"Why are you, second uncle?" When Qin saw the visitor, he smiled slowly on his originally slightly angry face.

It was Xia Jiuzhou, the second grandpa who was sucked by Xiao Chen.

"Didn't you say you were bitten by a snake and recuperated at home?" although the Qin family has a noble status in the Xia family, she can't help lowering her head in front of Xia Jiuzhou.

Xia Jiuzhou is the second younger brother of Qin's husband. He was originally the head of the Xia family.

But Xia Jiuzhou is weak. He didn't care about these family affairs, so when Qin's husband died, Xia Jiuzhou refused to take over.

After all, Qin Shi. Seems to owe Xia Jiuzhou a personal favor.

She asked Xia Jiuzhou to sit down next to her.

The second grandpa is also detached in the whole Xia family.

So seeing that it was his objection, those who just thought Xiao Chen deserved it didn't dare to say anything.

"Second brother, you just said no. do you know what Xiao Chen did?"

Xia Jiuzhou looked gloomy and looked at his sister-in-law. How could he not know that the Xia family despised Xiao Chen a hundred times.

Even before, he didn't like this fool.

The Xia family was ashamed of the whole family because they let fools become a burden.

This is known to the whole family.

Xia Jiuzhou is no exception.

But today's event has completely changed Xia Jiuzhou's view.

"Sister in law, Xiao Chen can't be expelled from Xia's house."

"Second younger brother, why do you object? You should always give us an explanation?"

The Qin family immediately looked at the people in charge of the other branches.

"Yes, Dick, you have to give us an explanation."

"Yes, this fool, you don't know how many faces our Xia family lost. Why are you going to object today?"

Xia Jiuzhou clapped his hand at the corner of the table.

The whole ancestral hall was silent.

Everyone knows Xia Jiuzhou's temper. He doesn't get angry easily, but if he gets angry, I'm afraid no one can stop him.

Neither can Qin.

"Second brother, do you have something to say?"

Xia Jiuzhou glanced at the crowd fiercely, and then his eyes fell on Xia Ziyuan.

"I heard it was because of you?"

When Xia Ziyuan saw the second grandpa ask, he was also slightly shocked. Trembling tongue: "yes, Grandpa, he beat me."

"Hit you?" Xia Jiuzhou's voice was cold and said, "I think it's light."

"Second grandpa"

"I said uncle, what did you say?" Xia Guohao couldn't listen at this time. His son was beaten. Why should he be said so? As the eldest son of the Xia family, he naturally felt that he couldn't live up to his face.

"What. Guohao, do you want to protect the calf?"

"No, no, uncle, I just feel that you just said that Ziyuan was beaten lightly. Is it right to beat people"

"What is Xia Ziyuan like? Do you not know, or do I not understand?" Xia Jiuzhou said, glancing at Xia Ziyuan and said, "you said, is it the hand that moved first?"

When asked, Xia Ziyuan looked at the Qin family and said, "grandma, you decide for me?"

"Second younger brother, I didn't say whether Ziyuan moved or not in advance, but you know that I asked Ziyuan to go to audit the accounts. What identity did Xiao Chen want to block in every way? Isn't it disrespectful?"

Xia Jiuzhou looked at the Qin family and said coldly, "sister-in-law, I know you don't want to see Xiao Chen, but I'll put my words here today. Xiao Chen can't be expelled from the Xia family. If you have to expel him, expel me too!"

His words immediately surprised the Xia family present.

What did Xiao Chen eat for Xia Jiuzhou?

Qin secretly wondered, but Xia Jiuzhou's status was special, and she couldn't force it.

It was supposed to open an ancestral temple to drive Xiao Chen out. But now, not only did the people not be driven away, but they even improved Xiao Chen's identity in the Xia family.

Now the Xia family knows that Xiao Chen is not easy to mess with. Xia Jiuzhou is behind it.

The Qin family can only close the ancestral hall hastily.

Families go back to their homes.

The matter came to a hasty end.

Xia Guowei and his family left the ancestral hall.

He hurriedly stopped Xia Jiuzhou with his wife, daughter and his silly son-in-law.

"Second uncle, thank you very much. Otherwise my son-in-law will really be expelled from the Xia family."

Xia Jiuzhou waved his hand and said, "this is what I should do. Xiao Chen is in our Xia family. That's our Xia family's blessing. Your family should treat him well."

When Xia Jiuzhou left, Zhao Youzhen glared at Xiao Chen fiercely and said, "you fool, why do we have to be treated coldly by the people because of you every time? Look at those Xia family members who didn't support you just now, as well as the eldest and second family members. Xiao Chen, this is all thanks to you."

"Mom, let's go back first."

"You just protect him."

Zhao Youzhen glared at Xiao Chen angrily and got into the car with her husband and daughter.

Xia Guowei's jeep is fading away.

Xiao Chen knew that this time, he had escaped another disaster.

Back to the hospital.

There was nothing to say this night.

The next morning, Xiao Chen asked Xia Yunshang for leave when she came to the hospital.

He said he would go to Dongjiang city with staff officer Wang.

Xia Yunshang promised happily this time.

I don't know if it was yesterday's ancestral temple. Xia Yunshang also listened to Grandpa two.

Xiao Chen, go here and pick up the car.

Xia Yunshang came out at this time and said, "you'd better return the car to the king's staff quickly. You're from my Xia family and always drive such a good car. I'm afraid it will attract criticism from the people again."

Xiao Chen thought for a while and avoided trouble. She really had to follow what Xia Yunshang said.

He drove to Wang's house.

See staff officer Wang and return the car.

Staff Wang naturally didn't understand. However, Xiao Chen insisted on not accepting it, and he could only agree.

Here, staff Wang drove his own car and they went to the wharf.

Dongjiang city and Binjiang are just separated by a river.

They got on the ferry and were carried across the river.

Dongjiang wharf.

More than a dozen black Audi A8 stopped at the roadside. In such a pomp, the people who came and went on the wharf hid far away.

However, some people who recognize the license plate can see at a glance who owns these cars.

"It belongs to the sun family. In Dongjiang, the sun family can have such a big show"

No, look at those two people. It seems that they came for sun Lao's illness, too? "

"How many waves have come these days?"

"There are more than ten waves. They are all miracle doctors everywhere, but Sun Lao's disease is not getting better."

Xiao Chen also heard the voice of others.

It seems that sun's illness is really not simple.

A man in his forties came out of the "Mr. Wang" Sun family. The man's suit, square face and eyes were as divine as two light bulbs.

Staff Wang was also stunned when he saw the person who came to pick him up and Xiao Chen. He hurriedly came forward with a smile and said, "I didn't expect my uncle to pick him up in person. I'll introduce you to doctor Xiao. This is sun Xiaolong, the current head of the sun family. "

Xiao Chen was also surprised.

The owner?
