Medical Master

Chapter 991: Had to Use Internal Qi

“Help, help... Save us...” Seeing Fang Qiu, the college student, who became feeble due to struggling, suddenly regained his strength. He immediately shouted for help as if he had seen considerable hope.

The couple in the middle of quicksand also hurriedly waved to Fang Qiu for help.

“Alas...” Standing on the sand dune, Fang Qiu moved his dry lips and sighed softly while gazing at the three of them.

He was already more than halfway through his training.

If he used his internal Qi right now, all his efforts would be in vain. But if he didn’t use his internal Qi, he couldn’t save them at all.

Should he save them?

Looking at the look of the three people and listening to their desperate cries for help, Fang Qiu felt that his heart ached.

He needed to save them!

If Fang Qiu didn’t save them since he had already seen them, he would feel ashamed of himself!

“Hang in there,” Fang Qiu shouted at the three of them and then immediately strode down from the sand dune.

“Careful, be careful.” The college student shouted at Fang Qiu and said, “This is quicksand, just like a swamp. Don’t fall into it. If you fall, we will be done.”

“Call someone. Call for help.” The couple also quickly shouted, “Call 911. Then take off your clothes, take the rope from his motorcycle, twist it together, and pull us back to wait for help.”

Fang Qiu acted as if he didn’t hear what they said.

He walked all the way down with a determined look. Even if he reached the edge of the quicksand, he didn’t hesitate at all and strode in.

“No!” The college student exclaimed.

“Don’t come over.”

“Don’t come over.”

In the middle of the quicksand, the couple was also startled.

Fang Qiu was their only hope of survival.

If Fang Qiu fell into the quicksand as well, it wouldn’t take long for the four of them to be swept into the ground by the quicksand. At that time, they would all die!

Just when the three of them looked pale with shock, they were surprised to find that Fang Qiu stepped steadily on the quicksand.

It was completely different from what they had imagined.

Not only did Fang Qiu not sink into the quicksand, but he even walked smoothly. He didn’t even leave any footprints on the sand!

However, this scene gave the three a big fright.

“What, what’s going on?” The college student was stunned.

“He can’t be a ghost, can he?” In the center of the quicksand, the woman grabbed the man’s arm tightly in panic.

Fang Qiu wasn’t affected even though the three were greatly shocked.

After entering the quicksand, Fang Qiu went straight to the college student, grabbed the back of his collar, and then immediately dragged him up from the extremely soft quicksand.

“Stay here and don’t move around.”

After putting him in the safe zone next to him, Fang Qiu turned around and pulled out the woman in the center of the quicksand. He took her to the safe zone and then went back to drag the man out.

As they all left the quicksand, the three eventually survived the disaster.

All of them gasped for breath and looked at each other, feeling blessed!

Without Fang Qiu, they would be doomed.

This was the Death Desert. It was normal not to see anyone for ten days to half a month in such a desolate place. They could not get out at all once they were trapped in the quicksand. Without anyone coming to help, it would not take long for them to completely sink into it with the flow of the quicksand. At that time, they could only die.

Fortunately, they met Fang Qiu.

But how did Fang Qiu do it?

How could he step on the quicksand without sinking in?

As they felt lucky, the three of them turned their heads and looked at Fang Qiu, wanting to express their gratitude.

But before they could speak, they saw Fang Qiu turn back and walk toward the center of the quicksand.

“What are you doing?” The man of the couple asked.

Fang Qiu didn’t answer.

He walked to the center of the quicksand.

He then squatted down, stretched out his right hand, reached into the quicksand under the ground, and groped for something for a while. Then he walked to a specific position, reached out his hand again, grabbed something deep in the sand, and vigorously pulled it.

“Rustle, rustle...” As soon as Fang Qiu exerted his strength, the slow-flowing quicksand suddenly began to flow rapidly.

“The car! He’s pulling the car!” The woman screamed.

Hearing that, the two men were dumbfounded.

The car?

They didn’t expect that Fang Qiu was going to pull out the car buried in the sand.

They wondered if they were dreaming.

“Thank you, buddy. The car is not important. We can give it up. Don’t let yourself sink into the sand,” the man of the couple shouted hurriedly.

“Yes.” The college student immediately nodded in agreement and said, “You can’t pull out the car. Don’t waste your strength.”

However, as soon as he said that, the three of them froze.

Fang Qiu actually pulled out the off-road vehicle which was buried deep in the ground with one hand.

When the car was pulled out, the trunk and the driver seat were filled with sand!

The weight of the sand was already several tons, let alone the weight of the car.

Fang Qiu actually pulled out the car with the sand together.

How was this possible?

The three of them kept rubbing their eyes, thinking that they were hallucinating. They felt as if they were in a dream. They were so shocked that they couldn’t even utter a word!

The car was pulled out.

After the quicksand ran for a while, it finally stopped flowing.

“All right.” Fang Qiu turned his head to the couple and said, “Come and have a try. Does the car still work?”

Hearing that, the couple stared at Fang Qiu and the car in shock for a while, then stood up, swallowed hard, and walked to the car. They opened the door, released all the sand in the driver's seat, and tried to start the car.

"It broke down." After trying a few times, the couple found that they couldn't drive the car anymore.

They didn't think much about it.

The man quickly took out his phone to call for help.

However, after trying to make a phone call for a while, he still couldn't get through.

"There's no signal." The man spread out his hands with a wry smile and said, "Fortunately, the supplies in the car are still here. As long as we don't run into the quicksand, we can hold on for another week."

The college student also took out his phone to make a call as he heard that.

He couldn't get through either.

"Hello, is it Mr. Li?" Just when the three of them were helpless, Fang Qiu's voice suddenly came.

They turned to have a look and found that Fang Qiu actually got through.

"Yes, I can send you our current location. Please come over and help us," said Fang Qiu.

Soon, he hung up the phone.

"Buddy!" The male owner of the car came over, stared at Fang Qiu in surprise, and asked, "What kind of cell phone is this? How could you make a call in the middle of nowhere?"

Fang Qiu replied, "It works everywhere."

After saying that, he did not continue to move forward. Instead, he stayed there and waited for rescue with the three people. He was afraid that something would happen to them again if he left.

"Buddy, who are you exactly?" Looking at Fang Qiu curiously, the male owner of the car asked, "How did you manage to walk on the quicksand without sinking into it?"

Fang Qiu smiled. "I'm just an ordinary man."

In the face of the questions of the three people, Fang Qiu didn't talk anything about martial arts. He only chatted with them casually.

Fang Qiu didn't leave quietly until the rescue team arrived.

When the rescue team asked about what happened, the couple told them the whole story. When they were about to mention Fang Qiu, they turned around and found that he had disappeared.

"Where is he?"

"He was here just now."

"That's weird. How come he disappeared in the blink of an eye?"

Not only the couple but also the college student next to them was shocked by Fang Qiu's sudden disappearance.

However, compared with Fang Qiu's appearance and disappearance, the thing that he couldn't forget was this trip.

He originally felt that this was merely a simple dream. As long as he put forth an effort, he would be able to accomplish it easily. However, after he had this experience, he discovered that this was not something that he could achieve through simple effort.

It greatly relied on one's luck!

Especially when he recalled that he was trapped in quicksand and struggled powerlessly and could only wait for death, that feeling truly made him fear and regret from the bottom of his heart.

He was truly close to death!

As he thought about it carefully, he still wouldn't be able to continue this trip even if he didn't sink into the quicksand. He was seriously tormented by this hard trip.

Even though he was still full of ambition, he couldn't hold on anymore. The moment he saw the rescue team, he decided not to ride anymore. He wanted to go back. He wanted to go back with the rescue team!

Since Fang Qiu had already used the internal Qi, Fang Qiu directly mobilized his internal Qi and left as soon as the rescue team arrived.

This training could be considered a failure.

But Fang Qiu didn't regret it.

As for him, he didn't come here in vain. After all, he saved three lives.

"Swish, swish..."

Fang Qiu unleashed his power and moved all the way forward, ready to return to Beijiang.

On the way, he suddenly felt a quiver all over his body.

He stopped.

Standing on a sand dune, Fang Qiu suddenly smiled.

Just now, he clearly felt some changes in his body, which stabilized the strength that he acquired after his breakthrough recently.

“What is this?” Fang Qiu pondered for a while.

He soon understood.

The reason why this happened was that after several days of hard cultivation, he suddenly relieved his tension and opened his heart. It made him breathe smoothly. And everything inside his body naturally went with the flow.

“The sages are right.” Having figured out everything, Fang Qiu sighed with emotion, “As what Buddhism said, kindness lies in human nature.”

“In Confucianism, respect the elderly as well as you respect the elderly in your family. Care for others’ children as well as you care for your own children. These sages have said long ago that once you open your heart, your life will be smoother,” as he was muttering, Fang Qiu nodded with satisfaction.

This was a completely pleasant surprise to him!

Not only did he achieve the expected goal, but his strength also became more solid.

“I’m enlightened in life!” As he sighed with emotion, Fang Qiu raised his head to the sky and let out a long roar. Then, he moved and flew away quickly.

Although it was not the exact day when he needed to meet Lin Rusheng, it was almost time.

After he left the desert, he should go to Zhongnan Mountain to attend Lin Rusheng's celebration banquet.

Medical Master

Chapter 992: Can You Give up Your Divine Sword?

In the Zhongnan Mountain, it was still the same mountain, the same mountain peak.

Since the last battle, the scars on the ground had not changed at all.

After all, except for the Wulin people, no one else would come to this mountain. But how could the people of Wulin have time to repair this bluestone ground which looked like an ancient book?

People in Wulin did not pay attention to trifles.

Therefore, this was exactly what Lin Rusheng did.

Back then, after inviting Fang Qiu, Lin Rusheng invited everyone on the Wulin forum to celebrate with him.

Obviously, those Wulin people didn't like this Lin Rusheng.

On the one hand, the fact that Lin Rusheng challenged John Doe at the auction already showed that he was narrow-minded.

Secondly, this man was too arrogant. Although it was true that he had taken that step, he showed off on the Wulin online forum before he really became a guru. He even invited his fellow practitioners to celebrate.

Although they despised him, the vast number of Wulin people were also very helpless.

After all, gurus were legendary super experts in Wulin. There were very few gurus in Wulin. Not to mention ordinary martial arts practitioners, even the Four Great Families and the top forces in Wulin were afraid of gurus.

Therefore, under the invitation of Lin Rusheng, although the vast number of Wulin people wanted to, they did not dare to refuse. No one wanted to offend a guru.

When it was time, the invited Wulin people still went to Zhongnan Mountain one after another.

Of course, in addition to those who didn't like Lin Rusheng but still had to come, there were also many martial arts practitioners who saw the news on the Wulin online forum and knew nothing about the inside story.

"It's all set up."

"This place is truly suitable for holding a grand banquet."

"There are at least fifty tables here, right?"

"Ten people at a table equals five hundred people."

"How can fifty tables be enough? There are definitely more than five hundred people here today."

"Where's Mr. Lin Rusheng?"

"He didn't come, but the banquet has been set up?"

"He battled with John Doe here before. Now that he has successfully passed that test, he can indeed hold a banquet, but why did he choose Zhongnan Mountain? Does he really regard Zhongnan Mountain as his home?"

“Isn’t he always wearing a Taoist robe? Does he want to take the opportunity to start a sect in Zhongnan Mountain?”

“Oh, it really is possible!”

“There are countless small forces in Wulin, but there’s not even one single guru among the second-class forces. Even one guru expert can promote their force to a top force. If Lin Rusheng establishes a sect here in public, I’m afraid that there will be another large force in Wulin!”

On the top of the mountain, there were so many people around that no one sat down.

The fifty tables were empty. There was wine but no food on them. Before Lin Rusheng showed up, no one dared to step forward and take a seat. After all, the number of seats was limited. It would be embarrassing if they took someone else’s seat.

At the same time, at the foot of this mountain.

Deep in the forest, a figure carrying a wooden box on his back was moving quickly through the forest.

With a closer look, one could see the man was dressed in black, and his face was covered by a black mask, revealing only his eyes.

This man was none other than Fang Qiu!

Walking out of the Death Desert, Fang Qiu rested for a night and went straight to Longquan as John Doe.

It wasn’t until today that he left the Long family for Zhongnan Mountain.

Along the way, Fang Qiu was thinking about this trip to Zhongnan Mountain.

In his opinion, although Lin Rusheng was a little arrogant and held a banquet, he had just reached the Guru Realm, so it was normal for him to be overjoyed. Since the other party had personally invited him and invited him before anyone else, he could not turn him down.

Although he was not afraid, he still couldn't make Lin Rusheng lose face.

Of course, as the involved party, Fang Qiu didn't have a good impression of Lin Rusheng.

However, since his opponent was able to pass through that test, it meant that he had comprehended it.

In that way, it was very likely that the narrow-mindedness Lin Rusheng showed in the past was caused by his years of being unable to break through. Now that he'd taken that step, his disposition might become better.

As a member of the Wulin, Fang Qiu certainly hoped that there would be one more good person in the Wulin.

That was why he agreed to come this time.

Just as Fang Qiu was hurrying on his way, on Zhongnan Mountain, the younger generation of the Four Great Families led by Diwu Qian and the top Wulin forces led by Yun Yangzi from Pear Garden arrived one by one.

Different from the others, after arriving, Yun Yangzi, Diwu Qian, Qian Xiao, Zhan Lin, and the young master of the Xi family did not stand around the tables at all. Instead, they directly walked into the field and were ready to sit down at the table in the center.

"Hahaha..."

A burst of laughter came from not far away.

Everyone turned to look.

They saw Lin Rusheng walking on the clouds.

His sage-like demeanor elicited a wave of exclamations from the crowd.

“Damn, that’s awesome.”

“Can a guru really go anywhere they want?”

“So awesome. He can actually fly on the clouds.”

“He’s like an immortal that has descended to the mortal world. Isn’t this amazing?”

The whole top of the mountain was extremely lively because of these discussions.

The protagonist appeared.

Naturally, everyone’s gazes landed on him.

“Thank you for coming, everyone.”

He arrived at the top of the mountain.

He landed immediately.

Although he had crossed the threshold, his real strength had not yet reached the Guru Realm. Therefore, it was indeed a little difficult for him to fly for a long while.

“Congratulations.”

The young master of the Xi family took the lead in walking forward. He took a wooden box from a servant and handed it to Lin Rusheng. At the same time, he said, "It is really worth celebrating that there is another powerful guru in Huaxia Wulin. This is a small gift I have prepared for you. I hope you like it."

"The Confucian young master, Xi Shaolin?"

Looking at the young master of the Xi family, Lin Rusheng took the congratulatory gift without hesitation, then nodded gently and said, "The Xi family is not bad."

"Thank you, sir."

The young master of the Xi family Xi Shaolin took a step back and retreated to the side with a smile on his face.

"Congratulations."

Only then did Diwu Qian, Qian Xiao, and Zhan Lin come up and give gifts with a fake smile. Lin Rusheng accepted all of them.

"Men!"

Since he couldn't hold the gifts in his hands anymore, Lin Rusheng waved his hand and called some servants who had arrived long ago to collect all of them.

"Today is my big day. Everyone, stop standing there and take your seats."

Lin Rusheng smiled and waved his hand.

The servants who had been prepared began to serve the dishes.

Of course, the dishes were very good, but there was no hot dish. They were all cold dishes.

“My distinguished guests, please follow me.”

After receiving Yun Yangzi’s gift, Lin Rusheng pointed to the table next to him and said, “This table is for John Doe.”

They were stunned.

Qian Xiao’s and Zhan Lin’s expressions were not very good. However, there was no change in emotions on the faces of Diwu Qian, Xi Shaolin, and Yun Yangzi.

But they still moved to another table.

For a moment, the atmosphere was a little awkward.

But soon, it became lively again when other people came forward to give gifts one after another.

Only after sending the gifts, did each of them dare to find a place to sit down.

Strangely, it might be an intentional act or a hidden rule. After sending gifts, the strong Wulin experts were all sitting in the inner circle, while the weak ones were sitting in the outer circle.

Soon, there were 50 tables full of dishes and wine, and there were many people standing around, with no seats.

“Thank you all for coming here to congratulate me. Unfortunately, this place is only so large. Those who don’t have seats, please forgive me.”

Lin Rusheng cupped his hands to express his thanks.

“Whoosh...”

There was a sound of rushing wind.

Hearing that, everyone immediately looked over.

They saw a black shadow leaping from the middle of the mountain like a cheetah in the forest, flying over quickly.

“It’s John Doe!”

“John Doe is here.”

“I thought he wouldn’t come.”

“John Doe promised to come.”

“Just in time for the banquet. Haha.”

Discussing, everyone shifted their focus from Lin Rusheng to John Doe.

Click!

Rushing into the field in an instant, Fang Qiu stopped and directly landed beside an empty table in the middle of the fifty tables.

At that time, Lin Rusheng was waiting by the table.

He stopped in his tracks.

Fang Qiu turned to glance at the audience and found that the Four Great Families and the top forces in Wulin had all sent people here, but he didn't see anyone from the Sword Sect.

Whoosh!

As soon as Fang Qiu stopped, there was another sound of rushing wind.

A figure quickly rushed in front of Fang Qiu.

"Master, wait for me. You almost killed me."

The speaker was He Gaoming.

"Brother John Doe."

Lin Rusheng cupped his fists at Fang Qiu.

"Forgive me for being late."

Fang Qiu cupped his fists at Lin Rusheng, then took off the wooden box on his back and handed it to Lin Rusheng. At the same time, he said, "Although you have crossed the chasm, you are still half a step away from the Guru Realm, so I have specially prepared a Guru Sword. Congratulations."

Hearing that, all the people present couldn't help exclaiming.

"A Guru Sword?"

"John Doe is really generous."

“This congratulatory gift matches the event too well. A guru!”

“It seems that John Doe really has a good relationship with Lin Rusheng. Otherwise, how could he be willing to give a Guru Sword?”

“Yes, this Guru Sword is worth 200 to 300 million.”

Nevertheless, Lin Rusheng did not let the servant put away the sword, but held it in his hand.

Buzz!

With the long sword in his hand, Lin Rusheng burst out the Qi power in his body, which belonged to a Half-step Guru and instantly enveloped the whole top of the mountain.

The heavy pressure caused everyone to shiver!

“Thank you for your coming again.”

At the same time, Lin Rusheng said with a smile, “Of course, I have to thank Brother John Doe.”

After that, in front of everyone, he turned to look at Fang Qiu.

Fang Qiu cupped his fists.

However, Lin Rusheng directly handed back the Guru Sword in his hand to Fang Qiu and said, “Brother John Doe, since I have crossed the chasm, this Guru Sword suits you the best. I also wish you to become a guru as soon as possible!”

Hearing that, everyone on the scene applauded.

In the next moment, “In addition to this Guru Sword, John Doe also has another divine sword. I wonder if you can part with it?”

As soon as he said that, all the people present were shocked!

Medical Master

Chapter 993: Ungrateful! Fight Again!

Divine sword?

Was Lin Rusheng asking for a divine sword?!

Was that something he deserved?

Hearing that, all the people present were stunned.

Just now, they saw the two good friends happily talking with each other. But just a second later, the situation changed, and the harmonious atmosphere instantly disappeared and was replaced by one with tensions!

This change happened too fast and too suddenly, didn't it?

“You don't like Guru Sword?”

“Then I'll take it back.”

In the face of this sudden change, Fang Qiu shook his head with a smile and took back Guru Sword that had just been given from Lin Rusheng's hand.

“Since the congratulatory gift is declined, I won’t stay here any longer.”

Holding the sword, Fang Qiu immediately turned around and walked away.

If Lin Rusheng didn’t appreciate his gift, what was the point of him staying here?

“I’m not going to fucking spoil you!”

“Wait!”

Just as Fang Qiu was about to leave, Lin Rusheng took a step forward and immediately stood in front of him. He pointed at the dishes at the table and said, “Since you’re already here, how can you leave like this? The dishes at this table are all prepared for you. If you don’t drink a glass of wine, people will blame me for not receiving you well.”

“Drink, right?”

Before Fang Qiu could speak, He Gaoming, who was next to him, directly lifted the wine cup on the table and drank up a whole cup of wine. Then he slammed the wine cup on the table, reached out to grab a piece of meat from the dish plate, put it in his mouth, and said while chewing, “I’ve drunk the wine and eaten the meat. Can we leave now?”

“What right do you have to speak here?”

Lin Rusheng glanced at He Gaoming with a cold face.

“What?”

Fang Qiu reached out his hand to protect He Gaoming behind him. He confronted Lin Rusheng himself and asked with a smile, “I came to Zhongnan Mountain, and I can’t leave now?”

“You can leave. Of course, you can.”

Lin Rusheng laughed out loud and glanced at everyone present. Then he looked at Fang Qiu again and said with a sneer, “You want to leave? Fine, but before that, we have to make it clear. I’ll pretend that nothing happened. But you have to give me the divine sword first!”

As soon as he said that, the faces of all the people present suddenly changed.

Before that, many people who didn’t know Lin Rusheng felt that he had a very good relationship with John Doe. Just now, they had seen with their own eyes that Lin Rusheng had specially reserved a table in the center for John Doe. They thought that Lin Rusheng would sit with John Doe and have a good chat about the past.

Who would have thought that the atmosphere would change before their lips touched the dishes and wine?

It was completely beyond everyone’s expectations, and no one could figure out what was going on.

Compared with those who knew nothing, those who knew a little about Lin Rusheng were not too surprised. Yun Yangzi and the people of the Four Great Families on the side all looked calm.

It was like they’d expected all of this.

“Lin Rusheng, what do you mean by that?”

Before Fang Qiu spoke, He Gaoming, who was short-tempered, couldn’t stand it anymore. He immediately glared at Lin Rusheng and asked, “My master gave you face and came here with a congratulatory gift. Don’t be shameless!”

“Face?”

Lin Rusheng shook his head and said, "How much is face worth? I have just crossed the chasm and have a lot more days to live. Don't you think I should plan for my future days carefully?"

"Besides, I didn't do anything. As long as you are willing to hand over the divine sword, you will be able to immediately go down the mountain."

Fang Qiu narrowed his eyes.

"Why don't you go to hell?"

He Gaoming was completely furious. He directly pointed at Lin Rusheng's nose and shouted abuse. "Don't pretend to be an experienced Taoist. You're smearing the reputation of real cultivators! Do you have any shame? My master kindly helped you to break through, but you motherfucker bite the hand that feeds you. Now you want to snatch my master's sword. Do you have any shame? Do you have a conscience?"

As soon as he said that, everyone present frowned.

Everyone knew it very well.

It was John Doe's help that helped Lin Rusheng overcome that obstacle. If it weren't for John Doe, he might not have been able to overcome that obstacle in his life!

Now, he crossed the chasm and held a banquet. John Doe not only came to congratulate him in person but also gave him a valuable Guru Sword.

Whether it was in value or implied meaning, Guru Sword was definitely an excellent gift.

But what about him?

He had personally invited John Doe here. Not only did he not accept John Doe's kindness, but he also put the blame on John Doe. As He Gaoming said, he was ungrateful!

Everyone understood.

Lin Rusheng was obviously threatening him!

Although he had lost to John Doe in the last battle, now he had already crossed the chasm, and of course, his strength had greatly improved.

In this case, John Doe was definitely no match for him.

Therefore, he dared to threaten John Doe so openly and brazenly!

“The divine sword belongs to those who are fated to obtain it.”

Looking at Fang Qiu and He Gaoming, Lin Rusheng said, “The fate between you and the divine sword is over. Now the divine sword and I are destined, so just leave it to me!”

“Bullshit!”

He Gaoming cursed and said, “The divine sword belongs to my master. It has nothing to do with you!”

“Haha...”

Hearing He Gaoming’s abuse, Lin Rusheng did not get angry. Instead, he laughed and said, “Even if it had nothing to do with me before, it will definitely have something to do with me in the future.

“Since your master has helped me cross the chasm of a guru, why don’t you help me persuade him to be a good person until the end and give me the divine sword in exchange for my telling him the secret of becoming a guru? What do you think?”

As soon as he said that, the angry He Gaoming became angrier.

The secret of a guru?

“Who cares about the secret of a guru?”

“Do you really think my master can’t break through to be a guru?”

“He’ll show you how he does it anytime!”

However, he was still rational and did not continue to curse. Instead, he left it to John Doe.

How should he choose?

All the people present frowned and looked forward to John Doe’s choice.

Divine sword, the one and only in the world!

It bore unimaginable strength. The sword also played a big role in John Doe defeating Sword Fanatic and Lin Rusheng. It could be said that it was the top treasure in the world!

But the secret of breaking through to the Guru Realm?

That was the biggest temptation in the world, and the hardest to resist.

Some people would never be able to overcome that chasm in their entire lives.

Even if John Doe showed the best strength and potential, no one knew whether John Doe would be stuck at the pass that ordinary people could not get through.

It was not as if there had never been such a person in history.

There were many talents who had already touched the threshold of the Guru Realm but could not cross it in their lifetime.

It was really difficult to choose between the two!

“I don’t care!”

Under everyone’s gaze, Fang Qiu smiled faintly at Lin Rusheng and replied nonchalantly.

“Hmm?”

Lin Rusheng seemed to be slightly surprised when he heard John Doe’s reply, and the indifferent smile on his face instantly vanished while a wisp of piercing coldness surged out from the depths of his eyes.

“John Doe, are you not going to give me face?” Lin Rusheng asked coldly.

“Respect is something you fight for yourself!”

Fang Qiu replied fearlessly and then added, “Besides, not everything in the world has face. I only give face to people!”

As soon as he said that, the audience burst into an uproar!

“What the fuck, John Doe really dares to say that.”

“Does he not see Lin Rusheng as a human?”

“Awesome. It’s the first time that I’ve seen someone who doesn’t take a guru seriously!”

“It seems that this matter will end badly.”

“Lin Rusheng’s thoughts must be rotten. It’s fine if he’s ungrateful, but now he’s repaying kindness with hate?”

“John Doe is really awesome. That’s why he’s a genius who has never lost before!”

Everyone discussed in a low voice.

Of course, due to the fact that Lin Rusheng was present, everyone was careful with their words. No one dared to say anything outrageous out of fear of angering Lin Rusheng.

However, in their hearts, they were all secretly applauding.

This Lin Rusheng was simply too shameless.

It was the first time that everyone had seen someone being so shameless and bold!

“Hmph!”

Fang Qiu’s retort instantly made Lin Rusheng furious. A stream of killing intent suddenly surged out of his body. While staring at Fang Qiu coldly, he said, “Do you know why I chose this place?”

“I was defeated by you that day.

“I wonder if I can learn some moves from you again today!”

Boom!

An incomparably powerful Qi power burst forth from his body. In fact, it even blew away the dishes on the surrounding tables.

Seeing this, everyone present felt that a battle was inevitable.

With that in mind, many people stood up and retreated to the periphery.

Some were still holding wine jugs and others plates of food.

Even Yun Yangzi and the members of the Four Great Families beside John Doe and Lin Rusheng stood up and slowly left.

This time, Yun Yangzi and Diwu Qian did not stand up to help John Doe.

Although they had formed a good relationship with John Doe and wanted to build a deeper relationship with him, this matter had already involved a guru, so it was not up to them to decide. They had to consider their families. A guru was still a big threat to their families.

However, they felt ashamed of Lin Rusheng in their hearts!

They were also worried about John Doe.

After all, he was a Half-step Guru.

The two looked at each other and nodded.

They understood what each other meant.

If John Doe was in trouble, they would stop Lin Rusheng and immediately take John Doe away!

Diwu Qian stared at the familiar face of John Doe in the field. There was no trace of panic on his face, as if everything was under control.

When she looked at Lin Rusheng, her face darkened.

“Father’s judgment was correct at the time.”

She recalled what her father Diwu Mingchuan had said when he found out that Lin Rusheng had stepped over the chasm.

Now, it seemed...

This Lin Rusheng was indeed narrow-minded.

“I really don’t know how this kind of person succeeded!”

Could it be that heaven was blind?

At the same time, everyone retreated to the periphery.

Everyone’s eyes were fixed on John Doe and Lin Rusheng.

At the same time, they despised Lin Rusheng even more in their hearts.

“Damn, isn’t this Lin Rusheng too shameless?”

“He’s helped you before, yet you still have the nerve to bully the weak?”

“You ungrateful wretch!”

In the field, “You go and watch over there.”

Fang Qiu glanced at He Gaoming, pushed him gently on his shoulder with his right hand, and directly pushed He Gaoming toward Yun Yangzi and Diwu Qian.

Seeing this, both of them reached out at the same time to stop He Gaoming, who had just stopped and was about to rush in again.

In the field, “You really want to fight?”

Fang Qiu looked at Lin Rusheng indifferently.

Medical Master

Chapter 994: The Broken Guru Sword

“No, I’m not going to fight you; I just want to exchange some moves with you so that I can learn from you again.”

Looking at Fang Qiu, Lin Rusheng sneered and said, “You helped me in the last battle. Let me help you this time!”

When he uttered the last word of the sentence, there was a cold glint in his eyes.

Upon hearing his words, most of the people present couldn’t help rolling their eyes.

All of them despised Lin Rusheng.

“F\*ck! How could he be so shameless?!”

“He brought shame to the Taoist sects!”

“He is outrageously shameless!”

“How could he be so shameless to say that he wanted to learn from a person who was much weaker than him? He’s going to become guru after all, isn’t he?”

“He is so thick-skinned!”

All kinds of disdainful comments could be heard in the place.

Of course, people who mocked Lin Rusheng all kept their voices low, and some only thought in their hearts because they were afraid of being heard by Lin Rusheng.

On hearing Lin Rusheng’s words, Fang Qiu narrowed his eyes and emitted a cold aura.

He said coldly, “Since you don’t cherish your cultivation as a guru...”

“Then, I’ll make you unable to make a breakthrough for the rest of your life!”

As soon as he said that, all the people present were shocked.

No one expected John Doe to say that.

“What? What did John Doe just say?”

“John Doe said that he would make Lin Rusheng unable to make a breakthrough for the rest of his life?”

“Lin Rusheng is just half a step away from becoming a guru. He has crossed over the chasm and become much stronger than when he last fought against John Doe. John Doe is much weaker than him.”

“Isn’t John Doe too arrogant?”

“John Doe is being blindly confident this time. After all, Lin Rusheng is a Half-step Guru. Although he is not as strong as a real guru, he is much more powerful than a ninth-class master who is at his peak. How dare John Doe say those words?”

“Lin Rusheng must have been enraged.”

“Lin Rusheng has fully learned John Doe’s power through the last battle. I don’t think John Doe could stand a chance to make it a draw with Lin Rusheng.”

“Hahaha...”

Lin Rusheng shared those people’s feelings. After hearing John Doe’s words, Lin Rusheng couldn’t help laughing as if he had heard a big joke. He laughed while saying, “John Doe, you really overestimated yourself!”

“Only those who know themselves well enough could become gurus!”

“Hmph.”

Fang Qiu sneered and his hand that was holding the Guru Sword shook.

“Crack!”

There was a crisp sound.

Fang Qiu broke the Guru Sword, which was wanted and cherished by countless people, into two halves.

The Guru Sword was broken!

This scene was witnessed by everyone present.

Even Yun Yangzi and some others couldn't help but feel shocked.

"Is John Doe falling out with Lin Rusheng?"

"It's a Guru Sword! How could he break it so simply?"

"John Doe is really an unyielding man! He wants to become dead enemies with Lin Rusheng."

"It seems that John Doe has also been irritated!"

"You're courting death!"

Lin Rusheng was infuriated by what Fang Qiu did.

In Fang Qiu's eyes, the Guru Sword was a present he gave to Lin Rusheng, but Lin Rusheng gave it back.

In Lin Rusheng's eyes, the Guru Sword was something that he gave John Doe in exchange for the divine sword.

In the eyes of outsiders, the Guru Sword was the only tie between the two of them.

However, now, in front of so many people and at Lin Rusheng's birthday party, John Doe broke the Guru Sword.

After all, in the end, the sword was given to John Doe by Lin Rusheng.

What John Doe did was like a slap in Lin Rusheng's face in front of everyone.

At this moment, Lin Rusheng was so angry that his eyes turned bloodshot. He stared at John Doe fixedly as if he would attack him at any time.

However, Fang Qiu was not afraid at all, confronting Lin Rusheng.

A murderous aura spread between the two of them and soon covered the whole mountain top.

Everyone could feel the tense atmosphere.

A fierce battle seemed to break out at any time.

Soon, a post appeared on the Wulin online forum.

"The birthday party became a battlefield; Lin Rusheng would fight against John Doe again?"

As soon as the post was posted on the Wulin online forum, it immediately attracted the attention of countless people.

The news that Lin Rusheng invited many people from Wulin to his birthday party had already spread throughout Wulin, and had become a hot topic on the Wulin online forum since ten days ago.

Therefore, on the day of the party, almost every netizen on the Wulin online forum was waiting to see the news of the party.

In fact, many people had started live broadcasting the party event on the forum.

Someone recorded the process of the Four Great Families arriving at the party, Lin Rusheng showing up, the waiters serving the guests food, and the guests giving Lin Rusheng gifts. The person posted the process onto the forum.

Of course, the post attracted a lot of attention.

Many people who followed the post were stunned and became jealous of Lin Rusheng when John Doe gave a Guru Sword to Lin Rusheng as a gift.

However, when they saw that Lin Rusheng asked John Doe for the divine sword, they were shocked and discussed it.

“Shameless bastard!”

“Lin Rusheng is too shameless.”

“I can’t believe he is such a shameless person.”

“John Doe has helped him so much, but he still treated John Doe like that?”

“I really feel indignant for John Doe.”

“John Doe shouldn’t have fought against him and shouldn’t have helped him to join the battle of ascension. He should have left him stuck at the peak of the ninth-class and unable to make a breakthrough to the Guru Realm.”

The netizens really felt indignant for John Doe.

They kept leaving comments in the post scolding Lin Rusheng, which led to a chaotic situation every time the post starter updated the post.

As a result, the post starter, who was at the party, could only write a new post to live broadcast the event.

However, the new post not only attracted the attention of those who followed the previous post, but also attracted the attention of some people who were not interested in the party in the first place.

“What’s going on?”

“Isn’t it a birthday party? Why does it look like a battlefield now?”

“John Doe and Lin Rusheng are going to fight again?”

“Isn’t it said in the forum that the two of them are good friends? Why does it look like they are going to fight now?”

Many people who didn’t follow the live broadcast post asked one after another.

Those who had followed the previous post answered these people’s questions one by one.

At the same time, the post starter continued to update the post.

He posted every detail of the confrontation between John Doe and Lin Rusheng onto the forum, even including every single word the two had said.

“John Doe is awesome!”

“John Doe is the only one in the world who dares to say that! John Doe, you have my support.”

“What John Doe had said to Lin Rusheng was impressive! Lin Rusheng is a shameless person and should learn a lesson. John Doe, I believe you will win.”

“It really relieved my anger. John Doe is as decisive as before.”

“Although John Doe sounded confident, could he really be a match for Lin Rusheng, who is a real Half-step Guru?”

“John Doe, be careful. If you can’t defeat him, just run. We won’t laugh at you. We believe that even if you can’t defeat that shameless Lin Rusheng now, you will be able to teach him a good lesson one day.”

After learning the conversation between John Doe and Lin Rusheng, all the netizens felt that what John Doe had said was impressive and felt that their anger was relieved.

They all thought that Lin Rusheng was simply too infuriating.

They believed that there was no one else as infuriating as Lin Rusheng in the world.

Of course, those people also felt worried about John Doe. Although they subconsciously believed that John Doe would not lose to anyone, they felt things were completely different this time.

Even though John Doe defeated Lin Rusheng in the last battle, Lin Rusheng had become much stronger this time.

However, John Doe was still the man he used to be.

Everyone felt that John Doe was the strongest person below the Guru Realm.

However, the point was Lin Rusheng had almost become a guru.

“Okay.”

On the top of Zhongnan Mountain, Lin Rusheng grinned coldly in a rage, gazed at Fang Qiu with an icy stare, and said, "Ladies and gentlemen, I'm going to exchange some moves with John Doe so that I can learn from him. At the same time, I'll try my best to help him make a breakthrough because I appreciate what he did for me."

However, no one believed his words.

It was obvious that he didn't mean what he said.

There was no need for Lin Rusheng to explain at all.

At this moment, the onlookers started feeling worried about John Doe and their contempt and resentment for Lin Rusheng had reached a breaking point.

Even those who used to hate John Doe also hoped that he could rise up and beat Lin Rusheng up this time.

"Humph, cut the crap."

Fang Qiu snorted.

Boom!

His internal Qi burst out with a loud bang.

Like a tornado that suddenly appeared, it instantly flipped over the dozen tables in the place. With an extremely sharp aura, it charged at Lin Rusheng on the opposite side.

"How dare you!"

Lin Rusheng sneered and shouted. "You're overestimating yourself!"

Boom!

A terrifying aura of energy swept out of his body as he spoke. With a gush of destructive force, it swept up more than a dozen tables around him and then rushed toward Fang Qiu with tremendous pressure.

The two auras collided with a loud bang.

Suddenly, there was a cold and strong wind on the top of Zhongnan Mountain.

The onlookers felt like the cold winter had arrived.

Swoosh!

In the next moment, two ear-piercing whooshing sounds rang out.

The onlookers took a closer look and saw that two figures were moving so fast that their shadows blurred. Then, the two figures carrying a terrifying force collided together violently.

Medical Master

Chapter 995: Neck and Neck?!

Boom!

The next moment, there was a loud boom!

The two figures collided with each other violently with an overwhelming aura, like two meteors that were flying at a high speed.

Powerful energy Qi burst out of their bodies and swept in all directions.

Under the impact of the horrible energy Qi, the fifty wooden tables, and the dishes, bowls, and chopsticks on the table were turned into powder in an instant as if they had been crushed by a meat grinder.

Time seemed to have frozen at the peak of the Zhongnan Mountain.

All the onlookers widened their eyes in shock after seeing this.

“It’s so terrifying.”

“Is... is this the power of the guru?”

“They are so powerful!”

The people present were deeply shocked by the scene just now.

The fifty tables placed in front of them were turned into ashes in just one second under the waves of energy Qi. Those yellow ashes didn’t disperse but were floating in the air like thick clouds covering the place.

Those clouds of dust were at their waist level, making it look like they were fighting in the clouds.

The scene was so impressive and unforgettable.

Whoosh!

Just as everyone was shocked by the scene, strong winds rose in the place.

They were caused by the internal Qi that burst out of Lin Rusheng’s and John Doe’s bodies.

The winds blew up the yellow ashes and enveloped Lin Rusheng and John Doe.

Bang! Bang! Bang!

Intense collision sounds could be heard from the clouds of the ashes.

All the people present were staring at the two figures in the yellow ashes fixedly. However, the clouds of ashes were so thick that they could only see what was happening vaguely.

But even so, they were still shocked by what they saw.

The two fighting men were moving so fast that the yellow ashes all over the sky started flowing around them as if they were brought to life.

“Be careful!”

All of a sudden, a scream was heard.

Everyone was startled by the voice.

Boom!

They heard another loud boom.

The two fighting figures collided with each other again violently, and a gush of energy Qi as sharp as a blade spread around from where the two figures collided.

The onlookers were so scared that they stepped back one after another.

Fortunately, some experts were standing at the most front among the crowd, serving as a buffer against the energy Qi. As a result, although the energy Qi was very strong, those who stood behind the experts could withstand it.

“I’d better stand further. If those experts and seniors hadn’t blocked the energy Qi in the front, we wouldn’t have been able to stand it.”

“Step back a bit.”

“Quickly! Here is another blow!”

Boom!

Another loud boom resounded in the surroundings.

As soon as the last gush of energy Qi dissipated, another gush of even sharper energy Qi rushed over.

Boom! Boom! Boom!

One after another, gushes of energy Qi spread from the yellow dust fog.

The battle between Lin Rusheng and John Doe became increasingly intenser.

“What? It seems like they are fighting neck and neck?”

“Although I can’t tell them apart, I can see that none of them has gained the upper hand judging by their fighting moves.”

“I don’t understand. Lin Rusheng is a Half-step Guru, and has become much stronger than when he last fought John Doe. Thus, he should have gained the upper hand. Why are they fighting neck and neck?”

“Why hasn’t the dust dispersed yet? What’s going on inside?”

The voices of discussion could be heard everywhere.

Whoosh!

As if God had heard their plea, suddenly, a strong wind blew over. The wind was so strong that the onlookers had to close their eyes.

The wind soon blew away the dust.

After the dust was blown away, the place, which had been filled with tables and chairs before, now looked quite empty. The onlookers finally could see Lin Rusheng and John Doe clearly.

Bang! Bang! Bang!

The fierce battle was still going on.

When the onlookers, including Yun Yangzi and Diwu Qian, had a closer look at the fight, they were petrified.

“It’s really neck and neck!”

“John Doe didn’t lose any ground during battle?”

“I thought Lin Rusheng would defeat John Doe with just a few moves. However, it’s not like what I’ve thought.”

“Damn, when did John Doe become so powerful?”

“No wonder John Doe dared to challenge Lin Rusheng.”

“John Doe must have made another breakthrough.”

“How could he make another breakthrough in such a short time?”

Not only those ordinary onlookers but also Diwu Qian and Yun Yangzi were shocked.

“John Doe has become stronger again!”

Yun Yangzi shook his head and sighed. “I can’t catch up with him. I can’t!”

“There’s no way to catch up with him!”

Diwu Qian also smiled bitterly in shock.

They had witnessed John Doe’s improvement and thought that it was already very outstanding for him to have become the strongest person below the Guru Realm. They didn’t expect that he could be so strong as to fight evenly with a Half-step Guru.

In Wulin, there had never been anyone below the Guru Realm who could be compared with a guru.

However, John Doe showed everyone in Wulin that he could!

As a result, everyone was shocked.

“Humph!”

Watching the fight and hearing what Yun Yangzi and Diwu Qian said, He Gaoming, who had been mocked by the former two people, immediately said proudly, "My master is the strongest! Lin Rusheng is a shameless bastard and is definitely no match for my master."

Lin Rusheng's face grew grimmer as the fight continued.

As a Half-step Guru, he couldn't believe that John Doe, who had just reached the ninth-class, could fight neck and neck against him.

Although John Doe was very strong, he couldn't be that strong, could he?

After this fight, people would only think that he was too weak instead of thinking that John Doe was too strong.

After all, he was a Half-step Guru while John Doe was just of the ninth-class of the Martial Superior realm.

Thus, Lin Rusheng felt very, very ashamed.

Among the crowd, a young man was holding a plate of chicken meat and eating it with his hands. When he saw that John Doe was actually fighting neck and neck against Lin Rusheng, a trace of surprise flashed across his eyes.

"How strange."

"Why every time John Doe fights someone, he appears to be stronger than the last time he fought someone."

The young man was confused and began to think with a frown.

After thinking for a long while, he came to his senses. When he looked at Fang Qiu again, his eyes lit up.

Lin Rusheng was furious for he failed to defeat John Doe even after so many attacks. “You’re courting death!” he shouted in his heart and activated all his internal Qi, going all out.

His aura became much more powerful. He charged at Fang Qiu like a black cloud pressing down on a city.

Swish!

Fang Qiu waved his right hand and a cold light flashed on the broken guru sword.

“Three-point Shadowless!”

Fang Qiu shouted in a deep voice through his throat.

When Fang Qiu saw that Lin Rusheng rushed towards him with a suppressing aura, strong energy suddenly appeared around his sword, and as he waved his arm, three gushes of bright sword Qi suddenly burst out along the blade.

Each gush of sword Qi was faster than the previous one.

Almost in an instant, the three gushes of blinding silver-white sword Qi merged into one and blasted towards Lin Rusheng with terrifying power.

“Hmph!”

Lin Rusheng grunted coldly.

Last time, he had successfully taken this move from Fang Qiu. So this time, he was not afraid at all.

Unlike last time, Lin Rusheng didn't have even the slightest intention of defending himself nor did he slow down. He clenched his right fist while he swung it, and it carried enormous power as it directly smashed forcefully towards the sword Qi that aimed at him.

Bang!

An earth-shattering sound was heard.

The moment the fist met the sword Qi, the former left a huge crack on the latter as if the latter was glass.

As Lin Rusheng exerted his full strength, the crack stretched in all directions like a spider web.

In the end, those three gushes of material sword Qi were shattered just like that before the eyes of everyone.

The battle was not over yet.

"Driving Thunder and Slashing Demons!"

Just when Lin Rusheng crushed this blow, John Doe's loud voice was heard again on the top of the Zhongnan Mountain.

Before the crowd could react, they saw colorful thunderbolts in the sky.

Looking from a distance, they saw that John Doe's broken sword was densely covered with thunderbolts. As John Doe waved the sword, the thunderbolts immediately started soaring and left the sword. In no time, they transformed into a huge thunderbolt sword.

Like a meteor falling from the sky, the thunderbolt sword smashed towards Lin Rusheng with destructive power.

“Hmph, it’s the same move from last time!”

Lin Rusheng sneered.

He stretched his hands forward in a Taiji posture. Then, he pushed his hands up fiercely. The internal Qi in his body immediately burst out from his palms like a flood, quickly forming a huge Taiji diagram in front of him.

Unlike the last time, this time, with the appearance of the Taiji diagram, a black and white energy shield appeared around Lin Rusheng, completely covering him.

Obviously, with the breakthrough of his strength, Lin Rusheng’s moves and the power behind them had changed greatly as well.

Sure enough, after the thunderbolt sword slashed down at the Taiji diagram and caused countless cracks on it, the sword disappeared, but the energy shield around Lin Rusheng was still there protecting him.

“Next, you will perform your third move?”

After cracking down the blow, Lin Rusheng immediately turned his eyes and stared at Fang Qiu coldly before saying, “I lost to you last time because of your third move. This time, I’ll defeat you with the move I used the last time.”

“Heaven Sword Strike!”

Facing John Doe, Lin Rusheng smiled coldly and waved the dagger that suddenly appeared in his hand out of nowhere.

“Tiangang Kills Demons!”

Fang Qiu’s roar resounded through the place at the same time.

Medical Master

Chapter 996: Has Fang Qiu Played All His Trump Cards?

In the sky, Lin Rusheng shouted “Heaven Sword Strike” loudly. Along with his shouting, the short sword in his hand accumulated extremely strong power instantly and then exploded suddenly.

Lin Rusheng moved a bit.

He then directly rose into the air, to a height of 10 meters, taking the opportunity, holding the long sword in his right hand, and he chopped down!

“Boom...”

The sky was clear, but there was thunder rumbling.

At this moment, the whole space was shaking. All the martial arts practitioners could clearly feel the Heaven and Earth energy shaking violently, as if it was being suppressed by something terrible.

At this time, the two-foot-long short sword in Lin Rusheng’s hand suddenly burst out an extremely terrifying and sharp sword Qi in the whole shaking space.

Sword Qi materialized and flew out of the sword.

Sword Qi surrounded the sword and transformed into an extremely dazzling sword shadow, like the Eight Trigrams, arranging itself in a circle.

Then, Lin Rusheng’s right hand formed a palm. The time when the internal Qi in his body gushed out, he slapped directly on the hilt of the two-foot-long short sword.

Boom!

As soon as his palm touched the sword, the terrifying internal Qi inside his body burst out suddenly and hit the hilt fiercely. A layer of extremely powerful energy Qi burst out immediately.

Influenced by the impact of this energy Qi, that short sword swooshed with an extremely strong power. The short sword, together with dozens of substance-like sword shadows, shot towards Fang Qiu.

While Lin Rusheng was attacking, Fang Qiu, who held the broken sword, was quickly surrounded by a tornado.

That tornado connecting heaven and earth burst out a kind of power that terrified everyone.

This was because that tornado was formed by astral energy of the sword!

And in the center of that tornado, Fang Qiu used all his strength and swung his right hand which was holding the hilt of the sword tightly.

A flow of incomparably violent power instantly broke away from the sword and turned into a dazzling stream of light, rushing toward the oncoming sword shadows!

“Boom...”

The next moment, there was a huge noise that resounded throughout the sky.

The explosion echoed in the deep mountains again and again.

How horrible the astral energy of the sword was!

At the place where two kinds of power collided, Sword Qi, like the dense raindrops, shot out in all directions.

After a while, the astral energy of the sword dissipated.

Last time, Lin Rusheng vomited blood because of this attack. But now, at the arena, he stared at Fang Qiu with a sneer, as if he easily defended from John Doe's strongest attack and was not affected at all.

Everyone there was surprised and exclaimed, "He actually defended from Joe Doe's attack?"

"The attack was so powerful, and how could he fight against it?"

"How is that possible? John Doe used this move to defeat Lin Rusheng last time. Even if he crossed chasm, Lin Rusheng couldn't have become so strong, could he?"

"He didn't get hurt at all, and even his breath hasn't changed at all. Now Lin Rusheng is terribly powerful."

"Now it seems that John Doe is doomed."

"Yeah, his best move didn't work at all. John Doe isn't weak but Lin Rusheng is just too powerful."

Everyone was shocked by the strong power of Lin Rusheng.

Many people thought that John Doe was definitely going to be defeated.

At the arena, Lin Rusheng laughed madly. He stared at Fang Qiu, and said, "John Doe, in my eyes, you are not even a worthy opponent now!"

"Hmph."

Fang Qiu narrowed his eyes and looked at Lin Rusheng without any fear. He snorted coldly and said in a low voice, "Is that true?"

"I'll give you one last chance. Hand over the divine sword and I'll spare your life!" Lin Rusheng sneered and said.

Hearing this, Fang Qiu waved his right hand and threw that half Guru Sword onto the ground. He then took a breath lightly and said, "It's not that easy to fight with a dog."

As soon as he said that, all the people there were stunned.

"How dare John Doe say that now?"

Even the extremely powerful third move of divine sword had been easily defended by Lin Rusheng. How could John Doe still dare to provoke Lin Rusheng like this?

Wasn't he frightened?

"You asked for it!"

Hearing Fang Qiu's words, Lin Rusheng got angry instantly.

Before, He had been suppressing his anger because he wanted to create a less bad image in front of the vast number of Wulin people.

However, John Doe's repeated verbal attacks made him intolerant!

"Hmph!"

"It is still uncertain who will be the one to die."

"Hmph," Fang Qiu snorted.

Lin Rusheng was about to make a move and kill John Doe directly when he suddenly felt that there seemed to be a slight change in the surrounding environment.

Ordinary martial arts practitioners might not be able to sense it, but as a Half-step Guru, he could feel it clearly.

The surrounding Qi of Heaven and Earth seemed to be gathering quickly towards John Doe.

“Hmm?”

Staring at John Doe, Lin Rusheng snorted and said, “In front of a guru, all small tricks are useless.”

“Is that the truth?”

Fang Qiu smiled and said, “Prepare for my attack!”

“Great Hand of Destruction!” Fang Qiu shouted in his mind.

Fang Qiu waved his right hand.

All the surrounding Qi of Heaven and Earth, like the water flow, gathered crazily from all directions, and condensed into a huge energy palm in front of him.

“You think you can defeat me with external power?”

Lin Rusheng smiled and his smile was full of contempt.

On the other side, Yun Yangzi’s eyes gazed at them. He opened his mouth and said, “John Doe is finally gonna launch a deadly attack!”

Hearing this, everyone was shocked.

Diwu Qian immediately recalled that this was the attack that John Doe launched to defeat Yun Yangzi in the past.

“I knew that this move was terrifyingly powerful at that time. I really have no idea how powerful would it be when John Doe takes this move now!”

Yun Yangzi’s eyes were lit up and he stared at John Doe intently.

“Buzz...”

At the arena, the vibration sound of the air became louder and louder.

Under his control, the huge energy palm in front of Fang Qiu instantly shrank to the size of an ordinary palm. After shrinking, the palm condensed by the Qi of Heaven and Earth which was light blue changed to ocean blue.

However, even with that being the case, the surrounding Qi of Heaven and Earth was still pouring into the palm constantly.

The Qi of Heaven and Earth increased.

The normal-sized energy palm actually condensed into a piece of blue crystal, as if it had become a real one!

This palm shocked everyone, and Lin Rusheng was no exception!

“Hmph!”

He could clearly feel what strong power that crystal-like blue palm in front of Fang Qiu had. That power could even reach the peak of Fang Qiu's own limit. Therefore, even he did not dare to underestimate it.

"I'll show you what the power of a guru is!"

Daring not to hesitate, Lin Rusheng waved the short sword in his hand and forced all his internal Qi into it.

With the influx of internal Qi, the short sword began to shine brightly!

"Attack!" Fang Qiu shouted forcefully.

He pushed the palm forward fiercely.

Suddenly, that energy palm was like an arrow leaving the bowstring and rushed towards Lin Rusheng at a terrifying speed.

Wherever it went, it aroused extremely loud noises.

"Ha!" Lin Rusheng didn't dare to be careless at all. With a roar, he immediately waved the short sword to defend. At the same time, a layer of energy Qi came out of the sword and formed a globe to cover his whole body.

"Bang!"

A loud noise was heard.

The energy palm hit Lin Rusheng's short sword violently, but it did not defeat it as easily as last time when fighting with Yun Yangzi. Instead, it confronted the shining short sword.

If one took a closer look, he could see clearly that the energy palm and the short sword were both shaking crazily.

Inside the shining globe, Lin Rusheng wore a grave expression but then grinned.

It seemed that he could definitely defeat John Doe!

At the scene, all the people were dumbfounded.

When Fang Qiu launched this attack, they clearly felt the power of it. There was even pressure in the air, which made them feel scared. They didn't even dare to look at the energy palm.

But now, Lin Rusheng defended himself from this attack again.

Moreover, after defending the energy palm, Lin Rusheng did not even move a little. Although it was obvious that the energy of his short sword was dissipating rapidly, the light of the energy palm was also quickly dimming.

In the end, the shining globe surrounding Lin Rusheng totally disappeared, and that ocean blue energy palm vanished as well.

"Lin Rusheng defended successfully again."

"It's over. Even his last attack has been defended. What else has John Doe left to fight with Lin Rusheng?"

"John Doe was defeated."

"He can do nothing about it. A guru is really powerful."

"Lin Rusheng is just a Half-step Guru. How powerful would a real guru be?"

People discussed heatedly.

Here at the arena, after blocking the Great Hand of Destruction, Lin Rusheng breathed a sigh of relief secretly and then immediately straightened his back and laughed wildly. As he laughed, he glanced at Fang Qiu with disdain and said, "I'd like to see what else you can do."

Fang Qiu raised his eyebrows.

On the other side, Yun Yangzi, Diwu Qian, and He Gaoming all began to worry about Fang Qiu.

Of course, the bystanders were also worrying about John Doe.

Judging from the current situation, John Doe had played all his trump cards. What else could he have to fight with Lin Rusheng?

Although they didn't like Lin Rusheng and were contemptuous of his conduct, everyone understood that John Doe lagged behind Lin Rusheng a lot and that couldn't be changed.

"What a pity."

"It seems that John Doe's divine sword will definitely be taken away by Lin Rusheng."

"I hope that John Doe can realize the situation. As the saying goes, where there is life, there is hope."

Everyone sighed for John Doe.

But just when everyone thought that John Doe was going to lose, Fang Qiu suddenly shook his head and smiled.

“Now, what do you want?”

Lin Rusheng glanced at Fang Qiu disdainfully and said, “Hand over the divine sword!”

“What if I refuse?” Fang Qiu asked back.

“You helped me before. I won’t kill you.”

Lin Rusheng sneered, “But I’ll keep watching over you until you hand over the Guru Sword. During this process, I can keep you alive, but I can’t guarantee that you won’t get hurt!”

“Should I thank you then?” Fang Qiu sneered, glancing at Lin Rusheng coldly, and said, “A Half-step Guru is indeed powerful.”

Lin Rusheng smirked.

“However...” Fang Qiu stared at Lin Rusheng and said in a very confident tone, “I will definitely win today’s fight!”

Medical Master

Chapter 997: Sword Might Reappears! Victory!

“Win?”

As if having heard a big joke, Lin Rusheng laughed loudly with contempt. He asked in an extremely arrogant tone, “What will you win by?”

Around him, everyone’s eyes were fixed on John Doe.

“The materialization of internal Qi was actually broken by Lin Rusheng?”

The horrible collision which's just ended, had made Yun Yangzi take a deep breath.

He knew very well how powerful John Doe's palm was.

What's more, this time, John Doe even compressed his palm strength to an extreme point. The energy in it was so vast and the power was absolutely several times stronger than the one last time when he was defeated by John!

But under such a circumstance, Lin Rusheng actually had resisted it!

"How can a Half-step Guru be so terrifying?"

Diwu Qian also exclaimed about what had just happend.

Beside them, Qian Xiao and Zhan Lin were even more shocked with eye wided by the fierce battle in front of them!

"Is this John Doe's unique skill? It's so powerful!"

"It's a pity that he's not a guru, or Lin Rusheng wouldn't have been able to block his palm."

"If John Doe was a guru, Lin Rusheng would have lost long ago."

"Ahh, this battle has already been concluded."

"John Doe has used up all his trump cards. How could he still provoke Lin Rusheng like this? I hope this battle will not turn into a battle in which any of the two Chosen Ones dies."

"Lin Rusheng won't spare John Doe!"

The criticism of the crowd came around constantly.

Diwu Qian and Yun Yangzi looked at each other and frowned at the same time.

Both of them seemed like to be asking for each other's opinion.

If Lin Rusheng really wanted to kill John Doe, they would have to take action!

Because the good karma had been established.

If John Doe were to be disabled or die directly at the top of Zhongnan Mountain, the good karma they had formed would be gone. What's more, the elders of their families were both very optimistic about John Doe's potential. John Doe's future achievements would definitely not be lower than Lin Rusheng's. He would even be able to completely surpass Lin Rusheng in just a few more years.

Therefore, it was the most worthwhile thing for them to keep John Doe alive.

Even if they would become an enemy of the guru!

They believed that even if Lin Rusheng didn't respect both of them, he couldn't ignore the top forces of Pear Garden and Diwu families, could he?

"Gentlemen."

Just as Diwu Qian and Yun Yangzi looked at each other and nodded, got ready to stand up, Xi Shaolin, who looked like a confucian, didn't participate in the discussion before, suddenly said to them with a smile, "Don't worry. Let's continue watching."

The two of them were stunned.

“Young Master Confucian?”

Yun Yangzi turned his head around and looked at Xi Shaolin in confusion.

Diwu Qian also looked in the same way.

However, Xi Shaolin smiled faintly and motioned for them to continue watching.

As in such a situation, the two of them took back their steps.

Xi Shaolin was young master of the Xi family. His status in the Xi family was very special and he took charge of everything involved Jianghu. Although his strength was not as strong as the eldest young master who had been living in seclusion for a long time, his mind was definitely at the level of a genius. Moreover, he had the special power of the Xi family in his hand. Everything in Wulin couldn't escape his eyes.

Apparently, the fact that Xi Shaolin spoke out to stop them when he saw what they were thinking meant that the battle was not over yet.

That was to say, John Doe still had a trump card?

With their minds stirred, the two of them decided to continue to look at the arena.

The sighs for John around were endless.

But right at this moment...in the field, “Master, you can do whatever you want!” Said Lin Rusheng.

In the face of Lin Rusheng's sarcasm, Fang Qiu suddenly laughed.

As the laughter spread, the whole audience fell silent in an instant.

“Hmm?”

Hearing Fang Qiu’s laughter, Lin Rusheng narrowed his eyes and glanced at Fang Qiu coldly. His face darkened slightly. He felt that Fang Qiu’s laughter was too weird. The surrounding world was too calm to be a little scary.

On the other side, with a chuckle, Fang Qiu raised his right hand slightly, stared at his palm, and gently moved his fingers.

All the fifth-class Martial Superiors and above on the scene were shocked by such an extremely ordinary action!

They could feel it clearly that there was not a single energy fluctuation on John Doe’s body, but with the movement of his fingertips, the Qi of Heaven and Earth within a radius of dozens of kilometers seemed to be attracted by something and flew quickly in all directions. It was even different from the ordinary Qi of Heaven and Earth. When these Qi of Heaven and Earth flowed over, they actually turned into streaks of blue, flowing like ribbons in the air!

Everyone present could clearly see the blue currents.

After the energy was attracted, it turned into star points around John Doe’s fingertips and began to circle around him.

At this moment, in front of everyone’s eyes, the thin figure in the arena seemed to have fused completely with this domain.

“Buzz...”

All of a sudden, there was a trembling sound in the quiet world.

The energy of star points around John Doe’s body began to quickly flow back and converge on his fingertips.

As these star points poured in, the fist-sized energy ball at John Doe's fingertip suddenly burst into dazzling light. The energy ball didn't grow bigger, but the light became more and more dazzling!

When all the energy of star points gathered in one place, Fang Qiu glanced at Lin Rusheng indifferently.

Over the other side, Lin Rusheng's face had completely darkened.

He felt an extremely vast energy cluster on the fingertip of John Doe. It was like a deep black hole, making people feel that it was bottomless.

This aura made him feel very uncomfortable.

"Heaven Sword Strike!"

Without the slightest hesitation, Lin Rusheng immediately activated all the energy in his body and executed the Heaven Sword Strike again.

This time he didn't defend himself. Instead, he directly exploded with his strongest power and directly attacked John Doe, not giving John Doe a chance to attack.

But it was too late.

When Lin Rusheng was about to move, John Doe waved his right hand.

The Qi of Heaven and Earth from all directions immediately rushed over like a torrent. In an instant, it condensed into a silver-white sword completely composed of energy in front of him.

"Space-splitting Sea-cracking Sword!"

A low explosive shout exploded from Fang Qiu's throat.

In the next moment, Fang Qiu suddenly raised his right hand, grabbed the energy sword in front of him, and then chopped it forward!

"Boom!" It sounded as if a giant stepped down.

As the moment Fang Qiu slashed down with his sword, the entire Zhongnan Mountain seemed to have been hit by a heavy hammer. The huge airflow rushed from the sky to the ground and exploded in all directions.

At the same time, the silver-white energy sword suddenly burst out with extremely powerful energy, which condensed into an extremely fierce and horrible sword Qi, shooting out fiercely.

As soon as the sword Qi moved, the wind and clouds surged from all directions!

A bottomless crack was directly slashed open on the ground where sword Qi passed. Everything that came into contact with it was instantly transformed into ashes!

The astral energy of the sword, which was several times stronger than the third style of the divine sword, was left in the space where the sword Qi passed, making people dare not take a step forward easily.

This scene had stunned all the people present.

"Sword, astral energy of the swords condensed into sword Qi?"

"That astral energy of the sword was already as powerful as the previous attack, but now these countless astral energy of the sword were actually able to condense into a single sword Qi?"

"How terrifying!"

All the Martial Superiors above the seventh-class were stunned.

Because they could feel that there were thousands of astral energy in Fang Qiu's sword Qi. The strength of each astral energy of the sword was absolutely powerful enough to split mountains and seas. Not to mention the whole sword Qi, even one of the astral energy of the sword was not something that they could resist!

How could John Doe execute such a terrifying move?

The masters had no doubt that if the astral energy contained in the sword Qi were to spread out, it could definitely turn the mountain into ashes within a minute!

This was too terrifying!

On the other side, "What?"

Lin Rusheng, who had just launched an attack, was also frightened by John Doe's move.

He wanted to withdraw his attack and block, but it was already too late.

At almost the same time as the sword Qi made of countless streaks of astral energy exploded out, it had rushed in front of him and slammed into the two-foot-long short sword in his hand.

"Crack!"

The two-foot-long short sword, which was infused with all his internal Qi, burst into pieces the moment it collided.

"Clout!"

At the moment when the weapon broke, Lin Rusheng roared and immediately concentrated all his internal Qi to defend against the devastating blow in front of him.

However, in the next moment, “Bang!” Along with a loud bang, the Taiji diagram that Lin Rusheng had just condensed was also shattered in an instant, and the black and white energy shield around him only lasted for a second.

After that, the extremely terrifying sword Qi blasted heavily onto his body without holding back in the slightest.

“Puff!”

A mouthful of blood sprayed out.

Lin Ru desperately resisted, but the sword Qi didn’t stop at all. It instantly minced his clothes into powder, and pushed Lin Rusheng’s body backward heavily.

Dense astral energy of the sword instantly spread out and completely enveloped his upper body!

By the deadly destroy of astral energy of the sword, in just a few seconds, Lin Rusheng was covered in blood.

His entire body was covered in bloody wounds!

Scarlet blood continuously gushed out.

Only then did the astral energy of the sword slowly dissipate.

On the top of Zhongnan Mountain, everything was eventually calm again.

Everyone was too shocked to speak a single word. Their gazes shot towards the thin figure that stood with his hands behind his back, and the bloodied figure that was blasted to the side of the mountain.

“Win, win?”

“John Doe has won?”

“What the f\*ck, John Doe actually win?”

After a long time did everyone realize that Lin Rusheng, a Half-step Guru, was seriously injured at this time. He didn’t even have the strength to stand up. It was easy for John Doe to kill him now.

That was to say, John Doe actually had won this battle!

Not to mention the onlookers on the spot, even the person involved, Lin Rusheng, also found it hard to believe.

“Cough cough...”

Some painful coughs came from his mouth.

The pain brought by the countless wounds on his upper body was unbearable.

If it weren’t for the fact that his strength and physical strength had both improved a lot after crossing that threshold, John Doe’s blow would have been strong enough to crush him completely!

He couldn’t believe it.

“Why?”

How could John Doe, who had just broken through to the ninth-class, be so powerful?

Lin Rusheng endured the pain and tried to stand up again. However, when he activated the energy in his body, he realized that his foundation had been broken!

Medical Master

Chapter 998: The Secret of John Does Explosive Increase in His Strength

His Dantian and meridians were all broken!

The Dantian was the foundation of a martial arts practitioner. Once it was damaged, it would be arduous for a martial arts practitioner to continue to cultivate in the future. Those who were lightly injured wouldn't be able to improve themselves anymore while those who were seriously injured would lose all their martial arts skills.

"How, how dare you to hurt my Dantian!"

Enduring the severe pain, Lin Rusheng stood up, barely drove his internal Qi to clean the blood on the surface of his skin, and revealed numerous wounds on his upper body. He roared at Fang Qiu angrily.

As soon as he said that, the onlookers, who were still in a state of shock, were even more astounded now!

"What?"

"Did he actually hurt his Dantian?"

"Lin Rusheng is a Half-step Guru. How could he be seriously injured by John Doe like that?"

The onlookers discussed heatedly.

The expressions of Yun Yangzi, Diwu Qian, Xi Shaolin, Qian Xiao, and Zhan Lin all changed.

The five of them represented the Four Great Families and the Pear Garden.

As the top five forces in Wulin, they naturally knew how important a guru was to Wulin.

The ordinary martial arts practitioners and Martial Superiors around him didn't know much about the guru because they weren't exposed to one before. But these five people were different. They were fully aware that Lin Rusheng was now in an extremely special state. Although he had overcome the chasm, he still needed time to cultivate to become a real guru. Only when his internal Qi was completely purified and his physical strength broke through and reached the level of the Guru Realm could he become a real guru.

However, John Doe directly hurt Lin Rusheng's Dantian at such a critical stage.

Once Lin Rusheng's Dantian was injured, it was equivalent to destroying Lin Rusheng's foundation. Under these circumstances, Lin Rusheng might be stuck at this stage forever and it would be difficult for him to become a guru in the future!

"Oh my God, John Doe actually did it. He truly ruined Lin Rusheng's path to becoming a guru!"

"What?"

"Lin Rusheng hasn't completely broken through to the Guru realm yet. And now his Dantian is damaged. As John Doe said, he will stop at this stage for the rest of his life!"

Some experts exclaimed one after another.

As people heard that, they were all amazed by this outcome.

"What the f\*ck? Is it true?"

“Do you mean that Lin Rusheng’s path to becoming a guru has been destroyed by John Doe?”

“Although I’m delighted, I really can’t believe John Doe is actually so powerful. He can even maim a Half-step Guru. He’s too formidable.”

“A Half-step Guru is not a guru after all. With the strength John Doe has shown today, he can really be regarded as the strongest person below the Guru Realm!”

“It’s a pity that a Half-step Guru’s foundation was ruined like that.”

“It’s indeed a pity, but Lin Rusheng deserved it. He’s so evil. Not only is he ungrateful, but he also bites the hand that feeds him. If such a scumbag really becomes a guru, it’ll be so unfair!”

“Aargh... I want you dead!” In the field, knowing that his path to becoming a guru was ruined, Lin Rusheng was so angry that he instantly went mad. Regardless of the blood flowing from his wounds, he forcibly mobilized his internal Qi and rushed madly towards Fang Qiu.

“Humph,” Fang Qiu struck out with his palm and took Lin Rusheng’s blow. He said coldly, “Stop right now and I’ll let you keep your cultivation!”

“I’ll kill you! Go to hell!”

Lin Rusheng went crazy. He couldn’t listen to what John Doe said. Even if he heard that he would only think that John Doe was mocking him and would only get angrier.

As soon as Fang Qiu finished speaking, Lin Rusheng furiously charged to attack him as if he didn’t care about his life at all. He attacked madly with lethal moves!

Fang Qiu’s sword seriously injured him just now, and Lin Rusheng had used up all his internal Qi to block that sword.

In this case, no matter how crazy and fierce Lin Rusheng was, he was no match for Fang Qiu.

“Humph,” confronted with Lin Rusheng’s crazy attacks, Fang Qiu snorted and said angrily, “since you don’t appreciate it, I’ll maim you today!”

After that, he made his move directly.

His punch hit Lin Rusheng’s Dantian directly.

“Crack!” A crisp sound rang out immediately.

All the people present heard it.

Lin Rusheng’s Dantian was shattered!

With the shattering of his Dantian, the internal Qi that had been stored in his Dantian suddenly flowed back in reverse and burst Lin Rusheng’s meridians directly!

“Puff...” Lin Rusheng spat out a mouthful of blood on the ground.

With everyone’s eyes fixed on him, Lin Rusheng fell to the ground with a bang. His eyes looked dull and lifeless.

So far, a super expert who was a Half-step Guru now completely became an ordinary man.

“Whistle...” A gust of wind howled.

All the people present were stupefied.

Not long ago, this place was filled with people having a banquet at fifty tables. Not long ago, everyone was smiling happily and congratulated Lin Rusheng who had the demeanor of a transcendent being and enjoyed everyone's respect.

In the blink of an eye, the banquet ended. Lin Rusheng descended to an ordinary man from a super expert.

This change shocked everyone on the scene, including Yun Yangzi and the members of the Four Great Families!

"He... he actually..."

"He is a Half-step Guru. How could he be maimed just like that?"

"Oh my God, what did I just see?"

"A rare expert in the world was defeated by John Doe effortlessly. This is so ridiculous."

"A ninth-class Martial Superior actually maimed a Half-step Guru. I can't believe it!"

People started to discuss heatedly.

Previously, no one dared to say bad things about Lin Rusheng because he had a great deterrent. But now, Lin Rusheng was maimed by John Doe, so people weren't worried anymore. They spoke out whatever was on their mind.

Lin Rusheng, who vomited blood and fell to the ground, was already furious. When he heard that everyone bluntly said that he was shameless, he immediately looked up and spat out a mouthful of blood. Then he rolled up his eyes and passed out directly.

In the field, after defeating Lin Rusheng, Fang Qiu took a deep breath and glanced at everyone. Then he turned around and walked towards He Gaoming.

In the field, after glancing at Yun Yangzi and Diwu Qian, Fang Qiu shouted and directly left with He Gaoming.

He had used up almost all his energy. He needed to leave right now.

As for Lin Rusheng, he was useless in this life.

Lin Rusheng's friends, who had never dared to stand out, also hurried forward and took him away.

Until the two of them left, the commotion on the scene gradually became louder.

"How terrifying."

"Who on earth is John Doe? How can he be so powerful?"

"John Doe could even main a Half-step Guru. Isn't he too formidable?"

Of course, all the experts present were also shocked like others.

Before coming here, no one expected that there would be another great battle on Zhongnan Mountain. When the battle started, no one would imagine that John Doe, who had just broken through and became a ninth-class Martial Superior, could not only defeat Lin Rusheng but also maimed him!

No one could predict such an outcome.

Soon, because there was a livestream of the battle, the news that John Doe had defeated Lin Rusheng quickly spread in the entire Wulin like a hurricane as soon as the battle was over.

"John Doe won!"

“John Doe didn’t only win but also maimed Lin Rusheng?”

“What? How is that possible? Didn’t Lin Rusheng overcome the chasm and get close to becoming a guru? How could he possibly be maimed by John Doe?”

“Lin Rusheng is a Half-step Guru. Although he doesn’t become a real guru yet, his strength is much more powerful than it used to be. Could John Doe actually maim him?”

“How powerful is John Doe?”

“John Doe is definitely going to be a legend in this world. He was the only one in Wulin who can maim a Half-step Guru with the strength of the ninth class. This kind of achievement is unprecedented!”

“How can John Doe have so many trump cards?”

“I didn’t expect John Doe to have another trump card. Is that sword move his last trump card? Or does he have a stronger trump card?”

People in the entire Wulin were discussing it.

Meanwhile, leaders of Four Great Families, who received the news in the first place, were also shocked.

“Did that kid actually maim Lin Rusheng?”

The moment Elder Zhan received the news, he frowned and muttered, “I didn’t expect this kid to have such power. Does getting old influence my judgment?”

“After this battle, John Doe can truly be regarded as the strongest person below the Guru Realm. Even a Half-step Guru is no match for him.”

When Patriarch Qian received the news, he nodded secretly and said, "It's a pity that Qian Xiao can't get along with him. It's hard to make a good relationship with John Doe."

"Sure enough." In the Xi family, Xi Fengling stopped fiddling with the beads and said, "Although I haven't found out his background, this boy's combat capability is really formidable according to the information I found. He has all kinds of powerful moves. However, no one in Wulin has ever used the unique moves he used before. And that old master... I'm afraid that the people supporting this boy are more powerful than we can imagine!"

"He won?" In the Diwu family, Diwu Mingchuan, who received the news, was stunned at first. Then, he hurriedly looked through the livestream post on the Wulin forum. After reading it, he frowned and said, "Why is this kid's combat capability becoming more and more formidable? Although the stronger he is, the better it is for Wulin, isn't this improvement a little too fast?"

Just when people of the whole Wulin and Four Great Families were talking about this matter, a new post suddenly appeared on the Wulin forum.

The post wrote, "The secret of John Doe's explosive increase in his strength!"

The person who sent the post was the young man who was watching the battle on the scene back then. He was lifting the dishes and eating the meat while he was amazed that John Doe's strength was getting stronger and stronger.

Undoubtedly, the problem mentioned in this post was what people of the entire Wulin were most concerned about at the moment.

Hence, as soon as the post came out, it immediately attracted everyone's attention.

The young martial arts practitioner didn't hesitate to completely express his thoughts in the post.

"Everyone knows that John Doe has experienced countless battles since the day he rose to fame. And his strength shown in every battle is stronger than the last time. That is to say, after every battle, John Doe's strength will improve, especially his combat capability, which will even take a quantum leap!

“However, in this case, has anyone found a very special problem like me?”

“The problem is that John Doe basically would get the Heaven Treasure in advance every time when he was about to have a battle with others!”

“The Heaven Treasure is an extremely rare thing.

“It’s a treasure in Wulin!”

“Every time John Doe gets the Heaven Treasure, his combat capability will improve greatly in the battle. I guess that the Heaven Treasure can help people make a great improvement rapidly. This kind of improvement is not only about strength. We all know that the Heaven Treasure can do that. What I want to say is... combat capability!”

“Did John Doe master the method of using the Heaven Treasure to improve his combat capability?”

Medical Master

Chapter 999: Exchange the Heaven Treasure for the Secret of Improving Strength!

“Did John Doe master the method of using the Heaven Treasure to enhance his combat capability?”

As soon as this question came out, it was immediately responded to by countless people.

“That seems to be the case.”

“I remember John Doe was selling Earth Treasures when he appeared for the first time. Then he began to fight for the Heaven and Earth Treasure. But he has been selling Earth Treasures when he got them. It seems that he is not interested in Earth Treasures.”

“How can an Earth Treasure compare with a Heaven Treasure?”

“Think about it carefully. What the post starter said seems to be right. Every time John Doe shows up, it seems to be related to the Heaven Treasure. The last time at the auction, he exchanged ten Guru Swords for the information of Ambergris Grass which is also a Heaven Treasure. Before he got the Heaven Treasure, although John Doe could defeat Lin Rusheng, it was very difficult for him to win. Moreover, he could only slightly injure Lin Rusheng. After the battle, John Doe immediately went to find the Ambergris Grass, and Lin Rusheng also began to make a breakthrough. Now Lin Rusheng has overcome the chasm of the guru and his strength has improved a lot, but he was maimed by John Doe eventually. The reason why John Doe suddenly became strong must have something to do with the Heaven Treasure!”

“Now that you put it in this way, it does seem to be the case!”

“Does the Heaven Treasure have other unknown functions apart from helping one enhance strength and make a breakthrough?”

“There are only a small number of Heaven Treasures. How many people in Wulin have used the Heaven Treasure? We are not familiar with it, so we don’t know the benefits of the Heaven Treasure. John Doe is willing to use ten Guru Swords to get information about the Heaven Treasure, which proves that he values the Heaven Treasure very much. In other words, it is very likely that his improvement is provided by the Heaven Treasure!”

All kinds of analysis and speculation appeared one after another.

As people read them, they thought it seemed to be true.

It was always easy to make people believe rumors.

With the rumors spreading, a large number of merchants immediately emerged and started purchasing Heaven and Earth Treasure on the Wulin forum.

“I want to buy the Heaven Treasure. I can exchange some goods for it or spend money to buy it. As long as you have it, I can afford it!”

“I want to purchase the Heaven Treasure with one thousand yuan. I’ll also accept the information about how to get the Heaven Treasure!”

The top forces such as the Four Great Families and the Pear Garden also took action.

Of course, among these top forces, the Four Great Families always kept a small number of Heaven Treasures, but most of them were ranked below 25th on the Heaven Treasure List.

After all, it was not easy to acquire Heaven Treasures. Hence, it was marvelous for them to collect some Heaven Treasures ranked below 25th.

As for the Four Great Families, they would not let go of this opportunity even if it was merely a rumor.

Although the patriarchs of the Four Great Families were all wise people, the rumors on the Internet were not all rumors. At least, it was obvious to all that John Doe would get the Heaven Treasure before every battle and that his combat capability would soar after getting the Heaven Treasure.

Therefore, people of the Four Great Families immediately started giving it a try.

“Beep, beep, beep...” At the foot of Zhongnan Mountain, Diwu Qian’s cell phone rang as she was in a hotel in the city.

It was a video call from Diwu Mingchuan.

“Dad,” Diwu Qian answered the phone.

“This time, the incident in Zhongnan Mountain has caused a sensation.”

As soon as the video call was connected, Diwu Mingchuan said, stroking his beard.

“Indeed,” Diwu Qian smiled and said, “Wulin must be in a commotion now, right? Even I was shocked. I didn’t expect John Doe to be able to defeat Lin Rusheng and even maim him.”

“He’s a Half-step Guru after all,” Diwu Mingchuan shook his head with a sigh and said, “Let’s talk about something else. You should have already heard the rumors spread in Wulin, right?”

Diwu Qian asked, “The rumor about the Heaven Treasure?”

“Yes.” Diwu Mingchuan nodded and said, “Although it still sounds impossible, it may have something to do with it. So I hope you can come back as soon as possible and give it a try.”

Diwu Qian asked with a smile, “Didn’t you always want to stop me from using the Heaven Treasure?”

“That’s because I’m afraid that your strength is not solid and unstable.” Diwu Mingchuan shook his head with a smile and said, “Now your strength is quite solid and stable. I don’t have to worry about that anymore. And you’re almost at the stage where you can use the Heaven Treasure. Although it’s a little early to use it now, it won’t have much of an impact.”

“Okay.” Diwu Qian nodded with understanding and said, “It shouldn’t have any negative impact. I’ll go back now.”

Diwu Qian hung up the phone and immediately rushed back to Nanjiang.

Meanwhile, Xi Shaolin, Qian Xiao, and Zhan Lin also rushed back to their families, ready to give it a try.

However, when the four of them returned to their clan and took the Heaven Treasure, they found that although the Heaven Treasure indeed had some effect, it was not enormous. They didn’t see the breakthrough or surge in strength like John Doe had.

Not only the Four Great Families but also the top forces in Wulin such as Pear Garden also found that the Heaven Treasure had no other additional effect except for its own effect, let alone improving combat capability.

Most clans felt that the reason why they didn't see the expected effects was that they didn't find the right way, so these rich and powerful clans in Wulin began to experiment with Heaven Treasures every day. When they ran out of Heaven Treasures, they would use Earth Treasures. Anyway, John Doe seemed to have started with Earth Treasures.

However, after having experiments for several consecutive days, these Wulin clans didn't find anything and didn't see any effect they expected.

People of these Wulin clans were all frowning and dumbfounded.

It didn't work.

"It's strange. Are the rumors wrong? Doesn't the Heaven and Earth Treasure have that kind of effect at all?"

"If it keeps going on like this and the Heaven and Earth Treasures are still ineffective, how did John Doe make a breakthrough?"

"Why doesn't it have that kind of effect at all?"

People of the major clans of Wulin all frowned.

Everyone was getting increasingly confused. Since the Heaven and Earth Treasures didn't have such an effect, how could John Doe improve his strength?

How could John Doe's strength improve so fast without using any Heaven and Earth Treasures?

Just when people of the rich and powerful clans in Wulin were racking their brains, a post suddenly appeared on the Wulin forum. "John Doe, could you come out and make a deal?"

At this critical moment, the appearance of this post undoubtedly aroused everyone's curiosity.

Countless people swarmed to the post.

As people read it carefully, they found that the people who sent the post turned out to be one of the major forces in the Wulin—Heaven Sect.

Heaven Sect was a very special large force in Wulin, which was similar to the Pear Garden, but its overall strength was weaker than that of the Pear Garden. However, it was more mysterious than the Pear Garden.

As its name implied, Heaven Sect was a sect that could gather the energy of Heaven and Earth. This sect grasped some of the ancient spiritual energy gathering techniques passed down from their ancestors, which could make magic arrays.

It was a pity that the magic arrays they set up couldn't cause much harm to human beings, which could only affect their surroundings.

Even so, the people of Heaven Sect still developed their own cultivation field in the deep mountains and wilderness, relying on spiritual energy gathering techniques that had been passed down from ancient times. What they planted were some herbs that were helpful to the Wulin people.

With the help of the Spirit Gathering Array, these herbs contained some of the Qi of Heaven and Earth. And the people of the Heaven Sect relied on these herbs to constantly improve their strength and expand the whole sect little by little, which made them become one of the major forces.

“What do they want to do?”

“It is said that the members of the Heaven Sect live in the Land of Peach Blossom and barely go out all year round. Even if they go out, they will travel in the remote mountains. Therefore, they have a much better chance to encounter the Heaven and Earth Treasure than ordinary martial arts practitioners. Are they going to sell the Heaven Treasure to John Doe this time since they sent the post?”

As everyone was confused, they clicked on the post to have a look.

“We, the Heaven Sect, live deep in the mountains, so we have more access to the Heaven and Earth Treasure. We now have a Heaven Treasure ranked 22nd on the Heaven Treasure List. We hope we can exchange it for a secret of rapid promotion with John Doe. We wonder if it’s possible.”

Seeing the content of the post, everyone immediately understood.

The Heaven Sect didn’t lack Heaven and Earth Treasure and spiritual herbs. What they lacked was John Doe’s method of rapidly improving his strength.

The reason why they were reluctant to come out was that they were weak.

Hence, John Doe’s method of rapidly improving combat capability was simply a remarkable temptation for them. Once they obtained this method, the overall strength of the Heaven Sect would definitely be considerably improved in a short period of time!

By then, the Heaven Sect might even be able to be ranked among the top 10 forces in Wulin!

Undoubtedly, there were numerous forces in Wulin that did not want the Heaven Sect to get John Doe’s secret of improving strength. However, there were also more people and forces waiting for John Doe’s answer.

They wanted to see if John Doe was willing to take out anything to get the Heaven Treasure.

Soon, Fang Qiu saw the post.

“A Heaven Treasure ranked 22nd?” Fang Qiu shook his head. This Heaven Treasure’s ranking was too low. It wouldn’t have any effect on him at all. Hence, it didn’t attract Fang Qiu in the slightest.

Therefore, after shaking his head, Fang Qiu turned off his phone and no longer paid attention to it.

In Jiangjing, Elder Yi also saw the post at once and learned the rumors that caused heated discussions on the Internet.

Because he had interacted with John Doe before and even fought with him for Earth Treasures, he had some understanding of the connection between John Doe and Heaven and Earth Treasures.

He knew that the Heaven Treasure had a protective effect, but he didn't want to reveal the secret. Instead, he chose to remain silent.

He decided to keep his mouth shut and not tell anyone.

It was not for John Doe, but for himself.

Because once this secret was revealed, it would inevitably motivate the greed of people in Wulin, which was human nature.

If he revealed this point, then the greedy people might think that he still held back and didn't tell everything to them.

Therefore, once this secret was revealed, it was highly likely that it would lead to a fatal consequence!

Elder Yi sighed softly, "I should pretend that this secret never existed."

He knew that even if he exposed it, there was barely anyone who would be as ambitious as John Doe and start the cultivation all over.

"I lost it. I've truly suffered a great loss this time." In the Chic Cloud Pavilion, the elder who was a guru regretted it after hearing the rumors in Wulin.

"I only exchanged a Heaven Treasure for a Guru Sword. I've lost a great deal. I'm working at the auction house myself, but I actually lost to a young man in the business! I'll be really ashamed if anyone knows it."

On the Wulin forum, countless people were waiting to see how John Doe would respond to the Heaven Sect.

However, John Doe did not appear or reply to the post after they waited for a long time.

It was obvious that John Doe was not going to respond to it.

This result greatly disappointed the crowd. Meanwhile, it also allowed the people of other forces that were secretly competing against the Heaven Sect to heave a sigh of relief.

Just when everyone was disappointed, a piece of news suddenly came out, which was exhilarating!

Medical Master

Chapter 1000: Encountering a Big Problem!

“Yun Yangzi has broken through to the ninth class with two opened meridians!” This news suddenly appeared and soon spread in Wulin.

“It’s said that Yun Yangzi was inspired by the battle between John Doe and Lin Rusheng and finally broke through successfully.”

“After being defeated by John Doe last time, Yun Yangzi would attend almost every battle of John Doe. He even once stood up for John Doe and built a good relationship with John Doe. Now it seems that Yun Yangzi also begins to catch up with John Doe.”

“He has broken through to the ninth class with two opened meridians so soon?”

“He’s now a ninth-class Martial Superior with two opened meridians. That’s the peak below the level of a guru. Next, Yun Yangzi’s challenge is to overcome the chasm of the guru!”

“Will Yun Yangzi become the next guru in Huaxia Wulin?”

Everyone in Wulin was talking about it.

First of all, although the Pear Garden was mysterious in Wulin, it had always presented a positive image. Every time Yun Yangzi appeared, he was righteous and occasionally did something to uphold justice, so everyone had a good impression of Pear Garden and Yun Yangzi. When people heard that Yun Yangzi had broken through, they also congratulated him.

Everyone was congratulating Yun Yangzi on making a breakthrough.

At this time, in the Diwu family in Nanjiang, in the main hall, a maid ran in happily and said, "Sir, Miss Diwu finished her closed-door training."

"Oh?" Hearing this, Diwu Mingchuan hurriedly put down the book in his hand and walked out quickly. When he walked to the garden, he happened to see Diwu Qian, who had just finished her closed-door training.

He took a quick glance.

"Great." Diwu Mingchuan laughed and said, "Since you can make such a breakthrough and become a ninth-class Martial Superior with one opened meridian, it means that you didn't use the Heaven Treasures in vain. As my daughter, you're truly remarkable!"

"It's merely a little improvement." Diwu Qian smiled wryly and said, "You're exaggerating."

"I just feel happy." Diwu Mingchuan grinned and then asked seriously, "How's the outcome this time?"

"It's indeed helpful." Diwu Qian nodded gently and then said with a sigh, "However, it only helps vaguely. It's not enough for me to make a breakthrough quickly."

"It seems that the rumors can't be trusted!" Diwu Mingchuan said with a smile. Though they failed in the experiment, he didn't look displeased at all. Instead, he gazed at Diwu Qian with love and care.

Soon, the news of Diwu Qian's breakthrough also spread.

Later that day, various forces' experts who were watching the battle on the spot also broke through one after another, and their strength was all improved by one level. These pieces of news made the people who didn't go to watch the battle particularly envious and regretful. And they also felt that it was such a pity.

"Master, why doesn't my strength change at all since those people's strength has increased by a level?" Next to Fang Qiu, He Gaoming asked sadly.

"The improvement lies in comprehension!" Fang Qiu rolled his eyes at He Gaoming and asked, "What did you comprehend in the battle between me and Lin Rusheng?"

"Huh?" He Gaoming was stunned by Fang Qiu's question and couldn't utter a word.

He was so focused on being angry that he didn't have time to comprehend anything at all.

"What?" Fang Qiu shook his head and sighed speechlessly. Then he handed the broken sword he took away when he went down the mountain to He Gaoming and said, "This is a Guru Sword. Although it's broken, it's different from an ordinary Guru Sword. This sword has my aura left in the battle. Take it back and try to feel it."

Hearing that, He Gaoming, who disliked the broken sword at first, suddenly felt as if he had found a treasure.

"Beep, beep, beep..." A text message notification sounded from Fang Qiu's trouser pocket.

He took out his phone and found that it was He Xue who sent him the message.

While He Gaoming was waving the broken sword excitedly, Fang Qiu tapped on the message and took a look.

“Boss, why do you disappear after leaving the company? Are you going to abandon us? I’m telling you. Come back as soon as you receive this message. Our two products are about to go on the international market. Now there is another problem waiting for you to solve. Hurry up and come back!”

After reading the text message, Fang Qiu shook his head and smiled.

Fang Qiu then took He Gaoming into a bookstore.

He found some paper and a pen and quickly wrote down a treasure book for breaking through from the fourth class to the fifth class.

“This book is about my experience when I broke through from the fourth class to the fifth class. It won’t help you directly. Take it back and study it. As long as you comprehend it thoroughly, it won’t be long before you make a breakthrough.”

Walking out of the bookstore, Fang Qiu handed the treasure book for breaking through to He Gaoming.

“Master, why don’t you guide me in person?” He Gaoming took over the treasure book and asked wryly.

“I still have something urgent to do. Let’s talk about the guidance later.”

After saying that, Fang Qiu and He Gaoming parted.

After booking a ticket with his cell phone, Fang Qiu went straight to the airport and rushed back to Beijiāng by plane.

On the way, he quietly transformed back into his original appearance!

Back in Beijiāng, Fang Qiu saw a familiar staff member of the cultivation base as soon as he walked out of the airport.

It was obvious that He Xue had asked him to pick Fang Qiu up.

Fang Qiu got in the car and soon returned to the cultivation base.

“He Xue is waiting for you in the office. She’s been pretty anxious these two days. Quick, go take a look.”

As soon as Fang Qiu reached the base, he met Zhao Shanlin.

Fang Qiu rushed to the office after exchanging a few words with him.

When he arrived at the office, Fang Qiu found that He Xue was indeed waiting for him inside.

“You’re finally back.” Seeing Fang Qiu, He Xue, who was sitting at her desk, stood up with a wry smile.

“What’s wrong? Is there anything that can make you so anxious in business?” Asked Fang Qiu with a smile.

“Of course, I can’t solve everything.” He Xue rolled her eyes and said, “This is a problem that baffles people in the country or even in the world. I asked you to come back to help me think of a solution. But I don’t think you can come up with a solution in a short time.”

“Oh, what’s the problem that baffles so many people?” Hearing this, Fang Qiu suddenly felt interested and immediately said, “Tell me about it.”

“Then listen carefully.” Taking a deep breath, He Xue asked, “When the Trillium Root-Securing Pill was released in Huaxia, those who suffered from asthenic Yin causing excessive pyrexia, Yang heat, or weakness of spleen and stomach were not allowed to take this drug.

“It’s normal for the Huaxia people to read the contraindications. But the Trillium Root-Securing Pill is now about to be on sale abroad. How can we make the people on the international market understand it?”

Sure enough, Fang Qiu frowned the moment he heard this question.

This was truly a big problem.

It was particularly difficult to translate Chinese Medicine. If all the pathological conditions related to the contraindications were translated into foreign languages according to Western Medicine, it could fill up the medicine instruction.

“What should we do?” Fang Qiu thought to himself.

Letting out a sigh, He Xue replied, “It’s impossible to translate it directly. I’ve already asked someone to try it, but it’s impossible. I’ve tried brief translation, but it won’t work. It might cause foreigners to take the medicine randomly without knowing its impacts. At that time, our company’s reputation will be greatly damaged.”

Fang Qiu nodded with understanding.

“If we really can’t find a solution, we can still write our instructions in our language!” He Xue gritted her teeth.

Hearing this, Fang Qiu’s face suddenly lit up as he was perplexed.

“I got it.” Looking at He Xue, Fang Qiu smiled.

“What?” He Xue was stunned and couldn’t believe it. It wasn’t that she wouldn’t believe that Fang Qiu could come up with a solution, but that she couldn’t believe that he could have a perfect solution. After all, she had been thinking about it for many days, but she couldn’t think of a perfect solution.

“It’s very simple. Just add one sentence.” Fang Qiu smiled and said, “Since it can’t be solved, why don’t we turn this problem into something beneficial to us?”

“What?” He Xue was stunned. She didn’t know what Fang Qiu was talking about at all. How could such a big problem turn into something beneficial to them?

“I don’t mean it’s beneficial to ourselves, but to Huaxia and Chinese Medicine,” Fang Qiu said, “you just need to add one sentence on the contraindication of the instruction—This drug needs to be taken under the guidance of Chinese Medicine doctors! In this way, we can not only bring some popularity to the Chinese Medicine doctors working abroad but also bring some patients to them so that they can increase their income. Most importantly, what we do can be regarded as helping to promote Chinese Medicine.”

“You are really a Chinese Medicine doctor.” He Xue couldn’t help but say with a wry smile, and then added, “I originally wanted to follow the domestic strategy, paving the way for our products with Trillium Root-Securing Pill first. And then we’ll start selling the Life-prolonging Earth Pill. But now it seems that I can’t do that. I can only change our strategy. Fortunately, we have already produced these two drugs, otherwise, it would really be too late to replace them. In this case, I bet the foreign company will come to argue with us.”

“I’m only responsible for thinking of a solution. You’re the one who needs to solve business conflicts.”

With that, Fang Qiu left the problems to He Xue.

He Xue could only say that she was used to it.

Soon, as expected, people of the agent company soon came to find them, who was still that man with tanned skin.

In the general manager’s office of Hua Yuan Pharmaceutical Corporation in the capital, He Xue received him.

“Miss He, you are violating the contract by doing this. When we signed the contract, we made it very clear that we would only sell Trillium Root-Securing Pill at the beginning. After the sales of Trillium Root-Securing Pill soared for a period of time, we will sell the Life-prolonging Earth Pill.

“If Renyi Company does this now, it will definitely cause a huge blow to the sales of Trillium Root-Securing Pill. In order to mitigate this impact, the only way is to make the two drugs go on the market together. In this way, the sales of the Trillium Root-Securing Pill will not soar. This will be a huge loss of our company’s interests.

“On behalf of my company, I ask Renyi Group to give us a reasonable explanation. In order to reduce the losses my company may suffer, my company strongly requests a reduction in the price of Trillium Root-Securing Pill and Life-prolonging Earth Pill or compensation for my company!”

This was a serious negotiation.

Thus, He Xue did not speak in the first place. Instead, she waited patiently for him to finish his words.

After the man finished speaking, He Xue wasn’t panicked at all. On the contrary, she smiled. “Your company should know that except for Trillium Root-Securing Pill and Life-prolonging Earth Pill, our Renyi Group also has another popular product, the Holy Flowers Formula!

“I want to know if your company still wants to cooperate with us on Holy Flowers Formula.

“Of course, if your company doesn’t need it, I can still hold another business fair to see what price other companies can offer.

“But if you want to cooperate, you’d better not say things that shouldn’t be put on the table!”
