

Medicine 536

"How's it going, Dr. Chen?"

Chen gongqiu shook his head and said, "brother Zhao just sucked in too much water and drowned for too long. I'm afraid..."

In fact, the time inside and outside is only two or three minutes.

But the water in this pond is too dirty.

So it's not just water, there are other things in the water. He also sucked it into the trachea.

Chen gongqiu shook his head.

Xia yunshang, a traditional Chinese medicine, has no way.

"Yunshang, you. Help your brother quickly?"

"Mom, I'm a doctor of traditional Chinese medicine. I can't help this emergency."

Zhao Youzhen stamped her feet angrily.

Right now.

Xia yunshang looked at Xiao Chen.

"Didn't you cure these difficult diseases?"

Before, she remembered that Xiao Chen had saved a child who had been regarded by her as doomed.

"He?"

Zhao Youzhen looked at Xiao Chen and caught him. "You save people quickly! What are you looking at?"

Chen gongqiu stood aside and said coldly, "isn't he a fool? Do you want this man to save brother Zhao? He's really crazy."

Xiao Chen was pulled by her mother-in-law, but she didn't have the heart, and Chen gongqiu said so.

After all, Zhao Youcai is his wife's brother. If you save him, you can save him.

This time just let him have a memory.

Thinking of this, he came to Zhao Youcai.

He slammed his palm on Zhao Youcai's chest.

This time he did not suck in the sick Qi in Zhao Youcai's body, but forced out the water and sundries in his body with real Qi.

Zhao Youcai was suddenly shocked.

Then he coughed a few times. In the surprise of everyone, Zhao Youcai actually sat up.

"Ah! I'm suffocating, suffocating!"

Zhao Youcai gasped.

It took a moment to understand.

But the first thing he saw was Xiao Chen.

Scared him back.

"You, you, you..."

eldest brother. Xiao Chen just saved you.

"Ah?"

Zhao Youcai was stunned.

How is this possible?

Just now, it was clear that he was standing by the pool, and the Hu He said to himself was still ringing in his ears.

At this time, how can he become his life-saving benefactor?

incorrect!

Zhao Youcai stood up supported by Chen gongqiu. He pointed to Xiao Chen and said, "it's him. It's just him. He knows me..."

Xiao Chen asked with a sneer, "what do you know?"

Zhao Youcai was stunned.

If you want to kill Xiao Chen, I'm afraid that even if all the people present are their own, it's not a glorious thing.

"Aunt, he did it all. I just wanted to help him. But he's such a fool, but he made me fall into the water."

As soon as Zhao Youzhen heard this, she didn't get angry.

"Well, it's really you fool."

She said it with a slap in the face.

Xiao Chen was about to hit her. Back away.

"You, you dare to hide from me?"

Zhao Youzhen was even more angry when she saw him like this. She chased and continued to beat Xiao Chen.

"Mom!"

Xia yunshang then came forward and stopped in front of Zhao Youzhen.

"Get away from me!"

"Mom, it was Xiao Chen who saved my eldest brother just now. Why did you beat him instead of thanking him?"

"He was saved. You don't think about it. Even Dr. Chen can't save it. How can he be saved by a fool? It's not the blessing of our ancestors of the old Zhao family that saved Youcai from a disaster?"

Xia yunshang didn't know how to explain to her mother.

Zhao Youcai listened to her aunt and grabbed Chen gongqiu and said, "it's gongqiu who just saved me!"

Chen gongqiu was also surprised by his sudden sentence.

"I..."

"Gong Qiu, I said just now how can I live, aunt, my ancestors of Lao Zhao must have borrowed Gong Qiu's hand."

"Yes, yes."

Zhao Youzhen nodded, but suddenly only thought of Xiao Chen. "It has nothing to do with this fool," he said

"But we....." Xia yunshang wanted to argue for Xiao Chen again.

"What is it? Can you just slap your brother?"

Zhao Youzhen's words. Let Xia yunshang think it's impossible.

"Xiao Chen, you say, did you save it?" Xia yunshang turned angrily and asked him.

"Well..."

In fact, Xiao Chen didn't want to be thought by them that he was the one who saved Zhao Youcai.

"I don't know."

I don't know his sentence, which makes Zhao Youzhen more reasonable and strong.

"You see the cloud clothes."

Xia yunshang stamped his feet angrily by Xiao Chen's words.

"It's so muddy that I can't hold it up to the wall!"

After dropping this sentence, Xia yunshang turned and ran to the villa.

Zhao Youzhen scolded Xiao Chen again, so she took Zhao Youcai to the villa to have a rest.

However, when Xia Guowei left, he looked at Xiao Chen. After all, he knew the reason, but due to the face of his wife and nephew, he could only hide the matter.

He patted Xiao Chen on the shoulder.

"You've suffered."

Looking at the distant father-in-law.

Xiao Chen smiled.

Just now, Xia yunshang argued with his family for himself.

I don't know how many times better than the curse of my mother-in-law and the ungrateful play of Zhao Youcai.

With his hands on his back, he turned and looked at the pond.

The mood is very beautiful.

This banquet of the Xia family.

It seems that Zhao Youcai drowned.

But Xiao Chen seems to like Xia yunshang a little more.

The next morning.

Xia yunshang is as usual.

He went to the medical center alone in Xia Guowei's car.

And Xiao Chen can only walk.

He went to the vegetable market and bought the dishes for cooking in the hospital at noon.

But he was shopping at the vegetable market.

Suddenly, in front of a meat stall he often went to, the meat seller quarreled with two men.

Xiao Chen is a regular customer of this vegetable market, so almost every stall knows him.

"Uncle Zhang, what's the matter with pork Rong?"

It was Uncle Zhang who sold his dish. He looked at it and shook his head reluctantly. He said, "don't mention it. It's Zhu Laoer's people. They come here every month to collect protection fees. No, pork rongduo bought a stall a few days ago. These people will charge him more protection fees."

"Zhu Laoer?"

Xiao Chen thought and said, "which boss of Binjiang?"

"Who else can there be? There's only one Zhu Laoer in the whole Binjiang."

"Does he have a brother named boss Zhu?"

"Yes, his brother is worse than him. Neither of these two brothers is a good thing."

As soon as Xiao Chen heard this, he gave Zhang Bo's vegetable money. He wanted to buy meat, but he also gave up his idea.

Less is better than more.

But he can't wait to go far.

I heard a scream behind me.

"Killed! Pork Rong killed!"

Xiao Chen turned around and saw a man who had just quarreled with pork Rong. At this time, he was covering his chest, but his body shook a few times and fell to the ground with a plop.
