

Medicine 560

"To be a doctor, we should look, hear and ask. This is our compulsory course. This is what we should do. We can know the pain when we see the patient."

Xiao Chen's words seemed to Chen Xuening. That's amazing.

"You are really a miracle doctor!"

Chen Xuening said, walked to Xiao Chen and directly extended Xuebai's arm to his eyes.

"Give me a pulse?"

Xiao Chen nodded. He stretched out three fingers and put them directly on Chen Xuening's ruler.

Make a diagnosis.

Xiao Chen smiled and nodded.

"Miss Chen, it's nothing wrong with your illness. It's just that when you came last month. If you catch a cold, you can naturally get rid of it as long as you take the medicine to dispel the cold."

"Really?"

Chen Xuening can't believe it.

"You know what? I've found three doctors. None of them is what you said. One of them also said that I had heat syndrome."

Xiao Chen nodded.

"I see. No wonder your pulse is a little unstable. It was caused by this quack."

Chen Xuening listened to him and hurriedly asked, "am I okay?"

"No harm."

Xiao Chen said and went to one side of the desk.

Brush a little.

He wrote down a prescription with a brush.

"Miss Chen, let someone fill the medicine for you."

Chen Xuening stepped forward, picked up the prescription, smiled at him and said, "it's really amazing. OK, I'll let someone get the medicine."

She said and shouted out.

The little servant girl who just brought Xiao Chen in came in, and Chen Xuening gave the prescription to the other party.

"If Miss Chen has nothing else to do, I'll leave first."

Xiao Chen said, bowing to Chen Xuening.

"Don't worry, doctor Xiao. I want to thank you for your good care."

Chen Xuening said, pulling up Xiao Chen and walking out.

This slightly intimate action, when Xiao Chen was a little embarrassed.

Wait for them except the gate.

"Bring my car."

I saw a Maserati super run.

These rich women are really rich one by one.

"Get in the car."

Chen Xuening asks Xiao Chen to get on the bus.

The super car drove out of Chen's house in the roar.

"What would you like to eat?"

Chen Xuening asked softly.

Without thinking, Xiao Chen said, "Lijiang."

"So you like the new way of Chinese and Western food. OK, I like it too," said Chen Xuening, stepping on the accelerator.

The car swerved round the corner. They drove directly to Lijiang hotel.

Xiao Chen actually just thought of Xia yunshang.

But Chen Xuening really went.

I'm a little embarrassed.

But.

On second thought.

Xiao Chen still didn't talk about his selfishness.

They arrived at Lijiang hotel.

Someone came out in front of the door immediately.

"Miss Chen."

"Give me the old room."

Chen Xuening said and threw the car key to the doorman.

She took Xiao Chen into Lijiang.

"Miss Chen, you haven't come for a long time."

A man dressed as a housekeeper greeted him from one side. He respectfully saluted Chen Xuening.

"By the way, is there another steak today?"

"Yes. Snow cow just shipped from Japan."

Chen Xuening nodded with satisfaction.

"Give me two. By the way, doctor Xiao, what do you eat?"

Xiao Chen certainly has nothing to eat.

He came to see his wife and what he was doing with Wang at this time.

Some impatient Xiao Chen followed Chen Xuening upstairs.

There are only four single rooms here.

Xiao Chen listened.

It seems that Xia yunshang is in the second room on the left.

"This way, please."

The waiter took Xiao Chen and Chen Xuening to the room opposite Xia yunshang.

"This is the room I have to enter when I come here."

"Why?"

Xiao Chen took a look and couldn't see anything special in this room.

"Because. This is my first place to date a man."

It's a man again.

Xiao Chen is not interested in knowing.

But Chen Xuening thinks. If you don't say it, you seem to feel very uncomfortable.

She said the man's name directly.

"His name is Wang Ye."

"Oh."

Xiao Chen doesn't care.

Next second.

"What do you mean, he, his name is Wang Ye?!"

"Yes."

Chen Xuening shook her head and said, "unfortunately, this man did something later that I can't accept in my life."

"What's the matter?"

Xiao Chen is really curious.

"He's a rapist."

Chen Xuening said contemptuously.

But this news.

Let Xiao Chen's whole face become ugly.

"Is that true?"

Chen Xuening nodded.

"Of course, I know this man too well, but what's the matter? You know him, doctor Xiao?"

Xiao Chen didn't speak.

He pushed the door open.

When he gets to the door of the opposite house.

He cocked his ears high.

Listen carefully to what's going on inside.

"Yunshang, we have been together for many years. At that time, I....."

A man's voice is very magnetic.

If Xiao Chen didn't already know Wang Ye's character, he was really embarrassed to go in and interrupt each other.

however.

He's ready to go in now.

"Do you remember that year?"

"Of course."

The king also gathered around Xia yunshang.

At this time, the distance between the two is one.

"Here. I prepared it for you."

Wang also said and took out a black gift box from his arms.

Xia yunshang looked and said, "what is this?"

"Open it, you'll know when you open it."

Wang also said and handed it directly to her.

Xia yunshang actually wants to open it.

But she thought it might be very valuable.

"What's the matter? Don't you like cloud clothes?"

Xia yunshang shook his head.

"I haven't seen it yet. How can I know whether I like it or not?"

"Then why did you accept it?"

Facing the questioning of Wang Ye.

Xia yunshang is still relaxed.

"I..."

Wang also hesitated without waiting for Xia yunshang.

He opened the gift box directly in front of Xia yunshang.

Xia yunshang couldn't imagine that there was a diamond ring as big as a bean in the gift box.

"You, what are you?"

Xia yunshang looked at the ring and her face turned red to her ears.

"We missed it before. Now, I come to you just to make up with you and continue the front."

Wang also took out the ring and picked up Xia yunshang's hand.

His ring brought each other up.

As soon as the king's finger is about to open the cloud, he will push the ring on the cloud.

"No, I, I can't accept your ring."

Wang also frowned and his face flashed a touch of impatience.

He said in a deep voice, "what's the matter?"

"I, I'm married."

"I know. Isn't he a fool? I heard that your family has long wanted to get rid of him. As long as we get rid of him, won't we be able to be together in good faith?"

Xia yunshang stood up.

"Sorry, Wang Ye, we can't."

She said she was going out.

"Stop!"

Wang also changed his face at this time.

He stood up, grabbed Xia yunshang's right hand and pulled her to his face.

"Where do you want to go?"

Wang also said in a gloomy voice.
