

The billionaire and his son want me back novel

Chapter 201

Chapter 201 Max watched Serena running after the kite on the grass and couldnt help but speak in a softer tone , Alright , higher .

But slow down , dont fall .

Sorry to trouble you , Max , Maria said , apologetically .

Paisley promised to take Rena out today , but she got called away for work .

So , I had to bring her out instead .

At least shes happy now , thanks to you .

When Max heard that Serena had only started getting happy after seeing him , he felt incredibly atterred .

No trouble at all .

I really like Rena , he said ..

Marias eyes brightened when she heard this .

Oh , Max , you like Lids too ? This question left Max a bit speechless .

He paused for a moment thinking , Do I really like kids ? The Godard family had many children , but every time those kids saw him , they acted a little scared .

And every time he saw those noisy kids , he couldnt bring himself to show them a good face either .

He found the noise of those kids really annoying .

So , he probably didnt like kids .

But when he saw Rena , it was different , Especially when she walked toward him , mimicking his every step , his heart softened .

So , he must like Rena , but he didnt like kids .

Yeah , I do like Rena So , he could only answer like this .

Maria smiled when she heard this .

Of course , Rena is like her mother , very lovable .

Max couldnt help but think of Paisleys focused and beautiful face when she was needing him .

Yeah , indeed .

Marias eyes twinkled as she glanced over Max .

He was tall , had a great gure , was handsome , rich , and , most importantly , treated Rena well .

Max seemed perfect , except for being a bit physically weak .

But if he was physically weak , he couldnt have kids .

If he couldnt have kids , hed treat Rena even better , and everything would eventually belong to her .

Maria couldnt help but smile at the thought .

Max was confused .

Maria , is something making you happy ? Maria quickly stopped laughing and asked Max , Youre single , right ? Max didnt understand , but answered honestly , Yes , I am .

Okay Maria nodded , then continued asking .

You dont have any childhood sweethearts , or women you feel you owe .

something to , right ? Max was still focusing on Serena , worried she might fall or be approached by a stranger .

He paused for a moment when he heard Marias question .

He didnt understand what Maria was getting at .

Uh , why would I have those women ? So , no ? Maria con rmed .

Yeah , no , Max said , clearly irritated just by hearing Maria talk about it .

Good , good Marias eyes became even brighter as she looked Max .

☞ Tamasha Inciated Open Single , handsome , great body , rich , not a player , and importantly , he was physically weak .

He and Paisy would be a perfect match With that thought , Maria couldnt help but say .

By the way , Paisy is also single .

Suddenly , Maxis hand slackened , and the kite string slipped to the ground .

The kite , which had been ying well , fell .

Ah , the kite fell ! Serena yelled unhappily , turning to look .

Max quickly bent down to pick up the kite , the bright sunlight making his ears turn red .

While reeling in the kite , he walked toward Serena , Maria stayed where she was , smiling to herself .

She couldnt help but think that Max and Paisley seemed so perfect together .

She sat down , watching Max and Serena y the kite , and casually snapped a picture of the scene , sending it to Paisley .

She didnt notice that Dominick and Grayson were heading toward them .

The weathers nice today , perfect for kite ying , Claire Horn said as she walked behind father and son , carrying a bunch of things tents , picnic boxes , everything- Ill carry those for you , Ms.

Horn , Dominick said to Claire .

Claire quickly refused , No need .

Mr.

Vanderbilt .

These are things Sonny needs close by .

Ill carry them .

Its safer .

Dominick found her words a bit insulting , as though she was implying that he might harm his son .

But since she insisted , he decided to let her have it her way .

Originally , he was supposed to be on a business trip today , but Chaire suddenly suggested taking Grayson to y a kite to create some good father son memories .

And it had to be done on a large open lawn , not in the Vanderbilt Manors yard .

Dominick had intended to refuse , but when he saw Graysons pitiful face , he couldnt bring himself to say no .

sayn He understood Grayson well .

If he hadnt mentioned it , Grayson wouldnt have been too keen .

But once he did , Grayson would become eager to go .

Clearly , this was all Claires idea .

However , after thinking about it , he agreed .

As he thought about it , he realized that he didnt really have many fond memories of father son moments with Grayson Dominick stopped paying attention to Claire and instead looked at the little girl , who was running after the kite in the distance .

Was that Paisleys daughter ? When Claire saw that Dominick wasnt going to stop her and just let her hold the things , her smile faded a little .
