Chapter 1121: Nine-Heavens Rumbling Thunder!

“So what if I tricked you?” Ye Yuan looked at Cloudsky and said with a smile that was not a smile, “Old punk Cloudsky, your Yu Soul Sect’s shamelessness has been verified over a million years! Do you think that I’d be deceived by your little trick?”

Cloudsky was incomparably remorseful and angry. He actually made a such a low-level mistake just now.

It was not that he, Cloudsky, was foolish, but hearing the Yu Soul Sect and the secret of Deity Realm, these two things that Ye Yuan threw out were too shocking, resulting in him having that instant of lowering his guard.

And Ye Yuan took advantage of precisely this instant and succeeded in sneak attacking.

Sensing the traces of cold intent coming from his neck, Guo Xu’s heart went utterly cold.

Ye Yuan making a trip into the Bloodrain Wilderness, his current strength already flung him beyond the nine heavens.

Just now, his divine king domain was simply as weak as a piece of blank paper in front of Ye Yuan’s Evil Extermination Sword!

“Ji Qingyun, you despicable man! This place is the Holy City. Do you think that by holding me hostage, you can escape? Dream on!” Guo Xu clenched his teeth and said.

Ye Yuan made a move like lightning, directly sealing Guo Xu’s essence energy. Ye Yuan then lightly patted his shoulder and said smilingly, “You’d best worry about yourself. My matters don’t need you to be concerned. If I die here, you’d definitely die before me.”

Guo Xu’s face was ashen pale. He was really meat on somebody’s chopping board right now.

“Ji Qingyun, what do you want?” Cloudsky asked in a solemn voice.

Guo Xu’s status in the Holy City naturally went without saying. Hence, that was why Ye Yuan chose him to be the hostage.

Ye Yuan said coolly, “Two conditions! First, immediately attack the Medicine King Hall! Second, hand over the Holy City’s divine inscriptions! Don’t look at me with that kind of look. There’s no room for discussion. I’ll give you ten breaths of time to consider. Once the time is up, Guo Xu will die!”

“You’re dreaming, Ji Qingyun! Divine inscriptions are my Holy City’s non-transmissible secret! Even ordinary elders can’t cultivate either, why should we give you?” Cloudsky said fiercely.

But Ye Yuan ignored him and started counting backward very calmly.

“Ten breaths.”

“Nine breaths.”

“Eight breaths.”

“Seven breaths.”

...

“Three breaths.”

Cloudsky’s expression was incredibly grim as he said with a cold smile, “Ji brat, you want to use this kind of method to scare this lord? You’re too naive! If you really kill Guo Xu, you’ll also die beyond all doubt today!”

Along with Ye Yuan’s countdown, Guo Xu’s breathing also became ragged.

The sweat on his body already soaked his clothing.

However, Cloudsky still did not have the intention of agreeing to Ye Yuan.

“Two breaths!”

“One breath!”

Cloudsky looked at Ye Yuan with a cold sneer just like that. He did not believe that Ye Yuan really dared to make a move.

This place was the Holy City. If he killed Guo Xu, Ye Yuan definitely could not escape!

“Guo Xu, you set your mind at ease. I assure you with my head that Ji brat absolutely won’t dare to kill you!” Cloudsky said to Guo Xu.

“Time’s up!”

Right at this time, ten breath’s time was up.

Cloudsky laughed loudly and said, “Ji brat, why don’t you kill! Just now, weren’t you still threatening this lord?”

The corners of Ye Yuan’s mouth curled, and a hint of a mocking smile flashed past. The Evil Extermination Sword pressed forward lightly.

Slash ...

Guo Xu’s head flew high up, turning into a headless corpse in a blink of an eye.

The Evil Extermination Sword’s edge ground Guo Xu’s divine soul into pieces along with it too.

Everyone was stunned!

Only all the way until the head hit the ground, did they abruptly startle awake.

The Holy City’s successor, was actually killed so easily?

Ye Yuan really killed Guo Xu!

Ye Yuan actually really dared to kill Guo Xu!

Was this guy mad?

“You ... You really dared to kill him!” Cloudsky said angrily.

Ye Yuan smiled and said, “If killed, then killed, what’s to dare or not dare about? You wouldn’t think that I was joking with you earlier, right? Oh, right, you even guaranteed it with your head just now. Now, can you take it down?”

Rumble!

Cloudsky’s divine king domain suddenly erupted, sweeping over towards Ye Yuan instantly.

“Ji brat, I’m going to tear you to pieces!”

Cloudsky roared as he rushed over!

Cloudsky was one of the Holy City’s three great titans. His strength connected to the heavens and penetrated the earth.

His strength was not what ordinary Void Mystic powerhouses were able to compare to.

One could say that Cloudsky was the Divine Realm’s true apex existence.

Below the Ten Great Divine Kings, he reigned supreme!

The moment the divine king domain opened up, it enveloped Ye Yuan inside instantly.

However, Ye Yuan was long prepared and completely did not give Cloudsky any chance at all.

The instant that Cloudsky’s divine king domain opened up, Ye Yuan’s figure already merged into heaven and earth, escaping outside the Heavenly Saint Tower with a flash.

How could Cloudsky allow Ye Yuan to flee? He immediately chased outside.

“Pass down the order, seal the city gates! I want to see if this brat really can’t be killed!”

Outside the Heavenly Saint Tower, Cloudsky and Ye Yuan faced each other across a great distance.

He was already beyond furious and completely did not care about the matter that Ye Yuan was the son of heaven’s mandate.

He only knew that he had to kill Ye Yuan today.

However, Ye Yuan did not seem to have the intention of running away. He still stood there in a collected manner.

Looking at Cloudsky from a distance, Ye Yuan said with a calm smile, “Old punk Cloudsky, you don’t have to be like this. This young master hasn’t played enough yet. How would I leave readily? Come, come, come, I’ve long heard that the Holy City’s three titans’ strengths are exceedingly formidable. This Ji wants to experience it today, whether or not it’s really as powerful as in the rumors!”

Cloudsky snorted coldly and said, “Fine. Since you’re not running, then this lord will let you witness what’s true might!”

Cloudsky’s divine king domain opened fully. The entire Holy City was shaken!

The radius that his divine king domain covered was too large.

The horrifying aura that came from inside virtually made people asphyxiated.

A hint of a cold sneer flashed across the corners of Ye Yuan's mouth. His figure became erratic all of a sudden.

When Cloudsky saw this scene, his gaze involuntarily turned intent!

With his strength, he was actually unable to lock onto Ye Yuan!

"This ... This brat's heart realm actually already reached the realm of perfection! Heaven Man Unity! Heaven Man Unity! Damn it! How on earth did this punk do it? Since I'm unable to use aura to lock on, then I'll directly annihilate you! Nine-Heavens Rumbling Thunder!" Cloudsky said indignantly.

Above the sky, turned into a sea of lightning, enveloping the 10 thousand foot radius that Ye Yuan was in inside entirely.

Cloudsky's divine king domain actually reached a terrifying 10 thousand feet!

This terrifying undulation shocked the entire Holy City.

Only at this moment did people know that Wu Yuanqiao, who was known as the Thundercry Divine King, was simply not worth mentioning in front of Cloudsky!

This was a true peak powerhouse!

That violent lightning ocean could simply obliterate everything!

Back then, the Spirit Bristle Divine King exterminating a hundred divine king powerhouses with the power of flames, was also nothing more than this!

"S-So strong! How did Lord Qingyun Zi provoke Lord Cloudsky? This time, it's really dying without even leaving dregs behind."

"Truly didn't think that Lord Cloudsky's strength is already terrifying to such an extent! Looking at the power of this divine king domain, his strength is probably already not beneath the Ten Great Divine Kings, right?"

"Nine-Heavens Rumbling Thunder! This is the Divine Realm's most powerful domain of lightning power! The Holy City's three titans are indeed all not ordinary people!"

Such tremendous undulations naturally incurred large numbers of powerhouses to surround and watch. Everyone was unbelievably shocked towards Cloudsky's Nine-Heavens Rumbling Thunder.

Such a grand occasion, how many years had it not appeared already?"

Chapter 1122: Greater Teleportation!

Quite a few people were very sympathetic towards Ye Yuan. The consequences of angering Lord Cloudsky was not that fun.

The price was death!

But right at this time, Cloudsky's expression suddenly changed drastically.

Behind Cloudsky, inside the void, a peerless sword light tore through the air, akin to a falling star, falling fiercely to the ground.

"Ji Qingyun, you dare?!"

Cloudsky's eyes turned bloodshot, but looking at that sword light in the distance, he felt powerless.

Ye Yuan was able to hear his roar, but the sword light could not hear it.

With a boom, a tiled building was directly ruined by the sword light, kicking up clouds of dust.

"No way, right? What happened just now? Wasn't Ji Qingyun trapped by Lord Cloudsky inside the Nine-Heavens Rumbling Thunder? How did he run over there?"

"That sword light of Ji Qingyun's ... was so strong! Isn't he just Fifth Level Dao Profound? How could he release such a powerful attack?"

"No, wait! That direction ... seems to be the Purple-Gold Hall! This ... This is severing the lineage! Ji Qingyun, what ruthless means!"

The Holy City's powerhouses spoke at great lengths unceasingly. Only now, did they discover that the direction Ye Yuan attacked was actually the Purple-Gold Hall!

What kind of place was the Purple-Gold Hall?

That was the Holy City's future!

Each disciple inside were all peerless geniuses that the Holy City spent countless resources to groom.

This baffling sword of Ye Yuan's was actually going to eliminate those Purple-Gold Hall's disciples!

He already killed Guo Xu. Annihilating the Purple-Gold Hall's powerhouses, the blow to the Holy City was tremendous.

Although this move was rather vicious, Ye Yuan did not have much sympathy in his heart.

The price of this sin was death!

Ever since becoming aware of the Yu Soul Sect's actions and conduct, as well as the Holy City's attitude, Ye Yuan had the idea of destroying the Holy City.

This kind of sect existing in the world, even continuing the shameless behavior for a million years, was simply the Divine Realm's nightmare.

Cloudsky they all still had this sort of attitude toward the fiend race. It indicated that the Holy City's style was already penetrated deep into the bones and was simply hard to change anymore.

Since there was no way of changing, then let him destroy it.

Currently, Ye Yuan was not the three titans' match yet. But it did not impede him from claiming a bit of interest first.

At this time, wailing cries echoed out inside the Purple-Gold Hall.

"Second Senior Brother! Third Senior Brother! You guys ... why have you guys departed?"

"Senior Apprentice Brother, seems like ... seems like our Divine King Realm senior brothers all ... all died!"

"This ... Who in the world did this?"

Ye Yuan did not annihilate them completely. Under the great circle of perfection Heaven Man Unity, he was able to clearly sense the situation of those disciples in the Purple-Gold Hall.

This streak of sword light, he was targeting those Divine King Realm disciples.

"Ji Qingyun, you ... you'll die a horrible death! Such an inhuman and brutal thing, you're actually capable of it!" Cloudsky pointed at Ye Yuan and let loose a torrent of abuse.

Ye Yuan looked at him and said with a calm look, "Your Yu Soul Sect has powerhouses being born every generation. Zhuge Qingxuan is even hailed as the Divine Realm's number one divine king! But you all watch on with folded arms regarding the matter of the fiend race's invasion. Think about it, how many people are plunged into an abyss of misery and suffering because of you! Several tragic wars, you all stayed aloof from the matter. Comparing cruelty, comparing shamelessness, this Ji ... is truly far off."

Ye Yuan's words were akin to rolling thunder, resounding throughout all major streets and small alleys in the Holy City.

Although everyone had not heard before the great name of the Yu Soul Sect, Ye Yuan's meaning was already very clear.

For a moment, there was another wave of commotion.

Cloudsky's face was livid with rage, hating Ye Yuan to the bones.

Of course, he was more regretful now!

If he did not allow Ye Yuan to enter the Bloodrain Wilderness back then and chased him away with forceful measures, perhaps there would not be so much trouble.

Now, the consequence caused by a wrong decision made in a moment of weakness was too severe.

"Nangong Zifeng, what are you still waiting for?! All Void Mystic martial artists obey my command, everybody attack together and eradicate Ji Qingyun!" Cloudsky said solemnly.

There was a series of ripples in the void. Six to seven figures surrounded Ye Yuan in the middle at the same time, cutting off all of his escape routes!

A purple-robed powerhouse stepped out slowly and looked at Ye Yuan with a frown as he said, "This boy's heart realm broke through to the realm of perfection and already comprehended the art of greater teleportation. Unless Qingxuan is here, no one can make him stay."

This purple-robed powerhouse was precisely one of the three titans, Nangong Zifeng!

Nangong Zifeng's words stirred up massive waves in the crowd.

"Art of greater teleportation! It's actually the art of greater teleportation! No wonder Lord Cloudsky's Nine-Heavens Rumbling Thunder couldn't do anything to Ye Yuan either!"

"Art of greater teleportation is an extremely profound spatial secret art. Rumors have it ... that this is a magical ability that only Deity Realm powerhouses can comprehend!"

"This Ji Qingyun is simply too monstrous! It's fine if his Alchemy Dao talent is strong, didn't think that resurrecting again, even his martial path talent became so terrifying as well."

"The Holy City's two great titans moved out at the same time and actually can't do anything to him either, and even had their lineage severed by Ji Qingyun. If this were to spread out, the Holy City's face would be utterly lost!"

The art of greater teleportation was actually the upgraded version of merging into heaven and earth.

When Heaven Man Unity reached the great circle of perfection, one's comprehension of heaven and earth would reach a higher level.

Within a certain radius, the martial artist could reach another spatial node as they pleased, making people incapable of grasping.

Even Cloudsky and Nangong Zifeng, this kind of Void Mystic powerhouses whose divine king domains reached 10 thousand feet, were also unable to lock onto Ye Yuan.

However, Ye Yuan's current cultivation realm was on the low side. At most, he could only teleport roughly a 10 thousand feet distance.

It was just that these 10 thousand feet were already sufficient.

The art of greater teleportation was not an exclusive right of Deity Realm powerhouses. It was just that those able to use the art of greater teleportation in the legends were all Deity Realm powerhouses. Hence, that was why these martial artists would have this kind of mistaken cognition.

Casting the art of greater teleportation, one's heart realm must reach Heaven Man Unity's great circle of perfection.

This was an extremely difficult thing to accomplish, even during the Divine Dao Era.

Even if the Divine Dao Era powerhouses cultivated Essence, Energy, and Spirit to the great circle of perfection, they might not be able to cultivate heart realm to perfection either.

Hence, Divine King powerhouses who used the art of greater teleportation were virtually non-existent!

Cloudsky looked at Ye Yuan from far away, his face livid with rage.

How could he not know that he could not make Ye Yuan stay? But this current sort of situation, what else could he do?

“Ji Qingyun, your cultivation increasing greatly is also all thanks to the Holy City. Why not we each take a step back. You leave the Holy City, and we’ll let today’s incident pass, just treat it like nothing happened, how’s that?” Nangong Zifeng suddenly opened his mouth and said.

Pffft ...

These words actually made Ye Yuan laugh.

“What are you laughing at, Ji Qingyun?” Cloudsky said in a deep voice.

Ye Yuan smiled and said, “I’m laughing at your shamelessness! This Bloodrain Wilderness is the medicine garden of the ancient Heaven One Sect. You guys took forcible possession of it. Now, using it to treat it as a favor, isn’t it funny?”

“You!” Cloudsky could not help being rendered speechless.

But his inner-heart was endlessly shocked. Looks like Ye Yuan really entered the seventh level. Otherwise, how could he know so many ancient secrets?

Unrivaled Medicine God

Chapter 1123: Easier to Call up an Evil Spirit Than to Allay It

“Ji Qingyun, you comprehended greater teleportation. But ... those subordinates of yours didn’t comprehend it! Do you think that they can escape the Holy City?” Nangong Zifeng suddenly opened his mouth and said.

Ye Yuan’s brows furrowed and finally knew why Nangong Zifeng did not show up all along.

It looked like this guy had been preparing a contingency plan the whole time!

It was naturally impossible for a sly old fox like Cloudsky to give Ye Yuan opportunities on the Heavenly Dao Oath.

His oath was merely just up until Ye Yuan exited the Bloodrain Wilderness.

Now that Ye Yuan came out, the oath naturally ended here too.

The Holy City could not touch Ye Yuan, but they naturally could turn the blades onto Ao Qian they all.

“If you dare to touch them once, I’ll kill a Void Mystic powerhouse! I’m not the two of your match, but the others, you can give it a try!” Ye Yuan said with a frosty expression.

Ao Qian they all followed him and braved through fire and water. Ye Yuan had long viewed them as bosom friends already.

Nangong Zifeng using them to threaten him really made Ye Yuan genuinely give rise to killing intent!

“Ji Qingyun, don’t be cocky! If you have the capabilities, bring it on! You really think yourself to be invincible after comprehending greater teleportation?” a Void Mystic powerhouse said furiously.

This person was called Shi Renhui, a Holy City elder and a veteran Void Mystic powerhouse.

His strength was even a bit stronger compared to the Zhao Lingdong after fusing bodies.

Toward Ye Yuan's arrogant speech, he naturally could not carry on listening.

In his view, for Ye Yuan to still be able to stand here, it was merely because of the art of greater teleportation.

Ye Yuan grinned widely and said, "Is that so? Old Man Shi, I'm coming. You have to get ready!"

Shi Renhui only felt a blur before his eyes, and he already lost track of Ye Yuan.

In virtually an instant, his hairs stood on its ends. A feeling of immense danger welled up in his heart.

Ye Yuan wielded the Evil Extermination Divine Sword and actually already arrived behind Shi Renhui!

Another ray of sword light!

This sword was like a death-hastening talisman. How many years had it already been since Shi Renhui felt that he was so close to death?

Without the slightest hesitation, he opened up his divine king domain!

Nangong Zifeng also did not expect Ye Yuan to attack when he said so. Expression changing, his divine king domain instantly expanded out!

His distance away from Shi Renhui was exactly what the divine king domain was able to reach. But the power was already very weak.

Divine king domain, the closer to oneself, the more powerful. The more towards the borders, the weaker.

Facing Nangong Zifeng's divine king domain, Ye Yuan did not have the slightest hesitation, pressing forward with an indomitable slash!

Like crushing dead branches and leaves, the Sword Intent Connecting to Divinity state Evil Extermination Sword scattered Nangong Zifeng's divine king domain.

Rumble!

The sword light's remnant force did not abate, directly slamming onto Shi Renhui's divine king domain.

"Puhwark ..."

Shi Renhui vomited a mouthful of fresh blood violently, his body akin to sustaining a heavy blow, flying out backward.

Everyone looked at this scene with wooden stares and slack jaws, deeply astonished by Ye Yuan.

If talking about that sword of Ye Yuan's prior to this, it only killed some divine king powerhouses and was not breathtaking enough yet.

Then this sword really shocked them!

"How could it be so strong? Ji Qingyun didn't even use divine king domain, and he beat Elder Shi to serious injuries? If not for Lord Nangong making a move, Elder Shi would most likely be dead already!"

“Too inconceivable! Could it be that this is the true power of divine artifacts?”

“A Fifth Level Dao Profound severely wounding Elder Shi in one blow. This battle achievement is simply outrageous!”

This sword of Ye Yuan’s utterly subverted their understanding toward divine king domains.

The way these martial artists saw it, divine king domain was the zenith of Martial Dao.

Those able to defeat Void Mystic powerhouses were only Void Mystic powerhouses!

But Ye Yuan only used one slash and almost eliminated a veteran Void Mystic powerhouse.

This scene was seriously too inconceivable.

Cloudsky and Nangong Zifeng both looked at the Evil Extermination Sword in Ye Yuan’s hands with heated eyes. Those ordinary martial artists could not tell, but how could they not perceive it?

Ye Yuan triggered the Divine Dao laws inside the divine artifact, that was how it unleashed such a terrifying sword intent!

Ye Yuan comprehended Divine Dao laws!

Nobody was clearer than the two of them why the Ten Great Divine Kings were so powerful.

The reason was that they all comprehended Divine Dao laws!

But now, Ye Yuan comprehended Divine Dao laws when he was at the Fifth Level Dao Profound!

What was even more damnable was that Ye Yuan actually still had a divine sword in his hands.

A divine artifact that activated Divine Dao might. That was very frightening.

This point, to the Holy City with a long-standing lineage, they were all too clear.

Nangong Zifeng forcefully pressed down the astonishment in his heart and drew a deep breath as he said, “Ji Qingyun, I admit that you have this strength! Fine, your subordinates, I’ll bring them over wholly intact. Now, can you leave?”

Ye Yuan thought about it and said with a nod, “Okay. You let people bring them to outside the gates. I’ll go there and rendezvous with them! I urge you to best not have any devious thoughts. Otherwise, the Holy City will definitely shed blood like water today!”

Hearing Ye Yuan agree to leave, all of the Holy City’s powerhouses all heaved a sigh in relief.

They had never thought that a super Alchemy Emperor would actually have a day where his Martial Dao strength would reach such a level!

Finally sent this god of plague away!

“You already proved your strength. Rest assured, we absolutely won’t find trouble with you again! However, you also have to swear a Heavenly Dao Oath, to never go on a killing spree again under no circumstances!” Nangong Zifeng said.

Ye Yuan nodded his head and said, "As long as you all don't provoke me anymore, I won't attack again!"

Following that, Ye Yuan swore a Heavenly Dao Oath before Nangong Zifeng order people to bring Ao Qian they all over.

Seeing Ye Yuan leave, a hint of a wicked plan succeeding smile flashed past the corners of Nangong Zifeng's mouth.

...

Roughly the time it took to brew a pot of tea, Ao Qian they all were brought outside the city gates.

Seeing Ye Yuan return safe and sound, Ao Qian and the rest were all overjoyed.

"*Haha*, milord, you finally came back! Holy City this bunch of fellows are truly despicable! To actually drug our food, then capture all of us!" said Jiang Taicang. The moment Jiang Taicang saw Ye Yuan, he immediately complained.

This place was where the Alchemist Association's headquarters was located. Drugging the few of them was all too effortless.

Moreover, with the Heavenly Dao Oath previously there, the Holy City was very courteous to them this half a year. They did not have suspicions either, resulting in being directly put down.

Seeing that everyone was fine, Ye Yuan finally set his mind at ease and said with a smile, "With me around, they don't dare to do anything to you guys! Entering the Bloodrain Wilderness this time, my harvests are considerable. Later, I'll help you all refine medicinal pills and help you advance a step further! Old Ao, especially you. I'm very much looking forward to your bearing when you recover to your peak strength!"

Ao Qian's entire body trembled when he heard that and immediately revealed a look of wild elation.

Ye Yuan saying it like this, he definitely found the last spirit medicine inside the Bloodrain Wilderness!

This way, he would be able to recover to his peak strength!

With Skydistant around, it was naturally nothing difficult for Ye Yuan to find a few stalks of spirit medicines.

Just as the few people were preparing to leave, a terrifying aura came from above the skies all of a sudden.

"*Hahaha*, Ji Qingyun, this lord wants to see if you're really unkillable! Even if Qingxuan isn't around, this Divine Dao grand array is likewise able to exterminate you!" Cloudsky laughed wildly as he said.

[Unrivaled Medicine God](#)

Chapter 1124: Don't Come and Provoke Me Again!

Above the sky, streams of light spilled over.

A horrifying pressure made everyone's countenance change.

That was the power of laws belonging to Divine Dao!

"Haha, Ji brat, do you really think that my Holy City's million-year-old inheritance is to be trifled with? Enjoy the terror of Divine Dao laws to your heart's content! To be able to die under a divine rank grand array, you can be sufficiently proud!

Cloudsky was incomparably exhilarated in his heart!

Ever since Ye Yuan came to the Holy City, he was constantly being led by the nose. Don't mention how aggrieved he felt in his heart.

But today, Ye Yuan even killed Guo Xu and the Purple-Gold Hall's divine king powerhouses, destroying the Holy City's several hundred years of painstaking effort in a single day.

This enmity was formed huge!

Just allowing Ye Yuan to leave unchecked, how could the two of them be reconciled to it?

The reason why Nangong Zifeng let Ao Qian they all out was in order to drag the time.

Activating the divine rank grand array, the price expended was too great. The time needed was also somewhat long.

Nangong Zifeng knew that ordinary-level attacks were totally useless to Ye Yuan. It could not even touch him.

But under the pressure of Divine Dao, Ye Yuan's art of greater teleportation was useless too!

"Heh, Ji brat, you're too conceited! If we let you walk out of the Holy City today, where will we put our old faces still?" Nangong Zifeng said with a cold laugh.

"The Divine Dao grand array has already not been activated before for no idea how many years. This time, making an exception for you. Enjoy this despair well!" Cloudsky followed up.

The Divine Dao pressure in the sky became more and more intense. The feeling that it gave people was like the sky was falling down.

When Ao Qian and the rest saw this scene, each and every one of them involuntarily swallowed their saliva.

They still did not understand up till now, what on earth His Excellency did, to actually incite the Holy City to activate the divine rank grand array!

"My god, it's really the divine rank grand array activating! Looks like Ji Qingyun really offended the two titans badly."

"Ji Qingyun's lineage-ending sword virtually ruined the Holy City's future. How could they not be furious?"

"Divine rank grand array activating, this time, Ji Qingyun would be hard-pressed to escape even if he grew wings!"

"Tsk tsk, this power! To be able to sense Divine Dao laws in this lifetime, there are no regrets in death too!"

It was the Holy City's martial artists first time witnessing the might of the Divine Dao grand array. Each and every one of them was incomparably excited.

Ye Yuan's composure exceeded Cloudsky and Nangong Zifeng's expectations on the other hand.

In their view, Ye Yuan should have given up all hope currently.

But why was he still so calm?

Could it be that this punk thought that his art of greater teleportation was able to avoid the divine rank grand array?

"You all don't need to have this going to die expression. All enter the Vast Heaven Pagoda. Leave this divine rank grand array to me!" Ye Yuan said with Ao Qian and the rest with a smile.

Ao Qian's eyes became wide circles as he said in disbelief, "Milord, this is a divine rank grand array. Could it be that you have ways to deal with it too?"

"Enough nonsense, quickly go in!" Ye Yuan scolded with a smile.

When Nangong Zifeng saw this scene, he said with a cold sneer, "Heh, death is nigh. Still feigning arrogance here!"

Right at this time, the divine rank grand array that accumulated power to await release seemed to have finally finished storing up power.

Everyone knew that horrifying power was already lurking above the nine heavens!

Once it landed, it would surely strike with the force and momentum of a thunderbolt.

"Quickly retreat! Don't get dragged in by the divine rank grand array's attack!"

At this time, Ye Yuan was like a god of plague. Everyone avoided him like the plague.

Once this attack landed, nobody knew what would happen either.

As for the Holy City's people, they had naturally maintained a safe distance from Ye Yuan long ago.

After all, Ye Yuan's greater teleportation was no joke. What if he lured the attack over to their side? They would turn to ashes.

Whoosh ...

Several dozen multicolored flowing light landed from above the sky, looking just like a sunset, beautiful to the extreme.

But everyone knew that behind that beauty, there were extremely terrifying Divine Dao laws!

The divine rank grand array finally activated!

These multicolored flowing lights were extremely swift. In virtually a blink of an eye, they landed on top of Ye Yuan's head.

But right at this moment, Ye Yuan moved!

His figure immediately vanished from where he stood, disappearing without a trace.

However, those multicolored flowing lights flew towards the city gates with even greater speed!

Seeing this scene, Cloudsky and Nangong Zifeng's expression changed drastically.

They did not think that Ye Yuan wanted to do something to disgust them even on his deathbed.

He actually wanted to borrow the power of this grand array to destroy the Holy City's gates!

Bang! Bang! Bang!

Those dozen over multicolored flowing lights landed on the city gates, directly blasting the impregnable city gates to smithereens!

For a moment, debris flew everywhere.

The Holy City's walls were all made using special stone materials. It would be hard for Void Mystic powerhouses to even damage it in the slightest.

But this time, it was destroyed by the divine rank grand array!

"Ji Qingyun, this brat, truly deserves death! His death is at hand, and he doesn't even let people be carefree!" Cloudsky said crossly.

"Forget it. Either way, this brat is dead too. He has two divine artifacts in his hands. It should also be sufficient to match up to the city gates' losses," Nangong Zifeng consoled him.

Upon hearing this, Cloudsky's eyes lit up, and he immediately showed great interest.

The unhappy feelings earlier immediately vanished without a trace.

The dust settled, and the Divine Dao pressure above the sky gradually faded away. Everything returned to how it was.

Everyone was stupefied by the powerful might of these Divine Dao laws!

This was the foundation of the Holy City!

Presently in the Divine Realm, sects that possessed a complete Divine Dao grand array was only the Holy City!

Seeing everyone's reaction, Cloudsky and Nangong Zifeng exchanged a glance and smiled, clearly very satisfied.

Although they were forced to use the divine rank grand array this time, it also awed all of the martial artists in the Holy City.

This was their foundation!

The negative impact brought by Ye Yuan would be dispelled very soon!

"Come, go over and take a look! The Sacred Dragon Token and that divine sword are both not ordinary items!" Cloudsky said.

Nangong Zifeng nodded his head and followed after as well.

Those Void Mystic powerhouses hiding in the dark also all showed themselves at this time.

“Hahaha, Ji Qingyun, this brat, finally died!” Shi Renhui laughed loudly and walked out.

The power of Divine Dao earlier was too powerful. Shi Renhui felt his heart palpitate even when hiding so far away.

There were absolutely no chances of survival for Ye Yuan under such an attack.

However, just as he approached the city gates, a sudden change occurred!

An unparalleled sword light suddenly came out from within the dust, cleaving straight for Shi Renhui.

He completely did not have any guard up at this time. In his carelessness, he actually did not even open up his divine king domain!

Puchi!

The sword light tore right through the air, splitting Shi Renhui into two halves!

A Void Mystic powerhouse of his generation was actually gone just like that!

This unexpected change was what everyone did not anticipate from start to end.

When Cloudsky and Nangong Zifeng saw this scene, their expressions changed greatly.

This swift and sharp sword, who else could release it apart from Ye Yuan?

“H-He actually didn’t die! Everybody, be careful!”

Cloudsky felt like his scalp was going to explode!

“I had said it before, don’t come and provoke me again! It was you all who broke the agreement first. Don’t blame this young master for not being polite!”

Amidst the dust, Ye Yuan’s voice transmitted out, as if coming from the netherworld, making everyone’s hearts turn cold.

[Unrivaled Medicine God](#)

Chapter 1125: Killing Spree!

Ye Yuan’s words made those Void Mystic powerhouses all break out in goosebumps, everyone feeling endangered.

The dust gradually dispersed. An enormous turtle shell was displayed in front of everyone.

Seeing the Mystic Art Holy Tortoise Shell, Cloudsky and Nangong Zifeng’s expressions both turned intent!

Although they did not recognize the Mystic Art Holy Tortoise Shell, the extraordinariness of this turtle shell, they perceived it with one glance.

On it faintly revealed extremely profound power of laws. Shockingly, it was precisely Divine Dao laws!

Ye Yuan was actually perfectly unscathed under the protection of this turtle shell!

Ye Yuan put away the Mystic Art Holy Tortoise Shell, killing intent revealing in his gaze fully.

The Holy City's provocation utterly stirred up his wrath!

If not for Skydistant drawing out the Divine Dao might of the Mystic Art Holy Tortoise Shell, Ye Yuan would be dead for sure this time.

But with Skydistant's present state, he could at most only make the Mystic Art Holy Tortoise Shell resist Deity Realm attacks three times.

Ye Yuan also did not expect that just exiting the Bloodrain Wilderness, he would already use up one.

"Today, this young master is going on a killing spree!"

His voice had yet to fade, and Ye Yuan's figure instantly vanished from where he stood!

Puchi!

A divine king guard directly had his head severed from his body.

While only at this time, did Ye Yuan's words spread out far away like rolling thunder, making everyone's hearts turn cold.

Swoosh!

Ye Yuan's figure disappeared. Those divine king powerhouses could not capture Ye Yuan's silhouette at all.

Each and every one of their scalps tingled, uncertain who Ye Yuan's next target was.

Ye Yuan's art of greater teleportation was elusive as a ghost. With their strength, they could not detect Ye Yuan's attacking direction at all.

Puchi!

Another divine king powerhouse had a sword pierced through the heart by Ye Yuan from behind, his life force instantly extinguishing!

Cloudsky's eyes turned bloodshot, and he cried out, "Ji Qingyun, stay your hand! Don't you forget, my Holy City still has a Heaven Stabilizing Divine King! If you dare to kill any more people, when Zhuge Qingxuan returns, you'll die even if you escape to the ends of the world!"

What replied him was a ray of terrifying sword light!

This ray of sword light naturally was not aiming for Cloudsky, but targeting several of the Holy City's divine king powerhouses!

Without the least bit of suspense, these few divine kings were directly slashed into minced meat by the sword light.

In front of the current Ye Yuan, ordinary divine king powerhouse completely did not have the slightest strength to counterattack.

Places that he passed through, there was a series of wails!

“Everybody, quickly disperse apart! Flee! The further you flee, the better!” Cloudsky shouted loudly.

He knew that it really poked the hornet’s nest this time.

Ye Yuan was already utterly enraged. They had to pay a terrible price for their actions!

Right now, under this sort of circumstances, he could only make everyone split up and run. Ye Yuan was just alone with a sword. It was impossible to kill everyone.

In a blink of an eye, Ye Yuan already killed over a dozen divine king powerhouses.

Currently, apart from Cloudsky and Nangong Zifeng who were safe, the rest all became Ye Yuan’s prey.

“Cloudsky, we can’t look on with folded arms! Take action! My divine king domain and yours can cover as wide as 20 thousand feet. As long as the cooperation is arranged properly, we might not be incapable of taking care of him!” Nangong Zifeng said solemnly.

Cloudsky nodded and said, “Fine! If I don’t kill this punk today, I, Cloudsky, am lesser than human!”

Done talking, Cloudsky’s Nine-Heavens Rumbling Thunder instantly opened up. The terrifying lightning sea appeared once again.

And Nangong Zifeng’s divine king domain was an extremely rare Purple Evil Domain, wounding people using wicked energy.

Places that it passed through was akin to death descending upon the mortal realm. The process from beginning to end was incomparably terrifying.

Seeing such horrifying power, those innocent people in the Holy City hurriedly retreated far away once more.

Two great titans joining hands to deal with the enemy, such a spectacle was truly too grand. As long as they touched a little, they would be dead without chances of survival too.

“A Fifth Level Divine Realm actually forced the Holy City’s two great titans to team up and fight the enemy. Today’s event is bound to shake the entire Divine Realm!”

“This is also something that can’t be helped! Comprehending the art of greater teleportation, Ye Yuan is virtually established in an invincible position already. As long as he doesn’t lose his mind and forcefully clash with the two great titans, the two of them likely can’t do anything to him at all!”

“Although saying that the Holy City is the leader of the Divine Realm is somewhat reputation falling short of reality, the might of the Holy City is indisputable. Even the Ten Great Divine Kings don’t dare to be impudent in the Holy City too! But today, Ji Qingyun actually wants to turn the Holy City upside down!”

...

Nangong Zifeng and Cloudsky crushed over towards Ye Yuan in a carpet-bombing style. However, they were completely unable to lock onto Ye Yuan’s position.

Ye Yuan had long abandoned his divine king domain already. Just one person and one sword, doing as he pleased.

In comparison, Nangong Zifeng and Cloudsky, the two people's divine king domains were like two big dumb elephants; empty power, but inadequate mobility.

The two of them could only forever eat the dust behind Ye Yuan.

The Evil Extermination Sword was just like the scythe of the Death God, willfully reaping the lives of the Holy City's powerhouses.

Under Ye Yuan's perfected heart realm, those martial artists were laid completely bare.

Those powerhouses discovered to their dismay that no matter how they hid, how they ran, they could not escape Ye Yuan's sword.

Ye Yuan was just like devil; no idea when he would appear behind them, and then he would end their lives with a slash.

"Qi Daoming, next is you!"

Hearing Ye Yuan's voice, Qi Daoming's gaze turned intent. An aura of death pounced from head-on!

Finally, Ye Yuan turned his gaze on Void Mystic powerhouses!

Qi Daoming was precisely another Void Mystic elder of the Holy City.

Qi Daoming was currently sprinting like mad. But under Ye Yuan's greater teleportation, his speed was too slow!

Right at this time, Ye Yuan's figure suddenly disappeared.

"Cloudsky!"

Nangong Zifeng shouted fiercely. Cloudsky immediately understood.

Two great divine king domains opened up, instantly protecting Qi Daoming with all their power.

"Huhu, you guys are still really naive!"

In the void, a mocking voice came over.

But Ye Yuan's figure already appeared 10 thousand feet away.

The next instant, Ye Yuan's figure vanished once more!

Merging into heaven and earth!

Cloudsky and Nangong Zifeng's expressions changed drastically at the same time as they exclaimed in shock, "Damn it! His target is Su Qian!"

That direction Ye Yuan went in was precisely another Void Mystic elder, Su Qian!

He deliberately baited Cloudsky and Nangong Zifeng, the two people, to Qi Daoming. However, he was actually making a feint, thoroughly shaking off the two people. He was rushing toward Su Qian.

Su Qian's strength was even a notch weaker compared to Zhao Lingdong's. He was completely not Ye Yuan's match.

Ye Yuan merged into heaven and earth, how could he not know that Ye Yuan was chasing after?

"Ahh! Ji Qingyun, this old man will fight it out with you!"

Su Qian also knew that he could not run. Giving a frenzied shout, he directly opened up his divine king domain and charged over toward Ye Yuan who merged into heaven and earth.

However, the Ye Yuan that he originally locked onto actually vanished into thin air.

It was as if he had never appeared before!

"Ahh! Ji Qingyun, I want you dead!"

Su Qian went utterly insane. He was like a mad man, randomly unleashing terrifying martial techniques in all directions.

He completely did not know which direction Ye Yuan would come from and could only use this sort of method to reduce his terror.

Whoosh!

A streak of sword light tore through the air and reach its target, directly tearing through Su Qian's divine king domain, puncturing his chest and grinding his innards into pieces!

Unrivaled Medicine God

Chapter 1126: Heaven Stabilizing Divine King!

"Su Qian!"

Nangong Zifeng's and Cloudsky's eyes turned bloodshot, virtually going crazy.

Helplessly watching a Void Mystic elder die before their eyes, but incapable of action. This sort of feeling made their chest almost explode.

The two of them had roamed the Divine Realm unobstructed for several thousand years. There had yet once where they were so helpless like today.

Counting in Zhao Lingdong and Howlsky, in a short one day's time, the Holy City actually had five Void Mystic powerhouses perish!

This kind of loss was an unbearable weight to any sect.

Not just so, Ye Yuan even killed the Purple-Gold Hall's divine king disciples.

Today's one day of loss was likely able to compare to the Holy City's thousand years of losses!

Except, as the Holy City's two great titans, they could not even touch Ye Yuan's hair.

"Ji Qingyun, don't kill anymore! Don't kill anymore! We ... We admit defeat! As long as you're willing to leave the Holy City, we can agree to any terms!"

In Cloudsky's shout virtually carried tears.

He really did not expect that things would develop to this sort of situation today.

Cloudsky's intestines were green with regret right now. What he regretted was not about not letting Ye Yuan enter the Bloodrain Wilderness, but that he should not have provoked Ye Yuan.

Ye Yuan wanted to leave, then let him leave nicely. Why was there a need to stir up so many things?

Truly blinded by obsession!

In-between this, he had a number of opportunities to let Ye Yuan leave safe and sound.

But he did not!

In fact, he did not believe in the outcome of going against destiny. He insisted on challenging the prestige of the Son of Heaven's Mandate!

In the end, he suffered a crushing defeat.

Ye Yuan looked at Cloudsky and said with a cold smile, "If people don't offend me, I don't offend people! If people offend me, I'll definitely repay it a hundredfold! Do you know regret now? It's too late! Today, I'll carry out justice on heaven's behalf and eradicate your shameless Yu Soul Sect's Dao teachings, let the two of you become generals without an army!"

Done talking, Ye Yuan's figure moved, and another dozen over Holy City powerhouses died under his sword.

Ye Yuan was truly enraged today as well. He was extremely annoyed with the Holy City in the first place and was provoked time and again by Cloudsky and Nangong Zifeng, even nearly dying under the divine rank grand array.

Since the grudge was already sowed, then make it irreconcilable then!

Even if he did not go on a killing spree today, could it be that Cloudsky and Nangong Zifeng could let him off?

Cloudsky's chest was like puffing bellows at this time.

"Puhwark!"

Finally, he could not hold back and spewed out a mouthful of blood.

In this short while, Ye Yuan already killed several dozens of divine king powerhouses.

Even chopping vegetables was not so fast!

The might of a divine artifact was completely not what ordinary divine king martial artists could resist.

Ye Yuan was currently massacring wantonly when suddenly, alarm bells went off. Sudden Impulse was triggered once more!

An ominous feeling welled up in his head, making Ye Yuan's actions suddenly pause.

He put away the sword and stood there, looking at Cloudsky and Nangong Zifeng as he said, "Consider yourselves lucky today. The next time this Ji comes to the Holy City again, it will be your Yu Soul Sect's Dao teachings' day of doom."

Ye Yuan gave a cold snort, his figure swayed, and he disappeared!

After several breaths, someone came to report that Ye Yuan exited the city through the wrecked city gates!

Hearing this news, Cloudsky and Nangong Zifeng, the two people, both heaved a long sigh in relief.

This killing god finally left!

"Quick, seal the city! Absolutely can't let that punk take a step into the Holy City again!" Cloudsky immediately instructed.

He was cowed by Ye Yuan's killing. Today could be said to have suffered grievous losses.

This killing god leaving, his first reaction was not never let this brat enter the city again!

As long as they cut Ye Yuan off outside, with the Divine Dao grand array defending, he definitely could not come in either.

The grand array activating, Cloudsky's heart finally landed too.

"Cloudsky, why do you think Ji Qingyun suddenly pulled back?"

Nangong Zifeng was a little calmer than Cloudsky and kept feeling that Ye Yuan left oddly.

Except, he was the same as Cloudsky, both terrified by Ye Yuan's killing. Hence, that was why he did not recover to his sense for a moment.

Thinking about it at this time, the more he thought, the more amiss it felt.

With him questioning, Cloudsky also immediately felt something amiss and said with furrowed brows, "This ... He either has urgent matters to attend to, or ... the Holy City has an existence that he's apprehensive of! But ..."

The two people exchanged a glance, both seeing the shock from the other party's eyes.

Very clearly, they thought of a possibility.

Except, this kind of possibility, how could Ye Yuan know in advance?

Cloudsky's pupils suddenly constricted, and he said with a face full with remorse, "Damn it, how could I forget this! This brat even comprehended the art of greater teleportation, he definitely comprehended Sudden Impulse too! Him leaving at this time, apart from fearing Qingxuan, who else could he dread?"

Nangong Zifeng also came back to his senses and said with a look of astonishment, "Could it be that ... Qingxuan is already on the way back?"

Nangong Zifeng's words had yet to finish speaking when there was a ripple in the void. An azure-robed man slowly walked out.

The azure-robed man wore a head ornament, his face frosty. With every movement and action, it gave people a feeling of profoundness and inscrutability.

Seeing the wrecked Holy City, the azure-robed man's brows knitted together.

He shot a glance at the Cloudsky duo in the distance and actually slowly shut his eyes!

After several breaths, his eyes suddenly snapped open, his figure abruptly vanishing on the spot!

Cloudsky and Nangong Zifeng exchanged a glance and said in shock, "Qingxuan seems to have had some gains entering the Godsfall Mountain Range this time!

Nangong Zifeng deeply felt that way too and said with a nod, "I discovered that I can't see through him more and more. Perhaps Qingxuan might really be able to be the first powerhouse to step foot into Deity Realm in these 100 thousand years!"

Cloudsky suddenly smiled coldly and said in delight, "*Heh*, it's still too early to talk about this! I want to take a look instead, at whether or not Ji brat can escape Qingxuan's pursuit! Zifeng, you make arrangements for the aftermath. I'll follow after to take a look! That brat practically brought to us an apocalyptic disaster today. Not seeing his head separate from his body personally, this lord isn't reconciled to it! In my view, Qingxuan's destiny isn't weaker than his. I want to see just what kind of a conclusion the clash of two great living unparalleled geniuses will be!"

...

Ye Yuan executed greater teleportation to the limits, 10 thousand miles in a single breath!

The current Zhuge Qingxuan was not what he was capable of contending with.

The moment Sudden Impulse gave an early warning, Ye Yuan knew that it was definitely Zhuge Qingxuan returning!

Regarding this, he could only secretly curse his misfortune.

"I didn't think that Zhuge Qingxuan actually returned at this time. So unlucky! Yu Soul Sect has been adept at being opportunistic these last few years. It looks like they accumulated considerable destiny and isn't fated to die!" Ye Yuan secretly sighed.

The destiny accumulated for a million years was not so easy to extinguish.

In this one million years, no idea how much the Yu Soul Sect profited from wars. Accumulating year in and year out, that was how there was the Holy City today.

Although Divine Dao dwindled to zero, the situation of the Holy City leading the Divine Realm was an irrefutable fact.

This point, Ye Yuan was unable to deny it to.

If not for so, Ye Yuan would not come and seek help from Cloudsky either.

It was just that, did not expect that it would be such a conclusion in the end.

While currently flying, alarm bells suddenly went off. Ye Yuan's countenance changed, and he forcefully stopped his moving momentum in the air.

Ahead, an azure-robed man stood with his hands behind his back, his hand fanning a paper fan.

Who could it be if not Zhuge Qingxuan!

Unrivaled Medicine God

Chapter 1127: Unexpected Turn of Events

"Younger Brother Ji, long time no see. Why are you in such a hurry?"

The Heaven Stabilizing Divine King fanned his paper fan, with the appearance of an elegant young master.

Looked too frail to stand up to a gust of wind, but in reality, he was the most dangerous man in the entire Divine Realm.

Ye Yuan's brows furrowed together. Not seeing him for many years, Zhuge Qingxuan's strength became increasingly unfathomable. This was not a good sign!

The last time he met with Zhuge Qingxuan was more than a hundred years ago.

At that time, the oppressive feeling that Zhuge Qingxuan gave Ye Yuan was far from as powerful as right now.

Looks like over these 20 years, the one who improved was not just him, Ye Yuan, alone!

"Zhuge Qingxuan, put away that act of yours! You're saying it like this young master is very familiar with you," Ye Yuan said nonchalantly.

Since he could not run, then there was only a fight.

If it was a frontal-clash, Ye Yuan was not even Cloudsky and Nangong Zifeng's match, let alone Zhuge Qingxuan who was known as the Divine Realm's number one.

Ye Yuan also did not think that Zhuge Qingxuan's speed was actually so fast. He only used an hour and blocked him.

One had to know that with his current speed, even Nangong Zifeng might not be able to catch up.

For Zhuge Qingxuan to be able to catch up was not strange. But this speed was truly a bit too freakish.

Zhuge Qingxuan's brows raised up, and he said coolly, "Fine then. Since that's the case, how should the matter of you slaughtering the Holy City today be resolved?"

The Heaven Stabilizing Divine King was calm and collected and did not have much sullen anger mixed inside.

But his words radiated awe without being furious.

“*Heh*, don’t be so hypocritical, alright? If you covet the divine inscriptions, just say it straight. Those people are merely ant-like existences to you. Don’t tell me that you only chased after because you have compassion for them!” Ye Yuan said with a cold smile

The corners of Zhuge Qingxuan’s mouth curled slightly, and he said with a faint smile, “*Huhu*, a straightforward person doesn’t resort to insinuations. Hand over the divine inscriptions, and I’ll make it painless for you!”

The moment the word ‘painless’ came out of his mouth, a faintly discernible source power instantly spread out.

Ye Yuan instantly felt the entire world crushing down toward him.

A faint Divine Dao power of laws spilling over warded this pressure off outside.

Seeing this scene, the Heaven Stabilizing Divine King’s gaze sharpened slightly, and actually revealed some delight.

“Looks like your extent of shamelessness as the Yu Soul Sect’s number one person in this age is the greatest in the world!” Ye Yuan said with a smile that was not a smile.

Zhuce Qingxuan did not get too annoyed and said coolly, “Since you know, it seems like there’s no need for this seat to waste my breath. Are you handing it over yourself, or do you want this seat to personally take action?”

In Zhuge Qingxuan’s eyes, those divine king powerhouses, even void mystic powerhouses, were also merely ant-like existences.

Perhaps Cloudsky and Nangong Zifeng they all would still take to heart their secular status, and care about the life and death of the Holy City’s powerhouses.

But Zhuge Qingxuan would not care at all.

What was truly able to move him was only Deity Realm!

Ye Yuan also smiled lightly and said, “If you have the capabilities, come and take it yourself!”

Swish!

Zhuce Qingxuan folded his fan and put it away, and still had a collected look as he said, “Looks like you’re refusing a toast only to drink to a forfeit!”

Zhuce Qingxuan’s fan pointing out, the entire world collapsed because of it!

Ye Yuan’s eyes turned intent. An oppressive force that could topple mountains and overturn the seas instantly restrained his entire person!

The art of greater teleportation actually utterly lost effectiveness at this instant!

Bystanders completely had no way of imagining how such a sloppy and ordinary attack actually encompassed the might of heaven and earth!

“Your Divine Dao laws are too simple and plain!”

Zhuge Qingxuan had a look of disdain.

In this world, powerhouses able to obtain divine inscriptions could be counted on one's fingers.

But powerhouses able to comprehend divine inscriptions were in the minority.

But if discussing whose comprehension in Divine Realm laws ranked at the top of the list in the Divine Realm, it was none other than the Heaven Stabilizing Divine King, Zhuge Qingxuan!

Previous life, Ye Yuan had interactions with Zhuge Qingxuan before.

It was just that at that time, Zhuge Qingxuan did not display his true strength before at all.

But today, Ye Yuan finally experienced why Zhuge Qingxuan was able to be respectfully titled the Heaven Stabilizing Divine King!

This fan, Ye Yuan actually had a feeling of being powerless to resolve it.

Crack! Crack! Crack!

Ye Yuan sensed that his surrounding space was collapsing due to it.

Along with it, his body also had a feeling of being torn apart by space.

Currently, Ye Yuan was able to feel that the Divine Dao laws which Zhuge Qingxuan comprehended were much stronger than his!

"Puu, puu, puu ..."

Ye Yuan's powerful fleshy body actually cracked apart inch by inch under the heavy pressure, fresh blood spraying wildly.

Ye Yuan clenched his jaws tightly, feeling like the entire world was crumbling.

This was the true power of Divine Dao laws.

Ye Yuan's Sword Dao had merely just crossed the threshold.

Facing Zhuge Qingxuan, he was too weak!

"Huhu, when the tiger isn't in the mountains, the monkey proclaims itself as king! Do you really think that my Holy City is a soft persimmon that anybody can knead?"

Zhuge Qingxuan had plenty of strength to spare and was filled with scorn towards Ye Yuan.

The blood vessels in Ye Yuan's arms and legs ruptured inch by inch, fresh blood pouring out like a fountain.

He finally knew why the Ten Great Divine Kings were hailed as invincible.

The Divine Realm's number one was too strong!

Ye Yuan's greatest reliance was greater teleportation.

It was also precisely because he had this secret art that he dared to dance around with a powerhouse like Cloudsky.

But now, his greater teleportation could not be displayed!

Right at this time, Cloudsky finally rushed over. He was just in time to see the scene of Ye Yuan's death throes and could not help letting out a wild laugh.

This entire day, he was in a state of extreme breakdown.

Seeing Ye Yuan about to be eradicated, all of Cloudsky's dejection was released at this moment.

"Ji brat, aren't you very arrogant? Didn't you want to wipe out my Holy City's Dao teachings? Why don't you wipe it out?!" Cloudsky said with a wild laugh.

Toward Cloudsky's mocking, Ye Yuan turned a deaf ear to it.

He did not have time to care about Cloudsky's ridiculing at all!

The current Ye Yuan already entered a mysterious state.

Zhuge Qingxuan's pressure made his fleshy body sustain tremendous pressure.

But the Vast Heaven Stele in his body actually had a reaction at this time!

Skydistant imparted Ye Yuan the Vast Heaven Chaos Spell. But this kind of profound Divine Dao laws, Ye Yuan had not learned the rudiments yet.

But now, Ye Yuan felt like his head was exploding.

Those divine inscriptions like just like a bunch of bandits, forcefully barging into his sea of consciousness.

After obtaining the Vast Heaven Chaos Spell, Ye Yuan had once taken the initiative to attempt to comprehend it but gleaned nothing.

The hardest thing about divine inscriptions was crossing the threshold. The Vast Heaven Chaos Spell, Ye Yuan could not even cross the threshold.

Currently, it was as if those divine inscriptions had life. Ye Yuan clearly did not go and comprehend them, but they took the initiative to integrate into Ye Yuan's mind.

Ye Yuan's entire body trembled. A pale-yellow light thoroughly enveloped him.

The squashing of space originally was actually blocked outside by this pale-yellow light!

Zhuge Qingxuan's smile immediately froze on his face.

His Divine Dao laws power was actually unable to advance an inch further!

He could not help increasing his force more, but ... that yellow light did not budge an inch, wrapping Ye Yuan up and protecting.

[Unrivaled Medicine God](#)

Chapter 1128: Peak Confrontation!

“Vast Heaven Stele!”

A change in countenance appeared for the first time on Zhuge Qingxuan’s face.

Boom!

Ye Yuan’s entire body trembled, directly disintegrating Zhuge Qingxuan’s restrictive force.

Accurately speaking, it was the Vast Heaven Stele who scattered it.

The Vast Heaven Stele suspended above Ye Yuan’s palm quietly. A pale-yellow light halo intertwined around it akin to wandering dragons, exuding waves of mysterious aura.

Ye Yuan looked at Zhuge Qingxuan and said with a cold smile, “Looks like the Vast Heaven Inheritance hates the Yu Soul Sect’s inheritances very much! Thanks, Zhuge Qingxuan!”

Cloudsky’s laughter abruptly ceased. He was still waiting for Ye Yuan to be crushed into minced meat earlier. In a blink of an eye, such a sudden turn of events actually occurred.

“Could it be that this brat is really unkillable?”

Cloudsky was angered until his expression was livid. Fortunately, nobody was around here. Otherwise, this old face would really not have places to put today.

After the shock, Zhuge Qingxuan composed himself very quickly and said coolly, “Although the Vast Heaven Stele is strong, your strength is still too weak! Even if you’re able to control the Vast Heaven Stele, it’s hard to escape death today as well.”

Zhuge Qingxuan opened up the folded fan and fanned towards Ye Yuan without another word.

His action did not have much pompousness, just a simple fanning. But it gave people a feeling of profoundness and inscrutability.

“Huuuuu ...”

A terrifying essence energy light beam shot straight at Ye Yuan’s face.

Ye Yuan’s gaze turned intent, instantly feeling a mountain-like pressure.

This fan was way stronger compared to that one just now.

Ye Yuan hurriedly revolved the Vast Heaven Chaos Spell he just comprehended and cried out loudly, “Go!”

The Vast Heaven Stele was like a cannonball, welcoming Zhuge Qingxuan’s essence energy light beam.

Boom!

The essence energy light beam smashed onto the Vast Heaven Stele, giving off a dazzling light.

The Vast Heaven Stele that had always succeeded was actually directly smashed flying backward!

“Puhwark!”

Ye Yuan spewed out a mouthful of blood. His internal organs already suffered serious injuries!

Zhuge Qingxuan was too strong!

“The Vast Heaven Stele is merely thus!” Zhuge Qingxuan said indifferently.

Although his words were very calm, it exuded a thick mocking intent.

When Cloudsky saw the situation, he was similarly overjoyed.

He had to admit that that attack Ye Yuan controlled the Vast Heaven Stele to perform earlier, was very impressive.

Even he would likely need to expend quite a bit of effort to deal with it as well.

“*Hahaha*, Son of Heaven’s Mandate, this old man wants to see if you’re really unkillable!”

Zhuge Qingxuan’s might let Cloudsky find confidence once more, giving Ye Yuan hell.

Ye Yuan’s face was deathly pale. That attack of Zhuge Qingxuan’s earlier was truly incomparably profound.

Ye Yuan comprehended quite a few divine inscriptions presently and already had a shallow understanding of Divine Dao laws.

The Divine Dao laws contained in that fan of Zhuge Qingxuan’s was extremely profound!

One had to know that Zhuge Qingxuan only unleashed the attack with essence energy and not divine essence.

Facing such an attack, if Ye Yuan did not take the Mystic Art Holy Tortoise Shell out, he could not block it at all.

Yet, even if he took out the Mystic Art Holy Tortoise Shell, once the power was exhausted, he was likewise a cooked goose ¹.

At the moment, he seemed to have walked into a blind-alley.

Zhuge Qingxuan looked at Ye Yuan and said indifferently, “Son of Heaven’s Mandate, is it? I want to take a look at whether or not I can contest for this heaven’s mandate with you!”

While talking, Zhuge Qingxuan’s body actually gradually became illusionary.

At this instant, he seemed to have merged into one with this heaven and earth.

It was as if he was the world, and the world was ... Zhuge Qingxuan!

When Cloudsky saw this scene, he could not help laughing loudly as he said, “*Hahaha*, what a terrific Qingxuan! Your Brahma Heart Sutra actually broke through once again! When you kill Ji Qingyun and snatch his Vast Heaven Stele, you might not be incapable of breaking this heaven and earth’s fetters, and step foot into Deity Realm!”

“Carefree Empty Intent!”

Zhuge Qingxuan’s wrist shook. A surge of terrifying Divine Dao laws crept out.

For a moment, the winds blew and the clouds rolled. The power of laws roused a terrifying essence energy undulation, gradually forming an essence energy dragon!

Ye Yuan's eyes turned intent. This move was too strong. He knew that he was completely unable to match it!

Just as he was planning on taking out the Mystic Art Holy Tortoise Shell, an abnormality suddenly occurred.

In the sky, flames suddenly surged.

That terrifying temperature was seemingly going to incinerate this world entirely!

Likewise, a terrifying Divine Dao law, a fire-attribute Divine Dao law!

This unexpected sudden turn of events did not make Zhuge Qingxuan have any change in countenance. But his brows knitted together tightly.

Rumble!

Two surges of immensely powerful source power collided together. That impetus directly shattered the firmament!

That kind of power truly shook heaven and earth, and made gods weep!

The unceasing air billows lasted for 15 minutes before it gradually dissipated.

Zhuce Qingxuan's Carefree Empty Intent was actually neutralized just like that.

In this world, there was actually still someone capable of rivaling the head of the Ten Great Divine Kings, the Heaven Stabilizing Divine King!

"Teng Yun, could it be that you want to set yourself against this seat?" Zhuge Qingxuan said with furrowed brows.

Inside that boundless flames, a yellowed-clothed man slowly walked out. It was clearly the Teng Yun from Zhuge Qingxuan's mouth.

"I'm here to bring Ji Qingyun again! If you dare to bar the way, what's the harm in making an enemy out of you?"

Teng Yun's nonchalant words had a manner of not placing the Heaven Stabilizing Divine King, this Divine Realm's number one, in his eyes at all.

"The people that this seat wants to kill, there has never been anyone who's able to bring them away before!" Zhuge Qingxuan said.

Teng Yun said coolly, "People that this seat wants to bring away, nobody can kill either! Even if you're hailed as the number one divine king!"

"Teng Yun, you and I will eventually have a battle. Picking a date is not as good as a chance encounter. Since we met today, battle it out then! I want to take a look if you, this Spirit Bristle Divine King, are really as formidable as in the legends!" Zhuge Qingxuan said.

It turned out that this Teng Yun was actually the legendary Spirit Bristle Divine King ranked second among the Ten Great Divine Kings!

Who else in this world that could be Zhuge Qingxuan's match? It was none other than the Spirit Bristle Divine King!

Looking at Teng Yun's back view, Ye Yuan felt a multitude of feelings surge up too.

He never thought that at the final moment, it was actually Teng Yun who came to save him.

It seemed like only Teng Yun had the ability to save him.

Looking at it now, between the Heaven Stabilizing Divine King and Spirit Bristle Divine King, there ultimately needed to be a battle.

Among the Ten Great Divine Kings, they had never battled in front of outsiders before.

Their relative superiority or inferiority in strength, nobody ever knew as well.

But today, could it be that a victor was going to be decided between the Ten Great Divine Kings' number one and number two?

Teng Yun said coolly, "If you want to fight, then fight! The Heaven Stabilizing Divine King's Brahma Heart Sutra, this Teng has long wanted to have a taste of it as well!"

"Ji Qingyun, you leave first. I'll follow soon after!" Teng Yun turned around and said to Ye Yuan.

Ye Yuan revealed a complicated look, but finally still nodded his head and said solemnly to Teng Yun, "Take care!"

Done talking, Ye Yuan directly cast the art of greater teleportation, and he appeared 10 thousand feet away.

"Want to run? Where are you going?!"

How could Cloudsky passively watch Ye Yuan leave? He instantly gave chase!

But he had yet to chase out very far when a ball of terrifying flames came from head-on.

Cloudsky was greatly astonished and hurriedly mustered up his divine king domain.

Boom!

Cloudsky's body floated down to the ground like a kite with a broken string.

[Unrivaled Medicine God](#)

Chapter 1129: It's All Fate!

Ye Yuan's fleeing speed was extremely fast. In a blink of an eye, he went several tens of thousands of miles away.

But his injuries were extremely severe, and he was completely unable to exhibit his movement technique anymore. So he simply found a secluded place and recuperated his injuries.

Consuming Tier 9 healing medicinal pills, after a day, Ye Yuan's injuries finally obtained preliminary control.

"The title of the Ten Great Divine Kings are indeed well-deserving of their reputation! Reaching their kind of boundary, even Void Mystic powerhouses are ant-like existences too!"

Recalling that scene previously, Ye Yuan felt considerable vicissitude of emotions too.

Someone as powerful as Cloudsky also could not last more than one exchange in front of Teng Yun.

When Ye Yuan escaped, even separated by a distance of 10 thousand miles, he could also feel that terrifying undulation at the back.

This kind of confrontation between experts, using rocking the heavens and shaking the earth to describe it was not over the top in the slightest.

Just as Ye Yuan was feeling emotional, a trace of ripple surfaced in the space. Teng Yun's figure appeared in front of Ye Yuan.

Ye Yuan looked at Teng Yun and said with a frown, "You got injured?"

Teng Yun said with a smile, "Minor injuries. He isn't much better off than me either."

"Who won or lost?" Ye Yuan said curiously.

"Considered a draw!" Teng Yun said.

When Ye Yuan heard that, he could not help saying rather surprisedly, "Looks like this Divine Realm's number one is somewhat undeserved reputation!"

"No, he's stronger than me! I can sense that he still has trump cards yet to use. If we really have a life-and-death struggle, I most likely wouldn't be his match," Teng Yun said.

Ye Yuan was endlessly shocked when he heard.

Reaching Teng Yun's level of realm, everyone cherished life greatly.

Especially Zhuge Qingxuan, his cultivation realm was extremely high and could be said to be the person with the greatest potential of breaking through to the Deity Realm.

If it ruined the chance to break through to the Deity Realm because of a battle, it was not worth it!

Even if Zhuge Qingxuan was able to kill Teng Yun, he was certain to have to pay a terrible price. He naturally would not do this kind of meaningless thing.

Although killing Ye Yuan was very important to Zhuge Qingxuan, compared to breaking through to Deity Realm, it was not considered a big deal.

The two people battled for a day and night and finally still wound up the matter with a draw.

But to be able to fight to a draw with Zhuge Qingxuan, this outcome still greatly exceeded Ye Yuan's expectations.

After all, Zhuge Qingxuan's awe-inspiring reputation was too overwhelming. The title of Divine Realm's number one was no joke. He even personally experienced it before previously.

Previously, when Ye Yuan left, he was still very worried about Teng Yun.

First and second sounded about the same, but just how far apart, nobody knew without fighting at all.

Looking at it now, the Spirit Bristle Divine King's strength was even stronger than what the average person imagined!

He, this number two, lived up to his reputation.

Ye Yuan fished out a medicinal pill and threw it to Teng Yun and said, "Eat it. Your injuries are not severe and should be able to heal very quickly."

Teng Yun received the medicinal pill. A burst of exotic fragrance hit his nose, and his expression could not help turning intent as he said, "Arcane insight rank! What a fine Ji Qingyun! Looks like you finally comprehended the Medicine God's Soul Canon!"

But hearing these words, Ye Yuan heightened vigilance in his heart and said, "You know that my father had the Medicine God's Soul Canon?"

He heard his father mentioned it before that there was barely anyone knew about the Medicine God's Soul Canon. Although the relationship between the Spirit Bristle Divine King and the Medicine King Hall was pretty good, it was not good to that degree!

Seeing Ye Yuan's vigilant look, Teng Yun smiled and said, "You don't have to be like this. This seat isn't your enemy! When Ji Zhengyang obtained the Medicine God's Soul Canon, I was right beside him!"

Ye Yuan was incomparably stunned when he heard that. If it was really this case, then Ji Zhengyang and Teng Yun's relationship was not as simple as on the surface!

It was just that Ye Yuan was no longer an ignorant person long ago. How could he easily believe these words?

Seeing Ye Yuan's look of disbelief, Teng Yun continued, "Do you know why I did I impart you this Spirit Bristle Nine Yang Divine Art?"

Ye Yuan was stunned and thought to himself: *Although this Spirit Bristle Nine Yang Divine Art only had the first-half, without a doubt, it is one of the Divine Realm's pinnacle-most cultivation method!*

If so, then why would Teng Yun impart it to him?

Back then, he only naively thought that the medicinal pill he refined was too valuable, that was why Teng Yun would reluctantly part with what he treasured.

Thinking about it carefully now, this logic seemed to be somewhat flawed.

It was just that in his previous life, Ye Yuan did not pay attention to these things before. While in this life, Ye Yuan was constantly embraced by hatred and never thought of this problem at all.

“Actually, the ones who calculated that this era’s Son of Heaven’s Mandate is you weren’t merely just the fiend race! Our human race also have a major power who divined that you’re the Son of Heaven’s Mandate! Imparting you the Spirit Bristle Nine Yang Divine Art was in order to let you cultivate well and protect yourself. But who knew that ... man proposes, while God disposes. I was still a step slow in the end.”

Talking until here, Teng Yun also heaved a slight sigh.

He was not a member of the Medicine King Hall after all, and he had many matters himself too. It was impossible to keep on staying at the Medicine King Hall.

Except, he did not expect that the fiend race’s scheme was a stroke higher, resulting in the entire Medicine King Hall to be destroyed.

Hearing up to here, Ye Yuan was unbelievably shocked in his heart.

It turned out that in the past several hundred years, the two races’ major powers have already been secretly contending in the dark already.

And the focal point of contention was on him!

It was just that in the end, it seemed like it was the fiend race’s major power who was ultimately a notch higher.

Back then, when the Spirit Bristle Divine King was informed of the Medicine King Hall’s accident, he planned to charge up to the Medicine King Hall but was stopped by the human race’s major power in the end.

Ye Yuan was perplexed as he said, “Since you know that I’m the Son of Heaven’s Mandate, why not tell me bluntly?”

Ye Yuan felt that if Teng Yun had told him earlier, perhaps his father would have been able to take precautions early. Maybe there would not be so many things afterward.

Teng Yun shook his head and said, “Heaven’s secrets cannot be divulged! Moreover, identifying that you’re the Son of Heaven’s Mandate was only a conjecture. The major power could only calculate an approximate location. As for the specifics of who it was, there was no way of determining. I believe that the fiend race’s major power is likely the same as well. Honestly speaking, the former you ... was still lacking the qualifications to be called the Son of Heaven’s Mandate!”

It was not that Teng Yun looked down on Ye Yuan, but the previous life’s Ye Yuan pursued Alchemy Dao wholeheartedly and completely had no time to attend to the martial path.

Although Alchemy Dao was powerful, it was unable to overturn the raging tides.

What could truly lead the human race to rise up was still a martial Dao supreme overlord!

Ye Yuan suddenly recalled that the Spirit Bristle Divine King had once consciously or unconsciously urge Ye Yuan to cultivate the martial path back then but was directly ignored by him.

Thinking about it now, turned out that Teng Yun had expended much thought and care back then!

It was just that, it seemed like his performance in his past life made him somewhat disappointed.

“The Son of Heaven’s Mandate was already dead. Then what did you do in those few years?” Ye Yuan said.

Teng Yun looked at him and said smilingly, “Being informed of the news of the Medicine King Hall’s destruction and you guys, father and son’s death, I felt like the sky had fallen down at that time. Who knew that later on, the major power summoned me over and said that there’s still a turning point for the matter and made me dive into cultivation and quietly wait for the appearance of the turning point. Now, I finally know what this turning point is.”

Talking up to here, he let out a sigh and said, “Looking at it now, heaven’s will is hard to infer! Regardless of whether it was the human race’s major power or the fiend race’s, it seems like it was all making a wedding gown for your appearance! They schemed against Heavenly Dao, but never would have thought that they themselves were actually schemed against by Heavenly Dao!”

Unrivaled Medicine God

Chapter 1130: Spirit Bristle Nine Yang Divine Art’s Origins

The information obtained out of the Spirit Bristle Divine King’s mouth made Ye Yuan feel an upsurge of emotion too.

He never thought before that he actually became the center of the whirlpool of the human and fiend, two race’s veiled strife.

He also never thought that there was actually someone truly capable of prying into Heavenly Dao and calculating everything.

“The major power that you speak of, just what kind of person is he? With your strength, could it be that you still have to bow down to him?” Ye Yuan said with a frown.

From Teng Yun’s words, Ye Yuan could sense that he was very respectful towards that so-called major power.

Ye Yuan examined himself and thought that he was already very familiar with the Divine Realm. But he had never heard before that the human race actually still had such an existence!

According to what the people knew, the Ten Great Divine Kings was already the apex of what humans were capable of reaching.

Who else could make the Spirit Bristle Divine King, this kind of powerhouse, be so respectful?

Teng Yun shook his head and said, “He said before: we’ll naturally meet if fated. It’s just that right now, the time isn’t right. As for how formidable his strength is, I can’t say for sure either. But ... for me to be able to have today’s fortunes, it was all thanks to him!”

Teng Yun’s words made Ye Yuan endlessly shocked.

To be able to foster the Spirit Bristle Divine King, this kind of powerhouse, single-handedly, then how powerful should his strength be?

Ye Yuan frowned and said, "If he really has this kind of strength, why doesn't he step forward himself?"

Teng Yun said, "He naturally has difficulties in disclosing! His strength might not be very great, but his prophetic ability is unmatched by all! It was him who told me the news of the Spirit Bristle Nine Yang Divine Art coming into existence. He made me take action to seize it. If not for his guidance, how could I, this martial artist who was only First Level Dao Profound back then, be able to obtain such a heaven-defying cultivation method?"

This was truly a mysterious existence. He seemed to be an invisible hand, manipulating the entire Divine Realm's direction.

Even the Spirit Bristle Nine Yang Divine Art, this kind of heaven-defying cultivation method, he was actually able to accurately predict too.

Ye Yuan could not help sighing emotionally after hearing it. This was really a terrifying existence.

It was just that, that fiend race existence did not seem to be some nice person either.

Under his schemes, Fiendgod Jia Lan and the Holy Mother Devil Flower came into being one after another.

On this point, it seemed like this human race major power fell into a disadvantageous position again.

Looking at the current Divine Realm's direction, it was clearly the fiend race who took the massive upper-hand!

Thinking about it like this, that fiend race existence seemed to be even more fearsome!

"Then you coming to save me this time was already divined by that person?" Ye Yuan said curiously.

Teng Yun did not deny it and said with a nod, "That's right! A month ago, I suddenly received his news, making me come to the vicinity of the Holy City. I didn't think that you were actually being hunted down by Zhuge Qingxuan!"

Ye Yuan also heaved a long sigh when he heard that and said, "Originally, I planned on exterminating the Yu Soul Sect's Dao teachings. But I didn't expect Zhuge Qingxuan to actually come back at this time! However, although I didn't succeed this time, they suffered a great loss in vitality too!"

Hearing Ye Yuan's words, with Teng Yun's composure, he drew a cold breath too.

Exterminating the Holy City's Dao teachings, this kind of thing, even he did not dare to think about it. To think that this brat did it!

When he heard Ye Yuan say that he killed five of the Holy City's Void Mystic powerhouses and eliminated the Purple-Gold Hall's divine king powerhouses, he could not help staring aghast with his jaws slack.

With his cultivation realm, it was already very hard for something to be able to make him visibly moved.

But Ye Yuan's actions were undoubtedly a heavyweight bomb, making him incredibly alarmed.

Only after a long time did Teng Yun said emotionally, “You, this brat, are truly a freak! But this matter was beautifully done!”

The two people exchanged a glance, both roaring with a hearty laugh.

Although Ye Yuan’s actions were incapable of wrecking the Holy City’s foundations, it was absolutely able to make it hard for them to bear.

Divine king powerhouses were not considered much. But Void Mystic powerhouses, each one was extremely valuable.

Ye Yuan’s indiscriminate killing could be said to have severed half of the Holy City’s foundation.

“Since you already know about the Yu Soul Sect, then you should also know about the ancient Heaven One Sect, right?” Teng Yun asked.

Ye Yuan nodded his head, expressing that he was aware.

“Then do you know where the Spirit Bristle Nine Yang Divine Art originated from?” Teng Yun asked again.

Ye Yuan was stunned when he heard that. Could it be that this Spirit Bristle Nine Yang Divine Art still had a great background?

Recalling it a bit, seemed like it really was so!

If not for a great background, what right did Teng Yun have to be evenly-matched with Zhuge Qingxuan?

Ye Yuan suddenly recalled Skydistant mention before, there had once been three great Origin Deity Realm powerhouses a million years ago. The strongest was Absolute Heaven, next was Zuo Zong.

While the other person, Skydistant did not say. But he was clearly an exceptionally terrifying existence too.

Could it be that this Spirit Bristle Nine Yang Divine Art was actually his legacy?

“Could it be that the Spirit Bristle Nine Yang Divine Art is the legacy cultivation method of the ancient Nine Suns True Sect?” Ye Yuan said in amazement.

Teng Yun smiled and said, “That’s right! The sects from a million years ago, the information left behind currently are already extremely few. But this Spirit Bristle Nine Yang Divine Art and the Yu Soul Sect’s Brahma Heart Sutra were known as the three great unparalleled cultivation methods at that time along with the Heaven One Sect’s Vast Heaven Sword Art! One million years ago, the Nine Suns True Sect’s sect master, Jiang Chen, cultivated it to the eighth level, his cultivation reaching the heavens!”

Ye Yuan was amazed as he said, “I didn’t think that the Spirit Bristle Nine Yang Divine Art actually still had such an origin! Senior Jiang Cheng assisted Senior Absolute Heaven and defeated the fiend race with the utmost effort, but he was willing to stay behind the scenes. Truly respectable! Rather, that Zuo Zong left behind a Dao teaching that brought harm for a million years. Simply the disgrace of the human race!”

Teng Yun deeply felt that way too as he said, "I cultivate the Spirit Bristle Nine Yang Divine Art. The person that I respect most in this life is Senior Jiang Chen! Ji Qingyun, you entered Dao with the sword, but you never seemed to have cultivated the Vast Heaven Sword Art. This Spirit Bristle Nine Yang Divine Art's second-half, I'll impart it to you. If you can have some comprehensions, you can similarly carve out a Great Dao!"

Ye Yuan's gaze turned intent and he said, "You can really bear to part with it?"

Teng Yun said with a smile, "What's there to be reluctant about? As long as we can repel the fiend race, forget about a cultivation method, even if it wants this Teng's life, why not?"

Toward Teng Yun, Ye Yuan could not help feeling great respect.

Deity Realm cultivation methods were incomparably precious, let alone the Spirit Bristle Nine Yang Divine Art, this sort of cultivation method that could cultivate to the Origin Deity Realm.

Teng Yun actually took it out without even batting an eyelid. It could be seen that he did not just obtain the Nine Suns True Sect's legacy, even the character was passed down too.

It looked like when this cultivation method chose the successor back then, not anybody could obtain it.

Everything was foreordained by heaven!

...

Divine inscriptions slowly flowed into Ye Yuan's sea of consciousness. The Spirit Bristle Nine Yang Divine Art within Ye Yuan's body started to automatically revolve.

Everything was achieved without effort!

Ye Yuan's Spirit Bristle Nine Yang Divine Art's first-half had not been cultivated fully yet. His comprehensions toward these divine inscriptions were not deep.

But some of the originally obscure aspects became clear now.

Under this surge of Divine Dao laws' putting into motion, Ye Yuan's cultivation realm actually showed some improving.

Seeing that Ye Yuan's comprehension ability was so high, Teng Yun was greatly shocked too.

Back then, he went into closed-seclusion for 500 years before cultivating the first-half of the Spirit Bristle Nine Yang Divine Art to the perfection of the ninth level.

But Ye Yuan only cultivated this cultivation method for over 20 years and was actually almost reaching the great circle of perfection realm already!
