"Mayor?" Bai Ling looked and stood Xiao Chen in the corner.

Xiao Chen winked at her.

"You're not talking nonsense, are you?"

Bai Ling's knife was put on Director Zhao's arm again.

"No, I, I dare not talk nonsense. Mayor Liang ordered me to do it on the phone from the beginning."

Director Zhao was obviously afraid of the knife in Bai Ling's hand.

"Nvxia, can you stop cutting me with this knife? You see, I'm almost bleeding. I... I'm a little dizzy."

"Shut up!"

Bai Ling patted the knife on his face.

Director Zhao's trembling body. Then he stopped.

His tight body seemed frozen, except for the bleeding arm.

"Listen to me. I don't want anyone else to know what you said today."

"Yes, I dare not tell others."

"Go away."

Bai LingChao's chief Zhao's ass is a foot. This chief Zhao still dares to stay here. He runs out of the alley without looking back, and doesn't care where the alley leads.

"Young Lord, can this man honestly not tell Mayor Liang what we asked him today?"

Bai Ling turned and looked at Xiao Chen who came out.

"If you believe the words of such officials, I'm afraid there's no need for the word lie in the world. Follow him and see where he will go. If it's Mayor Liang's house, it'll catch them all."

"Yes."

Bai Ling turned to catch up with Director Zhao.

Xiao Chen said with his hands on his back and looked at the alley where he recovered his peace. He wondered if Xia Ziliang had got the prescription from the Qin family?

He wanted to turn and walk out of the alley.

In front of the Xia family, it seems to be the same.

In front of the empty door, only two gatekeepers were chatting.

Xiao Chen turns to the side door of Xia's old house.

Only the Xia family knew that the side door was in a quiet alley. As soon as Xiao Chengang entered, he felt that someone was following behind him.

He didn't panic.

He only went towards the side door. When he got to the side door, there was a jeep parked in front of the door. Xiao Chen looked at the license plate. The car was not Binjiang's number.

East b2598?

Dongjiang's car.

When will the Xia family have visitors from Dongjiang?

As far as he knows.

The Xia family doesn't seem to have such a relative.

And more importantly.

Even the relatives and friends of the Xia family should go through the main door. How can they wait at the side door?

"Hello, who are you?"

Xiao Chen looked at him and entered the alley, followed by his two men in suits and sunglasses.

"You ask me?"

Xiao Chen smiled.

"Who are you? I'm walking here in broad daylight. Is there anything wrong?"

The two men looked at each other.

Xiao Chen is right.

What's wrong with people walking?

"Don't talk nonsense. What do you do?"

One of them pointed to Xiao Chen and asked in a deep voice.

"Oh, what do you do?"

"We are scouts."

"Riverside patrol room, is your captain Wang all right now?"

"Hmm? HMM, it's OK. What can I ask you?"

The questioner seemed to be stunned by Xiao Chen's rhetorical question.

"Who the hell are you?"

Xiao Chen's face was gloomy.

"The captain of the house patrol is not surnamed Wang at all. His surname is Liu. You pretend to be a policeman. It's against the law!"

The sight of the two suits was played by Xiao Chen, and their faces were slightly shocked.

"Shit! This boy has a lot of nonsense. It's estimated that he came running for that thing. Catch him first!"

They looked at each other and came straight to Xiao Chen.

Seeing this, Xiao Chen sneered, "what are you doing?"

"What are you doing?"

"You'll know later."

The two men reached out and caught Xiao Chen.

One of them. Unexpectedly, the palm turned into an eagle claw. It can be seen that he is a practitioner.

Xiao Chen saw that they were close.

In a flash, he put his hand directly under the other party's ribs. Obviously, the other party didn't expect this move and was directly inserted into the soft rib by him.

"Ah!"

The man shook and fell to the ground as if he had no bones.

He was hit by Xiao Chen.

Genuine Qi directly sealed his Jueyin meridians.

The muscles and bones of his body have lost their function, so it's more difficult for him to move his fingers than to climb to the sky, let alone stand up now.

His companion saw it. As soon as his face coagulated, he looked at Xiao Chen, and his eyes didn't look like just now.

"You, who the hell are you?"

Xiao Chen didn't talk to him either. He threw himself forward.

The man was so frightened that he turned and ran away towards the alley.

But how could his speed be Xiao Chen's opponent.

Not waiting for him to escape.

Xiao Chen's palm directly touched his back and spine.

"Ah!"

The man let out another cry of pain.

The whole man fell to the ground.

The man lying on the ground twitched a few times.

Foaming at the mouth.

Turn your eyes up.

It seems to be poisoned.

Xiao Chen cleaned up the man and didn't take care of him. Instead, he went to the first person subdued by him.

"I only ask you three questions. If you answer truthfully, I can consider letting you go, or you will see the end of that man?"

Xiao Chen pointed to the man lying in the middle of the road, foaming.

"Well, I, I said."

"Are you from Dongjiang?"

"Yes, yes."

Xiao Chen nodded.

"Why are you here?"

"This... This I really don't know."

"Don't know?"

Xiao Chen's face sank.

The man was frightened and hurriedly said, "wait, I, I want to, oh, by the way. My child said, it seems that he came to get a prescription from Xia family."

Sure enough, I came here to stop bleeding.

"Young master? Who are you?"

"Wang Ye, we are from the Dongjiang Wang family."

"Wang Ye?"

Xiao Chen didn't expect it.

"What does Xia Ziliang have to do with Wang?"

"Oh, you young master Xia, he and my young master are close friends."

Xiao Chen almost knows a general idea.

He stood up, ignoring the man's plea behind him. Said: "Sir, can you untie it for me, please."

Xiao Chen went to the front of the car and opened the door. He saw that the car key was still there.

Then he turned and walked back to the king's family who had been ordered by him.

Reach out and unlock the man's acupoints.

"Listen, carry that man and roll away. Don't let me see you, you know?"

"Yes, yes."

The man was sent to Xiao Chen to kneel down.

"Don't worry, I'll take him away."

As he said, he got up. His strength had not returned. He fell to the ground as soon as he took a few steps.

He watched the man roll away and carry the companion away.

Xiao Chen got on the bus.

He looked at the square shaped dead hat on the car console, then put it on his head and lowered the brim.

He lay directly on the chair.

After a while.

The side door opens.

Xia Ziliang and Wang also came out.

"Third brother, please..."
