

## Medicine 559

"Who, who flies me with a knife! Come out to me!"

Zhou Baichen shouted, and some guys on one side came forward to lift him up.

"Take me to the hospital, I'm going to the municipal hospital, come on..."

Xiao Chen looked at a dozen guys. Like carrying a pig that had just been stabbed, he howled and walked to the door of the hospital.

"Little Lord!"

From the patio. A white figure flew down.

It's Bai Ling.

She stood at a distance in the corner.

Bow to Xiao Chen.

"Why did you do it again?"

Bai Ling looked at the front door with a sneer.

"Such people deserve more than death, and should threaten the little Lord."

She said, bowing to Xiao Chen.

"Young Lord, do you want me to kill him?"

"Still coming?"

Xiao Chen hurriedly waved his hand and said, "forget it."

Bai Ling saw it.

"Young Lord, you know, let the tiger go back to the mountain."

"It's not that serious."

Xiao Chen said and walked to the main door.

Bai Ling is behind him. Whispered: "little Lord, my subordinates say goodbye."

Xiao Chen waved her hand without looking back.

There was only a whew from behind.

Xiao Chen leaves fujitang alone.

When he returns to Xia family medical school

Aunt Wang is taking some guys to clean the kitchen in the back.

"I asked you to send me a medicine. Why did you go so long?"

Aunt Wang thought Xiao Chen was lazy, so she pointed at him and scolded him again.

Xiao Chen seems to be used to this woman. Anyway, she is like this.

"Aunt Wang..."

Xia Yunchang then walked into the back hall. She waved to Aunt Wang and motioned her to follow her.

Watching sister-in-law Wang and her wife enter the lounge.

Xiao Chen looked at Xia yunshang's expression and felt as if there was something wrong.

He sneaked up.

Stand outside the lounge.

Look through the crack in the door.

I saw Xia yunshang sitting on the sofa.

"Sit down."

"I have one thing to ask your opinion?"

Xia yunshang asked softly.

"Hmm? Miss, please."

Aunt Wang replied with a smile.

Xia yunshang fiddled with a pen on her hand. "I just received a call. When I was in medical college, a classmate came back from other places and insisted on seeing me and inviting me to dinner. Do you think I should go?"

Aunt Wang looked at her hesitation.

Seems to feel something.

"Man?"

Xia yunshang nodded slightly.

But his eyes are still on the pen in his hand.

Xiao Chen outside the door was worried when she heard it.

"He...?"

Xia yunshang didn't wait for Aunt Wang to ask and said faintly, "he pursued me at that time, but I refused."

Xiao Chen outside secretly breathed a sigh.

But I can't wait for him to speak.

"However, I still have some regrets when I want to come now."

Regret?

Xia yunshang said, "I think of that time. In fact, the king was also good to me."

"Miss, isn't this Wang, the Wang family in Fengcheng?"

Xia yunshang was stunned.

"You know?"

Aunt Wang nodded with a smile and said, "my lady, how famous the Fengcheng Wang family is. It is said that he is a martial arts family. This Wang is not only proficient in medicine, but also has extraordinary attainments in martial arts. Am I right?"

Xia yunshang smiled slightly.

"He wasn't as good at that time as he is now."

Looking at his smile, Xia Chen said that his smile was not sweet.

Women.

It's really ungrateful!

"Go. Miss, what are you waiting for? Just the waste outside, do you want him to delay you all your life?"

Standard Zhao Youzhen's tone.

Xiao Chen smiled coldly.

Aunt Wang deserves to be Zhao Youzhen's man.

Everything is as like as two peas.

"I'm just afraid..."

"You're afraid to be known by that fool. Is this..." Aunt Wang thought and said, "I have a way. I'll find a reason to get rid of him later."

Xia yunshang looked at Aunt Wang gratefully and said, "that's great."

"All right, miss, you can rest assured this time. Go and prepare quickly. I'll get him out now."

Said Aunt Wang, turning and walking to the door.

Xiao Chen hurriedly left.

When Aunt Wang comes out of the lounge. She saw Xiao Chen wiping a vase not far away.

"Hey, fool, come here."

Seeing Aunt Wang calling, Xiao Chen could only go forward. "Aunt Wang, what are you doing?"

"You go to the front, get a pair of pearl beauty salon and send it to the Chen family. This is the young lady of their family, who ordered it a few days ago."

Xiao Chen clearly knows that the other party is supporting himself, but he can't say any reason for refusing.

He answered.

He turned and walked to the front hall.

After receiving ten bags of pearl beauty powder from the counter, he went out of the gate of the hospital.

But Xiao Chen still had a heart.

He hid in a side alley.

Soon.

Xia yunshang, accompanied by Aunt Wang, walked out of the medical school. Aunt Wang stopped a rickshaw for her, and the rickshaw ran to the front according to Aunt Wang's address.

Xiao Chen hurriedly followed up.

About ten minutes.

Xiao Chen saw the rickshaw and took Xia yunshang to the Lijiang hotel in Binjiang.

This is a hotel integrating Chinese and Western styles.

Generally, people who have been abroad or have seen the world outside will come here for dinner.

To put it bluntly.

Those with low status can't afford to consume and understand the food culture here.

Xia yunshang got off and walked directly into Lijiang hotel.

Xiao Chen stood across the street, but saw a man in a white suit coming out from inside.

The man looks ordinary, but his temperament is extraordinary. He looks very dignified.

Wang is the same person.

Xiao Chen thought.

Or turn around and walk in the direction of the Chen family.

But lost in my heart.

After all, seeing your wife and dating another man in such a place.

Xiao Chen was absent-minded and soon came to the Chen family.

He told the porter what he wanted.

There's a briefing here.

Soon.

A delicate looking servant girl came out from inside.

"Come with me."

Xiao Chen wanted to give the medicine to the servant girl.

But they let themselves go.

He followed in.

The Chen family is also a rich family in Binjiang city.

The whole yard.

It is modeled on the southern gardens.

Xiao Chen looked at the long stream of water around him and the Jiangnan landscape of small bridges and flowing water. He was also amazed.

"Miss, someone has brought it."

The little servant girl went to a boudoir and said inside.

"Well, let him in."

The voice sounded sweet. Xiao Chen knew it was Miss Chen Jiada.

When he enters the house.

After a gauze curtain, a young woman dressed in Chinese style came out. She looked at Xiao Chen and said with a smile: "are you Xiao Chen?"

"Do you know me?"

The woman nodded.

"My name is Chen Xuening. This is my home."

"Xuening? Good name."

Xiao Chen nodded and praised.

"Really?"

Chen Xuening likes Xiao Chen's praise very much.

"They say you are a miracle doctor. Can you see me?"

Listen to her.

Xiao Chen looked at each other carefully.

a moment.

He said to Chen Xuening, "does Miss Chen have pains in her long lower abdomen in recent days?"

"How do you know?"

Hearing Xiao Chen's words, Chen Xuening was stunned.
