"What do you want to do?"

Xia Yunshang stared and pulled his own king. There was disgust in her eyes.

"Cut!"

Wang also seemed to have planned everything, and his face became gloomy.

"What's the big deal? We're all adults. Don't you know what I want to do?"

He said, releasing his hand holding Xia Yunshang. But an obvious abusive smile flashed across the corners of his mouth.

"You know the boss of Lijiang is an old friend of the Wang family. I've said hello to the people here for a long time. Even if you break your voice now, no one will dare to come here to take care of my business."

Wang also said that he went back to his position.

He slowly poured the glass of wine into his mouth.

With a grunt.

His eyes showed that he had mastered everything.

Xia Yunchang pulled the sliding door hard.

To her great surprise. The door didn't move.

"You?!"

"Don't waste your energy."

Wang also sneered.

"I've got the door locked outside. Unless I say, no one will come back and open it for you."

"Wang Ye, aren't you afraid..."

"What are you afraid of?"

Wang also directly interrupted Xia Yunshang's words.

"Are you afraid to call the police? Hahaha..."

His wild laughter seemed to explain everything.

"Somebody!"

Pop!

Wang also threw the wine cup in his hand to the ground.

Xia Yunshang was startled.

"You, what are you going to do?"

Xia yunshang was afraid.

She leaned firmly against the locked door.

A pair of white jade like hands turned dark red because of their tight grip.

"Look at you. Why are you so ignorant of current affairs?"

Wang also got up slowly, and his feet crunched on the broken wine glass on the ground.

The voice made Xia yunshang's body tremble.

Wang also saw her like this and even giggled with her.

"Are you excited?"

His fingers were on his face, like the steps of a dancer. Beating at random.

"Shameless!"

Xia yunshang twisted and turned to the corner of the room. There was a half man high wooden table, on which the blue vase was picked up by her.

"Don't come here, you, you take another step. I'll..."

"Just what?"

Xia yunshang was stunned.

What can we do?

Regret.

I know why I didn't bring Xiao Chen.

Xiao Chen?

In Xia yunshang's mind at this time, there was only Xiao Chen's thin figure. This man unexpectedly became the only shadow in his mind at this dangerous moment.

"Xiao Chen!"

Xia yunshang suddenly shouted.

Wang was stunned.

His expression grew colder.

"That fool, you want him to save you at this time. Don't be silly. What can he do even if he comes?"

Wang Ye clenched his hand in front of him.

"I'll want to crush an ant to death in front of you."

He said and waved his hand.

"All right, I won't play with you."

Wang also immediately moved forward and bullied.

Xia yunshang was so frightened that she smashed the vase out of her hand.

Wang Ye's wrist turned over.

He grabbed the vase directly in his hand.

"What a fool!"

Xia Yunchang's move angered him.

Bang!

The vase was crushed by Wang.

Miraculously.

Broken vase. It exploded in the palm of Wang Ye's hand.

It seems that there is an invisible power package on the surface of his palm, and those broken parts splash out.

Xia yunshang screamed with fear.

She held her head in her arms.

Curl up at the angle between the wall and the cabinet.

At this time.

She blurted it out.

"Xiao Chen, help me!"

Bang!

A loud noise.

The door of the house was violently opened.

Wang also looked at the door in surprise.

Xiao Chen walked in slowly from the outside.

"Wang Ye, you want to die!"

Xia yunshang also raised his head.

She watched Xiao Chen walk into the house and her desire for survival. Let Xia yunshang forget his identity.

Xia yunshang ran forward and hugged Xiao Chen.

"You're here!"

Xiao Chen was suddenly hugged by Xia yunshang. It was also a little stunned.

But then my heart warmed. After all, this is my own woman.

Although it is only nominal.

"Xiao Chen, you want to die!"

Wang also looked cold.

He raised his fist and hit Xiao Chen directly on the chest.

Xiao Chen felt an invisible force, like a sharp sword, straight into his chest. The four God pendant on his chest unexpectedly moved at this time.

A real breath.

In an instant, a barrier was formed on his chest.

Wang Ye's fist. With a bang, it hit him right on the chest.

"Huh?"

Wang was also stunned.

His fist has a hint of truth.

As a martial artist, his fist, let alone hitting people, is a hard stone. Will be smashed by him.

Yes.

"Ah!"

Intense pain.

At this time, it radiated from Wang Ye's fist.

Pain!

Wang has not felt such pain for a long time since he cultivated true Qi.

He looked like a hare frightened by the gunshot.

Jump away in an instant.

After stepping back a few steps, Wang Ye's body hit the wall heavily.

"You?!"

As a warrior.

How could Wang not know that Xiao Chen just used the same Qi to rebound his injury.

This needs to be several times better than him to do.

"You, are you a warrior?"

Xiao Chen snorted coldly.

"What's the matter?"

Chen Xuening also came in from the outside at this time.

She saw Xia yunshang holding Xiao Chen.

But there is an unspeakable envy in my heart.

This man is not his own man after all.

If only!

Xiao Chen gently pushed away the summer cloud clothes in her arms.

He looked at Chen Xuening.

"Help me take care of her."

Chen Xuening nodded and pulled Xia yunshang out of the door.

Xiao Chen turned to look at Wang Ye.

"Now let's calculate it?"

"Count?"

Wang's teeth were also cackling.

"Count your mother!"

He endured the sharp pain in his hands and twisted his body. He turned around on the ground and greeted Xiao Chen with his fists like raindrops.

Bang Bang

A dozen punches were hit in the blink of an eye.

Wait for him to punch.

Look again.

Xiao Chen was safe and sound.

"That's it?"

Xiao Chen sneered and looked at the panting Wang Ye.

At this time, Wang Ye's true Qi has been exhausted.

That group of boxing was already his strongest attack.

If.

If a martial artist is present, you will naturally see the unique martial arts of the Dongjiang Wang family.

Gale fist.

Although Wang has only exerted the power of five layers.

However, this set of boxing contains genuine Qi and is powerful enough to compare with a 40 step car.

This speed.

If you were an ordinary person, you might have stopped flying directly.

Yes.

Xiao Chen didn't even move.

He brushed himself gently.

"Anything else?"

Wang also sweat down his forehead.

He's scared.

"Somebody!"
