Group's General Manager right to our doorstep."

He said to Xu Muqing, "Ms. Xu, forgive me for not recognizing you."

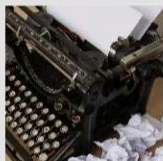

"Our boss awaits you in the office. Please come with us."

When Xu Muqing was forced out of the car just now, she was anxious.

Because she had left her phone charging inside the car.

## Chapter 109 Asking For Trouble

Just then, the phone rang.

The caller ID showed Li Hang's name.

The ringing didn't stop.

At this time, among the men who were tied up, one of the younger ones secretly managed to break free.

When the thugs weren't looking, he made his way to Xu Muqing's car.

He quickly picked up the call and shouted at Li Hang over the phone, "Hurry over to the site and save Ms. Xu!" "She's been captured! Arghh--"

Before the man could finish, he was struck with a club by one of the thugs.

The thug picked up the phone and smiled, "Hey, son!" "Your wife's been taken to see our boss at the office."

"If you're late for even a few minutes, you're gonna end up being two-timed by your woman."

Another thug added, "Not just two-timed."  
"There are over a dozen of us here."

"Our boss is really generous!" "Once he's done, he'll share her with the rest of us too!"

## Chapter 109 Asking For Trouble

"By then, you won't just be two-timed - you'd be the the most miserable cuck!"

While the thugs drowned in laughter, Li Hang had hung up the phone.

Not long after, a rumbling sound could be heard coming from out of the site.

It sounded like a herd of galloping horses!

Meng Xiaojun was still sitting inside the office.

Suddenly, he felt that the ceiling of the makeshift office was trembling non-stop.

Even the teacup on the desk began to make a tinkiling noise.

"What's going on!?"

Meng Xiaojun frowned as he walked towards the main door.

The moment he opened it, a group of men who looked like zombies rushed in!

## Chapter 110 Do You Know Who I Am

These guys wore really strange outfits.

Their hands and feet seemed to be bounded by something very heavy.

When any of them ran, the foot that touched the ground would leave behind a deep shoeprint!

The young man who picked up Li Hang's call caught sight of Zhang Pengfei.

He shouted, "Mr. Fei! Mr. Fei!"

Actually, Zhang Pengfei's gang wasn't far off from the site.

Most of them had already completed the first stage of Li Hang's training.

The training program Li Hang had initially set up was virtually impossible for the average man to complete within 10 minutes.

The reason behind a time limit of 10 minutes was merely to put an enormous pressure on them.

To make them train as if their lives depended on it.

The truth is, they would pass the test as long as they completed it within 20 minutes.

## Chapter 110 Do You Know Who I Am

The second training program was very simple, yet brutal.

Everyone had to carry 200kg weights.

Within two days, they had to run a long distance while carrying weights, following a route designated by Li Hang.

During this process, they were to find their source of water on their own.

But aside from water, they were forbidden to eat!

At this point, Zhang Pengfei's group was like a bunch of wild men running down the mountain.

The bellowing noises they let out - they were practically beasts!

They roared and proceeded to tackle their enemies with open arms.

Screams. Screams of horror.

This group was beyond any other.

One punch and you'd hear bones cracking!

One kick and you'd hear people howling in pain!

Chapter 110 Do You Know Who I Am

Meng Xiaojun could do nothing but stare at the fate of the dozens of men he had brought over from An hai.

It was as if his men were corns and carrots - harvested at the speed of light in front of his very own eyes!

WHAT are those creatures?

Where did they come from?

Meng Xiaojun was petrified.

He had never seen such terrifying-looking people.

If he saw such people on the Internet, he'd think they were ghouls from the Underworld!

"Mr. Fei! Mr. Fei!" "You can't hit this one!"

The man who spoke to Li Hang over the phone shouted at Zhang Pengfei.

At this moment, the latter was grabbing a thug by the collar and lifting him up.

He was just about to deliver a punch.

If he landed a hit, the thug's nose would've at least been broken!

Chapter 110 Do You Know Who I Am

Zhang Pengfei turned to face the young man.  
"Wang Xiaoqi, why can't I hit him?"

"When he talked to Mr. Li on the phone just now, he said a lot of degrading things about our General Manager. This guy should be left to Mr. Li to take care of!"

Upon hearing that, Zhang Pengfei thought:  
Makes sense!

He immediately tied the fellow to a pole nearby.

Then, he rushed towards the office with his subordinates!

"Don't come over!"

Meng Xiaojun yelled at them.

A few of the subordinates in the office quickly grabbed hold of Xu Muqing and Zhang Xiaoping.

Meng Xiaojun took out a small dagger tucked at his waist and placed the sharp blade by Xu Muqing's neck.

"Take one step further and I'll slice open your General Manager's pretty little neck."

Zhang Pengfei and the others immediately

stopped.

The men were panting.

Like a herd of wild animals on the verge of madness, they glared at him.

"If you dare lay a finger on our sister-in-law, don't even think about leaving alive."

Hearing Zhang Pengfei's beast-like roar, Meng Xiaojun laughed instead.

"You bunch of fools. Do you know who I am?"

"I am the sworn brother of An Hai's Ma Nanling. Everyone in An Hai refers me as the Second Master!"
