### [Unrivaled Medicine God](#)

#### Chapter 1111: Mysterious Powerhouse from the Seventh Level

A blinding white light flashed past. The area where the Vast Heaven Stone Stele was at exploded with a loud bang.

Powerful as the three kings were, they were actually sent flying by the power of this explosion.

When the seriously injured Ye Yuan saw this scene, he stared dumbfounded with his jaws slack too.

That explosion just now was too terrifying!

Ye Yuan was seriously unable to imagine just what kind of existence could unleash such a move.

One had to know that the three great kings were already existences at the summit of the Divine Realm.

Who else could be even stronger than the three of them?

Ye Yuan could not help being alarmed, his gaze abruptly turning towards the depths of the sixth level!

Who else in the Divine Realm could defeat the three great kings so effortlessly? There was only that mysterious existence in the Bloodrain Wilderness's seventh level.

An intangible divine sense suddenly descended. The feeling that this divine sense gave Ye Yuan was akin to a vast ocean, unfathomable.

The three great kings hastily crawled with their feet and lay down in prostration in the direction of the seventh level, not daring to move a muscle.

*Swoosh ...*

Suddenly, the Vast Heaven Stone Stele actually directly flew away, flying towards the seventh level's depths.

Seeing this scene, Ye Yuan's eyes stared until they became wide circles.

The Vast Heaven Stele acknowledged him as its master. What was the meaning of flying away now?

But in the next second, something that made Ye Yuan even more dumbfounded happened.

His Evil Extermination Sword actually broke free, similarly flying away out of control!

"This ... What on earth is going on?" Ye Yuan's astonishment could not be any greater.

Right at this time, a deep voice that had experienced many vicissitudes of life descended from the sky.

"Divine items such as these are not what the likes of you all can take a share in!"

The three people's entire body trembled, and they hurriedly said, "Yes, Your Excellency! It was us ... who overestimated our ability!"

"En. Bring him to see me!" That mysterious voice sounded out once more.

Ye Yuan was alarmed inwardly when he heard that. This 'him' was clearly referring to him.

But Ye Yuan was even more curious. He was very curious whether or not this seventh level's existence was really a Deity Realm powerhouse!

Could it be that there were really still Deity Realm powerhouses in this world?

Ye Yuan was unable to move at this time. He could only allow the three great kings to bring him away as they pleased.

But riding on the Single-Horned Moyun Beast's body, that feeling was still pretty good.

The three great kings were all incessantly flustered currently. They did not know what relations Ye Yuan had with the seventh level's lord.

They were sealed in the sixth level for God knows how many years, but had never seen His Excellency actually take the initiative to request to meet someone. This was an unprecedented event.

If Ye Yuan really had some relation with His Excellency, that joke earlier would have been really bad.

Especially the Heavenly Thunder Purple Bamboo. He beat Ye Yuan until like this; this was simply dreadful.

The three of them being in the sixth level for so many years, they were too clear how formidable His Excellency's strength was.

Claiming their lives was merely a matter of waving a hand.

Along the way, the Heavenly Thunder Purple Bamboo's emotions were incomparably complicated.

He wanted to go and apologize to Ye Yuan but was also afraid that His Excellency was just curious about Ye Yuan and was still going to kill him in the end.

Not apologizing, he was also afraid that Ye Yuan was really related to His Excellency.

It troubled him to death.

The three people's speed was rather swift. They only used half a day's effort and arrived at the seventh level's entrance area.

Half a day's time, Ye Yuan consumed medicinal pills, and his injuries were also much better, and he was already able to get down and walk around.

Arriving here, the seventh level's undulation appeared all the more powerful.

The feeling that the three great kings gave people was already powerful to the extreme.

But compared to the undulations coming from the seventh level, they were on completely different levels.

"Come on in, junior!" A mysterious voice could be heard.

Ye Yuan knew that there was no leeway for him to refuse either. Straight away, he directly entered the transmission array without much hesitation.

Suddenly, it was pitch-black in front of Ye Yuan.

The seventh level's appearance was extremely far from what his imagination.

This place seemed to be a different space. No bloodrain, no desolate beasts, no spirit medicines as well.

What there was, was just a pair of incomparably profound eyes!

Yes, the area where Ye Yuan's gaze reached, there was only a pair of eyes, no other objects apart for that.

This pair of eyes were buried in the darkness but was so conspicuous, akin to two lighthouses shining.

But Ye Yuan could sense that ahead was a powerful restrictive force.

As long as he advanced a little more, he would immediately be annihilated by this restrictive force.

Ye Yuan attempted to communicate with the Vast Heaven Stele and Evil Extermination Sword, but he discovered that these two divine artifacts were akin to rocks that had sunk into the ocean. They were not giving him any bit of response at all.

With this, Ye Yuan's heart hit rock bottom.

"Junior, stop wasting your strength. These two divine items landing in your hands is simply a wanton waste of God's good gifts!" that mysterious voice opened his mouth to speak again.

Ye Yuan's face turned black, and he said, "That's my own business. Don't need to trouble your esteemed self to worry!"

A terrifying aura instantly enveloped Ye Yuan. Ye Yuan felt like someone was clutching his throat, practically making him asphyxiated.

Just a burst of aura that escaped made Ye Yuan powerless to revolt.

This mysterious powerhouse's strength was truly terrifying to the extreme.

"You, this junior, are so wildly arrogant! Aren't you afraid that this lord will kill you in a rage?" the mysterious powerhouse said with sullen anger.

At this time, the Soul Suppressing Pearl finally showed its power.

A surge of faint red glow spread out, easily repelling that burst of aura back.

Ye Yuan instantly felt the pressure on his body lighten, and he was finally able to breathe.

While at this time, the mysterious powerhouse's aura clearly had a trace of disturbance!

"Soul Suppressing Pearl! It's indeed the Soul Suppressing Pearl! Didn't expect, *oh* didn't expect it! The Soul Suppressing Pearl really saw the light of day anew! Junior, your destiny is truly heaven-defying!" the mysterious powerhouse said excitedly.

Ye Yuan rolled his eyes at him and said, "This doesn't seem to have anything to do with you, right?"

The mysterious powerhouse could not help choking up and said crossly, "I say, you, this junior, why are you so impulsive when speaking? Can't you have a talk properly?"

Ye Yuan said coolly, "Return the Vast Heaven Stele and Evil Extermination Sword. I can naturally have a proper talk then!"

Ye Yuan could sense that this mysterious powerhouse did not seem to have any ill-intentions toward him. Using his aura to suppress him earlier was merely in order to punish the latter slightly. That was all.

It was just that the Vast Heaven Stele and Evil Extermination Sword landing in other people's hands, Ye Yuan kept feeling anxious.

This mysterious powerhouses clearly had words to say to him. Hence, if he was a little impudent, the other party should not really make a move to kill.

If he really wanted to kill, he would have long killed too.

If Ye Yuan's conjectures were right, this mysterious powerhouse should have some history with the Vast Heaven Stele and Evil Extermination Sword. Otherwise, he could not snatch them from his hands so easily.

"You, this junior, are so petty! This lord just had not met with old friends for many years and was somewhat agitated for a moment, that's all. Rest assured, since the Vast Heaven Stele was obtained by you, it shows that you're this generation's son of heaven's mandate. This lord won't snatch your divine artifact. If the Vast Heaven Stele is yours, it's yours. Nobody can snatch it away!" the mysterious powerhouse said.

Done talking, two streams of flowing light shot out from within the darkness and suspended in front of Ye Yuan. They were precisely the Vast Heaven Stele and Evil Extermination Sword!

"However ... it is not that this lord is looking down on you. But your way of using the Vast Heaven Stele, it is truly a bright pearl covered by sand in your hands!" the mysterious powerhouse suddenly followed up saying his words.

### [Unrivaled Medicine God](#)

#### **Chapter 1112: Ancient Heaven One Sect**

The Vast Heaven Stele and Evil Extermination Sword arrived in front of Ye Yuan. That feeling of blood being thicker than water instantly recovered again.

Only at this time did Ye Yuan finally set his mind at ease.

But towards the mysterious powerhouse's words, Ye Yuan became interested too.

The Vast Heaven Stele could be said to be Ye Yuan's greatest trump card currently. It was even more powerful than the Coiling Dragon Heaven Devastating Palm and Limitless Life-Death Sword.

But the Vast Heaven Stele's method of usage was pouring in emperor qi, then smashing it toward the opponent.

Although simple, the power was incomparably powerful.

The Vast Heaven Stele contained extremely profound power of laws. Even if it was just a toss, it was extraordinary too.

But right now, hearing the mysterious powerhouse's meaning, the Vast Heaven Stele clearly still had other methods of usage.

Furthermore, the power was clearly much stronger than smashing towards the opponent.

"I beseech Senior to condescend to teach!" Ye Yuan clasped his hands and said.

"En, finally can have a proper talk. Since you're this generation's son of heaven's mandate, then do you know the origins of this Vast Heaven Stele?" the mysterious powerhouse said.

Ye Yuan shook his head blankly and said, "I'm unaware."

He only knew that this Vast Heaven Stele's previous owner was Fang Tian. As for the rest, he really did not know.

Over 100 thousand years ago, heaven and earth had a cataclysmic change, forming a discontinuity in legacies. Many things were submerged in the long river of history along with divine Dao.

But very clearly, this Vast Heaven Stele's history was definitely far more long-standing than 100 thousand years.

"That Heaven One Sect's <sup>1</sup> name, have you heard before?" the mysterious powerhouse asked again.

Ye Yuan still shook his head blankly.

Seeing the situation, the mysterious powerhouse sighed and said, "Looks like time has already extinguished everything."

Ye Yuan asked curiously, "Was this Heaven One Sect, very powerful?"

The mysterious powerhouse said laughingly, "Heh, they were naturally strong! The ancient Heaven One Sect was one of the Divine Realm's three great leader sects, in full flourish for a time! Especially around one million years ago, that generation's Sect Master Daoist Absolute Heaven came soaring into existence, virtually sweeping across the Divine Realm! The other two leader sects also had no choice but to temporarily hide their fangs, and treated the Heaven One Sect as the head."

The mysterious powerhouse's tone was also filled with admiration when mentioning Daoist Absolute Heaven.

However, towards Absolute Heaven this name, it was rather familiar to Ye Yuan's ears.

He thought about it and finally recalled that he had once heard it before from Jia Lan.

It seemed like the one who sealed Jia Lan was precisely Daoist Absolute Heaven.

Looking at it this way, this Daoist Absolute Heaven was most likely a truly terrifying existence.

Moreover, Ye Yuan knew that Jia Lan was merely a small fry. What was truly powerful was still that Holy Mother Devil Flower.

Holy Mother Devil Flower, was similarly sealed by Daoist Absolute Heaven.

It could be seen from this that this person was really powerful to the extreme.

“Presumably, Daoist Absolute Heaven was that generation’s son of heaven’s mandate, right?” Ye Yuan was suddenly somewhat clear.

“That’s right! A million years ago, the fiend race suddenly appeared. Under the leadership of the two great Heavenly Fiendgods, the Holy Mother Devil Flower and Kanuo, they swept across the entire Divine Realm very quickly. Absolute Heaven commanded the Divine Realm and led the Heaven One Sect and various great sects to forcefully resist the fiend race, finally sealing all of them. It was just that after sealing Kanuo, Absolute Heaven was already an expiring lamp, and he finally left this world!”

The mysterious powerhouse’s words were filled with melancholy and regret.

Although the mysterious powerhouse said it simply, Ye Yuan knew that that great paramount battle one million years ago was surely incomparably tragic.

And hearing that the Holy Mother Devil Flower was actually an existence on the same level as Absolute Heaven, Ye Yuan’s brows could not help knitting together tightly.

This was not good news!

Ye Yuan also did not think that what was sealed inside the Immemorial Medicine Garden was actually one of the two great fiends, the Holy Mother Devil Flower.

Also, Kanuo, although Ye Yuan had not heard of this name before, the title of Heavenly Fiendgod, he had heard of it to some extent.

That great battle 50 thousand years ago, Fang Tian’s opponent was precisely a self-proclaimed Heavenly Fiendgod!

If this Heavenly Fiendgod was Kanuo, then wouldn’t it mean that two great fiends actually all came into being?

The mysterious powerhouse detected Ye Yuan’s oddness and opened his mouth to ask, “Since you obtained the Vast Heaven Stele, the fiend race should have come into being once more, right? Could it be that you’ve already come into contact with them?”

Ye Yuan did not hide it, briefly recounting the events of the Immemorial Medicine Garden and 50 thousand years ago.

A terrifying undulation spread out, causing the entire seventh level’s space to shake incessantly.

Not just the seventh level, the desolate beasts and medicine spirits in the sixth and fifth level were all quivering unceasingly.

“Fools! Truly a bunch of fools! Death isn’t regrettable! Back then, how great a price did Absolute Heaven pay in order to seal the Holy Mother Devil Flower? This bunch of fools actually let them out just like that! Even if they die, it serves them right too!”

Under the mysterious powerhouse’s wrath, Ye Yuan felt like the entire space was going to collapse.

This guy in front of him was definitely a Deity Realm powerhouse!

Void Mystic powerhouses absolutely did not reach this sort of degree!

“Senior, just how powerful is this Holy Mother Devil Flower and Kanuo?” Ye Yuan asked curiously.

That pair of eyes glanced at Ye Yuan and said solemnly, “Very strong! With your cultivation realm, you’re completely unable to imagine it! Back then, Absolute Heaven already reached the peak of Origin Deity Realm. But he was still unable to kill the Holy Mother Devil Flower and Kanuo. If not for him possessing the Vast Heaven Stele, this kind of marvelous foreign treasure, there would simply be no way of defeating them. Finally, he exhausted his physical and mental efforts and merely sealed them too. But I didn’t expect that one million years later, they were released by a bunch of fools. Truly preposterous!”

Hearing these words, Ye Yuan’s eyes lit up.

This was his first time hearing a description of the Deity Realm.

He had long known that among deities likewise had the distinction of superiority and inferiority.

And this Origin Deity Realm should be a peak existence among deity realms.

A million years ago, Absolute Heaven should be a figure standing at the very summit of the entire Divine Realm. Then his cultivation realm was naturally also the highest realm.

Ye Yuan looked at that pair of eyes with a fervent gaze. He had never felt so close to Deity Realm before.

“Senior, the Origin Deity Realm that you said, what kind of realm is it?” Ye Yuan guided along skillfully.

Seemingly sensing Ye Yuan’s enthusiasm, that mysterious powerhouse suddenly fell silent.

Ye Yuan held his breath, patiently waiting for the other party’s response.

After a long silence, the mysterious powerhouse suddenly opened his mouth and said, “Did a massive change happen to the Divine Realm’s heaven and earth 100 thousand years ago?”

Ye Yuan was stunned and immediately nodded his head and said, “That’s right! Around 100 thousand years ago, all of the Deity Realm powerhouses vanished overnight, even bringing along many deity realm inheritances and disappearing along with them too. At present, beneath this stretch of heaven and earth, there are already no more Deity Realm powerhouses!”

“No wonder! *Oh*, no wonder!” The mysterious powerhouse murmured under his breath.

Ye Yuan was anxious in his heart, but asked verbally, “Senior, what on earth happened 100 thousand years ago?”

The mysterious powerhouse heaved a sigh and said, “I was sealed here, how was I able to know what is happening in the outside world? It’s just that 100 thousand years ago, my body had a portion of the power of laws being taken away out of the blue. Ever since then, I’ve been unable to use Deity Realm strength anymore.”

Hearing the mysterious powerhouse’s words, Ye Yuan was rather disappointed.

But he also obtained many information from it. One of it was that this powerhouse before his eyes was really a Deity Realm powerhouse!

Another information concerned the present Divine Realm. If there were Deity Realm powerhouses who lingered here, their power of laws would likewise be siphoned off, and their cultivation would regress back to the Divine King Realm!

### Unrivaled Medicine God

#### **Chapter 1113: Divine Dao Three Realms**

If it was this reason, then did those Deity Realm powerhouses leave the Divine Realm because of this?

But where did they go to?

Could it be that there was still another expanse outside of this Divine Realm?

Countless questions hovered in Ye Yuan's mind, unable to dispel them.

The queries left behind by the disappearance of Deity Realm powerhouses were truly too many.

The more one investigated, the greater the enigma discovered.

"I had once heard people say before that at present, the Divine Realm's Heavenly Dao is deficient. Senior, I wonder if there is any method that can resolve this predicament?" Ye Yuan asked.

"Deity realms aren't gods! Deity Realm is just a form of address. Even if they are Origin Deity Realm powerhouses, it's impossible to truly take control of Heavenly Dao as well. One can only say that they are able to borrow even higher-level power of laws, that's all. Since Divine Dao laws are already gone, nobody is capable of changing this outcome. Unless, you can find the missing Heavenly Dao!" the mysterious powerhouse said.

Ye Yuan's gaze flickered. He fell into rumination himself.

If finding back the missing Heavenly Dao was the only method to break through to the Deity Realm.

Then his Dao Defying Pill was probably unable to let him break through to the Deity Realm either.

But if he admitted defeat like this, Ye Yuan was unwilling.

"*Heh*, Junior, don't have wishful thinking! As long as there is a trace of means, those Deity Realm powerhouses would not possibly all disappear in the Divine Realm too. Since they disappeared, that means that they were helpless to do anything and could only choose to leave!"

The mysterious powerhouse naturally perceived Ye Yuan's unwillingness. But how was Ye Yuan the only one who could not accept it? The others felt the same way too.

Something that even Deity Realm powerhouses were unable to solve, how could a measly little Dao Profound Realm martial artist possibly accomplish it?

Ye Yuan did not refute the mysterious powerhouse's words. He then asked, "Senior, can you tell me about matters of the Deity Realm?"

Seeing Ye Yuan's appearance, the mysterious powerhouse knew that he did not give up hope.

However, he did not refuse Ye Yuan and opened his mouth to say, "Divine Dao Three Realms can be categorised into Grotto Profound Deity Realm, Heaven Glimpse Deity Realm, and Origin Deity Realm! Essence, Energy, and Spirit, fusing all into one, mystic qi flooding the body, gaining insight into Great Dao, that is Grotto Profound Deity Realm. Great Dao connecting to the heavens, inferring some aspect from a peek, glimpsing a corner of Heavenly Dao, that is Heaven Glimpse Deity Realm. The end point of Dao, myriad life returning to their origins, drawing transcendent Heavenly Dao for their own use, that is Origin Deity Realm! Divine Dao Three Realms, each realm's span is tremendous. The vast majority of people can only stop at Grotto Profound. In the ancient era, the fiend race rose up. Countless human geniuses corroborated their Dao and became deities. But those capable of reaching Origin Deity Realm were only three people!"

Ye Yuan listened by the side, his thoughts surging like the tide.

Such a secret, the people who knew about it in the Divine Realm were probably already scanty few.

Only at this time did he know that above Deity Realm, there were still three major realms.

Deity Realm was also just another beginning.

The mysterious powerhouse spoke rather detailedly and talked about his understanding towards Deity Realm for Ye Yuan to listen.

Deity Realm powerhouses had already glimpsed the source of Great Dao. Every movement and action secretly encompassed laws.

If Dao Profound powerhouses only had a fuzzy perception toward the power of laws, then Deity Realm powerhouses were able to draw powers of law for their own use.

The disparity in between this could not be measured with distance!

Even the lowest rank Grotto Profound Deity Realm was also capable of borrowing Divine Dao laws to easily eliminate Divine King Realm powerhouses.

These Divine Dao laws were even able to be inscribed by Deity Realm powerhouses, creating divine inscriptions.

"Many thanks for Senior's teachings! This Ye has gleaned considerable gains! It's just until now, Ye Yuan still doesn't know who Senior is, and what relation Senior has with the ancient Heaven One Sect?" Ye Yuan clasped his hands and asked.

The mysterious powerhouse said, "I am a Black Tortoise Divine Beast under Daoist Absolute Heaven's command, Skydistant, also the ancient Heaven One Sect's sect-protecting divine beast."

"Black Tortoise Divine Beast!" Ye Yuan's shock was by no means insignificant. He did not think that this Bloodrain Wilderness's seventh level actually sealed a genuine divine beast!

For 100 thousand years, true divine beasts had already become legends.

At present, the bloodlines of those so-called divine beasts in the Divine Realm actually became increasingly thin.

Even as powerful as the Azure Dragon Clan could not escape this fate either.

But now, Ye Yuan actually met with a living divine beast. How could he not be astonished?

“Since Senior is Heaven One Sect’s sect-protecting divine beast, why would you be sealed in this place?” Ye Yuan asked.

When Skydistant heard Ye Yuan’s words, a wave of foul air suddenly erupted, and he said with a cold snort, “It was all that insidious Zuo Zong! Truly deserve to die!”

Mentioning this Zuo Zong, Skydistant truly gnashed his teeth in hatred. Clearly, he hated him to the extreme.

Turned out that this Zuo Zong was also one of the three great Origin powerhouses back then. It was just that his strength was much weaker compared to Absolute Heaven.

The human and fiend, two races’ war, the Yu Soul Sect that Zuo Zong was in showed up for work but did not exert themselves, causing the human race to fall into passivity at one time.

If not for Absolute Heaven and the other human race leader fighting the fiend race to the death, the human race would have long become extinct.

Later on, the war subsided, and the human race had a pyrrhic victory. Absolute Heaven and the other human race leader passed away one after another. This Zuo Zong became the number one person in the world.

Therefore, Zuo Zong led the sect’s disciples and charged up to the Heaven One Sect together.

This Bloodrain Wilderness was originally Heaven One Sect’s medicine garden but was directly connected to the Yu Soul Sect by Zuo Zong with great magical ability.

Zuo Zong, at that time, was truly incomparably mighty. He divided the space where the Bloodrain Wilderness was at into seven layers, and he sealed it layer by layer. He then suppressed Skydistant at the bottom-most section.

The Heaven One Sect at that time actually still had some Deity Realm powerhouses. But compared to Zuo Zong, they were far too lacking.

The strength of an Origin powerhouse was completely not what ordinary people could estimate.

“*Heh heh*, Absolute Heaven only turned a blind eye to Zuo Zong’s actions for the human race’s overall situation at that time. But Zuo Zong probably never dreamed that Absolute Heaven had long left behind a big meal for him, just waiting for him to attack the Heaven One Sect.”

Talking up to here, Skydistant was truly incomparably delighted.

He knew that Zuo Zong was severely wounded by the contingency plan that Absolute Heaven left behind. Not long after, he perished too.

Hearing these stories from way back, he felt his mind rattled too. He endlessly admired Absolute Heaven’s actions.

Humans were like that. Normally when together, they would engage in petty intrigue and try to get the better of each other. But whenever a crisis happened, there would always be righteous people coming forward.

Absolute Heaven was like that, and Fang Tian was similarly like so.

But what made Ye Yuan surprised was that the present Holy City was actually the descendant of the Yu Soul Sect one million years ago!

Indeed descended from the same lineage. Even the filthy manner was passed down perfectly.

Ye Yuan sneered coldly in his heart.

“Oh, right, Senior said previously that the Vast Heaven Stele and Evil Extermination Sword had another way of using. I wonder if ... you can impart the method to me?” Ye Yuan said.

He currently desired strength and hoped to become stronger.

Regardless of whether it was in order to kill Ji Canglan or suppress the fiend race, his current strength was far from enough.

Just as Skydistant said, if these two kinds of divine objects were unable to unleash the strength that they should have, then it was truly a wanton waste of God’s good gifts in his hands.

Skydistant said, “Of course! As you said, the burden on your body is likely even heavier compared to Absolute Heaven! The Holy Mother Devil Flower and Kanuo coming into being at the same time, even if Heavenly Dao is deficient, they are still able to use Divine Dao laws under Deity Realm! This way, their advantage is even greater instead!

[0] Seems like there is a differentiation between great Dao and heavenly Dao. Because of that, they will be capitalised: Great Dao, Heavenly Dao, including Divine Dao, starting from this chapter. This includes Sword Dao, Alchemy Dao, and so on; but not sword path or path of the sword. Son of Heaven’s Mandate will also be capitalised.

### Unrivaled Medicine God

#### **Chapter 1114: Tranquility Results in Distance!**

Divine Dao laws were not laws that only Deity Realm powerhouses used.

One should say that Divine Dao laws were power of laws that only Deity Realm powerhouses could comprehend.

Dao Profound powerhouses, their life had not made a transition yet and were completely unable to touch the true source power.

But, ever since Deity Realm powerhouses created divine inscriptions and recorded down power of laws in the form of the golden characters, all of this became a possibility.

Although divine inscriptions were unable to truly depict source power, it used a shallow method to express the fleeting and ephemeral source of Great Dao.

And this gave Dao Profound martial artists the chance to comprehend the source of Great Dao.

Even though the comprehension of divine inscriptions was very difficult too, compared to genuine Great Dao source, it was much simpler.

Of course, powerhouses like Skydistant and Holy Mother Devil Flower they all were originally Deity Realm powerhouses and comprehended the source of Great Dao in the first place. Using Divine Dao laws was naturally nothing difficult.

Furthermore, their comprehension toward the Heavenly Dao was bound to be much deeper compared to a Dao Profound martial artist like Ye Yuan.

For Skydistant to be able to send the three great kings flying in one move, this in itself illustrated many things.

“The reason why divine artifacts are powerful is naturally because they are deployed with the powers of Divine Dao. Each divine artifact is inscribed with extremely profound power of laws. Only by stimulating the power of laws, can one unleash a divine artifact’s greatest might,” Skydistant said.

When Ye Yuan heard, he felt deeply ashamed too.

All along, his way of using divine artifacts was like a nouveau riche.

Although pouring in divine essence could unleash a portion of a divine essence’s ability, without corresponding powers of law to unleash it, the power was still very limited.

Ye Yuan unwittingly recalled the White Tiger Clan’s Heaven Imprisoning Spirit Locking Flask back then. That power compared to when he used it was simply a disparity of heaven and earth.

Thinking about it now, it should be this reason.

“Senior, then how should one trigger the powers of law inside the Evil Extermination Divine Sword?” Ye Yuan asked.

“Divine artifacts have a spirit. Grasp hold of the Evil Extermination Divine Sword. When you produce a resonance with it, you’ll naturally understand,” Skydistant said.

Ye Yuan froze and blurted out, “Just that simple?”

“Simple? *Heh heh*, although the Evil Extermination Divine Sword acknowledged you as its master, with your cultivation realm, wanting to reach the level of resonating with it is difficult. It will likely be hard to even enter the rudiments without ten or eight years of effort,” Skydistant said mockingly.

One was a divine artifact, while the other was a mortal.

For the two to want to reach the extent of resonating, how could it be that easy?

When Skydistant was ridiculing, Ye Yuan reached his hand out and grabbed the Evil Extermination Divine Sword.

To Ye Yuan, the Evil Extermination Divine Sword was merely a sharp weapon, used to storm and break enemy lines.

Ever since acquiring it, Ye Yuan had never really thought before that the divine sword still had so many secrets. He also did not even try to examine the Evil Extermination Divine Sword.

Under Heaven Man Unity Heart Realm, Ye Yuan's state of mind became incomparably tranquil.

But when Skydistant saw this scene, he smiled and said, "This brat. Does he really think that divine artifacts are so easy to grasp? To Dao Profound Realm martial artists, wanting to reach a resonance with divine artifacts is even harder than ascending to the heavens."

Ye Yuan held the sword hilt with one hand, the other supporting the sword body from below, and sat with crossed legs, entering an empty state.

Unknowingly, a mysterious power of law started winding around Ye Yuan.

Skydistant said in alarm, "This ... This is Divine Dao law! This brat actually already comprehended a Divine Dao law! Furthermore, it's even the extremely profound divine soul law! Truly inconceivable!"

Ye Yuan sunk his entire mind into the Evil Extermination Divine Sword, attempting to find that trace of resonance.

But he discovered to his dismay that this was really not that easy of a thing.

Ye Yuan felt like he had arrived inside a vast expanse of the universe by himself. It was easier said than done than wanting to search for that trace of resonance inside this universe.

No wonder Skydistant said that without ten or eight years of work, even entering the door was hard.

From Ye Yuan's view, Skydistant's way of saying was likely still somewhat conservative.

Losing one's self inside this universe, one might even be unable to find that trace of resonance for all their lives.

"What in the world is this resonance? How can one arouse the Evil Extermination Divine Sword's resonance?"

Ye Yuan discovered that he really thought things too simple!

He thought that since the Evil Extermination Divine Sword took the initiative to acknowledge him as master, finding the resonance should be something easily accomplished.

But now, Ye Yuan sunk his mind inside it and discovered that he completely could not obtain a trace of the divine sword's response.

Seemed like it acknowledging him as its master was merely just because he was the Son of Heaven's Mandate. Or perhaps, it was merely because he possessed the Vast Heaven Stele.

Wanting to obtain the divine sword's acknowledgment was completely not such an easy thing, let alone producing a resonance with it.

One had to know that the divine sword's previous owner was a peerless powerhouse, the likes of Absolute Heaven. Its view was naturally incomparably critical.

Wanting to obtain its recognition was indeed not an easy matter.

If one did not have any extraordinary aspect, they could probably forget about ever producing a resonance with it.

"Seems like I have to do a little something before I can obtain the divine sword's recognition!" Ye Yuan thought to himself.

Thinking this through, Ye Yuan's state of mind calmed down instead.

In this word, there was no baseless love, and also no groundless hatred.

Since the divine sword had a spirit, it naturally would not acknowledge a stranger without rhyme or reason, and it produced a resonance with him.

During this period of time, Ye Yuan had indeed neglected the divine sword's feelings, merely treating it as a sharp tool.

Even he himself did not acknowledge the divine sword, on what basis should the divine sword acknowledge him?

Therefore, that was how Skydistant was able to call it away so easily.

Because, to the divine sword, the relationship between Skydistant and it was even a little more cordial compared to Ye Yuan, its owner.

Perhaps it was because of his profession, Ye Yuan's attitude towards weapons was far from comparable to medicinal cauldrons.

With this communication, it was five days and nights.

In the five days, Ye Yuan did not move a muscle. He was attempting to understanding Evil Extermination bit by bit, getting Evil Extermination's recognition.

However, Evil Extermination still did not have any stirring.

Ye Yuan was still seemingly situated inside the universe, all alone by himself.

Skydistant did not interrupt Ye Yuan. He just watched him quietly like this.

Skydistant knew that Ye Yuan would ultimately still end in failure.

"*Heh heh*, although this brat's soul force is very strong, it should also pretty much reach the limits already, right? Communicating with a divine artifact, being able to do it to this extent, it is already very impressive," Skydistant said coolly.

The Deity Realm was another level. Even if it was a divine artifact, it was extremely taxing on the mind for Dao Profound Realm martial artists to communicate with it too.

For ordinary martial artists, being able to communicate with Evil Extermination for a day and night like this was most likely somewhat biting off more than they could chew.

For Ye Yuan to be able to communicate for five days and nights in one go, it was already several times that of an average person.

Skydistant could sense that Ye Yuan's soul force consumption was already right about there too.

But right at this time, Skydistant's pair of eyes suddenly constricted, as if he saw something inconceivable.

"This ... How is this possible?" Skydistant exclaimed in shock.

Ye Yuan slowly opened both eyes, his state of mind like an old well without ripples as he said indifferently, "A simple life shows high goals in life, tranquility leads to distance, I ... understand!"

### [Unrivaled Medicine God](#)

#### **Chapter 1115: Enlightenment**

"You actually ... reached the perfection of heart realm?" Skydistant was greatly shocked.

Just earlier, Ye Yuan's Heaven Man Unity finally reached the realm of great circle of perfection!

To the average martial artist, the great circle of perfection heart realm was the hardest step.

But Ye Yuan was just Fourth Level Dao Profound, and he did it.

Heart realm perfection was a requisite condition for breaking through to the Deity Realm. Without this step, wanting to break through to the Deity Realm was as hard as ascending to heaven.

Skydistant was all too clear that even in the Divine Dao Era, the powerhouses being blocked outside the great door of Deity Realm by heart realm could easily be found too.

However, Ye Yuan accomplished it just like that!

Ye Yuan lightly caressed the Evil Extermination Divine Sword and said with a calm look, "The more one pursues, the more one cannot obtain it. Only with indifference to fame and wealth, serenity, and an enlightened mind, can it be achieved when the conditions are ripe. Evil Extermination, do you think that what I said is correct?"

*Hum ...*

Seemingly replying to Ye Yuan's words, the Evil Extermination Divine Sword emitted a light sword humming sound.

Ye Yuan nodded his head and said, "Evil Extermination, thank you!"

*Hum ...*

Another wave of acoustic resonance.

Although Skydistant's expression could not be seen, he must be very amazed right now.

"You ... You actually obtained Evil Extermination's recognition! It actually ... only took five days' time!" Skydistant's astonishment could not be any greater.

Evil Extermination Divine Sword's recognition was the first step to producing resonance, and also the most crucial step.

Five days ago, he still said that without eight to ten years' time, it would be hard for Ye Yuan to even learn the rudiments.

But now, Ye Yuan only used five days' time and already obtained the Evil Extermination Divine Sword's recognition.

However, Skydistant understood what was going on.

Ye Yuan's talent was too monstrous!

In a mere five days, Ye Yuan gave rise to enlightenment; his heart realm was cultivated to the level of great circle of perfection. This was simply not what an ordinary person could achieve.

The Son of Heaven's Mandate, this term of address, Ye Yuan was fully deserving of it.

Since Ye Yuan exhibited his strength that surpassed the rest, winning the Evil Extermination Divine Sword's recognition was naturally not something difficult.

*Murmur . .*

Ye Yuan was currently communicating with the Evil Extermination Divine Sword when all of a sudden, countless images poured into his mind.

Ye Yuan's body suddenly trembled, feeling like his head was going to explode.

Skydistant was startled again and said, "Evil Extermination, you actually took the initiative to want to produce a resonance with this brat? T-Truthly inconceivable! Looks like in your eyes, this brat completely has the ability to replace Absolute Heaven's position!"

Wanting to reach resonance, one must first obtain the Evil Extermination Divine Sword's recognition, and could only produce a resonance at the next step.

But now, the Evil Extermination Divine Sword actually took the initiative to throw out an olive branch, and help Ye Yuan produce a resonance.

Skydistant was shocked by Evil Extermination's action.

*Hum ...*

Another series of light humming, seemingly replying to Skydistant's astonishment.

Skydistant sighed slightly and said, "What you said is right. Currently, it's already not the Heaven One Sect's era and also not Absolute Heaven's era anymore! Wallowing in the past splendor doesn't help the situation. Holy Mother and Kanuo coming into being at the same time, the perils of this age is probably even greater than in the past. This brat's talent is truly terrifying. In the future, his accomplishments might not be worse than Absolute Heaven's. You following him, perhaps you'll be able to climb to the apex once again in the future!"

Being assaulted by countless images, Ye Yuan's mind felt like it was about to explode.

These were all the Evil Extermination Divine Sword's memory fragments!

Only by spending an entire day's time did Ye Yuan finish sorting out this massive amount of information.

One image after another flashed inside Ye Yuan's mind. Those were all scenes together with Absolute Heaven.

The Evil Extermination Sword and Absolute Heaven experienced a great battle after another together, and finally reached the summit of the Divine Realm.

Later on, it was they who battled the fiend race together, and experienced hardships and dangers, before Absolute Heaven finally sealed the Holy Mother Devil Flower in the Immemorial Medicine Garden.

But this time, Absolute Heaven left it in the Immemorial Medicine Garden!

Ye Yuan even found himself at the last of the images. That was the scene of him in a bloody battle with the Holy Mother Devil Flower as well as Jia Lan.

Turned out that all of these, the Evil Extermination Divine Sword took it into its sight.

For it to choose to acknowledge as master, his life-and-death battle with the fiend race was likely a very important reason too, right?

If he was a guy who did not undertake the responsibility, even if he had the Vast Heaven Stele, Evil Extermination would probably not acknowledge him as master either.

"Sword intent soaring to the sky, evil can never prevail over good! The heart of a gentleman is broadminded, the path of Sword Dao connecting to the heavens! Evil Extermination, rest assured, even if I perish in the end, my Dao disappearing, I'll also utterly eradicate the fiend race! From henceforth, you and I will join hands and exterminate the evils of this world fully!" Ye Yuan said heroically.

As if sensing Ye Yuan's valiantness, the Evil Extermination Divine Sword started vibrating intensely in Ye Yuan's hand.

Ye Yuan grasped the sword hilt. Suddenly, a series of golden characters converged into Ye Yuan's sea of consciousness!

Divine inscriptions!

A hint of enlightenment was produced in Ye Yuan's heart. These divine inscriptions were the crux of wielding the Evil Extermination Divine Sword.

Feeling the sense of intimacy coming off of the Evil Extermination Sword, Ye Yuan felt that they were like old friends who had not met for many years.

While the deep aura of having experienced the many vicissitudes of life made Ye Yuan sense the extensive and profoundness of Sword Dao.

The Azure Dipper Floating Zero Supreme True Intent that he comprehended was weak as a little child that was learning how to walk in front of this aura.

This was the aura of the source of Great Dao!

This was the aura of Divine Dao laws!

Same as when he saw the Medicine God's Soul Canon for the first time back then, Ye Yuan had a feeling of being petrified.

Being assaulted by this grand aura, Ye Yuan heart instantly gave rise to enlightenment!

His Sword Dao Supreme True Intent actually suddenly saw the light just like that, and reached the great circle of perfection!

"So that's how it is! Supreme true intents are merely a prerequisite for unlocking the source of Great Dao. Only by cultivating a supreme true intent to the realm of perfection, can one use it as a guide to comprehend the source of Great Dao!" Ye Yuan slowly opened his eyes and sighed with admiration.

Skydistant looked at Ye Yuan like he had seen a ghost and exclaimed in shock, "You, brat, are simply a freak! Comprehending Divine Dao laws, the hardest is crossing the threshold. Even by cultivating supreme true intent to the realm of perfection, wanting to comprehend Divine Dao laws got to look at lucky chances too. I didn't think that you actually directly crossed the threshold after obtaining divine inscriptions!"

The shock that Ye Yuan brought to Skydistant was seriously overly intense.

What divine inscriptions represented were exceedingly profound power of source laws.

What Dao Profound Realm martial artists comprehended was merely some branch of the source power.

Wanting to comprehend the source through this subfield, this required a tremendous opportunity.

This turning point, the vast majority of the people could not obtain it for all their lives.

But Ye Yuan actually gained enlightenment just like that under the impact of the divine inscriptions earlier!

Even though what Ye Yuan comprehended was still very shallow, once he opened up this gate, the road at the back would be much easier to walk.

This was Ye Yuan's second time comprehending divine inscriptions. He acquired the Medicine God's Soul Canon's divine inscriptions for a very long time but kept failing to cross the threshold.

All the way until he broke through to the Dao Profound Realm, it was when refining a Tier 9 medicinal pill did he comprehend it, stepping into the gates of Divine Dao laws.

But this time, Ye Yuan even directly comprehended the Evil Extermination Divine Sword's Sword Dao source power!

### [Unrivaled Medicine God](#)

#### **Chapter 1116: Black Tortoise Treasure Body Divine Art!**

"Divine Dao laws are indeed extensive and profound. I thought that my comprehension in Sword Dao was already very high. But only now did I know that I haven't even learned the rudiments!" Ye Yuan said with vicissitudes of emotion

Ye Yuan's talent in Sword Dao was exceptionally strong. This point, even the Extreme Sword Divine King was ashamed of his own inferiority too.

After reviving, Ye Yuan's path in Sword Dao was smooth-sailing and virtually did not encounter any obstacles.

In a short 20 over years' time, Ye Yuan already comprehended the supreme true intent to rank nine. It could not be said to not be strong.

But just now, only when he sensed the Sword Dao power of laws inscribed in the divine inscription did he know how superficial he was.

The path of Divine Dao was the true Great Dao.

"That is, of course! Absolute Heaven was a Sword Dao great master. His Sword Dao attainments reached the acme of perfection. The divine inscriptions that you sensed are called Evil Extermination Sword Formula. It's merely the spell that he used to activate the Evil Extermination Sword," Skydistant said.

When Ye Yuan heard that, his heart could not help yearning for it too. Absolute Heaven was truly a staggering great talent.

"Then ... I wonder if Senior Absolute Heaven's Sword Dao comprehensions still exist in this world!" Ye Yuan asked curiously.

Skydistant chuckled when he heard that and said, "Brat, you're sitting on a treasure mountain but are unaware of it!"

Ye Yuan's eyes lit up, and he said, "Senior is talking about ... the Vast Heaven Stele?"

"That's right! With your current realm, you can only barely manage to activate the Vast Heaven Stele. When you step into the Deity Realm, you'll discover what kind of existence the Vast Heaven Stele is," Skydistant said.

Ye Yuan's heart stirred, and he asked, "Senior, just what kind of an existence is this Vast Heaven Stele?"

When Skydistant heard, he could not help falling silent for a bit, before saying, "The Vast Heaven Stele is a marvelous foreign treasure. Just what kind of existence it is, even Absolute Heaven couldn't explain it either. But comprehending Great Dao source laws through the Vast Heaven Stele yields twice the results with half the effort. Back then, Absolute Heaven was only able to overpower the other two sects and achieve supremacy in the Divine Realm because of its help. It's just a pity that he was still ruined at the hands of the fiend race in the end."

Hearing Skydistant's words, Ye Yuan was endlessly alarmed.

This was Skydistant's second time mentioning marvelous foreign treasure. Hearing the meaning in these words, the Vast Heaven Stele did not seem to be an object of the Divine Realm.

Furthermore, the Vast Heaven Stele's power seemed to be even more greater than the Evil Extermination Divine Sword.

"Junior, the Vast Heaven Stele can not only help martial artists comprehend Divine Dao laws, but it's also a strong offensive weapon. I have a set of controlling magic arts called Vast Heaven Chaos Spell. Take it and study it well. The power can naturally multiply! It's just that this spell, I only know the first half. The other half was brought into the coffin by Absolute Heaven. However, if you can break through

to Deity Realm, you can naturally study the second-half portion. Because he comprehended it from within the Vast Heaven Stele too,” Skydistant continued explaining, as Ye Yuan was in shock.

A series of golden characters flowed out from within the darkness and entered Ye Yuan’s sea of consciousness.

These divine inscriptions were not long, but Ye Yuan also felt the extensiveness and profoundness.

“Many thanks, Senior!” Ye Yuan clasped his hands and said.

Skydistant said, “Heavenly Dao is already gone. Just based on you comprehending on your own, there’s completely no way of controlling the Vast Heaven Stele. Facing the Holy Mother and Kanuo, you have no chances of victory at all. Since you’re this era’s Son of Heaven’s Mandate, I can naturally help you out. I still have a cultivation method here. If cultivated to the limits, myriad laws are unable to infringe!”

Ye Yuan’s eyes lit up, and he was immediately very interested.

Skydistant was born from the Black Tortoise Clan among the Four Great Divine Beasts, while the Black Tortoise Clan was precisely world-renowned for having extremely strong defense.

Even though the Black Tortoise Clan had already declined, it was an extremely powerful clan in the Divine Dao Era.

Legends said that in the Divine Dao Era, the Black Tortoise Clan had a Divine Dao cultivation method called Black Tortoise Treasure Body Divine Art. It could train the fleshy body to a realm where myriad laws could not taint it, extremely terrifying.

It was just that this cultivation method was already lost for goodness knows how many tens of thousands of years.

Could it be that what Skydistant was going to impart him was this cultivation method?

“Could the cultivation method that Senior be talking about be the Black Tortoise Treasure Body Divine Art?” Ye Yuan asked with some agitation.

This cultivation method was an exceedingly powerful divine art and also the first true Martial Dao Divine Art that Ye Yuan cultivated!

As for the Medicine God’s Soul Canon, it was just an Alchemy Dao Divine Art. Its assistance towards the Martial Dao was not very great.

While the Spirit Bristle Nine Yang Divine Art was also only the first half, and it did not have the divine inscriptions’ portion. Although strong, the potential was very limited.

Even though Spirit Bristle that fellow’s relationship with him was pretty good, divine inscriptions were of vital importance. He might not be willing to give to him.

If it was the Black Tortoise Treasure Body Divine Art, then Ye Yuan really picked up a treasure.

Skydistant said, “That’s right! It’s precisely the Black Tortoise Treasure Body Divine Art! This cultivation method was created by Ancestor Black Tortoise, its might is boundless. Cultivating to the limits, one can use the power of the fleshy body to shatter the firmament with force! Back then, even though Zuo Zong

was powerful, he could not breach this lord's defenses at all. Hence, that's why he would suppress this lord here! It's a pity that this lord didn't break through the seventh level of the Black Tortoise Treasure Body Divine Art back then. Otherwise, how could it come to Zuo Zong, that punk, to destroy the Heaven One Sect?"

Skydistant's words made Ye Yuan's pupils constrict.

Seventh Level only cultivated to the seventh level boundary of the Black Tortoise Treasure Body Divine Art, and an Origin Deity Realm powerhouse actually could not break his defenses!

Such defensive ability could simply be rated as perverse!

Along with the understanding of Deity Realm, Ye Yuan already knew the terror of Origin Deity Realms.

After Absolute Heaven, Zuo Zong could be said to be the Divine Dao's number one person.

Even so, he could not breach Skydistant's defense too.

The prowess of this cultivation method could be seen at a glance!

*Swoosh!*

A stream of flowing light flew out from within the darkness. Ye Yuan reached his hand out and grabbed, clutching that stream of flowing light in his hand.

Focusing his eyes to look, it turned out that it was a tiny little tortoise shell.

This little tortoise shell appeared as a dark-green color. An undulation that made people's hearts palpitate faintly transmitted from it, extremely profound.

"I'll impart you the Black Tortoise Treasure Body Divine Art's Human Path cultivation method first. You have a primeval dragon bone in your body, and your fleshy body is already very powerful. Cultivating this Black Tortoise Treasure Body Divine Art will yield twice the results with half the effort. When you cultivate the Human Path cultivation method to the great circle of perfection, you can study the Mystic Art Holy Tortoise Shell. The Black Tortoise Treasure Body Divine Art is on this Mystic Art Holy Tortoise Shell!" Skydistant said.

Done talking, a set of cultivation method was imprinted in Ye Yuan's mind. It was precisely the Black Tortoise Treasure Body Divine Art's Human Path section.

Ye Yuan roughly skimmed through this Black Tortoise Treasure Body Divine Art's Human Path section, and discovered that it was actually much more profound than the Spirit Bristle Nine Yang Divine Art!

It seemed like the grade of this cultivation method was likely even far above the Spirit Bristle Nine Yang Divine Art.

These Four Great Divine Beasts' founding ancestors were truly incomparably formidable figures. The cultivation methods that passed down, even their descendants could not cultivate them to the highest realm.

It could be seen that these four great founding ancestors were figures that rocked the heavens and shook the earth.

But this cultivation method primarily cultivated the fleshy body. It did not clash with the Spirit Bristle Nine Yang Divine Art.

Ye Yuan's mind stirred, and he put the Mystic Art Holy Tortoise Shell away. Clasp his hands at Skydistant, he said, "Senior's great kindness, Ye Yuan will forget it! I wonder if there's a way to let senior out?"

"Heh, you have the heart! However, unless you can cultivate to Origin Deity Realm, otherwise, there's no way of breaking apart the restrictions that Zuo Zong laid down," Skydistant said.

### Unrivaled Medicine God

#### **Chapter 1117: Battling Zhao Lingdong!**

At the fourth level, the entrance area that led to the fifth level.

Three figures were currently sitting with crossed legs, plus a dog.

These three people were naturally the Mo Datong and Mo Santong of the Devil Ridge Three Freaks, as well as Zhao Lingdong.

The three of them had already guarded here for over a month, but Ye Yuan kept failing to show up.

Currently, Mo Datong was very agitated. He could not resist standing up and pacing around back and forth, looking over to the exit from time to time.

"Half a year's time is going to be up soon. Could it be that this brat really wants to die inside?" Mo Datong said in a cold voice.

Each time the Bloodrain Wilderness's passageway opened was only half a year's time. Once half a year was up, the passageway would automatically close. The restrictions would activate, eliminating all of the outsiders that did not belong to the Bloodrain Wilderness.

Seeing as half a year's time was reaching bit by bit, Mo Datong was burning with anxiety.

Although he very much hoped for Ye Yuan to die right inside, not seeing Ye Yuan's corpse, he still could not set his mind at ease in the end.

But Zhao Lingdong was much calmer than him and said indifferently, "Ye Yuan not coming out, you should be happy instead! Rushing from here to the first level, even if he spared no effort to press on with the journey, he'd need around ten days too! As long as we wait until the last ten days, he'll be hard-pressed to escape even if he grew wings!"

But Mo Datong was not happy at all. Instead, he stomped his foot angrily and said, "Not being able to personally kill that brat, I'm truly not reconciled to it!"

Mo Santong also gnashed his teeth in hatred and said, "This brat killed Second Brother. Not being able to take revenge for Second Brother personally, it's not satisfactory!"

Zhao Lingdong's expression turned cold, and he said, "Humph! You guys don't forget, what's the objective of coming here? You guys are here to kill the Son of Heaven's Mandate, not to take revenge

for Mo Ertong! Compared to you guys, I believe in this Bloodrain Wilderness's restriction power more! It's much more reliable for this restriction power to kill him compared to us taking action!"

Zhao Lingdong had laid undercover in the Holy City for many years and was all too clear about the Bloodrain Wilderness's restriction power.

Even Zhuge Qingxuan that level of existence, if he did not come out in half a year, he would still immediately be annihilated, let alone a measly little Ji Qingyun.

There was still the last three days from the ten days cutoff. As long as three more days passed, even if Ye Yuan had the ability to connect to the heavens, it would be impossible to escape too.

Mo Datong's face fell, and he was just about to refute when suddenly, a terrifying energy undulation came from the depths of the Bloodrain Wilderness!

All of a sudden, two light beams came out from within the void.

Rumble!

Rumble!

Mo Datong and Mo Santong had yet to figure out what was happening and were directly blasted to residue!

Seeing this scene, Zhao Lingdong's eyes became wide-saucers, not daring to believe everything that happened before his eyes at all.

This unforeseen event was too sudden, resulting in Zhao Lingdong's brain to somewhat short-circuit, completely not understanding what happened.

He was certain that those two light beams earlier were absolutely not the Bloodrain Wilderness's restriction power.

However, if it was not the restriction power, who had the divine might to be able to instantly one-shot Mo Datong and Mo Santong, these two great Void Mystic powerhouses?"

Gulp ...

Zhao Lingdong could not refrain from swallowing a mouthful of saliva, feeling like his scalp was about to explode.

He could clearly sense that if those two light beams hit him, his outcome would be exactly the same as the Mo Brothers!

Swoosh, swoosh ...

The two divine artifacts that lost their owners escaped through the void just like that.

Zhao Lingdong could not resist taking two steps back. He wanted to flee!

But fleeing just like that?

There were still three days to go. Perhaps Ye Yuan would show up at this time?

As if it was affirming exactly what he thought, there was a ripple in the void. A figure appeared.

This person was currently looking at him with a smile that was not a smile. Who could it be if not Ye Yuan?

Zhao Lingdong's entire body trembled, looking at Ye Yuan in disbelief.

Ye Yuan did not come out from the transmission array, but directly shuttled through the void and arrived!

This ... How was this possible?

Without the Spirithorn Shattering Mirror, how did Ye Yuan do it?

"What? Are you very surprised to see me?" Ye Yuan said with a smile that was not a smile.

Zhao Lingdong's state of mind was already utterly messed up. He suddenly thought of a legend regarding the Bloodrain Wilderness in the Holy City.

Legends had it that under the Bloodrain Wilderness's seventh level, suppressed a terrifying existence.

That terrifying existence was the true sovereign of the Bloodrain Wilderness!

Back then, Zhuge Qingxuan charged into the Bloodrain Wilderness's sixth level because he wished to meet with that legendary existence, wanting to seek that trace of lucky chance to become a deity.

However, he returned in defeat at the sixth level.

Could it be that Ye Yuan actually went down to the seventh level?

Zhao Lingdong was taken aback with fright by his idea. This was simply something impossible.

But apart from that existence in the seventh level, who else had the capability to let Ye Yuan directly shuttle through the void and arrive?

Zhao Lingdong forcefully resisted the impulse to escape and asked with a rather guilty conscience, "You ... How did you accomplish shuttling through the void?"

Ye Yuan said smilingly, "Want to know? Have a battle with me. Beat me, and I'll tell you."

Zhao Lingdong's face fell, uncertain where Ye Yuan's confidence came from.

If it were in the past, he would definitely scoff in contempt towards Ye Yuan's action.

Although Ye Yuan's strength was decent, facing him and Howlsky's teaming-up, there was no chance of victory at all!

But seeing Mo Datong and Mo Santong's bizarre death, as well as Ye Yuan's strange appearance, Zhao Lingdong became somewhat uncertain.

"If ... I don't fight with you?!"

When he uttered this sentence, Zhao Lingdong was aggrieved to the max.

But he kept feeling that Ye Yuan had some reliance!

Not that he felt that Ye Yuan's strength was very powerful, but those two light beams earlier made him endlessly fearful.

Hearing that, Ye Yuan shrugged his shoulders and said with a smile, "You can give it a try! Sparing you from death is only to use you for testing my sword."

Zhao Lingdong's heart thumped, thinking to himself that it was indeed so!

Those two light beams definitely had the ability to exterminate him.

However, they only killed the Mo Datong and Mo Santong, who possessed divine artifacts. Leaving him behind really just seemed to be in order to let Ye Yuan try his sword!

Thinking up to here, Zhao Lingdong no longer had any thought of getting lucky in his heart.

Those two formidable light beams were not fake!

If he wanted to escape, it would definitely be a one-way ticket to hell!

But thinking up to here, Zhao Lingdong laughed coldly and looked at Ye Yuan as he said, "Do you think that by breaking through a minor realm, you can overturn the heavens? Just based on your current strength, could it be that you wish to fight one-on-two, dealing with Howlsy and me, two people, at the same time?"

The current Ye Yuan already broke through a minor realm, breaking through from Fourth Level Dao Profound to Fifth Level Dao Profound.

Although Howling Sky Divine Hound had a wing chopped off by Ye Yuan, its strength was still there. It was just that its speed was greatly diminished.

If it really wanted to fight a positional warfare, the influence of speed was negligible.

With its tacit cooperation with Howlsy, wouldn't dealing with a Fifth Level Dao Profound martial artist be effortless?

Zhao Lingdong made a name for himself for a thousand years and had yet to be looked down upon by someone like this before!

Could it be that this brat already forgot the experience of being hunted down previously?

A short one month plus time, could this brat still have some heaven-defying improvement?

He, Zhao Lingdong, truly did not believe in this heresy!

But Ye Yuan pulled out the Evil Extermination Divine Sword calmly and said with a light smile, "That's right! What's the harm in fighting one versus two?!"

### [Unrivaled Medicine God](#)

#### **Chapter 1118: Clearing the Weeds and Preserving the Essence!**

“What? You’re already formidable to the extent that you can defeat me without using divine king domain?”

Currently, although Ye Yuan took out the Evil Extermination Divine Sword, he did not use his divine king domain.

Seeing this scene, Zhao Lingdong mocked even more incessantly.

If it was just aiming at Ye Yuan, Zhao Lingdong had enough assurance in striking him dead.

But now, Ye Yuan actually pretended to be mysterious in front of him. Simply laughable to the max!

Ye Yuan looked at him and said coolly, “Killing you, this is sufficient!”

The moment Zhao Lingdong heard this, he could not quite dare to believe his ears and let out a wild laugh. He said, “Ji brat, I know that you have some reliance behind you, but if you think that you can kill me by holding a divine artifact, I can only say ... conceited and ignorant!”

Ye Yuan said with a calm look, “Use your strongest attack. Otherwise, you won’t have the chance!”

Zhao Lingdong laughed mockingly and said, “You’re teasing me, right? With just the likes of you? Fine, since you want to take a look at my strongest attack, then I’ll let you take a look! Howlsky!”

While talking, Zhao Lingdong directly turned into a large dog.

Immediately after, his divine king domain opened up fully!

However, what was different from the past was that the Howling Sky Divine Hound directly tunneled into Zhao Lingdong’s divine king domain and laid prone on his back.

This scene was remarkably like colluding in doing evil 1.

In virtually an instant, Zhao Lingdong’s divine king domain increased sharply close to a thousand feet!

This one human and one dog’s divine king domain were actually able to superimpose!

With this superimposition, Zhao Lingdong’s divine king domain expanded to 2500 over feet all at once; its power increased greatly.

To Void Mystic powerhouses, the divine king domain skyrocketing a thousand feet in one go, the strength could be said to soar by leaps and bounds!

“Ji brat, prepare to die! Fierce Wind Absolute Domain!”

Zhao Lingdong had a savage expression, seemingly incarnating to become a sea of wind between this heaven and earth.

Countless wind blades were akin to little blades, virtually slicing the space into countless fragments.

The might of a Void Mystic powerhouse was displayed in its entirety at this moment.

Ye Yuan, on the other hand, stood while grasping his sword. He actually slowly shut his eyes, as if paying no heed to the powerful Zhao Lingdong.

In a blink, Zhao Lingdong's Fierce Wind Absolute Domain enveloped Ye Yuan inside!

Seeing Ye Yuan enter his divine king domain without the slightest resistance, a hint of a mocking expression flickered across the corners of Zhao Lingdong's mouth.

Ye Yuan's Evil Extermination sword, Zhao Lingdong had long had a taste of it. Although it was able to have an augmenting effect on Ye Yuan's divine king domain, using it to deal with him, was still too tender.

Especially when right now was still him and Howlsky's divine king domain superimposing!

The two of their minds becoming one was not just one plus one equals two that simple.

Ye Yuan's actions were undoubtedly courting death!

But very soon, Zhao Lingdong's mocking expression froze on his face.

Because he could not find Ye Yuan's traces within his divine king domain at all!

Ye Yuan completely did not use divine king domain to contend with him!

"Are you looking for me?"

Ye Yuan's voice slowly sounded out behind Zhao Lingdong, but it made his scalp tingle.

He was alarmed in his heart and hurriedly turned his head over, and could not help turning pale with fright.

"Merging into heaven and earth? Impossible! Even if you merged into heaven and earth, it's impossible for me to not find you! Could it be ... could it be that you broke through again?"

Zhao Lingdong looked at Ye Yuan like he had seen a ghost, with a look of disbelief.

The breakthrough of heart realm was far too difficult. But why did Ye Yuan break through like eating and drinking?

Ye Yuan said with a smile, "That's right, my Heaven Man Unity has already reached the realm of perfection! In addition, I had some comprehensions in sword intent. This sword, you ... receive it well! Evil Extermination Sword Formula, first level, Sword Intent Connecting to Divinity!"

While talking, Ye Yuan turned his hand over. The Evil Extermination Divine Sword suddenly made a great show of invincible might!

At this instant, the Evil Extermination Divine Sword seemed to have come to life, having quite the air of when it just came into being at the Immemorial Medicine Garden back then.

Clearly a sword, but it was akin to a divinity descending!

Seeing this scene, Zhao Lingdong's expression changed greatly.

In Ye Yuan's hands was clearly still that Evil Extermination Sword. But why did it seem to have cast off its old self and underwent a complete transformation with a few days of not seeing?

In the past, although the Evil Extermination Sword was powerful, it was merely a slightly sharper fine tool.

But now, this sword seemed to have become a peerless expert.

It ... was just the incarnation of sword intent!

Whoosh!

At this instant, Ye Yuan seemingly combined into one with Evil Extermination. A sword stabbed right onto the Fierce Wind Absolute Domain!

Rumble!

The originally appropriately shaped Fierce Wind Absolute Domain became oval-shaped in this instant, directly being crushed out of shape by the immense force!

Force penetrating the back of the paper 1!

The violent sword intent passed right through the divine king domain and wreaked havoc in the entire space.

“Puhwark!”

It was as if Zhao Lingdong was struck by the tremendous force, directly spewing out a large mouthful of fresh blood.

Evil Extermination Divine Sword’s sword intent penetrated right through the divine king domain and struck right onto Zhao Lingdong’s body.

This move of Ye Yuan’s dealt with a greater force by using a weaker force!

Evil Extermination Divine Sword’s sword intent was already inscribed inside. Ye Yuan directly unleashed the sword intent belonging to Divine Dao by employing the Evil Extermination Sword Formula.

The truly formidable aspect of divine artifact lay precisely here!

The current Ye Yuan was seemingly a sword deity descending upon the world, standing in the air. That aura truly showed disdain on all under the heavens.

“Clearing the weeds and preserving the essence, Senior Skydistant didn’t deceive me! A bird in the hand is worth more than 10 birds in the forest! Looks like the previous me went astray!” Ye Yuan said rather emotionally.

Zhao Lingdong and Howlsy rolled in midair for as far as 10 thousand feet before barely managing to stabilize their figures.

He looked at Ye Yuan in disbelief with a look of incredulity.

The Divine Dao sword intent that Ye Yuan unleashed already severely wounded his organs.

Zhao Lingdong was completely unable to understand. Ye Yuan did not even utilize divine king domain at all and already utterly trounced him!

“What the hell did you comprehend in this period of time!” Zhao Lingdong said with the unwillingness to yield.

Ye Yuan’s means completely subverted the understanding of normal Void Mystic powerhouses!

In the present Divine Realm, what was able to deal with divine king domains were only divine king domains!

But Ye Yuan did not unleash his divine king domain!

Ye Yuan shot him a pitying glance and said coolly, “The Great Dao of Sword, what it pays particular attention to is pureness and innocence. Although the power of domain is strong, under this present heaven and earth, it’s an aberrant existence. Forget it, you’re not worthy of debating on Dao with me. Send you on your way first!”

Ye Yuan’s expression turned intent. That multiple bursts of terrifying Divine Dao laws were unleashed once more!

Zhao Lingdong’s gaze turned sharp, wanting to wage a last-ditch struggle.

However, all of it was futile!

The sword intent belonging to Divine Dao directly crushed over!

Puchi!

A sword that swept all obstacles away. Zhao Lingdong, who was a spent force, was completely unable to resist.

But what made Ye Yuan rather surprised was that who this sword pierced through was not Zhao Lingdong but his spirit beast, the Howling Sky Divine Hound!

At the critical moment, the Howling Sky Divine Hound’s figure moved, and it blocked right in front of Zhao Lingdong.

This sword passed through it without any accidents!

“Awoo!”

A forlorn and bitter yelp transmitted over. The violent sword intent directly destroyed all of Howlsky’s vitality.

However, it was not over yet!

The Evil Extermination Divine Sword’s sword intent had yet to be depleted. Like sugarcoated haws on a stick, it pierced through Zhao Lingdong’s chest!

Footnotes:

**Chapter 1119: Preliminary Glimpse at the Door**

“D-Divine Dao laws!”

Zhao Lingdong's gaze looked towards Ye Yuan, still not daring to believe this conclusion.

The might of this sword was actually horrifyingly powerful!

A majority of the force was blocked by Howlsky; Zhao Lingdong's vital signs did not extinguish right away.

However, the Evil Extermination Sword's tyrannical sword energy was currently wreaking havoc inside his body.

The name "Evil Extermination" was not called in vain. Dealing with Zhao Lingdong this fiend, Evil Extermination's awe-inspiring sword energy was the most useful.

This was also the reason why Absolute Heaven hid it inside the Immemorial Medicine Garden back then.

*Bang!*

Zhao Lingdong's body toppled heavily onto the ground, while his hands were still hugging the Howling Sky Divine Hound tightly, his eyes filled with a look of tender love.

This pair was also considered affectionate and faithful.

It was just that Ye Yuan did not have any intention of taking pity on them.

"If not for the fiend race being consumed by ambition, you guys also wouldn't have the current outcome! Therefore, want to blame, blame that Divine Master behind you all!" Ye Yuan said coldly.

Zhao Lingdong looked at Ye Yuan and said with an icy-cold gaze, "For the sake of this lifetime, Lord Divine Master has already prepared for 10 thousand years! Even if you kill me, your human race has no chance at all too! *H-Hahaha!*"

Talking till the end, Zhao Lingdong let out a wild laugh.

Ye Yuan's expression darkened, and he directly killed Zhao Lingdong.

These few days' comprehension, Ye Yuan was finally considered to have learned the rudiments in the Evil Extermination Sword Formula. He was able to utilize 5% of the Evil Extermination Divine Sword's power.

But just this 5% power was already incredibly staggering!

The might of Deity Realm powerhouses was truly unimaginable.

Recalling the days when he used the Evil Extermination Sword and Sacred Dragon Token, it was truly weak to the max.

Divine Dao laws were the correct way to use divine artifacts!

These few days, under Skydistant's guidance, Ye Yuan's Sword Dao comprehension also obtained significant improvement.

Skydistant told him that his divine king domain was too motley.

Although it could let strength increase greatly within a short period, and was even able to leap realms to battle, in the long-run, the losses outweighed the gains.

Divine Dao powerhouses basically all specialized in one path, comprehending the source of Great Dao, comprehending the power of laws.

Motley concepts mixing together would affect the comprehension of the source.

Hence, Ye Yuan relied on great willpower and shattered his divine king domain, specializing in Sword Dao!

After specializing in Sword Dao, Ye Yuan discovered that his speed of comprehending the Evil Extermination Sword Formula indeed increased considerably.

The first level of the Evil Extermination Sword Formula, Sword Intent Connecting to Divinity, Ye Yuan finally fumbled out the way to do it.

Activating the power of the Evil Extermination Divine Sword, its might was truly unparalleled.

Even the veteran Void Mystic powerhouse, Zhao Lingdong, died under his sword too.

Furthermore, it was even under the circumstances of superimposing divine king domains with the Howling Sky Divine Hound.

The Slaughter Concept and Concept of Fire really delayed his speed of comprehension from a certain degree.

By relying on the power of the Evil Extermination Divine Sword, Ye Yuan's strength currently was even one-up stronger than those Void Mystic powerhouses!.

...

At the entrance area of the Bloodrain Wilderness at the Heavenly Saint Tower, Cloudsky brought along several people and was currently staring at the transmission array with a complicated expression.

"Lord Cloudsky, there's still one last day. Do you think ... Ji Qingyun died inside?"

Guo Xu's mood was still rather complicated. He naturally hoped for Ye Yuan to die in the Bloodrain Wilderness, but also felt that once Ye Yuan died, he would have one less opponent; very boring.

But in the end, he still hoped for Ye Yuan to die inside more.

Because the humiliation that Ye Yuan brought to him was too much!

From past life to this life, Ye Yuan had always been a great mountain crushing on top of him.

Cloudsky's expression was complicated. Thinking it over, he still said, "Logically speaking, Ji brat won't die inside. But ..."

Guo Xu also frowned and said, "There's still Lord Spirit Hound. He wouldn't accompany Ji Qingyun to mess around inside too, right?"

Cloudsky also shook his head and said, “No way! Zhao Lingdong’s strength, I’m still very clear. If he doesn’t let Ji brat enter the fifth level, it’s absolutely impossible for Ji brat to go in! Could it be that some unforeseen event really happened to them inside?”

Thinking it over and over, Cloudsky could not figure out the reason why as well.

There was only the greater half a day’s time from the closing of the passageway. If Ye Yuan wanted to come out, he should have come out long ago.

But up until now, Ye Yuan did not even show up. It involuntarily made him somewhat hesitant.

He knew that Ye Yuan was the son of heaven’s mandate. It should not be possible to die in the Bloodrain Wilderness, this sort of place.

But why had he still not showed up until now?

The two people were currently talking when a series of ripples came from the transmission array.

Very soon, Ye Yuan’s figure appeared before everyone’s eyes.

Seeing Ye Yuan appear, a look of disappointment in Guo Xu’s eyes flickered past.

But Guo Xu’s gaze passed through Ye Yuan and looked towards the transmission array.

After a long time, the transmission array still did not have activities.

With this, Cloudsky’s brows knitted together, and he questioned, “Ji Qingyun, where’s Elder Spirit Hound?”

*Thud!*

A dull sound echoed out. Ye Yuan did not talk rubbish either, directly throwing out Zhao Lingdong and Howlsky’s corpses.

Seeing this scene, everyone’s expressions changed drastically. The atmosphere immediately became strange.

“Ji brat, what’s the meaning of this?! This lord let you, an outsider, enter the Bloodrain Wilderness unprecedentedly. You actually repaid kindness with ingratitude and killed our elder?” Cloudsky’s expression changed, interrogating.

The wounds on Zhao Lingdong’s body were clearly caused by a sharp instrument.

In the entire Bloodrain Wilderness, there was only Ye Yuan and Zhao Lingdong left. Who killed if it was not Ye Yuan who killed?

It was just that the astonishment in Cloudsky’s heart surpassed even his fury.

How Zhao Lingdong’s strength was like, he was all too clear.

In addition to Howlsky, ordinary Void Mystic powerhouses were not a match at all.

However, he and Howlsky actually died under Ye Yuan’s sword at the same time. What did this indicate?

It showed that Ye Yuan's strength already surpassed these two people's summing up!

Merely half a year's time from start to end, how could Ye Yuan's strength possibly have such a great increment?

What in the world happened during this Bloodrain Wilderness trip?

"Ji Qingyun, Elder Spirit Hound escorted you into the fourth level, and you actually killed him! Lord Cloudsky, still talking what nonsense with him? Directly kill and be done with it!" Seeing Zhao Lingdong's corpse, Guo Xu was beside himself with rage.

Ye Yuan could not even be bothered to glance at Guo Xu and said to Cloudsky coolly, "No meaning, just helping you all clean your household! This dog-person is a spy of the fiend race!"

Finished talking, Ye Yuan casually fired out a spell and got rid of the restriction on Zhao Lingdong's body. A cloud of fiendish energy billowed to the sky.

When Cloudsky saw this scene, his expression changed once more.

"Impossible! Absolutely impossible! Ji Qingyun, it must be you playing tricks! Elder Spirit Hound has already been in my Holy City for a thousand years. How can he possibly be a spy of the fiend race?" Guo Xu shouted.

Ye Yuan said with a smile that was not a smile, "Impossible? If not for the accident 20 years ago, who could have known that Ji Canglan is a member of the fiend race? The fiend race has clearly plotted for a long time, and was long already able to completely camouflage themselves as humans! It's still unknown how many of such spies the Eight Great Super Holy Lands have!"

### [Unrivaled Medicine God](#)

#### **Chapter 1120: You Dare to Trick Me?**

Cloudsky gradually recovered from the shocked state and recovered to that appearance of the Holy City's king.

"Ji Qingyun, don't you beguile the minds of people here! Although you and Ji Canglan have an enmity, you shouldn't slander him like that. You keep harping on and on that he is of the fiend race, I wonder if you have any proof? However, you killing the Holy City's Elder Spirit Hound is an ironclad truth! My Holy City is the leader of the Divine Realm. How can we allow you to be so insolent?!" Cloudsky's eyes narrowed slightly as he called to account with a stern voice and countenance.

Ye Yuan also did not expect for Cloudsky to actually tell bald-faced lies.

But those present were all the Holy City's upper echelons. Just the Void Mystic powers numbered quite a few.

Even if he was lying through his teeth, Ye Yuan could not do anything to him either.

Ye Yuan was naturally aware of Cloudsky's plans. He did not want the matter of the fiend race to leak out and also did not wish to take part in anything that had to do with the fiend race.

Therefore, even if he knew that Zhao Lingdong was a member of the fiend race, he would not acknowledge it at all.

As long as he contained the matter to within the Heavenly Saint Tower, everything could be discussed.

Looking at Cloudsky, Ye Yuan said with a cold smile, "Leading the Divine Realm ... the likes of you are worthy too? Your Yu Soul Sect has been shameless for close to a million years. It's also truly a wonder of the Divine Realm!"

Before meeting Skydistant, Ye Yuan had that tiny trace of hope towards the Holy City.

But now, Ye Yuan was disinclined to have even a hint of a favorable opinion.

This sect was simply the disgrace of the human race!

And this disgrace actually lasted for close to a million years!

However, the expression on Cloudsky's face when he heard the name Yu Soul Sect was fascinating to the max.

Other people did not feel anything when they heard it, but in Cloudsky's ears, it was another scenery altogether.

The name Yu Soul Sect, it was already unknown how long it had been since anyone mentioned it before.

The current Holy Region was gradually developed from precisely the Yu Soul Sect back then!

One could say that the current Holy Region was one of the sects with the most complete inheritances in the entire Divine Realm.

Even though they had also experienced several catastrophes before in-between, for a million years, they had always pulled through.

And it was precisely because the Yu Soul Sect back then was already notorious, that the future generations abandoned this name.

However, this name was passed down among the Holy Region's upper echelons.

Cloudsky was naturally aware.

It was just that he did not know how in the world Ye Yuan knew 'Yu Soul Sect' this name.

Could it be ...

Cloudsky thought of a possibility, and his entire body involuntarily shuddered!

The thing that Zhuge Qingxuan was unable to accomplish, could it be that Ye Yuan did it?

Cloudsky stared fixedly at Ye Yuan, his gaze glimmering with a cold light, and he said coldly, "Ji brat, what the hell did you experience inside the Bloodrain Wilderness?"

Ye Yuan looked at Cloudsky with a broad smile and said, "Haven't you already guessed it?"

The surrounding atmosphere started to become weird.

These people were all aware that the secret of becoming a deity might be hidden inside the Bloodrain Wilderness.

Ye Yuan's meaning was all too clear!

He went down to the seventh level!

For a moment, everyone's gaze when looking at Ye Yuan became burning hot.

"Ji brat, say out the secrets that you obtained. Today's matter, this lord can sweep it under the rug!" Cloudsky said in a solemn voice.

Ye Yuan said smilingly, "It's not impossible to say it out. But old man Cloudsky, you aren't thinking that the secret to become a deity is only worth a Zhao Lingdong, right?"

The moment Cloudsky heard that there was hope, his expression could not help turning intent, and his breathing also became ragged.

What was able to move him was only the secret of becoming a deity.

Although the Holy City's inheritances were very complete, that unforeseen event 100 thousand years ago, they similarly did not avoid it.

Overnight, all things related to Deity Realm vanished without a trace!

Hence, the Holy City's three titans were the same as the other Void Mystic powerhouses, filled with yearnings toward the Deity Realm.

If not for so, how could Zhuge Qingxuan possibly take the risk to enter the depths of the Bloodrain Wilderness.

"What do you still want?" Cloudsky said in a solemn voice.

Ye Yuan suddenly said with a stern countenance, "I want your Holy City to step forward and resist the fiend race!"

Cloudsky's face fell, and he said, "As long as the things you speak of are worth it, what's the harm in resisting the fiend race?"

Ye Yuan nodded his head and said, "How about this, you show a bit of sincerity first. Send people to destroy the Medicine King Hall first. I'll naturally tell the secrets I know."

Cloudsky's expression involuntarily changed when he heard that and said grimly, "Heh, you said it lightly! You entered the Bloodrain Wilderness for half a year already and are probably still unaware. This period of time, the Heavenly Sword Sect mustered up the power of the entire sect to attack the Medicine King Hall. In the end, they suffered grievous losses and were virtually completely wiped out! Jian Feiyang is seriously injured and dying, nearly losing his life! At present, these Eight Great Super Holy Lands already lost one! You're also aware, Jian Feiyang's Sword Dao cultivation is not beneath this lord. Even he couldn't get any results, it will be of no help at all even if this lord goes too! Even if really making a move, need to wait for Qingxuan to come back first, then talk."

Ye Yuan's expression turned intent, his brows involuntarily knitting together.

He urged Sword Thirteen not to act rashly without careful thought back then. He did not think that the Heavenly Sword Sect still acted arbitrarily. In the end, they ended up in such a state!

Hearing that, Ye Yuan shrugged his shoulders and said, "Since that's the case, then there's nothing to talk about."

The moment Cloudsky heard, he hurriedly said, "How about this, this lord will issue a Heavenly Saint Order first, summoning the entire Divine Realm, and joining hands to deal with the Medicine King Hall. What do you think?"

Ye Yuan's expression eased up, and he said, "That's more like it!"

"Ji Qingyun, our sincerity is already brought out. I wonder where is your good faith? At the very least, you also have to let this lord take a look at whether or not it's worth it for the Holy City to do so, right?" Cloudsky said.

What he used was a delaying tactic, planning on coaxing out some secrets of becoming a deity from Ye Yuan's mouth.

As for dealing with the Medicine King Hall, forget it!

The Holy City absolutely would not meddle in the affairs of the fiend race!

Ye Yuan's face suddenly revealed a smile and said, "You really want to know?"

Cloudsky immediately said, "Of course!"

Ye Yuan slowly nodded his head and said, "Okay, then I'll tell you. The secret to becoming a deity is actually ..."

Ye Yuan deliberately dragged his tone out, keeping people in suspense.

Including Cloudsky, everyone craned their necks, wanting to hear this startling secret from Ye Yuan's mouth.

But right at this time, an abnormality suddenly occurred!

Ye Yuan's figure instantly vanished from where he was.

Merging into heaven and earth!

When he appeared again, Ye Yuan already arrived not far from Guo Xu!

Ye Yuan and Guo Xu were not far in the first place. This merging into heaven and earth was something that happened in virtually a blink of an eye. Everyone did not react to it.

Guo Xu was currently paying close attention, listening attentively to what kind of secret Ye Yuan was going to say, but did not expect such a sudden turn of events to occur.

Guo Xu's scalp tingled at this instant. A feeling of extreme danger welled up in his heart.

"Courting death!"

Guo Xu's reaction could not be said to not be quick. He opened up his own divine king domain at the first moment.

But, it was all futile.

A terrifying streak of sword energy easily broke apart his divine king domain.

He had yet to come around to his sense what was going on when the Evil Extermination Divine Sword was already propped against his neck.

All of this was completed in virtually a blink of an eye.

When Cloudsky reacted to it, he was incredibly alarmed and furious. Using a gaze that could kill people to look at Ye Yuan, he gnashed his teeth in hatred and said, "Ji brat, you dare to trick me?"
