### Chapter 223

Chapter 223 Serena woke up for the first time in the early morning , the anesthesia from the surgery had worn off , and her wound hurt badly Paisley comforted her for a while before she fell asleep again , sleeping until dawn .

Though the wound still hurt , she had gotten used to the pain .

As long as it wasn't pulled or stretched , it wasn't too bad .

Right now , Paisley was feeding Serena some food .

It was brought over early in the morning by Maria .

Paisley had wanted her to rest at home longer , but she knew Maria couldn't sit still .

Serena smiled after each bite , her pale face lighting up with her bright eyes Why are you so happy ? Paisley asked , then fed her more .

Serena obediently swallowed the food , Because I can see Mom .

Having Mom with her felt so good .

Those words hit Paisley like a knife , making her hand holding the spoon tremble slightly .

Okay .

Rena .

I promise you , I'll never ignore you for this long again .

She had almost lost this child Okay , Serena answered with a smile , really just happy to see her mom every day .

Just then , there was a knock on the door .

Till go see , Maria walked over , opened the door , and found Dominick standing there holding a big box , looking like he had something to give .

I just came to see Serena , he said softly .

Maria hesitated , then looked at Paisley .

Paisy .

Paisley could tell from Maria's expression that it was Dominick outside .

She put down the bowl , wiped Serena's mouth , and walked over .

When Dominick saw Paisley , his eyes were full of urgency and pleading .

Paisy , I just want to see her , talk to her .

Don't worry , I won't tell her the truth until she accepts me Paisley was still hesitating when Serena's voice came from the room .

Mom , who's outside ? Are they here to see me ? Dominick's expression softened .

Paisy , please , let me see her .

Paisley sighed and shifted to the side .

Fine , go ahead .

But don't forget what you promised me Dominick nodded and quickly walked into the hospital room .

Seeing the pale little girl with curious wide eyes lying on the bed , his own eyes reddened with emotion .

He still remembered the first time he saw her was at Sonny's kindergarten .

She had gotten into trouble with Sonny and Stella , so her parents had been called .

She was so tiny , hiding behind a tree , watching him .

She was clearly scared but stubbornly refused to cry .

Maybe it was from that moment he planted a seed of fear in her heart .

Now , whenever she saw him , she resisted and was terrified .

How could he uproot that fear from her heart ? Serena had been curious about who had come to see her .

The voice sounded like a man's , and she thought it might be Max .

But it wasn't .

She felt a bit disappointed .

Why isn't it Max ? 1/2 20:32 Fri , 14 Feb Chapter 223 32 % Her casual comment hit Dominick right in the heart .

Forcing a smile , he said , Rena , I came to see you .

I even brought you a toy .

You wanna take a look ? He had no idea what toys kids her age liked .

He never had to worry about Grayson's toys since that boy had his own .

playroom full of all kinds of toys .

So , he had to rely on memory , picking the toy Grayson had played with the longest .

Serena stared at the big box in Dominick's hands , her little face scrunching up .

Mom , can I not take it ? Not take it ? Dominick was stunned .

Did I pick the wrong gift ? Paisley gave him a complicated look .

Dominick , she's only three years old .

And you bought her a thousand piece LEGO set ? Dominick froze .

But this is the one Sonny played with the longest .

In fact , Grayson was still playing with it .

So he must like it , right ?
