Although he didnt lash out physically , his rage didnt subside .

He glared at Paisley , as if he wanted to tear her apart .

Tassley ! You despicable brat ! Do you just want to ruin our entire family ? Christina shouted in hatred .

Not only had Paisley destroyed their chance at a marital alliance with the Jackman family , but she had also humiliated them in front of everyone .

Most importantly , she had ruined all their careful plans to impress Dominick .

What would Dominick think when he returned to see this mess ? Would it tarnish Britanys image in his eyes ? As these thoughts consumed her , Christinas hatred for Paisley grew Why did you come back ! Why didnt you just die out there ? The same words again .

In the past , hearing this would have torn Paisley apart .

But now , she was utterly indifferent .

Both Christina and Brittany were left speechless , their faces turning ashen with rage .

Y You- Christina stammered , trembling as she pointed at Paisley , her face pale as if she might faint .

What Old hag Is your mother dead ? Lucy shot back mercilessly , completely unbothered .

After all , Paisley had told her to let loose , and she would handle the aftermath .

Paisley nodded approvingly .

Lucys ability to unleash verbal chaos was as strong as Emerys Clutching her chest , Christinas breathing grew uneven , her eyes and mouth wide in shock You ungrateful child Gregory shouted again , his voice shaking with fury .

Get out From now on , you are no longer my daughter ! Paisley smirked .

Youve said that before , years ago .

I guess old age has caught up to you You cant even remember your own words .

Get out ! Get out now ! Gregory roared , his face flushed with rage , veins bulging on his neck .

Paisleys expression remained cold .

If the Sullivan family wanted to disgust her , shed return the favor tenfold .

Now that her goal had been achieved , she had no intention of lingering .

Ms.

Vaire ? Just as she turned to leave , a familiar voice called out .

On the other side , Gary had been racking his brain about how to get Nion to show up , but he never expected her to appear right before him .

Paisley froze , startled , and glanced in the direction of the voice .

Amidst the chaos , she saw Cary , who looked equally surprised .

Gary ? What are you doing here ? Gary , still shaken from the earlier confrontation , took a moment to find his voice . When he did , he pointed at Brittany .

She made us come .

His voice trembled slightly .

He had seen a lot in his life , but this situation had genuinely rattled him .

What shocked him the most was discovering Paisleys connection to the Sullivan family .

From the fragments of conversation earlier , hed pieced everything together .

No wonder Nion had always been so resistant to Brittany .

Now it all made scose .

Moreover , he was appalled at how vile the Sullivan family was .

He had inwardly criticized them before for trying to pair their daughter with someone as revolting as Haron .

Little did he know their daughter was Nion .

Now , seeing how Paisley had outmaneuvered the Sullivan family , he felt relieved .

Had she not been prepared , the outcome could have been catastrophic .

On the other side , Garys exchange with Paisley struck Brittany like a thunderclap , leaving her momentarily stunned .
