

Medicine 548

"Xiao Chen, you..."

Qin Ming pointed to Xiao Chen, but he couldn't say anything.

"What are you talking about? Aren't you ashamed to stay here?"

Zhang Menglu pointed to Qin Ming and didn't give him any face.

Qin Ming has no face, so he can only nod to Zhao Youzhen, turn around and leave.

"Go, go after it."

Zhao Youzhen pushed Xia yunshang.

Xiao Chen looked at Xia yunshang.

"Mom, I..."

"What am I? They came with you. Go after them!"

Zhao Youzhen said and took Xia yunshang's hand. Followed him out.

"Doctor Xiao, come on..."

Zhang Guodong took Xiao Chen here and sat directly in the right position. On one side were Xiao Chen and Zhang Menglu.

"Lao Xia, come on, let me introduce you."

Zhang Guodong pointed to Xia Guowei.

Awkward.

Xia Guowei looked at his son-in-law. Only smiled and nodded.

.....

This dinner.

A hasty end.

Xiao Chen was sent back to the hospital by Zhang Menglu.

However, Xiao Chen did not leave Zhang Menglu.

He was a little confused.

What did Xia yunshang say at that time? If he chased out.

Go after Qin Ming.

Zhao Youzhen's mind, he Xiao Chen didn't know, always wanted to kick himself out of the Xia family.

Xiao Chen is in a bad mood.

Simply sit on the ground, meditate and cultivate your true Qi.

Right now.

There was a knock on the door outside the hospital.

Xiao Chen stood up, lifted the curtain and went to the front hall.

I saw a door panel, which had been pried open from the outside.

Then a figure came in from the outside.

Then another person.

It was three people in black who penetrated.

Xiao Chen hid her body in the shadow.

Look at the three quietly.

The three men were in the hospital, holding a flashlight and looking for various prescriptions in the counter.

For a while.

Several people obviously didn't find what they wanted in the outer hall.

"Go inside."

Watched the three enter the inner hall.

There is the ancestral tablet of the Xia family.

Xiao Chen watched several people go in and knew that he couldn't do without showing up. When the last one was ready to go into the inner hall, he aimed his palm at the man's neck and cut it down with force.

Um.

A dull hum.

The man was solved by Xiao Chen without moving his voice.

Xiao Chen turned and followed in.

"Look!"

Sure enough, they saw the ancestral tablet in the middle.

"It should be right here."

One of them said that he went to the memorial tablet and reached out to take it down.

Bang!

Xiao Chen didn't wait for him to meet the memorial tablet, so he shot directly and solved the man.

"You!?"

The only one left. A Leng, but immediately saw that Xiao Chen was not his accomplice.

He shook his body, swung his arm and smashed his fist at Xiao Chen.

Unfortunately.

He overestimated himself.

In front of Xiao Chen, not to mention the three of them, even the real warrior may not be his opponent.

Just a face-to-face.

This man was subdued by Xiao Chen.

"Say, who are you? What are you doing in Xiajia medical school?"

The man in black who was trampled under his feet moved, but he couldn't make it out with any strength.

He has been sealed by Xiao Chen.

"I don't know."

"Your mouth is hard?"

Xiao Chen looked at him. Stretch out two fingers, shine on the shoulder blades of each other's back and the two acupoints under the ribs, and gently.

I saw this man, his whole body seemed to be bitten by many ants, constantly twisting on the ground.

"Ah, it hurts, ah... Give me a break, ah..."

Xiao Chen looked at him. Coldly said: "I'll ask you again, who are you? What are you doing here?"

The other party bit his teeth.

"I, I don't know, i... spare me, ah..."

Xiao Chen could only shake his head when he saw him so. Step aside and sit down.

.....

An hour passed.

The man who was ordered by Xiao Chen, who had been tortured at this time, had only a little strength and lay on the ground panting.

Twitch from time to time.

"Say it or not?"

Xiao Chen put down his book.

"I, I said..."

When Xiao Chen heard what the man said, he stood up and kicked the man hard in the stomach.

The man fainted in an instant.

"It's for the prescription of hemostatic pill again."

Xiao Chen tied up the three men and called staff member Wang.

Not too much.

Staff officer Wang took a car of gendarmerie to the outside of the hospital.

"Doctor Xiao?"

Xiao Chen opens the door.

"Is this what you call the spy of the northern Chu state?"

Xiao Chen nodded.

"Take it away!"

Staff Wang watched as the man was taken to the car. He looked at Xiao Chen. "Doctor Xiao, you mean they came here during the day?"

"That's right."

"People from the Chen family. Is it also related to this?"

"Yes."

Staff Wang's face was slightly dignified.

"What?"

"The Chen family is nothing, but there is a woman in their family. She married our defense chief of North Korea and became an aunt."

Xiao Chen said faintly, "so what? Even the general manager can't cover up the crime of collaborating with the enemy?"

Staff member Wang smiled awkwardly and said, "my doctor Xiao, this officialdom is not for you to see a doctor for others. Sometimes, some things are specious."

"Don't you want to pursue it?"

"Tracing?"

Staff member Wang hesitated, thought for a moment and said, "forget it. I'll report this to battalion commander Li first. Let's see what he said."

Xiao Chen doesn't want to participate.

Waved his hand.

"Then I'll go first, doctor Xiao. Be careful yourself. These people of the northern Chu state didn't succeed this time. I think they will come again."

Xiao Chen nodded.

Sent off staff member Wang.

Xiao Chen always felt that the words of staff officer Wang before leaving were not unreasonable.

He went out the door.

Then in the moonlight, Xiao Chen went straight to Xia's house.

When he entered the house.

Xia Guowei and Zhao Youzhen haven't slept yet.

"Xiao Chen, you came just in time. Come here..."

Zhao Youzhen waved to him.

"Mom, what do you want from me?"

"What do you mean by you tonight? Do you mean to embarrass us?"

"Me?"

"Yes, isn't it? We invited Zhang Guodong to dinner. It's good for you to follow Zhang Menglu, which made my daughter very passive, you know?"

Xiao Chen was speechless.

Why is this still a rake?

"Tell me, how can I punish you for tonight?"

Xiao Chen's face sank and said, "Mom, I have another thing to ask you."

"Who are you talking to like that?"

Zhao Youzhen stared, pointed to Xiao Chen and shouted, "I've lost my temper, Xia Guowei. Do you see it? Now you dare to talk to me in this tone? Doctor Xiao, do you really think you're a miracle doctor? In my eyes, you're a fool!"

"Wife, no, don't do this..."

Xia Guowei stood up, looked at Xiao Chen and said, "come on, admit your mother's mistake."

Xiao Chen's face was more gloomy and said, "where does Chen gongqiu live?"

Pop!

Zhao Youzhen slapped Xiao Chen in the face.

"Who are you talking to?"

Xiao Chen took a deep breath.

Shinobi.

"Let me ask again, where does Chen gongqiu live?"
