What ? Brittany , you didnt know ? As Gary stood beside Paisley , the rest of the production crew , who had harbored grievances against Brittany , silently aligned themselves with Paisley .

They didnt have much power , but they could at least make their stance known .

Brittanys face turned pale , then livid .

Seeing the entire crew rally around Paisley , her breathing grew rapid with anger .

Thats impossible ! Paisley is an uneducated fool ! She didnt even go to school How could she possibly be Nion Brittany refused to believe it .

How could she ! She had always looked down on Paisley , viewing her as an illiterate stray who had spent years wandering before being dragged back to the Sullivan family by the police .

It was this perception that had allowed her to drive a wedge between Paisley and their parents .

After all , who wouldnt prefer a cultured , obedient , and thoughtful daughter ? Thats right ! I know exactly what Paisley is like Christina chimed in , unwilling to accept the truth .

Theres no way shes better than Brittany ! Whether you believe it or not , its the truth Gary said , his tone resolute .

Paisley is Nion , and we have a contract to prove it Seeing the Sullivan familys shocked expressions , Cary couldnt help but feel a sense of satisfaction .

You- Gregory looked at Paisley hesitantly , his once furious eyes now filled with confusion .

Hed heard the name Nion mentioned countless times by Brittany , According to her , Nion was an extraordinary , top tier screenwriter whose works were always blockbusters .

Every actor in her productions became an overnight sensation .

This was why Brittany had gone to such lengths , leveraging Dominicks connections to secure the lead role in Nions latest project .

Could it be that this extraordinary screenwriter was Paisley ? Brittany noticed the shift in Gregorys demeanor and seethed with frustration , her gaze toward Paisley turning darker and more venomous .

So what if youre Nion ? You cant stop me from taking this role ! Do you have the guts to go up against capital ? If you dont want things to end horribly for you , beg me ! Maybe Ill let you stay in this industry ! Her words served as a stark reminder to everyone present she was Dominicks chosen woman , someone with immense power behind her Gary tensed , casting a worried glance at Paisley .

He knew Paisley had been trying to uncover the identity of Brittanys backer , and today might finally provide the answer .

But with the way things had escalated , he feared Dominick might retaliate against Paisley .

Huh ? Whats going on here ? Just then , a childs confused voice broke the tension .

Grayson entered the room , looking disgruntled .

Hed had a stomachache earlier and suspected it might have been caused by the food.

Fortunately , Dominick had assured him they could leave after speaking with his so called grandparents .

Grayson wrinkled his nose in disdain as he walked in but suddenly caught sight of Paisley out of the corner of his eye .

His face lit up , and he turned excitedly .

Sure enough , it was her Mom ! he shouted , running toward Paisley and throwing himself into her arms .

Mom , I finally found you ! Dad Grayson turned back to Dominick , who had just entered .

Its Mom Shes here ! Paisley .

Dominick stood stunned , staring at the woman in front of him .

After a brief moment of shock , he quickly stepped forward and , ignoring Paisleys resistance , forcefully pulled her into his arms .

I missed you so much .

Where did you go ?
