

The billionaire and his son want me back novel

Chapter 240

Chapter 240 Brittany was in a panic .

Although she was unwilling , she knew that if Paisley didnt intervene , the Levine family would definitely hold her responsible .

She could only keep signaling Christina , asking her to speak to Paisley .

Christina couldnt just stand by and watch Brittany get into trouble , so she had to swallow her temper , lower her posture , and beg Paisley .

Paisy , you cant ignore Brittany .

After all , shes your sister .

This was just a spur of the moment mistake , and she already regrets it .

As the older sister , you should step in and apologize for her , and this will be over .

The other ladies present could clearly see that Diana and Lauren were trying to win Paisleys favor .

Moreover , they had just learned that aside from all the things that made Paisley shine , she was also Dominicks ex wife , and more importantly , they had two children together .

Maybe one of these children would be the future heir of the Vanderbilt family What was even more alarming was that Diana also liked Paisley .

Just as Mrs.

Sullivan said , as long as Paisley spoke up for Brittany , the Levine family would have to show her respect , even if they didnt want to .

But it seemed that this Paisley didnt want to help .

Paisley wanted to laugh .

It was always the same .

Every time , Brittany made a mistake , she had to bear the consequences .

She looked at Brittanys face , still unrepentant , waiting for others to clean up her mess , and sneered , Oh ? Do you know you were wrong ? Because I dont see any sign of it .

Brittany knew that Paisley was mocking her , trying to make her apologize .

She clenched her fists but could only swallow her humiliation for now .

When she looked up at Paisley again , Brittany had switched to a pitiful , vulnerable expression .

Paisley , I was really impulsive this time .

I know I was wrong .

Please help me , okay ? Seeing Brittany groveling and having to lower her head to Paisley made Christina feel uncomfortable .

Paisy , Brittany is begging you like this .

Are you really going to just watch her suffer ? Were family , after all ! After saying this , Christina grabbed Paisleys arm and pulled her toward the Levine family , causing her to stumble .

Diana and Lauren werent pleased when they saw Christinas hasty and rude gesture .

The other ladies watching also felt that Christina had gone too far with this action .

But after all , they were mother and daughter , and as bystanders , what could they really say ? Fortunately , a nearby police officer quickly reached out to steady Paisley , preventing her from falling .

Why are you pulling your daughter like that ? The police officer said to Christina , irritated .

Christina knew she was in the wrong .

She had been anxious earlier , and thats why she hadnt been gentle .

Hearing the officer speak this way , she quickly nodded and apologized to him .

The police officer was left bewildered .

Why was she apologizing to him ? Shouldnt she be apologizing to her daughter ? Paisley didnt react much .

Her expression was calm , and she just nodded slightly to the officer to thank him .

Christina had only one daughter , and that was Brittany .

When she turned back to look at Brittany , her face was full of mockery and hostility .

She hurriedly hid behind Christina .

Mom , Christina was so hurt by Brittanys pitiful Mom that she became even more anxious when looking at Paisley .
