Chapter 1061: Nine-Nine Illusionary Spirit Heaven Slaughter Formation!

Shu Yunqing's gaze was filled with shock!

His strength was originally evenly-matched with He Dajiang, chances of victory being around 50-50. Since Ao Qian defeated He Dajiang, he naturally could defeat Shu Yunqing too.

Shu Yunqing did not expect that this subordinate of Ye Yuan, his strength was actually daunting to such an extent.

Shu Yunqing was silent for a long time, but still stepped forward and clasped his hands at Ye Yuan and said, "Young Brother Ji, this time ... this Shu thank you very much!"

Ye Yuan said with a smile, "Palace Lord Shu don't need to be courteous. With the Iceflame Mystic Sovereign Ganoderma as the reward, we're considered even too."

The corners of Shu Yunqing's mouth twitched slightly. He and Ding Zhanguo expended so much strength. He did not think that in the end, it benefited Ye Yuan.

But he also knew that without the three fierce generals under Ye Yuan joining in, he might have already fallen at this time.

Now, Ao Qian directly quelled He Dajiang, and Ding Zhanguo was completely free. Both parties' strength had a reversal all of a sudden.

This sort of situation, even after Ye Yuan joined the battle royale, he never thought before too.

Shu Yunqing swallowed a medicinal pill and slightly recovered his wounds. Looking at the He Dajiang not far away, he said with a cold smile, "He Dajiang, even if you calculated everything, you probably never thought of such a result, right?"

He Dajiang's expression became incomparably ugly and said with a cold snort, "This seat failed miserably in a simple task today. But if you guys want to keep this seat back just like this, it probably won't be that easy either, right?"

Shu Yunqing said, "Regardless whether you remain behind or not, Heavenly Dawn Palace and Seven Absolute City's grudge is sowed this time!"

Two super holy lands turning hostile, a fierce struggle between a dragon and a tiger was indispensable. A single misstep and one party might even be utterly destroyed.

But at this time, Ye Yuan looked at He Dajiang and said with a smile that was not a smile, "Can't hold you back, is it? Old Ding, according to what I know, you still have a final ultimate array formation haven't used, right?"

The moment these words came out, everyone's face changed.

Ding Zhanguo's strongest array formation was not the Profound Heaven Nine Battles Formation, but the Falling Rain Skymark Formation that he used back then when facing Lu Linfeng!

This set of array formation was extremely profound. Back then, it really caused quite a bit of trouble for Lu Linfeng.

At present, Lu Linfeng left people far behind in the dust and had long flung Ding Zhanguo behind until his silhouette could not be seen anymore. But using this move to deal with He Dajiang and the rest was sufficient.

Ding Zhanguo shook his head and said, "If he really wants to run, the Falling Rain Skymark Formation can't prevent it either."

He Dajiang burst into laughter when he heard that and said, "Ji brat, do you take this old man to be a fool? Will I fight to the bitter end with you all here? Alright, not accompanying anymore. This old man is leaving. If any one of you wants to keep this old man behind, you can very well give it a shot!"

Even though Ao Qian severely wounded He Dajiang, that was only through elaborate plotting. Doing it one more time, He Dajiang would definitely be cautious and not give Ao Qian any opportunities to take advantage of.

Furthermore, if He Dajiang wanted to escape with all his heart, it was really very hard to stop it.

Wanting to kill a Void Mystic powerhouse, that was simply even harder than ascending to the heavens.

Finished talking, He Dajiang's figure instantly transformed into a streak of flowing light, wanting to escape.

"Old Ao!"

No need Ye Yuan to instruct, Ao Qian already went over to impede. The two people clashed together in a great battle once more.

Ye Yuan said, "Old Ding, the Falling Rain Skymark Formation naturally can't make He Dajiang stay. But adding on my array formation, he'll be hard-pressed to escape even if he grew wings! What you need to do now is to delay him together with Old Ao!"

Ding Zhanguo could not help looking at Ye Yuan in puzzlement, uncertain where his confidence came from. But he hated He Dajiang to the bones too and was unwilling to let him leave at this point.

He nodded his head right away. The Falling Rain Skymark Formation silently formed and enveloped over toward He Dajiang trio.

With the cooperation of Ding Zhanguo's array formation, the pressure on Ao Qian instantly eased up considerably.

He Dajiang was akin to have fallen into a bog and really could not extricate himself for a while.

As for over there, Shu Yunqing trio also delayed Wu Yuanqiao and Yue Xinping firmly, not giving them the slightest chance to get away.

"Lu-er, help to defend me! I'll set up the formation!" Ye Yuan said in a solemn voice.

"Yes, Young Master!"

For so many years, this was the day that Lu-er was happiest.

She never even dreamed that she would be able to step into Dao Profound Realm one day.

Recalling vaguely, back then in the Ye Manor, Lu-er did not even know what kind of concept Dao Profound Realm was.

Now, she could finally help Young Master!

Lu-er already knew that this young master was no longer the original young master. But in her heart, she actually liked this young master a little more.

This young master was gentle, caring, would become furious for her, even kill people!

Back then, Ye Yuan battled Lin Tiancheng, and he challenged the entire Danwu Academy with his power alone. How could Lu-er not be moved?

Back then, Ye Yuan entered deep into the Endless Forest and escaped danger by a hair's breadth. It was in order to find spirit medicines for her. How could Lu-er not lose her heart?

Moreover, this young master currently was still Old Master and Madam's son, right?

Hence, he was still her young master!

Lu-er looked at Ye Yuan's bustling profile, her fluid gaze roaming around.

For her to be able to silently watch Young Master behind him, this was already sufficient!

Ye Yuan naturally would not know Lu-er's little thoughts. He was giving it his all to set up the array formation!

Array formations were things that could exert tremendous power with little force. Although Ye Yuan's cultivation realm was not high, he could completely rely on array formations to cross realms and kill the enemy.

Of course, with his present strength, setting up this set of array formation was still overly forceful.

Putting aside the great expenditure, more important was that the time needed was too long.

During a genuine battle, it could not have an effect at all.

Lu Linfeng's Array Formations Three Volumes was derived from the Vast Heaven Stele. Ye Yuan was the master of the Vast Heaven Stone Stele and also a Tier 9 Formations Emperor. Comprehending the Array formations Three Volumes was naturally not much trouble.

After the Array Formations Three Volumes, Lu Linfeng definitely had other fortuitous encounters, before he could reach his present level.

But the Asura Confounding Formation was indeed the divine stroke of the formations path. Its power was incomparably daunting.

Ye Yuan was sitting on the Vast Heaven Stone Stele. Naturally, he would not miss out on the chance to comprehend array formations either.

These few years, he already deduced the Asura Confounding Formation many times through the Vast Heaven Stone Stele, and he turned it into another grand array already.

A grand array that was sufficient to eradicate Void Mystic powerhouses!

Of course, this was something after he acquired the Sun Moon Heavenly Pupil.

Ye Yuan fused the Sun Moon Heavenly Pupil's illusionary art into this array formation, making this array formation's power skyrocket!

"Nine-Nine Illusionary Spirit Heavenly Slaughter Formation, form!"

Ye Yuan gave a light cry. A grand array suddenly lit up and enveloped everyone inside.

The moment the array formation formed, Ye Yuan's entire person collapsed.

But Ding Zhanguo's expression changed drastically as he said stammeringly, "This ... This ... Could this be Lu Linfeng's Greater Asura Confounding Divine Array?"

To talk about who understood Lu Linfeng best in this world, it had to be Ding Zhanguo.

For so many years, he had been chasing after Lu Linfeng's footsteps the whole time. Although the two people were pulled further and further apart, Ding Zhanguo's research towards Lu Linfeng was the most thorough.

This array formation gave him a very familiar feeling!

Ye Yuan said with a smile, "This array formation was self-created by me. Considered to be based off his Asura Confounding Formation, I guess. However, it's different from his Greater Asura Confounding Divine Array."

Inside the array formation, He Dajiang trio suddenly felt a blur before their eyes. All of the opponents completely vanished all of a sudden!

[Unrivaled Medicine God](#)

Chapter 1062: Yin-Yang Samsara!

He Dajiang turned pale with fright. He knew that he had fallen into an illusion!

No idea how many years it had been since he had fallen into an illusion!

Void Mystic powerhouses comprehended powerful powers of law and could practically see through most illusionary realms.

But now, he had indeed fallen into an illusion!

"This illusionary formation, could it be done up by Ji brat? When had his formations path attainments actually become so terrifying?" He Dajiang said in shock.

Just based on this grand array before his eyes, Ye Yuan's formations path level had probably already surpassed Ding Zhanguo. How could this not shock him?

After the astonishment, He Dajiang said with a cold laugh, "However ... wanting to trap this seat with a mere illusionary formation is also indulging in the wildest fantasy!"

As he said, He Dajiang's divine king domain instantly opened up. A massive black essence energy long-saber instantly condensed and formed.

"Even if your formations path is comprehended to the realm of Void Mystic, your cultivation realm is still below that after all! As long as this seat breaks the formation with strength, I don't believe that with just the likes of you, you can stop this seat! Destructive Tyrant Saber!"

As he said, He Dajiang controlled the long-saber. Carrying an aura that pressed forward with an indomitable will, it chopped onto a point in space!

A Void Mystic Realm powerhouse focused all of his attacks onto a point. The terror of this attack could be imagined.

Rumble!

Following this saber landing, intense tremors appeared on the grand array.

When He Dajiang saw the situation, a hint of a cold sneer involuntarily flickered across the corners of his mouth. The result was indeed just as he expected.

This grand array could not withstand his all-out attack at all!

Although, in the entire Divine Realm, how many people were able to withstand an all-out attack from him?

Just as he was being pleased with himself, an extremely terrifying killing intent suddenly arrived in a twinkle.

He Dajiang practically could not react in time and instantly unfurled his protective essence energy to the greatest.

It was only to hear a rumble. He Dajiang's body was just like a kite with a broken string, flying out horizontally.

Shu Yunqing and the others who were currently in the midst of fierce fighting were taken aback by this unexpected scene and ceased fighting.

They looked at this scene in disbelief. How could the powerful He Dajiang be severely injured until such a manner?

Currently, He Dajiang was lying on the ground at a distance, his life and death unknown. But looking from the aura, he was already impossibly weak.

Ding Zhanguo looked at Ye Yuan like he had seen a ghost. He did not understand why an array formation laid down by a First Level Dao Profound could seriously injure He Dajiang to such an extent?

"You ... What on earth did you do?" Ding Zhanguo drew a cold breath and asked.

This achievement was simply too startling.

Even Shu Yunqing's face was also flickering erratically right now.

Ever since this Ji Qingyun returned, the feeling that he gave people was seriously too bizarre.

An existence like He Dajiang, even if the Eight Great Super Holy Lands' strongest powerhouses went into action, they did not dare say to be able to severely wound him so easily either.

But Ye Yuan did it!

Ye Yuan shrugged his shoulders and said, "Not what I did, but what he did himself. This guy fancied himself smart and thought that he could break the formation with strength. As a result, he used his strongest move and injured himself."

"F-Fancied himself smart? Not using this sort of method to break the formation, then use what method?" Ding Zhanguo asked curiously.

"My Nine-Nine Illusionary Spirit Heaven Slaughter Formation isn't perfected yet at the moment. The function of the killing array isn't very strong yet. But the power of the trapping formation and illusionary formation doesn't allow underestimation. With 'Nine-Nine' as the name, it's that this array formation secretly encompasses Heavenly Dao. Nine, is the root, as the end, as the limit, but as the beginning, serving as a link between the past and the future. Although his saber-intent was strong, his array formation is Yin and Yang complementing mutually to begin with. Where it exits, is where it returns. He used his own move to severely injure himself, who can be to blame?" Ye Yuan said with a faint smile.

It was just that his smile in the perspective of other people gave rise to a chill in people's hearts.

Martial artists breaking formations with strength, focusing all of their strength onto one point, this was general knowledge. Yet, Ye Yuan acted in a diametrically opposite way and introduced the idea of Yin-Yang samsara into the array formation. It was very easy for martial artists to fall for it without understanding the inside story.

Such a profound array formation was still just a semi-finished product. Once he was able to perfect it, then how terrifying would it be?

Actually, Ye Yuan did not say some things. With He Dajiang's strength, as long as he did not muster up all of his strength and focus onto one point, but used the domain of blades to whittle away the array formation, this array formation could not last for a very long time too.

After all, Ye Yuan's cultivation realm was placed there and could not accomplish making the Nine-Nine Illusionary Spirit Heaven Slaughter Formation weakness to exploit yet.

But Ye Yuan calculated that He Dajiang would definitely have preconceived ideas firmly entrenched, that as long as he focused his strength onto one point, he would be able to break the array formation.

Sure enough, He Dajiang was very cooperative.

But Ye Yuan was filled with a vicissitude of emotions too. The Vast Heaven Stele was indeed terrifying.

This Nine-Nine Illusionary Spirit Heaven Slaughter Formation, as long as his cultivation realm reached, it would definitely be a major killing tool!

At that time, the weak point of the array formation not being stable enough would also be non-existent.

Ye Yuan looked at Wu Yuanqiao duo with a smile that was not a smile and said, "Are the two of you doing it yourselves? Or making everyone take action together?"

Wu Yuanqiao and Yue Xinping had already long been astounded by Ye Yuan's means. Someone as powerful as He Dajiang was actually messed up to such a manner!

"Ji Qingyun, I have no grudge and enmity with you; why do you keep biting onto me and not let go? As long as you let me leave, our grudge is wiped off the slate! I, Wu Yuanqiao, can swear an oath to never find trouble with you again from hereafter!" Wu Yuanqiao said with a solemn look.

Ye Yuan smiled and said, "No grudge or enmity? Putting aside that Brother Kuang almost lost his life at your hands, ever since entering the Immemorial Medicine Garden, you have been sneaking furtively behind us all along. If there was an opportunity, don't tell me that you won't make a move on me! It's just that you didn't have this chance!"

Wu Yuanqiao's expression was incomparably ugly, and he said in a solemn voice, "Then what the hell do you want?"

Ye Yuan said coolly, "Waste your dantian yourself, and I can spare you from death!"

Wu Yuanqiao's face turned black, and he said, "You!"

"Not willing? Then there's nothing to discuss! Ao Qian, do it!" Ye Yuan gave the order without the slightest hesitation.

Ao Qian's strength was lacking to deal with He Dajiang, but dealing with Wu Yuanqiao, it was more than enough.

The two people clashed together. Ao Qian forced Wu Yuanqiao into a fluster in a few rounds.

When Yue Xinping saw this scene, his expression became all the more uglier.

At present, both parties' strengths were not on equal footing at all. The disparity was too great!

Swoosh ...

Yue Xinping could not resist it anymore and turned around to flee.

Shu Yunqing was watching him long ago. How could he give him the chance to escape?

Shu Yunqing was, at any rate, an expert on the same level as He Dajiang. Although seriously injured at the moment, there was still plenty to spare to deal with Yue Xinping.

Very soon, the two people's signs of defeat already showed.

"Taicang, go and kill He Dajiang! This guy isn't anything good; leaving him is a calamity too!" Ye Yuan instructed.

Jiang Taicang was just about to make a move when several figures arrived with a howl. One streak of unrivaled sword light after another charged towards Ao Qian and Shu Yunqing, respectively.

This sword light was too fierce and swift. Even Ao Qian had no choice but to avoid the blade for the time being.

Seeing the arrival, Ye Yuan's face sunk.

The arrival was none other than precisely Sun Man!

Sun Man appearing at this time was not a good omen.

Beside Sun Man was a black-clothed person. When Ye Yuan saw this black-clothed person, his brows involuntarily knitted together.

Unrivaled Medicine God

Chapter 1063: You Don't Understand Me

The black-clothed person beside Sun Man gave Ye Yuan a very familiar feeling.

But he could not recall it for a moment either, where in the world he had seen this black-clothed person before.

This black-clothed person concealed his entire body. His divine sense was also completely shielded, unable to see his true nature at all. But Ye Yuan just felt that he seemed to have seen him somewhere before.

"Seven Absolute City and Heavenly Dawn Palace have both sustained heavy losses. This result is for the best. Now, this seat is here to clean up the household. There shouldn't be anyone who has objections, right?"

Sun Man's gaze swept past everyone's faces and finally landed on Ye Yuan.

When at the entrance of the Immemorial Medicine Garden, the various major forces mutually restrained each other. It was inconvenient for Sun Man to take action too.

But now, he just so happened to run into the Seven Absolute City and Heavenly Dawn Palace, the two great forces' peak Void Mystic Powerhouses seriously injured. It was a good opportunity.

The moment Yue Xinping saw, he could not help being overjoyed as he said, "No objections, no objections! Hall Master Sun, feel free to take action! I've long been irked by this punk! I hope for Hall Master Sun to succeed! This Yue be leaving first!"

Done talking, Yue Xinping's figure moved and immediately disappeared before everyone's eyes.

Jiang Taicang and Wu Luo were naturally unwilling to accept it. But Sun Man's aura locked onto them from far away, making them not dare to act rashly without careful consideration.

Sun Man was an existence on the same level as He Dajiang and Shu Yunqing. His strength was unfathomable.

More importantly, their side just experienced a great battle, while Sun Man was in a state of full-health, virtually without any losses.

When Wu Yuanqiao saw that Yue Xinping left and Sun Man did not stop it, he could not help being overjoyed.

He immediately bid his farewell. Arriving beside He Dajiang with a flash, he picked him up and disappeared.

Not that he wanted to save He Dajiang, but he already swore an oath. So he had no choice but to rescue him.

Inside this Immemorial Medicine Garden, Wu Yuanqiao was equivalent to a member of the Seven Absolute City.

He currently wished that he could exit this Immemorial Medicine Garden right away. He no longer wanted to get involved in these murky waters.

After the three people left, Sun Man looked at Shu Yunqing and said coolly, "Palace Lord Shu not leaving, could it be that you want to become enemies with my Medicine King Hall? This is my Medicine King Hall's family matters. Hope that Palace Lord Shu don't interfere."

Shu Yunqing's expression changed several times and finally heaved a sigh and said to Ye Yuan, "Young Master Ji, not that this Shu isn't willing to help, but I'm seriously powerless to do anything!"

Finished talking, he signaled Ding Zhanguo with a look. The two people left by themselves.

In a blink of an eye, a large group of people was only left with Ye Yuan's group of people.

Sun Man's eyes narrowed slightly. Looking at Ye Yuan, he said, "Hand over the Medicine God's Soul Canon and the divine artifact. This seat can give you a quick and painless death!"

Ye Yuan looked at Sun Man and smiled.

"Don't you think that talking with me using this sort of rubbish is somewhat a waste of time? Make your move!"

Sun Man's face fell, and he said, "Refusing a toast only to drink to a forfeit!"

Sun Man raised his hands, and several streaks of sword light assailed Ye Yuan. Ao Qian's expression turned cold. Opening up his domain, it instantly blasted away those few streaks of sword light.

Ao Qian had just been through a great battle. Currently, his expenditure was not little either. Dealing with Sun Man appeared rather taxing.

"Milord, leave this guy to Old Ao to deal with. You leave first!" Ao Qian said coldly.

Jiang Taicang and Wu Luo were naturally unwilling to show weakness either. The two people stepped forward together with Ao Qian and formed a triangle battle formation.

"Old Ao, your expenditure earlier was too great! We'll lend you a helping hand!" Jiang Taicang said.

Ao Qian nodded his head and did not show bravado as well.

If talking about before, for them to want to protect Ye Yuan, that might be compelled by the restrictions of the soul contract still. But now, the three of them were sincere in wanting to escort Ye Yuan to leave.

It was Ye Yuan who gave the three of them new life!

Ye Yuan already used his means to thoroughly win over these three people. Of course, it even included Ruan Shuangzhou.

Sun Man gave a cold laugh and said, "The three of you coming up together, who is protecting this brat then? Bingyun, take that brat down for me!"

Ji Bingyun's aura had long locked onto Ye Yuan from far away already. It was completely impossible to give him any chance to escape.

At this time, Lu-er blocked in front of Ye Yuan and said, "Young Master, you leave first! I'll deal with him!"

Ruan Shuangzhou also blocked in front of Ye Yuan with a look of resolution. Clearly, he had already made preparations to die.

Ye Yuan extended his hand and knocked on Lu-er's head. Carrying a dotting smile, he said, "Don't put on a brave front. You're not his match."

Lu-er's tears flowed, and she said aggrievedly, "Young Master, Lu-er ... is still so useless!"

Ye Yuan said smilingly, "Nonsense! If not for you, I'd really not know what to do about those iceflames! Alright, quickly go inside the Vast Heaven Pagoda! Young Master is fine!"

Finished talking, he did not wait for Lu-er to agree either and directly drew her into the Vast Heaven Pagoda.

"Little Junior Brother, I urge that you better give up resisting! Although you have some tricks, this bit of capital is still insufficient to contend with the current Medicine King Hall!" Ji Bingyun said coolly.

Ye Yuan looked at him with a smile that was not a smile and said, "You have a manner like you've got me. Don't you know that I have a divine artifact in possession?"

Deploying the Sacred Dragon Token with Ye Yuan's current strength, fighting to a draw with Ji Bingyun was still doable.

Ji Bingyun's strength was almost on par with Jian Wushuang. It was not easy for Ye Yuan to want to kill him. But protecting himself was still achievable.

Ji Bingyun was unmoved and said calmly, "Of course I know. You can endure under my hands. But what about the rest? The three of them are already arrows at the end of their flight. Even if they teamed up, it's impossible to be Hall Master Sun's match either."

Ye Yuan said coolly, "Enough crap! Make your move!"

Ji Bingyun's expression turned cold. Sword intent surged towards the sky!

"Tranquil Sword Dance!"

Ji Bingyun gave a cold cry. The longsword shook, and countless sword light immediately wandered around between heaven and earth, and stabbed straight towards Ye Yuan!.

Ye Yuan gave a cold laugh, his figure abruptly vanishing from sight. The sword rain that covered the skies all hit nothing.

Wanting to lock onto Ye Yuan without a divine king domain was simply even harder than ascending to the heavens.

Ji Bingyun's expression changed. He had long known that Ye Yuan had this merging into heaven and earth trick. But after experiencing it for himself, he still felt that it was somewhat fantastical.

This little junior brother, Ji Bingyun was very familiar with him. He was just a fanatic who was devoted to the alchemy Dao with all his heart.

How was he actually able to reach such a terrifying boundary in the heart realm after 20 years of not seeing?

"Little Junior Brother, is it possible that you plan to keep on hiding like this? Or you really plan on abandoning these subordinates of yours and leave by yourself?" Ji Bingyun put away his sword and said coolly.

Ji Bingyun had lived together with Ji Qingyun for several hundred years and naturally understood his character very well.

Ji Qingyun was someone who valued loyalty and friendships immensely. Even if his personality changed a lot in this life, it was impossible for this point to change too.

Although Ao Qian and the rest were just his servants, from just a few words, one could also tell that there was absolutely no way for Ye Yuan to abandon them and leave by himself.

He guessed correctly. It was naturally impossible for Ye Yuan to leave.

He slowly revealed his figure and looked at Ji Bingyun with a smile as he said, "Bingyun, you understand me very well. But there's one thing that you gauged wrongly, I likewise understand you very well, while you ... don't understand the current me enough at all!"

Ye Yuan slowly drew the Starmoon Sword. A terrifying sword intent rippled out.

When Ji Bingyun saw this scene, his expression could not help changing tremendously!

[Unrivaled Medicine God](#)

Chapter 1064: Limitless Life-Death Sword!

Sun Man, Ao Qian, and the others who were currently in the heat of fierce fighting all revealed looks of astonishment.

"Little Junior Brother, you ... you're only First Level Dao Profound and actually comprehended divine king domain!"

Ji Bingyun opened his eyes wide and stared at Ye Yuan, his eyes filled with shock.

Ye Yuan slowly opened both eyes and said with a faint smile, "Divine king domain, is it ... This is considered a quasi-divine kind domain, I guess. But dealing with you, it should be sufficient."

At this very moment, a bizarre forcefield formed around Ye Yuan. This forcefield was not different from divine king domains from the perspective of bystanders.

Inside the domain, three supreme true intents mixed together in complete harmony, forming a terrifying power.

Seeing this scene, it was not up to Ji Bingyun to not be shaken up.

He originally thought that Ye Yuan's ace-in-the-hole should be the Myriad Soul Extinction, and he had long made preparations.

Being fellow apprentices with Ye Yuan for so long, how much capability Ye Yuan had, Ji Bingyun felt that he understood him very well.

But now, he finally understood the meaning of what Ye Yuan was talking about.

Ever since Ye Yuan revealed his identity, he rarely exhibited his martial path cultivation in the outside world. Even the last time when facing Ji Canglan, Ye Yuan never exhibited it before as well.

In the people's impression, Ye Yuan was still that alchemist who could only rely on divine soul mystic arts.

This time, he could even create three Void Mystic Realm powerhouses.

But nobody would have expected that Ye Yuan's martial path cultivation was actually so high!

Ji Qingyun's concepts comprehension, Ji Bingyun was perfectly clear. Just 20 year's time had passed, and Ye Yuan's concepts comprehension actually utterly shook him off behind already.

This sort of comprehension speed was truly a bit too freakish, right?

Furthermore, when had it been heard of that someone comprehended a divine king domain at the First Level Dao Profound?

"Take this!" Ye Yuan's indifferent voice sounded out. A terrifying power of domain rushed over towards Ji Bingyun.

The so-called power of domain was that within a certain boundary, I alone reign supreme!

Within the domain boundary, the martial artist was the true king!

Only experts who similarly possessed powers of domain could have the qualifications to have a showdown with them.

However, Ye Yuan's cultivation realm was not sufficient to support the powers of domain at all. His domain looked powerful, but in reality, it was not as impressive as a genuine domain.

Even so, for ordinary Dao Profound experts to want to beat Ye Yuan, it was not quite enough.

Three great supreme true intents fusing, Ye Yuan's offensive power was virtually unparalleled!

"Rain Falling on Scattered Dust!"

Ji Bingyun's sword intent could not be said to not be strong. But upon contact with Ye Yuan's quasi-divine king domain, it was immediately ground into smithereens.

When Ye Yuan saw this scene, he smiled and said, "Ji Bingyun, it's been 20 years, it seems like your improvement is far from as great as Ji Canglan's! Do you feel that there's hope in dealing with me using these moves?"

Ji Bingyun could not help feeling exasperated. He did not think that 20 year's time, Ye Yuan was actually terrifying to this sort of degree.

"Forget it, since you can't come up with anything new, then receive this move of mine! Limitless Life-Death Sword!"

Ye Yuan's sword stabbed out. Ji Bingyun's expression abruptly changed.

The Slaughter Concept presided over death, Scorching Concept presided over life, while the Concept of Sword was that wheel that controlled life and death.

Ye Yuan used the Azure Dipper Floating Zero Sword as the axle and perfectly fused the Slaughter Concept and Concept of Fire!

The power of this sword was incomparably outrageous from start to finish.

Even if Ye Yuan only had First Level Dao Profound strength, when Ji Bingyun saw this scene, he had a feeling of not being able to use force to overcome it as well.

Two kinds of extremely contradicting concepts intertwining together, yet, the two were harmonious. This made Ji Bingyun had a feeling of his mind splitting up.

Swoosh! Swoosh!

The sword being unleashed, arrived in front of Ji Bingyun in a blink of an eye.

Ji Binyun was greatly astonished and completely unleashed out all the abilities in his lifetime.

Rumble!

Two rays of sword light intersecting, only to see Ji Bingyun's body fly out in reverse like a cannonball.

Ye Yuan had a tough time too, similarly being slammed flying out in reverse.

But this sword, it was clearly Ye Yuan who won.

Ye Yuan was just rebounded by the recoil strength, while Ji Bingyun could not block that terrifying sword intent of Ye Yuan's at all.

Ye Yuan being able to perfectly fused three kinds of supreme true intents, this was entirely thanks to the Vast Heaven Stele.

Ever since Ye Yuan opened up the Vast Heaven Stele with emperor qi, he discovered that this place was completely a treasure trove!

Inside the Vast Heaven Stele's space, his speed of comprehending concepts was simply heaven-defying.

In this period of time, Ye Yuan achieved comprehending the Azure Dipper Floating Zero Sword concept to the eighth-stage without extra effort, then comprehended the Slaughter Supreme True Intent to the seventh-stage. Even the worst Scorching Supreme True Intent, Ye Yuan comprehended it to the third-stage too!

And inside the Vast Heaven Stele's space, Ye Yuan successfully merged together three kinds of supreme true intents, and had an initial grasp of divine king domain!

This sort of improvement could simply use exaggerated to describe.

Ye Yuan finally knew why Fang Tian was able to grow into such a terrifying powerhouse.

With the Vast Heaven Stele, whatever Void Mystic Realm was completely a cinch!

Activating the Vast Heaven Stele, Ye Yuan seemed to have opened up another huge door. Behind this huge door could amplify his comprehension ability to the limits.

However, Ye Yuan's essence energy realm was still a little too low in the end. Even if he could defeat Ji Bingyun, he was still unable to deal him a lethal blow.

"Hahaha! Milord is milord! Really too mighty! First Level Dao Profound and able to comprehend a divine king domain, milord is likely the entire Divine Realm's first person!" Jiang Taicang said with a big laugh.

"Milord is mighty! Rather, it was us who looked down on His Excellency!" Wu Luo was also abnormally excited.

Ao Qian could not contain his joy even more and said, "Milord, you're simply too freakish! Elder Teng truly has discerning eyes like burning torches, to actually be able to find a successor like you!"

The three people were originally suppressed by Sun Man firmly. But seeing Ye Yuan actually had a display of invincible might, each and every one of them was like injected with stimulants, their spirits rising by a great deal all at once. For some time, they actually fought with Sun Man until they were evenly matched in skill and strength.

The three people were all people whose combat experiences were extremely rich. Ao Qian restrained Sun Man while Jiang Taicang and Wuluo were responsible for harassment by the side.

It was also that Ao Qian's divine king domain was powerful. Ao Qian practically unleashed the divine king domain to its limits. The domain of water was equipped with a tremendous inclusive-attribute and could change into myriad forms. It was truly extremely rich in combat strength.

Swapping anyone else to come and deal with Sun Man, they would have long been taken down by him.

Ye Yuan raised his sword and stepped forward, preparing to charge towards Ji Bingyun once more when that black-clothed person finally moved.

Did not see that he had any movements either. In a blink of an eye, he arrived before Ye Yuan.

Rumble!

A punch without the slightest hint of flashiness directly slammed onto Ye Yuan's quasi-divine king domain!

“Puhwark ...”

Ye Yuan vomited a mouthful of fresh blood crazily and immediately fled out backward.

Toward this black-clothed person, Ye Yuan had actually paid very close attention all along. But he also did not think that this black-clothed person's strength was actually so powerful.

Ye Yuan's fleshy body was extremely powerful. Hence, he could perceive that this punch earlier was completely the fleshy body's explosive power and not some essence energy martial technique at all!

Moreover, his speed was exceedingly swift. It was not a movement martial technique, but entirely the power of an explosive nature, making his movements unbelievably fast!

Ye Yuan crawled to his feet. Reaching his hand out to wipe away the fresh blood at the corners of his mouth, he looked at the black-clothed person and said coolly, “Have we met anywhere before?”

Unrivaled Medicine God

Chapter 1065: Divine Rank Spirit Medicine Coming into Being!

“Je je, what's a person like you who's about to die asking so much for?”

Done talking, the black-clothed person was clearly still standing on the spot when the sound of wind howling arrived with a whistle.

Rumble!

The ground behind Ye Yuan directly had a large crater smashed out. But as for Ye Yuan, he merged into heaven and earth, his figure vanishing from sight.

“Heh heh, merging into heaven and earth? Paltry tricks!” The black-clothed person gave a cold laugh, his figure disappearing once more.

The next instant, a terrifying undulation came from the void.

Rumble!

Ye Yuan was actually blasted right out of the void by that black-clothed person!

“Milord!” When Ao Qian trio saw this scene, each and every one of their faces could not help changing drastically.

Sun Man gave a cold laugh and said, “You guys had best bother about yourselves first!”

Seizing this opportunity, Sun Man suppressed the three people firmly all at once. Under his divine king domain, Ao Qian trio's divine king domains were suppressed until it was only left with a very small piece of area.

For some time, the three people were surrounded by perils, especially Jiang Taicang and Wu Luo. Their divine king domains were virtually suppressed to the limits already. Their bodies also sustained considerable injuries.

Compared to a powerhouse like Sun Man, the two of them were still too weak.

Ye Yuan had yet to stand up when the black-clothed person arrived before his eyes again instantly.

Ye Yuan was startled inwardly and displayed merging into heaven and earth once more.

The black-clothed person laughed coldly and smashed Ye Yuan out of the void a second time!

“Your understanding of the Heavenly Dao is too shallow. This degree of merging into heaven and earth doesn’t have the least bit of threat to me at all!” said the black-clothed person nonchalantly.

With these few blows, Ye Yuan’s body was almost falling apart. If not for his fleshy body was powerful, he would likely have already been killed at this time. The black-clothed person’s strength was unexpectedly powerful.

Furthermore, this black-clothed person completely did not utilize a trace of other powers at all up until now. Just relying on the power of the fleshy body, he beat Ye Yuan until he did not have the slightest bit of strength to counterattack.

But Ye Yuan did not doubt in the slightest that his understanding of the Heavenly Dao was absolutely above his own!

Otherwise, it was impossible for him to resolve his merging into heaven and earth move.

Up till this present moment, this was Ye Yuan’s first time encountering someone who could resolve this move of his.

This black-clothed person was too strong!

The black-clothed person walked slowly and arrived in front of Ye Yuan. He said coldly, “*Je je*, brat, prepare to die!”

The black-clothed person suddenly brandished his fist and smashed towards Ye Yuan.

This punch had an overwhelming momentum and incredible power. It was as if it could shatter space.

But right then, a terrifying power came out of Ye Yuan’s body.

Rumble!

The black-clothed person’s body flew out backward. However, he was fine.

“*Yii?* This is ... Sacred Dragon Token? Couldn’t tell that your, this brat’s fortunes, aren’t shallow. However, it benefits this seat!”

Forcefully receiving the Sacred Dragon Token’s attack, the black-clothed person actually did not seem to have been affected at all, and still talked in a jovial manner.

Ye Yuan’s face sunk. The feeling that this guy gave him was just like a great mountain, unable to budge at all.

However, the more they exchanged blows, the more certain Ye Yuan was that he had definitely met this guy before somewhere. It was just that the things that the black-clothed person revealed were seriously too little, unable to judge at all.

The black-clothed person still wanted to take action. Right then, the depths of the Immemorial Medicine Garden released a blinding light.

A terrifying pressure instantly spread throughout the entire Immemorial Medicine Garden.

Roar, roar, roar ...

Those desolate beasts' roaring sounds echoed out everywhere, as if they were frightened, clamoring to scatter in flight.

Ye Yuan was just planning on having a great battle with the black-clothed person. He did not think that this black-clothed person actually pulled back himself.

"Heh heh, boy, consider yourself lucky. I'll get down to proper business first. Later, I'll come and claim your little life again! Sun Man, we're going!"

Done talking, the black-clothed person's figure instantly vanished before Ye Yuan's eyes and sped toward the Immemorial Medicine Garden's depths.

Sun Man also repelled the three people with one move and together with Ji Bingyun, followed the black-clothed person and disappeared before everyone's eyes.

Seeing Sun Man and the others withdrawing, Ao Qian trio also heaved a long sigh in relief.

Inclusive of Ao Qian, they were all forcefully hanging in there with a strand of willpower. At this time, the moment the pressure on their bodies eased up, each and every one of them all gasped heavily for air.

"Milord, a-are you alright?" Ao Qian asked.

Ye Yuan waved his hand and said, *"I'm fine. You all seize the time to recover essence energy. This Immemorial Medicine Garden doesn't seem to look too good."*

"Milord, has a divine rank spirit medicine come into being? Such powerful essence energy undulations, Tier 9 spirit medicines can't reach it at all!" Jiang Taicang asked.

Ye Yuan sneered coldly and said, *"Maybe! But I feel that it's likely not some auspicious object instead!"*

When Jiang Taicang and the rest heard that, their hearts involuntarily turned cold and they started recovering essence energy.

...

This terrifying undulation spread throughout the entire Immemorial Medicine Garden in an instant.

Desolate beasts and medicine spirits all seemed to have received a tremendous stimulation, all becoming restless and uneasy.

Originally, these desolate beasts and medicine spirits all had their own territories. But currently, they seemed to be having a great migration, leaving their territories.

"Hahaha! The divine rank spirit medicine finally came into being! Obtaining a divine rank spirit medicine, I'll be able to soar to the heavens in one bound and become the Divine Realm's supreme powerhouse!"

“Wealth is sought in the midst of danger! This is a divine rank spirit medicine! Perhaps I’ll be the first person to break through to Deity Realm in these 100 thousand years!”

“Divine Rank spirit medicine! It must be a divine rank spirit medicine! This undulation, apart from divine rank spirit medicine, there’s absolutely no other possibility! The divine rank spirit medicine is mine!”

The martial artists that entered the Immemorial Medicine Garden all seemed to be in a crazed state.

The allure of a divine rank spirit medicine was seriously too great.

In these 100 thousand years, Deity Realm had always been an exceedingly sensitive topic. As long as there were items related to Deity Realm coming into being, there would definitely be a sanguinary slaughter.

This time was no exception as well!

How could those martial artists still care about whatever danger, surging over towards the Immemorial Medicine Garden’s depths all together?

In an area within the million year region, Jian Wushuang had a cold smile on his face as he said, “Uncle Thirteen, I said that Ji Qingyun was deliberately scamming us, right? Such a terrifying essence energy undulation, what is it if not a divine rank spirit medicine? Still saying not letting us get involved in the messy situation? Heh heh, he was probably hoping for one less competitor, right?”

But Sword Thirteen’s face was slightly hesitant as he said, “You look at those desolate beasts. Each of every one of them seems to be fleeing for their lives. Even those medicine spirits are also all avoiding like the plague.”

The moment Jian Wushuang heard, he immediately stomped his foot and said, “*Sigh*, Uncle Thirteen! How can divine rank spirit medicines be obtained so easily? Those desolate beasts and medicine spirits, they are dreading the divine rank spirit medicine. That’s why they are escaping. But to us martial artists, this might be the only chance to achieve deity-hood!”

Sword Thirteen’s entire body trembled. Jian Wushuang’s last sentence ultimately still moved him.

The temptation of achieving Deity Realm, no one could resist it.

“Go!” Sword Thirteen’s face fell as he said this.

Jian Wushuang was overjoyed and hurriedly kept up.

...

In a concealed corner of the 500 thousand year region, a middle-aged man slowly opened his eyes, his gaze exuding rays of brilliant light.

“Finally came into being! This divine rank spirit medicine, I, Cao Tianyou, must obtain it!”

Similar scenes were currently happening in the Immemorial Medicine Garden.

Each and every one of the powerhouses did not take action to contend for those rare spirit medicines. Their target was only this divine rank spirit medicine!

Unrivaled Medicine God

Chapter 1066: Dao Spirit Fruit!

Due to those desolate beasts and medicine spirits fleeing everywhere, the entire route was actually smooth without any obstruction.

These martial artists virtually did not encounter much obstacles and arrived at the Immemorial Medicine Garden's depths.

This place already surpassed the million year region and belonged to the deepest area of the Immemorial Medicine Garden. If not for the abnormal activities this time, it was practically impossible for martial artists to reach here.

Ye Yuan and his group recovered their strength and also followed the main force and entered the region that they had never stepped foot in before.

"You guys, look! That's a 500-thousand-year-old Wisteria Chord!"

"That's a 300-thousand-year-old Gold Antelope Wisp!"

The martial artists all cried out in shock. This stretch of region was filled with extremely old spirit medicines everywhere.

These spirit medicines needed to expend tremendous effort in the outer-regions before one could run into them, and even lose their lives because of it. But here, they could be seen everywhere.

But at this time, they could not be bothered to harvest these spirit medicines at all.

Everyone rushed over towards the place where the essence energy undulations were the most intense. They did not wish to fall behind others.

Following the people entering deep, the essence energy undulations became increasingly stronger. Some martial artists stuck on the gateway of a realm actually directly broke through cultivation realms under the impact of this surge of essence energy!

Such thick essence energy strengthened everyone's belief even more.

What came into being this time was definitely a divine rank spirit medicine!

Ye Yuan, who was currently walking, furrowed his brows and came to a halt.

"What is it, milord?" Wu Luo asked.

"You all help to guard me. My cultivation already can't be suppressed anymore under this surge of essence energy impact!" Ye Yuan said.

The moment Ao Qian and the rest heard, they could not help being overjoyed.

Immediately, everyone found a remote place, and Ye Yuan started breaking through.

Ye Yuan had already remained at First Level Dao Profound for a considerable amount of time. Following his concepts comprehension advancing by leaps and bounds, his essence energy had long reached peak First Level Dao Profound already.

Being rushed by this surge of violent essence energy, his cultivation realm could not be controlled anymore and was going to break through to Second Level Dao Profound.

After two hours, the emperor qi above Ye Yuan's essence energy sea surged and become over 10 times thicker than before!

"Tsk tsk, His Excellency's Second Level Dao Profound, putting aside concepts comprehension, it's not at all inferior to ordinary martial artists' peak initial-stage Dao Profound too!" Jiang Taicang said with an emotional sigh.

Ao Qian and the rest nodded their heads, deeply feeling the same way too.

The emperor qi when Ye Yuan broke through was incomparably violent. Ordinary Third Level Dao Profounds were indeed not as solid as Ye Yuan.

Dao Profound Realm, one realm, one world. The disparity between each minor realm was immensely huge.

Even if ordinary martial artists cultivated for several hundred years, they might not be able to broke through a minor realm too.

But Ye Yuan shook his head and said, "The cultivation method that Spirit Bristle that fellow gave me probably only had the upper-half. If my conjectures are right, the lower-half cultivation method might be written with divine inscriptions. That's where the quintessence lies!"

The Spirit Bristle Nine Yang Divine Art, the more Ye Yuan cultivated, the more he felt that it was extensive and profound.

At present, he had already reached Dao Profound Realm, but Ye Yuan had a feeling of it being still incomplete.

Legend said that the Spirit Bristle Divine King only obtained the Spirit Bristle Nine Yang Divine Art's upper-half back then. This rumor was probably not true.

Ever since after he comprehended the Medicine God's Soul Canon, he had an even deeper understanding of Divine Dao laws.

He dared to confirm that if the Spirit Bristle Divine King only obtained the upper-half, there was absolutely no way of achieving that kind of horrifying accomplishments.

Ao Qian trio did not know what kind of existence the Spirit Bristle Divine King was. But Ruan Shuangzhou was perfectly clear.

Hearing Ye Yuan's words, Ruan Shuangzhou opened his eyes wide and said, "W-What Milord is cultivating is a-actually the Spirit Bristle Nine Yang Divine Art?"

Ye Yuan said with a smile, "Back then, I helped that guy refine a mystic grade medicinal pill. He used this cultivation method as remuneration and gifted it to me."

Ruan Shuangzhou's eyeballs nearly popped out. Using the Spirit Bristle Nine Yang Divine Art as the reward, how heaven-defying that medicinal pill was, just using one's behind to think and one would also know!

"Shuangzhou, is that whatever Spirit Bristle Divine King very incredible?" Jiang Taicang said, very unconvinced.

When he became famous, the Spirit Bristle Divine King's reputation was still unknown. Therefore, he completely had not heard of the Spirit Bristle Divine King's great reputation before.

"More than incredible! This cultivation method that milord cultivates is known as the Divine Realm's number two cultivation method! It's the primary cultivation method of the Spirit Bristle Divine King, ranked two among the Ten Great Divine Kings! Would you say it's impressive or not?" Ruan Shuangzhou exclaimed with admiration.

"Ten Great Divine Kings? Is it very impressive?" Ao Qian said very disdainfully.

But Ye Yuan nodded his head at this time and said, "Those like Sun Man, are completely inadequate to look at in front of the Ten Great Divine Kings! If I really have to make a comparison, I think Senior Long Teng's strength should be on the same level as them."

"S-So powerful?" With this, Ao Qian was convinced.

Ao Qian refused to yield to anyone in this life and was only convinced by Long Teng.

He knew that even if he was known as the dragon clan's number one powerhouse, the disparity was immense with Long Teng's strength too.

Ye Yuan nodded his head and said, "Not Senior Long Teng's strength when at the dragon clan, but his strength after he met Senior Fang Tian! *Ugh* ... looks like I have got to think of a way to get the lower-half of the cultivation method!"

In his previous life, Ye Yuan did not care about cultivation methods. Even if he received the Spirit Bristle Nine Yang Divine Art, he never thought of cultivating it before either.

But this time, Ye Yuan yearned for cultivation methods considerably.

Especially after witnessing the might of the Medicine God's Soul Canon, Ye Yuan thirsted for the lower-half of the Spirit Bristle Nine Yang Divine Art even more.

...

"You guys, look! That ... That is a Dao Spirit Tree! It's really a Dao Spirit Tree!"

"I didn't think that inside this Immemorial Medicine Garden, there's actually a Dao Spirit Tree of the legends! The Dao Spirit Tree is a divine tree!"

"Legend has it that the Dao Spirit Tree blooms once every 500 thousand years, bears fruit once every 500 thousand years, and only matures after another 500 thousand years! The Dao Spirit Fruit after maturing, it's said that as long as one consumes it, they will be able to affirm their Dao and achieve deity-hood!"

“There ... There seems to be a fruit on the tree. Could ... Could it be the Dao Spirit Fruit of the legends?”

The moment these words came out, the atmosphere immediately became not quite right.

A Dao Spirit Fruit able to immediately corroborate one’s Dao and become a deity. This temptation, in an era where one was incapable of becoming a deity, no one could resist it at all.

Everyone held their breaths, eyes looking towards the Dao Spirit Fruit without even blinking.

Swoosh! Swoosh! Swoosh!

Several figures finally could not hold back and took off, rushing over towards the Dao Spirit Tree.

These few people’s strengths were immensely powerful. The weakest was a Divine King Realm expert.

How could the others be willing to fall behind? Seeing these few people rush towards the Dao Spirit Fruit, each and every one of them sped over like the wind.

Swoosh, swoosh, swoosh.

Several streaks of powerful flames flashed past. Those few Divine King experts who were the first to sweep towards the Dao Spirit Fruit were instantly burned into flying ashes!

“There’s a grand array protecting! This Dao Spirit Tree has a grand array protecting! Everyone, don’t go forward!” someone yelled loudly.

But it was already too late. There were several people following close on the heels and could not pull back in time at all, and were similarly burned into nothing by the grand array.

This grand array was too terrifying. Divine King powerhouses actually could not even stir up a single wave inside.

At this time, an old man divided the crowd, walked to the front ranks, and said, “This is the ancient divine rank grand array, Heaven Burning Annihilation Chaos Grand Array. Everyone, don’t act rashly. This array formation, even Deity Realm powerhouses might not be able to break through!”

[Unrivaled Medicine God](#)

Chapter 1067: Sun Man’s Proposal

The old man’s words made everyone fall into despair.

An array formation that even Deity Realm powerhouses could not break, how could they all, these people, possibly crack it?

The Dao Spirit Fruit that could help them break through to the Deity Realm was placed before their eyes, and they actually could not reach it. Nothing was more tormenting than this.

“Master Ding, you’re a formations path master. Can you lead us to break through the grand array?” Somebody asked.

This old man was none other than precisely the Heavenly Dawn Palace’s formations path master, Ding Zhanguo.

After the Heavenly Dawn Palace's people left Ye Yuan and his group, they went all the way deep in. When the essence energy here surged, they also rushed over right away.

When Ding Zhanguo saw this grand array, he had a look of despair at that time as well.

Ding Zhanguo shook his head when he heard that and said, "If divine rank array formations were so easy to crack, what did this old man come to find what Dao Spirit Fruit for?"

Hearing his words, everyone had even more hopeless looks.

They all looked at the Dao Spirit Fruit overflowing with essence energy, their hearts like being scratched by cats, abnormally itchy and hard to bear.

"Could it be ... Could it be that we can only watch blankly like this? That ... That is a Dao Spirit Fruit!" Someone said with unwillingness in their heart.

This kind of situation, no one would be willing either.

Deity Realm, this was countless martial artists' lifelong pursuit for 100 thousand years.

Within easy reach, but while right under their noses, was far away at the horizon!

In the crowd, Ao Qian asked Ye Yuan softly, "Milord, is that really a Dao Spirit Fruit?"

Ye Yuan nodded his head slightly and said, "Indeed exactly the same as a Dao Spirit Fruit. It's just that ... I keep feeling that something is not quite right. If this place has a Dao Spirit Tree, it's impossible that Father didn't bring me over to have a look back then. Moreover, the Medicine King Hall was shut for 20 years, and Sun Man had never appeared before. His sudden appearance this time also makes me feel rather odd. Also, that black-clothed person is definitely not an ordinary person! I keep feeling that I've seen him before somewhere."

The Dao Spirit Tree was a heaven and earth spiritual plant. It was born as a divine rank spiritual object and was incomparably rare.

If the Dao Spirit Plant was sealed inside the Heaven Burning Annihilation Chaos Grand Array, there would not be any danger at all. With Ji Zhengyang's strength, he could totally bring him over and experience it.

But Ji Zhengyang did not!

"Milord, could it be that you're thinking too much? A divine rank spirit medicine coming into being, the Medicine King Hall is likely unable to stay calm either, right? Moreover, the Dao Spirit Fruit's undulations that surpasses Tier 9, it shouldn't be fake, right?" Jiang Taicang said.

"Yeah, Milord, This essence energy undulation absolutely surpasses Tier 9. It's also no different from the legendary Dao Spirit Fruit's aura. Shouldn't ... have any problem, right?" Ao Qian also said.

Ye Yuan let out a sigh and said, "I hope so."

Ye Yuan's heart realm breaking through to Heaven Man Unity, he more or less had some inferences toward many things in the unseen world.

He kept feeling that his concern was not groundless.

Just as Ye Yuan was wavering hesitantly, Sun Man suddenly rose up into the air and said in a clear voice, "Everyone, since you've already arrived here, how can there be the logic of entering a treasure mountain and returning empty-handed? This Sun has a proposal, I wonder if everyone is willing or not?"

Sun Man's words immediately aroused everyone's attention.

Hearing the meaning in these words, Sun Man had a way of dealing with this divine rank grand array!

At present, everyone was currently in the midst of despair. Suddenly hearing that there was a way, how could they be unwilling?

"What method does Hall Master Sun have? Just feel free to say it!"

"Yeah, Hall Master Sun. The chance to achieve Deity Realm is right before our eyes. We can't just give up like this, right?"

These martial artists could not wait to listen to Sun Man's method. Even Ding Zhanguo did not have any means, at this time, there was only making a Hail Mary effort.

Sun Man sneered coldly in his heart: just the likes of you fools also wish to achieve Deity Realm?

But he naturally could not bring it out on the surface. He just slowly said, "Master Ding is a formations path great master second only to the Grand Yan Divine King in the Divine Realm. Although this grand array is an ancient divine rank grand array, I feel that he should be able to see through where this array formation's vulnerable area lies. Since we can't pass through this array formation, why not everybody joins forces and break this grand array together! We have so many people here, even a divine rank grand array probably can't withstand so many of our attacks too!"

Following Sun Man saying finish, the crowd burst into an uproar all of a sudden. They felt that Sun Man's proposal was truly brilliant and immediately echoed voices of assent.

"Yeah, we probably have 100 thousand martial artists here. If we're of one heart and join forces, the power is extremely terrifying. Perhaps we really can break this grand array!"

"Hall Master Sun's suggestion is really too reliable! 100 thousand martial artists, among which even have quite a few Void Mystic Realm powerhouses, I don't believe that it can't break the grand array!"

"Hall Master Sun, how about this, you take command, we'll all listen to you!"

Sun Man made a hand gesture, making everyone shush, and said in a clear voice, "I wonder what are the opinions of the fellow Void Mystic Realms?"

Ding Zhanguo and Shu Yunqing exchanged a glance, and both nodded their heads. Ding Zhanguo said in a clear voice, "This elderly self has no objections!"

"I have no objections!" Sword Thirteen also voiced out.

"I have no objections either!"

He Dajiang also spoke up at an appropriate time. His injuries finally recovered a little through a period of recuperating. But his current state was even worse than Shu Yunqing's.

"No objections!" Cao Tianyou who appeared before everyone's eyes for the first time also spoke up.

"..."

Right on the heels of that, one voice after another sounded out. They did not have any objections towards Sun Man's proposal.

Counting it, the Void Mystic Realm experts were actually as many as 13 people!

Close to half of the people among them did not reveal themselves in front of people after entering the Immemorial Medicine Garden.

At present, it seemed like apart from Sun Man's suggestion, there was no other path that could be taken.

These Void Mystic powerhouses asked for nothing else. Their only pursuit was the Dao Spirit Fruit. Letting them leave at this point, that was impossible.

When the other martial artists heard all of these Void Mystic Realm powerhouses agree, they immediately felt the pressure on their bodies surmount.

Without a doubt, these Void Mystic Realm powerhouses were the strongest competitors for the Dao Spirit Fruit!

But the temptation of the Dao Spirit Fruit was seriously too great. They were unable to refuse at all. Furthermore, who knew that they could or could not obtain the Dao Spirit Fruit?

Before the Spirit Bristle Divine King acquired the Spirit Bristle Nine Yang Divine Art, who knew him?

Among the martial artists present, there were quite a few Divine King Realm experts. There were even many peak Divine King powerhouses.

These people were also just a step away from the Void Mystic Realm. How could they be willing to give up on the Dao Spirit Fruit?

Quite a few of them already made the decision in their hearts, once they caught the Dao Spirit Fruit, they would swallow it at all costs!

As long as they could escape and find a place to enter closed-seclusion, when they came out again, they would be able to sweep across the Divine Realm!

This sort of temptation, nobody could resist it!

Sun Man nodded his head, very satisfied with these people's replies.

But finally, he turned his gaze to Ye Yuan and said coolly, "Qingyun, the others have all agreed. What about you?"

This sentence drew everyone's gaze toward Ye Yuan. Only then did they recall that Ye Yuan brought along two Void Mystic Realm powerhouses.

As for Ao Qian, they were still unaware that he had already broken through to Void Mystic.

Under everyone's gazes, Ye Yuan mused for a moment, but said coolly, "We ... withdraw!"

Unrivaled Medicine God

Chapter 1068: We Were Wrong

The moment Ye Yuan's words came out, everyone burst into an uproar!

Especially those Void Mystic powerhouses, each and every one of them used inconceivable gazes and looked towards Ye Yuan.

Sun Man's expression darkened, and he asked, "Do you know what you're saying?"

Ye Yuan said nonchalantly, "Bullsh*t, would I not know what I said?"

"Fine! Since you withdraw, this Dao Spirit Fruit doesn't have your share! If at that time, you dare to snatch the Dao Spirit Fruit, then it is becoming public enemies with everybody!" Sun Man said in a solemn voice.

Ye Yuan shrugged indifferently and said, "You guys play yourselves then. Although I very much want to urge everyone to not join in this matter, you definitely wouldn't listen. As for the consequences, shoulder it yourselves."

Ye Yuan's words made Sun Man's heart sink.

As for the rest, they all used a peculiar expression and looked towards Ye Yuan. Because Ye Yuan's words were very odd.

This was the one and only chance to break through to Deity Realm, what kind of consequences could there be?

Any more severe consequences, they would also be willing to bear it!

"*Heh*, you want to mislead the masses with fallacies? The chance for Deity Realm is within reach, who's willing to give up this opportunity?" Sun Man said with a cold smile.

His words reached the bottom of everyone's hearts.

Not that Ye Yuan did not wish to stop these people, but because he knew that even if he dissuaded them, it was useless too.

There were so many Void Mystic Realm powerhouses here, dissuading with martial strength was even more futile.

"The chance for Deity Realm? You probably want to utilize everyone's strength to open this grand array, right? I'm very curious though, just what the hell is inside here," Ye Yuan said with a cold smile.

The more Ye Yuan said, the more alarmed Sun Man got. Could it be that this brat knew something?

Sun Man's expression darkened, and he said in a clear voice, "Everybody heard that! Ji Qingyun gives up the right to fight for the Dao Spirit Fruit! Later, if he dares to make a move to snatch the Dao Spirit Fruit, it's becoming public enemies with everyone."

Everyone did not speak up, because Qingyun Zi's prestige was too high. But from their expressions, one could also tell that they absolutely did not allow Ye Yuan to encroach on the Dao Spirit Fruit.

After all, he was not willing to put forth strength.

Sun Man said again, "Let's say the nasty things first. If the array formation opens, everybody gets the Dao Spirit Fruit based on your own capabilities. As for who it ends up with, it will depend on each one's good luck."

This was also an inherent right to the problem. Everyone was already aware of it.

Regarding Ye Yuan's decision, Ao Qian trio naturally did not dare have any dissent. But looking at the Dao Spirit Fruit, the four of them were still incomparably hankered after it.

"M-Milord, do we really not want that Dao Spirit Fruit?" Jiang Taicang could not resist asking.

Ye Yuan looked at him and said with a smile that was not a smile, "Are you guys very moved? All feel that I'm making a big fuss over nothing, is that so?"

Jiang Taicang's expression was ugly, and he said with an obsequious smile, "M-Milord, Old Jiang doesn't mean that."

Ye Yuan said with a smile, "If any of you wish to join in, I won't stop you either. After all, this is the chance to become a deity. If I bar the way, I might appear to be too unreasonable."

Jiang Taicang hurriedly waved his hands the moment he heard and said, "No, no, no, Milord, I ... I was just saying. You ... You just take it as me, Old Jiang, letting out a fart."

Ao Qian could not watch on anymore and spoke up, "Milord, Taicang he ..."

Ye Yuan used a hand gesture to stop Ao Qian and said coolly, "There is little common ground for understanding between people of differing Daos! If any one among you guys want to contend for that chance to become a Deity, you can tell me. I absolutely won't stop it and can even undo the soul contract! But ... our fate will come to an end here!"

Ye Yuan's words made the four people palpitate with fear. His Excellency normally had a kind and pleasant countenance and rarely restrained them. But this time, he seemed to have really become angry.

Done talking, Ye Yuan minded his own business and went to one side, and shut his eyes to rest his mind,

The four people exchanged glances, their expressions all incomparably ugly.

Over there, Ding Zhanguo was already feeling out the weak area of the grand array. Everyone was looking at him anxiously.

While Ao Qian the four of them were akin to ants on a hot pan.

The time they followed Ye Yuan was not long, but they received tremendous grace from Ye Yuan. They were long dead set on Ye Yuan already. It was just that this time, it concerned becoming a deity. They were really unable to remain composed, that was why they would question Ye Yuan's decision.

“*Heh heh*, he’s already giving you guys the cold-shoulder, you all are still chasing after him? Ji brat already said that he’s willing to undo your soul contracts. This is a chance to achieve Deity Realm, do you all want to give up?” At this time, Yue Xinping suddenly appeared and said with a laugh.

Starting from Ye Yuan saying to give up on the Dao Spirit Fruit, he had been paying attention to the situation on this side.

Seeing that Ye Yuan actually fell out with his subordinates, Yue Xinping was abnormally excited.

He saw that Ao Qian and the rest could not make the decision. Hence, he wanted to incite them to betray Ye Yuan. This way, Ye Yuan being all by himself would be much easier to deal with.

Those wanting to kill Ye Yuan here were not one or two people. Without these Void Mystic Realm powerhouses, he would not be far from death as well.

It was fine if he did not show up, but with this shooting off his mouth, Jiang Taicang immediately exploded.

He pointed at Yue Xinping’s nose and cursed, “What the hell has it got to do with you here? What has it got to do with you if your father can’t become a deity? Your father just doesn’t want to become a deity, so what? Worrying over people eating salty carrots, you want to sow discord, is it? When your Grandpa Jiang is playing this trick, you were still in your mother’s tummy! Get lost for your father; otherwise, I’ll beat you until you look all over the floor for your teeth!”

Done talking, he did not bother with the dumbfounded and mouth gaping Yue Xinping either, and directly scurried before Ye Yuan and knelt down, slapping himself non-stop as he said viciously, “Milord, it was Old Jiang, I, who was befuddled! Old Jiang understands that milord, you, are doing it for our good! In this life, Old Jiang isn’t going anywhere! I pledge allegiance to milord for life!”

Seeing this scene, Yue Xinping opened his mouth wide, with a look of disbelief.

This scene’s change was seriously too quick!

He did not think that this guy was actually really able to resist the temptation of becoming a deity.

Right at this time, Ao Qian glared at him fiercely and said icily, “Asked you to get lost, didn’t hear? Want your Grandpa Ao to send you off, is it?”

Yue Xinping did not fear Jiang Taicang, but he was not Ao Qian’s match. Seeing Ao Qian about to fly off the handle, he said with an awkward look, “*H-Haha*, g-going right now.”

Seeing Yue Xinping walk far away, Ao Qian trio came before Yue Xinping and directly knelt down.

“Milord, Ao Qian was muddled! Milord, please punish!” Done talking, he also gave himself two tight slaps.

Wu Luo and Ruan Shuangzhou also imitated Ao Qian and said, “Milord, please punish!”

Ye Yuan’s gaze swept over the four people’s face, his tone somewhat cold as he said, “This is the first time, and also the last time! Everyone says that if you use a man, don’t suspect him. If you suspect him, don’t use him! To me, this is the case. To you guys, it’s similarly like so! Although you all are my servants

in name, I've never treated you guys as servants. If you all don't even trust me, then our fate has also come to an end!"

The four people's hearts turned fearful, and they said in unison, "Milord, we were wrong!"

Ye Yuan nodded slightly. His tone relaxed a little and said, "Talking about Deity Realm, I yearn for it more than any of you! But this time, trust me. This Dao Spirit Fruit ... definitely has something wrong!"

Ye Yuan's such firm tone made the four people startled in their hearts.

Unrivaled Medicine God

Chapter 1069: 100 Thousand Martial Artists Breaking the Formation Together!

"Purhk"

Ding Zhanguo, who was currently studying the Heaven Burning Annihilation Chaos Grand Array, suddenly spewed out a mouthful of blood, giving everyone a scare.

"Master Ding, are you alright?"

Seeing his appearance, there was immediately someone who went up to show great concern.

At this very moment, he was everyone's hope. Even if there was a bit of rustling of leaves in the wind, it would affect everyone's hearts.

Ding Zhanguo waved his hand and said, "I'm fine. It's just overly exhausting my mind. This divine rank grand array is indeed incomparably profound. This old man comprehended for three days and nights, and finally caught a trace of inkling."

Hearing Ding Zhanguo say so, everyone all had excited looks!

Sun Man came forward and said with clasped hands, "Since Master has some gains, please advise on how to break the formation!"

Ding Zhanguo slowly nodded his head and said, "I dare not say give advice, but everyone should be of one mind and work together. This Heaven Burning Annihilation Chaos Grand Array truly seizes the good fortune of heaven and earth. Even among divine rank grand arrays, it should be an immensely powerful existence too. It's just that through the devastation of time, it's already far from before. Otherwise, no matter how many people we have, it's impossible to break it too."

Everyone waited for Ding Zhanguo to continue with looks of anticipation. They were completely unconcerned with how profound the grand array was. They only wanted to know how to break the formation.

Three days of waiting, they were already burning with impatience.

Ding Zhanguo continued slowly, "Initially, this grand array is without any weakness to exploit, as if it's chaos, making people having no way of making the first move. But no idea why, there's a nodal point in the south-eastern direction that's very weak. When the time comes, everybody must attack this point together. There should be hopes of breaking the formation."

When Ding Zhanguo finished talking, the corners of Ye Yuan's mouth curled up slightly, appearing very disdainful.

These three days, he had nothing to do and was also observing this grand array the whole time.

"Milord, did Master Ding say incorrectly?" Ruan Shuangzhou asked softly.

Ye Yuan said, "This grand array has clearly sustained heavy damage before and is long a far cry from before already. Although that node in the south-east direction is a weak area, it's one of the array formation's strongest nodal points. Its power is bound to be extremely strong. Even if they can break the array formation, probably over half of the martial artists present will be dead or injured!"

The words made Ao Qian and the rest feel a chill run down their spines.

Over half dead or injured, that was at least 50 thousand martial artists! Such terrifying power was simply unheard of.

Very clearly, Ding Zhanguo did not see through this point.

Ye Yuan's comprehension of this grand array had far surpassed Ding Zhanguo.

While talking, that side already prepared to break the formation. It was only to see them all rub their fists and wiped their palms, abnormally excited. However, they did not know that the god of death had already quietly arrived.

Once they broke the formation, the vicinity would definitely become hell on earth.

The densely-packed crowd of martial artists came to that weak node in the south-east direction. Sun Man stood in the air and called out in a clear voice, "Now, everyone, each of you circulates your strongest attacks and await my command. Everybody make a move in unison and attack this nodal point at the same time! We only have one chance! If we can't break the grand array, we'll likely suffer the grand array's backlash immediately! Hence, I hope that everyone doesn't think about holding back strength. Once the others are annihilated by the grand array, you all can forget about getting the Dao Spirit Fruit as well!"

One had to admit that Sun Man was an expert in stirring up the atmosphere. With him saying so, the expressions on everyone's faces became solemn.

Among them, there were clearly quite a number of people harboring the mentality of fishing in troubled waters. They planned on showing up for the work but not exerting themselves, saving strength to snatch the Dao Spirit Fruit at the back.

With Sun Man saying so, probably the vast majority of the people would not dare to have this notion anymore.

A grand array's backlash was no joke. Those few divine king experts' outcomes previously, everyone already saw it.

Sun Man slowly swept a glance over everyone and said coldly, "Now ... begin!"

Following Sun Man's order, all of the martial artists each displayed their strongest martial technique, accumulating power and awaiting release.

With over 100 thousand martial artists displaying martial techniques at the same time, this spectacle was truly incomparably astonishing.

Casting one's gaze over, as far as the eye could see was filled with a dazzling multi-colored light; incomparably breathtaking.

Everyone was accumulating power and awaiting release. But the essence energy undulations which everyone exuded virtually made people asphyxiated.

This point, it was not just Ye Yuan and his group felt it, even they themselves felt it too.

At this instant, they suddenly had a sort of blind confidence. They felt that this round of collective volley, even Deity Realm powerhouses would have to nurse a grievance too.

They had never felt that they were so powerful before!

"Release!"

Sun Man gave a fierce cry. All of the martial artists practically fired over towards that grand array's nodal point at the same time!

Those who entered the Immemorial Medicine Garden, even the weakest had Phaseless Realm strength. This round of collective release was truly unbelievably astounding.

One wave after another of incredibly powerful attacks converged to form a terrifying destructive power, blasting on the grand array.

That sort of feeling was akin to two armies facing off, ten thousand arrows releasing together; the whole process being incomparably grand!

But these martial artists' control over their own attacks, those soldiers could not hold a candle to it.

Each attack did not deviate in the slightest. 100 thousand attacks landed on that node accurately, giving off a series of rumbling sounds.

Rumble ...

The entire grand array started trembling intensely, especially that nodal point, which actually fragmented apart!

When those martial artists saw this situation, each and every one of them was incomparably excited. But, in the next instant, their smiles froze on their faces.

Swoosh! Swoosh!

Terrifying fire essence power sprawled out above the grand array, turning into countless streams of light and shooting into the crowd of martial artists.

That spectacle was akin to a meteor shower raining down.

Except, the destructive power of these flames were countless times stronger compared to a meteor shower.

“ARGHH!!”

Waves of miserable cries sounded over. How could those martial artists still bother with snatching what Dao Spirit Fruit? Each and every one of them scattered in all directions, shrill miserable cries rising one after another.

In a blink of an eye, this Immemorial Medicine Garden really became hell on earth. Virtually half of the martial artists were directly burned to death by this raging flame. Ye Yuan hit the mark!

“Ye Yuan, let me out,” suddenly, a voice came from Ye Yuan’s sea of consciousness.

It was Ye Qing. Ever since after Ye Yuan went to Bright Moon City, he had been in closed-seclusion in the Vast Heaven Pagoda all along.

After giving birth to a primordial spirit, Ye Yuan helped him to tidy up his meridians too. This made his cultivation speed became very fast. At present, he was already middle-stage Tier 9!

Ye Yuan’s brows furrowed, and he let Ye Qing out.

“What is it?” Ye Yuan asked curiously.

Ever since Ye Qing entered the Vast Heaven Pagoda, he never came out again. But this time, he had a rare show of initiative to request to come out.

Ye Qing said, “That Dao Spirit Tree is already dead! I sense a terrifying aura transmitting over from underground. These fools seem to have poked a hole in the sky! Ye Yuan, quickly run! Any slower and you won’t be able to escape anymore!”

The moment these words came out, the expressions of Ao Qian and the rest all changed drastically!

Unfortunately, Ye Yuan’s prophecy had come true and hit the mark!

This whatever Dao Spirit Fruit indeed had a problem!

Rumble!

Right then, within the Heaven Burning Annihilation Chaos Grand Array, a massive vine broke out of the earth and slammed onto the grand array from inside!

The position it attacked was precisely that vulnerable nodal point!

Crack! Crack! Crack!

Cracking sounds as if glass breaking transmitted over. Thin lines of cracks appeared on the grand array!

[Unrivaled Medicine God](#)

Chapter 1070: Terrifying Holy Mother Devil Flower!

“Hahaha ... Holy Mother Devil Flower, you finally see the light of day anew! From this day forth, my fiend race shall rule the Divine Realm! Hahaha!”

Ye Yuan was just about to cast merging into heaven and earth to leave when he suddenly heard that black-clothed person he exchanged blows with previously let out a burst of crazed laughter.

At this moment, black gas wove around the black-clothed person's body, emitting a shocking power, not the slightest bit weaker compared to Void Mystic powerhouses.

It was not just that black-clothed person, but on the bodies of those Medicine King Hall's martial artists as well. Each and every one of them were swathed in black gas.

Seeing this scene, Ye Yuan's expression could not help changing drastically.

He finally recalled who this black-clothed person was!

Fiendgod Jia Lan!

This guy actually ganged up together with the Medicine King Hall's people.

No, wait, why would fiendish energy also billow to the skies on the bodies of those Medicine King Hall martial artists?

Especially Sun Man, the fiendish energy on his body was not at all inferior to Jia Lan's either.

Ye Yuan's head rumbled and went blank all of a sudden. All of the doubts were suddenly cleared up in this instant!

Turns out that the fiend race had long infiltrated into the Medicine King Hall, that was why there was that massive accident back then!

Most likely, Ji Canglan was completely a member of the fiend race. He laid low in the Medicine King Hall. The goal was to be able to take over the position one day.

Ji Canglan was simply an ambitious and savage wolf!

The current Medicine King Hall had already been utterly reduced to a den of monsters. Even Sun Man already fell into the demonic path.

"Milord, what's with you? Are you alright?" Jiang Taicang asked concernedly.

The current Ye Yuan was trembling from head to toe due to agitation. He never would have thought that the fiend race actually concealed so deeply! As early as several hundred years ago, they were already plotting to devour the Medicine King Hall.

If Ji Canglan was of the fiend race, then everything could be explained.

Why he betrayed Father, betrayed the Medicine King Hall. The root of all this was because of the fiend race!

Moreover, father Ji Zhengyang had also said it back then, Ji Canglan still had an even stronger faction behind him. Then this faction should be the fiend race.

Even if Ye Yuan was impossibly smart, he was also unable to predict that the truth of the matter was actually like this!

Ye Yuan sucked in a deep breath. Forcefully composing himself, he waved his hand and said, "I'm fine! But ... this devil vine coming into being, the Divine Realm will likely ... have a change in rule!"

No need Ye Yuan to say, the few people already deeply sensed the might of the devil vine. That surging fiendish energy already gradually overflowed from inside the fragmented grand array. Just this tip of the iceberg practically made people give up all hope already.

The Dao Spirit Tree originally fluctuating with essence energy actually directly withered to death at this time, while the Dao Spirit Fruit immediately disappeared.

This was completely a hoax, a scheme!

Only then did those martial artists fleeing in any path they could, after swiftly coming to a realization. They, these 100 thousand people, were utterly wrapped around Sun Man's little finger.

What Dao Spirit Tree, Dao Spirit Fruit, what becoming a deity, it was utter rubbish!

This Sun Man really acted out a full play, deceiving everybody.

And the only one who saw through Sun Man's play was only Lord Qingyun Zi!

However, they shrugged off Lord Qingyun Zi's warning.

"As expected ... As expected! It's a scheme! If I'd long known, I should have listened to Lord Qingyun Zi's word and immediately leave this place!"

"The Medicine King Hall has already been thoroughly reduced to the fiend race's lackeys! They deceived all of the people in the Divine Realm!"

"What the hell is that? It's going to break the seal and come out right away! Q-Quickly run!"

At the moment, those martial artists who were lucky to not be burned to death all put a desperate fight, wanting to escape.

This devil vine had not come out yet. But they knew that this was not an existence that they were capable of dealing with!

Rumble!

That Holy Mother Devil Flower accumulated for a long time and gave the grand array another great attack.

With this, the grand array fragmented with a loud bang.

The next instant, a terrifying thing happened.

The moment the grand array broke, countless vines grew crazily from underneath the earth, and they intertwined over towards those martial artists running desperately for their lives.

Puchi ...

A vine directly pieced through a Seventh Level Dao Profound powerhouse's chest. That martial artist drooped down without any strength in his entire body.

Following that, his whole body was shriveling at a speed visible to the naked eye, then was directly absorbed to become a human jerky.

Those countless vines rose and covered the skies, enveloping everyone inside in virtually an instant.

Those martial artists' fleeing speed was already very fast. But the speed of the vines was even faster than them. As long as they were slightly touched by the vines a little, they would immediately be sucked into a human jerky, looking horrifyingly ghastly.

In virtually a blink of an eye, there was a large group of martial artists killed by the vines.

These vines were seriously too powerful. Beneath Divine King, there was virtually not much leeway to resist, and they were instantly killed.

Those divine king powerhouses also all exerted themselves to the utmost before barely managing to resist and not letting the vines easily kill them.

"Milord, seize the chance that that vine has not charged over to our side here and quickly run!" Ao Qian said.

"Yes, milord. This damn vine is too powerful. If it's really as you said, the Divine Realm's great catastrophe has come!" Jiang Taicang said with lingering fear in his heart.

Fortunately, their group of people was far away. If they were close, it would be hard to avoid a great battle at this time too.

That devil vine seemed to not have noticed the situation over here yet. This made everyone involuntarily heave a sigh in relief.

They wanted to escort Ye Yuan away from here. Who knew that Ye Yuan shook his head and said, "I can't let this thing come into existence. Otherwise, it will likely be even more hopeless for me to want to kill Ji Canglan!"

Ye Yuan's words made everyone's hearts thump a bit.

No way, right? Milord was ... Could he be wanting to go and clash head-on with that Holy Mother Devil Flower?

Even Void Mystic powerhouses were not this Holy Mother Devil Flower's match either!

"You guys, look!"

Everyone looked over in the direction that Ye Yuan pointed at and could not help getting a huge shock.

They were drawn by the devil vine's frenzied slaughter earlier and did not notice the situation inside the grand array.

At this time, on that withered Dao Spirit Tree, an incomparably beautiful giant flower actually formed.

Following the martial artists' blood essence that the devil vine absorbed becoming more and more, this beautiful flower became even more bright-colored and luxuriant. In contrast, that originally incomparably outrageous fiendish energy was actually still in the middle of growing steadily.

Ao Qian's expression changed greatly, and he said, "It's absorbing martial artists' blood essence to recover strength! This Holy Mother Devil Flower, it's definitely an existence that surpassed the Deity Realm originally! At this time, the outcome will be too ghastly to imagine!"

Ye Yuan said, "You guys look at that black-clothed person, and also Sun Man they all."

"T-Their fiendish energy are also growing! Especially that black-clothed person, in this short while, his fiendish energy already grew by a great deal!" Ao Qian's eyes were filled with an expression of shock.

That black-clothed person's strength was originally equivalent to late-stage Dao Profound martial artists too.

In just this short while, he already directly broke through to Divine King Realm! Furthermore, his aura was still steadily rising!

At this time, the black-clothed person's strength was simply going to be unimaginable!

Ye Yuan's expression was calm and uttered words that made everyone shudder with fear: "That black-clothed person is called Jia Lan, Fiendgod Jia Lan! Back then in the boneyard, he broke free and was seriously injured by me. I didn't think that in these few years' time, he actually ran to the Medicine King Hall and found a suitable physical body, and recovered to emperor realm strength! You look at his expression; it's incomparably respectful toward this Holy Mother Devil Flower. That can only mean that this Holy Mother Devil Flower's rank is even higher than his!"
