#### Chapter 1131: Meeting an Old Acquaintance in a Foreign Land

“Indeed worthy of being the Son of Heaven’s Mandate. Your talent is truly heaven-defying! With such excellent talent, your previous life was truly wasted!”

Watching Ye Yuan who broke through to the Sixth Level Dao Profound, Spirit Bristle Divine King had a look of shock.

Under this contrast, the disparity emerged.

Ye Yuan said smilingly, “Brother Teng is too modest. Who doesn’t know your talent in the Divine Realm? To be able to comprehend the Spirit Bristle Nine Yang Divine Art to such an extent, a second one can’t be found in this Divine Realm.”

It was not that Ye Yuan was flattering him. Divine inscriptions were not what anybody could comprehend.

Like Cloudsky and Nangong Zifeng, they were likewise the Brahma Heart Sutra’s successors. But regarding comprehension towards divine inscriptions, they could not even see Zhuge Qingxuan’s back.

Also, the dragon clan similarly had divine inscriptions. But Ao Duo’s comprehension was likewise limited.

Hence, to be able to comprehend divine inscriptions to such a level, Teng Yun was absolutely a talented prodigy.

Teng Yun scolded with a peal of laughter, “Aren’t you this second person? I’m only several thousand years older than you. Your accomplishments along this path in the future will surely not be beneath mine! No, wait, with your comprehension ability, you’ll definitely surpass your predecessors!”

“Oh, right, Brother Teng, I wonder which level your Spirit Bristle Nine Yang Divine Art is comprehended to?” Ye Yuan suddenly asked curiously.

Apart from the Medicine God’s Soul Canon, Ye Yuan’s comprehension of Divine Dao laws were still very superficial.

Towards the ranking of Divine Dao laws, Ye Yuan was still very fuzzy.

But Teng Yun was unable to stifle laughter when he heard that and said, “What level can there be? Without Deity Realm cultivation, how can comprehending Divine Dao laws be so easy? To be able to comprehend the first level to the great circle of perfection realm is already very fortunate. Just this first level, this Teng has already comprehended for over a thousand years, and also just barely managed to reach the late-stage of the first level.”

Ye Yuan was unbelievably surprised when he heard that too. Teng Yun, this kind of peerless genius who cultivated along this path for over a thousand years, actually did not even reach the perfection of the first level!

It could be seen how difficult the comprehension of Divine Dao laws was.

Except, Ye Yuan also knew that this was primarily still limited to cultivation realm.

If he was able to break through to the Deity Realm, Teng Yun's accomplishments definitely would not stop here!

Right then, Teng Yun took out a piece of jade pendant and passed it to Ye Yuan as he said, "This jade pendant contains a trace of my divine sense imprint. If you need my help, crush it. I'll naturally rush over. At present, the fiend race is itching to take action. I still have other matters to attend to and won't accompany you on your journey."

Ye Yuan nodded and said, "Thank you very much for this trip, Brother Teng!"

...

After separating from Teng Yun, Ye Yuan also behaved in a low-profile manner and hastened along the way.

This place was still within the Holy Region's boundary. Ye Yuan was unable to enter into the city and transfer away.

Probably the moment he entered the city, the Holy City's side would know.

With Zhuge Qingxuan's strength, if he chased after again, it would likely not make it for Teng Yun to want to rush back.

Hence, Ye Yuan exercised caution along the way and only left the Holy Region after traveling for more than a month.

Tranquil Sun City was a Rank Two Holy Land's main city.

This Tranquil Sun Holy Land was also a vassal holy land of the Holy Region. But this place was already very far from the Holy City. The Holy Region's control was already comparatively weaker.

As long as Ye Yuan was a little more careful, there was naturally no harm.

After entering the city, Ye Yuan suddenly discovered that he seemed to not have much heaven essence crystals on him anymore.

Inside the Bloodrain Wilderness, in order to set up the Nine-Nine Illusionary Spirit Heaven Slaughter Formation, Ye Yuan virtually exhausted all of the heaven essence crystals on him.

Currently, he was practically without a penny in his pocket.

Riding the transmission array and leaving naturally required a considerable sum of heaven essence crystals.

"Looks like I got to sell off some things." Ye Yuan said with a sigh.

Apart from that period when he just ascended, Ye Yuan never seemed to have worried about essence crystals before.

He did not think that at this time, a single cent stumped a hero.

Fortunately, Ye Yuan had numerous spirit medicines on him. The medicinal pills that he refined were also not in small numbers. There was no harm in selling off some.

Since it was selling off, Ye Yuan naturally had to find a trustworthy merchant.

Ye Yuan stopped a martial artist and asked, "This brother, is there a Meteor Trading Company in Tranquil Sun City?"

The moment that person heard the name Meteor Trading Company, he could not help looking at Ye Yuan with an odd expression and said, "*Heh*, there is still today, but tomorrow, reckon that there won't be anymore. This little brother, if you want to buy stuff, it is best to go to the Pola Trading Company. After today, the Meteor Trading Company is going to be thoroughly incorporated into the Pola Trading Company."

The Pola Trading Company out of the martial artist's mouth, Ye Yuan was naturally aware it.

The Divine Realm had a total of nine great trading companies. Eight great trading companies among them were all rank one forces. Only this Pola Trading Company was a quasi-super holy land.

There was naturally some competition between the nine great trading companies, but it also formed a delicate balance.

For so many years, the nine great trading companies mostly competed financially.

This time, it seemed to be somewhat unusual!

Ye Yuan could not help being very surprised when he heard and asked again curiously, "What does this mean?"

That martial artist looked at Ye Yuan with a look of disdain and said, "Such a major event happened to the nine great trading companies, and you're actually unaware?"

Ye Yuan flushed red and said, "This younger brother stayed for the greater part of a year inside a mystic realm. What happened to these nine great trading companies, I'm really unaware."

The martial artist had a look of realization and explained, "So that's how it is! Around half a year ago, the Pola Trading Company suddenly launched an attack, sweeping across the other eight great trading companies with a momentum like a sudden peal of thunder, which left no time for covering ears. At present, those of the eight great trading companies who died are dead, and those injured are down. They are already long in tattered wrecks. Only this Meteor Trading Company escaped a calamity instead, because the main boss is missing, and the daughter, Miss Qian-er, has been searching for her father all along! Speaking of which, it's a coincidence too, that Miss Qian-er just happened to come to this Tranquil Sun City two days ago, but was directly confronted in Tranquil Sun City by the Pola Trading Company's powerhouses. At present, the two great trading companies are duking it out. Even City Lord, His Excellency, don't dare to intervene either. I reckon that after tonight, the Meteor Trading Company won't be able to hold on anymore."

Hearing these words, monstrous waves surged in Ye Yuan's heart.

The nine great trading companies had always been living harmoniously in peace in these thousand years. He did not think that such a sudden turn of events actually occurred.

Ye Yuan knew that the Pola Trading Company was stronger than the other trading companies, but to say annihilate the other eight houses overnight, they definitely did not have that strength!

Could it be that ... it was the fiend race causing trouble in-between this again?

The fiend race could even plant informants in the Holy City. It was still unknown how many contingency plans they set up.

Them secretly controlling the Pola Trading Company did not have any strange areas at all.

“This big brother, thank you very much! I wonder where this Meteor Trading Company is at in the Tranquil Sun City?” Ye Yuan asked with a smile.

“Pass two streets, make a right turn, and you’ll reach it! Young lad, although your strength is decent, I urge that you’d best not tread into the muddy waters. Otherwise, it will be hard to even fend for yourself!” This martial artist was warmhearted and warned him.

Ye Yuan clasped his hands with a smile as he said, “Many thanks to this big brother. This younger brother got it.”

The moment that martial artist left, Ye Yuan’s expression turned grim.

Even if this matter was not done by the fiend race, Ye Yuan had to stick a hand in as well.

Matters of the world were hard to predict. Ye Yuan also did not expect that it was so coincidental. Qian-er was actually in this Tranquil Sun City.

Back then, Ye Yuan had just ascended not long and was considered to have gotten along merrily with her.

He did not think that this farewell, over a decade had gone by.

Since Qian-er was here, Ye Yuan had to intervene in it no matter what.

#### **Chapter 1132: Trading World’s Change**

Meteor Trading Company’s Tranquil Sun Branch, at this time, it was surrounded by a group of experts until it was impermeable.

Those powerhouses were wearing the Pola Trading Company’s attires. Each and every one of them was actually all divine king realm experts.

To a trading company, divine king realm experts were not often seen.

Dispatching out so many at once, was truly rather exaggerated.

The Meteor Trading Company’s side also had some divine king experts. But each and every one of them was having injuries on them. By the side, even laid quite a number of dead bodies.

These divine kings guarded a dainty and exquisite girl in the center, who had the appearance of looking at death calmly in the face.

*"Heh heh, little girl, Zhao Qian, hand over the Meteor Star Token obediently. Maybe this old man can still take you in as a concubine and give you a way out. If you put up a stubborn resistance, once Lord Qin Chuan arrives, it'll likely not be that easy even if you want to die!"* said a Pola Trading Company's middle-aged divine king with a licentious smile.

This person's strength already reached peak divine king, bringing along seven to eight of the Pola Trading Company's divine king powerhouses, and surrounding the Meteor Trading Company.

The Meteor Trading Company's powerhouses fought desperately to resist. At present, there were only four or five divine king powerhouses left. They were already an arrow at the end of its flight, a spent force.

These few people protected Zhao Qian in the middle. There was already no path to retreat.

But that fair and ethereal face of Zhao Qian's was filled with despair at this time.

The Pola Trading Company swept across the eight great trading companies in an overpowering manner. At present, only the Meteor Trading Company survived.

The Meteor Star Token was the Meteor Trading Company's cardinal token. One could use it to deploy all of the Meteor Trading Company's resources. Once seized, the Meteor Trading Company would be thoroughly finished.

Zhao Qian knew that the other seven great trading companies' cardinal tokens already landed in the Pola Trading Company's hands.

This piece in her hand was the final piece!

Zhao Qian let out a sigh and said to the elderly person beside her, "Elder Tan, you guys leave! I'll ask Li Zhong to let you guys leave with the Meteor Star Token as the price. There's already not much meaning in continuing to defend."

This Elder Tan was the Meteor Trading Company's head elder. His strength also reached peak divine king.

It was also precisely because of him being around that the Meteor Trading Company could last until now.

It was just that the Pola Trading Company's Void Mystic powerhouse was already on his way. As long as that Qin Chuan arrived, these people would be all out of luck!

Elder Tan's face fell, and he said, "Qian-er, this old man's old bones are Meteor Star's man in life and Meteor Star's ghost in death! You let me leave, where can I go to? This old man will carve out a bloody path right here. The few of you, escort Qian-er away! As long as the Meteor Star Token exists, our Meteor Trading Company isn't lost!"

Zhao Qian forcefully held back tears. But she knew that this was merely putting up a last-ditch struggle.

She held onto Elder Tan and said, "No! The Pola Trading Company concealed too deeply. We can't escape at all! Elder Tan, you contributed to Meteor Star all your life. I can't let you lose your integrity in old age!"

Done talking, Zhao Qian leaped and jumped out of all the guards.

Facing Li Zhong, she said coldly, "Li Zhong, I'll give you the Meteor Star Token. Let Elder Tan they all leave! If not, I'll destroy the Meteor Star Token and let you guys get nothing!"

The Meteor Star Token was refined with special materials. It was extremely hard to destroy.

But as the current Meteor Trading Company's leader, Zhao Qian had the method to destroy it.

Li Zhong's expression changed when he heard that and said with a nod, "Fine. There are merely clowns jumping around. What's the harm in letting them leave?"

He waved a hand, and the subordinates opened up a path. He was actually really going to let Elder Tan and the others leave.

These people remaining were all die-hard devotees of the Meteor Trading Company.

Elder Tan's expression changed, and he said, "Qian-er!"

Zhao Qian turned around. Her expression was cold, and she pressed the short-sword in her hand on her neck and said sternly, "Elder Tan, if you all don't go, Qian-er will die in front of you guys!"

Zhao Qian did not notice that right at this time, a hint of a hideous grin flashed across the corners of Li Zhong's mouth. His figure suddenly erupted, heading straight for Zhao Qian!

Seeing this scene, Elder Tan's expression changed drastically, and he howled, "Be careful, Qian-er!"

But it was already too late. Li Zhong was a peak divine king. How swift was his movement technique?

In just a blink of an eye, he arrived beside Zhao Qian and grabbed towards her arm!

As long as he restrained Zhao Qian, she would not have any chance to destroy the Meteor Star Token anymore.

This sudden turn of events came too quickly. Everyone could not react in time at all.

Zhao Qian's turned pale with fright and was instinctively going to destroy the Meteor Star Token.

Just as Li Zhong's hand had just touched Zhao Qian's arm, a streak of sword light shot out diagonally, its speed swift to the extreme!

*Puchi!*

Li Zhong's hand was severed at the wrist!

*"ARGH!!"*

The crowd was flabbergasted. Only Li Zhong's shrill, miserable cries reverberated.

Zhao Qian's hand froze there, and she actually forgot to destroy the Meteor Star Token for a moment.

The Pola Trading Company's powerhouses were all akin to facing a great enemy. They completely did not see clearly where this sword light came out from.

They looked all around and could not find the enemy at all.

“Who! Who dares to ambush this seat?! Get out here for this seat!” Li Zhong bared his teeth and yelled fiercely.

*Slap!*

Li Zhong’s voice had yet to face when he was directly smacked onto the ground by someone with a slap.

The Pola Trading Company’s divine king powerhouses were all as if they had seen a ghost.

This slap, they totally did not see clearly who struck it!

“Mouth is so stinky, deserves to be hit!”

A young profile suddenly appeared at the scene, causing everyone to give a sidelong glance.

When Zhao Qian saw this figure, her gaze was filled with a look of pleasant surprise!

“Ye ... Ah, no, Ji ...”

Zhao Qian was just about to call Ye Yuan’s name when she suddenly recalled his other identity and hurriedly corrected herself.

With the Meteor Trading Company’s information channels, how could they possibly not know the intel of Ji Qingyun returning to the Divine Realm?

Back then, when Zhao Qian obtained this information, she was stunned for a long time before calming down.

It was just that she never thought that after a time interval of many years, Lord Qingyun Zi actually made a move and saved her!

Ye Yuan turned around and said with Zhao Qian with a smile, “No worries. You’d best call me Ye Yuan.”

Zhao Qian’s face became joyful, and she said with a nod, “L-Lord Ye Yuan!”

Ye Yuan shook his head helplessly and turned around towards the Pola Trading Company’s powerhouses. He asked, “Who will come and tell me who’s controlling the Pola Trading Company right now?”

Those divine king powerhouse exchanged glances, their faces revealing blank looks.

Ye Yuan saw their expression and knew that these guys did not know anything at all, and could not help being greatly disappointed.

Ye Yuan was just about to make a move to annihilate these divine kings when a powerful aura suddenly locked him down.

“Where did this brat come from? To actually dare meddle in my Pola Trading Company’s affairs?”

A figure descended from the sky, his aura imposing.

Seeing this person, everyone’s expressions changed drastically!

"It's actually a Void Mystic powerhouse! I didn't think that the Pola Trading Company's strength was actually so great, sending out a Void Mystic powerhouse randomly!"

"Earlier, I still thought that the Meteor Trading Company escaped a calamity. Looking at it now, a disaster is imminent!"

"That young man's strength seems to be very formidable. But he's only Sixth Level Dao Profound. Dealing with divine king powerhouses is still passable, but once Void Mystic powerhouses arrive, it will most likely be fraught with grim possibilities!"

The moment Zhao Qian saw the arrival, her expression could not help changing greatly as she hurriedly shouted to Ye Yuan, "Ye Yuan, quickly go! This Qin Chuan is the current Pola Trading Company's protector! He's a veteran Void Mystic powerhouse! You're not a match <sup>1</sup>!"

#### **Chapter 1133: Hero?**

"Hahaha, leave? With this seat here, none of you can leave today! Hand over the Meteor Star Token obediently, and I can leave you with an intact corpse!"

Qin Chuang glared fiercely, with an awe-inspiring appearance. Those people surrounding and watching were silent like cicadas in winter.

A Void Mystic powerhouse, the martial artists of Rank Two Holy Lands never saw before in their lifetimes too.

This kind of power, when they saw it, was akin to a god-like existence.

This Tranquil Sun Holy Land's holy lord had long hidden himself to god knows where.

The two great chamber of commerce's violent clash, he was an innocent bystander who was implicated!

Zhao Qian blocked in front of Ye Yuan and said, "Ye Yuan, your good intentions, Zhao Qian got it! We'll help you block for a while, quickly go! The Meteor Trading Company is already hopeless. I don't want to drag you in anymore!"

"Hahaha! What a fine pair of intimate lovers! However ... do you take this seat to be joking? Today, none of you can leave!" Qin Chuang laughed loudly and said.

Qin Chuan's words made Zhao Qian's face turn red, but she still stubbornly blocked in front of Ye Yuan.

Ye Yuan smiled lightly, but pulled Zhao Qian aside and said to Qin Chuan, "You're called Qin Chuan, right? According to what I know, there's no Void Mystic powerhouse called Qin Chuang in the Pola Trading Company. Where did you pop out from?"

Qin Chuan's expression changed when he heard that and said, "Where this seat come from, could it be that I still have to report to you, this little brat? Want to know, go down and ask the king of hell!"

Qin Chuan gave a savage laugh, his divine king domain was suddenly unleashed, and he charged over towards Ye Yuan.

Ye Yuan's expression turned cold. The Evil Extermination Sword Formula was abruptly released!

*Boom!*

Ye Yuan did not move a muscle, while Qin Chuan directly flew out backward. He already sustained severe injuries!

The air billows stirred up by the sword intent directly toppled the martial artists in the distance over.

Everyone looked at Ye Yuan with endless astonishment, casting towards him with looks of incredulity.

“Is that young man really Sixth Level Dao Profound? He sent a Void Mystic powerhouse flying with one sword. Could it be that my eyesight is failing?”

“Didn’t people say that what’s capable of dealing with divine king domains were only divine king domains? That young man seemed to have only released one slash!”

“Really saw a ghost! Just now, seeing a Void Mystic powerhouse made me excited for a long time. I didn’t think that he was so frail!”

...

These people would not understand the terror of Ye Yuan’s sword intent at all. But this did not hinder them from sighing with admiration towards this sword.

Because Ye Yuan’s opponent was an invincible existence, a Void Mystic powerhouse!

This Qin Chuan’s strength was far from Zhao Lingdong’s. His divine king domain was at most also just a thousand feet in range.

Ye Yuan’s exterminating him was merely a matter of a flick of his fingers.

Just now, when the divine king domain attacked, Zhao Qian thought that she was dead for sure, but did not think that the situation changed so quickly.

In a blink of an eye, Qin Chuan, this Void Mystic powerhouse, was defeated.

Lost at the hands of Ye Yuan who was only Sixth Level Dao Profound!

Zhao Qian’s beautiful eyes looked at Ye Yuan, with a look of disbelief.

Over 10 years of not seeing him, Ye Yuan’s strength was actually downright horrifying already?

Ye Yuan came before Qin Chuan and said coolly, “You still have one last chance. Right now, is the Pola Trading Company already controlled by the fiend race or not?”

“What? Fiend race! Could this Qin Chuan be of the fiend race?”

“It’s impossible, right? What he used was clearly human race cultivation method!”

“Who is that young man? Why would he know that this Qin Chuan is of the fiend race?”

Ye Yuan’s words caused a commotion in the crowd.

Fiend race this name made everyone’s countenance change from talking about it.

Qin Chuan's expression changed when he heard that, his eyes revealing a panicky look as he hurriedly shook his head and said, "I ... I don't understand what you're saying!"

Ye Yuan nodded his head and said smilingly, "Don't understand, is it? Reveal your true face. Otherwise, you don't have the chance anymore!"

Ye Yuan pressed forward step by step. Qin Chuan crawled on the ground and retreated step by step.

Ye Yuan slowly raised his sword. A powerful aura finally made Qin Chuan unable to endure it!

*Boom!*

Fiendish energy billowed to the sky. Powerful black qi instantly enveloped Qin Chuan inside.

Qin Chuan's aura actually became much stronger compared to before!

"Damn human! This seat will tear you into a thousand pieces today!" Qin Chuan said ferociously.

Everyone was stupefied by this sudden turn of events. Although that surging fiendish energy was unfamiliar, this state that was vastly different from humans instantly made everyone understand that this person was of the fiend race!

The fiend race actually appeared once more!

For a moment, this information was akin to a plague, spreading out in the crowd.

"Quickly run! Legends have it that the fiend race eats people! Quickly run!"

"This fiend became much stronger all of a sudden. I reckon that he's even stronger than Void Mystic powerhouses! Quickly run!"

"The Divine Realm's sky is going to change! Legends have it that when the fiend race descends, it's a calamity of the world!"

Havoc erupted in the crowd. Those martial artists all lost their wits in fear and panic, fighting to escape.

The feeling that Qin Chuan gave them was too dangerous. Although Ye Yuan exhibited powerful strength, under the impact of this aura, it was still incapable of making them feel reassured.

*"Hahaha ... All go to hell for this seat, despicable humans!"*

Qin Chuan's fiendish energy surged towards those martial artists wantonly. Clearly, he was going to go on a massacre.

When Ye Yuan saw this scene, his expression could not help turning grim, and he said with a cold snort, "A mere fiend emperor, this young master has already slaughtered God knows how many. To actually dare be insolent in front of me!"

Sword Intent Connecting to Divinity!

One sword unleashing, a peerlessly tyrannical sword energy instantly extinguished that fiendish energy.

Evil Extermination was the jinx of fiendish energy. This sword, Ye Yuan used divine essence. It was like directly crushing dead leaves and branches, utterly eradicating Qin Chuan.

Although this fiend emperor was strong, he was also not stronger than the Devil Ridge Three Freaks.

To the current Ye Yuan, it was not considered much.

The reason why he dawdled until now was only in order to bait some things out of his mouth. He did not think that this guy immediately went berserk.

Those martial artists were currently fleeing helter-skelter when they suddenly discovered that that powerful fiend energy vanished without a trace.

Looking again, that Qin Chuan with a shocking aura was already left with less than dregs at this time.

That crisscrossing sword energy was currently slowly dissipating.

Everyone looked at Ye Yuan like they had seen a ghost. This Sixth Level Dao Profound young man directly exterminated a fiend emperor?

“Well done, Your Excellency! You’re our hero!”

In the midst of shock, no idea who shouted either, the others immediately came to their senses.

At once, clamoring shouting echoed.

If not for Ye Yuan, Tranquil Sun City was bound to be plunged into an abyss of misery and suffering.

These people took Ye Yuan to be their hero from the bottom of their hearts.

By the side, Zhao Qian’s eyes swiveled around, a pair of beautiful eyes staring at Ye Yuan.

That young man back then already matured into a great hero?

No, it should be that he was a hero in the first place!

This man was a man who had once stood at the summit of Alchemy Dao!

But seeing this sight, Ye Yuan sighed slightly in his heart.

These people were lucky. They were completely unaware just how powerful the fiend race force was.

The one who was killed just now was merely a trivial little fiend emperor; that was all.

What was truly terrifying were fiendgods like Jia Lan!

One Jia Lan was already sufficiently terrifying. But behind the fiend race, there was even a more terrifying Holy Mother Devil Flower and Kanuo!

Perhaps before long, that scene earlier would spread throughout the entire Divine Realm, right?

#### **Chapter 1134: Nine Phoenix Island**

Zhao Qian did a curtsy towards Ye Yuan and said gratefully, “Many thanks for Young Master Ye’s life-saving grace. This lowly girl is endlessly grateful.”

Elder Tan and the group of elders also bowed and saluted Ye Yuan, saying, "Today, if not for Young Master Ji, our old bones would have to be buried here!"

Elder Tan and Zhao Xingchen were sworn brothers. He had naturally seen Ye Yuan before as well. Hence, he was still used to calling Ye Yuan Young Master Ji.

Ye Yuan waved his hand with a smile and said, "All are old friends already. Everyone, there's no need to be courteous. Rather, Miss Qian-er, why would you show up in Tranquil Sun City?"

Zhao Qian's expression dimmed and said, "These few years, Qian-er has constantly been searching for Father's whereabouts. A few days back, Tranquil Sun City's side here sent over news, finally confirming that the place Father last disappeared was in the vicinity of Tranquil Sun City! Hence, Qian-er brought along several elders and rushed over through the night. Didn't think that ... we actually evaded a besiegement."

Ye Yuan frowned and said, "This Tranquil Sun City is merely a Rank Two Holy Land. What did Brother Zhao come here for?"

At this time, Elder Tan suddenly interjected, "Qian-er doesn't know about this. But this old man knows a little about it. Back then, the head boss said that he obtained news of the Silvermoon Heavenly Tea, then he left the Meteor Star Trading Company, his whereabouts unknown ever since. It's just that, I wonder why he viewed this Silvermoon Heavenly Tea as so important."

Ye Yuan's entire body trembled when he heard that, his heart twitching violently.

Elder Tan did not know, but Ye Yuan knew why.

Previous life, a few years before Ye Yuan perished, he had once requested Zhao Xingchen, to make him pay attention to the whereabouts of the Dao Defying Pill's nine great core medicines.

After he told finish, Ye Yuan did not pay extra attention to the Meteor Star Trading Company's affairs. After all, these nine major core medicines could be chanced upon, but not by searching for it.

This Silvermoon Heavenly Tea was precisely one of the nine major core medicines!

Could it be that Zhao Xingchen actually went missing because of helping him find spirit medicines?

It seemed like there was only this possibility too.

Previous life, although Ye Yuan and Zhao Xingcheng were not considered to be on intimate terms, their relationship was also considered pretty good.

It was just that Ye Yuan did not think that Zhao Xingchen actually took to heart his matters.

Perhaps Zhao Xingchen had some intention of currying favor with those in power, but no matter what, he had indeed risked his life. Until now, his life or death was still unknown.

"What's wrong, Young Master Ye?" Zhao Qian asked carefully.

Seeing Ye Yuan's great display of divine might today, Zhao Qian knew that this man had already ascended to the summit once more.

He and she were already people of two different worlds. She quietly put away that romantic thought.

Ye Yuan waved his hand and said coolly, "I'm fine. I was on close terms with Brother Zhao. Since I encountered it, there's no logic of not rescuing. Tell me about what information you guys found."

The moment Zhao Qian heard, she could not help being overjoyed.

Ye Yuan's strength, she had witnessed it today.

That Qin Chuan's strength was fearsome, but he could not even last past one move under Ye Yuan's hands!

The might of Ye Yuan's strength could be seen at a glance!

With him around, the hope of rescuing Father clearly increased greatly.

Zhao Qian did not hesitate at once, spilling out the information that the Meteor Star Trading Company found.

There was an enormous stretch of sea region north of Tranquil Sun City, called Garnersky Sea Region.

This stretch of sea region was as vast as hundreds of millions of miles, spanning over a dozen major regions. It was the Divine Realm's number two major sea region.

Over 20 years ago, Zhao Xingchen set off for the Garnersky Sea Region from Tranquil Sun City. In the end, he never came back.

But the Meteor Star Trading Company inquired for a long time in Tranquil Sun City and finally inquired an intel. It was that Zhao Xingchen seemed to have gone to the Garnersky Sea Region's Nine Phoenix Island back then.

Zhao Qian's group coming to Tranquil Sun City this time was in preparations of setting off for Nine Phoenix Island. But did not think that such an unforeseen accident actually happened.

Hearing Zhao Qian's description, Ye Yuan's brows furrowed together, and he muttered to himself, "Nine Phoenix Island? It is said that this Nine Phoenix Island is a deathtrap. Even if Void Mystic powerhouses enter, they might not be able to come out either. Brother Zhao actually went to the Nine Phoenix Island along by himself?"

But when Zhao Qian heard, she nodded and said, "Legends have it that the Nine Phoenix Island is the place where a phoenix met with its death. The power of flames is extremely staggering. Even if Void Mystic powerhouses enter inside, a single misstep and they would also be burned to death by the fire spirit! Furthermore, obstacles inside are extremely numerous. One must acquire the Clear Eye Token to be able to enter inside. It's just that what kind of item this Clear Eye Token is, nobody has ever seen before."

Ye Yuan's expression could not help turning slightly grim when he heard it. Entering the Nine Phoenix Island for over 20 years and never came out, Zhao Xingchen was likely fraught with grim possibilities.

But now that it came to this, Ye Yuan naturally had to make a trip.

"Alright then, you guys wait for my news in Tranquil Sun City. I still have a matter to attend to. After a few days, I'll make a trip to the Nine Phoenix Island and search for Brother Zhao's traces," Ye Yuan said.

But Zhao Qian said obstinately, "No way! Young Master Ye, I know that you have good intentions, but I finally managed to find Father's news. I must go and take a look. Even if ... even if I see his corpse, I'll have no more illusions about the matter as well!"

Elder Tan also urged, "Young Master Ji, Qian-er is showing her filial piety. These past few years, she has practically been running around to search for the main boss's whereabouts. Now that it's already right in front of her, how is there the logic of not going in? Furthermore, us staying in Tranquil Sun City might not be safer than Nine Phoenix Island. The Pola Trading Company overwhelming at present. They have probably long been infiltrated too deeply by the fiend race already. They don't have just Qi Chuan, one Void Mystic powerhouse! Qin Chuan being eliminated by Young Master Ji, they definitely won't take things lying down."

What Elder Tan said made sense too. It was indeed not very safe for their party to remain here.

But Ye Yuan did not wish to bring them along. Even Elder Tan was a burden to Ye Yuan too.

Rather than bringing them along, he might as well enter himself.

It was just that Zhao Qian's stubborn appearance, Ye Yuan also knew that saying anymore was futile. He could only nod his head and say, "Fine then. Since that's the case, go together then. But I'll say the nasty stuff first. When the time comes, heed my command for everything. Otherwise, once there are any accidents, don't blame this Ye for not acknowledging relations!"

Ye Yuan face fell, having the air of a powerhouse naturally. Even Elder Tan did not dare to defy as well and hurriedly said, "Rest assured, Young Master Ji. We'll definitely heed your instructions!"

...

Ye Yuan did not move out right away because he wanted to help Ao Qian refine the Nine Melody Origin Vitalizing Pill.

He pooled together the remaining spirit medicines in the Bloodrain Wilderness. Coupled with the Ethereal Blood Ginseng that he acquired at the Chaotic Devil Sea, he could just nice refine the Nine Melody Origin Vitalizing Pill!

The Nine Melody Origin Vitalizing Pill was already the pinnacle-most origin consolidating and bolstering among mystic grade medicinal pills.

If not for Ye Yuan comprehending the Medicine God's Soul Canon, in his current state, he absolutely could not refine it.

But along with his divine soul's strength increasing with each passing day, the transformation of the gold-colored divine soul also made significant headway!

With his Sixth Level Dao Profound essence energy coupled with the gold-colored divine soul, refining this Nine Melody Origin Vitalizing Pill was naturally nothing difficult.

Three days later, the Nine Melody Origin Vitalizing Pill was formed!

Holding this medicinal pill in his hand, tears coursed down Ao Qian's old face.

"I really didn't think that this old man would actually still have a day where I could recover my strength! Milord, Old Ao's old bones will be sold to you in the future!" Ao Qian said, shedding tears of gratitude.

Ao Qian was speaking from the bottom of his heart here. He really did not think that there was still such consummate alchemy skill in this world, to actually let him come back from the dead, recovering his strength.

Ye Yuan scolded with a smile, "Alright, alright! Quickly consume it! Already so advanced in age and you're still so melodramatic! Not ashamed either!"

#### **Chapter 1135: Sea Race**

Above the Garnersky Sea Region, several figures were flying.

Along the way, Zhao Qian and Elder Tan were incredibly shocked.

"Elder Tan, Young Master Ye was clearly still only by himself a few days ago. Where did he find so many peak divine king experts in these few days?" Zhao Qian transmitted her voice.

"These few people are not merely peak divine king experts! If I didn't see wrongly, these few people are probably all Void Mystic powerhouses! Especially that curly-bearded burly man. He gives this old man an even more unfathomable feeling!" In Elder Tan's voice transmission, exuded thick astonishment.

The curly-bearded burly man out of Elder Tan's mouth was precisely the Ao Qian who consumed the Nine Melody Origin Vitalizing Pill.

Currently, Ao Qian already thoroughly recovered his strength. The aura exuding from his body was naturally different from the rest.

It was just that they all did not release their pressure. Hence, Elder Tan also could not say for sure just how powerful Ao Qian's strength was.

"A-All Void Mystic powerhouses?" Zhao Qian's opened her eyes wide and drew a deep breath.

When were Void Mystic powerhouses plentiful to the extent of being everywhere?

"That gray-robed middle-aged man, if I didn't see wrongly, he should be the Extreme Sword Divine King who has already disappeared for a long time! As for the other two, this old man had never seen them before. If my conjectures are right, there must be a high-grade spatial holy artifact on Young Master Ji. These few people have always been hiding inside his spatial holy artifact!"

Elder Tan was experienced and knowledgeable, guessing close to the mark.

But it was precisely because so that the shock in their hearts was even less capable of increasing further.

Because these few mighty Void Mystic powerhouse actually viewed Ye Yuan as the boss!

The two people exchanged a glance, both sucking in a breath deeply.

They all knew that just based on this force before their eyes, it was sufficient to let Ye Yuan establish a super holy land anew!

“En?”

While flying, Ye Yuan’s brows suddenly furrowed slightly, and he stopped.

“What is it, milord?” Ao Qian asked.

“It seems like there are several auras that are not weak drawing closer to us,” Ye Yuan said.

Ao Qian was stunned and said, “Milord, are you mistaken? I didn’t detect anything amiss.”

Ao Qian looked at Kuang Tianming and Jiang Taicang. The two people also shook their heads with blank looks. Clearly, they did not perceive anything too.

“Go ahead first. That bunch of people seems to be heading in the direction of the Nine Phoenix Island too.”

Done talking, Ye Yuan took the lead and flew off, making Ao Qian and the rest have vacant looks.

Before long, Ao Qian’s expression turned cold. Sure enough, he detected several powerful auras heading over to this side.

He could not help looking towards Ye Yuan in amazement and said, “Milord, your perception ... radius is truly too wide.”

He already completely recovered his strength currently. His perception also increased substantially.

Taking a broad view across the entire Divine Realm, not many people whose perception range was wider than his could be found too.

But Ye Yuan was only Sixth Level Dao Profound. His perception range was actually several times greater than his!

How could this not make him shocked?

While at this time, in the seawaters far away, several silhouettes broke through the waves and arrived, their speed incomparably strange.

Initially, their direction was heading towards the Nine Phoenix Island. But seeing Ye Yuan’s party, they turned directions and came over here.

Kuang Tianming, Jiang Taicang, and the rest also looked towards Ye Yuan with incredible shock.

“Younger Brother, this perception of yours is also truly too frightening! 15 minutes before, you actually discovered them already!” Kuang Tianming said with a marveling sigh.

With everyone’s speed, traveling several tens of thousands of miles with 15 minutes of foot strength was still achievable.

It was also to say that Ye Yuan’s perception range was actually a scope of several tens of thousands of miles further than them!

This disparity was also truly too great!

Ye Yuan said with a smile, "Wait till you guys comprehend Heaven Man Unity. You'll naturally be able to do it too."

Ye Yuan's words involuntarily made everyone choke up. Each and every one of them looked at him and could not resist rolling their eyes.

How could Heaven Man Unity be so easy to achieve?

It was also just Ye Yuan this freak who cultivated heart realm to the realm of perfection when at the Sixth Level Dao Profound.

"It's the sea race! It seems like ... their arrival don't have good intentions!" Ao Qian suddenly frowned and said.

Around ten figures drew a long trail on the surface of the water.

The group of people bore down menacingly. Clearly, they were not easy to deal with people.

*Swoosh! Swoosh! Swoosh!*

Tens of figures shot out of the water surface, directly surrounding Ye Yuan and the others.

It was just that these people's looks were very ugly. Most had fish heads and human bodies, looking very unnatural.

"Haha, despicable humans! Offer up the essence crystals and treasures on you, and we'll spare your lives!" said a merman with a large head and big ears.

This merman's strength was extremely astonishing. It had clearly already reached the degree of human Void Mystic powerhouses. His heaven and earth comprehension was really not weak.

Not just him, among his clansman, there were actually four people who were all Void Mystic powerhouses!

Seeing this kind of power, Zhao Qian and Elder Tan's faces instantly turned deathly pale.

The few sea races did not conceal their auras. That one in the front was even more than a grade stronger compared to that Qin Chuan!

Furthermore, the moment they emerged, it was five Void Mystic powerhouses. This made the two of them exceedingly worried.

When Ye Yuan saw this scene, he could not help saying in surprise, "I didn't think that the sea race's strength is actually so powerful! Randomly bumped into a group and they are Void Mystic powerhouses!"

The sea race and human race stayed out of the other's affairs. Both parties' contacts were very few.

For martial artists whose strengths were slightly weaker, once they stepped foot into the Garnersky Sea Region, it was basically little chance of coming out alive.

Under this calm sea surface, concealed enormous danger.

How many powerhouses were among the sea race, the human race did not know either.

Ao Qian nodded and said, "The sea race is numerous in numbers, even many times more than the demon race. Producing some Void Mystic powerhouses is naturally nothing difficult."

Ye Yuan nodded his head, expressing his acknowledgment and continued, "It's just that, although the cultivation realm is high, it seems like their brains aren't too lucid!"

The moment Ao Qian and the rest heard, they all raised their heads and started laughing hard.

These two people chorused in unison, not putting this group of sea folks in their eyes at all!

The big-headed and large-eared merman very under what Ye Yuan they all were talking about very quickly and could not help saying furiously, "Damn humans, to actually dare besmirch the noble sea race! You guys are dead for sure! Shark One, Shark Three, Shark Four, Shark Five, everybody attack! Tear them apart!"

"Pfff! Could it be that the sea race all have this intellect? Don't even know how to name?" Ye Yuan could not refrain from laughing when he heard that.

He shrugged his shoulders and said to Ao Qian, "Old Ao, you should be itching, right? These few guys, leave it to you to loosen up your bones and ligaments!"

Ao Qian had an excited look and said, "*Hehe*, alright! Milord, wait for a bit and watch the fun by the side."

Ye Yuan nodded his head and brought everyone and retreated to one side.

The group of sea folks was still chasing them when all of a sudden, a terrifying aura instantly enveloped them.

"Dragon Prancing the Four Seas!"

After a time interval of 20 thousand years, Ao Qian's divine king domain was released at its full power for the first time!

Seeing this scene, everyone's expressions changed drastically!

Because Ao Qian's divine king domain was actually 10 thousand feet wide!

Within a 10 thousand feet radius, it was all Ao Qian's domain of water!

Especially Elder Tan and Zhao Qian, the two people, their eyes were almost popping out.

Such a strong divine king domain, it was still seldom-seen in their lifetime!

"Old Ao's strength seems to be slightly stronger compared to Cloudsky they all. It looks like he comprehended some Divine Dao laws. It's just ... a little too shallow," Ye Yuan appraised Ao Qian by the side.

## Unrivaled Medicine God

### **Chapter 1136: Another World**

*Bang! Bang! Bang!*

Essence energy overflowed in the sky. Ao Qian had a grand display of invincible might.

Although those few sea folks were strong, they could not withstand Ao Qian's iron fists either.

Before long, five great Void Mystic powerhouses were thoroughly beaten into submission by Ao Qian.

Seeing Ao Qian's strength, Zhao Qian and Elder Tan were utterly stunned.

"10 thousand feet radius divine king domain! This lord he ... His strength can likely already rival the Eight Great Super Holy Lands' holy lords!" Elder Tan said with a sigh of admiration.

"Along the way, he called Young Master Ye with 'Milord'! Such a powerhouse is actually Young Master Ye's servant!" Zhao Qian looked towards Ye Yuan with an anxious and doubtful look.

Meeting Ye Yuan once again, she suddenly discovered that Ye Yuan was just like the sun high above, dazzling until it made people unable to stare right at it.

This kind of disparity made Zhao Qian feel deeply inferior.

"Not fair! Despicable humans, fighting on land, we're at a disadvantage! If you have the capabilities, go into the water with me to battle!" Shark One barked.

*Clang!*

Shark One's voice had yet to fade when a streak of terrifying sword light brushed past his ear.

"*Whoa!* Scared me to death!" Shark One was taken aback with fright by this sword and cried out weirdly.

Ye Yuan's face fell slightly, and he stepped forward, "All shut your mouths for this young master! Otherwise, I'll kill everyone off!"

Those sea folks were shocked by this sword of Ye Yuan's, all becoming silent like cicadas in winter.

Even the Shark One who was talkative also sensibly did not talk at this time.

The deterrent power of that sword just now was even more terrifying than Ao Qian's divine king domain.

Because they all knew that if Ye Yuan really wanted to kill people, Shark One would already have died just now!

"Now, I ask, you answer. If I discover that you're lying, kill without mercy!" Ye Yuan said with a very grim expression.

That fish face of Shark One was currently flickering erratically with alarm and fear.

He finally knew that he kicked a metal plate today!

These few sea folks were also used to running amuck. Normally, when they ran into humans in the sea region, they basically had the policy of 'burn all, kill all, loot all,' and would not even give humans a way out at all.

In the course of time, they felt that humans were easy to bully.

Therefore, the moment they saw that there was a group of people over here, especially that the group's strength was weak, they directly pounced over.

Who could have thought that these few people's strengths were actually so formidable.

"Yes, yes, yes! Your Excellency, go ahead and ask! Shark One definitely won't dare to tell lies!" Shake One hurriedly said.

Ye Yuan swept a glance over him and said coolly, "Are you guys headed for Nine Phoenix Island?"

Shark One was cowed by Ye Yuan's aura and did not dare to lie, hurriedly saying, "Yes, Your Excellency. We were going to Nine Phoenix Island!"

"You guys frequently go to Nine Phoenix Island?" Ye Yuan asked with a frown.

"Yes. Every three months, Nine Phoenix Island will have a large-scale trade fair. Our sea folks' are scarce in resources. Hence, we'll frequently come here to take part in the trade fair." Shark One said.

This news took everyone aback.

The Nine Phoenix Island that was a deathtrap in the legends actually had a large-scale trade fair!

People all thought that the Nine Phoenix Island was an uninhabited island. No one expected that did this place has people. In fact, it seemed like it was not just a few of them.

"Who organized this trade fair?" Ye Yuan asked with a frown.

But Shark One shook his head and said, "Not too sure about this. I only heard that he's called Heavenspan Island Master. I don't know anything else about the rest."

"Heavenspan Island Master? Have you all heard of this name before?" Ye Yuan had never heard of this name before and could not help asking the others.

The others also had blank looks. Clearly, they all had not heard before.

But it was very apparent that this Heavenspan Island Master was a very powerful guy.

Otherwise, with the sea folks' stubborn and unruliness, organizing this kind of trade fair, wouldn't all hell break loose?

"Tell me in detail about what you know of the trade fair's situation!" Ye Yuan said solemnly.

Shark One did not dare to dawdle, telling about the trade fair's situation without omitting any details.

Turns out that this trade fair was actually conducted for a thousand years already!

Those coming to take part in this trade fair must hold a Clear Eye Token. Otherwise, they will be lost in the fog barrier outside the island.

Not only was there deadly poison in this fog barrier, but there were also even extremely powerful fire spirits.

Once encountered, even Void Mystic powerhouses would be burned to ashes too!

And those taking part in this trade fair was not just the sea folks, there were even quite a few humans, even demon race powerhouses.

It was just that those coming to participate in the trade fair were mostly all some itinerant powerhouses. The experts from sects were extremely, extremely few.

Moreover, people possessing the Clear Eye Token were also a fixed group. Therefore, those who came to take part in the trade fair in these thousand years were mostly fixed. There were only some minor changes.

Listening up to here, Ye Yuan came to a realization why the outside world knew so little about the Nine Phoenix Island.

This was a relatively sealed exchange circle. It was basically very hard for outsiders to come in.

To enter the Nine Phoenix Island, one must have an insider's recommendation and obtain the Clear Eye Token.

Furthermore, those able to enter the Nine Phoenix Island, the lowest had to be Divine King Realm powerhouses too.

Ordinary people would most likely be killed by the sea folk before even reaching this area of the sea region.

One had to admit that this Nine Phoenix Island concealed itself very deeply!

And that Heavenspan Island Master was a mysterious and hard to fathom individual.

"Over 20 years ago, there was a human powerhouse called Zhao Xingchen who looked somewhat similar to her, who had once entered the Nine Phoenix Island before. Do you have an impression?" Ye Yuan suddenly opened his mouth and asked.

Zhao Xingchen's and Zhao Qian's looks had some similarities. If Shark One saw before, he should have some impression.

Hearing Ye Yuan's question, Zhao Qian also turned towards Shark One with a nervous look, hoping to obtain some useful information out of his mouth.

It was just that, Shark One would clearly disappoint her.

Only to see Shark One shake his head and say, "The human divine king powerhouses that I've seen before these few years are at least a thousand too. How can Shark One remember?"

Ye Yuan thought about it and asked again, “Then ... roughly 20 years ago, did someone inquire about the Silvermoon Heavenly Tea before on the Nine Phoenix Island?”

Shark One thought about it and said, “Silvermoon Heavenly Tea, 20 years ago, it really appeared before. It’s just that this kind of treasure, the people vying for it at that time were too many. In the end, it was acquired by a mysterious human powerhouse.”

When Ye Yuan heard this, his eyes could not help lighting up. He asked again, “What did that human powerhouse look like?”

But Shark One shook his head again and said, “That person covered himself up entirely. I completely could not see through.”

Ye Yuan could not help being slightly disappointed. It was very likely that that human powerhouse was Zhao Xingchen.

But where did he go in the end?

“Alright, lead the way in front, to Nine Phoenix Island!” Ye Yuan said.

What should be asked had been asked entirely. Ye Yuan naturally would not stop to ponder too long.

He also did not think that the Nine Phoenix Island, where few people tread, actually had another world!

...

With Shark One blazing a trail, the party traveled incomparably smoothly.

Five days later, this party finally bid the boundless sea farewell and saw a stretch of fog ahead.

“Your Excellency, ahead is the Nine Phoenix Island!” Shark One said weakly.

Ye Yuan looked over. Ahead was a stretch of chalky whiteness. One completely could not see clearly what was inside.

It was just that there were occasionally some yellow flames spurting out, erupting with a horrifying aura, striking terror in the hearts of people!

“Y-Your Excellency, we ... we only have two Clear Eye Tokens!” Shark One said rather fearfully.

### [Unrivaled Medicine God](#)

#### **Chapter 1137: What You Said Makes a Lot of Sense**

Seeing Shark One’s comical expression, Ye Yuan was tickled.

Shark One was very clever. He saw that Ye Yuan was completely ignorant about the Nine Phoenix Island’s matters and knew that Ye Yuan definitely did not have Clear Eye Tokens on him.

Reaching the Nine Phoenix Island, he was very scared of Ye Yuan snatching their tokens.

One token could only let one person go in. The remainder would have to wait outside the island.

If Ye Yuan snatched away their two tokens, Shark One’s trip would be considered in vain.

“When have I said that I’m going to snatch your tokens?” Ye Yuan could not help laughing in spite of himself.

With this, everyone was stunned.

“Milord, not snatching their tokens, how do we go in? Those fire spirits seem to be very powerful. Furthermore, this fog barrier seems to secretly encompass array formations. It’s not easy to cross!” Ao Qian said.

“Yeah, Young Master Ji. Shark One already said, for so many years, there has never been anyone who entered without relying on the tokens before,” Elder Tan also said.

Zhao Qian pretty eyes swirled around, but she did not speak. But the puzzled look in her eyes was similarly considerable.

Ye Yuan smiled when he heard that and said, “They only have two tokens. Even if we snatch it over, only two of us can go in. Who’s entering then?”

Ye Yuan’s words stumped everyone.

However, Shark One was wildly elated and said, “Y-Your Excellency, you’re really not going to snatch our tokens?”

Ye Yuan directly gave him a kick and said huffily, “Scram inside! Keep being long-winded and your tokens will belong to this young master!”

Shark One jumped in fright and hurriedly rolled and crawled together with Shark Two, entering inside the mist barrier.

“Milord, this ...” Ao Qian asked in bewilderment.

Ye Yuan said coolly, “You all just follow me will do. How can a mere fog barrier block this young master?”

Done talking, a hint of brightness flooded Ye Yuan’s eyes. That mist barrier instantly became open and clear.

The Sun Moon Heavenly Pupil could see through myriad things in the world. A mere fog barrier naturally could not stump Ye Yuan.

The moment the Sun Moon Heavenly Pupil opened, it came into plain view.

Ye Yuan shuttled back and forth inside the fog barrier, akin to strolling idly in a courtyard.

Suddenly, a terrifying fire spirit suddenly dashed out, pouncing straight at everyone.

The party’s expression changed drastically, feeling like their entire person was going to be melted.

Ye Yuan yelled out coldly, “Fiery!”

A figure whirled away, pouncing straight for that fire spirit.

Under everyone's dumbfounded gaze, Fiery actually extended both hands, directly hugging the fire spirit in his arms!

Then, a scene that made people even more astonished occurred.

Fiery directly lowered his head, picked the fire spirit up, and started chomping down!

"This ... This is a primordial spirit?" Elder Tan said with an astonished look.

Even if he was a primordial spirit, to be able to resist such a terrifying fire spirit, he was also a remarkable existence!

Ye Yuan said with a smile, "Fiery was incarnated from a Cleansing Sandal Flame Lotus and can devour myriad flames of the world! These fire spirits are a great tonic to Fiery."

"C-Cleansing Sandal Flame Lotus?" Elder Tan could not refrain from swallowing hard, his eyes filled with a look of shock.

A primordial spirit transformed by a Cleansing Sandal Flame Lotus, it was hard to come across even once in 100 thousand years!

He looked at Ye Yuan, endlessly shocked in his heart.

Disappearing for 20 years, what the hell did Ji Qingyun go through?!

This guy was simply ridiculously monstrous.

Along the way, Fiery swallowed quite a number of fire spirits. But his aura became stronger and stronger, making everyone jumpy with fear.

This guy even burped and said with a bashful look, "so full."

Everyone broke down.

After half a day, it suddenly became bright and clear before everyone's eyes. They finally arrived at a stretch of land.

The place ahead was actually like a town, streams of people busily coming and going, flowing in an endless stream.

"To be able to set up a trade fair on this stretch of sea region, the strength of this place's master can't be underestimated!" Ao Qian said.

"Y-Your Excellency, you really entered! This ... How is this possible?"

Suddenly, a strange cry sounded out. The voice was filled with shock. Who could it be if not Shark One?

"Not needing the Clear Eye Token and being able to enter the Nine Phoenix Island, it has never happened before in these over one thousand years!" In Shark Two's voice was similarly filled with alarm.

"Making a big fuss over nothing! There are plenty of things that you haven't seen before! How can my lord be what small fish like you can gauge? Then have you seen before a Sixth Level Dao Profound capable of killing you?" Jiang Taicang said with a gloating look.

Shark One was stunned and actually really pondered it seriously. Only after a while did he suddenly come to a realization. He said, “*En*, what you said makes a lot of sense. His Excellency is indeed not an ordinary person. Shark One is impressed!”

The sea race similarly revered the strong. Ye Yuan’s strength already completely convinced Shark One.

Furthermore, after Ye Yuan defeated them, he did not make things difficult for them and even did not snatch the Clear Eye Tokens.

The Shark One, who had simple thoughts, was truly grateful toward Ye Yuan.

But the commotion over this side still startled quite a few people in the town.

Each and every one of them surrounded over, like they discovered priceless treasures, sizing up Ye Yuan and the others.

“No way, right? They don’t have Clear Eye Tokens and are actually able to barge into the Nine Phoenix Island. Truly inconceivable!”

“Yeah. Nine Phoenix Island has already operated for over a thousand years. I’ve never heard before of anyone capable of directly forcing entrance inside.”

“There’s probably some precious treasure on these few people, right? Otherwise, the fire spirits on the island are sufficient to annihilate them!”

The moment ‘precious treasure’ two words were uttered, quite a number of people’s gazes revealed a look of greed.

To be able to enter the Nine Phoenix Island, most were not weak.

Among them, there were no lack of some extremely confident Void Mystic powerhouses.

A precious treasure capable of avoiding the fog barrier and fire spirits, how could they not be moved?

Shark One’s pair of fish eyes blinked, and he secretly chuckled to himself.

These guys did not know how terrifying this lord in front of them was!

Sure enough, Ye Yuan said coolly, “Old Ao!”

“Yes, my lord!”

Ao Qian received the order and opened his mouth to give a crazed howl. Violent essence energy instantly spread throughout the entire island!

Everyone’s expression changed drastically, all becoming hesitant and fretful.

“It’s a dragon cry! They are members of the dragon race!”

“This dragon has such formidable strength!”

“Better don’t poke our noses into what isn’t our business. There will naturally be the island masters they all to handle. We’d better go!”

These few people witnessing Ao Qian's strength, how could they still have covetous eyes? All of them backed up and started to trade by themselves.

"Heh, a bunch of things who overestimate their own ability! To actually dare have wicked designs on His Excellency!" said Shark One. He was trying to suck up and curry favor, ingratiating himself.

Ye Yuan shot him a glance and discovered that this guy also did not seem to be as pure as imagined. It seemed like he was just a little simple-minded.

"Shark One, it's our first time coming to this Nine Phoenix Island. Bring us to tour around," Ye Yuan said.

Shark One hurriedly said, "Okie dokie. To be able to bring Your Excellency to tour the Nine Phoenix Island is Shark One's honor! But ... we'd better hold off for a bit."

Ye Yuan was stunned and said, "Why?"

"Your Excellency entered the Nine Phoenix Island without using the Clear Eye Token. The few island masters definitely won't sit by idly and remain indifferent. If I didn't guess wrongly, they are already on their way!" Shark One said.

Sure enough, Shark One's voice had yet to fade when three figures slowly walked over.

The middle-aged man walking in the middle came close, gave a salute to Ao Qian and said, "This dragon race brother, I wonder what business you have for coming to my Nine Phoenix Alliance?"

### Unrivaled Medicine God

#### **Chapter 1138: Hei Meng**

That roar of Ao Qian's earlier had astonishing power. These few people naturally detected it too. Otherwise, they absolutely would not be so polite.

It was just that they mistakenly thought that Ao Qian was the leader of this company.

"Milord, what are we here for?" Ao Qian had a blank look and asked Ye Yuan.

"Milord?"

The person in the middle sized Ye Yuan up oddly. But no matter how he looked, Ye Yuan was also just an ordinary Sixth Level Dao Profound.

Ye Yuan did not think anything of it either and said coolly, "I'm Ye Yuan. These few are my followers. I heard that the Nine Phoenix Island has good stuff that the outside world doesn't. But we don't have Clear Eye Tokens either, so we could only arbitrarily intrude inside. If there are inconvenient areas, please be magnanimous enough to forgive."

At this time, Shark One scooted to Ye Yuan's side and said, "The one in the middle is the second island master, Hei Meng. The one on the right is the third island master, Duan Lingfeng. The one on the left is fourth island master, Hong Tao."

Hei Meng naturally knew Shark One. When he saw Shark One's attitude toward Ye Yuan, he could not help being exceedingly shocked in his heart.

Shark One was a regular customer of the trade fair. His character and strength, Hei Meng was still very clear about it.

But this proud Shark One was actually so respectful towards Ye Yuan!

Straight away, Hei Meng did not dare to look down on Ye Yuan anymore either and said with cupped fists, "*Haha*, so that's how it is! Our Nine Phoenix Island is the most hospitable! Since Younger Brother Ye wants to take a look, just tour around on the island then. Shark One, you're a regular customer of the Nine Phoenix Island. I'll have to trouble you to bring Younger Brother Ye around to sightsee more. But ... the rules on the island, you're aware too. Places that you should not go, you must be sure not to go!"

Talking to the back, the gaze Hei Meng looked at Shark One with carried a warning intent.

Of course, these words were actually said for Ye Yuan to hear.

Even though Hei Meng did not offend Ye Yuan and his group, it seemed like Hei Meng did not fear them as well.

The three island masters took their leave and left. Ao Qian said unhappily, "Those three fellows are so cocky! Milord, talk so much crap with them for what? Just directly capture and interrogate!"

Ye Yuan rolled his eyes at him and said, "Don't look down on those few people. That Hei Meng's strength might not be beneath yours! His original body is of the sea race's black shark. I didn't expect that the sea race actually still had such a powerhouse!"

Ao Qian's expression could not help turning somber, and he said, "No way, right? That guy was so powerful? Could it be that 20 thousand years passed, this world has changed?"

Actually, Ao Qian's sense of defeat was still very strong during this period of time.

He was that era's dragon race's strongest. But put in the present, a large group of people could come out and pummel him.

This second island master that popped out from no idea where, his strength was actually not beneath his!

This sort of contrast between expectations and reality seriously made him unable to accept it.

But Ye Yuan's words, he was still very convinced of it. He absolutely would not ramble nonsense to demoralize him.

"I sense a faint power of Divine Dao laws from him. Even if it's just a wee bit, it already surpasses ordinary Void Mystic powerhouses. Furthermore, behind them even have a mysterious and hard to fathom Heavenspan Island Master! Hence, we'd best be more low-profile," Ye Yuan said coolly.

Ye Yuan's heart realm reached the great circle of perfection. He was very sensitive towards the surrounding everything.

The aura coming off of this Hei Meng' body was indeed the aura of Divine Dao laws.

With this, Ao Qian had no more rage.

"Milord, then what should we do now?" Ao Qian asked.

"Take a look around first," Ye Yuan said.

...

"Second Brother, could it be that we're letting that brat go just like that? He could avoid the fog barrier and fire spirits. He definitely has precious treasures on him!" said the first island master, Duan Lingfeng.

"Yeah, Second Brother. The few of them, only that dragon race fellow has some power. But Second Brother, you dealing with him should be enough. The remainder, Third Brother and I are enough to them take down! Since they intruded into the Nine Phoenix Island, even if we kill them, nobody would dare to take behind our backs too," said the fourth island master, Hong Tao.

These three island masters were actually eyeing those imaginary precious treasure on Ye Yuan covetously, discussing about killing Ye Yuan's party.

Hei Meng mused for a moment, shook his head, and said, "That young man is not simple!"

Duan Lingfeng said without a care, "Isn't he just a Sixth Level Dao Profound? What's not simple about it? Could it be that a Sixth Level Dao Profound can still overturn the heavens?"

Hei Meng said, "Didn't you notice Shark One's attitude towards Ye Yuan? Shark One's strength is almost on par with you! But Shark One was very fearful of that young man! They entered one after another. In my view, Shark One definitely already exchanged blows with that group of people outside!"

"So what if exchanged blows? They have a peak void mystic powerhouses. Isn't it very normal to lose?" Hong Tao said disdainfully.

"*Heh*, if that were the case, what would I have to dread? Shark One is very simple-minded, but he isn't dumb! His attitude toward Ye Yuan is completely from the bottom of his heart. If that dragon subdued him, he absolutely would not be like so toward Ye Yuan! Therefore, he might very likely be that young man's vanquished foe!" Hei Meng analyzed.

"*Hiss ...*"

Duan Lingfeng and Hong Tao drew a cold breath at the same time, their eyes filled with shock.

"A Sixth Level Dao Profound defeating a Void Mystic powerhouse? This ... This isn't possible, right?" Duan Lingfeng said in disbelief.

"Although I don't believe it either, Shark One's disposition absolutely can't hide from my eyes! This young man is absolutely not simple!" Hei Meng said.

Duan Lingfeng and Hong Tao were both extremely shocked. But they both knew that not only was Hei Meng's martial strength super strong, his mind was sharp. He absolutely would not see wrongly.

It was just that this outcome, made them both unable to accept.

"Second Brother, could it be that ... we are dropping this matter just like that?" Duan Lingfeng said unwillingly.

Hei Meng said with a smile, "The spirit medicines that Big Brother requires, this time, it can finally be gathered together! As long as he can breakthrough, even if this punk is any stronger, it's of no avail too! Hence, as long as this punk doesn't stir up trouble, have him wait first! In my view, they definitely have other objectives for coming onto the island. They won't leave in a short time too."

Only after hearing these words did the two people's brows finally eased up.

"*Heh*, it's still Second Brother, you, who calculated every conceivable possibility. That Qiu Yuqiu, to actually be able to find the Purple Lingzhi, that grade of spirit medicine, it's really heaven's blessing!" Duan Lingfeng said with a big laugh.

...

Even if it was Ye Yuan, he was also struck dumb with amazement by the dazzling array of treasures on the island.

This Nine Phoenix Alliance was simply a paradise for martial artists!

There were many spirit medicines here and many treasures, all of which could not be seen in the outside world.

He did not think that this place had everything under the sun.

There were even many treasures that even Ye Yuan had not seen before.

But the prerequisite was that you got to have things that satisfied the other party!

This place is where one could only exchange a commodity for another. They did not accept essence crystals. Even if you were any richer, you could not buy the things you wanted too.

"*Tsk tsk*, this trade fair is really remarkable! Also, I don't know who this Heavenspan Island Master is, to actually be able to put up such a grand trade fair!" Ye Yuan said with a vicissitude of emotions.

Shark One said by the side, "Yeah, Lord Ye Yuan. If not for the goods here being a dazzling array of beautiful exhibits, how can it possibly attract so many powerhouses over? Right now, among these people, there are quite a number who broke through their bottlenecks because of this trade fair <sup>1</sup>!"

#### **Chapter 1139: Pearl Have Tears**

In the outside world, wanting to find these grades of spirit medicines and treasures was really not easy.

But here, everyone had good stuff in their hands, each taking what they needed, swapping out what they did not want for what they needed. This was impressive.

"Shark One, did you bring any good stuff here this time around?"

Shark One had a proud look as he said, "Of course! Our merman clan's Pearl Have Tears is the most welcome exchange goods in the trade fair."

Ye Yuan's eyes lit up when he heard that and said, "Vast sea, bright moon, Pearl Have Tears. One drop of Pearl Have Tears can match a hundred years of bitter cultivation! What age of Pearl Have Tears do you have?"

This Pearl Have Tears was precisely one of the nine major core medicines!

Ye Yuan had always been searching for Pearl Have Tear's whereabouts. He did not think that it was actually in this merman clan's hands.

Seeing Ye Yuan's heated gaze, Shark One said, "The best that I brought is only 500-thousand-year-old. Furthermore, there's only one drop."

Hearing this, Ye Yuan could not help revealing a disappointed expression and said, "One-million-year-old Pearl Have Tears, you all should have it, right? I wonder what kind of thing your merman clan wants to exchange for?"

500-thousand-year-old, one of that age was already worth several cities and extremely rare.

But one-million-year-old Pearl Have Tears, that was an extraordinary rare treasure. Even when placed in the merman clan, it was likely an extremely valuable existence too. Ordinary things were likely unable to move them.

As expected, Shark One's expression changed, and he said, "This isn't what Shark One can make a decision about! One-million-year-old Pearl Have Tears, that's something that only the patriarch has the qualifications to make use of."

Ye Yuan said with a smile, "Everything has a price. Although the Pearl Have Tears is precious, your merman clan has got to be lacking something. Otherwise, you wouldn't have come to this trade fair either!"

Shark One revealed a ruminating look and opened his mouth to say, "Actually, I'm here this time on Patriarch's orders, to exchange for several kinds of 500-thousand-year-old spirit medicines. It's just that ... even if exchanged for it, it's very hard for our sea folks' alchemists to refine out a complete medicinal pill too."

The moment Ye Yuan heard, he smiled.

Refining pills this sort of thing, wasn't it precisely his forte?

"What kind of medicinal pill do you want to refine?"

Seeing Ye Yuan's interested look, Shark One said in surprise, "Your Excellency, you even know alchemy?"

"What a joke! If milord doesn't know alchemy, then nobody in this Divine Realm knows!" the Jiang Taicang by the side said mockingly.

Shark One did not pay attention Jiang Taicang's ridicule, but he sized Ye Yuan up carefully once more. Clearly, he did not quite believe it.

Ye Yuan's Martial Dao talent was so high. To be able to have such accomplishments at a young age, even if he was any more prodigious, he needed to cultivate painstakingly too.

How could such a genius martial artist possibly be an alchemist?

“Your Excellency, this medicinal pill is to be refined for our young patriarch. But it’s a demonic pill; furthermore, it is a mystic grade demonic pill!” Shark One said carefully.

Ye Yuan smiled and said, “About this, you don’t have to care. I’m only asking you. If I have the spirit medicines and help you all refine the medicinal pill, can it match one drop of one-million-year-old Pearl Have Tears or not?”

“This ... If Your Excellency can really refine it, I believe that Patriarch should agree!” Shark One thought it over for a while and said.

Ye Yuan nodded and said, “Alright. Send someone back to the clan right now and ask instructions from your patriarch. The matter of the medicinal pill, leave it to me!”

Shark One was stunned and said, “But you haven’t asked what kind of medicinal pill it is yet!”

Ye Yuan said nonchalantly, “Whatever medicinal pill is all the same to me!”

Shark One staggered and almost stumbled to the ground.

Seen before arrogant, but never saw before so arrogant!

This kind of big talk, somebody actually dared to boast about it too!

If not for that sword of Ye Yuan’s previously stunning Shark One, he would definitely have gone for a bite right now.

But the matter concerned Young Patriarch’s survival. Shark One did not dare to be careless and still sent someone back to request instructions from Patriarch.

Shark One narrated the spirit medicines required once. Ye Yuan was rather surprised after hearing it and said, “So, it’s the Purple Void Vitality Spirit Pill. This demonic pill isn’t easy to refine. Even for the demon race’s peak Alchemy Emperors, those able to refine it are extremely, extremely few too. Looks like your young patriarch had his inner-core shattered by someone, his demon essence collapsed and dissipated!”

One sentence, made Shark One’s fish eyes become wide saucers.

“Y-Your Excellency actually know about the Purple Void Vitality Spirit Pill?”

It was not up to Shark One to not be shocked. This Purple Void Vitality Spirit Pill was an ancient pill formula. In the entire sea race, there were also no more than a few tribes that had the pill formula. And the merman clan was precisely one of them.

However, having the pill formula was one thing. Whether or not they could refine was another matter.

The sea race’s resources were scarce to begin with. Alchemy skills were not developed in the first place. Wanting to refine it was as hard as ascending to the heavens.

Shark One’s trip here to exchange for spirit medicines was also just harboring the mentality of making a last attempt to remedy a hopeless situation, and returning to find the sea race’s alchemists to give it a shot.

He did not think that Ye Yuan actually hit the nail on the head!

However, Ye Yuan's next sentence directly made him had a breakdown.

"Knowing is one thing, but this young master only saw it before in books and records. However, there was no specific pill formula. This young master also never refine it before," Ye Yuan shrugged his shoulders and said.

On that ancient record, there was only the introduction of this demon pill. But as for the specifics of how to refine, it did not go in detail.

If it was in his previous life, Ye Yuan would really not dare to make this guarantee, saying that he was definitely able to refine it.

But now, Ye Yuan's understanding toward the Medicine God's Soul Canon grew deeper with each passing day. His Alchemy Dao strength already could not be mentioned in the same breath as his previous life.

Coupled with Ye Yuan's extremely solid medicinal theory standards, Ye Yuan had absolute confidence in being able to refine it!

Seeing that bitter fish-faced of Shark One, Ye Yuan smiled and said, "Rest assured, this young master taking action is absolutely stronger than your sea race's alchemists! I think medicinal pills will be in very high-demand at this trade fair. In a while, you just follow me will do."

Only after Ye Yuan walked by him did Shark One notice that the others were looking at him with eyes like they were looking at an idiot.

Jiang Taicang walked by him, patted his fish head, and said with a sigh, "Blockhead, not just anybody can call on milord to refine pills."

Ao Qian also walked past him and scolded, "Simpleton, to actually doubt milord's strength!"

Elder Tan gave him a glance and said sympathetically, "Young Brother, your eyesight is too poor!"

Zhao Qian was much better than the rest. She said with a broad smile, "Relax, there are no medicinal pills that Young Master Ye can't refine in this world."

Shark One had a flabbergasted look. But he also realized that Lord Ye Yuan's alchemy standards seemed to really be very high!

High until he was unable to imagine it!

Circling one round, Ye Yuan stopped at a stall. A small section of tree roots aroused his attention.

At the stall, two people were currently quarreling endlessly.

"Old Xie, this is you in the wrong! We agreed the last time, Astral Heavenly Soul Pill in exchange for Coiling Dragon Spirit Root. Now, you're not exchanging. What's the meaning of this?" shouted a martial artist the top of his voice.

The stall owner, Old Xie, said expressionlessly, "The preciousness of the Coiling Dragon Spirit Root, I believe that you're aware of it too. I told you the last time, the lowest is middle-grade Astral Heavenly Soul Pill. But what you brought is low-grade. How do you want me to exchange it with you?"

"Old Xie, the Astral Heavenly Soul Pill is a mystic grade medicinal pill. How can it be that easy to refine? Isn't it making things difficult for people to want middle-grade?" said the martial artist with his face reddened to the ears.

#### **Chapter 1140: Return to the Furnace and Reforging!**

Old Xie gave that person a glance and said coldly, "Not exchanging means not exchanging. Could it be that you still want to force a transaction? Zhou Yun, don't you forget Nine Phoenix Island's rules!"

Mentioning the rules, Zhou Yun immediately shriveled up.

The rules on this Nine Phoenix Island were not to force a transaction, and not to kill a person and seize his goods.

Upon discovering, immediately sentenced to death!

Although the powerhouses here were many, there were completely none capable of reaching Hei Meng's level of strength.

Peak Void Mystic was not what anybody was capable of achieving.

Ye Yuan watch by the side for a long time. At this time, he spoke up to that Old Xie, "Your Coiling Dragon Spirit Root, as long as it's a middle-grade Astral Heavenly Soul Pill, it will do?"

Old Xie looked at Ye Yuan and rolled his eyes. He said, "As long as? Could it be that you can take it out? If you can take it out, so what if giving it to you?"

The Zhou Yun by the side looked at Ye Yuan with a vigilant look. Clearly, he was really afraid of Ye Yuan taking out an Astral Heavenly Soul Pill.

Ye Yuan smiled, but paid Old Xie no heed, and said to Zhou Yun, "This older brother, what do you think about this? I'll return your Astral Heavenly Soul Pill back to the furnace to reforge and refine it a bit. This Coiling Dragon Spirit Root, we each get half."

The Coiling Dragon Spirit Root was greatly beneficial to body cultivators. Ye Yuan noticed that this Zhou Yun was precisely a body cultivator. His strength had already reached peak Divine King.

Actually, when body cultivators reached an extremely high realm, they were even more terrifying than essence energy martial artists.

Their body's defense could be rated as perverse. If carried on to cultivate an extremely formidable martial technique, it was virtually sweeping away those in the same rank.

This Coiling Dragon Spirit Root was very important to Zhou Yun. Hence, after he saw it the last time, he practically wiped out all of his savings, inviting the Alchemist Association's Alchemy Emperor powerhouse to refine the Astral Heavenly Soul Pill.

But regretfully, the other party only refined out a low-grade Astral Heavenly Soul Pill.

This almost made him go crazy!

It was too bad that although Zhou Yun's strength was not bad, he did not dare to offend the Alchemist Association's big-shot.

Moreover, inviting alchemists to refine pills was taking responsibility for the grade to begin with.

Even if he found trouble with him, it was not reasonable either.

Feeling helpless, he still came to the Nine Phoenix Island, wanting to find Old Xie to exchange for the Coiling Dragon Spirit Root. But Old Xie did not go for it at all.

Hearing Ye Yuan's suggestion, Zhou Yun had an astounded look.

Once the medicinal pill was refined, it was basically fixed and unchangeable already.

There were those capable of purifying a medicinal pill to raise its grade. But those were all existences who had reached the acme of perfection in Alchemy Dao.

Could this young man before their eyes accomplish it?

Furthermore, the refining difficulty of the Astral Heavenly Soul Pill was immensely high. The difficulty of purification was even more unimaginable.

Wanting to raise the grade, this was virtually an impossible to complete task.

"Young man, don't joke around! I know you guys are very strong, but pill refinement can't be spoken irresponsibly. Purifying the Astral Heavenly Soul Pill, even the Alchemist Association's Lord Quanxing Zi probably can't accomplish it. You ... better forget it!" Zhou Yung shook his head helplessly and said.

Even if it was a low-grade Astral Heavenly Soul Pill, taking it out to sell could sell for quite a bit of money too.

If he let Ye Yuan ruin it, that was not getting any benefits at all.

Old Xie observed coldly from the sidelines and did not speak. But the eyes he looked at Ye Yuan with was filled with scorn.

Purifying a peak Tier 9 medicinal pill, wasn't it talking nonsense?

At this time, quite a few people were drawn over by the commotion over here, and all scoffed their contempt toward Ye Yuan.

Although Ao Qian displayed extremely powerful strength, pill refinement was not something that could be accomplished in one stroke.

"The difficulty of purifying medicinal pills is several times greater than refining medicinal pills! This brat really dared to say it!"

"This kind of irresponsible remarks, he really dared to boast! This brat is probably some reclusive super faction's young master, learned a few days of alchemy and really thinks himself to be extraordinary."

"Purifying a peak Tier 9 medicinal pill, even Chairman Jing Fengtian won't dare to make this boast either, right? You look at that expression of his. One would even think that purifying medicinal pills is stir-frying vegetables."

...

Medicinal pills was a very sensitive matter in this trade fair. Among these people surrounding and watching, there was no lack of some varying ranks of alchemists.

They all knew that purifying peak Tier 9 medicinal pills was even harder than refining some mystic grade medicinal pills!

This kind of thing was not easy to brag.

Ye Yuan's age was too young. How could such an age possibly do it?

Toward these people's ridicule, Ye Yuan turned a deaf ear to it, but he said to Zhou Yun, "How about this? This medicinal pill of yours is already useless either way, so why not sell it to me? How's that? But after selling it to me, this Coiling Dragon Spirit Root, you won't have your share anymore."

Zhou Yun's expression changed, and a look of struggle involuntarily surfaced on his face.

He really did not know where Ye Yuan's confidence came from.

But the expression on Ye Yuan's face was very calm, as if he had everything planned out.

A low-grade spirit medicine, even if it was a Tier 9 spirit medicine, the price was definitely already far beyond the capital he put in.

Finally, Zhou Yun gritted his teeth, seemingly making up his mind. Handing the medicinal pill to Ye Yuan, he said, "This old man is going all out today! Refine it! If it's ruined, just take it as this old man working in vain for these few decades!"

His decision gave everyone a huge shock.

Following that, was floodwaters-like taunting.

"Old Zhou, this gamble of yours is a bit big! Even if it's a low grade Astral Heavenly Soul Pill, it's at least worth 50 million high-grade heaven essence crystals too. If it's ruined, there won't be a single cent anymore."

"Yeah. This boy's hair isn't even fully grown. Whether or not he knows alchemy is a question. You really dare to gamble."

"Hahaha, Old Zhou, if you don't want this medicinal pill, why not directly gift it to me!"

Zhou Yun glared and said to everyone, "This old man's medicinal pill, this old man is happy about it. What do you all care?"

But Ye Yuan chuckled when he heard that. Receiving the medicinal pill from Zhou Yun's hands, he said, "A smart decision! Relax, I won't disappoint you!"

Boom!

A thunderous loud bang. A 30 thousand catties medicinal cauldron appeared in front of everyone.

Dragon Sovereign Cauldron!

Following Ye Yuan's dragon blood grade becoming higher and higher, the Dragon Sovereign Cauldron's power also became greater and greater!

This Dragon Sovereign Cauldron was an existence that was only lacking one step to be able to step into divine artifact back then. The power was immeasurable.

When everyone recognized the power of this Dragon Sovereign Cauldron, they instantly could not laugh anymore.

Ye Yuan did not say a word. In front of everybody, he deployed the Cleansing Sandal Sacred Flame and started purifying the Astral Heavenly Soul Pill.

Very soon, the mockery on those people's faces became astonishment.

Ye Yuan's refining method was extremely profound. Even if they did not know alchemy, they actually became lost in wonder from watching too!

Those people who knew alchemy were even more shocked to the core.

Ye Yuan's Alchemy Dao level was more than a hundred times stronger than them!

This was the style of a great master!

Similarly, among Alchemy Emperors who were watching, they discovered to their dismay that they could not understand Ye Yuan's refinement at all.

The disparity in-between this was too great!

A master of his generation!

This young man was absolutely an Alchemy Dao master of his generation!

At this moment, they were incomparably certain in their hearts.

After roughly two hours, Ye Yuan collected the essence fire.

Medicinal pill formed!

When Zhou Yun saw the medicinal pill in Ye Yuan's hands, he was excited until his face turned red.

"Gambled correctly! Hahaha, this old man gambled correctly! Hahaha ..." Zhou Yun was unbelievably agitated as he raised his head to the skies and laughed hard.
