

The billionaire and his son want me back novel

Chapter 241

Chapter 241 35 % Just because I show a little favoritism to Brittany , youre going to just watch her get bullied ? I really wish- To strangle me , right ? This time , Paisley finished Christinas sentence before she could .

She had heard this countless times before .

She used to be too lazy to argue with Christina .

Since she knew Christina favored her adopted daughter , saying anything more wouldnt help .

But today , in front of these high society ladies and the police , she suddenly felt like having a conversation .

Im selfish ? Paisley locked eyes with Christinas frustrated gaze .

Im your daughter .

I got lost when I was three and came back home when I was seventeen .

Fourteen years passed in between .

Any mother who loves her child would try to make up for the years they lost when their daughter finally returns .

But what did you do ? I what did I do wrong ? Didnt I raise you well ? Christina was feeling guilty .

She avoided Paisleys gaze .

And is this really the time to talk about this ? The important thing now is Brittany ! Brittany , Brittany , its always about Brittany with you .

When I was seventeen and just came home , Brittany had a con ict with a girl and hit her .

The girls parents came looking for us , and without a word , you pushed me out .

You said Brittany was just being impulsive , and that as the older sister , I should help my sister .

Then I was beaten for nearly half an hour by that girls parents .

I couldnt even stand up after the beating , and what did you say ? You said the wounds were too minor to need a doctor , that I should just rest at home .

Fortunately , Paisley knew some medical skills and protected her vital areas during the beating , avoiding serious internal injuries .

Later , when Gregory asked about it , Christina completely blamed Paisley and perfectly cleared Brittany of all responsibility.

No matter how much Paisley tried to explain , Gregory wouldnt believe her .

Because Gregory couldnt believe that Christina would do this to her biological daughter .

Since Christina said so , the truth must be what she said .

As a result , Paisley received her first warning from Gregory , who had always cared about his reputation .

How could you still remember such a small thing ? Youre just so petty ! Christina continued to look for excuses .

Yes , Im petty .

Thats why I remember everything clearly ! When Brittany was 18 , she was jealous of the neighbors daughter who got into the Im academy , while she didnt .

So , when both families went ice skating together , Brittany fell , taking the neighbors daughter down with her .

The skate blade just happened to cut the neighbors daughters face , leaving a deep gash that went from one side of her face to the other .

Oh my , so her face was ruined ? How could she still go to the Im academy ? How could she be an actress ? said one of the ladies .

Yeah , thats terrifying ! said another lady .

How could this woman be so cruel ? If what Paisley had said earlier had already made the ladies there dislike Christina and Brittany , this new revelation sent a chill down their spines .

This was typical of someone who would destroy things they couldnt get .

Brittanys face turned bright red .

She knew she couldnt admit she had done it on purpose .

I didnt mean to do it .

I really didnt- But you still ruined her life ! Diana spoke angrily .

Beat what did my mother , Mrs.

Sullivan , do then ? Paisley turned to look at Christina Christina again avoided Paisleys gaze , yet she still spoke with self righteousness , Well , Brittany didnt do it on purpose .

She was scared too .

Shouldnt you help her ? 2/2
