

Medicine 553

Xiao Chen looked at the direction of the steel needle that had just flown in.

There was a white figure that flashed away.

"Stop!"

Zhu Laoer saw Xiao Chen get up and jump over there. He shouted behind him, "where are you going, doctor Xiao?"

Xiao Chen was already standing on the wall.

"Help me stop them!"

Xiao Chen said and jumped out of the wall.

Seeing this, those poisonous dragon sect people turned to the main gate.

"Stop them!"

Behind Zhu Laoer. At this time, there were only two people left. The three of them flew together and jumped to the door.

This is from the poisonous dragon sect. They screamed one by one, but they didn't know Zhu Laoer's ability. Everyone dared to come forward.

At this point.

Xiao Chen has chased several streets in the street.

The white shadow is right ahead.

It seems that the other party intended to show him. Always when he has lost, the other party appears in his sight again.

After a while.

At this time, it has been out of the inner city of Binjiang.

You can see the river at a glance.

The white shadow stood by the water bank.

"Who are you? Why did you kill Liu Xiang?"

Xiao Chen walked to a place more than ten meters away from the man in white and stood in a fixed shape. He saw from the back of the man in white that the other party was slender and looked like a woman.

"Xiao Chen, do you know who you are?"

The man in white turned slowly. Although he was covered, the other party's eyes seemed to attract people's souls. Xiao Chen was a little distracted.

Just a pair of eyes. It makes people yearn so much.

How beautiful is this person's face?

"What can I ask you?"

The woman in white obviously saw that Xiao Chen was distracted.

She asked in a somewhat angry voice.

"Ah? Sorry, I was just thinking, what do you mean by asking me?"

Xiao Chen smiled faintly.

"I'm just an old Xia family man, a fool brought back in those years."

"Fool?"

The woman in white snorted coldly.

"Did you get out of the stone?"

"Of course not, but I also asked the Xia family. None of them can tell my life experience."

"Hum!"

The woman in white carried her hands on her back. Staring at Xiao Chen, he said, "you forget your ancestors!"

"Hey, who are you? So say me?"

"Who am I? Of course I know who you are."

Xiao Chen was stunned.

"What are you talking about? You know who I am?"

"Well, I won't waste my tongue with you."

The woman in White said and took out a silk book from her arms.

She raised her hand and threw it to Xiao Chen.

"What is this?"

"Take a look. This is the genealogy of your Xiao family."

"Genealogy?"

Xiao Chen saw the silk book. There are four words in the family tree of Xiao family.

However, this font is actually the calligraphy of the Wei and Jin Dynasties. It is vigorous, not soft and beautiful, and full of ancient charm. Calligraphy in this period can be said to be a connecting link between the preceding and the following.

Fortunately, Xiao Chen has studied it.

He looked at the woman in white, and the other party made a sign of invitation to him.

Xiao Chen opens the silk book here.

It is generally said that the Xiao family began in the state of Qin during the Warring States period. At that time, the ancestors of the Xiao family were LV Buwei's aides. He made a lot of efforts to establish LV Buwei's achievements.

Later, LV Buwei awarded a fief to the ancestors of the Xiao family.

From then on, the Xiao family established their own city-state on this fief.

Later.

After the Xiao family operated for several generations. Accumulated a lot of treasure.

They hid the wealth.

The silk book called the treasure "ten surname tombs".

That's why it's called.

That's because.

The wealth collected by the Xiao family in the past dynasties was generally obtained from the expedition of ten big families.

"Are you the Xiao family?"

Xiao Chen sees here. The content of the silk book is gone. It seems that the silk book is only part of the family tree.

The woman in white shook her head.

"I don't deserve it."

Unworthy?

Xiao Chen felt that women, this sentence is not a child's play.

From the moment she shot Liu Xiang, it seemed that she was not trying to murder herself, but helping herself.

"Then who matches?"

"You!"

The woman in White said and walked to Xiao Chen.

approach.

Xiao Chen just saw that the woman's night clothes were tight.

The exquisite figure was exposed by the clothes.

Even Xiao Chen. I have to look more at women's pride.

"Have you seen enough?"

"Ah? Oh..."

Xiao Chen looked sideways with some embarrassment.

"The tomb of the Xiao family's ten surnames is the only way for you to revive the Xiao family."

"Wait..."

Xiao Chen raised her hand to stop her.

"What do you mean, ZTE? What do you mean?"

"I want to tell you. As the Xiao family, you have the obligation and responsibility to revitalize the Xiao family."

"Ha ha, stop joking, will you?"

Xiao Chen shook her head and said, "I'm a fool. I'm the foolish uncle of Xia's family in Binjiang city. I listened to your words today. I should just listen to them, okay?"

He finished and handed the silk book in his hand to the other party.

"Goodbye."

Xiao Chen turned and was about to leave.

Right now.

He just felt a flash of white shadow in front of him.

The woman in white appeared in front of him again.

This time.

She has a dagger in her hand.

"If you dare to go, I will..."

Xiao Chen smiled and said, "how about now? Kill me?"

The woman in white frowned.

"You... You know I can't? Xiao Chen, can you understand that you are the 36th generation of the Xiao family. The only thing on your shoulder is the future of the Xiao family?"

Xiao Chen thought.

"This burden is too heavy."

Xiao Chen smiled bitterly and shook his head.

"Waste! Are you really what they said, a waste?"

The woman in white stamped her feet angrily.

"Well, you say so..."

Xiao Chen stretched out his hand and pushed away the dagger pointing to himself.

He nodded to the woman in white.

Then I passed her.

"Xiao Chen, don't you want to know why you were saved by the old Xia family? Why did you become a fool?"

"Huh?"

Xiao Chen stopped.

He turned slowly, looked at the woman in white and said, "you know?"

"Of course."

"Tell me."

Xiao Chen doesn't care about these at all, but after all, it's about his predecessor. He always has to do something for him when he uses someone else's body.

"Master Xia, you were only saved on the way. In fact, when you went deep into the tombs of the ten surnames, you became a fool after being secretly murdered and injured."

"By someone? Who is it?"

The woman in white looked across the river.

"Four aristocratic families in the magic capital."

"Four aristocratic families?"

Xiao Chen frowned.

"They are the core of the state of Qi. Which of these four aristocratic families is said to be an enemy of wealth. How can our Xiao family provoke them?"

"People die for money. The disaster of the Xiao family is actually caused by money."

"Do you mean that the four aristocratic families are also for the tombs of the ten surnames?"

The woman in white nodded.

When she turned and looked at Xiao Chen, she had a square jade pendant on her hand.

There are too few jade pendants in this shape.

Xiao Chen was also stunned.

"What is this?"
