### Chapter 243

Chapter 243 35 % 2 She thought about it it Paisley could help Brittany earn forgiveness from the Levine family , then she would tolerate it , and maybe even accept her as a daughter again .

At worst , she would just treat her a little better .

After all , this girl had money , and that money would eventually be spent on her .

Once she sweet talked this stubborn girl , she would have her help Brittany write a TV series and buy resources to make Brittany a big star .

Just as Christina was lost in her fantasies , Paisleys cold voice shattered her illusions , Mrs.

Sullivan , I dont think youve understood the situation .

You need me as your daughter .

Paisley , you ingrate ! Are you saying you dont even recognise your own mother anymore ?

Let me tell you , no matter how Ive treated you , Im still your mother Regalbe Dont worry .

When you and Gregory cant take care of yourselves anymore , Ill provide for you , Paisley replied with a calm , indifferent tone .

Christina screamed at Paisley , nally losing control of her emotions .

You lowlife ! I shouldve choked you to death when I had the chance ! I shouldnt have let you live to this day ! You shouldve been with that wh- Christina suddenly stopped mid sentence , as if realizing something .

But it was too late Paisley had already caught it .

What were you going to say ? I shouldve been with who ? And then what ? Paisley asked .

Christina shot her a murderous glare .

What are you talking about ? Anyone who had a daughter as lowly as you wouldve been driven insane by now ! Ugh , Im so mad ! Diana couldnt stay silent any longer .

What kind of mother are you ? Sure , its understandable to have feelings for the daughter you raised , even if shes not your own .

But Paisley is your biological daughter ! How can you treat her like this ? How could you be so heartless ? Even Lauren couldnt stand Christinas behavior anymore .

Shed felt some sense of shared hardship with Christina before , but now she realized it had all been an illusion .

At most , Lauren had just disliked Paisley in the past .

But Christina went so far as to treat her own biological daughter this cruelly .

And she even had the nerve to call her own daughter a lowlife repeatedly .

She was simply a monster .

Lauren couldnt help but think that if anyone dared treat Kayla like this , she would lose her mind .

No wonder Paisley ran away from home back then .

If I had a mother like you , Id run away too ! Lauren glared at Christina angrily , unable to contain her frustration .

The other ladies and young women present were equally indignant , glaring at Christina and Brittany .

Theyd seen plenty of mothers favoring illegitimate children , but it was rare to see someone favor an adopted daughter over their own biological one .

And the worst part was that Christina not only treated Paisley poorly , but she also had the audacity to use her biological mother title to attend these high society gatherings and help Brittany build connections .

Talk about favoritism taken to the extreme .

And if Brittany were at least decent , it mightve been excusable .

But Brittany was neither as beautiful nor as capable as Paisley .

Worst of all , she had a bad heart .

None of the ladies present believed Brittany had unintentionally fallen and scratched the other persons face back then .

If it was true , why would she falsely accuse Paisley of pushing her ? It screamed guilty conscience .

And in the end , it was Paisley who cleaned up the mess .

This is absolutely infuriating .

Brittany must be your real daughter , right ? Daisy said , her swollen face making her words slightly slurred .
