Chapter 222

Chapter 222 She tightened her grip on Serenas hand .

Thinking of how Serena had asked Maria what an illegitimate child was , she felt like slapping Lauren again .

Alright , Paisy , Max , lets eat something first , Maria said as she helped arrange the food .

Max stood up .

Ill pass on the food .

Im heading back now Since it was on the way , Maria followed Max out of the hospital .

Outside the hospital , Dominick sat in the car , unwilling to leave .

Only after he saw Max walking out and driving away did he slowly withdraw his gaze and tell Julian , Leave two people here , keep it low key , dont let Paisley find out .

Got it .

Julian answered , then turned to Dominick .

Dom , from what Paisy said , Max is just a neighbor .

I dont think she would lie to you about that .

Its probably true .

Dominick didnt reply .

He just stared coldly ahead , at the direction Maxs car had gone .

He was a man , and he understood men .

The way Max looked at Paisley , there was nothing innocent about it .

In the car .

Leo glanced at Dominicks car through the rearview mirror , then shrugged and got down to business .

Max , I just got word .

We found the person who knows where your sister is .

According to them , before the lady passed away , she had a very close friend .

They got married and got pregnant around the same time .

Maybe that friend knows where your sister is .

By the next morning , the test results were already on his desk Both Reginald and Lauren hadnt slept that night , filled with both anticipation and anxiety .

Right now , they were looking at the report Lauren stood up from the couch .

Shes our child ! Reginald double checked the test results on the report , a wide smile spreading across his face .

He was a grandfather now , He felt it was necessary to announce this to the entire Vanderbilt family , to let everyone know .

And hed even organize a ceremony for his granddaughter to formally recognize her heritage .

Reginald handed the test report to Paul .

Dad , look , you have a great granddaughter .

Paisleys daughter is your great- granddaughter ! Paul had already gone to bed last night since he returned late .

Plus , to avoid worrying Paul , no one from the Vanderbilt family told him about Graysons incident yesterday .

So Paul had only just found out what had happened .

As he looked at the report , a rare smile appeared on his face .

For once , something good had happened in this troublesome family .

Useless .

I advise you not to get too excited , Kayla said , throwing a cold splash of water on the mood .

Mom , dont forget how you treated them yesterday .

You called Serena a bastard right in front of Paisley .

Theres no way theyll accept us now .

Lauren ? What did you do ? Paul looked angrily at Lauren .

He had no idea about this .

I- At this point , Lauren didnt know what to say anymore .
