Xiao Chen is cleaning up the fish in the kitchen.

Xia Guowei just bought it.

His father-in-law also made a special explanation and asked him to do it according to the method of braised pork. What do you say? Wait, Zhao Youzhen's nephew will bring a friend to be a guest.

Xiao Chen knows the eldest son of the Zhao family. He is Zhao Youquan's brother, named Zhao Youcai. He has operated the Zhao family's industry in other provinces for many years.

It is said that he seldom comes back.

This time I went home to visit uncle Zhao.

Xiao Chen didn't think much.

Here he is busy in the kitchen.

Soon someone outside rang the doorbell.

Go and open the door.

Zhao Youzhen and Xia Guowei also went to the front hall to meet.

Two men came in. The one in front was somewhat similar to Zhao Youzhen, with a square face and a moustache.

From the appearance, he looks like a professor.

This is Zhao Youcai. Although his face is gentle, he is a dissolute son. He is nearly 40 years old. His aunt married Bafang alone.

And beside him. He is a little younger and looks like a scholar. With gold wire glasses, he seems to be very educated.

"Aunt, uncle."

Zhao Youcai came forward to say hello with a smile and then said hello to the people around him. "This is my friend Chen gongqiu," he said

"Mr. Chen, welcome!"

Xia Guowei smiled and nodded.

Zhao Youzhen looked up and down and wished she could pick up Chen gongqiu's clothes and have a look inside.

Xia Guowei bows to Chen Guowei in the autumn.

"Aunt."

When Zhao Youzhen saw her nephew calling herself, she nodded with a smile and said, "childe Chen, you are really a talent. I don't know where you are now?"

"Aunt, my friend is an Xinglin family. The Chen family practiced medicine for generations in Dongjiang. His grandfather was also a royal doctor."

Xia Guowei nodded and said, "it's amazing, imperial doctor. Wait a minute and let her learn from child Chen."

"Miss Yunshang also studies medicine?"

"Gong Qiu, my sister opened a medical school in Binjiang."

"Oh."

Chen Gongqiu nodded and said, "that's great. Gongqiu especially wants to communicate with peers like Miss Yunshang."

Seeing that Chen Gongqiu said so, Zhao Youzhen hurriedly called servants to call Miss.

Here Xia Guowei took Zhao Youcai and Chen Gongqiu to the living room.

Zhao Youzhen shouted, "Xiao Chen, make some tea."

Xiao Chen?

Zhao Youcai knows Xiao Chen. He also looked down on his brother-in-law most.

"Why did that fool move here?"

Zhao Youzhen shook her head and said, "I don't know what your sister thinks. I took him home yesterday, but it's good. There are more servants to call."

Here, Xiao Chen walked into the living room with a tea set.

"Xiao Chen, why don't you talk to me?"

Zhao Youcai asked with his legs crossed and a look of contempt.

Xiao Chen poured the tea and sent it cup by cup to several people.

"Brother-in-law, I'm sorry. I was just busy."

"Who do you call brother-in-law? You deserve it? You fool, who is qualified to call you that."

Chen Gongqiu sees Zhao Youcai scolding Xiao Chen like this.

Some puzzled asked, "brother Zhao, who is this man?"

"He's the fool I told you."

Chen Gongqiu nodded.

"Looking at it, I didn't expect to be a fool."

Xiao Chen turned the teacup to Chen Gongqiu.

Chen gongqiu picked up the cup, took a sip, shook his head and said, "the water is wrong. Green tea is most particular about the water temperature. If you want to make a good cup of green tea, it must be warm water at 50 degrees."

"Oh, I didn't expect that child Chen also knows tea."

Xia Guowei also reached out and touched the tea cup.

"Xiao Chen, your water is hot."

This sentence angered Zhao Youzhen. She looked at the tea in the tea cup and said with a heavy face: "this is a good tea I bought for a thousand silver dollars or two, you. Why are you so miserable!"

Xiao Chen looked at Chen gongqiu and said, "you said the tea needs 50 degrees of water to brew, but do you know that this green tea is not a new tea in early spring. The autumn tea has been restrained by the cold. If you don't use such high-temperature hot water, I'm afraid you won't smell a trace of aroma."

"Aroma?" Chen gongqiu smiled coldly and said, "where is the aroma? I can smell the smell of the leaves after the tea is destroyed by hot water."

Xia Guowei also frowned. "Xiao Chen, don't talk nonsense if you don't understand. Why isn't this tea the new tea in early spring? I spent a thousand silver dollars."

"Uncle, he's a fool. What do you know?"

Zhao Youzhen pointed to Xiao Chen. "Go away and cook quickly. Don't embarrass me here."

Xiao Chen glanced at the crowd and turned to walk towards the kitchen.

At this time, Xia yunshang walked in from the outside.

As soon as she entered the living room, she smelled it and asked, "Dad, how fragrant your tea is?"

Xia Guowei was stunned.

"Sister, what are you talking about? Where is the smell of tea?"

"That is, the best tea is spoiled by Xiao Chen."

Xia Guowei raised his hand suddenly.

"Wife, you, you smell..."

"Smell what?"

Zhao Youzhen just finished. I don't know when a faint smell of tea overflowed from the teacup in front of me.

Xia Guowei hurriedly picked up the teacup.

This smell found that the tea aroma really came from the tea cup, and the aroma was getting stronger and stronger.

Zhao Youcai just looked disdainful. Now if he is surprised.

He also picked up the teacup. After smelling it, I took a sip.

"This tea, with a trace of sweetness in it, seems to be more delicious than it was just now. Why?"

Zhao Youcai looks at Chen gongqiu beside him.

"Brother Chen, you know tea. Didn't you just say that the fool's hot water made tea and destroyed the green tea?"

Chen gongqiu also took a sip at this time. This second SIP shocked him.

"Shouldn't it?"

"What shouldn't?" Before Xia yunshang met, the four people were a little strange.

"It's all right. What does that fool know, childe Chen? Let me introduce you."

Zhao Youzhen quickly turned the topic aside. She stood up and walked to her daughter and said, "this is Mr. Chen gongqiu of the Chen family. He is a famous doctor in Dongjiang hospital in Dongjiang."

She said with a smile to Chen gongqiu, "this is my daughter Xia yunshang. Now she has opened a medical school. You can communicate more, childe Chen."

Then he pushed Xia yunshang to Chen gongqiu's side and sat down.

Xia yunshang looked at Chen gongqiu and had to say that the man was pretty good.

But how could she not know her mother's mind.

Xiao Chen is no longer good, but he can't date in front of him, can he?

"Mom, I..."

Zhao Youzhen got up here, took Zhao Youcai and said, "you talk first. Your brother and I have something to say about the Zhao family."

Xia Guowei got up obediently.

"You talk, I'll go and see how the food in the kitchen is?"
