

Medicine 551

"Five cities practice martial arts and five schools connect branches."

The eight character beard looked at Xiao Chen in front of him and said with a cold smile: "listen to me. If you offend our sect, you offend the five sects. As soon as the Disha gate arrives, you'll wait to die, ha ha..."

Xiao Chen looked at the eight character beard calmly.

His moustache was shaped and the tip of his eyebrow was slightly picked.

"Aren't you afraid?"

"What are you afraid of?"

"Desha door, haven't you heard of it?"

"No."

"Hum. I don't know the height of the sky and the thickness of the earth. Wait. As soon as Xu Sha of the earth evil gate arrives, you die worse than my poisonous dragon. I want to avenge the poisonous dragon. I want you to die hard!"

Xiao Chen doesn't think so.

He was seen walking to one side of the bench.

Just sat on it.

Those poisonous dragon sect people just surrounded him, but no one dared to step forward.

About half a column of incense.

Whew!

As soon as the sound came, the arrow flew into the sky from outside the yard.

"Coming! Open the gate!"

The mustache shouted.

Immediately, the disciple of poisonous dragon sect ran to the door. The gate of the courtyard was wide open by four.

Just outside.

Xu Sha came in with a line of Desha men.

He is still dressed in a snow-white gown.

It looks much more advanced than this eight character Hu Ke.

"Liu Xiang, what's the situation? Why did you put a loud arrow in the middle of the night?"

Xu Sha strode to Liu Xiang with a mustache.

"My brother Xu, you are here. Look at this man. He broke into my poisonous dragon sect and killed my poisonous dragon."

Liu Xiang said, pointing to Xiao Chen.

"Oh, there is such a person in Binjiang. I want to..."

Xu Sha turned and looked at Xiao Chen, but his body shook slightly.

"Why are you?"

Xiao Chen sat on the bench with her legs crossed and a look of excitement.

"Master Xu, are you all right?"

Xu Sha saw that it was Xiao Chen. The high expression he just had disappeared in an instant.

"Liu Xiang, you, what you said about breaking into your poisonous dragon sect. Is he the one who killed your poisonous dragon?"

"Yes, how do you know each other?"

Xu Sha smiled bitterly, shook his head and said, "I really don't want to know him."

He said and turned back.

"Liu Xiang, forget it. The poisonous dragon is dead. You're cultivating one, okay?"

"Ah? Another one?"

Liu Xiang reached out and wiped his moustache.

"What's going on?"

"Nothing. You still believe me when you are advised to eat."

"Believe your fart! Are our two factions frightened by such a fool?"

When Xu Sha saw him so, his face simply sank and said, "if you say so, I won't say much. Take care of myself."

He said and walked forward.

In front of Liu Xiang and poisonous dragon sect disciples.

Xu Sha bowed to Xiao Chen.

"Doctor Xiao, I didn't know you were here just now. It's abrupt. Xu Sha will retreat now."

Xiao Chen nodded slightly.

"Sect leader Xu, go slowly."

Liu Xiang was on one side, but he was completely stupid.

"Xu Sha. Are you still Xu Sha of the earth Sha door?"

"I want you to take care of it."

Xu Sha said, turning around and taking people away.

At this time.

There are only people from the poisonous dragon sect left in the yard, and Xiao Chen, the only outsider.

"Doctor Xiao? Cut, what shit doctor, Xiao Chen, you..."

Right now.

There was a cold hum outside the door.

"Liu Xiang, do you have the support of those people in the South Chu, and you can't find the north?"

"Who?"

Liu Xiang was so frightened that he looked at the door.

Zhu Laoer came in with more than a dozen men from Shenwu hall.

"It's Zhu Laoer. What do you mean?"

"It's not interesting. I just saw you ring an arrow for help. In my Binjiang, my Shenwu hall can't help responding, but I didn't expect that you were dealing with doctor Xiao."

"Bah! Another lick him, second brother Zhu. Is your Shenwu hall subject to this man now?"

Zhu Laoer bows to Xiao Chen.

"Surrender? Hahaha, that's not true. Doctor Xiao is a lone ranger. We're just friends."

He said and looked at Xiao Chen.

"Doctor Xiao, I say so. Is that appropriate?"

Xiao Chen nodded slightly.

"Crazy, are you really crazy?"

Liu Xiang pointed to Xiao Chen and said, "he is a fool uncle of the Xia family. As for you? A miracle doctor."

Zhu Laoer stared at Liu Xiang and said, "I said Liu Xiang, I don't know why the miracle doctor came again, but tonight, if you deal with the miracle doctor, I advise you to stop."

"You, you want to step in?"

"Liu Xiang, for the sake of being an ally, I'm actually saving you."

"Help me? Hum, are you still the leader of some Shenwu hall? Zhu Laoer, how did you become so humble?"

Zhu Laoer smiled faintly. "I'm not humble in front of Dr. Xiao. It's you. You'd better stop. North Korea has been investigating those things between you and South Chu. Don't get deeper and deeper."

"Check me? Hahaha, you don't have a look. Who's behind me?"

Liu Xiang tilted his eyes at Xiao Chen sitting in the chair and said, "such a fool, you should respect him as a God. Well, if you like, I don't care about Liu Xiang, but this person, I must compete with him today."

Seeing this, Zhu Laoer waved his hands, and the dozen followers rushed into the crowd of poisonous dragon sect in an instant, and then stood around Xiao Chen.

Protected Xiao Chen.

"Zhu Laoer, what are you doing?"

"If you want to move doctor Xiao, you can pass me first?"

"You!"

Liu Xiang clenched his teeth and said, "Zhu Laoer, don't forget, we are a five faction alliance."

"Not now."

Zhu Laoer pulled out a ghost head knife from his back.

The cutting surface is as wide as a panel.

In the moonlight.

The cold light glittered.

"I don't think anyone dares to come forward, never mind my knife doesn't recognize people!"

His words were naturally spoken to Liu Xiang.

"Good, you Zhu Laoer!"

Liu Xiang was not Xiao Chen's opponent. With Zhu Laoer, even if he sent many poisonous dragons, he didn't dare to act rashly.

"Five faction alliance, Zhu Laoer, you have given up. What kind of alliance leader are you?"

Zhu Laoer said coldly, "come on, Liu Xiang, you rely on that man to support you, but I Zhu Laoer don't want to be the running dog of South Chu."

"Good!"

Liu Xiang threw his hand in one fell swoop.

Two more resounding arrows shot out.

"What are you doing?"

Zhu Laoer squinted and asked.

"What are you doing? Xu Sha is riding on the wall. You, Zhu Laoer, defected. However, I also have the wind sword sect and the fire sword sect. I don't believe these two. They follow this fool like you."

Liu Xiang said, pointing to the front door.

"Close the door!"

Several poisonous dragon sect disciples over there immediately close the main gate.

"Liu Xiang, are you asking our five factions to shed blood tonight?"

"Hum, Zhu Laoer, you forced it!"

Zhu Laoer looked at Xiao Chen beside him.

"Doctor Xiao, if we rush out now, we still have a chance. Look..."

Xiao Chen shook his head.

"Wait a minute."
