

Medicine 543

The man with wrist guard has two sons. He is the last one knocked down by Xiao Chen.

"OK, what a powerful fist..."

Xiao Chen found the silver yuan he had just taken from the Xia family medical school from the man.

Naturally, they also took all the valuable things from these people.

"You, do you dare to leave a name?"

Xiao Chen didn't wait to take a few steps before he heard the man with wrist guard ask himself. He paused. "You don't deserve it," he said

He left this sentence and walked out of the alley.

When he gets out of the alley. I happened to see some beggars on the street.

Xiao Chen gave them everything except the silver dollars from the Xia family medical school.

"Ah?"

"This... Benefactor!"

The beggars knelt on the ground and kowtowed to Xiao Chen.

Xiao Chen has disappeared in the crowd.

The reason why he robbed all the martial artists with wristbands was that it would not attract the attention of these martial artists.

As for the money. Xiao Chen doesn't care at all.

He just wants to get back what belongs to the hospital.

When Xia yunshang saw the bag of silver dollars on the table, she frowned and said, "who brought it?"

Aunt Wang and others shook their heads.

Xiao Chen, who washed the vegetables behind, showed a faint smile at the corners of her mouth.

In the evening.

Xiayun is going home.

A dozen big men in black came to the door.

"Are you Xia yunshang?"

Xia Guowei then stepped down from the car and asked these people, "what are you doing?"

"Who are you?"

"I'm Xia yunshang's father."

The big men in black looked at each other and said, "then you must be Xia yunshang?"

Xia yunshang nodded slightly.

But their father and daughter didn't know what was going on. They saw the big man in black rush up and catch them both. Then an open van rushed out of the alley and stopped directly behind them.

Catch Xia yunshang's father and daughter in the car.

The truck went away with dust.

Xiao Chen saw that Xia yunshang's coat was not taken. When she chased out, she only saw Xia Guowei's car. The door was open, and he and Xia yunshang disappeared.

His heart was shocked.

Thinking of what happened in the morning, Xiao Chen thought it was an accident.

It should be related to the people with wristbands.

Close the door of the hospital here.

He went straight to Feng Laiyi.

This fenglaiyi is the largest hotel in Binjiang city.

Martial arts practitioners in the five cities also live here. Xiao Chen knows that the one with wrist guard can be found here.

Here comes Feng Laiyi.

There are no empty seats here.

Out and in are some armed men with weapons. These people are as fierce as they want to be.

Xiao Chengang has entered the hotel.

Four or five big men came to the front.

"Watch it!"

These people pushed Xiao Chen aside, and then swaggered out.

"My guest, would you like to eat or stay?"

Xiao Chen shook her head and took out a silver dollar from her pocket. Put it in the hands of the waiter and said, "I want to find someone."

The waiter smiled and nodded, put the silver dollar in his pocket and said, "Sir, who are you looking for?"

Xiao Chen gestured and said, "even those with wrist guards on their arms, there are four with him, all with weapons."

"Are you talking about the disharmony gate of Liuyang?"

"It should be."

"Just now, many of their people have gone out. I don't know what they do?"

Xiao Chen listened. Thinking it should be related to Xia yunshang's father and daughter, he hurriedly asked, "where are they in that room?"

The waiter shook his head. "I left and checked out in the morning," he said

"Check out?"

Xiao Chen was also stunned.

Aren't these people here for the martial arts show?

The waiter remembered. "By the way, although they don't stay in the store, I heard them secretly talking about what they said. They went to the limitless view in the north of the city."

Wuliang Temple?

This is a scenic spot along the riverside.

Well known far and near.

The Taoist temple is full of incense.

Xiao Chen turned around and went straight to the immeasurable.

Soon.

He was beyond measure before dark.

At this time, the observation door is closed.

Xiao Chen walked around the Taoist temple several times and saw a corner gate.

He was about to come forward.

But I saw a line of big men in black galloping from a distance. On their bodies, they carried two black cloth bags.

It doesn't look like something to eat and drink. It seems like a living creature inside.

"Don't move. Move again and I'll kill you!"

One of them, a big man in black, threatened to say to the contents of the bag.

Xiao Chen stood behind a pine tree. His heart tightened. It seemed that there were people in the bag.

Is it Xia yunshang's father and daughter?

Xiao Chen saw that they had entered the corner gate, and he followed closely. The more than a dozen people were in a hurry, so he left a hole.

Pushing open the corner door, Xiao Chen looked around and saw no other guards. One side of his body entered the Taoist temple.

Then the night.

Xiao Chen followed closely, followed the steps of these men in black, and soon came to the Taoist temple.

"Door master!"

The big men in black knelt down in front of a wing room.

"Someone caught it?"

"Yes."

The big man in Black opened the two cloth bags.

Xiao Chen hid in the distance and then saw the moonlight clearly. It was Xia yunshang and Xia Guowei's father and daughter.

They were both gagged with black cloth, so they couldn't speak.

Then the door was pushed open.

The man with the wrist guard came out first.

Xiao Chen frowned and said in secret, "is this the master of Disha gate?"

The man glanced at Xia yunshang and Xia Guowei and said coldly, "did you two cut us halfway?"

The Xia family were stunned when asked.

Xia Guowei shook his head desperately.

The wristband man waved his hand.

His men took the black cloth from his mouth.

"Ah!"

Xia Guowei's strong point was that he said, "little brother, how could our father and daughter cut you?"

"And you?"

The wrist guard man looked at Xia yunshang. A big man in black also took away the black cloth from Xia yunshang's mouth.

"I don't know what you're talking about?"

Xia yunshang stared at the man.

"Why, you forgot. Let me remind you that the sponsorship you gave us during the day is said to have returned to your hospital, isn't it?"

Xia yunshang nodded.

"So what? Isn't it your conscience?"

"Bah me!"

The wristband man spit directly at Xia yunshang and said, "should I help you? I'll send you back the sponsorship I want?"

He then stepped forward, grabbed Xia yunshang's collar and said, "listen to me. Say, who cut us off halfway, or the people of your medical school?"

"Uncle, how can my daughter be? It's even more impossible for them to have such a person."

Xia Guowei climbed to Xia yunshang on his knees and explained to the wrist guard man with a smile.

Far away.

Xiao Chen took out a piece of black cloth and covered his face. He padded the two pine towers in his hand.

His hands shook.

Directly shot out by him.
