

Medicine 512

Xiao Chen knew the doctor who laughed at him.

This person is the opponent of Xiajia medical school. Zhong Linyi is in the same street as wanshoutang, which is on the street and Xiajia medical school is at the end of the street.

This is a peer, nature is like an enemy.

Zhong Linyi is a man with a small stomach and a chicken intestines, but his medical skills are ordinary. If Mrs. Wang just said this person, Xiao Chen felt that the worry of staff officer Wang was necessary.

"Xiao Chen, you fool. How can you become a miracle doctor? If Xia yunshang comes, I can understand. How did you bring this fool to staff officer Wang?"

Xiao Chen didn't answer, but walked slowly to the bed. He looked at the old man on the bed and saw the source of the old man's disease at a glance. As Zhong Linyi said, phlegm was obsessed.

But ordinary acupuncture is very difficult to cure this old man Wang's disease. Only a secretary of his immortal medical school can resolve this disease.

Think of Xianyi gate. I can't help thinking of myself in the last life. Unexpectedly, I've been used to everything in this world in just a few days.

Everyone was looking at him, but Xiao Chen thought of the past and sighed.

"Doctor Xiao, what's the matter? Is my father very serious?"

Xiao Chen calmed down and knew that he had just lost his temper. He waved his hand and said, "it's all right. As Dr. Zhong said, the old man is confused by phlegm."

"Hum, you're really good at picking up bargains? I said it and you said it. By the way, staff officer Wang, why do you think this fool knows medicine?"

Staff Wang couldn't tell him what he had been cured by Xiao Chen last night, so he looked at Zhong Linyi and said, "Dr. Zhong, since doctor Xiao said, this is not an ordinary acupuncture that can be cured. You don't have to give my father a needle."

"Well, how can this work? If you can't be a fool, you won't give the master a needle?" Aunt Chen said, staring at Xiao Chen and said, "what are you talking about here, you fool? What if my master's illness is delayed by you? Can you afford to be a fool?"

Staff officer Wang looked at Aunt Chen, then went to bed, knelt down beside old man Wang and said, "this is my father. But I know some people don't want him to wake up today, but now I've invited doctor Xiao. If doctor Xiao really can't cure my father, I won't blame him. As for others, it has nothing to do with you."

Seeing that staff member Wang said so, Aunt Chen could only go to staff member Wang's mother.

"Sister, you see, the young master is gambling on the master's body!"

Old man Wang looked at his son and said, "do you really believe this fool?"

"Mother, doctor Xiao has excellent medical skills. He is not a fool. Don't worry. Father's illness can certainly be cured by him. "

Aunt Chen said coldly, "what if it can't be cured? "

"Can't it be cured?" Staff Wang looked at Xiao Chen.

Zhong Linyi then pointed to Xiao Chen and said, "then let Xiao Chen send him to the patrol room and accuse him of a quack death"

Aunt Chen nodded and said, "this is the best."

Staff Wang wanted to say something for Xiao Chen again, but saw his mother nodding and said, "that's right. If you don't give him some rules, what if you're really cured by this fool?"

"Don't worry, doctor Zhong is there. As long as he has something wrong, doctor Zhong will stop him at any time." Aunt Chen said, looking at Zhong Linyi.

"Naturally, if there is anything wrong with him, I will stop him immediately."

After this arrangement, staff officer Wang glanced at Aunt Chen and Zhong Linyi and said, "now you can let doctor Xiao see a doctor."

Aunt Chen nodded.

Just when staff member Wang went to invite Xiao Chen. Aunt Chen gave Zhong Linyi a look.

Zhong Linyi hurriedly stopped Xiao Chen.

"What are you doing?" Staff Wang stared at Lin Yi.

"Ha ha, staff officer Wang, I just want to ask him, this fool, how are you going to treat Master Wang?"

Xiao Chen saw him and asked, "in fact, the symptoms of Master Wang are not very difficult. It only needs one kind of acupuncture to cure it."

"You just said that my acupuncture method is ordinary. Now you say that you have a kind of acupuncture method that can be cured. I would like to ask, what acupuncture method can cure this phlegm obsession without auxiliary medicine stone?"

Xiao Chen looked at Zhong Linyi with disdain and said, "have you ever heard of the thirteen needles of Feixian?"

Zhong Linyi's body was shocked. He suddenly looked at Xiao Chen and said, "you. How do you know there is this kind of needling."

Xiao Chen actually asked the same question. After all, this flying immortal needling method was a common needling method he practiced when he was in the immortal medicine school.

But this world, after all, is different from our own world. How can there be thirteen Feixian needles here? "

"Dr. Zhong, do you know?"

Zhong Linyi grabbed Xiao Chen's arm and said, "you haven't said yet. How do you know this acupuncture method? "

Xiao Chen said faintly, "I just saw it in a medical book. "

"Medical books? What medical books will have this acupuncture technique that has been lost for a hundred years? Are you"

Xiao Chen took Zhong Linyi's hand away and said, "doctor Zhong, I'll talk about it later. You ask me what I use to cure Master Wang. I just want to use this acupuncture."

"It's impossible. Those who can use thirteen needles must know how to run true Qi!"

Zhong Linyi looked at Xiao Chen and said contemptuously, "how can you be a fool to practice this true Qi?"

Without explanation, Xiao Chen went to master Wang's bed and said to Zhong Linyi, "please borrow Dr. Zhong's silver needle."

Zhong Linyi reluctantly handed him a silver needle.

Xiao Chen picked up the silver needle and slowly mobilized the true Qi in his body. Fortunately, there were still some true Qi in the diseased pulse. Although there were not many, he could finish all the thirteen needles.

Everyone on one side looked at Xiao Chen and waved his arms around Master Wang.

But Zhong Linyi gradually locked his eyebrows in one place.

Although he hasn't practiced Zhenqi yet, he has seen his master use this invisible but real power.

"Well, how is this possible?"

When Zhong Linyi was using the needle with Xiao Chen, he muttered behind him. At this time, staff member Wang turned around and stared at him and said, "I said, Dr. Zhong, what are you doing? Doctor Xiao is treating my old man now. What do you mean by interfering so much?"

Zhong Linyi widened his eyes and looked at Xiao Chen's technique. He himself followed suit, as if he were learning.

Seeing this, staff officer Wang smiled and said, "Aunt Chen, this is the miracle doctor you found. Isn't he following miracle doctor Xiao secretly?"

Seeing this, Aunt Chen went to Zhong Linyi and kicked him.

"Ah?!" Zhong Linyi was relieved. Seeing that it was Aunt Chen, he shook his head and said, "Aunt Chen, my medical skill is not as good as this fool."

This sentence surprised everyone and looked at Xiao Chen.

Right now.

Lying on the bed, old man Wang suddenly snorted.

"Ah, it's suffocating me. Water, give me a mouthful of water..."

Master Wang is awake!
