

Chapter 182 Was she intentionally putting pressure on him by bringing Dominick here to make him abandon his plan ! In reality , Brittany had no idea about Garys intentions .

She was just trying to make a scene in front of the crew members who looked down on her .

However , without realizing it , her question frightened Gary so much that he hurriedly agreed , Of course , this film is a joint effort with Ms.

Vaire , and were both very invested in it , When Brittany heard Nions name , she frowned , looking towards the side table .

She recognized the crew members there but didnt see the exclusive Nion By the way , wheres Nion ? In the past , Brittany had politely addressed Nion with more respect , but now , her arrogance had grown , and she just called the name directly .

The crew members at the side table sneered quietly , but they couldnt do anything except endure it in silence .

Even Gary had never referred to Nion by his first name .

It had always been Ms.

Vaire when speaking about him .

How feeling superior , Brittany didnt seem to care about the director or the writer anymore .

Now Gary felt a headache coming on .

He knew Nion didnt like Brittany , which was why he hadnt told Nion about this dinner gathering .

Now , with Brittany asking , he could only answer , I came in a rush and forgot to inform Ms.

Vaire .

Brittany snorted , clearly displeased .

Gary , this is your mistake .

Today is my treat for the crew , and how can we forget Nion ! You need to call her and have her come over so we can chat about the script .

Gary didnt want to agree , but looking at Dominicks increasingly furrowed brows , he reluctantly replied , Alright , I try to contact her .

Good Brittany nodded .

Make sure she comes Brittany was determined to meet and defeat Nion today .

She wanted to use this opportunity to make Nion regret her previous dismissal of her .

Dad , I need to use the bathroom .

Can you come with me ? Grayson tugged on Dominicks hand , wanting to leave .

There were too many strangers here .

He could go to the bathroom by himself , after all , he was old enough , Grayson wanted his father to accompany him , taking the opportunity to ask when they could leave .

He didnt like the people here .

Hearing Graysons voice , Brittany quickly tried to ingratiate herself .

Sonny , how about I take you instead ? No , Grayson replied with a stern face , rejecting her outright .

Brittanys expression froze .

She had intended to show Dominick how much she liked children and present herself as a perfect wife and mother .

But Dominicks son embarrassed her Dominick stood up .

Sonny is a boy .

Its inconvenient for you to take him With that , he accompanied Grayson to the restroom .

Brittany returned to her seat , her face sour , Grayson was so unlikable .

Once she had Dominicks child , she would make sure to get rid of him With Dominick gone , the atmosphere in the private room lightened considerably Keith respectfully raised his glass to Gregory .
