

## The billionaire and his son want me back novel

### Chapter 244

Chapter 24.4 .

Christinas face tightened .

What nonsense are you spouting ? 11 Alright , enough ! Diana frowned , feeling utterly exasperated .

This gathering had been completely ruined by Christina and Brittany .

Since Paisley isnt going to deal with this , I wont either .

Yeah , same here , Lauren agreed with Diana for once , With the two central figures of the gathering refusing to get involved , the other ladies naturally chose not to either .

The two of cers present were also at their wits end , and it became clear to them that Brittany wasnt as innocent as her mother claimed .

Her personality itself seemed problematic .

So , whats your decision ? one of the of cers asked Donna and Daisy .

As the victims , their wishes took precedence .

Of course were pressing charges .

Of cer , were going all the way with this Donna said rmlly .

Daisy nodded emphatically , despite her slurred speech .

And I want a medical examination ! Alright , in that case , both parties need to come to the station with us .

The of cers wasted no time and told both sides to head to the police station .

Brittany panicked completely .

She grabbed Christinas hand .

Mom , Im not going ! Im not going ! She knew that if the matter couldnt be resolved , the Levines would de nitely ruin her .

Christina panicked too , holding onto Brittany and shaking her head at the of cers .

Were not going .

We didnt commit any crime ! Were not going ! You beat someone up like that , and you think you can just walk away ? One of the of cers lost patience and grabbed Brittanys wrist .

Come with us quietly , or well have to use force .

Donna and Daisy apologized to Diana , Lauren , and the others , then nodded at Paisley before walking out rst .

With the victims gone , the of cers each took one of Brittanys arms and started dragging her out as she struggled .

No ! Let me go ! Mom ! Mom ! Help me ! Brittanys hysterical screams broke Christinas heart .

Brittany , dont be scared .

I will save you ! Ill save you ! Watching Brittany get taken away by the of cers , Christinas eyes turned red with rage .

She glared at Paisley .

You ingrate , just you wait ! After leaving that threat , Christina hurriedly ran after them .

Finally , peace returned .

In the grand hall , sighs lled the air from the ladies present .

Some of the young women even forgot about the setting and hugged their mothers on the spot .

Compared to Paisleys mother , their own moms were amazing .

With such good mothers , they couldnt help but feel guilty about how rebellious theyd been .

Lauren felt a pang of emotion too .

Looking at Paisley again , all she could see was a girl so pitiful it made her heart ache .

Why hadnt she cherished this girl properly before ? Paisy , Lauren softened her tone , putting on a pleasing smile .

But Paisleys gaze completely bypassed her and landed on Diana , who was holding her hand with a look full of affection .

Ms.

Sutton , youve had such a hard time , Diana said with motherly kindness .

She thought to herself that if Nathaniel ever married this girl , shed treat her like her own daughter .

1/2 35 % Chapter 244 Diana , just call me by my name , Paisley said politely with a smile .

After all , she hadnt even agreed to take Nathaniel as a student yet , so technically , there was still a generational gap between her and Diana .

Alright , Ill call you Paisy , Diana said cheerfully , completely oblivious to her daughter in law , Julia , whose expression shifted subtly .

Julia had just witnessed quite the drama .

She hadnt expected Paisleys past and family background to be so dramatic .

What shocked her even more was that at just 17 or 18 , Paisley had already managed to come up with tens of millions to help her family , That meant the success she had today wasnt built on Dominicks money it was her own ability .

If a woman like this were to marry Nathaniel , with her capability , would there even be room left for her and Morris in the Beaumont family ? No way .

This woman couldnt be allowed anywhere near the Beaumont family .

Paisley checked the time , guessing Serena should be awake by now .

Diana , my daughter is still in the hospital .

I need to head back .

Given the reason , Diana couldnt keep her and personally escorted her to the door .

Alright , go now .

Well chat again next time .

I really love your paintings , and your shows too Im a huge fan ! Even at the last moment , Diana didnt miss the chance to score points with Paisley .

Lauren , feeling frustrated , wanted to approach Paisley for a chat , but Paisley didnt give her the chance .

Without even looking at her , she got into her car and drove off .

Paisy ! Lauren called out behind the car , looking ustered and regretful .

The ladies who followed out exchanged glances .

They had never seen Lauren so awkward .

In stark contrast to Laurens embarrassment , Diana was overjoyed .

Oh , I just clicked so well with Paisy .

Shes such a perfect match for Nathaniel ! As Diana passed by Lauren , her expression was full of triumph .

Lauren stood frozen , feeling anxious .

She couldnt stay at this event a second longer .

She had to rush home and tell Dominick immediately .

Someone was trying to steal his wife .
