"Sun Lijiang, you..."

Lu Zhan watched sun Lijiang stand up from the ground. A flash of surprise flashed in his eyes. When he looked at Xiao Chen, the corner of his mouth slightly smoked.

"I'm fine. If I hadn't met doctor Xiao, I'm afraid I'd really be hurt by you today!"

Sun Lijiang said, with a fierce color in his eyes.

"Hum."

Lu Zhan snorted coldly.

"Your skills are inferior to others. What can you say?"

Sun Lijiang nodded.

"Lu Zhan. You go. Lijiang doesn't welcome you."

"Do you really think I want to stay here?"

Lu Zhan then turned and walked towards the stairs.

"Wait a minute, Mr. Lu. Have you forgotten something?"

Xiao Chen coldly shouted to Lu Zhan.

"Huh?"

Lu Zhan turned his back to Xiao Chen, and his face suddenly became gloomy.

Sun Lijiang raised his mouth slightly, and a sneer emerged.

"Lu Zhan, it seems that you haven't paid homage to your teacher yet?"

Lu Zhan was slightly shocked.

"I want you to take care of it!"

"Why, you, the eldest son of the Lu family, can't you cheat today?"

Sun Lijiang said and winked at his men.

Beard immediately took several thugs and stopped Lu Zhan's way at the entrance of the stairs.

"Want to die?"

Lu Zhanheng glanced at several thugs.

Although bearded and others were also frightened, they took a few steps back.

But still put on a fighting posture.

"Lu Zhan, what are you doing with me? If you have the ability, you can tell me."

Lu Zhan suddenly turned back, stared at Sun Lijiang and said, "what qualifications do you have to tell me?"

Sun Lijiang looked at the people around him.

"Isn't doctor Xiao qualified?"

Lu Zhan looked at Xiao Chen.

He really looked at Xiao Chen with some embarrassment.

"I..."

Lu Zhan suddenly knelt on one knee.

"Lu Zhan worshipped his master."

He is so straightforward.

Let Xiao Chen also be slightly stunned.

"Please... Please get up."

Xiao Chen reached out and motioned him to get up.

Lu Zhan rolled his eyes. Looked at Xiao Chen and immediately stood up from the ground.

"Did you see sun Lijiang?"

"Hahaha..."

Sun Lijiang sneered and said, "well, the dignified Lu family did what they said. You all listen to me and tell me about it when you meet people."

"Yes!"

Bearded and others bowed.

"Sun Lijiang, you!"

Lu Zhan stared at him.

Then he got up and looked at Xiao Chen.

"I..."

Xiao Chen frowned.

"What are you talking about?"

"I..."

Lu Zhan wanted to put on the posture of Master Lu again.

But on second thought.

I just recognized others as my teacher. I can only hold my nose and nod my head and say, "all right, master..."

It's still hard for him to say the father word again.

Can only be carried by hand.

"What else can I do for you?"

Lu Zhan clenched his teeth. These words were squeezed out from between his teeth. The appearance of cutting his teeth made Xiao Chen secretly laugh.

Right now.

But Wang also said in a voice, "brother-in-law. You, you just let him go?"

Sun Lijiang looked at Wang Ye.

"What else do you want? Doctor Xiao just saved me. Do you want sun Lijiang to do such ungrateful things?"

Wang Xue was on one side and Jiao didi said, "my Lord, he just hit Wang Ye, didn't he..."

"All right!"

Sun Lijiang waved his hand.

Seeing this, Wang Xue knew that sun Lijiang could no longer take charge of the matter, so she pulled up Wang Ye.

"Wang's business. We Wang's family will handle it ourselves."

She said and looked at Xiao Chen.

"Listen to me. The Dongjiang Wang family will not give up."

He said he would leave with Wang.

"Wait a minute!"

Chen Xuening spoke to stop it.

"You? Chen Xuening. What else do you want?"

"Wang Xue, since you say about the Wang family, it has nothing to do with Lijiang, doesn't it?"

Wang Xue's face sank.

"That's right."

"Lu Zhan."

Chen Xuening turned her head and looked at Lu Zhan, who was sullen.

"Huh?"

Lu Zhan looked up at her.

"Now your master's business is also your business. What do you say about these two Wangs?"

Lu Zhan was angry at this time.

He waved his fist hard.

"Xiao Chen is my master. Whoever provokes him is against Lu Zhan."

Wang Xue gave a slight meal.

Lu Zhan has no ability. She just saw it in her eyes. Sun Lijiang was not his opponent. She couldn't help looking at Sun Lijiang.

"Master, you, you..."

Sun Lijiang carried his back with both hands.

"Since you said the Wang family's business. You Wang family handle it by yourself, what else do you come to me for?"

He finished and arched his hands at Xiao Chen.

"Doctor Xiao, I have just recovered from my injury and need to rest. I'll leave first. All your expenses in Lijiang are counted on me."

"Help yourself."

Sun Lijiang nodded at him.

Wang Xue left without looking.

"Master, I..."

Wang Xue also left the last straw.

She looked at the king.

"Sister, I, what shall we do?"

"What are you afraid of!"

Wang Xue stared.

Although I was angry, my brother didn't keep up with me.

But on his face, he can only look at Xiao Chen coldly.

"Xiao Chen, what do you want?"

Xiao Chen looked at Wang Ye.

"Apologize to my wife."

Wang is unwilling.

Just mercilessly slanted his eyes, Xiao Chen.

Pop!

One palm hit him across the face.

"You!"

Wang also looked at his Lu Zhan in surprise.

"Boy, I want you to apologize. It's for your face. If I were you, I would abolish you now."

Lu Zhan looked down at Wang Ye.

This scared Wang back a few steps.

"I..."

Wang also looked at Wang Xue beside him.

"Sister, I..."

"I don't know what I am."

Wang Xue could only stare at him.

"Apologize!"

When did Wang get so angry.

But let alone Lu Zhan, even Xiao Chen is not his opponent.

Think about it.

Wang could only say coldly to Xia Yunshang, "I'm sorry!"

"Don't you fucking disagree!"

Lu Zhan raised his hand and made a gesture to hit him again.

Scared, Wang was busy hiding behind Wang Xue.

"I, I said?"

"Fart, is that an apology?"

Lu Zhan pointed at him and said angrily.

"Never!"

Wang was really frightened by Lu Zhan.

He can only walk out from behind Wang Xue with trembling.

"Miss Xia, I'm sorry to offend you just now!"

He said and bowed ninety degrees to Xia Yunshang.

"That's pretty much the same."

Lu Zhan looks at Xiao Chen.

See Xiao Chen nodding slightly.

"Go away!"

Lu Zhan raised his hand.

Seeing this, Wang Xue took Wang Yi to the stairs, but when she went downstairs, she turned her head and stared at Xiao Chen fiercely.

The color of resentment in her eyes seemed to gush out.

When they leave.

Chen Xuening looked at Xiao Chen and said, "the power of the Dongjiang King's family is not small. Doctor Xiao, you should beware of them."

Xiao Chen nodded.

He turned and looked at Xia yunshang.

"Shall we go back?"

Xia yunshang's face was cold.

"I'll just go back by myself."

Xiao Chen was stunned by what she said.

"What about me?"

"Aren't you still having dinner with Miss Chen?"

Xia yunshang squeezed out a smile at Chen Xuening and stepped downstairs, leaving only Xiao Chen standing in place with an embarrassed face.

Poop.

Chen Xuening smiled.

Xiao Chen was relieved.

"Doctor Xiao, you'd better go after it."

"Then..."

"Then what? Go quickly."

"Good."

Xiao Chen said and caught up.
