Damn it , Im not letting you leave today ! Ill skin you alive ! From the moment Baron laid eyes on Paisleys appearance , he had already considered her his property .

Baron sneered , Damn it , who in Harrowfell can make me su er ? Let me show you what su ering feels like ! With that , his massive body lunged toward Paisley .

Your dad is hell bent on making you a member of the Jackman family .

Hope appeared in Paisleys eyes , and at the same time , she relaxed her arm .

Baron let out a sinister laugh and threw the chair away , leaving her no way out Suddenly , the door to the private room was kicked open with a loud bang A wine bottle crashed into the back of Barons head .

Are you okay ! Lucy screamed , throwing the glass shards in her hand and rushing toward Paisley .

However , the wine bottle barely scratched him , just breaking the skin a little .

Who the hell hit me ? Ill kill you ! Baron roared , completely losing control , turning into a wild beast .

He howled , charging toward Lucy and Paisley .

Oh , so now its buy one get one free ! Fine , Ill take both of you ! Fortunately , Lucy had brought some people with her .

Having been instructed beforehand , several of her men stormed into the room and began smashing anything they could grab , whether it was a person or an object .

They started hurling everything they could at Baron .

Meanwhile , in the large private room next door , faint sounds of the commotion and Barons shouting could be heard .

Gregory and Christina instinctively looked at Keith and Marianne , only to see a satis ed yet lewd smile on their faces They were clearly happy because they thought Baron was already having fun with Paisley .

This way , their connection with the Vanderbilt family would be secured .
