

## Medicine 517

"Wait a minute! "

Just as Aunt Wang was about to call the police, Zhong Linyi walked into the medical school. He looked at Qin Ming, then went to Xia yunshang and said, "Shiniang, this car is really master's."

"Shiniang? You, what's your name?"

Xia yunshang saw that it was Zhong Linyi. Originally, she thought that the competitor was looking for trouble. Unexpectedly, it was Shiniang.

"Oh, yes, you don't know, Shiniang. In fact, I haven't been admitted to the school by Shifu these days. Therefore, I hope you can tell me, Shiniang. I heard that my master listens to you most." Zhong Linyi smiled and looked at Xiao Chen sitting in the car outside.

"Dr. Zhong, don't joke. This is the business of our Xia family medical school. Please leave it alone." Xia yunshang said and looked at Aunt Wang and said, "Aunt Wang, what are you looking at? Go to the police!"

"Yes, yes."

Here, Aunt Wang called, but Zhong Linyi stopped and said, "wait a minute, I said Shiniang."

"Dr. Zhong. Please don't call me that."

"Well, my doctor Xia, why don't you believe me? I said this car belongs to my master. Can't I Zhong Linyi deceive you?"

"His? How is it possible? You know how much this car costs? He is a fool. How can he have tens of millions of silver dollars? Let alone him, the whole Xia family may not be able to pay so much money?" Qin Ming pointed to Xiao Chen outside. The disdain on his face was even more a fool.

"Who are you? When you talk to my master like this, who do you say is a fool? I think your whole family is a fool?"

Zhong Linyi quit at that time. He said he would come to catch Qin Ming.

Xia yunshang looked at Qin Ming and said, "Dr. Zhong, Qin Ming just said that our Xia family may not be able to afford such a car. How can he? "

Zhong Linyi smiled and said, "my doctor Xia, can't someone else give it to me? I was there just now. The car was given to my master by staff officer Wang. Does the Wang family know? Does the strength of others still depend on me?"

Qin Ming was slightly stunned when he heard about the Wang family. Although the Qin family and the Xia family are regarded as well-known families in Binjiang City, they are better than the Wang family. It's all a little witch and a big witch.

When Zhong Linyi saw that Qin Ming heard that the Wang family was also stupid, he sneered and said, "Qin, you know now why I said you were setting up my master? Boy, I really want to beat you up. If it weren't for"

He looked at Xia yunshang in front of him, shook his head and said, "if doctor Xia had protected you, I would have let your nose blossom."

"Miss, are we still calling the police?"

Xia yunshang frowned, waved his hand and said, "forget it. No need."

Zhong Linyi went to the door and said to Xiao Chen, "master, thank me this time."

Xiao Chen nodded at him.

Not to mention, the old apprentice saved himself from a trouble.

He got out of the car and Zhong Linyi hurried to the road.

Xiao Chen was stunned. He was not used to it. He didn't know how to walk.

"Master, what's the matter with you?"

Xiao Chen was embarrassed.

Yes?

Who can stand such an old man calling himself master and opening his way?

"Dr. Zhong, can we discuss whether we can stop calling me Shifu?"

"Then? What should I call you?"

"You'd better call me a fool."

"No, no, No. There's no apprentice who calls master a fool."

Xiao Chen has no choice but to take this clock.

Whatever you want.

Xiao Chen walks into the hospital.

He looked at Qin Ming and said, "can you call now?"

"You!" How can Qin Ming call Xiao Chen's father? He denies it with a straight eye.

"Enough, Xiao Chen, have you done enough?" Xia yunshang started a fire.

Xiao Chen is really stupid.

"Qin Ming is my friend. It's good for you. When people come to the medical school, you target them everywhere. Don't you pay attention to me?"

Xia yunshang said, pointing to the back hall and said, "go. Kneel in the back. If I don't let you get up, don't get up!"

"Dr. Xia, this..."

Zhong Linyi was about to speak for Xiao Chen when Xia yunshang pointed to him and said, "Zhong Linyi, how old are you? You call him Shifu one by one. This is the Xia family medical school. If you want to mind your own business, go back to your longevity hall. It's not welcome here. Do you hear me?"

Zhong Linyi was stunned by Xia yunshang.

I want to answer back, but I'm afraid that if I really offend this Shiniang, I'll have no chance to worship her in the future.

"All right, Dr. Zhong, you go back first. All right?" Xiao Chen waved to him.

Then he walked into the inner hall.

Seeing that it was no fun to stay any longer, Zhong Linyi could only stare at Qin Ming and said, "be honest with me. You'd better not let me know that you bullied my master. Otherwise I..."

He waved his fist at Qin Ming.

Qin Ming smiled coldly.

Xia yunshang stared at Zhong Linyi and said, "please!"

Zhong Linyi had to leave the Xia family medical center bitterly.

While walking, he muttered: "Shiniang, I have a crush on this boy. Isn't my Shifu handsome? Really."

Qin Ming couldn't hear it. He stared out of the door and looked at Xia yunshang and said, "yunshang, I think Zhong Linyi is a madman. Otherwise, he won't sleep. It's ridiculous to call Xiao Chen master. What's his ability and what's his medical skill? I don't even know the word "medical skill", do I? "

Right now.

"Is there anyone alive in the Xia family medical school?" A big man nearly two meters tall came in from the outside, holding a bright dagger in his hand.

"How do you talk?" Qin Ming saw someone say so and asked, pointing to the big man.

"Who are you? Didn't you say that the doctor in the Xia family hospital is a female doctor?"

"My name is Qin Ming, from this hospital..." before Qin Ming finished, the big man grabbed his collar and picked Qin Ming up from the ground.

"I don't care. Since you're from the medical school, it's right to find you." the big man said, putting the dagger on the other party's neck and said, "the medicine in your medical school has poisoned my brother. Now I cut your tongue and let you be a mute like my brother!"

Qin Ming was so frightened that he turned pale and shouted, "hero, wait a minute. I'm not from the Xia family medical school. My surname is Qin. If you don't think about it, how can I be from the Xia family medical school?"

"Hmm? That's right. What did you just shout to me?"

Qin Ming was so depressed that he explained with a smile: "I, I just feel that if you want to talk to the Xia family, this is doctor Xia yunshang from the Xia family medical school."

He said and pointed behind him.

The big man looked at Xia yunshang, then threw Qin ming to the ground and strode to Xia yunshang.

"Are you the doctor Xia who sold my brother's medicine and made him mute?"

"I'm a doctor in this hospital, but what you said is that the medicine in my hospital is bad for your brother? I don't know about it."

Seeing that Xia yunshang said so, the big man sneered and said, "why don't you admit it now? Well, do you think this is your Xia family's medicine?"

He said, taking out a medicinal paper with Xia characters from his waist.
