The billionaire and his son want me back novel **Chapter 226**

Chapter 226 Huh? The secretary was momentarily stunned, her mouth slightly open in disbelief as she stared at Dominick .

k looked at her surprised expression and repeated his question, When you were three, what kind of toys did you He realized he couldnt keep buying gifts for Rena based on Sonnys preferences .

But he wasnt about to ask Paisley either- he already knew she was still mad at him After con rming she hadnt misheard, the secretary became even more shocked.

Julian was just as surprised , but he quickly gured out why Dominick had asked .

It mustve been because the toy he brought to the hospital today didnt meet Serenas approval.

The secretary thought hard and hesitated .

I honestly cant remember much from when I was three .

But I do remember having a doll I really liked .

It was one of those that cried Mommy or Daddy when you tapped it .

It would open its eyes when you picked it up and close them when you laid it down .

Dominick considered her words , then picked up a pen and wrote down the details about the doll .

Anything else ? Uh there were Barbie dolls , too .

You could dress them up in di erent out ts, with bags and shoes.

I even had a Barbie house with furniture .

The secretary tried to recall as many childhood toys as possible , watching in amazement as Dominick meticulously jotted down every detail .

She didnt understand why her boss was suddenly asking about this , but she did her best to answer.

Finally, she added, Of course, not every little girl loves dolls.

I had a cousin who loved airplane models and solving Rubiks Cubes .

Airplane models and Rubiks Cubes .

Dominick noted everything down one by one , only dismissing the secretary once she couldnt come up with anything else .

Julian scratched his head .

Are you asking all this for your daughter ? Dominick didnt reply , but his silence said it all .

Julian asked again , If you want to know , why not ask Kayla ? Shes a girl , too .

Dominick pursed his lips .

Her childhood preferences werent exactly normal.

Kayla was a few years younger than Dominick .

By the time she was born, Dominick was already learning under their grandfather.

By the time Kayla was older, Dominick was already in school.

So he didnt have many memories of Kayla as a child .

Plus, every time he came home, she was always doing something unusual.

She liked playing with mud, rocks, and bugs.

Once, she even gave him a lump of mud shaped like poop as a birthday present.

Uh Julian was learning about Kaylas childhood for the rst time and wasnt sure what to say.

Soon, an email from the presidents o ce appeared in every employees inbox at Vanderbilt Group Headquarters .

It requested all departments to provide the number of employees with three year old daughters and asked them to report what kinds of toys their daughters liked to the o ce of the presidents secretary .

Julian glanced at the secretarys compiled information and then looked at Dominick, who was seriously studying it .

What ? Dominick didnt even look up as he reviewed the report .

A handsome guy, Julian said con dently.

Dominick looked up , his eyes cold .

Shes three .

Julian inched under Dominicks icy stare and quickly explained , Dont you remember ? When we went to Paisleys house to pick up Sonny, there was a good looking guy there. Follow new episodes on the CrushnovelS.Com

Your daughter really liked him and even asked him to carry her .

Dominick thought back .

He remembered the guys name was Teddy .

Later, at the club, your daughter saw Nathaniel and really liked him.

She even called him Prince Charming, Julian continued.

Dominicks expression darkened as he recalled that moment Rena holding onto Nathaniel and calling him Prince Charming, while glaring at him and calling him mean.

Now, not only was there a Prince Charming, but also Max.

Am I that unattractive ? Dominick started doubting his own looks .

Youre not unattractive , Julian quickly denied , but you are scary ! When Dominick furrowed his brows without a hint of a smile, even Julian, a grown man, found it intimidating.

Dominick didnt know what to say .

Nathaniel is still in Brightmoor, right? Dominick asked.

Max was already driving him up the wall .

Adding Nathaniel to the mix might push him over the edge .

Yes, still there, Julian nodded.

Byron made it clear that Nathaniel cant come back until he proves himself Dominick

looked up and gave Julian a deep, meaningful glance.

Julian immediately understood .

I know what to do .

Ill make sure Nathaniel doesnt achieve anything too quickly .

Besides, were not the only ones who dont want him back his elder siblings in the Beaumont family feel the same way .

Nathaniel was the youngest son of the Beaumont family, with an older brother and sister.

Three children, but only one could inherit the family legacy it was obvious they were all vying for it .

And that was just one branch of the Beaumont family .

Byron had two sons , after all .

Even though the second branch had distanced itself from the power center, that didnt mean.

theyd given up their ambitions .

At this moment, the entire Beaumont family, except Nathaniel, was gathered in the parlor.

It was rare for the whole family to be together like this , and everyone felt a little out of place .

But there was only one reason they had all gathered here .

Today, an important guest was arriving, and no one wanted to miss the chance to meet them.

Grandpa, how could you call this a waste of time ! Uncle rarely visits Harrowfell.

Tyron sco ed.

He genuinely envied the head of the Vanderbilt family .

With only one grandson, raised by his side and groomed as the her things must have been so much simpler , unlike his situation a family full of people with their own bodden agendas just then , the butler walked m , leading the guest .

Sir , Max Godard has arrived .

Max entered the parlor under the butlers guidance, dressed impeccably in formal attire •

Without looking and he walked ight up to Byron, nodded slightly, and greeted him in a warm tone .

Uncle, its been a while.

How have you bemi Byron didnt particularly like Max . To be more precise , he disliked Maxs adoptive father , Tyson . If it werent than that trum, Byrons youngest sister wouldnt have died so young.
