

Medicine 565

When Wang Xue got up from the ground, she looked at her man in surprise.

I saw sun Lijiang trembling in situ.

His body seemed drained of energy.

He was sweating all over, and his white blouses were soaked with sweat, and his clothes were close to sun Lijiang's body.

"Sir, what's the matter with you?"

Wang Xue is going forward.

Sun Lijiang raised his hand powerlessly.

"No, don't come here, I..."

His voice didn't fall.

It's like exhaustion. With his eyes turned over, the whole man fell down.

Fortunately, bearded and others came forward when they saw the opportunity. Just hold sun Lijiang.

Wang Xue ran forward.

Beard reached out and poked on Sun Lijiang's nose.

"The boss is still breathing, just..."

Wang Xue was in a hurry. He grabbed the beard and asked, "just what? Don't fucking hesitate, say it!"

Big beard looked at Wang Xue with an ugly face.

"The third aunt is too. The boss's breath is like a hairspring. I'm afraid it's caused by serious damage to real Qi. I'm afraid..."

When he spoke, he swallowed it.

"I'm afraid!"

Wang Xue pushed the beard away.

"Shut up, you dare curse the master. Don't you want to live?"

Beard got up from the ground and knelt beside sun Lijiang.

"I dare not. I'm telling the truth."

Wang Xue doesn't believe it.

"Give me a hand!"

Wang also came forward and slapped him in the face.

The beard dared not dodge.

Can only kneel stiff.

"What he said is true."

Xiao Chen came forward and said faintly at this time.

"Hum!"

Wang Xue stared at Xiao Chen.

Instead, beard looked at Xiao Chen gratefully.

"It seems that the five tiger broken door palm of this child Lu really doesn't lose the word broken door."

Xiao Chen said and looked at Lu Zhan who stood up from the ground.

"Oh, unexpectedly, do you have some horizons as a redundant son-in-law?"

Lu Zhan said and looked at Sun Lijiang.

"One of them is my five tiger broken door palm. Let's say that in three hours, if there is no famous doctor to renew his life, sun Lijiang may never want to be a man again in his life."

Wang Xue listened.

The whole person is stupid.

He can't help believing Lu Zhan's words.

If a man's ability is gone.

Didn't he become a widower?

Wang Xue pounced on Sun Lijiang.

"My Lord. You, you can't do it?"

This sentence almost made everyone laugh.

Wang Xue realized that her words were revealed.

She stared and followed the smiling thugs in Lijiang.

"Still looking, go and get a doctor!"

"Yes, yes..."

These thugs have to turn around.

"Forget it, those quacks in Binjiang. I don't think anyone can cure sun Lijiang."

"What?!"

When Wang Xue heard Lu Zhan's words, the whole person was paralyzed and sat on the ground.

She doesn't even cry now.

"How could it be? You, you lied?"

"Why do I lie to you? It's my unique skill. Of course I know the power. Let's say that if someone in Binjiang can cure it, I'll take him as my teacher."

Xiao Chen looked at him with a little interest.

"Childe Lu, are you serious?"

Lu Zhan tilted his eyes to Xiao Chen.

"Yes."

"Then I'd like to have a try."

Lu Zhan was stunned.

"You?"

Xiao Chen smiled and nodded.

Xia yunshang and Chen Xuening beside him were also puzzled.

"Xiao Chen, what are you doing? This man's life is obviously weak and needs more than a hundred years of miraculous medicine to hang his life. I want to save him. Don't mention here. Even the Xia family doesn't have such miraculous medicine?"

Xia yunshang pulled Xiao Chen, as if to ask him to give up the idea.

"Yes, doctor Xiao, I think sun Lijiang's injury is not light. Here, how can I save it?"

Chen Xuening also asked with some worry.

Xiao Chen looked at Lu Zhan.

"Mr. Lu, do you want to go back?"

Lu Zhan didn't believe Xiao Chen could cure sun Lijiang.

He has absolute confidence in himself.

"Unless you are a contemporary miracle doctor, otherwise, you can cure him. I, Lu Zhan, naturally worship you as a teacher in front of everyone."

"Not a word yet."

In fact, Xiao Chen just wanted to punish Lu Zhan.

He looked down on himself just now.

As for saving sun Lijiang.

This is an enemy, which should be solved rather than settled.

He doesn't want to make too many enemies in Binjiang.

Xiao Chen is about to make a move.

I can't wait to walk in front of sun Lijiang.

"Stop!"

Wang Xue stood up. Pointing to Xiao Chen, he said, "what are you doing?"

"I'll save him."

"Save? What are you and what skills do you have? My master is clearly against you. How can you save him?"

Wang Xue stared at Xiao Chen.

"I think it's possible for you to harm my master."

"Hey, Wang Xue, you're unreasonable. Doctor Xiao wants to cure uncle sun's disease regardless of past grievances. What's the matter? You don't thank me now. Do you want to doubt it?"

Chen Xuening came forward, pointed to Wang Xue and asked.

"I believe him? He is a fool in Binjiang. What can he do to save people?"

Wang Xue pointed to Xiao Chen.

"Besides, this man also said that no one in Binjiang can cure the five tiger broken door palm. Why, can such a fool do it? But he has to cure the master. Isn't he coming to harm the master? What is it?"

"Doctor Xiao. You heard that. People don't believe you. Why do you save him?"

Chen Xuening is pulling Xiao Chen away.

"Wait, wait..."

Sun Lijiang, who was already unconscious, opened his eyes at this time.

His weak eyes scanned Xiao Chen's body.

"Let him cure me."

"Master!?"

"No, stop..."

Sun Lijiang said, powerlessly closing his eyes again.

Seeing that sun Lijiang said so, Wang Xue could only stand aside.

"You'd better cure the master, or I'll flatten your Xia family!"

She said and looked at Xia yunshang.

Xiao Chen saw that she didn't stop.

He went to sun Lijiang.

"Xiao Chen!"

But when he was ready to treat sun Lijiang.

Xia yunshang came to him.

"I'll do it."

"You coming?!"

"Yes, do you want the Xia family to be flattened by them?"

Xia yunshang shook his head.

"Hello, Xiao Chen, what is this?"

Lu Zhan quit.

"Can I tell you that if you can't cure it, the bet between us is that you worship me as your teacher?"

Xiao Chen looked at Lu Zhan.

Seeing the contemptuous expression on his face, it seemed that he didn't believe Xiao Chen could cure the injury of five tigers' broken door palm.

"Xiao Chen, I think this master is up to me. Why don't you kneel in front of me now and call me master."

Lu Zhan burst out laughing.

"Lu Zhan!"

Chen Xuening stared at him.

"Why, Xuening, do you love him?"

Lu Zhan asked with a heavy face.

"I mean, don't you embarrass doctor Xiao? It's said that even those famous doctors who are famous all over the world can't cure the injury of your five tigers breaking the door palm. You..."

"I'm sorry for him? Hahaha, he asked for it. What doctor Xiao, if you don't have the ability, don't fart in front of others!"

Lu Zhan said and looked coldly at Xiao Chen.

Xiao Chen secretly said, "this Lu exhibition is so aimed at himself. It's because of Chen Xuening."
