Green bands indicated non urgent cases with mild symptoms .

Both Serena and the nanny were wearing gre absence worried him .

Without hesitation , he walked over to them .

Wheres Paisley ? Maria jumped at his sudden appearance .

You scared me ! bands and appeared unharmed .

But Paisleys Where is Paisley ? Dominicks voice was loud , startling Serena , who buried her face in Marias arms .

Maria quickly comforted Serena before replying curtly , Taisy isnt here .

She didnt answer her phone , probably too busy with work to hear it To be honest , Maria was a little upset with Paisley at that moment .

Although she and Serena were unharmed , the could have gone much worse .

If something had happened , she would have blamed herself for the rest of her life .

luation Hearing that Paisley wasnt injured and was simply absent , Dominick felt some relief .

Seeing Serenas frightened reaction to him , he grew more irritated but refrained from lingering any longer .

Whos that ? Reginald , who had accompanied Lauren , asked Dominick .

Lauren and Kayla also looked at Dominick curiously .

Yeah , bro , whos that kid ? Shes pretty cute , Kayla added .

Paisleys daughter , Dominick reluctantly admitted .

Just seeing Serena reminded him of Maxs infuriating face .

What ? Kayla exclaimed .

This was her rst time seeing Paisleys rumored daughter .

I have to say , she really looks like my sister in law .

Shes not your sister in law anymore , so stop calling her that , Lauren scolded Kayla Initially , after the incident with Marissa , Lauren had wanted Dominick and Paisley to reconcile .

But over time , as she watched her son grow thinner and bury himself in work to distract himself from Paisley , her anger toward Paisley only grew , On top of that , the fact that Paisley had a child with someone else made Lauren even more unwilling to see them get back together .

She had been planning to introduce Dominick to someone more suitable , but now this incident had complicated things Just then , Lauren noticed that Claire wasnt by Graysons side .

When she had arrived , Grayson had been lying alone on a small bed in the crowded hallway .

Wheres Claire ? Lauren asked , her face darkening The Vanderbilt family members exchanged glances , realizing that Claire was absent , Could Ms.

Horn be seriously injured ? Kayla speculated .

Given how responsible Claire usually was , it was unlikely she would leave Grayson by himself .

So injury seemed like the only explanation .

Is this how you do your job ? Leaving an injured child alone here ? Claire panicked , not expecting the Vanderbilt family to arrive so quickly .

Madam , Im so sorry .

I couldnt hold it any longer and just stepped away to use the restroom .

I even asked this young doctor to watch over Sonny for me , she explained motioning to the intern who was treating Graysons wounds .

But the intern didnt even acknowledge her , focusing entirely on Graysons treatment .

Never mind that right now , Lauren snapped .

Tell me this why did you take Sonny to a childrens restaurant ? Didnt you say you were taking him to a bookshop for some educational time ? How did it turn into a restaurant trip ? Claire quickly explained .

I did take Sonny to the bookshop .

On the way back , Sonny saw that girl .

She pointed toward Serena .

And insisted on eating at the childrens restaurant with her .

I warned Sonny that the food there wasnt clean , but he refused to leave Lauren was in no mood for excuses .

Her beloved grandson was not only injured from the explosion but had fainted from the sight of blood This shouldnt have happened ! she shouted .

Whats the use of telling me all this now ? I hired you to take care of Sonny .

Look at him now injured and unconscious ! And look at you , perfectly ne .

How can I believe youre capable of taking care of Sonny ? Exactly , Mom , Kayla chimed in , sneering at Claire .

I told you from the start that hiring some fresh college graduate was unreliable .

Who knows what kind of ulterior motives she might have ? Claire squirmed under the hostile glares .

It was true shed once had ulterior motives , but those dreams were no longer feasible , so shed abandoned them .

For now , the job paid well and wasnt demanding , so shed resigned herself to working ast Graysons tutor .

But listening to their words , she knew they were planning to re her .

Not wanting to lose her job , Claire decided to shift the blame .

Pointing angrily at Maria and Serena .

Its all their fault ! If they hadnt drawn Sonnys attention , he wouldnt have stayed at that restaurant .

When the incident happened , they were the ones dragging Sonny away ! If they hadnt interfered , Sonny wouldnt have been hurt .

Look at me- Im unharmed ! Its their fault ! Maria , who had been quietly observing , was stunned to nd herself suddenly targeted .

Meanwhile , at the villa , Paisley had managed to nish her work early and was heading home .

From a distance , she noticed the house lights were o .

Could Maria and Serena be out ? she wondered , walking up to the door .

Upon entering , the house was indeed empty .

She pulled out her phone to call Maria , only nd it was dead .

After plugging it in to charge , she saw multiple missed calls and messages from Maria , Before she could open the messages , Lucy called .

Paisley , get to the hospital now ! Rena and Maria are injured ! Tamasha
