

# My Dreamy Old Husband

## Chapter 149

After Sophia took Nathan away, Stanley immediately sat on her seat and asked Michael anxiously, “Uncle Michael, is Sophia really married? But she doesn’t look like she is married at all! Who is her husband? Is he as handsome as I am? Uncle Michael, please tell me. Who is her husband? I really want to meet him!”

Michael was now eating a crispy chicken bone, and his hard bite made a bone-crushing sound. As soon as he was done, he put down his chopsticks and wiped his mouth with a napkin before he asked coldly, “Why do you want to know?”

Stanley giggled. “No reason. I’m just curious.” Michael went upstairs after he finished his meal, but Stanley was still pestering him. “Uncle Michael, please tell me. Who is Sophia’s husband? Is it Gary? Is it Hale? Argh! Uncle Michael! I beg you. Please tell me!”

Michael was very secretive regarding the information of his employees. Even if Sophia was just a ‘nanny’, Stanley still couldn’t find out about her background. He could only find out that she graduated from South Bayside High School and was now studying in Bayside University, but he just wasn’t able to find out who her husband was.

He stubbornly requested to stay in Villa No.8 for the night, so the butler arranged a guest room for him to sleep in. As soon as he was done with his bath, he went to bother Michael again. After he knocked on the door furiously, Michael’s cold and emotionless face was now in front of his enthusiastic face.

“Uncle Michael, can you please give me your autograph? Hurry up and sign on my waist!”

Michael, who was ready to go to bed, was annoyed when he saw him, but he still took the pen to sign on his waist. Stanley opened his pajama and enjoyed the heavenly feeling of his uncle signing his waist. His face revealed his happiness.

Meanwhile, Sophia heard their voices, so she opened the door of Nathan's room and stuck her head out to have a peek. Immediately, she saw Michael standing at the door while Stanley took off his clothes in front of him.

“Oh, sh\*t!”

They've already started at the door. How horny are they?

Then, she quickly shut the door and even locked it twice.

Michael is having fun with Stanley tonight, so I'm safe for the time being. After she lay down on the sofa, she couldn't help but imagine things. Michael is so perverted, like a poppy flower. On the surface, it is bright and pretty, but in truth, it is still toxic. If I become addicted to him, I will definitely end in peril!

She closed her eyes and rolled around on the sofa. She could only think about Michael's gentle gaze just now and how comfortable it was when he rubbed her head.

Ah! I must stop! I feel like I'm going to be addicted to him sooner or later!

To prevent herself from imagining things, she turned on her laptop and logged into the game.

Both her and Nathan's character were hijacked by Scary Phoenix, and now, they couldn't play with it, so she trained a new character in a low-key manner. She decided to start over, but this time, she didn't dare to be as high-profile as before.

In reality, both she and Nathan wore parent-child outfits, and in the game, their characters also wore similar clothings. Their outfit looked so similar to each other that it was obvious they were a pair of father and son.

“Darling, let’s go. I’ll help you fight the monsters to upgrade ourselves!”

Sophia caressed the tiny frog head of Nathan, who was next to her, as she spoke gently. Although he remained silent, he still felt happy inside.

In the game, their gears were average, and they didn’t join any guilds because they wanted to lay low. They started from Novice Village and played the game slowly by beating the monsters one at a time. Nathan stopped using plug-ins, and Sophia also stopped throwing money into the game blindly.

On the other side, Stanley’s waist was almost filled with Michael’s signature, so he pulled his pants down and revealed his bottom. Then, he perked it up toward Michael. “Come on, Uncle Michael. Please sign my bottom too.”

Michael, who was holding the pen, finally lost it. He poked the pen right on Stanley’s back before lifting his leg to give his bottom a ruthless kick. Stanley slipped along the marble floor because of the kick and hit the wall before stopping.

“Piss off!”

Bang! Michael shut the door furiously. Stanley knew that his uncle was angry, so he stood up gloomily without uttering a word. Then, he held his sore bottom as he walked back to his room.

After closing the door, Michael went back to his room and opened the surveillance video to have a look in Nathan’s room.

At first, he installed a dozen surveillance cameras in Nathan’s room, but Nathan found and hacked them all in the end. Recently, he took the opportunity to install a new one in his room. Even though the camera angle wasn’t perfect, he could still see the mother and son having fun with the game. The two frogs, one big and one small, leaned against each other closely. After defeating a monster, Sophia would give him a kiss as an award, which made the atmosphere very warm and lovely.

In the meantime, Michael also turned on his laptop and logged into the game.

Sophia and Nathan just finished a round, so they were now walking around in the game. Suddenly, they saw a character on the other end of the street with a familiar ID—Call Me Taylor.

When they first met her, she was still a new character, but now, the skills and wealth she accumulated had gradually turned her into a famous heroine. There were many people courting her, especially after Sirius was taken away by Scary Phoenix, which forcefully ended her marriage with Sirius.

Call Me Taylor was still wearing her bunny outfit, and it was the same parent-child outfit that Sirius and NateKato wore before. Now that her husband and son were gone, she still refused to change her outfit.

Sophia was still hesitant on whether to tell her who she was because ever since she changed to her new character, she cut off her previous relations with everyone. If I tell her who I am, will she expose me to everyone? After all, all of these are done virtually, so no one knows who is the one behind the screen! But Taylor once sacrificed herself for me...

Just when Sophia was a bit hesitant, Nathan eagerly went toward Call Me Taylor, who later came to reconnect with Sophia.

‘Hubby, is it really you?’

Now that Sophia had trained a new character, her character was a spiritual cultivator with distinct facial features. She was no longer the arrogant and ruthless Sirius233 that she was before.

Since Nathan liked Call Me Taylor very much, Sophia could only expose her identity.

‘Yes, my dear. It’s me.’

Call Me Taylor was so happy that she couldn't wait to establish a married relationship with Sophia's new character, and she even took Nathan in as her son. The family of three was back together again.

Now, Call Me Taylor's rank was much higher than Sophia's. Back then, it was always Sophia who helped them defeat monsters, but this time, their roles were switched.

The family of three slowly upgraded their levels...

The next day, Sophia woke up early to help prepare Nathan for school. When they were having breakfast, she saw Stanley limping down the stairs with one hand pressed against the wall and the other holding his waist.

She was shocked to see him this way. "Stan, what happened to you?"

Stanley didn't dare to say that his uncle kicked him, so he muttered, "I fell."

He fell?

Sophia didn't believe him.

That pervert was quite rough, huh? Stanley can't even walk properly because of him!

During breakfast, Sophia didn't dare to utter a word as her eyeballs darted between Michael and Stanley. There was a weird atmosphere around the table.
