

The billionaire and his son want me back novel

Chapter 205

Chapter 205 He swallowed nervously before continuing .

Well , yeah , he survived .

Now , Tyson is grooming him as a successor , but theres reportedly a lot of internal opposition within the family .

As for why hes in Harrowfell , I couldnt nd anything Dominick tapped his chin , his expression unreadable .

While he Jadnt had much interaction with the Montera Godard family , hed heard plenty of rumors about them .

For instance , Tyson , the current head of the family , was considered a legendary gure .

Whats going on ? Why did you suddenly ask me to investigate Max ? Julian nally couldnt hold back his curiosity .

I suspect that Max is the father of Paisleys daughter , Dominick replied bluntly , not hiding his thoughts .

What ? Julian was shocked .

That cant be I saw him today while I was out with Sonny .

He was ying kites with Paisleys daughter , Dominick said , his voice lled with reluctance .

He told me himself that shes his child .

Well , Julian sighed , unsure how to console his boss .

If the biological father of Paisleys daughter were an ordinary man or someone less powerful than Dominick , he might have been able to win Paisley back through persistence or certain tactics .

But if the father was the successor of Tyson Godard , it would make things much more difficult even though Max was adopted .

To make matters worse , the Godard family had a deeper foundation than the Vanderbilt family .

And Montera wasnt just any city it was the capital and the center of power .

Dominick looked up and asked Julian , Did the investigation get noticed ? Yes , Julian admitted nervously .

But wasnt it your idea to make obvious ? Right .

Dominick nodded .

He had intended to investigate openly , without concealing his identity .

The goal was to make it clear to Max who he was dealing with a deliberate show of power .

But now , it seemed his show of power hadnt been very effective .

Facing an opponent of equal strength was proving to be a headache .

The real issue , however , was Maxs trump card : Serena .

Paisley deeply loved Serena , But did she still love Sonny ? Dominicks frustration boiled over as his thoughts spiraled uncontrollably .

The more he thought about it , the more his head throbbed and his temper ared .

He tossed the tablet onto the table and stood abruptly , pacing back and forth anger simmering in his chest .

Paisleys daughter was three years old .

That meant she must have met that Max guy while she was still married to him .

And then , right after their divorce , she seamlessly got pregnant with that mans child .

Had she been with him since she disappeared ? Were they living together ? Were they planning to get married ? How could Paisley do this to me ? Dominick growled , his eyes as he pointed at the tablet screen , Maxs face glaring back at him .

Whats so great about this guy ? 14:22 Wed , Feb 12 Chapter 205 9.61 % .

Julian froze , unsure of how to respond , and nally o ered a sti reminder , Sir , its about time .

We need to head to the airport .

Dominick glanced at his watch and realized they were already late .

They were supposed to leave hours ago , but the newly hired family tutor had insisted on creating some precious father- son bonding time , forcing Dominick to alter his schedule .

His frustration mounted as he put on his coat .

Keep digging , he barked , pointing again at Maxs photo on the screen .

I want to know everything about him where he lives , and whether hes in contact with Paisley .

Understood , Julian said , following Dominick out of the study .

As they stepped into the hallway , they saw a woman carrying a bowl of soup walking toward them .

Julian narrowed his eyes .

Wasnt this Sonnys family tutor ?
