Chapter 1011: Sacred Dragon Token's Master

Chatting idly for a couple more sentences, Rong Kun actually became somewhat evasive when talking.

Ye Yuan knew that he definitely had some words too hard to speak up. Hence, he said, "Whatever words Head Elder has, just be straight with it."

Rong Kun appeared slightly embarrassed as he said, "Haha, Younger Brother Ye, the incident this time was stirred up so big, many things can't be concealed anymore either. It's fine that you're bearing the dragon race's bloodline, it's just that this Sacred Dragon Token ..."

The moment Ye Yuan heard, he understood, and opened his mouth to ask, "Someone came from the dragon clan?"

Rong Kun nodded his head and said, "The Azure Dragon Clan's Head Elder, Long Zaitian, personally brought people and came over. But Patriarch Rong Xiao blocked them first with Younger Brother Ye's body not being recovered as the reason. It's just that this Sacred Dragon Token is of utmost importance, they likely won't be willing to leave the matter at that."

The dragon clan's supreme divine artifact, Sacred Dragon Token, was lost for over 100 thousand years. Now that it re-appeared in the Divine Realm, it was impossible for the dragon clan to not have any indication at all.

Such a treasure being left behind outside was a joke to the dragon clan in the first place.

Now that they knew that the Sacred Dragon Token was in Ye Yuan's hands, they would think of ways to get it back no matter what.

Currently, there was the White Tiger Clan blocking. The dragon clan might still say a couple of nice words. If Ye Yuan was not willing to hand it over, they would definitely resort to martial strength in the end too.

Ye Yuan thought about it and said, "Looks like this trip to the dragon clan is a must. Forget it, make a trip then. It's also time for Senior Long Teng and the dragon clan's grudge to be resolved."

Although Long Teng had never talked with him about his history before, Ye Yuan was also more or less able to guess a little.

Even though as long as 50 thousand years had passed, some knots of the heart, Long Teng likely still could not put it down.

Hearing that Ye Yuan agreed to go to the dragon clan, Rong Kun also heaved a sigh in relief.

The White Tiger Clan was currently already in a precarious situation. If Ye Yuan was not willing to go to the dragon clan, the White Tiger Clan definitely could not look on with folded arms either. At that time, they would fall into a dilemma.

“Younger Brother Ye, rest assured, going to the dragon clan this time, this old man will travel together with you. If any of them dare to touch you, they must step over this old man’s dead body!” Rong Kun patted his chest and said.

Ye Yuan clasped his hands and said with a smile, “Then I’ll have to trouble Head Elder!”

Ye Yuan knew that Rong Kun accompanying him on the trip was likely that the White Tiger Clan had long discussed it already. Therefore, he did not turn it down either.

Presently, Ye Yuan was the entire White Tiger Clan’s benefactor. They were unable to fight to the bitter end with the dragon clan, and could only do it to this sort of extent.

...

After chatting with White Light for a while, Ye Yuan started closed-seclusion to recuperate.

He had indeed expended too much this time. If he did not have a solid foundation, he might even have directly croaked.

He first withstood his own late-stage spirit rank Coiling Dragon Heaven Devastating Palm, and was already badly wounded. Next, he had 25% of his blood essence extracted by the Sacred Dragon Token, nearly draining him into a human jerky.

This degree of injury was virtually too far gone for many martial artists.

Even if their wounds healed, their martial Dao foundation was basically wasted too.

But this did not count for anything to Ye Yuan.

A super faction like the White Tiger Clan, their spirit medicine reserves were very abundant. He only needed to recuperate his injuries and refine some blood essence recovering medicinal pills would do.

It was a little slow, but it was still not to the extent that it would take his life.

After an appropriate amount of rest, Ye Yuan finally fully recovered his strength. And in this period of time, Ye Yuan also broke through quite a few cultivation realms in succession, directly reaching peak Phaseless Realm already.

This was entirely the sequela from him forcefully stimulating the primeval dragon bone. Plus this one month’s time, he ate countless spirit medicines. Hence, his cultivation realm could not be stopped anymore as well, jumping up three levels.

Obtaining Rong Kun’s answer, the dragon clan’s Long Zaitian did not interrupt Ye Yuan as well, and actually reined in his impatience and waited for him for a month’s time.

Presumably, this was also looking on account of the White Tiger Clan’s face.

A month later, Ye Yuan left seclusion but saw an old friend.

The Black Dragon Clan’s patriarch, Ao Lin!

The Black Dragon Clan’s standing among the Azure Dragon Clan was identical with the Crimsonflame Clan’s status in the White Tiger Clan, belonging to one of the most powerful branches.

Ao Lin had requested medicinal pills from Ye Yuan before. With this to and fro, the two people became very close friends.

Ye Yuan's understanding of the dragon clan was also mostly through Ao Lin.

When Ao Lin saw Ye Yuan, he said emotionally, "Oh, Younger Brother, back then when I heard of your demise, Elder Brother, I, had no appetite for food and drinks for several months, and had no mood to cultivate as well. Hearing your news this time, Elder Brother repeatedly pleaded with Patriarch to definitely make a trip with Head Elder."

Ye Yuan smashed a fist on his chest and said with a smile, "At least you, this old fellow, have some conscience! But coming this time, it isn't with good intentions!"

Ao Lin's expression turned slightly stiff and was rather embarrassed.

Him coming this time, saying it a bit nicely was to invite Ye Yuan back. Saying it nastily was to abduct Ye Yuan back. His identity was also very awkward.

"Younger Brother, I ... " Ao Lin said embarrassedly.

Ye Yuan sniggered and said, "You old punk, still the same ol' honest blockhead! Just cracking a joke, you even took it seriously!"

Ao Lin this person was a very inflexible person. But was also rather loyal to friends; suited Ye Yuan's temperament very much.

In his previous life, Ye Yuan did not like to play those little tricks. Therefore, he liked to make friends with straightforward people. This Ao Lin was one of them.

Ye Yuan helped Ao Lin with a great favor back then. This Ao Lin was naturally endlessly grateful towards Ye Yuan.

It was just that now, things were still the same, but the people were no longer the same. When Ao Lin saw Ye Yuan's appearance, he could not help sighing deeply as he said, "Many years of not seeing, didn't expect that Younger Brother, you ... actually took on this appearance!"

Ye Yuan said smilingly, "What's bad about this? To me, it might not be a bad thing! Head Elder, I still have some matters to attend to in the White Tiger Clan. I'll travel together with you all to the dragon clan tomorrow, is it alright?"

Long Zaitian already waited for a month, he naturally did not care about this one day either, and there obviously was no reason to not permit it. He could only open his mouth and say, "Master Qingyun Zi, this Sacred Dragon Token ... could you lend it to this old man for a look?"

Ye Yuan smiled slightly and said, "Of course there's no problem."

Done talking, Ye Yuan directly took out the fire rod-like Sacred Dragon Token. The dragon pressure emitting off of the Sacred Dragon Token made Long Zaitian and co. all feel waves of terror.

Ye Yuan was not afraid of Long Zaitian stealing it either and directly threw it to him.

The Sacred Dragon Token already acknowledged him as its master. Unless Long Zaitian killed him, otherwise, even if he had the Sacred Dragon Token, he was unable to use it too.

And Rong Kun was present as well. This place was the White Tiger Clan's territory too. Even if Long Zaitian was loaned two hands, he could not kill him either.

Long Zaitian lightly caressed the Sacred Dragon Token, like he was stroking his own lover, unable to take his hands of it.

"Over a hundred thousand years already! The Sacred Dragon Token was lost for a full 100 over thousand years! This time, it finally returned to the dragon clan!" Long Zaitian said with vicissitudes of emotion.

The meaning in his words was like Ye Yuan already agreed to return the Sacred Dragon Token.

But how was this possible?

In this world, nobody would hand over a divine artifact so casually to others, right?

Even Ye Yuan could not do it either.

Ye Yuan said with a smile, "Head Elder had best stop dreaming. The Sacred Dragon Token, I won't return to the dragon clan! Right now, I'm the Sacred Dragon Token's master!"

Chapter 1012: Not happy, Suck It Up

Done talking, Ye Yuan silently recited an incantation. The Sacred Dragon Token actually directly broke free of the palm of Long Zaitian's hands and returned to Ye Yuan's hands.

Long Zaitian's face turned black. The originally amicable atmosphere was immediately utterly ruined.

"Ji Qingyun, I call you Qingyun Zi, doesn't meant that you can treat the dragon clan anyhow you please! Disregarding that you're currently all alone in the world, even when you were still the Medicine King Hall's young lord back then, my dragon clan will also have to retrieve this Sacred Dragon Token! This Sacred Dragon Token, you got to hand it over whether you want to or not!" Long Zaitian said in a solemn voice.

But Ye Yuan was not annoyed in the slightest. Instead, he said with a faint smile, "If I didn't remember wrongly, regarding this Sacred Dragon Token, the dragon clan seems to have a rule, right?"

Long Zaitian could not help choking up. Only now did he recall that rule.

The person able to make the Sacred Dragon Token acknowledge as its master was the leader of the dragon clan!

Just now, Ye Yuan summoned back the Sacred Dragon Token effortlessly. Clearly, the Sacred Dragon Token had already acknowledged him as master. That was to say that Ye Yuan was currently the lord of the dragon clan!

This ... What nonsense?

How could a human possibly become the lord of the dragon clan?

But the problem was, why would the Sacred Dragon Token acknowledge a human as its master? Where did this outcome put them, these true dragon clansmen?

No idea why, Long Zaitian actually became angry with a mere tool.

Seeing Long Zaitian's reaction, Ye Yuan said smilingly, "Looks like Head Elder knows about this rule. Then it's easy to settle. Putting aside other things for the time being, just your attitude earlier, shouldn't you apologize to me first? Or is Head Elder planning to disrespect your forefathers?"

A faint smile hung on Ye Yuan's face, quietly awaiting Head Elder's apology.

Ao Lin seriously could not look on anymore. Seeing Long Zaitian in a bind, he could only say to Ye Yuan, "Younger Brother, this ... Head Elder was also anxious for a moment and didn't have the intention of offending. Looking on account of Elder Brother's face ... let it go?"

Long Zaitian's expression was very ugly. Ye Yuan holding the Sacred Dragon Token in his hand was equivalent to holding a royal regalia. Even if he went the dragon clan, he could also do as he pleased!

Unless they really disrespected their forefathers and snatched away the Sacred Dragon Token in Ye Yuan's hands.

But think of how they treated the lineage of bloodline as the most important in the family clan, they naturally also respected their forefathers the most. Making them go against this ancestral teaching was simply even harder than carving off the flesh.

Long Zaitian suddenly felt that this Sacred Dragon Token was simply like a fish bone stuck in the throat; unable to go up nor go down, suffocating to the extreme.

Ao Lin's face, Ye Yuan naturally had to give. Hence, he nodded and said, "Alright then, I'll give Elder Brother, you, face today. But ... not to be taken as a precedent! I'm the master of the Sacred Dragon Token. Even if you guys are unhappy about me, you have to at least maintain due respect on the surface. As long as you don't let me see it, however you all talk in private, that's your business."

Ye Yuan knew that going to the dragon clan this time, he would definitely have many difficulties.

The final goal was naturally for the Sacred Dragon Token's ownership.

Furthermore, his current strength was indeed a little weak. Even if they knew that he was Ji Qingyun, it was also not possible to truly attach importance to him.

Therefore, Ye Yuan's objective was very simple: if there was unhappiness, suck it up!

Otherwise, it was disrespecting the forefathers!

This crime was not what the average dragon race member could take on.

...

After a round of not-very-merry meeting, Ye Yuan went to see Rong Xiao again.

His goal of meeting Rong Xiao was very simple, he wanted to bring away a few people from the White Tiger Dungeon.

Originally, he was planning on directly taking the people away. But now that the White Tiger Clan owed him a tremendous favor, this bit of request was not considered over the top as well.

Furthermore, Ye Yuan was not letting them go, but enslaving them for several thousand years. It was also considered continuing to atone for the things they did before as well.

When Ye Yuan's figure appeared in the White Tiger Dungeon once more, it caused a stir again.

"I'm only bringing three people out. My requirement isn't high: be my servant for a thousand years, and I'll let you guys go free!"

Ye Yuan's sentence immediately caused an uproar.

He bargained with Rong Xiao and finally obtained three quotas.

These people were all the White Tiger Clan's felons. For Rong Xiao to be able to give Ye Yuan three quotas was already going by a massive backdoor.

Moreover, Rong Xiao knew that the people Ye Yuan was bringing away were definitely all people with extremely formidable strength.

Even if it was just a thousand years, if the other party took revenge on the White Tiger Clan in the future, the White Tiger Clan would likely suffer heavy casualties.

This, Rong Xiao actually took on a tremendous risk.

Everybody did not think that Ye Yuan actually really realized his promise back then, and was going to bring people out!

Especially those people who mocked Ye Yuan the last time, each and every one of them was on tenterhooks, fearful of Ye Yuan directly rejecting them.

They were already trapped in the White Tiger Dungeon for god knows how many years. More than half of their strength was already lost. Carrying on to waste away like this, it was also an outcome of death.

This damned place, they did not wish to stay for a second anymore.

Ao Qian was naturally the first one to sign up. He immediately shouted loudly, "Younger Brother, I'm willing to be your servant for a thousand, no, two thousand years! As long as you bring me out! Look, Elder Teng and I came from the same lineage. You have got to consider me first no matter what, isn't that so?"

Ye Yuan nodded and said, "You count as one! Enter a soul contract first, the White Tiger Clan will naturally let you out."

The moment Ao Qian heard, he could not help being overjoyed and hurriedly signed a soul contract with Ye Yuan. This transaction was also considered done.

Rumble!

The dungeon gates opened with a loud crash. A dark figure leaped out. It was actually an azure dragon!

"Hahaha! I, Ao Qian, was trapped for 20 thousand years! I finally came out!" Ao Qian laughed wildly.

After a while of unbridled dancing in the air, Ao Qian finally turned into human form and came before Ye Yuan to bow in salute as he said, "Ao Qian has seen Your Excellency!"

Seeing that Ao Qian really went out, the rest could not hold back anymore as well.

"Your Excellency, I'm willing to become your servant!"

"Your Excellency, I'm willing too!"

These criminals all fell over each other in a mad rush to be first, afraid of being left out by Ye Yuan.

However, Ye Yuan naturally would not pick those people with low strength.

He asked Ao Qian, "Apart from you, who else is the strongest in this place?"

Ao Qian gave a bow towards Ye Yuan and said, "Replying Your Excellency, this place, apart from me, just Wu Luo and Jiang Taicang's strength are the strongest. Apart from them, there are still quite a few divine king powerhouses. It's just that their strength compared to the two of them are all a notch inferior."

Ye Yuan nodded his head and said, "Who you're talking about should be those two people who questioned me the last time, right?"

The moment these words came out, Wu Luo and Jiang Taicang, the two of them, their breathing could not help become disorderly.

This sentence was practically sentencing them to death!

At this moment, the two of them wished that they could slap their mouths mushy.

This mouth was so despicable, no point in wanting it either!

"Your Excellency, I ... I'm a frog at the bottom of a well! My dog eyes were blind! I, Wu Luo, am willing to become Your Excellency's servant! I beg Your Excellency to bring me out!" Wu Luo practically said with a wail.

"Your Excellency, I was wrong! I shouldn't have acted like a snob! Your Excellency, I'm begging you to take me out! This damn place, I don't wish to stay for a second anymore! As long as Your Excellency bring me out, even if I slave and toil, Jiang Taicang is perfectly happy to do so too!"

Jiang Taicang was even more direct, immediately slapping his own mouth, going slap-slap.

Chapter 1013: Accepting Servants

Ye Yuan waved his hand and said impatiently, "Don't give me that in front of me. Talk to me, why were you guys locked up in here?"

The two people froze. Wu Luo opened his mouth and said embarrassedly, "Actually, I was born in the White Tiger Suppression Martial Clan. When I was young, because I formed an enmity with an elder in the clan, in a rage, I killed the other party. Later, I escaped from the White Tiger Clan. Didn't expect that 200 years later, I was actually still captured back."

Ye Yuan nodded his head when he heard that and said, "Alright then, you count as one. Enter a soul contract then. 2000 years, take it as a punishment for the incident last time."

Wu Luo froze. When he reacted to it, he could not help being wildly ecstatic.

He did not think that Ye Yuan actually brushed over the matter last time so easily.

In his view, Ye Yuan definitely wanted powerful helpers. Hence, that was why he would bring them out. But he did not have eyes and offended Ye Yuan the last time, even if Ye Yuan wanted him, he would definitely make him pay a painful price too.

Did not think that Ye Yuan just casually added a thousand years and agreed to it.

A thousand years might be rather long, but compared to the White Tiger Dungeon, he was more willing to be outside.

To an expert who was trapped for several thousand years, there was nothing more precious than freedom.

"Many thanks, Your Excellency! Many thanks, Your Excellency! Don't say 2000 years, even 3000 years, I'm willing too!" Wu Luo said excitedly.

Wu Luo immediately entered a soul contract with Ye Yuan without another word, to be Ye Yuan's servant for 2000 years.

Ye Yuan's breadth of mind was not narrow to this sort of degree; to seek revenge for the smallest grievance because of one or two words. He had a condition for bringing people out: people whose crimes were inexpiable, he did not want.

Wu Luo just killed an elder because of a grudge. This sort of thing was a severe crime to the White Tiger Clan, but it was actually happening in every corner of the Divine Realm every day. It did not count as some unforgivable crime.

Furthermore, for Wu Luo to be able to cultivate to such a boundary and be able to kill a White Tiger Clan's elder, that by itself showed how formidable his strength was.

Seeing Wu Luo break free, Jiang Taicang became very anxious.

"Y-Your Excellency, w-what about me?" Jiang Taicang said weakly, cold sweat pouring out.

Ye Yuan voiced his assent and said, "You talk about it too."

Jiang Taicang recounted his experiences very fidgety. But it was rather wondrous.

This guy was a human, but cultivated the 'sacred hand dao.' (CHECK)

Putting it bluntly, he was a thief!

Jiang Taicang's strength was heaven-piercing, but could not change the habit of kleptomania. 5000 years ago, the White Tiger Clan organized a sacrificial grand ceremony and prepared several top-notch sacrificial goods. Who knew that this guy actually directly pocketed those few sacrificial goods.

The white tiger spirit was not lacking those few sacrificial goods. But it survived through the White Tiger Clan's powers of faith.

Those few sacrificial goods were entrusted with the White Tiger Clan's powers of faith. Being taken away by Jiang Taicang like this, how could the White Tiger Clan not be furious?

Hence, the White Tiger Clan's patriarch back then personally moved out, chased him down for a full two year's time, and finally captured him back.

To be able to escape from under the White Tiger Patriarch's hands for a full two years, Jiang Taicang could also be sufficiently proud.

Hearing Jiang Taicang's experiences, Ye Yuan did not hesitate either, immediately deciding on him.

Thereupon, this three-person group was also considered officially formed. The other people's strengths were clearly more than a level weaker than the three of them. Ye Yuan did not consider anymore either.

As for Ao Qian, Ye Yuan also asked about his situation.

As a result, the reason why he was imprisoned shocked Ye Yuan too.

This guy actually challenged the White Tiger Clan and swallowed a 50 thousand-year-old crane essence inside a mystic realm. As a result, he was immediately captured by the White Tiger Clan.

Crane essence was not a white crane that became a demon, but a kind of longevity-promoting spirit medicine. It was not within the scope of the nine tiers.

A 50 thousand years old crane essence was sufficient to extend a person's longevity by more than a fold!

At that time, Ao Qian was also anxious until his eyes turned red. Looking as his time was almost up and that he was going to pass away in meditation, how could he care about whether it offended the White Tiger Clan? He directly swallowed it.

In the end, he lived until now, but was also locked up inside this White Tiger Dungeon, never to rise again!

Back then, the White Tiger Patriarch said: Didn't you devour the crane essence? Then I'll let you savor the taste of waiting for death inside the White Tiger dungeon well!

The White Tiger Clan sealed Ao Qian's demonic core and sealed off his bloodline power. He could not do anything inside this dungeon at all, and could only stare blankly with his eyes open.

This stare was more than 20 thousand years!

If not for Ye Yuan, he would really stare all the way here until death.

However, while these three people's strengths were formidable, being sealed inside this White Tiger Dungeon, the effect on them was immense.

Even if Ye Yuan let them out, without a thousand year's time, it was very hard for them to recover to the peak.

Their current strength was at most the level of ordinary divine kings too; a long shot away from their peak period.

Reaching the Divine King Realm, each step taken was extremely arduous.

Unless it was the Ten Great Divine Kings, that kind of peerless geniuses, otherwise, to many Divine King experts, they would pretty much be like that for their entire lives.

Ye Yuan bringing the three people out, Rong Xiao naturally could not dispense with a warning.

His expression was very grim as he said coldly, "The three of your matters, you know it yourself! You all are my White Tiger Clan's mortal enemies! Ye Yuan is my White Tiger Clan's savior, that's why this seat gave him three quotas. However ... there's also an agreement between Ye Yuan and me. After returning you guys your freedom in the future, if you dare to come to find trouble with my White Tiger Clan, he'll personally cut the three of you down! Don't doubt my words, if Ye Yuan wants to kill you all, he might only require several decades! After a thousand years, you won't even be fit to carry his shoes for him! Following him might be the luckiest thing in the three of your lives!"

When Ao Qian trio heard that, their expressions all changed. To be able to make the White Tiger Patriarch say this sort of words, Ye Yuan was clearly very extraordinary.

Furthermore, Rong Xiao said it, Ye Yuan was the White Tiger Clan's savior.

What kind of incident could make the White Tiger Clan release the three most important people in the dungeon?

These three people were not stupid and knew that they had underestimated Ye Yuan too much previously.

After the joy of getting out of prison settled down, they became aware that they seemed to have followed a very remarkable master!

Especially Ao Qian, he was the clearest what kind of existence Long Teng was.

In that era, Long Teng was reputed as the dragon clan's most powerful genius after Divine Dao dwindled to zero!

Even he acknowledged Ye Yuan like so. This child was bound to be extraordinary!

Of course, when Ye Yuan took them into the Vast Heaven Pagoda, their astonishment reached an even more unsurpassable height.

This was a quasi-divine artifact!

Ye Yuan's figure appeared and said nonchalantly to the three people, "The three of you following me, I naturally won't treat you guys shabbily. My current strength isn't there yet. When I break through to Dao Profound, I should be able to refine medicinal pills for you guys. At that time, it should be able to help you all recover to peak strength. Of course, Tier 9 spirit medicines aren't that easy to find. This period of time, I'll keep an eye out for you all."

Ye Yuan's words made the three people endlessly shocked.

Breaking through to Dao Profound Realm and he could refine medicinal pills?

The medicinal pills that the three of them required were high-grade Tier 9!

Chapter 1014: Emperor Qi

“Patriarch, Ji Qingyun is insolent and disrespectful, and really took the Sacred Dragon Token to be his belonging! I’m really perplexed why the Sacred Dragon Token would choose a human.”

When Long Zaitian returned to the clan, the moment he saw the Azure Dragon Patriarch, Ao Duo, he poured out all of the grievances during this period.

Ye Yuan having the Sacred Dragon Token in his hands was like a porcupine; unable bite down at all.

But Aoduo did not have Long Zaitian’s fretfulness. He just said coolly, “A divine artifact is an item with a spirit. Moreover, the Sacred Dragon Token is a heavenly divine artifact. It has its own reasons for picking Ji Qingyun. What I mind more is that Ji Qingyun has only resurrected for 20 years, why would his bloodline power be so powerful? Heard Jianbo say that his bloodline power actually exceeded the limits of the Bloodsoul Stone. This is simply something inconceivable.”

On the day when Ao Jianbo was severely wounded by the Universal Void Slaughter God Slaying Formation, it was also thanks to Ye Yuan breaking the deadlock that he got away with his life. At this time, he was currently recuperating inside the clan.

Getting Ye Yuan over, it was naturally impossible for Ao Duo to not do a comprehensive understanding of Ye Yuan.

In his previous life, Ye Yuan had come to the dragon clan before. But at that time, he was the high and lofty Qingyun Zi. No one in the entire Divine Realm dared to provoke.

In this life, Ye Yuan was merely Ye Yuan. But the dragon clan’s own clan rules gave Au Duo a big headache.

After Long Zaitian brought Ye Yuan back, the dragon clan could only wait upon Ye Yuan with good food and drinks. Ao Duo did not have the intention of meeting.

If he really met, it would be embarrassing to open his mouth instead.

It was just that the thing that made Ao Duo found it hard to conceive was not just the Sacred Dragon Token in his possession, there was also Ye Yuan’s dragon race bloodline.

“This ... could it be that the White Tiger Clan’s Bloodsoul Stone had problems?” Long Zaitian said rather uncertainly.

Ao Duo shook his head and said, “Shouldn’t be! Zaitian, say, since he obtained the Sacred Dragon Token, could he have obtained a genuine divine beast bloodline?”

Long Zaitian was startled inwardly and looked at Ao Duo strangely.

The so-called genuine divine beast bloodline was naturally the bloodline of a Deity Realm Azure Dragon powerhouse!

This sort of thing was simply a priceless treasure.

And genuine divine beast bloodline had never been seen before ever since Divine Dao dwindled to zero.

Now that the Sacred Dragon Token came into being, divine beast bloodline coming into being was naturally nothing strange either.

“With Patriarch saying so, it really is like that! Only a divine beast bloodline can make the Bloodsoul Stone unable to withstand it, right? Patriarch, this boy is certain that we don’t dare to touch him, that’s why he followed me back to the dragon clan. Why not ...”

Long Zaitian gave a vicious look. That meaning was obviously to dispose of Ye Yuan and forcefully snatch the Sacred Dragon Token and bloodline.

But Ao Duo shook his head and said, “This matter still needs to be thought through at length. It has to be Ji Qingyun handing it over willingly. Going against the ancestral teachings, this sort of thing, isn’t considered much among humans. But among my demon race, especially to the Azure Dragon Clan, it’s a massive matter. Unless there are no other alternatives, this seat doesn’t wish to come to that point.”

Long Zaitian’s face fell slightly, but he nodded his head.

He was aware of Ao Duo’s misgivings. The dragon race’s inheritance was in the bloodline. Violating the ancestral teachings, this sort of thing, one might just suffer a bloodline backlash. Regardless of who it was, nobody was willing to go and do it either.

...

Ye Yuan came to the dragon clan but was very leisurely and carefree.

The dragon clan seemed to have forgotten about his existence and pushed him to one side the whole time.

Ye Yuan did not idle away either and had a catch up about the old days with Ao Lin, but placed the majority of the time on cultivation.

The matter of Ji Canglan honestly caught Ye Yuan by surprise.

Facing the Ji Canglan who entered the realm of Void Mystic, Ye Yuan was currently too weak!

Dealing with ordinary divine king powerhouses, Ye Yuan leaping realms to battle was like having a common meal. But against Void Mystic powerhouses, Ye Yuan’s strength was somewhat lacking.

Void Mystic powerhouses, every last one’s comprehension towards concepts was extremely profound.

With Ye Yuan’s current concepts comprehension, even if he was sent to Void Mystic Realm directly, it was also impossible for him to defeat Ji Canglan.

Putting aside capturing the white tiger spirit, Ji Canglan’s strength was even that tiny hint stronger than Rong Xiao!

One had to know that Rong Xiao was a veteran Void Mystic powerhouse, while Ji Canglan had at most just entered the realm of Void Mystic for 20 years.

All along, concepts were Ye Yuan's ace-in-the-hole to leap realms and battle. His concepts comprehension was more than just a tiny bit stronger than the average person.

But the time he cultivated was too short when all was said and done. To an alchemist who had never cultivated concepts in his past life, to be able to cultivate to such a boundary in 20 years time, this was simply a peerless genius.

But no matter how genius, he was also not Ji Canglan's match!

That battle that day, if not for Ye Yuan inflicting self-harm as the price and catching Ji Canglan off guard, he would have long become a deceased soul under Ji Canglan's sword already!

Prior to this, Ye Yuan's greatest reliance was that he was in the dark, and Ji Canglan was in the open.

But now, his identity was already exposed. Ye Yuan no longer had anything to count on. God knows when the next time Ji Canglan make his move would be?

Resigning himself to death was not Ye Yuan's character.

His greatest reliance right now was the Sacred Dragon Token. So no matter what, he would not give it to the dragon clan.

And although the Vast Heaven Stele and Soul Suppressing Pearl, these two items, were formidable, he could not harness them at all currently.

According to Long Teng's version of things, only when he reached Dao Profound Realm, could he sense the Vast Heaven Stele's truly formidable aspects.

And Ye Yuan was already Ninth Level Phaseless currently. These few days, he had been consolidating his cultivation realm the entire time, planning on breaking through to Dao Profound in one stroke!

The Dao Profound Realm was different from any cultivation realm previously.

This was a mysterious and hard to fathom boundary!

After breaking through to Dao Profound, the martial artist's essence energy sea would produce a change once more. The originally ocean-like essence energy sea would form clouds of dense qi.

The Dao Profound Realm's might lied precisely here!

The Dao Profound Realm also went by emperor realm. This was not randomly termed. The dense qi formed after breaking through to the Dao Profound Realm was called emperor qi!

Once emperor qi was formed, the power of martial techniques would skyrocket. A martial artist's grasp of essence energy would also reach an inconceivable level.

The amount of emperor qi also represented the superiority or inferiority of emperor realm powerhouses.

Ye Yuan's essence energy sea already reached an unimaginable 100 million feet in circumference. It was a hundred times of the average Ninth Level Phaseless!

Once he broke through to Dao Profound Realm, it would produce large quantities of emperor qi. His strength would also not be what the average First Level Dao Profound Realm would compare to.

After resting and rehabilitating for the greater part of a month in the dragon clan, Ye Yuan's cultivation realm finally finished consolidating.

He made use of another three day's time to refine a kind of medicinal pill called Emperor Qi Pill.

In his past life, he relied on precisely this Emperor Qi Pill before breaking through to Dao Profound Realm.

In this life, Ye Yuan's soul force already broke through to Alchemy Emperor Realm. Refining this mere Tier 8 Emperor Qi Pill was naturally no object.

Without a doubt, transcendent-grade Emperor Qi Pill!

All preparations in place, the dragon clan still did not seem to have the intention of finding him to negotiate. Ye Yuan just broke through in the dragon clan straightforwardly.

At present, his fleshy body and divine soul both already stepped into emperor realm. It was only missing this essence energy cultivation realm alone.

Rumble ...

After Ye Yuan consumed the transcendent-grade Emperor Qi Pill, very soon, large quantities of emperor qi took shape inside his essence energy sea.

Heavenly tribulation arrived once more right on schedule!

Chapter 1015: Variant Major 9-by-9 Heavenly Tribulation!

"Who's transcending tribulation in the clan? Seems like, it's transcending Tier 9 heavenly tribulation. It's just that this heavenly tribulation's pressure ... is a bit too terrifying, right?"

"Yeah. I feel that if I were to transcend the tribulation, I'd definitely be smitten to death! I've never seen a heavenly tribulation with this sort of power before! It's too scary!"

"Fool, what do you guys know? This is a Major 9-by-9 Heavenly Tribulation. It was said that when Patriarch broke through to Tier 9 back then, he only transcended an Intermediate 9-by-9 Heavenly Tribulation too!"

To be able to attract a 9-by-9 heavenly tribulation when breaking through to Dao Profound, those were all geniuses among geniuses.

But the vast majority of martial artists were all just Minor 9-by-9 Heavenly Tribulation.

Those able to bring down an Intermediate 9-by-9 Heavenly Tribulation were just an extremely, extremely small portion.

A powerhouse like Ao Duo also merely attracted an Intermediate 9-by-9 Heavenly Tribulation. The rarity could be imagined.

And attracting a Major 9-by-9 Heavenly Tribulation was even rarer. In the entire Divine Realm, it was also extremely rare to hear of someone able to attract a Major 9-by-9 Heavenly Tribulation!

Under the tribulation clouds, inside the storm, Ye Yuan stood in the air, causing an uproar in the dragon clan.

This time, the scope of the tribulations clouds were extremely vast, virtually covering the entire Azure Dragon Clan's totem territory.

In the sky, lightning danced like silver snakes. The accumulated pressure became more and more horrifying, but drew the bow without shooting, giving people an extremely strong sense of oppression.

Ao Duo looked at that figure in the distance, his face revealing a look of shock as he said, "Ji Qingyun focused on alchemy and was uncommitted to martial arts. Didn't think that in this life, he actually exhibited such terrifying martial Dao talent. This martial Dao talent compared to his alchemy Dao isn't the least bit inferior either!"

"This ... How is this possible? It's only been a short 20 years time, I even thought that his cultivation realm was all stacked up with medicinal pills, didn't think that ..."

Long Zaitian looked at the Ye Yuan in the sky and was speechless for a long time.

Crack! Crack!

Amidst the dragon clan's astonishment, the first bolt of heavenly tribulation tore through the air and arrived!

That coarse lightning seemingly tore open a large hole in the sky. Just the power of the first bolt of heavenly tribulation made people feel terror.

Ye Yuan did not hesitate in the slightest either. Lifting his hand, it was a Coiling Dragon Heaven Devastating Palm.

Rumble!

Ye Yuan's figure was suddenly smashed down several hundred feet. But he still forcefully stood his ground.

This first bolt of heavenly tribulation was more terrifying compared to any of the heavenly tribulations he had transcended before in the past.

One had to know that Ye Yuan was already Tier 9 fleshy body currently. Although this palm was not his all-out attack, the power was also very terrifying already.

But facing the heavenly tribulation, he was actually a notch weaker!

Seeing this scene, Ao Duo's expression suddenly changed, and he instructed, "Immediately activate the clan protecting grand array!"

Following Ao Duo's roar, the dragon clan immediately bustled about. Very soon, an enormous light screen thoroughly covered the Azure Dragon's totem territory inside.

Ao Duo's expression was ugly as he said, "A Major 9-by-9 Heavenly Tribulation indeed lives up to its reputation! This first bolt of heavenly tribulation was already so terrifying. If I wait until the final bolt of heavenly tribulation land, wouldn't my dragon clan become a mess? This brat is definitely deliberately putting on a show of force to us!"

Ao Duo really wronged Ye Yuan. He also did not expect that he actually attracted a Major 9-by-9 Heavenly Tribulation.

When transcending the fleshy body heavenly tribulation and soul tribulation on that day, they were both not so terrifying. He also could not figure out why the tribulation of essence energy would be so frightening.

Furthermore, Major 9-by-9 Heavenly Tribulation, even Ye Yuan had only heard about it before too. As for how formidable the power was, he only experienced it personally with that blow just now.

Crack! Crack! Crack!

Bolt after bolts of heavenly tribulation landed with loud bangs, different from that sort of exasperation in the past. This time, it was clearly very calm.

The heavenly tribulation's interval was very rhythmic. After each time it landed, it would even give Ye Yuan some time to catch his breath.

Ye Yuan's figure was struck down time and again, but he flew up stubbornly again.

9-by-9 heavenly tribulation had a total of nine rounds. Each round had nine bolts of heavenly tribulation. After each round, the power of the next round would have a substantial increase.

Although the power of the first round was fierce, it was clearly inadequate to deal with Ye Yuan.

After nine bolts of heavenly tribulation, Ye Yuan's aura became somewhat chaotic but did not have too great of a change.

During the second round, the power was clearly more than a level stronger compared to the first round!

Ye Yuan did not dare to slight it and already brought out 80% of his strength!

Very soon, the second round was withstood by Ye Yuan as well.

The third round, Ye Yuan practically took out all of his strength. He even used the late-stage spirit rank Coiling Dragon Heaven Devastating Palm too, before barely managing to pull through.

When Ao Duo saw this scene, his expression was incomparably ugly.

"Heard Jianbo say that Ji Qingyun's dragon race martial techniques were all taught by a mysterious person. At most, it's also just 20 years time. Could it be that he only used 20 years time to cultivate dragon wave to the late-stage spirit rank? This ... the Ji Qingyun after reviving is truly leaking out bizarreness all over!" Ao Duo said with vicissitudes of emotion.

"Yeah! My dragon race martial techniques are all cultivated with centuries as units. This guy merely cultivated for 20 years and actually reached such a level already. Truly inconceivable!" Long Zaitian also said in astonishment.

Although they were long aware that Ye Yuan comprehended late-stage spirit rank dragon wave, seeing him display it with their own eyes, they still felt unbelievably shocked.

Suddenly, Ao Duo's expression changed, and he stared at the tribulation clouds as he said, "The tribulation clouds seemed to have undergone a transformation. The Major 9-by-9 Heavenly Tribulation doesn't seem like it would be like this, right? What on earth did this brat do? Even Heavenly Dao can't tolerate him?"

Only to see that in the sky, the tribulation clouds suddenly became strange.

Inside the originally pitch-black color tribulation clouds, a faint-yellow color tribulation cloud faintly appeared.

A terrifying fire-attribute energy transmitted out from within the tribulation clouds, making everyone's expressions change.

"This ... This is lightning-fire dual tribulation! The power of lightning-attribute heavenly tribulation is a level greater, and there's even an additional fire-attribute heavenly tribulation! Would this sort of situation happen to a Major 9-by-9 Heavenly Tribulation?" Ao Duo said in shock.

Ye Yuan's expression was also incredibly ugly. He seriously could not understand, just transcending a heavenly tribulation, was there a need to end up like this?

But Ye Yuan faintly had some conjectures. The power of the heavenly tribulation was so great, it likely had something to do with the several terrifying treasures on him.

He had ten thousand profanities galloping through his head. The treasures on him, seemed like other than the Sacred Dragon Token, he could not harness the rest at all, alright?

Ye Yuan had a flash of inspiration and suddenly called Fiery out.

"Big Brother!"

Through such a long time of cultivation, Fiery only just broke through to Tier 8. There was still a very long distance away from Tier 9.

Ye Yuan's current battles, he virtually could not help with anything much.

It was exactly because of so that Fiery was very anxious too.

Ye Yuan said, "This damn heavenly tribulation actually dropped down a lightning-fire dual tribulation! This tribulation fire is born from heaven and earth and contains a terrifying power of fire essence. It's a great tonic item to you. In a while, you'll transcend the tribulation together with me and absorb this tribulation fire with all your strength. It should be able to help you to break through to Tier 9 in one go!"

The moment Fiery heard, he could not help being overjoyed and said, "Yes, Big Brother!"

Right then, a yellow a white, two bolts of heavenly tribulation, intertwined and fell down, as if it was two enormous dragons that devoured heaven and earth, crushing down towards Ye Yuan.

The fourth round of 9-by-9 heavenly tribulation descended with a loud crash!

Ye Yuan gritted his teeth. Lifting his hand, it was a Coiling Dragon Heaven Devastating Palm!

It was just that the power of the lightning-fire dual tribulation was abnormally strong. His Coiling Dragon Heaven Devastating Palm only resisted for a split second before collapsing with a loud bang ...

Unrivaled Medicine God

Chapter 1016: Lightning, Fire, Ice

Rumble!

Ye Yuan was smashed fiercely onto the dragon clan's grand array light barrier.

Lightning and flames swathed on his body, akin of bone-infesting maggots; unable to dispel.

"Fiery, quick!"

Right then, Fiery appeared like a spirit. Kneading incantations, he absorbed the flames on Ye Yuan's body greedily.

This fire of heavenly tribulation was the most original source of energy in the world.

After Fiery absorbed, his cultivation realm increased at a speed visible to the naked eye.

Taking advantage of this interval, Ye Yuan seemed completely fine and started to revolve his skill and regulate his breathing, to prepare to receive the next heavenly tribulation.

"This bullshit Major 9-by-9 Heavenly Tribulation, just the fourth round and it's so terrifying! If it were to reach the ninth round, what would it be like?!" Ye Yuan cursed.

Not just Ye Yuan, each and every one of those dragon clan powerhouses were all dumbfounded from watching too.

Such a dreadful heavenly tribulation, they had rarely seen it in all their lives too.

"How monstrous to what degree is this Ji Qingyun to bring forth such a terrifying heavenly tribulation!"

"This old man has cultivated for several thousand years and also never saw before such a terrifying Major 9-by-9 Heavenly Tribulation! The height of this child's talent has probably met with heaven's jealousy!"

"You all look at that thing by his side, it should be a primordial spirit, right? My god, he's actually absorbing tribulation fire! Could it be ..."

"That's right, it's definitely the spirit of an essence fire! No wonder Ji Qingyun can provoke such a terrifying heavenly tribulation. His fortuitous encounters are also a bit too good! The spirit of an essence fire absorbing these tribulation flames, even breaking through to Tier 9 is nothing difficult too!"

Fiery's appearance made all the powerhouses incredibly envious.

Reviving for these 20 years, Ye Yuan's lucky chances were simply great until it drove people nuts.

Sacred Dragon Token, bloodline power, spirit of essence fire, these things were all existences capable of driving Divine King powerhouses crazy. They were actually all acquired by Ye Yuan.

It was also no wonder that Ye Yuan brought down such a terrifying heavenly tribulation.

Just as everyone was in shock, the second bolt of lightning-fire dual tribulation came down furiously.

This time, Ye Yuan did not dare to be careless anymore.

The feeling of directly being smashed onto the protective screen by heavenly tribulation was not that pleasant.

Rumble!

Another bolt of terrifying lightning-fire dual tribulation landed. Ye Yuan was immediately slammed until he flipped quite a few somersaults.

Lightning-fire dual tribulations smashed down in clusters. That tremendous impact force was secondary. The most frightening thing was still the two different kinds of lightning and fire energy corroding endlessly.

These two kinds of heavenly tribulation both possess exceptional offensiveness. Even if Ye Yuan's fleshy body already broke through to Tier 9, under such a terrifying heavenly tribulation, he was already on the verge of not being able to stave it off.

Fortunately, Fiery was absorbing the power of tribulation fire frenziedly while the Origin Magnetism Spirit Wood within Ye Yuan's body was also extracting the lightning tribulation frenziedly.

Relying on these two protective talismans, Ye Yuan forcefully withstood three rounds of lightning-fire dual tribulation!

After three rounds of lightning-fire dual tribulation, Fiery and the Origin Magnetism Spirit Wood's rank both reached peak Tier 8!

Only missing a step and they could enter the rankings of Tier 9.

"Not good! Big Brother, my heavenly tribulation is going to arrive right away as well!" Fiery suddenly said at that moment.

Ye Yuan nodded his head and said, "You hurry up and leave the dragon clan. Find a place to transcend the tribulation. Over here at my side don't need you to worry about."

"Big Brother, you still have three rounds of heavenly tribulation at the back, the power is likely even greater than the lightning-fire dual tribulation! I ..." Fiery was worried about Ye Yuan and did not wish to leave.

Ye Yuan waved his hand and said, "When soldiers come, use a general to hold them off. When the water rises, use dirt to keep it back. I don't believe that a mere 9-by-9 heavenly tribulation can smite me, Ye Yuan, to death!"

Fiery was helpless and could only leave the dragon clan and go transcend tribulation himself.

Primordial spirits were products that seized the good fortune of heaven and earth. They would likewise suffer the punishment of heavenly tribulation. Furthermore, a primordial spirit's heavenly tribulation's power would be even more terrifying than the average martial artist's heavenly tribulation.

But Ye Yuan imparted Fiery many techniques. His combat strength could not compare to ordinary primordial spirits. Ye Yuan was not worried.

What he was worried about right now was the seventh round of 9-by-9 heavenly tribulation that was slow in arriving!

“Quickly look, there’s another additional tribulation cloud!” Right then, someone in the dragon clan cried out in surprise.

Actually, no need for his exclamation, everybody saw it.

Right beside those two tufts of tribulation clouds, there was actually an additional tuft of tribulation cloud!

“N-No way, right? That seems like a water-attribute tribulation cloud! Could it be ... Could it be that his Major 9-by-9 Heavenly Tribulation is going to gather together all Five Element attributes?”¹

Everyone was filled with fear in their hearts. Ye Yuan’s Major 9-by-9 Heavenly Tribulation was a little too terrifying, right?

Lightning-fire dual heavenly tribulation was already exceedingly frightening. Now, there was an additional water-attribute heavenly tribulation. Did it still want people to live?

Ye Yuan was angered until gnashed his teeth with an ugly smile. This villainous old heaven was simply playing a joke on him!

Heavenly tribulations of three attributes, was it? This was forcing this young lord to play his trump card!

Ye Yuan took out the Sacred Dragon Token without the slightest hesitation and started pouring divine essence into it.

Fiery left, if he carried on forcefully resisting like this, he would die very miserably.

Crack! Crack! Crack!

The seventh wave of heavenly tribulation finally formed. Lightning, fire, ice, three heavenly tribulations descended with a roar, looking extremely glaring and incomparably spectacular.

But to Ye Yuan, this was something deadly.

The three heavenly tribulations had yet to land, but that horrifying pressure already made everyone asphyxiated!

Even a powerhouse like Ao Duo also revealed a look of astonishment, looking at this scene in disbelief.

“Screw your uncle! Break for me!”

Ye Yuan gave a fierce cry and flashed the Sacred Dragon Token in anger!

Only to hear a rumble. A terrifying undulation rippled out in the sky. That tri-colored heavenly tribulation was forcefully blocked.

But this undulation was too strong. Even if the dragon clan's people hid inside the array formation, they were also shocked until they swayed around wildly.

Today, they were also considered to have broadened their horizons, to have actually seen such a terrifying heavenly tribulation.

But this was not over yet. Nine bolts of tri-heavenly tribulation landed one by one. Ye Yuan also could not care about wasting divine essence at this time anymore. He just deployed the Sacred Dragon Token fervently.

It was just that he could sense that even if he deployed the Sacred Dragon Token, each bolt of this heavenly tribulation was also stronger than the last.

The eighth round of heavenly tribulation had yet to begin. At this rate, the eighth round was still okay, but he was unable to withstand the ninth round no matter what.

By relying on the Sacred Dragon Token, Ye Yuan finally pulled through the tri-heavenly tribulation.

"This brat is already on the verge of giving out. Even if he relies on the Sacred Dragon Token to make it through the eighth round of heavenly tribulation, he absolutely can't make it past the ninth round either!" Head Elder looked at Ye Yuan in the sky with a heated gaze as he said,

Ao Duo shot him a glance and immediately understood his meaning, but let out a sigh and said, "Using such a method to take back the Sacred Dragon Token is really what I didn't expect."

"Heh heh, who can be blamed for him seeking death himself? It's hard to defy heaven's will! Looks like the Dragon Ancestor's spirit is there in the unseen world. He's just borrowing Ji Qingyun's hands to deliver the Sacred Dragon Token back to the dragon clan!" Long Zaitian said rather gleefully.

Ao Duo also nodded his head and said, "Looks like there's only such an explanation. The Sacred Dragon Token is spiritual, but used this sort of theatric-way to return to the clan."

The way the two of them saw it, it was impossible for Ye Yuan to transcend this variant Major 9-by-9 heavenly tribulation already.

There was the Dragon Ancestor guiding in the unseen world to deliver the Sacred Dragon Token back to the dragon clan.

Right at this time, the eighth round of heavenly tribulation initiated once more.

This time ... a fourth tribulation cloud actually appeared again!

[Unrivaled Medicine God](#)

Chapter 1017: Five Elements Gathered!

Seeing those rolling four tribulation clouds, Ye Yuan's complexion was green.

"Villainous old heaven, you're f*cking messing with me!"

This was clearly bullying people. Tri-heavenly tribulation was already incomparably terrifying. Now, a fourth tribulation cloud actually came as well.

According to this situation, the last round would definitely be the Five Element Heavenly Tribulation all arriving!

Such a heavenly tribulation, even if a Divine King powerhouse was here, it would likely be hard to transcend too, right?

While he, Ye Yuan, was only just breaking through to Dao Profound Realm!

When those dragon clan martial artists saw this scene, each and every one of their scalps tingled.

The moment the fourth tribulation cloud appeared, that terrifying energy undulation made their hearts palpitate unceasingly.

This was the genuine might of heaven and earth. It was a power that virtually could not be resisted with a human's strength.

In the dragon clan, there were quite a few people who did not have a favorable impression towards Ye Yuan because of the Sacred Dragon Token's matter. Seeing Ye Yuan encounter such a terrifying heavenly tribulation, there was even some gloating over his misfortune.

But each and every one of them could not cheer up currently.

Ye Yuan was transcending tribulation right above their heads!

Rumble!

Four bolts of heavenly tribulation rumbled down, wrapped in the power of heaven and earth.

That one additional heavenly tribulation this time was wind tribulation!

Gusts of strong wind were shaped like they were materialized, intertwining together with the ice, fire, and lightning, increasing the power of the other three heavenly tribulations even more.

This degree of strong wind was not the Fierce Gale World's level of strong wind anymore. Even the Fierce Gale World's ninth level region paled in comparison to this storm too.

Disregarding the wind tribulation, the power of the other three heavenly tribulations were already not what the seventh round could compare to either.

Such a heavenly tribulation, just thinking about it made people despair.

Ye Yuan cursed countless times over in his heart. But this heavenly tribulation, he had nowhere to hide.

Gritting his teeth, Ye Yuan directly poured in ten times the divine essence from before. The Sacred Dragon Token immediately erupted with rays of brilliant light!

The last time, in order to deal with the Heaven Imprisoning Spirit Locking Flask, Ye Yuan expended a large quantity of divine essence in one go. Currently, the divine essence within his body had already shrunk greatly.

No matter how many the divine essence, it was also just a consumable. It was very hard to replenish.

He did not think that transcending tribulation this time actually had to utilize so much divine essence.

At this rate, the divine essence in Ye Yuan's body was already unable to support more than a few times of his consumption.

It was just that this current sort of situation, Ye Yuan had no other alternatives too. No matter how precious divine essence was, it was also not as precious as his life.

Rumble ...

The quadruple-heavenly tribulation landed in succession. Even if he had the Sacred Dragon Token in his possession, Ye Yuan was also slammed by the massive energy undulation until he tumbled around everywhere.

When the dragon clan's members saw the situation, all of their expressions changed drastically.

It changed not because Ye Yuan was sent flying, but because the clan protecting grand array's tremors were already becoming more and more intense under this kind of terrifying impact.

Under the four heavenly tribulations, the entire Azure Dragon Clan felt the earth quakes and mountains sway. This sort of feeling was distinctly more much intense compared to before.

Ao Duo's expression also changed, and he said to Long Zaitian, "Prepare to activate the Seven Constellation Grand Array! The clan protecting grand array probably can't last until Ye Yuan finishes transcending the tribulation!"

Long Zaitian's expression changed, and he said, "This ... This isn't possible, right? Making the experts in the clan maintain the array formation, it shouldn't be possible to breach it, right?"

Ao Duo shook his head and said, "This boy must have done something that violated Heavenly Dao. Otherwise, it's definitely impossible for Dao Profound heavenly tribulation to be so terrifying! Carry on developing like this, the power of the ninth wave will definitely be unimaginable. Even you and I might not be able to survive inside it too."

Long Zaitian opened his eyes wide but was still somewhat half-dubious towards Ao Duo's words.

But the meaning in Ao Duo's words was that this Ji Qingyun was dead for sure.

At least, the Sacred Dragon Token was going to return to the dragon clan.

Bolt after bolt of quadruple-heavenly tribulations landed, each more powerful than the last. Ye Yuan's divine essence poured into the Sacred Dragon Token like it was free. But even so, after nine bolts of quadruple-heavenly tribulation, Ye Yuan's injuries were already very frightening.

If not for Ye Yuan being powerful, just the aftershocks of the heavenly tribulation were sufficient to smite him to death.

Ye Yuan had just recovered for not long, and he was covered in blood all over again, becoming a spent force.

Except, the heavenly tribulation did not have the slightest intention of pitying him. After the eighth round's nine bolts of heavenly tribulation, the fifth tuft of tribulation cloud started slowly forming in the sky.

At this moment, even heaven and earth changed color!

Sensing that terrifying pressure, Long Zaitian's expression became incomparably ugly. Only now did he know that Patriarch's words were not exaggerating things to raise the alarm!

Even though this quintuple-heavenly tribulation was not coming for him, he actually had an impulse to turn around and run. Then the pressure of Ye Yuan situated in the center of the storm could be imagined!

Ao Duo's expression could not help changing greatly when he saw the situation and shouted sternly, "Quick! Activate the Seven Constellation Defending Grand Array!"

In the wake of Ao Duo's order, several rays of light beams rose from the ground up in the totem territory, exactly identical with the White Tiger Clan.

Seven light beams directly condensed and formed a grand array, but did not summon out the spirit of the azure dragon.

After this Seven Constellation Grand Array condensed and formed, the originally faltering dragon clan territory also stabilized itself.

"Huuuu ..."

With the fifth tribulation cloud as the center, a fierce wind suddenly howled. Countless flying sand and stone closed in.

Gradually, those scattered sand and rocks all condensed together, becoming larger and larger!

At first, it was a small hill.

Later on, this small hill became bigger and bigger!

Ye Yuan dragged his exhausted body, his entire scalp tingling as he said with a bitter smile, "Greater Five Elements Heavenly Tribulation! Truly thinking too highly of me, Ye Yuan! This kind of heavenly tribulation, how can a Dao Profound Realm powerhouse possibly transcend it?"

It was also just Ye Yuan. If it were others, they would have long been blasted into residue by the heavenly tribulation at this time already.

But facing this Greater Five Elements Heavenly Tribulation, Ye Yuan also somewhat broke down.

Even if he had the Sacred Dragon Token in possession, facing this Greater Five Elements Heavenly Tribulation, a feeling of powerlessness also welled up in his heart.

This battle with the heavenly tribulation was even more terrifying than when he faced Ji Canglan.

This power of heaven and earth was not what a human's strength could resist at all!

Lightning belonged to metal. It was a metal-attribute heavenly tribulation.

Tribulation fire was fire-attribute heavenly tribulation.

Ice belonged to water, it was a water-attribute heavenly tribulation.

Wind belonged to wood, a wood-attribute heavenly tribulation.

This fifth heavenly tribulation was naturally an earth-attribute heavenly tribulation.

That towering high mountain already gradually formed, giving people a pressure of Mount Tai crashing down.

Five elements gathering, this power was already completely not what individual attributes could compare to.

Five elements gave birth to each other. This Five Elements Heavenly Tribulation gathering together, the power was not as simple as one plus one.

“Patriarch, is ... is this really heavenly tribulation? Why do I feel like the entire world is going to be destroyed?”

Only at this time, did Long Zaitian know that Ao Duo’s prediction was not over-the-top, but too light.

This level of heavenly tribulation, with his current strength, going up was also certain death!

Ye Yuan had only just stepped into Dao Profound, and he had to face such a catastrophic heavenly tribulation. How was there still any chances of survival?

Even though Ao Duo had long expected it, seeing that kind of heavenly tribulation in the sky, he was deeply astonished too.

“For 100 thousand years, I’ve never heard before of anyone who could encounter this level of heavenly tribulation! What in the world did Ji Qingyun do to attract such a heavenly tribulation?” Ao Duo muttered to himself.

Long Zaitian sucked in a deep breath and said, “Patriarch, if nine bolts come from such a heavenly tribulation, can the Seven Constellation Grand Array withstand it?”

Ao Duo shook his head and said, “If my conjectures are right, this ninth round of heavenly tribulation should just be this one bolt!”

[Unrivaled Medicine God](#)

Chapter 1018: Vast Heaven Stele, Open!

Five elements gathering, this was the process of quantitative change to qualitative change. It was already entirely different from the heavenly tribulations before.

Five elements reinforced and counteracted each other. But under the heavenly tribulation, the counteraction of the five elements was weakened to the lowest, while the reinforcement was augmented to the greatest!

This was also the reason why after the last tuft of tribulation cloud appeared, it gave people a feeling of decimating the heavens and destroying the earth.

The eight rounds of heavenly tribulation at the front were all for the sake of brewing this ninth round!

Hence, Ao Duo judged that this ninth round of heavenly tribulation was only one bolt.

This Major 9-by-9 Heavenly Tribulation completely could not be judged with common sense already.

Its terror was already totally not what a Major 9-by-9 Heavenly Tribulation could compare to.

Ye Yuan's scalp tingled. The power of this Greater Five Elements Heavenly Tribulation was seriously too terrifying. If he currently had Divine King Realm strength, maybe he could attempt to resist it a little.

But the present him could not oppose it at all.

Even if he had a divine artifact, it would not do either!

Just as Ye Yuan lost all hope, Long Teng's voice suddenly transmitted into his head.

"Ye Yuan, quickly inject emperor qi into the Vast Heaven Stele!"

Ye Yuan was startled, but there was already no time to think at the moment. His mind stirred, and he escaped into the Vast Heaven Pagoda.

But this scene aroused the dragon clan's attention.

"Eh, where did Ji Qingyun go to? Why is he gone?"

"Heard that he has a spatial quasi-divine artifact. He should have hidden inside, right? It's just that ... is this useful?"

"Heavenly tribulation points directly at the martial artist themselves. Even if he has a spatial divine artifact, it's also not possible to avoid the heavenly tribulation! Furthermore, such a terrifying heavenly tribulation, even a quasi-divine artifact probably has to receive damage as well, right?"

The matter of Ye Yuan possessing the Vast Heaven Pagoda was already not some secret. Therefore, the dragon clan's members all guessed where Ye Yuan went very quickly.

It was just that they thought that Ye Yuan was afraid of the heavenly tribulation and went to hide.

In virtually an instant, Ye Yuan's figure appeared before the Vast Heaven Stele.

Long Teng's figure also appeared at his side and said, "Fang Tian's heavenly tribulation back then was also very terrifying. But his Dao Profound heavenly tribulation only called down a tri-heavenly tribulation, while you actually summoned the Five Elements Heavenly Tribulation in full!"

Clearly, Long Teng was speechless too.

When he saw the seventh round of heavenly tribulation, he knew that things were not good.

Ye Yuan smiled bitterly and said, "Senior, since you knew long ago, you should have warned me beforehand! I'll die like this!"

Long Teng said, "You have the Sacred Dragon Token, transcending past tri-heavenly tribulation shouldn't be a problem. Who knew that ... you actually called down the Greater Five Elements Heavenly Tribulation at one go?"

Ye Yuan said speechlessly, "Looks like it should be because of the Soul Suppressing Pearl! No time to talk nonsense anymore, what should I do?"

“Your emperor qi already went through the baptism of a quadruple-heavenly tribulation. It should be rather condensed and sufficient to activate the Vast Heaven Stele! Fire your emperor qi into the Vast Heaven Stele and produce a resonance with your bloodline, and you’ll be able to officially activate the Vast Heaven Stele!” Long Teng said.

Ye Yuan was unbelievably amazed. He thought that he could already control the Vast Heaven Stele all along. Did not think that he had not even accomplished activating it until now.

Honestly speaking, obtaining the Vast Heaven Pagoda for so long, the Vast Heaven Stele really did not help him too much.

No wonder even Fiendgod Jia Lan was incredibly apprehensive of the Vast Heaven Stele. Turns out that this Vast Heaven Stele’s basic condition for activating was stepping into Dao Profound Realm!

Without emperor qi ... one could not open up the Vast Heaven Stele at all!

Ye Yuan did not dare to hesitate, injecting the emperor qi that had just formed above the essence energy sea into the Vast Heaven Stele all together.

Rumble!

The Vast Heaven Stele suddenly erupted with a blinding light. The entire Vast Heaven Pagoda shook unceasingly.

In an instant, light illuminated the entire Vast Heaven Pagoda.

At this moment, the Vast Heaven Pagoda seemed to have been activated, its size suddenly growing rapidly.

The dragon clan members were endlessly shocked by this unforeseen event that came suddenly. Only at this moment, did they see the true features of that quasi-divine artifact!

Rumble!

An enormous pagoda directly stomped on top of the Seven Constellation Grand Array. That vast, imposing momentum actually faced the Five Elements Heavenly Tribulation above the firmament from far away.

Right at this time, the Greater Five Elements Heavenly Tribulation descended with a loud crash!

That terrifying power seemingly pressed the entire blue sky down!

“Is this Ji Qingyun’s final trick? Even the Sacred Dragon Token can’t block it, what use is a quasi-divine artifact?”

Even though the Vast Heaven Pagoda’s appearance was very astonishing, Long Zaitian was still very disdainful.

No reason other than that the Sacred Dragon Token was a heavenly divine artifact. It was even more terrifying than ordinary divine artifacts.

A mere quasi-divine artifact was not even fit to carry shoes for the Sacred Dragon Token. How could it possibly withstand such a terrifying heaven and earth major calamity?

But Ao Duo's expression sunk slightly and said, "I keep having a feeling that this quasi-divine artifact is somewhat unusual!"

"Although the power is decent, it's still too far away compared to the Sacred Dragon Token. It's also useless no matter how unusual, right?" Long Zaitian said scornfully.

Ao Duo did not refute. Even though he also felt that it was not too likely to block the Greater Five Elements Heavenly Tribulation, he still felt that something was not quite right.

Right at this time, the Vast Heaven Pagoda's entire pagoda body gave off a dazzling golden light, shining until everyone could not open their eyes.

Following that, an enormous bang came from the skies.

Ao Duo's expression changed, and he said, "Not good!"

His figure suddenly vanished from where he originally stood. In the next instant, the Seven Constellation Grand Array suddenly radiated with a brilliant light, wanting to stop this massive aftershock.

Puu, puu, puu ...

Even though Ao Duo increased the Seven Constellation Grand Array's power, the slightly weaker martial artists of the dragon clan were still struck by this terrifying aftershock until they vomited fresh blood wildly.

Ao Duo's figure appeared beside Long Zaitian once more and immediately spewed a mouthful of blood out. Long Zaitian's expression changed, and he supported Ao Duo as he said, "Patriarch! You ... You're injured?"

Ao Duo waved his hand and said, "No worries, just a bit of minor injury. The power of this Greater Five Elements Heavenly Tribulation is too terrifying! If I don't strengthen the grand array's power, there might be quite a few clansmen who're going to die under this aftershock!"

Long Zaitian's expression was incomparably ugly and already cursed Ye Yuan countless over in his heart.

This fellow actually transcended tribulation in the dragon clan, wasn't this intentionally cheating people?

"Ji Qingyun that punk should have already thoroughly died, right? If he doesn't die, I'd really wish to supplement two tight slaps!" Long Zaitian said hatefully.

Ao Duo said, "A heavenly tribulation of such power, how could he possibly survive? The aftershock is going to dissipate at once. Hurry up and order people to go search for the Sacred Dragon Token!"

"Yes, Patriarch!" Long Zaitian voiced his assent.

Currently, the light in the sky had not dissipated yet. The people did not know what was happening in the sky at all.

But there was one thing, under such a terrifying heavenly tribulation, Ye Yuan was definitely a dead duck already.

And those five tufts of terrifying tribulation clouds were currently in the midst of slowly dissipating.

The pressure became lighter and lighter. Only then did the members of the dragon clan let out a long sigh in relief.

Experiencing the Greater Five Elements Heavenly Tribulation at such a close-range, they had really had enough of it.

This sort of thing, it was fine to take a look. Being affected by heavenly tribulation, this sort of thing, was seriously too terrifying.

If not for Patriarch, who knew how many people were going to die in the dragon clan today.

Very soon, the tribulation clouds scattered and disappeared, while the golden light that the Vast Heaven Pagoda released also gradually disappeared and faded away.

That instant when the light was completely gone, all of the dragon clan's members cast their glances towards the sky curiously.

Then ... their eyes became wide-saucers!

Chapter 1019: Dragon Clan's Two Great Flourishing Ages!

"This ... This is not real, right? We activated the Seven Constellation Grand Array, and there were still so many people hurt. He ... He's actually fine!"

After the shock, the dragon clan's experts all let out marveling sighs.

When everything dissipated, a tall and straight silhouette stood in the air. Although his entire body was covered with wounds, his imposing momentum was still shocking.

Greater Five Elements Heavenly Tribulation was actually cleared by Ye Yuan?

This ... How was this possible?

"Patriarch, this ... this ... I wouldn't have seen wrongly, right?" Long Zaitian stammered for a long time before sorting his words out.

Ao Duo also had a look of astonishment and said solemnly, "You didn't see wrongly, he really pulled through! Looks like that quasi-divine artifact really has strange aspects!"

Long Zaitian said in shock, "The Greater Five Elements Heavenly Tribulation that even the Sacred Dragon Token couldn't block, what right does that quasi-divine artifact have to withstand it?"

Ao Duo did not reply Long Zaitian, because he did not know either.

But he could confirm that after that boundless light, something unusual definitely happened.

At this moment, the emperor qi in Ye Yuan's body surged. Going through the Greater Five Elements Heavenly Tribulation's tempering, his emperor qi was way more powerful compared to ordinary martial artists.

Just earlier, he poured emperor qi into the Vast Heaven Stele. The Vast Heaven Stele actually directly flew away from the Vast Heaven Pagoda and collided together with the Greater Five Elements Heavenly Tribulation.

But all of this was concealed by the Vast Heaven Pagoda's light.

This attack, the Vast Heaven Stele had a flawless victory!

Acquiring the Vast Heaven Stele for so long, Ye Yuan truly felt that Vast Heaven Stele's might for the first time!

And currently, between Ye Yuan and the Vast Heaven Stele, a trace of faintly discernible connection was also established.

It was just that there were countless people staring at Ye Yuan at the moment, he could not probe into it in-depth either.

"Ji Qingyun, you actually dare to transcend such a great tribulation in my dragon clan's totem territory! How do you plead?!" Ao Duo's voice was like a great bell, directly spreading out.

Ye Yuan's brows furrowed and he was just about to speak when Long Teng's figure suddenly appeared and beat him to it: "Ill-mannered little thing, what are you shouting and wrangling for?"

The moment Ye Yuan heard, he was thrilled.

Long Teng remained dormant all along after returning to the clan. Currently, it seemed like he was finally going to activate posturing-mode.

In other places, an artifact spirit like Long Teng really did not have much capital to be arrogant. But in the dragon clan, Long Teng was practically an undefeatable existence.

Drifting for as long as 50 thousand years, Long Teng's research into the dragon race's cultivation methods and martial techniques had virtually reached the acme of perfection.

No matter how powerful the dragon race martial artist, the strength that they could unleash in front of him was also less than 10%.

But the moment Long Teng's words were uttered, the entire dragon clan was thrown into an uproar.

"Where did this fellow appear from? To actually dare call Patriarch little thing ... Is this throwing away his life?"

"This guy is looking down on my Azure Dragon Patriarch, his crime deserves ten thousand deaths!"

"That Ji Qingyun nearly brought a catastrophic calamity to my clan. Now, he let some baffling person out to insult the patriarch, truly tired of living!"

Ao Duo's expression was also black as the bottom of a pot. He had taken charge of the dragon clan for several thousand years, when had he been looked down upon like this and scolded by people before?"

Little thing?

There was actually still someone who dared to call him that in this world!

Originally, Ye Yuan almost bringing a catastrophic calamity to the dragon clan, Ao Duo was already incomparably frustrated. At this time, some guy pretending to be mysterious suddenly appeared. How could he still endure it?

"Acting recklessly and blindly!" Ao Duo's expression turned cold, and an incomparably powerful dragon race martial technique was fired towards Long Teng.

This move could not be said to not be strong.

The attack of a Void Mystic Realm powerhouses, no matter how casual, was also not what the average person could resist.

However, Long Teng imitated exactly and struck back just like that with the exact same move.

No earth-shaking collision sound occurred either. Ao Duo's attack was extinguished like that.

Seeing this scene, everyone's pupils constricted, looking at this scene in disbelief.

Ao Duo was obviously not some invincible existence. But in the entire Divine Realm, a person able to eradicate an attack of his so casually had yet to appear!

Even the Ten Great Divine Kings could not accomplish this either!

The dragon clan's clan members all looked at that black silhouette in the sky with incredible shock.

"Patriarch! This person ... is that mysterious expert that I mentioned to you before! Didn't think that ... didn't think that even Patriarch is unable to beat him!"

At this moment, Ao Jianbo ran out from no idea where.

Hearing these words, Ao Duo was also endlessly shocked.

Linking it to the words Long Teng said previously, could this person be a senior of the dragon clan?

But he could not think of which dragon clan senior's strength was so powerful!

"This Divine Sovereign Dragon Fist is still not bad; much stronger than that brat beside you. It's just that ... it's still not perfect yet!" Long Teng's voice sounded out once more arrogantly, attracting a wave of sidelong glances.

This guy was so arrogant, to actually start lecturing the patriarch of the Azure Dragon clan!

However, he seemed to really have the capital to be arrogant!

"Just which of my dragon clan's senior is ... Your Excellency? Since you returned to the clan, why not show people your true face?"

With this, Ao Duo also calmed down and knew that he was somewhat rash. Hence, his tone when talking also became slightly more amiable.

Long Teng said calmly, "I'm just not telling you! Better let your family's own senior talk with you! You all who are surnamed Ao, none of you are good!"

Ao Duo's old face that had just eased up immediately sunk again.

But right then, another figure appeared in front of everyone.

"Elder Teng, your words are also a bit too hurtful, right? At least I, Ao Qian, have always stood on your side!" Ao Qian said with a bitter face.

"Humph! The incident that happened in the clan back then, you all, those little punks, were all still unaccomplished. Otherwise, whose side you stand on is still hard to say!" Long Teng said with a cold snort.

Ao Qian was defeated and said helplessly, "Elder Teng, the matter has passed for so many years, could it be that your elderly self still not able to let it slide?"

"Heh heh, let it slide?" Long Teng laughed coldly, but zipped his mouth and did not speak.

While at this time, Ao Duo's expression became ugly, his mouth continuously mumbling, "Ao Qian, Ao Qian, this name is so familiar!"

All of a sudden, he lifted his head and looked at Ao Qian's figure in disbelief as he said in astonishment, "You ... Are you the one known as the dragon clan's strongest head elder 40 thousand years ago ... Ao Qian?"

Ao Qian was rather surprised and said, "Heh heh, didn't think that so many years have passed, there are actually still people who remember me, this old fellow! You're surnamed Ao too, looks like in terms of seniority, you got to call me your great grandfather!"

Hearing Ao Qian admitted it personally, Ao Duo's shock could not be any greater!

Ao Qian was a legendary figure from 40 thousand years ago! How could he suddenly show up in the clan?

"Patriarch, this person is?" Seeing Ao Duo's expression, Long Zaitian could not resist asking.

Ao Duo sucked in a deep breath and forcefully suppressed the shock in his heart before saying slowly, "In these 100 thousand years, my dragon clan had two great flourishing ages! The first flourishing age was 50 thousand years ago. In that era, seven Void Mystic powerhouses appeared at the same time! The second flourishing age was 40 thousand years ago. Five Void Mystic powerhouses appeared in that era at the same time! And Ao Qian is ... the strongest one during that era 40 thousand years ago! And also that generation's head elder!"

Chapter 1020: Using Seniority to Crush You to Death

The moment Ao Duo's words came out, Ao Jianbo and Long Zaitian's faces both changed.

They were seriously unable to imagine how a figure from 40 thousand years ago would possibly appear before their eyes.

Although the dragon race's life-span was much longer compared to the human race, it was at the very most also just around 20 thousand years. Then what was going on what this legendary head elder before their eyes?

"Doesn't that mean that ... compared to the patriarch back then, he's even more ..." Long Zaitian said in amazement.

Ao Duo nodded and said, "If he is really Old Ancestor Ao Qian! Except, Old Ancestor Ao Qian is a figure from 40 thousand years ago, how can he possibly live until now?"

Ao Qian was not angered and said with a faint smile, "Looks like this old man still has some prestige. It's just that, so what if 40 thousand years? You all know that the strongest person 40 thousand years ago was this old man, then do you guys know who the strongest person in that era 50 thousand years ago was?"

Ao Duo was not an idiot. He virtually reacted right away to who that person Ao Qian was talking about, and could not help revealing a look of shock.

"You're saying, he ... he is ... Impossible! Absolutely impossible!" Ao Duo's expression changed greatly. The demeanor of a patriarch was all gone at this moment.

These two people were both figures who were long already submerged in the annals of time. But now, they appeared in front of him alive. How could this not shock him?

Although he was unwilling to believe it from the bottom of his heart, apart of that person, who else could evolve the dragon race's martial techniques to such perfection?

Just that move the black-robed person exhibited earlier, it did not just require unparalleled talent, it even needed the accumulation of time!

With this, that black-robed person was really extremely likely to be the strongest person 50 thousand years ago --- Long Teng!

"Patriarch, who on earth is that black-robed person? Is he really so formidable?" Ao Jianbo could not refrain from asking.

This sort of secret, only Ao Duo, this patriarch, know. They all, these people, even Head Elder Long Zaitian, was also unaware.

Seeing Ao Duo's expression, Ao Qian said with a faint smile, "Actually, you already believe it in your heart, right? In these 50 thousand years, to be able to cultivate all of the dragon race's martial techniques to the limits, apart from Lord Long Teng, who else can there be?"

"Long Teng? Long Teng! The Old Ancestor Long Teng, known as the dragon clan's number genius in these 100 thousand years? He ... Isn't he the dragon clan's traitor?"

Long Zaitian felt that this name was very familiar first, but suddenly came to a realization and thought of Long Teng's name.

“Heh, traitor? Ao Xinghan that damn thing is really shameless enough! Forget it, you just take this old man to be a traitor then. But the title of number one genius in these 100 thousand years, this old man doesn’t deserve it.” Long Teng said coolly.

After so many years, Long Teng had long gotten over it already.

Ao Xinghan already died for who knows how many years. The dragon clan’s patriarch had also changed quite a few batches already. He could not raise his spirits to haggle over it with these juniors.

“Elder Teng, apart from you, who else is worthy of this title?” Ao Qian even thought that Long Teng was being modest.

But Long Teng said smilingly, “Before meeting Ye Yuan, this old man was really worthy of this title. But now, this title naturally has to return back to your master.”

Long Teng’s words startled everybody.

Including Ao Qian, everyone’s gazes all turned towards Ye Yuan in wonder.

Long Teng’s title of number one genius in 100 thousand years being able to circulate until today, it was sufficient to indicate how great his talent was.

But he actually yielded this title to Ye Yuan totally willingly!

But, Ye Yuan was just a human!

“L-Lord Long Teng, Ye Yuan he is just a human,” Ao Jianbo said.

Long Teng said disdainfully, “So what if he is a human? Ye Yuan isn’t just the number one genius in 100 thousand years, saying that he’s the dragon clan’s number genius in a million years isn’t overboard at all!”

Everyone was confused and suddenly felt that Long Teng was a complete lunatic; simply impervious to reason.

“Elder Teng, isn’t it a little too much? Although Ye Yuan is my master, to say that he’s the dragon clan’s number genius in a million years, it’s too exaggerated, right?” Ao Qian could not carry on listening anymore as well.

Although Ao Qian and Long Zaitian and the rest did not refute owing to Long Teng’s prestige, disbelief was written all over their faces.

Even though Ao Qian served Ye Yuan as master, he did not eradicate his own thoughts. He admitted that Ye Yuan was formidable. But to say that he was the dragon clan’s number one genius in a million years, this was too ridiculous.

Such a title was not what anybody could bear.

“Heh, this old man was somebody who should have died long ago. Why would I shoot my mouth off in front of you all, these juniors? Do you all think that the Sacred Dragon Token will anyhow acknowledge a master like you fools? Do you all think that a problem really occurred with the White Tiger Clan’s

Bloodsoul Stone?" Long Teng's words did not spare others' feelings in the slightest and were full of ridicule.

How could these guys not perceive Ye Yuan's extraordinariness? It was just that they were unwilling to admit it from the bottom of their hearts!

"But ... But Ji Qingyun he is a human after all. What connections does he have with my Azure Dragon Clan?" Ao Duo finally could not resist refuting.

He perceived that Long Teng was rectifying Ji Qingyun's name.

Long Teng was driven out of the dragon clan back then with the reputation of a traitor. 50 thousand years had passed, he brought Ji Qingyun to stage a comeback. His goal was already self-evident!

What was damnable was that Ji Qingyun actually had the Sacred Dragon Token in his possession!

According to the ancestral teachings, the owner of the Sacred Dragon Token was the lord of the dragon clan! Then he, this patriarch, was awkward!

Ye Yuan grasped the Sacred Dragon Token and brought Long Teng and Ao Qian, these two seniors with seniority that frightened people to death, back to the clan. This was simply dreadful.

His only excuse now was that Ji Qingyun was a human. How could a human possibly become the dragon clan's patriarch?

Long Teng said smilingly, "Actually, when the Sacred Dragon Token acknowledged Ye Yuan as master, I was as surprised as you are. All the way until he entered the White Tiger Clan's land of ancestral spirits and saw the White Tiger Sacred Ancestor's spirit, did this old man know ... why the Sacred Dragon Token would choose him! Because he is of the ... Atavism Dragon Soul!"

"A-Atavism Dragon Soul?"

The moment these three words came out, the other few people's heads all rumbled, virtually going to explode.

Atavism Dragon Soul, that was a legendary existence capable of reaching the Ancestral Dragon's height! How could a human possibly possess an Atavism Dragon Soul?

"Elder Teng, this ... this mustn't be joked about!" Ao Qian opened his eyes wide and said in incredulity.

Long Teng said coolly, "Joked about? I only met Ye Yuan for a dozen over years. If not for the Atavism Dragon Soul, how can his dragon wave possibly train to late-stage spirit rank? If he's not of the Atavism Dragon Soul, on what basis would the Sacred Dragon Token acknowledges him as its master?"

The four people's minds fell into a sluggish state and did not come back to their senses for a long time.

The news that Long Teng brought gave them immense psychological impact.

Atavism Dragon Soul was an existence even more terrifying than the Perfect White Tiger Physique. It only existed in the legends.

For a million years, it had never been heard of that anyone in the dragon clan possessed an Atavism Dragon Soul. Therefore, there was completely no way of identifying it too.

But hearing Long Teng say so, it seemed like apart from the Atavism Dragon Soul, there was no other explanation at all.

“If you don’t believe, it’s also very simple to verify my words. As long as you let Ye Yuan enter the dragon clan’s land of ancestral spirits, the outcome will be clear,” Long Teng said coolly.
