"I, I didn't kill him, he, he jumped on himself, I..."

Pork Rong has been stunned by everything in front of him.

But the blood dripping ox horn sharp knife in his hand told everyone that he seemed to have something to do with what was happening in front of him.

"The knife is in your hand. You said you didn't kill it. I'll call the police!"

Another hooligan pointed at pork Rong. But I didn't care about the companion lying on the ground.

Xiao Chen didn't want to take care of it, but since everyone was dying, he turned and walked back.

"Let me see."

"Who are you?"

The little rascal saw Xiao Chen squatting down. It seems that he wants to see the situation of his companions. He comes forward and pushes Xiao Chen away.

"I'm from the Xia family medical school. I can save him."

"You, aren't you that silly uncle of the Xia family? You know a fart, get away!"

The little rascal obviously didn't want Xiao Chen to see his companions.

Xiao Chen looked down at him when he saw his strange behavior. But I saw that the people on the ground didn't look like losing blood.

But there was a big pool of blood on this man's chest.

This is a little abnormal.

Is it?

Pork Rong threw the knife and turned around to escape. The little rascal seemed to care more about pork Rong. When he saw that he was going to run, he stopped the mountain with an arrow.

"Where are you going? You still want to run. Do you know what crime it is to kill someone?"

The little rascal was so low that pork Rong knelt directly.

"Brother, I really didn't kill you. You, you let me go?"

The little rascal sneered and said, "then take the money obediently!"

"Stop!"

Xiao Chen shouted to stop.

"You?"

The little rascal looked back and said, "Why are you again? Didn't I say to let you go?"

"I can go, but you let him go first."

"He killed everyone. How can I do it if I don't catch him."

"Kill? Do you mean this man?"

Xiao Chen looked at the man lying at his feet, but stretched out a foot and put it on each other's face.

"Do you get up by yourself, or do I invite you to get up?"

The people on the ground suddenly opened their eyes, stared at Xiao Chen and stood up from the ground.

Pork Rong and the onlookers around him were startled by his move.

"This..."

The hooligan turned black.

"Why don't you die?"

The one who stood up was seen through by Xiao Chen and punched Xiao Chen angrily.

But his fist didn't wait to touch Xiao Chen. He just felt a sharp pain in his stomach.

"Ah!"

There was a scream.

Look at this little hooligan pretending to be dead. He was directly kicked to the meat stall by Xiao Chen.

When he got up from the butcher's stall, he really didn't have to see it this time.

Out of the blood on the chest before, the body was covered with minced meat and water.

Seeing Xiao Chen so, the two hooligans looked at each other and rushed up directly with Xiao Chen.

Xiao Chen snorted coldly and cut down the one facing him with one palm.

On the other hand, he dodged the other side's foot and knocked on the other side's head.

"Next to me!"

This one was also knocked unconscious by him.

"They...?" Pork Rong pointed to the hooligans on the ground and seemed to understand what was going on.

Xiao Chen looked at pork Rong and said, "call the police. These two guys are so bullying. Why don't you ask the patrol to help you."

Pork Rong shook his head with a bitter smile and said, "call the police. Those patrolmen won't care if they come. They are all from Zhu Laoer. These people have a background. Even if they are brought into the bureau with their front feet, their rear feet will be released."

Xiao Chen could only shake her head helplessly when she heard him say so.

He looked at the two men on the ground.

"Listen to me. Don't make trouble in the vegetable market in the future. If I see it again, I won't spare you."

Xiao Chen said that he could only turn around and leave.

But he didn't wait to take a few steps. He only heard which two hooligans stood up behind him. Pointing to him, he scolded, "fool, wait for me, Xia family medical school. Our second master will not let you go."

Xiao Chen turned back and stared at them.

But they've already run away.

Xiao Chen didn't care much about the threat of these two people.

I bought vegetables here.

Xiao Chen returned to the hospital.

Just entered the door.

"What have you done?" Aunt Wang came up without a good face, pointed to him and asked, "what time is it? If we wait for you, aren't we all going to starve to death?"

Xiao Chen looked at the clock on the wall. It was still early. It seemed that Aunt Wang was in a bad mood again today.

With his head down here, under the sneer and contempt of the patients, he entered the back hall and made lunch.

But he just went in with his front foot.

I only heard a scream from Aunt Wang behind me.

"Oh! How did you hit people?"

"If you hit someone, it's your Xia family medical school."

Xiao Chen heard that something had happened outside. He put down his dishes and turned and came out.

I saw that the visitors were five people who were similar to the little hooligans in the previous vegetable market.

These people saw Xiao Chen at a glance.

"You just hit our brother?"

"Yes, yes, brother, that's him."

Which two hooligans were standing outside the door. At this time, he came out to identify Xiao Chen.

"Is it you?"

Xia yunshang then walked out of the consulting room on one side.

"What's the matter, Xiao Chen?"

Before Xiao Chen could speak, one of the hooligans ran up and caught Xia yunshang without saying a word.

How could Xiao Chen hurt Xia yunshang.

He went up and kicked the man back.

"I'll go!"

Seeing this, those people rushed up.

And each hand is holding a dagger with cold light.

"Kill!"

Aunt Wang saw these people move their knives. Screamed and ran back.

Xia yunshang didn't expect that someone would use a knife at Xia family medical school.

She was also stunned.

Right now.

"Stop!"

Chen gongqiu came in from the outside.

Behind him were two men in suits.

However, looking at the two people, they are short and don't look like Chinese.

"Who?"

The hooligans, stopped by the voice behind them, looked calmly behind them.

Seeing that he was a weak man, he snorted coldly: "who are you..."

I can't wait to finish.

Seeing the two people behind Chen gongqiu, Xiao Chen came forward and directly knocked them to the ground. Xiao Chen was surprised to see their skills.

These two people have unique techniques, but they are extremely practical.

Seems to have been trained in actual combat.

Moreover, the tactics of these two people can definitely kill the little rogue directly, but they are merciful.

"You?"

The remaining hooligans were about to come forward.

Chen gongqiu sneered and said, "take your man away and find a bone setting man. Maybe his arm can be saved."

Xiao Chen looked at the little rascal crying on the ground.

The man was sweating with pain.

It seems that his arms were really abandoned by these two people.

What a cruel trick!
