

The billionaire and his son want me back novel

Chapter 194

Chapter 194 Hey , wah a minatef Emery was about to chase after them , but the manager had already closed the store door .

Taking a deep breath , she turned hack , suppressing her temper .

What do you want to talk about ? Of course , she already knew .

If Dominick had gone out of his way to nd her , it had to be about Paisley .

Let me tell you this Im not betraying Paisley .

Forget it .

I wont tell you where she is .

If I have to , Ill quit this place entirely ! After all , she worked in custom gowns , and with her reputation and consections , she could survive anywhere .

Having steeled herself , Emery boldly strode across the room , her high heels clicking , her gown swishing as she rolled her eyes and sat down opposite Dominick .

At this moment , as Dominick looked at Emery , he seemed to understand why Paisley got along so well with her .

Relax .

I wont put you in a dif cult position or ask about her whereabouts , Dominick said calmly , his voice quiet .

Emery blinked , surprised .

If he wasnt here to ask about Paisleys whereabouts , then why did he come Then , Dominick added .

I can nd out where she is myself As long as she was still in Harrowfell , he would track her down sooner or later .

Rolling her eyes dramatically , Emery retorted , Then what are you here fort Ive got a client scheduled for a tting at 10:30 Dominick glanced at his watch .

There was still time .

He adjusted his posture , trying to appear less intimidating .

I want to know why Paisley had falling out with the Sullivan family .

Emery frowned .

You were her husband for four years , and you dont know ! Dominick shook his head , smiling bitterly .

She never told me Thid you ever ask her ? Emery pressed .

Dominick paused .

He realized he had only asked once , back when they had just started dating .

At the time , Paisley had been reluctant to talk about her family She had simply said she had run away and severed ties with them .

After that , he never asked again , and Paisley never brought it up .

I thought she didnt want to talk about it , so I didnt ask , he admitted honesty Emery nodded , her tone sharp .

Good , very good .

So why are you asking me now ? Are you that bored ! Its been four years since your divorce , and now youre suddenly interested in your ex wifes family ? Because I did something stupid , and I might have hurt Paisley again , Dominick confessed .

He brie y explained how he had helped the Sullivan family and Brittany , unaware of the pain it might have caused Paisley .

After hearing this , Emery felt a lump in her throat Awake of curses bubbled up , but she swallowed them , nearly exploding with anger .

You shameless jerk ! Why do you keep doing things that stab Paisley right in the heart ? Do you even know what she went through with the Sullivan family ? Do you know how biased her so called parents were ! Paisley went missing when she was three .

Such a small child , wandering alone in the mountains she was nearly eaten by wild animals .

It was her grandfather who found her and took her in , but she endured ten years of a life most people cant even imagine .

At seventeen , she Enally found her biological parents , only to discover they didnt love her .

They only cared about their adopted daughter , Brittany .

Every good thing , every opportunity , went to Brittany .

Anytime Paisley and Brittany clashed , Paisley was the one who got scolded and punished .

Honestly , Im starting to wonder if Paisleys mom intentionally lost her in the rst place !
