

Medicine God 1021

Unrivalled Medicine God

Chapter 1021: Ao Yong

Seeing Long Teng so certain, Ao Duo's expression became incomparably ugly.

Entering the land of ancestral spirits, one would have to face the tomb guardian's authentication. If there wasn't absolute confidence, it was equivalent to going in and seek death.

Long Teng daring to say so, he was naturally fully confident in Ye Yuan.

In that case, Ao Duo became hesitant.

Once Ye Yuan obtained the tomb guardian's recognition, it would be equivalent to confirming his identity as the lord of the dragon clan. At that point, there would not be leeway to turn things around.

Ye Yuan had been silently standing by the side all along and did not make a sound. Long Teng wanted to borrow his momentum to give vent to resentment, he naturally would not go and dampen his spirits.

But he also perceived that Long Teng really had the intention of letting him enter the dragon clan and replace Ao Duo.

As for the reason, Ye Yuan more or less could also guess some of it.

Venting grievances was just one aspect. It could even be said to just be done conveniently. Long Teng's true intention was that he wanted him to borrow the dragon clan's power to take revenge.

The battle of the white tiger, Long Teng had clearly also sensed Ji Canglan and the present Medicine King Hall's might. He felt that it was difficult for Ye Yuan to prop up a tottering building alone. That was why he would think of using such a method to help Ye Yuan.

"Humph! So what even if Ye Yuan has the Sacred Dragon Token? So what if Atavism Dragon Soul? In the end, he's just a human! Long Teng, you're merely a dragon race traitor. Now, you brought a human to the dragon clan to force an abdication. Don't you find it laughable?"

Just as Ao Duo was between a rock and a hard place, Ao Jianbo came forward.

He stuck firmly to Ye Yuan's human identity and also spoke sarcastically of Long Teng's traitor's identity. One had to admit that it was an incisive counterattack.

It was just that the moment those words came out, the atmosphere became somewhat strange.

Ye Yuan's face also fell slightly, and he said coldly, "Is that so? Originally, this Ye really wasn't interested in this lord of the dragon clan. But just based on this sentence of yours, I got to charge into this land of ancestral spirits! Whether this Ye has the qualifications to be this dragon clan's lord, it doesn't count if you say it, it also doesn't count if I say it, if the tomb guardian says it ... it should count, right?"

Ye Yuan's words made Ao Jianbo trio's expressions become even uglier.

Ye Yuan was really not interested in being the lord of the dragon clan. But he absolutely did not allow for anyone to vilify Long Teng.

Just based on Ye Yuan's understanding of Long Teng, there was no way he was the dragon clan's traitor.

Furthermore, after such a long time, Ye Yuan more or less also perceived a little something. The matters back then, Long Teng was likely schemed against by someone. Hence, that was why he had always taken it to heart.

Now, Ao Jianbo using this to attack Long Teng, Ye Yuan got to have a spine.

Although he did not know why, Ye Yuan could confirm that there should exist some sort of relationship between him and the dragon clan.

White Light's Perfect White Tiger Physique was able to be regarded so highly by the tomb guardian, his Atavism Dragon Soul was even more superior to his. Ye Yuan did not believe that the tomb guardian would turn his nose up at him.

"Ji Qingyun, don't go too far in bullying others!" Ao Jianbo said threatening in manner, but inwardly shaky.

Ye Yuan smiled coldly and said, "What a joke! You guys don't even want your ancestor anymore and still say that I'm bullying too much? If you all don't believe that this Ye can obtain the tomb guardian's recognition, you probably wouldn't be so nervous either. Since you're nervous, presumably, you already believe 80% of your hearts, right?"

Ao Jianbo could not get angry anymore. He could only snort coldly and not dare to retort.

The evidence was certain, it was not up to them to not believe!

The various strange things that happened to Ye Yuan, it was also only the Atavism Dragon Soul that could explain them.

Furthermore, with the Sacred Dragon Token in his hands, Ao Duo completely could not find reasons to refute.

Being from the human race, this reason was already unable to stop the footsteps of Ye Yuan becoming the lord of the dragon clan.

Long Teng was felt incomparably liberated in his heart when he saw that Ao Duo trio all saying nothing.

"Heh, back then, if not for this old man, where would there be your several tens of thousands of years of glory? Traitor? Ao Xinghan is really shameless enough!" Long Teng said with a cold smile.

Ao Qian's expression changed, and he said, "Elder Teng, just what in the world ... happened back then? Even though I've always firmly believed that you won't betray the dragon clan, but ... you ultimately still didn't come back!"

Long Teng waved his hand and said, "It's all some old millet and stale sesame stuff already. What's the use of saying it?"{1. means stale topics of conversation]

Ye Yuan actually did not have the slightest intention of defending himself. Ye Yuan also unwittingly sighed when he took it into his sights.

Long Teng could have such magnanimous breadth of mind, how could he possibly betray the dragon clan?

Others did not know, but Ye Yuan knew that he was together with Fang Tian at that time.

With Fang Tian's strength, returning to the dragon clan to take revenge with Long Teng, absolutely no one could stop it.

But, he did not!

"Sigh ..."

Right then, a long sigh echoed out, shattering this somewhat deadlock situation.

A figure slowly appeared. It was an old man whose hair and beard were all white.

When Ao Duo and the rest saw him, their faces all changed, and they bowed down to salute and say, "Old Ancestor!"

Old Ancestor waved his hand and said, "Lord Long Teng is here, aren't you all shortening my lifespan by calling me old ancestor? Unfilial descendant, Ao Yong, pays respect to Lord Long Teng! Old Ancestor Ao Qian!"

Long Teng seemed to have long known about Ao Yong's existence and did not feel surprised by his appearance. He just said nonchalantly, "You're also an old fellow who's almost halfway into the earth. No need to pay such solemn respects."

Although he said so, Long Teng still accepted this bow without misgivings.

Ao Yong finished saluting and actually gave another deep bow towards Ye Yuan and said, "Ao Yong pays respect to the Azure Dragon Clan's new lord!"

When Ao Duo and the rest saw this scene, their expressions all changed greatly as they hurriedly said, "Old Ancestor ..."

"Shut up! Ye Yuan bringing the Sacred Dragon Token back to the clan, he's the common lord of the dragon race! Ao Duo, why haven't you paid respects to the new lord? Also, you guys!" Ao Yong directly interrupted Ao Duo's words and said sternly.

Ao Duo's expression changed several times. He did not understand why Old Ancestor would have this kind of attitude towards several guys with unclear backgrounds.

It was just that Old Ancestor's words, he did not dare to defy. He could only step forward and give a bow towards Ye Yuan unwillingly.

"Ao Duo has seen the new lord!"

Ao Jianbo and the rest did not dare to defy either and also went forward to salute.

Ye Yuan was rather baffled. Why did the tone change so quickly?

"Ao Duo couldn't bear to part with this position of patriarch, that's why he would create all sorts of obstacles for the new lord. Ao Yong apologizes to you on their behalf!"

As he said, he bowed down towards Ye Yuan again.

Ye Yuan hurried helped him up and said, "Senior doesn't have to be like this. Ye Yuan has a score in my heart. It's just that they shouldn't have attacked Senior Long Teng!"

Hearing Ye Yuan mention Long Teng, Ao Yong sighed again and said, "This secret has been hidden in the dragon clan for 50 thousand years. Now, it should also be brought into daylight! Lord Long Teng, the matters back then, Patriarch Xinghan was also endlessly ashamed and guilty later on. Looking on the account that everybody is of the same clan, will you forgive him?"

But Long Teng said with a smile that was not a smile, "At least the Ao Family has a reasonable person! It's just that, why would this old man try to gain back face with a dead man? If this old man is really a traitor, even if I wipe out the dragon clan back then, it was also not unattainable! Don't think that this old man is bragging, this old man's strength back then is totally not what you all can imagine."

Long Teng's words made everyone endlessly terrified.

At present, he was just an artifact spirit, and he still had such a terrifying strength. Back then, when he was at his prime, the degree of terror could be imagined!

It was just that they did not know, Long Teng met Fang Tian later on. That was when he was truly terrifying.

[Unrivaled Medicine God](#)

Chapter 1022: The History 50 Thousand Years Ago

"Senior Long Teng, actually, this junior has always been curious about your old scores back then. Can you tell me about it?" Ye Yuan suddenly asked curiously.

Hearing Ye Yuan inquire like so, the others also perked their ears up, especially Ao Qian.

The person he respected the most back then was Long Teng. But later on, Long Teng was driven out of the dragon clan because of the crime of betraying one's clan. This made him unable to accept it at all for some time.

Long Teng gave Ye Yuan a glance and said, "You brat, I know that you want to right my name for me. It's just that so much time has passed, what's the point of this undeserved reputation? The characters at that time have all already turned into withered bones in a graveyard. I only have empty words, saying it out, they might not believe it either."

It was true that Ye Yuan was curious, but he was not curious for one or two days already.

For so many years, Ye Yuan never opened his mouth to ask before all along. Inquiring in front of everybody at this time, it was naturally in order to rectify his name for him.

Ao Yong hurriedly said, "Lord Long Teng, although Ao Yong doesn't know what happened, I know that Patriarch Ao Xinghan frequently reproached himself in his twilight years, saying who he let down the most in this life was Lord Long Teng. Ao Yong also heard Father mention it by chance and came to know this matter. At present, there is only Ao Yong alone already!"

“Yeah, Elder Teng. When you were commanding the wind and clouds back then, I was still just a junior and did not have the authority to speak at all. But I believe that you definitely wouldn’t betray the clan! Actually, it was also because of this matter that I was always on bad terms with the patriarch back then before finally leaving the dragon clan.” Ao Qian said.

Long Teng waved his hand and said, “Forget it, since Ye Yuan wants to know, this old man will say it for you to hear. As for the rest, up to you to believe it or not.”

Following that, Long Teng talked tirelessly about this secret buried for 50 thousand years in his heart.

Back then, Long Teng was not just the dragon clan’s number genius, he was also the dragon clan’s number two powerhouse. His strength was practically on the same level as the old patriarch.

But he was much younger compared to the old patriarch. Given time, he would definitely become an existence like the old patriarch.

At that time, the old patriarch was not Ao Xinghan yet, but it had also reached the time to pass the position.

Long Teng was the number one expert among the clan’s junior generation, his support was naturally the highest. While the second successor, Ao Xinghan, regardless of whether in strength or prestige, it was way too lacking compared to him.

At that time, the dragon clan had seven Void Mystic powerhouses. Their limelight in the entire Divine Realm also had no comparison and was fully deserving of being the number one major faction!

But at that time, the human race also had a faction with exceedingly formidable strength called Bloodgod Temple.

This Bloodgod Temple’s strength was much more formidable when compared to even the Azure Dragon Clan. The Azure Dragon Clan allied with the four symbols family clans at that time before fighting to a draw with the Bloodgod Temple.

The Bloodgod Temple’s strength was exceedingly powerful, and their ambition also swelled excessively. They even wanted to unify the entire Divine Realm. And their greatest adversary was without a doubt the Azure Dragon Clan.

These two great factions clashed with each other. Large-scale wars frequently occurred.

Long Teng as the number one successor in-line at that time also achieved brilliant accomplishments in war. The Bloodgod Temple divine king powerhouses that he slew numbered in the hundreds!

All the way until one time, Long Teng obtained an intel. The Bloodgod Temple ambushed the Vermilion Bird Clan and caused the Vermilion Bird Clan to suffer heavy casualties.

Long Teng had just completed a mission back then and was currently on the way back to the dragon clan. After obtaining this news, he did not say a word and immediately rushed towards the Vermilion Bird Clan without stopping.

Who knew that with this, he actually fell into the encirclement of five Bloodgod Temple Void Mystic powerhouses!

Only then, did Long Teng swiftly came to realize the truth. Turned out that this was just a trap!

And the one who passed this intel to him was precisely Ao Xinghan!

Facing the besieging of five Void Mystic experts, even if Long Teng had the ability to mount the heavens, it was also hard to escape death.

That battle, Long Teng fought until everything turned dark one-versus-five.

Finally, after slaying two of the other party's Void Mystic experts, Long Teng finally could not hold on anymore.

But even he also did not think that at the final moment, he was actually saved by Fang Tian.

Although Long Teng did not die, after that battle, he used ten years time before healing all of his wounds.

Later on, he returned to the clan, but discovered that he had already become a traitor, while Ao Xinghan already became the new patriarch!

Hearing this story, everyone all sobbed and sighed unceasingly.

Long Teng fought till the end for the dragon clan and nearly died. In the end, he was actually vilified as a traitor. How great of a humiliation was this!

After Ao Qian heard, he could not help saying slowly, "Turns out ... Turns out that there was actually such a thing in-between this! I remember the matters on that day, Patriarch Xinghan said that he obtained the news Lord Long Teng sent over, saying that the Vermilion Bird Clan was ambushed and losses were heavy. Hence, he led numerous of the dragon clan's experts to launch an attack. In the end, he also fell into the Bloodgod Temple's encirclement, suffering a heavy toll of lives! Later, Elder Teng also went missing without a trace. Hence, the reputation of the dragon clan's traitor became certain, and he was ousted from the dragon clan."

Ao Qian was just a junior back then and could not come into contact with these upper echelon matters at all.

And his version was entirely different from Long Teng's. That meant that somebody was definitely lying between the two people.

"Then ... Then what the hell happened?" Long Zaitian also could not resist asking.

Ye Yuan gave a cold snort when he heard and said, "Isn't this obvious yet? That Ao Xinghan knew that it was a huge set up in the first place, but this was an excellent opportunity that only happened once in a thousand years to him! Because Senior Long Teng became a traitor, he could succeed the position of patriarch right and properly! Therefore, he was clearly aware that this was a trap but still transmitted the news to Senior Long Teng. Then, he said that this intel was brought back by Senior Long Teng and also brought the dragon clan's experts, and intentionally got caught in the Bloodgod Temple's encirclement. This way, Senior Long Teng's name of being a traitor became set in stone! It's just that he probably never imagined that this setup was in order to deal with Senior Long Teng in the first place. Fighting five alone, Senior Long Teng never came back again!"

Hearing Ye Yuan's words, Ao Duo's expression changed, and he said coldly, "That is impossible! Old Ancestor Xinghan was the noblest patriarch in these 50 thousand years. He let the dragon clan crush the Bloodgod Temple, and his accomplishments surpassed ancient and modern times! You all ... are throwing dirty water on him!"

The Bloodgod Temple's ambition was ended at precisely Ao Xinghan's hands. Therefore, his prestige was also the greatest among the successive patriarchs.

All the way until today, his magnificent exploits and great feats were still talked about with great gusto among the dragon clan's experts.

And the dragon clan's flourishing age 10 thousand years later could also be said to have been founded by him single-handedly.

Now, Ye Yuan actually said that Ao Xinghan was the dragon clan's traitor. Ao Duo could not accept it no matter what.

But Ye Yuan burst into laughter when he heard and said with a disdainful look, "Ao Xinghan? He ended the Bloodgod Temple's ambition? Bullshit!"

As he said, Ye Yuan propped up a small pagoda in his hand and said mockingly, "Do you all know the origins of this quasi-divine artifact? And know why Senior Long Teng would become this quasi-divine artifact's artifact spirit too? A bunch of fools who think of themselves to be infallible! If not for Senior Fang Tian and Senior Long Teng, this Divine Realm would have long become the fiend race's world! Would it still be your turn to criticize Senior Long Teng?"

Now that it came to this, Ye Yuan sorted out the matters that happened 50 thousand years ago clearly too.

That Bloodgod Temple's master was definitely the Heavenly Fiendgod that Long Teng talked about!

The one who truly saved the Divine Realm was not Ao Xinghan. It was Fang Tian and Long Teng!

Unrivaled Medicine God

Chapter 1023: Essence, Energy, Spirit

"Fiend race?"

Ao Yong's brows furrowed slightly, clearly rather surprised by this term's sudden appearance.

Not just Ao Yong, it was also Ao Qian's first time hearing that the Bloodgod Temple actually had connections to the fiend race.

"Senior Long Teng, I wonder if my guess is right? If my conjecture is correct, then the master of that Bloodgod Temple should be the Heavenly Fiendgod whom you speak of, right?" Ye Yuan said.

Regarding Ye Yuan's intelligence, Long Teng had a taste of it long ago. He nodded his head at once and said, "That's right."

"What on earth are you all talking about? What fiend race?" Ao Qian could not resist asking.

Ye Yuan did not conceal it either, recounting the incident of 50 thousand years ago when the Heavenly Fiendgod was controlling the Bloodgod Temple from behind, planning to devour the entire Divine Realm.

When the few people heard such a secret, they were all shocked until they could not speak.

The upheaval of 50 thousand years ago, the Divine Realm's upper echelons were basically all aware. But nobody knew that the unrest that time was actually related to the fiend race!

Furthermore, according to what Ye Yuan said, that Heavenly Fiendgod's strength was very terrifying. Void Mystic experts would crumble in one blow in front of him too.

If not for Fang Tian who came roaring into being, this Divine Realm would have long become the fiend race's world.

But 50 thousand years had passed, this world did not leave behind Fang Tian's name at all.

Hearing this story, the feeling that it gave them was ... telling a story!

"Then, according to what you said, Long Teng's strength should be much stronger than Patriarch Xinghan. Since he knew that Patriarch Xinghan betrayed him, why didn't he come back to take revenge?" Ao Duo said.

Long Teng darted him a nonchalant glance but did not explain.

However, Ao Qian looked at him like looking at an idiot, and berated, "Are you pig-headed? Elder Long Teng definitely came back before and met Patriarch Xinghan! At that time, the dragon clan was one of the Divine Realm's strongest factions. Elder Teng took into consideration the situation as a whole, that's why he didn't make a move against Patriarch Xinghan! Later on, he and Senior Fang Tian had a great battle with the Heavenly Fiendgod, with both sides being mutually weakened. It was even more impossible to return to the dragon clan. If you doubt Elder Teng anymore, you'd really be a pig! Didn't you see his strength? If Elder Teng had a physical body, how many of his moves do you think you can block?

Ao Duo's expression was incomparably ugly. But Ao Qian's words, he really had no way of refuting.

That simple exchange earlier, Long Teng's strength was simply unfathomable. His understanding of the dragon race's martial techniques was too terrifying.

"Now that the story has played out like this, I wonder if you all are still acknowledging me as the lord of the dragon clan?" Ye Yuan suddenly asked in a solemn voice.

Ao Duo's expression changed, and he opened his mouth but did not speak.

It already reached this point, it was all useless no matter what he said. Even Old Ancestor Ao Yong was standing on the other party's side. Ye Yuan, this dragon clan lord, was incontestable.

Ao Yong said, "That's of course! The Sacred Dragon Token acknowledging you as master, you're the lord of the dragon clan! This is the rule set by the ancestors, no one can change it! Dissenters are expelled from the dragon clan!"

The moment these words came out, Ao Duo's heart twitched fiercely and knew that him, this patriarch, had come to an end.

Ye Yuan nodded his head and said, "Since that's the case, then I have three matters to instruct."

Ao Yong bowed and said, "Dragon Lord, pray tell!"

Ye Yuan said, "First, Senior Long Teng returns to the ancestral shrine anew and is written into the family tree! Second, you all can forget about the Sacred Dragon Token, unless my great enmity is avenged! Third, Ao Duo, you still be your patriarch, nobody is vying with you!"

Ao Duo froze and could not help looking at Ye Yuan oddly, his gaze filled with a complicated expression.

"Is this true?" Ao Duo looked at Ye Yuan in disbelief and said.

Ye Yuan said coolly, "Since you all know my past life's identity, you should know a little about my personality! Your position of patriarch, I'm not interested! Furthermore, I won't stay for long in the dragon clan. You can rest assured and be your patriarch. However ... if there's any more offense, don't blame me for not being courteous!"

Talking until the back, Ye Yuan's expression darkened and his words leaked a majesty that allowed no doubt.

He was uninterested in authority and power, but it did not mean that anybody could affront him. When there was a need, he would naturally bring out the identity of the dragon clan lord.

Ye Yuan's words made everyone incredibly shocked.

The patriarch of the Azure Dragon Clan, that was a position that was scalding hot to the touch in the entire Divine Realm. Ye Yuan actually rejected it flat out.

Ao Duo and the rest were dazed a while before coming back to their senses now.

This one before their eyes was not some brat still wet behind his ears, but that unrivaled Alchemy Emperor who did not care about what went on in the outside world in his past life!

Ji Qingyun's infatuation and heart that leaned towards Dao, the people in the Divine Realm all knew about it. If not for the sudden great change, there probably would not be this Ye Yuan in front of them emerging either, right?

Although his appearance changed, Ji Qingyun was still that Ji Qingyun. Towards authority and power this sort of thing, he really did not have too great of an interest.

Ao Duo froze there, uncertain how he should respond. It was still Ao Yong who came back to his senses first and said, "Many thanks for Dragon Lord's generosity! The matters that Dragon Lord instructed, Ao Duo will definitely settle them."

Ye Yuan nodded his head, but said to Long Teng, "Senior Long Teng, you said that when my bloodline rises to king rank, you'll tell me the secrets of mystic qi. I wonder if ... you can tell me now?"

Long Teng did not know Ye Yuan's identity back then. Hence, that was why he entered this agreement. It was just that he never would have dreamed that Ye Yuan was actually of the Atavism Dragon Soul.

Even without this agreement, some of the dragon clan's secrets, he could also inform Ye Yuan already.

Long Teng nodded his head right away and said, "You follow me!"

...

Inside an extremely hidden palace underground the dragon clan, Ye Yuan looked at the divine inscriptions on the palace walls, endlessly shocked.

"Divine inscriptions were written by Deity Realm powerhouses with the powers of law and are incomparably profound. This piece of divine inscription is the dragon race's deity realm cultivation method. But ever since after Divine Dao disappeared, nobody was able to understand the mysteries anymore." Inside Long Teng's words also revealed thick regret.

Although the dragon clan was still domineering, after that great battle 50 thousand years ago, the dragon clan's situation still went from bad to worse.

By now, their strength was already far, far weaker.

And the powers of law on the divine inscriptions, no one was able to comprehend them at all.

"Then ... what's mystic qi?"

Mystic qi was what Ye Yuan heard inside Xie Lingzi's grotto, but it was also just superficial knowledge.

But this mystic qi seemed to be of utmost importance to achieving Deity Realm.

Long Teng sighed and said, "Mystic qi flooding the body, Deity Realm is naturally achieved! These were the words that the dragon clan passed down all along. But when I accompanied Fang Tian to traverse everywhere in the Divine Realm and Lower Realms back then, I also didn't find any so-called mystic qi."

Ye Yuan's expression became austere, and he said, "The spirit of the white tiger said that the Divine Realm lost a portion of its powers of law. Could it be that ... what's missing is the most crucial mystic qi?"

Long Teng nodded and said, "It should be so! Although I don't know the secret of becoming a deity, this old man knows that wanting to break through to Deity Realm, Essence, Energy, and Spirit, not one can be missing! Apart from this, there is still something of vital importance, that is ... heart realm!"

When Ye Yuan heard that, his eyes involuntarily lit up.

The so-called essence, energy, and spirit, corresponded to the fleshy body, essence energy, and divine soul, respectively! This path, he had already all stepped into Tier 9 presently ¹ !

As for heart realm, he was even unrivaled in the Divine Realm!

Heaven Man Unity, barely anyone in the entire Divine Realm reached it.

"Senior, just what function does this heart realm have?" Ye Yuan said curiously.

[Unrivaled Medicine God](#)

Chapter 1024: Eternal Medicine Garden

“Heart realm can be said to be the bond linking the form of Essence, Energy, and Spirit, the three types of energy! Heart realm falling short, when assaulting Deity Realm, the three kinds of energy will be unable to reach an equilibrium state. The success rate of breaking through to Deity Realm will also be reduced drastically. To the majority of martial artists, they are ultimately still stuck on the checkpoint of heart realm.” Long Teng said.

When Ye Yuan heard that, he finally had a direct understanding regarding how to assault the Deity Realm.

“Oh, right, you said that Senior Fang Tian had once reached Half-Deity Realm before. What kind of realm is that?” Ye Yuan said curiously.

Long Teng smiled bitterly and said, “Fang Tian was the same as you, cultivating the Nine Characters True Word Formula at one point, and his heart realm likewise reached the degree of Heaven Man Unity. He once fused essence, energy, and spirit, and assaulting the Deity Realm. It’s just a shame that ... without mystic qi flooding the body, emperor qi is unable to transform to become divine essence. He ultimately still failed. One can say that he only lacked mystic qi between him and Deity Realm!”

Ye Yuan came to a realization. He understood Long Teng’s meaning.

Fang Tian actually succeeded in the fusion and reached a miraculous state between Dao Profound and Deity Realm. As long as there was mystic qi flooding the body, he would be able to break through to Deity Realm!

It was too bad that in this world, one totally could not find mystic qi anymore.

Ye Yuan heaved a sigh and said, “Looks like if I can’t find mystic qi, wanting to break through to Deity Realm is something impossible!”

Long Teng also said emotionally, “Precisely so!”

...

Inside the Vast Heaven Pagoda, four divine king powerhouses appeared somewhat agitated. Even an old undying like Ao Qian also had a look of anticipation.

Now, he already knew just how formidable Ye Yuan was in alchemy!

An existence standing at the pinnacle of the entire Divine Realm’s alchemy path, if not for Divine Dao dwindling to zero, Alchemy God, this name, would absolutely belong to Ye Yuan.

“You all don’t have to be so excited. High-grade Tier 9 spirit medicines are not that easy to find. At present, the one who is truly able to benefit is also just Shuangzhou. I’ve already let the dragon clan prepare the required spirit medicines for the Nine Truth Pill. Presumably, it can be refined today. As for the three of you, your medicinal pills, Wu Luo and Jiang Taicang’s Pure Source Infusion Divine Pill is still alright. But Ao Qian has been suppressed in the White Tiger Dungeon for too long and his foundation is pretty much damaged to the limit already. It’s extremely hard to restore.” Ye Yuan said.

The moment these words came out, Ruan Shuangzhou’s expression was agitated until it almost flushed crimson.

He never would have thought that Ye Yuan actually did not take to heart his prior transgressions and helped him to refine medicinal pills!

Reaching their boundary, ordinary medicinal pills basically all did not have much use anymore. Only high-grade Tier 9 medicinal pills would be of assistance to them.

And in the entire Divine Realm, how many could refine high-grade Tier 9 medicinal pills?

Therefore, after reaching the Divine King Realm, it was basically all relying on oneself to cultivate already. It was only the super holy lands, that sort of existences, that had the qualifications and extravagance to use high-grade Tier 9 medicinal pills.

Itinerant cultivators like Ruan Shuangzhou, if their talent was not exceptionally terrifying, they had pretty much reached an end too.

But this Nine Truth Pill's name, Ruan Shuangzhou had heard before. He did not think that Ye Yuan actually had the Nine Truth Pill's pill formula. Furthermore, he could refine it at merely First Level Dao Profound.

"Y-Young Master, my, Ruan Shuangzhou's old life, will be sold to you from now onwards! In the future, Shuangzhou will definitely do my best to repay you even at the expense of my own life!" Ruan Shuangzhou said agitatedly.

He was already at the peak of ordinary divine king now. With the Nine Truth Pill, he had full assurance in being able to break through to the ranks of first-rate divine king.

Ye Yuan said, "Although the time you follow me isn't long, this period of time, it was also at the risk of your own life and helped me greatly. As long as you all put your heart and soul into working for me, I naturally won't treat you shabbily."

Wu Luo and Jiang Taicang also said agitatedly, "Many thanks, Your Excellency!"

Only Ao Qian had a bitter look as he said, "Your Excellency, then ... what what about me?"

One's own matters, one was aware of it. Actually, even though Ao Qian thought of leaving the White Tiger Dungeon, he completely had not thought about being able to recover at all.

He was suppressed for as long as 20 thousand years, his Dao foundation had basically already completely collapsed. If not for him consuming the crane essence and his vitality was exuberant, he would have long croaked in the White Tiger Dungeon.

To be able to come out, he already expressed thanks to heaven and earth.

But he completely never thought that Ye Yuan, this master, actually gave him hope anew!

Ao Qian was shrewd with age and knew that Ye Yuan was not too definitive in what he said. Then it meant that there was hope.

Indeed, Ye Yuan opened his mouth and said, "Counting the days, the Eternal Medicine Garden should be opening up soon, right?"

When the few people heard the name Eternal Medicine Garden, their expressions became fearful. Clearly, they were very apprehensive of this place.

“Your Excellency, you want to go to the Eternal Medicine Garden to find spirit medicines for us?” Jiang Taicang’s expression became an unprecedented solemnness.

Ye Yuan nodded and said, “The two of your situations are similar. Spirit medicines to refine the Pure Source Infusion Divine Pill shouldn’t be hard to find inside the Eternal Medicine Garden. As for whether or not the spirit medicines that Ao Qian’s Unreal Enlightenment Divine Pill requires can be found, it will need to depend on luck. Ao Qian is a Void Mystic expert and already surpassed the scope of Tier 9. The spirit medicines required are also not very easy to find.”

The three people exchanged glances and suddenly gave a solemn bow towards Ye Yuan and said, “Your Excellency is actually willing to take the risk for us, we’re willing to follow Your Excellency to the death!”

The three people’s faces all revealed touched expressions. Clearly, they did not expect that Ye Yuan would actually do things to such an extent for his servants.

Divine Realm had three great perilous lands and one great desolate land!

The three great perilous lands were respectively Skywave Marsh, Void God Temple, as well as the Eternal Medicine Garden, while the one great desolate land was the Godsfall Mountain Range!

The Eternal Medicine Garden opened once every 500 years, with countless spirit medicines inside. It was the place that martial artists and alchemists yearned for even in their dreams.

This place had countless treasures but also had countless dangers.

Inside not only had countless restrictions, array formations, there were also many spirit medicines that became spirits, as well as desolate beasts that even the Divine Realm did not have; extremely difficult to deal with.

Each time the Eternal Medicine Garden opened, there were innumerable experts going after it like a flock of ducks. But every time, there were large batches of Dao Profound Realm experts who die inside.

Of course, there were also people who obtained heaven-defying spirit medicines in the Eternal Medicine Garden and soared to the heavens with one leap from there.

Therefore, even though it was dangerous, every time it opened, there were still countless experts who attempted to enter inside.

Ye Yuan was actually willing to enter the Eternal Medicine Garden for them. How could this not move Ao Qian trio?

But Ye Yuan waved his hand and said, “You all are following me for as long as a thousand years, I naturally won’t treat you poorly. After the Nine Truth Pill is done refining, we’ll head for Cloudmarsh City and wait for the Eternal Medicine Garden to open.”

Actually, even if it was not for the three of them, Ye Yuan inevitably had to make this trip too.

Firstly, it was in order to train. The other reason was going to find several spirit medicines.

In his past life, Ye Yuan's life-long pursuit was the Alchemy God Realm. For this, he made use of his erudite alchemy Dao knowledge and self-created a pill formula!

This pill formula could be said to have gathered the major achievements of what Ye Yuan learned. He expended a hundred years altogether, and experienced countless times of failure, before barely completing the pill formula.

It was just that he had yet to have time to officially refine the pill when Medicine King Hall's change occurred, making his hundred years be all for naught.

Re-doing it a second time in this life, Ye Yuan had to attempt it no matter what, and take a path that others had not walked before!

He wanted to borrow the power of medicinal pills and break through to the Deity Realm in one go!

[Unrivaled Medicine God](#)

Chapter 1025: Nine Stars Imperial Heaven Art

Whether or not this pill formula could succeed, Ye Yuan himself was not certain either.

But in the era where Divine Dao dwindled to zero, the martial artists all exhausted ways to break through the fetters of Divine Dao. He, Ye Yuan, as a heaven's chosen of his generation, was naturally not willing to fall behind.

This Immemorial Medicine Garden opened once every 500 years. Ye Yuan, as a peak Alchemy Emperor, it was naturally impossible to miss it.

Furthermore, Ye Yuan was currently in urgent need of increasing his strength. The Immemorial Medicine Garden, this kind of place, was just right for him.

The Azure Dragon Clan was well-deserving of being one of the Divine Realm's strongest factions. The spirit medicines that Ye Yuan needed was prepared on the second day.

After breaking through to Dao Profound Realm, Ye Yuan's soul force already reached middle-stage Alchemy Emperor. Although refining high-grade Tier 9 medicinal pills was somewhat taxing, it was also within the scope of his abilities.

Ye Yuan did not have any taboos when refining pills. Ao Qian and the rest all observed by the side. Several of the dragon clan's upper echelons were also present.

As for Xiao Ruyan and Ren Dong, they naturally would not be absent.

The two of them followed Ye Yuan and already broke through to Alchemy Venerable Realm as well. Their alchemy path strength was already extremely formidable.

Currently, making them establish their own school of thought, it absolutely would not be inferior to those Alchemy Emperors either.

Ye Yuan firing up the furnace and refining pills, there naturally could not dispense with the two of them.

"Alchemy Dao, high-grade Tier 9 is a watershed. High-grade Tier 9 medicinal pills, each one seizes the good fortune of heaven and earth and resonates with the Great Dao. Without a deep understanding of

the Great Dao, it's impossible to refine successfully. Today, what Master is refining is the most elementary Nine Truth Pill among high-grade Tier 9 medicinal pills. You guys learn from it well," Ye Yuan lectured Xiao Ruyan and Ren Dong.

"Yes, Master!" The two people immediately voiced their assent.

Only after following Ye Yuan these few years did they truly discover the joys of alchemy Dao, and immersed in it, and were unable to extricate themselves.

It was also precisely because so that their alchemy Dao strength advanced by leaps and bounds.

This persistence was quite similar to the previous life's Ye Yuan. This point also made Ye Yuan very relieved.

Especially Xiao Ruyan, she had long thrown that beautiful thought beyond the ninth heaven already. Currently, towards Ye Yuan, other than worship, it was still worship.

Bang!

Ye Yuan lightly shook, directly shattering those spirit medicines to dust.

Shattering medicine and condensing the embryo!

It was only to see Ye Yuan seemingly perform magic condensing the shattered medicinal powder into an embryo.

At the same time, Ye Yuan's other hand lit the Dragon Sovereign Cauldron adeptly with one hand.

Rumble!

The medicinal embryo entered the cauldron, emitting a series of jubilant and dancing sounds.

Along with Ye Yuan starting to refine, his refining technique was not incomparably sensational like in the past. But every action, every movement, gave people a feeling of refreshing the spirit.

The current Ye Yuan gave people a sort of unreal feeling.

He was clearly refining pills right here, but the feeling he gave people was so fleeting and ephemeral.

"Resonance with Great Dao! S-Such formidable alchemy skills!" Ao Qian cried out in shock.

Void Mystic experts' comprehension of the Heavenly Dao was extremely keen.

Each one of Ye Yuan's movements all worked in concert with the mysteries of Dao. Hence, that was why it would give people this sort of illusionary and real misconception.

"They all said that Master was an unrivaled Alchemy Emperor in his past life and only used several hundred years time to reach the peak of alchemy Dao. I still didn't quite believe it in my heart. Looking at it now, his boundary in alchemy Dao is even further than what we've walked along the martial path!" Wu Luo sighed with admiration.

Jian Taicang felt that way deeply too and said with a nod, "The effort that the alchemy path requires to expend tends to be ten times, even a hundred times compared to the martial path's. For Master to be

able to reach such a boundary in a short few hundred years, it's truly inconceivable! If not for unexpectedly perishing, he might not be unable to rely on Alchemy Dao to break apart the shackles!"

These three people were all figures standing at the peak of Martial Dao. The geniuses that they had seen before were countless.

But when they saw Ye Yuan's alchemy skills, they also had a feeling of being ashamed of their inadequacy.

To be able to walk to this step along the alchemy path, Ye Yuan was truly an unparalleled genius.

Just as everyone was sighing with admiration, the skies suddenly dimmed. Lifting their heads and looking over, they saw a massive formation diagram appear in the sky.

There were complex lines above the formation diagram. But the most conspicuous was still those nine dim stars.

Rumble!

A ray of light suddenly shot out from inside the Dragon Sovereign Cauldron and charged straight for the clouds!

Under everyone's astonished gazes, that first dim star was suddenly lit!

Incomparably shocked expressions showed on Ao Qian's and the others' faces. This scene was too overwhelming.

"This ... This is the Nine Stars Imperial Heaven Art! My god, His Excellency actually mastered this alchemy skill! No wonder he dared to refine a high-grade Tier 9 medicinal pill when he had just entered Dao Profound!" Ao Qian said with incredible shock.

Jiang Taicang and Wu Luo also had solemn looks as they said, "You're certain that ... this is the Nine Stars Imperial Heaven Art?"

Ao Qian nodded and said, "Absolutely correct! Back then, this old man expended a tremendous price and found the Alchemist Association's chairman in order to refine a medicinal pill. What that old fellow used at that time was the Nine Stars Imperial Heaven Art! Back then, the exact same phenomenon also appeared above the sky as now! When the nine stars on the formation diagram are lit up, the medicinal pill will be formed!"

Jiang Taicang and Wu Luo were also old monster class figures and had great experiences. But the people able to master the Nine Stars Imperial Heaven Art were seriously too few. Therefore, they had only heard of it but never saw before with their own eyes.

Hearing Ao Qian's words, they were all endlessly shocked.

Only at this time, did they know how terrifying a master they followed!

Ao Qian paused for a bit and continued saying, "But that old fellow spent a full 5000 year's time to cultivate the Nine Stars Imperial Heaven Art! While Ye Yuan he ... Counting in his previous life's years, it also won't surpass 500 years old. This disparity ..."

Ao Qian did not say finish, but the meaning in his words was already very obvious.

Similar to peak Alchemy Emperors, Ye Yuan's potential was far greater compared to that generation's Alchemist Association's chairman!

Just as Ao Qian and the rest were in shock, the dragon clan already burst into an uproar.

"What's going on? It was still fine earlier, why did the sky suddenly darken?"

"The heavens dropping a phenomenon, could it be that someone is transcending tribulation again? But looking at this appearance, it's not too alike!"

"Nine stars formation diagram, what the hell is this?"

Those dragon clan's clan members, nobody had seen before such a phenomenon at all and was guessing ceaselessly one after another.

Ao Lin looked at that nine stars formation diagram above the firmament and said with a sigh, "This punk reincarnating, not only did his alchemy path strength not regress, it advanced even more!"

Ao Duo's expression flickered ceaselessly and said somberly, "Nine stars formation diagram, Nine Stars Imperial Heaven Art! Dragon Lord's alchemy path strength is indeed daunting until it makes people feel frightened! Perhaps ... he can really carve out a path that the forefathers have never taken before, who knows!"

Swoosh!

Another beam of light shot towards the sky and lit up the nine stars formation diagram's second star!

Ye Yuan was currently fully immersed in the pill refinement and already completely could not sense the outside world's matters.

But right then, an abnormal change suddenly occurred inside his sea of consciousness!

Those divine inscriptions suddenly radiated with brilliant golden light and flew out of his sea of consciousness one by one, and entered inside the Dragon Sovereign Cauldron through his soul force.

Rumble ...

The Dragon Sovereign Cauldron gave off intense tremors. Ye Yuan's eyes suddenly snapped open, his gaze revealing a dumbfounded look of amazement.

[Unrivaled Medicine God](#)

Chapter 1026: What Grade?

"This ... What's going on here? Could it be that ... the refinement failed?"

Ruan Shuangzhou looked at the Dragon Sovereign Cauldron's transformation nervously. This medicinal pill was refined for him. If it were to be ruined, he would have no place to go and cry.

The expressions of Ao Qian and the rest were likewise very ugly. It was clearly still smooth-sailing earlier, why would the situation suddenly change drastically?

The Dragon Sovereign Cauldron's undulations became more and more intense. This sort of undulation was virtually identical with the forewarning of cauldron explosion.

"Not good, the cauldron is going to explode!" Ao Qian's expression changed as he said.

Xiao Ruyan and Ren Dong were already greatly alarmed when they saw the situation and yelled, "Master, quickly give up, the cauldron is going to explode!"

High-grade Tier 9 medicinal pills, once the cauldron exploded, the power was unimaginable. It was virtually equivalent to a Divine King's all-out attack.

At a distance as close as Ye Yuan's, he would be seriously injured if not dead.

But Ye Yuan seemingly could not hear everyone's yells at all. The movements of his hands did not pause in the slightest. The Dragon Sovereign Cauldron's undulations became more and more intense.

Ao Qian's face fell, and he said, "No way! At this rate, Ye Yuan will be blown to death! You all move aside, I'll go save him!"

Done talking, Ao Qian arrived within the range of Ye Yuan's pill refinement in a panic. He did not pause in the slightest and directly extended his hand towards Ye Yuan and grabbed.

But right at this time, a ray of golden light flashed out from inside the Dragon Sovereign Cauldron.

Rumble!

Ao Qian was directly blasted until he flew out far away, without the least bit of strength to resist.

Everyone turned pale with fright and hurriedly went over to help Ao Qian up.

"Ao Qian, are you alright?" Wu Luo asked.

Ao Qian did not speak, his gaze locked onto the direction Ye Yuan was at, his gaze filled with a look of shock!

"Divine Dao aura! It's absolutely Divine Dao aura! This is the undulation of Divine Dao laws! H-How is this possible?" Ao Qian had a look of disbelief as he muttered.

Hearing Ao Qian's murmurings, everyone's faces all revealed dumbfounded expressions. Refining Tier 9 medicinal pills, how could the undulation of Divine Dao laws possibly appear?

Rumble!

Right then, another ray of golden light shot toward the sky from inside the Dragon Sovereign Cauldron and headed straight for the nine stars formation diagram.

But this ray of golden light was several times more blinding compared to the two rays previously!

For some time, the nine stars formation diagram radiated with a brilliant splendor, dazzling until people could not open their eyes.

But at this time, Ye Yuan had a look of intoxication. All of his body and mind was used to comprehend the divine inscriptions of the Medicine God's Soul Canon!

He also did not expect that this kind of abnormal change would actually occur when refining Tier 9 medicinal pills after breaking through to Dao Profound.

Ye Yuan knew that this was his alchemy Dao comprehensions arousing the divine inscriptions' resonance, that was why this kind of change would occur.

Divine inscriptions were written with the power of laws. Ye Yuan's alchemy Dao comprehensions already reached an exceedingly high realm. With every movement, it would produce a resonance with the Great Dao.

While the Medicine God's Soul Canon was an alchemy Dao's arcane canon. What was written inside were all alchemy Dao laws.

Therefore, Ye Yuan displaying the Nine Stars Imperial Heaven Art finally triggered the divine inscriptions' abnormal change.

Ye Yuan carefully comprehended the Divine Dao laws and actually had a feeling of achieving mastery through a comprehensive study of a subject. Although this sort of feeling could not be put into words, it was recorded inside his body bit by bit. It had tremendous benefits regarding Ye Yuan's path of alchemy Dao in the future.

The Dragon Sovereign Cauldron did not blow up. It emitted rays of golden light instead. Ye Yuan actually gave people a sort of sacred feeling being situated inside these golden lights. Ao Qian they all actually had an impulse to want to prostrate in worship.

Rumble!

Rumble!

...

Rays of golden light shot towards the sky. The stars on the nine stars formation diagram were lighting up one by one.

Originally, with Ye Yuan's present cultivation realm, completing the refinement this time and lighting up the nine stars required a full three days.

Now, this process was cut down by three times!

And the refinement of the Nine Stars Imperial Heaven Art was more difficult the more it reached the back. Especially the ninth star, it was when problems occurred the easiest.

But now, this process was completed incomparably smoothly.

The final ray of golden light shot up towards the sky and directly converged into the ninth star on the formation diagram.

All of a sudden, the entire formation diagram gave off a dazzling light, illuminating the originally dark skies like it was daytime.

A glint flickered across Ye Yuan's eyes, and he cried out, "Formation diagram, retract! Medicinal pill, form!"

It was as if the nine stars formation diagram obtained a command and actually slowly landed in the direction of the Dragon Sovereign Cauldron.

Rumble!

Under Ye Yuan's manipulation, that gargantuan formation diagram shrunk until it was roughly the size of a square inch, and directly entered inside the Dragon Sovereign Cauldron.

Seeing this scene, the agitation inside Ruan Shuangzhou's heart was simply unable to be described with words.

This was a medicinal pill refined with Divine Dao laws. What kind of effect would it achieve?

But he immediately became somewhat worried about personal gains and losses. This medicinal pill was so precious, so would Ye Yuan give him or not?

Ye Yuan currently took in four Divine King servants, and his strength was the weakest. If Ye Yuan did not give him, that was also something within reason.

"Go, go over and take a look!" Jiang Taicang patted Ruan Shuangzhou's shoulder and said smilingly.

"Don't come over, it hasn't ended yet!" Ye Yuan suddenly gave a stern cry, frightening Ao Qian and the others who were just about to come over.

Originally, the nine stars formation diagram was already withdrawn, and the skies had cleared up. But at this time, dark clouds suddenly gathered overhead in the skies again. A terrifying pressure descended upon the dragon clan once more.

"What the hell? Heavenly tribulation again?"

"It wouldn't be a Greater Five Elements Heavenly Tribulation one more time, right? Isn't this wanting our old lives?"

"Seeing ghosts! Dragon Lord is too capable of inflicting suffering! Refining a pill actually called down such a terrifying heavenly tribulation!"

There was a hubbub of clamoring in the dragon clan, each and every one criticizing him endlessly.

The other day, Ye Yuan had just summoned a terrifying Greater Five Elements Heavenly Tribulation and nearly made the dragon clan suffer heavy casualties.

It had only been a few days and he summoned such a terrifying heavenly tribulation again by refining a medicinal pill.

Crack crack ... Rumble!

In a twinkling, a bolt of lightning the thickness of a basin directly hurtled down from within the void, rumbling into the Dragon Sovereign Cauldron.

Following that, bolt after bolt of lightning tribulation rumbled down, continuously lasting for as long as an hour!

Seeing that that terrifying heavenly tribulation did not affect bystanders, only then did everyone let out a sigh of relief.

Ye Yuan did not stay very far away. He knew that this was pill tribulation. It aimed for medicinal pills and did not target the person.

To be able to trigger pill tribulation, not one was not a heaven-defying medicinal pill.

His pill refinement this time actually triggered Divine Dao laws. This Nine Truth Pill was probably not ordinary.

Once his thoughts reached here, Ye Yuan also could not wait to open up the furnace and examine the pill.

This level of high-grade Tier 9 medicinal pill, it was Ye Yuan's first time refining it too. He naturally looked forward to it endlessly.

As for the other people, especially Ruan Shuangzhou, that went even more without saying.

"Your Excellency, this ... What grade will this Nine Truth Pill be?" Ruan Shuangzhou asked very cautiously, like a little wifey that did not dare to speak.

What he was most afraid of right now was Ye Yuan suddenly saying that this medicinal pill was not giving to him.

How could Ye Yuan not know his thoughts? He smiled and said, "Relax, no matter what grade of medicinal pill it is, it's yours!"

Ruan Shuangzhou felt that the most wonderful words he heard in this lifetime were this sentence of Ye Yuan's just now.

"Everybody back off a little, I'm going to open the furnace and inspect the pill!"

Everyone retreated several steps, but their eyes were staring fixedly at the Dragon Sovereign Cauldron.

Clang!

Ye Yuan slightly formed a seal and suddenly saw a ray of golden light flash past, shooting straight for the clouds!

[Unrivaled Medicine God](#)

Chapter 1027: Arcane Insight Rank!

"Want to run?"

A hint of a faint smile flashed past the corners of Ye Yuan's mouth, and his figure suddenly vanished from sight. When he appeared again, he already grasped that ray of golden light in his hands.

When he returned, a group of people immediately moved close in front of him, with curious looks.

“Your Excellency, this medicinal pill is truly magical, to actually want to escape!” Jiang Taicang said with a curious baby appearance.

“Master, just what grade is this Nine Truth Pill? Let us take a look!” Xiao Ruyan said curiously.

Even old monsters like Ao Qian also could not restrain their curiosity, all stretching their necks far out.

Ye Yuan smiled and casually laid down several restrictions. This medicinal pill could forget about escaping.

He slowly opened up his hand. For a moment, golden light shone resplendently.

“*Ouch*, blinding my eyes!” Jiang Taicang howled.

This guy was just a thief in the end and also the most peculiar among the four people. But that glaring golden light really dazzled him.

“One actually can’t smell any medicinal fragrance from this medicinal pill! Looks like the medicinal smell condenses and doesn’t dissipate! It’s just that ... there’s no way to determine this grade at all! Seems like ... it’s not transcendent-grade?” Ao Qian said doubtfully.

The grade of medicinal pills tend to be able to be judged from appearances as well as the energy undulations the medicinal pill emitted.

But this Nine Truth Pill before their eyes, one could not perceive its depths at all.

But without a doubt, this medicinal pill’s grade was exceedingly high. The medicinal effects were probably unimaginable.

Ye Yuan smiled and said, “Have you all heard of arcane insight before?”

When Ao Qian heard that, his entire body involuntarily trembled as he said in disbelief, “You’re saying ... this ... this Nine Truth Pill is actually the arcane insight rank of the legends?”

Ye Yuan nodded slightly and said, “Above transcendent-grade is arcane insight!”

Ao Qian came to a realization and said, “Yes, yes, I should have thought of it long ago! This guy actually wanted to escape itself. What could it be if not arcane insight?”

“Hey, Old Ao, what’s arcane insight?” Jiang Taicang could scarcely wait by the side as he asked.

The rank of arcane insight, ordinary people had not heard of it before. Because in these recent 100 thousand years, there had never been anyone capable of refining arcane insight rank medicinal pills yet!

Ao Qian sucked in a deep breath and said, “Actually, above transcendent-grade, medicinal pills have even higher grades, that is the rank of arcane insight! It’s just that in the wake of Divine Dao dwindling to zero, there is already no one capable of refining arcane insight rank medicinal pills!”

Jiang Taicang was confused and asked, “This is just a Tier 9 medicinal pill, what has it got to do with Divine Dao?”

“Of course it’s related! Because ... medicinal pills of the arcane insight rank can only be refined by Deity Realm powerhouses! In other words, only Deity Realm powerhouses refining Tier 9 and below medicinal

pills, would it reach the rank of arcane insight!” Ao Qian looked at Ye Yuan with an expression like he saw a ghost, thinking inwardly that this guy was seriously too freakish.

“*Hiss ...*” Everyone sucked in a cold breath of air, being startled by Ao Qian’s words.

A medicinal pill that only Deity Realm powerhouses could refine was refined by an initial-stage Alchemy Emperor?

“Then ... Then this medicinal pill ... just what kind of medicinal effect does it have?” Ruan Shuangzhou swallowed his saliva and asked.

Before this, Ruan Shuangzhou had never imagined that he would have such a jittery day.

He was currently filled with anticipation towards this arcane insight rank Nine Truth Pill.

“That’s hard to say! But one thing is certain, the medicinal effects of arcane insight rank are much, much stronger compared to transcendent-grade. Furthermore, it’s said that arcane insight rank medicinal pills will tend to have unexpected additional effects. As for what this effect is, that’s hard to say,” Ao Qian said.

Ye Yuan said smilingly, “Wouldn’t you know if you just try?”

Finished talking, he directly threw the medicinal pill to Ruan Shuangzhou.

The others looked at this scene with envious looks. This was an arcane insight rank medicinal pill!

Perhaps in these 100 thousand years, this was the one and only one.

The unique one in 100 thousand years!

Ruan Shuangzhou himself also did not quite dare to believe that a meat pie falling from the sky, this sort of thing, actually smashed onto his head.

Gulp ...

Ruan Shuangzhou swallowed his saliva disappointingly but kept delaying and did not swallow the medicinal pill.

“*Sigh*, eat it, you punk. Do you want to worry us to death? You have to know, it’s just this one in 100 thousand years! You, this punk, really picked up a huge bargain!” Jiang Taicang looked at his appearance and said indignantly.

A portion inside here was really anxious, while the other part was envy.

Ye Yuan smiled and said, “You all don’t have to envy Ruan Shuangzhou. Refining the Nine Truth Pill this time, my comprehensions towards alchemy Dao became a level deeper. Presumably, the next refinement, the grade shouldn’t be lousier than this time.”

Ye Yuan’s might lied in that his foundation was too solid. Therefore, his pill refinement success rates were frighteningly high.

With the pill refinement this time, Ye Yuan finally had a hint of understanding towards the Divine Dao laws in the Medicine God’s Soul Canon. This was a massive improvement to his alchemy Dao!

But it was also precisely because of the refinement this time, that it let him experience the extensiveness and profundities of Divine Dao laws. What he comprehended was merely just some superficial knowledge.

But just this bit of smattering already let him glean considerable gains.

But this also made Ye Yuan realize that his alchemy Dao path had only just begun!

Ye Yuan's words made Ao Qian and the rest perk up all at once.

Yeah, with Ye Yuan's alchemy Dao strength, once he came into contact with Divine Dao laws, refining medicinal pills the next time might be even more impressive.

Thinking up to here, Ao Qian and the rest could not wait even longer to see the medicinal effects of this arcane insight rank Nine Truth Pill.

"Then ... Then ... I'm eating it?" Ruan Shuangzhou asked rather uncertainly.

"Good lord, I say, just eat it!" Jiang Taicang wished that he could throw a slap over.

In front of everyone, Ruan Shuangzhou swallowed the medicinal pill in one bite.

Immediately, a flame seemingly started immolating in his abdomen. An incredibly powerful warm current instantly reached all the limbs and bones of the body, making him comfortable until he nearly cried out.

Ruan Shuangzhou's aura rose at a speed visible to the naked eye.

Seeing this scene, Ao Qian and the rest all opened their eyes wide.

This medicine effect was also a little too strong, right?

"The Nine Truth Pill is merely a very ordinary high-grade Tier 9 medicinal pill. An ordinary Nine Truth Pill's advancement effect on a martial artist will end when it reaches here, right? But this medicinal pill seems to have just started!" Ao Qian exclaimed with shock.

"*Tsk tsk*, Ruan Shuangzhou this brat is really blessed! Arcane insight rank medicinal pill, ordinary Divine Kings can't even dream about it!" Jiang Taicang clicked his tongue and lauded.

Reaching the Divine King Realm, even advancing a tiny bit was extremely difficult. But this arcane insight rank Nine Truth Pill directly escorted Ruan Shuangzhou to the rankings of first-rate Divine Kings!

Moreover, his aura was still rising continuously.

...

Three days later, Ruan Shuangzhou finally slowly opened his eyes. Rays of brilliant light erupted from his two eyes.

"Punk, how is it, how is it? The feeling of breaking through to first-rate Divine King is very good, right?" Jiang Taicang asked anxiously.

Ruan Shuangzhou drew a deep breath and said with a smile, "Indescribably good!"

Done talking, Ruan Shuangzhou slowly got up and came before Ye Yuan, and bowed deeply as he said, "I, Ruan Shuangzhou, am willing to follow Young Master to the death from this day onwards!"

Unrivaled Medicine God

Chapter 1028: Cloudmarsh City

Ye Yuan said smilingly, "How is it? Are there any unexpected harvests?"

Arcane insight rank medicinal pills would have some unexpected effects. This effect, only the person who consumed the medicine would know themselves.

Ruan Shuangzhou slowly nodded and said rather excitedly, "My second supreme true intent has been stuck at the bottleneck for several hundred years already. At this time, I suddenly saw the whole thing in a clear light!"

The division between ordinary Divine Kings and first-rate Divine Kings was merely the division of essence energy realm.

Ninth Level Dao Profound was a minor realm with a tremendous span. From just entering Ninth Level Dao Profound to the Ninth Level Dao Profound's great circle of perfection, this was a very drawn-out process.

That did not mean that the strength of first-rate Divine Kings was definitely stronger than ordinary Divine Kings.

If one's concept comprehension was very impressive, ordinary Divine Kings could likewise crush first-rate Divine Kings.

Just take Ye Yuan for example, with his concepts comprehension, he would be able to easily crush first-rate Divine Kings when he just entered Ninth Level Dao Profound, even peak Divine Kings.

While Void Mystic powerhouses, unless they had special means, otherwise, their essence energy realm was not much stronger compared to peak Divine Kings.

But their strength could fling peak Divine Kings ten streets behind.

The Nine Truth Pill was just a medicinal pill for increasing essence energy. Ruan Shuangzhou never would have thought that his second supreme true intent would be comprehended without extra effort just like that.

This was not just a tiny bit to his strength increase.

Ruan Shuangzhou's second supreme true intent was stuck for several hundred years. There was basically no hope of breaking through already. But this arcane insight Nine Truth Pill actually directly let him comprehend the second supreme true intent.

Ao Qian said in surprise, "Could it be that this arcane insight Nine Truth Pill can even increase comprehension ability?"

Ruan Shuangzhou also had a bewildered look and said, "That, I don't know! All in all, when I was breaking through, a flash of inspiration suddenly appeared, and I comprehended it just like that. As for

whether or not can it really increase comprehension ability, it will have to depend on cultivation in the future.”

Jiang Taicang had an envious look as he said, “If it’s really able to increase comprehension ability, this arcane insight medicinal pill is also too heaven-defying!”

Many Divine King experts were unable to break through in their entire lives. They were lacking in comprehension ability. If arcane insight medicinal pills could increase comprehension ability, that its function to martial artists was simply incalculable.

Ao Qian trio looked at Ye Yuan. This time, they were utterly convinced by him.

They were all Divine King experts with very senior qualifications and whose strength pierced the heavens. The reason why they followed Ye Yuan was also being compelled by the circumstances.

Although they had some understanding towards Ye Yuan’s past life’s might, that was all hearsay, and they did not have a direct understanding.

But now, they were very motivated. Because they saw limitless possibility from Ye Yuan!

Following Ye Yuan, they might have even greater development space in the future!

Seeing Ye Yuan and the others came out of the dragon clan with his own eyes, Ao Duo also heaved a long sigh in relief.

An authentic Dragon Lord staying in the clan, he was listless all over.

Of course, the only regret was that the Sacred Dragon Token was unable to return to the clan.

“Duo-er, stop having any more designs on the Sacred Dragon Token in the future! Ye Yuan he is the dragon race’s common lord. This point will never ever change, you need to remember that!” after Ye Yuan left, Ao Yong said solemnly.

“But Old Ancestor, why is that so? How could a human obtain the Sacred Dragon Token’s recognition and also, why would he have an Atavism Dragon Soul?” Ao Duo said, unresignedly.

Ye Yuan’s existence was simply like a fish bone stuck in the throat to him.

If Ye Yuan was the dragon race’s common lord, then what did he count as?

Ao Yong shook his head and said, “Although I don’t know why, he definitely has great connections with the dragon clan! There is absolutely no way a physique like the Atavism Dragon Soul would appear on a human without rhyme or reason. But since it appeared, we can only accept it unconditionally! The terror of a bloodline backlash, don’t you forget it!”

Ao Duo’s expression changed, and he nodded his head and did not speak anymore.

Ao Yong mused for a moment and continued, “After Ye Yuan reincarnated, his lucky chances were heaven-defying. He has likely already shouldered heaven’s mandate! Him becoming the dragon race’s common lord might not be a bad thing to my dragon race. The Sacred Dragon Token might be more useful in his hands than in our hands.”

Ao Duo was silent and did not speak, but he also knew deep down that what Old Ancestor said was the correct thing. It was just that he was in this position and could not quite let go of many things.

...

Cloudmarsh City.

It had always been the paradise for alchemists.

Because it was adjacent to the Immemorial Medicine Garden, the medicinal pills market here was very prosperous.

Especially some itinerant alchemists all liked to gather here. In the course of time, this place became the number three great faction apart from the Alchemist Association and Medicine King Hall.

At present, the Medicine King Hall was falling into pieces. Although it was still the Medicine King Hall in name, it was already no longer the Medicine King Hall in reality. The Cloudmarsh City became the Divine Realm's number two great Alchemy Path faction with a leap.

The reason why Cloudmarsh City could stand tall and not collapse originated from its powerful spirit medicine resources.

Even the Alchemist Association would sometimes come here and gather spirit medicines.

Of course, the Alchemist Association was just a loose organization. Not all the alchemists were subordinate to the Alchemist Association.

At present, the opening of the Immemorial Medicine Garden was at hand. Many more martial artists and alchemists gathered here.

"Wow, this place really has so many spirit medicines! As long as one has money, it's virtually not a problem to want to refine whatever medicinal pill here!" Xiao Ruyan jumped for joy as she said.

Coming to Cloudmarsh City, Ye Yuan did not let Xiao Ruyan and Ren Dong cultivate in closed-seclusion anymore. He was letting them come out and enrich their experiences.

This place was the paradise for alchemists. The atmosphere of alchemy skills was very thick and in full bloom.

On the streets, apart from all kinds of spirit medicine stalls, there were even all sorts of alchemy battle arenas.

As long as one paid a fixed fee, they could go up the stage and compare notes on pill refinement techniques.

Ye Yuan nodded when he heard that and said, "Although the Immemorial Medicine Garden normally doesn't open, the heaven and earth spiritual qi around Cloudmarsh City is much greater compared to other places. Just the outer areas are already sufficient for martial artists to digest."

One could say that Cloudmarsh City was virtually established in the midst of spirit medicine heaps.

“Master, there are so many people competing in alchemy here! Have you come here to compete in alchemy before?” Xiao Ruyan suddenly asked curiously.

Ye Yuan said smilingly, “Of course. Back then, I was young and rash. When I had just broken through to Alchemy Emperor Realm, I’d once stopped over for as long as several years here. Those few years were also no small harvest to master.”

Xiao Ruyan was also aware of Ye Yuan’s true identity now. Only then did she know just how remarkable of a master she had acknowledged.

That small matter in the Fierce Gale World back then was simply a master running into the midst of a group of apprentices; too much of a child’s play.

As Ye Yuan said, his face also revealed a look of reminiscence, with a manner of somewhat recalling the memorable years of his life.

But Xiao Ruyan’s eyes lit up when she heard and pulled Ye Yuan as she asked curiously, “Master, talk about your battle results, *eh!* I’m very curious about whether or not you’ve lost before when you just broke through to Alchemy Emperor.”

Ye Yuan suddenly stopped his footsteps and nudged with a mouth as he said smilingly, “Wouldn’t you know if you go over and take a look yourself?”

Xiao Ruyan froze. Following Ye Yuan’s gaze and looking over, she saw three pieces of enormous stone tablets.

“Alchemy Saint Proclamation, Alchemy Venerable Proclamation, Alchemy Emperor Proclamation ...”

Xiao Ruyan’s gaze swept past one by one and finally landed on the Alchemy Emperor Proclamation.

All of a sudden, her gaze froze at the top, her eyes revealing a look of disbelief.

[Unrivaled Medicine God](#)

Chapter 1029: Beginning

On the Alchemy Emperor Proclamation, Ji Qingyun’s name was shockingly ranked in the first place!

“First place, Ji Qingyun, a total of 5843 matches, complete victory!”

Xiao Ruyan muttered out this row of words and was shocked until she could not close her mouth.

When Ao Qian they all saw Ji Qingyun’s battle results on the Alchemy Emperor Proclamation, each and every one of them exchanged glances too, endlessly shocked.

Roughly 5843 matches, not a single defeat. This battle result was seriously too insane.

Men all made mistakes, horses all stumbled.

Even someone stronger would come a time when they fumbled.

But Ye Yuan actually had yet to taste defeat in close to 6000 matches of pill battles. How heaven-defying the alchemy skills did one need to have?

Looking at those alchemists ranked below Ye Yuan again, the difference from him was not an ordinary kind of big.

Even the number two on the Alchemy Emperor Proclamation had close to 5000 matches of pill battle, but lost a hundred over matches.

This gap ... was too great!

Only Yue Mengli was crystal clear in her heart regarding Ye Yuan's past life's achievements and did not have a very shocked expression. But her face did not stint in the slightest with an expression of idolization.

Ao Qian they all were aware that this Cloudmarsh City's history was long and rich. The custom of pill battles was very flourishing. There were frequently powerful alchemists coming over to spar in alchemy skills.

Moreover, Ye Yuan had merely just entered Alchemy Emperor Realm back then. His strength was not yet as formidable as currently.

At that time, he could already sweep away all alchemists and directly ascend the top-seat of the Alchemy Emperor Proclamation?

Ao Qian, the four of them, looked at Ye Yuan like they were seeing a ghost. Even though they had all witnessed Ye Yuan's pill refining capabilities, the ranking on that Alchemy Emperor Proclamation still made them somewhat breakdown.

But regarding this matter, Ruan Shuangzhou knew a little about it.

"This was already 300 years ago. It was also precisely because His Excellency competed in alchemy in Cloudmarsh City back then, that he rose to fame and was canonized as a genius alchemist closest to Alchemy God in 100 thousand years! Because milord was ranked first in Cloudmarsh City's 100 thousand-year history of pill battles! Although I wasn't present, I heard that back then, the entire Divine Realm's genius alchemists all flocked in great numbers in order to challenge milord. But all of them failed without any exception! Resulting in that later on, nobody dared to get on the stage to answer the challenge at all. That's why milord's consecutive victories' match count stopped at 5843 matches. Now that 300 years had passed, there is still no one capable of surpassing this achievement," Ruan Shuangzhou talked to himself, but his gaze was filled with a look of worship.

Ao Qian and the rest all had expressions like they had seen a ghost. They were suppressed in the White Tiger Dungeon for god knows how many years and were completely unaware of the things that happened in the outside world.

They did not expect that such a sensational incident actually happened before in this Cloudmarsh City.

They finally know now, how Ye Yuan's reputation of 'closest to Alchemy God' came about.

Honestly speaking, when they heard this label back then, they more or less still snorted in contempt inwardly.

In the era where Divine Dao dwindled to zero, how many exceedingly talented people did not dare to say that they could reach the Deity Realm either. What right did Ye Yuan have?

But now, they felt that this title did not have any excessive aspects in the slightest.

"Tch, nothing to be excited about! Looking at your expressions, it's feeling shocked by Ji Qingyun's achievement, right? It's merely 5000 over matches undefeated, that's all!"

Just as everyone was currently immersed in shock, a very scornful voice sounded out.

Xiao Ruyan's brows knitted and she said unhappily, "Who are you, to be so arrogant? Merely 5000 over matches? If you have the capabilities, you try consecutively winning 5000 over matches too!"

The one speaking was a young man. Behind him even followed a Divine King powerhouse. Presumably, his background was not ordinary too.

That young man was merely Alchemy Venerable Realm, but had a look of unruliness, looking very disdainful toward Ye Yuan's battle results on the Alchemy Emperor Proclamation.

The young man looked towards Xiao Ruyan. A hint of astonishment flashed across his eyes, but he said with a laugh, "You guys just came to Cloudmarsh City, right? Not recognizing this young master is also excusable! You remember it, this young master is called Gu Yue! Ji Qingyun's record will be broken by me!"

Gu Yue had an arrogant look with a kind of domineeringness that watched as masts and oars turned to dust while talking and laughing together ¹.

Xiao Ruyan was angered until she laughed because of his haughty manner. Seen before posturing, but never saw before posturing until this manner.

The number one achievement in 100 thousand years, this guy actually dared to brag, saying that he was going to break it. It was fine if he was an Alchemy Emperor, but he was just an Alchemy Venerable.

"Yo, so impressive? I wonder what number your esteemed self is ranked on the Alchemy Emperor Proclamation currently?" Xiao Ruyan said with a laugh.

Gu Yue's face turned black and said, "You know perfectly well that this young master is only Alchemy Venerable Realm at present, you did it on purpose, right? But I'm not afraid to tell you either, this young master already has over 3400 matches of consecutive victories on the Alchemy Venerable Proclamation. Latest by next year, the Alchemy Venerable Proclamation's first place will be mine!"

Hearing Gu Yue blow his own trumpet, Xiao Ruyan was startled in her heart. Three thousand four hundred over matches of consecutive wins, this achievement was already rather impressive.

But she still had a look of disdain on her face as she said, "Brag! Keep on bragging! Who doesn't know how to boast?"

Gu Yue's expression changed, and he said in a solemn voice, "Who's bragging to you? Randomly find a person to inquire about it, in this Cloudmarsh City, who doesn't know me, Gu Yue! That Ji Qingyun, there will come a day where I'll trample him underfoot!"

Xiao Ruyan became enraged the moment she heard and said angrily, "This young lady doesn't believe it! Come, come, come, this young lady is going to trample on you under her foot today! Don't you have

over 3400 matches of consecutive victories? I want to see just what kind of standard your more than 3400 matches of consecutive wins is!"

Ren Dong also silently nodded by the side and said very earnestly, "En, en, count me in!"

The moment Gu Yue heard, he laughed.

"Alright, but ... not any random nobody can challenge me, Gu Yue! I have a condition, if you agree, this young master will accept your challenge!" Gu Yue smiled with evil-designs as he said.

Xiao Ruyan's face turned black, and she said, "What condition?"

Gu Yue seized Xiao Ruyan up lecherously and said, "If you lose, you have to become Dao companions with me! How's that? You got to know, in this Cloudmarsh City, the female martial artists that want to become Dao companions with me, Young Master Gu, line up over several streets!"

Each word that Gu Yue said, Xiao Ruyan's face became a degree more sullen.

Honestly speaking, she was still really quite nervous.

This guy dared to say that he won over 3400 matches consecutively, it was probably not wild talk. This sort of lies, randomly finding a person could expose it. There was no meaning at all.

To be able to have this standard, he was likely really not too easy to push around.

Seeing Xiao Ruyan hesitate, Gu Yue became even more smug as he said, "Why, scared? Like I said, be a little low-profile if you don't have much strength. Not everyone is what you're able to challenge. But if you want to be my, Young Master Gu's Dao companion, I still welcome it very much, *haha* ..."

Xiao Ruyan was indeed breathtakingly beautiful. The first time Gu Yue laid eyes on her, he found her to be to his liking very much. Just as he said, ordinary women, he really held in contempt.

"Agree with him." Right then, Ye Yuan's nonchalant voice sounded out.

Xiao Ruyan jumped in fright. Using watery eyes to look at Ye Yuan, she said, "Master, how can you be like this?"

Ye Yuan said smilingly, "You guys learned from me for so long. If you don't even have this bit of strength, you can find a piece of tofu to go commit suicide already."

Unrivaled Medicine God

Chapter 1030: Silent Offering

"Master? *Hahaha*, you ... are you all mistaken? This brat is at the very most just 30 years old. You guys actually call him your master? *Hahaha*, what does he have to teach you guys?"

Hearing Xiao Ruyan's form of address towards Ye Yuan. Gu Yue laughed himself into convulsions.

He laughed for a long time and suddenly discovered that no one went along with him, and could not help feeling very awkward.

And he suddenly noticed that Ye Yuan's party all used strange eyes to look at him. This involuntarily made him rather angry from embarrassment.

“What are you looking at?! Could it be that what I said was wrong?” Gu Yue said irately.

“En, what you said was very right. Alright, since there’s nothing on, the two of you have a proper match with him then,” Ye Yuan said with a smile.

...

“Quickly look! Gu Yue is having a pill battle with someone again! I wonder what kind of opponent he ran into this time is like? Will they give him a little trouble or not?”

“How is that possible? Alchemy Venerable Realm, it’s totally impossible for someone to be his match. Otherwise, how can he possibly win 3420 matches in a row?”

“Makes sense! Gu Yue this brat is a little cocky, but his strength really is formidable! Continuing to develop with this trend, he might really be able to break Ji Qingyun’s record!”

Gu Yue and Xiao Ruyan’s pill battle immediately drew a large group of people’s attention.

Just as Gu Yue said, his fame in Cloudmarsh City was really huge. Having 3400 over matches of consecutive wins was also not bragging.

Virtually every time he had a pill battle, it would be a full house.

Gu Yue’s personality enjoyed this sort of ‘a myriad of stars surrounding the moon treatment’ most of all.

Xiao Ruyan was still somewhat not confident. After all, the opportunities she had to really compete with someone were too few.

Although she knew that Ye Yuan was very incredible, she was uncertain whether she really learned the quintessence of Ye Yuan’s pill refinement or not.

When at the Crimson Afterglow Holy Land, Xiao Ruyan had once made a move to lecture a bunch of Alchemy Ancestors before. But at that time, it was just competing in fire control.

While pill battles were a one-time comprehensive test towards alchemy skills. It was completely different from controlling fire.

Furthermore, her opponent was also so powerful!

Gu Yue saw through Xiao Ruyan’s uncertainty and said smilingly, “Beauty, don’t need to worry. Becoming Dao companions with me, I’ll impart to you the quintessence of alchemy skills.”

Xiao Ruyan’s face turned black, and she said in a solemn voice, “Don’t come out and make a spectacle of yourself with your middling skills! When this young lady beats you down, you’ll kneel and beg me to take you in as a disciple then!”

The agreement between them, if Gu Yue won, Xiao Ruyan would become Dao companions with him. If Xiao Ruyan won, Gu Yue would kneel and call out master three times.

Cloudmarsh City’s pill battles were hosted by the City Lord Manor. The pill battles between Alchemy Venerables would be presided over by initial-rank Alchemy Emperors.

An Alchemy Emperor came onto the stage and slowly said, “According to the two of your agreement, the medicinal pill that your pill battle chose is the Emerald Sea Truewater Pill. This pill is a water-attribute high-grade Tier 8 medicinal pill. The one with the better grade wins. Begin now!”

This Emerald Sea Truewater Pill’s refining difficulty was rather high. Ordinary Alchemy Venerable experts could not refine it at all. But to Gu Yue, this was not too difficult of a matter.

With his strength, refining the Emerald Sea Truewater Pill, there was an 80% assurance to refine a high-grade one.

If his luck was good, he could even refine a transcendent grade!

While Xiao Ruyan was merely middle-rank Alchemy Venerable. Even if her strength was any more heaven-defying, being able to refine a complete medicinal pill was already pretty good.

This pill battle was a competition that was impossible to lose to Gu Yue.

He had the intention of showing off as well. After extracting and refining the medicinal embryo, Gu Yue separated his two palms. One hand brought out a fire dragon while the other hand brought out a fire tiger.

A dragon and tiger began raising the temperature of the medicinal cauldron under his guidance.

“Tiger Crouching, Dragon Coiling! This is an extremely profound fire-controlling art! Gu Yue actually used it effortlessly! His 3000 over matches of consecutive victories were indeed not by a fluke!”

“You look at that lass, what fire-controlling art is that? *Hahaha*, does she think that she’s lighting a fire to cook a meal? That sort of inferior fire-controlling art, she’s sure that it can refine medicinal pills?”

But the two people who entered a pill refining state already could not hear the comments of outsiders.

One should not look at how Gu Yue was haughty. His alchemy skills were absolutely not undeserved reputation. Ordinary alchemy venerables were really not enough to look at.

When Ao Qian saw Xiao Ruyan’s level of fire-controlling art, he also could not quite look on anymore and could not resist saying, “Milord, Ruyan that little lass looks like she’s still rather nervous. This kind of fire-controlling skill, how can it win the other party? Milord, although your Alchemy Dao is godlike, she’s not you after all!”

But Ye Yuan said without a care, “Old Ao, no need to be anxious. Keep watching, and you’ll know. Ruyan this lass can still keep her cool at crucial moments.”

Ao Qian and the rest could not help being speechless. Already nervous until she could not control fire, she could still keep her cool?

Which eye saw through that she was keeping her cool?

Right at this time, waves of exclamations suddenly emitted from the crowd.

“Quickly look at that lass’s medicinal cauldron! This ... How is this possible?”

“Glittering and crystal clear! The medicinal cauldron actually became glittering and crystal clear!

“This ... The fire-controlling art that this lass used, could it be that legendary Silent Offering? This was the fire-controlling art that Lord Qingyun Zi used when competing in alchemy back then!”

“Back then, Lord Qingyunzi relied on this extremely unsightly fire-controlling art and astounded countless people, making countless geniuses yield in admiration! Didn’t think that after a time interval of 300 years, this Silent Offering fire-controlling art actually appeared once more!”

For the sake of impartiality, the medicinal cauldrons that both parties used were only the most ordinary Tier 8 medicinal cauldrons.

The requirements that this kind of ordinary Tier 8 medicinal cauldrons had towards fire-controlling art was exceedingly high.

A moment of carelessness would affect the whole medicinal pill’s refinement.

While at this time, Xiao Ruyan’s medicinal cauldron became glittering and crystal clear, akin to a glazed tile. This was the sign of receiving extremely uniform heat distribution.

Only when the fire-controlling art reached an exceedingly high level could one affect the medicinal cauldron to such an extent.

But just earlier, everyone was still mocking Xiao Ruyan’s fire control like it was starting a fire to cook a meal.

Such a scene was extremely similar to 300 years ago.

Only when everyone came back to their senses did they recall the scene of Lord Qingyun Zi rampaging in all four directions in Cloudmarsh City 300 years ago.

The fire-controlling art was precisely Silent Offering.

Just as everyone had their breath taken away, Ye Yuan shook his head and said, “Still lacking some skill level. Just barely managed to smelt the medicinal cauldron to become glittering and crystal clear. Looks like the pill refinement this time is also just superior-grade. Ren Dong, when your senior apprentice sister comes back, tell her that Silent Offering still needs to practice an additional 50 thousand times.”

Ren Dong’s expression was calm as he said with a nod, “Yes, Master!”

Ao Qian and the rest exchanged glances, thinking to themselves that this master was also a little too terrifying, right?

You were the number one person in 100 thousand years, but others were not! This already aroused everybody’s cries of exclamation, but you made her practice an additional 50 thousand times when she comes back ...

Was there teaching disciples like this?

But in reality, Ye Yuan taught disciples just like this!

In Ye Yuan’s view, refining pills never had shortcuts to talk about. Without millions upon millions of repetitive dreary training, it was completely impossible to truly attain a higher level.

Don't look at how Xiao Ruyan and Ren Dong normally behaved in a cheeky and boisterous manner.

The hardships that they suffered in these dozen over years, only Ye Yuan himself knew.
