Chapter 1201: Explosion Rune

“What do you think?”

Ye Yuan’s words were filled with thick ridicule.

This martial technique of Sikong Shang’s that resembled the power of domain was indeed incomparably powerful.

It was too bad that his opponent was Ye Yuan!

Grand completion heart realm made Ye Yuan’s perception powers far exceed ordinary people.

The Sun Moon Heavenly Pupil even let Ye Yuan possess unparalleled ocular powers!

Sikong Shang assumed a serious attitude towards the matter. But in Ye Yuan’s view, he was just a clown jumping around.

This limitless darkness was not much different from daytime in front of Ye Yuan.

This darkness just cut off essence energy but was unable to cut off natural laws. Ye Yuan’s movement technique was not affected.

“Terrific, lad! Indeed, you have some capabilities. It was this seat who underestimated you.” Sikong Shang was extremely shocked and furious.

As the most mysterious existence among the Ten Great Divine Kings, he normally rarely made a move. But he had full confidence in his own strength.

He did not expect that he was actually made such a joke of by a junior.

“Is that so? I overestimated you! I even thought how formidable the fifth divine king was. Didn’t expect that ... you were too weak to stand up to the competition!” Ye Yuan said coolly.

One sentence, made Sikong Shang’s face somber to the extreme.

“Brat, don’t talk too big when boasting. Careful, the wind might sprain your tongue!”

Ye Yuan said indifferently, “Want to sprain this young master’s tongue, you got to bring out a bit of true capabilities.”

“Since you’re so anxious to seek death, then this seat will fulfill your wish!”

Sikong Shang’s expression turned cold, and a palm smacked out from within the darkness. Terrifying killing intent instantly swept across the entire space.

This palm force seemed to want to shatter this space!

“Abyss Netherworld Palm!”

The hint of a light smile curled up at the corners of Ye Yuan's mouth as he opened his mouth and said, "That's a bit more interesting! As expected, your Slaughter Concept isn't for show! This palm is powerful enough!"

"Conceited brat, prepare to die!"

Sikong Shang was thoroughly infuriated by Ye Yuan's attitude.

This palm, Sikong Shang went all out. Berserk Slaughter Concept made the space start to tremble.

Ye Yuan laughed coldly. The power of his fleshy body instantly erupted, his entire body taking on a golden color!

Nine Transformations Golden Body!

The Ye Yuan who had been taciturn all along finally erupted!

The current Ye Yuan was just like the rising sun, lighting up the dark night!

Those martial artists looked at Ye Yuan in the sky, akin to the reincarnation of a god or buddha, his body exuding the aura of beholding a great mountain from top to bottom.

"This ... What kind of martial technique is this?! To actually be able to break the Darkness Divine King's Silent Extermination Domain!"

"S-So strong! Why do I actually have a feeling of blood boiling with righteous indignation when I see the Heaven Surmounting Divine King's martial technique?"

"What a fine Heaven Surmounting Divine King! This ... is really going to ride above the ninth heaven!"

Ye Yuan's berserk aura made everyone's face changed drastically.

Turns out that up till now, the Heaven Surmounting Divine King did not truly bring out his strength at all!

This was the true Heaven Surmounting Divine King!

"Nine Transformations Golden Body! This ... How is this possible?"

Those people did not recognize the Nine Transformations Golden Body, but Sikong Shang recognized it.

In his understanding, this was simply not what a Tier 9 martial artist should be capable of possessing.

Hence, this shock was by no means insignificant.

However, the arrow was already fitted onto the string and already had no choice but to release it!

His momentum was already formed and could only forcefully clash this blow with Ye Yuan.

"Coiling Dragon Heaven Devastating Palm!"

Likewise smacking a palm out, Ye Yuan was the midday sun high up in the sky, while Sikong Shang was cold like the underworld.

Two extremely great contrast auras collided together intensely!

Rumble ...

The entire space was quivering!

A terrifying energy undulation instantly spread out, reducing the Asura Arena's sixth level's space to fragments!

The Darkness Divine King's Silent Extermination Domain shattering, the sky returned to that blood-red color again.

Sikong Shang's blood sprayed across the sky, his figure flying out backward like a cannonball.

This frontal exchange, the Heaven Surmounting Divine King won completely!

"Quick! Quickly run! The Asura Arena is crumbling!"

"The Heaven Surmounting Divine King is too scary! Even the Darkness Divine King is actually not a match! his strength can absolutely rank into the top five already!"

"Truly too inconceivable! It's just been a few months, and the Heaven Surmounting Divine King actually already grew to such a level!"

...

Those martial artists shouted in great terror as they run away.

Ye Yuan's Coiling Dragon Heaven Devastating Palm and Sikong Shang's Abyss Netherworld Palm were both presently the Divine Realm's apex cultivation methods.

The collision of two great martial techniques, the power was too terrifying, directly destroying this space made up of array formations!

The formation foundation was already ruined. The Asura Arena looked as if it was going to collapse already.

However, this clash, the relative superiority and inferiority were already clear at a glance.

Heaven Surmounting Divine King Ye Yuan's strength already surpassed the Darkness Divine King!

Swoosh ...

Sikong Shang's figure shot up to the sky, turning into a black arc, and flying above the skies.

The Darkness Divine King took flight!

But the direction he escaped in was diametrically opposite to the others. It was actually in the direction of the Heavenly Slaughter Pit!

Ye Yuan laughed coldly. The art of greater teleportation was instantly displayed, chasing after.

"Boy, don't push people too far!" Sikong Shang's voice held panic.

Ye Yuan smiled and said, "You cruelly oppressed the common folks, killed my respected teacher, and also the enmity of a palm. No matter which one, you have to die beyond a doubt today!"

“Damn brat, do you really take this seat to be easy to bully?”

When Sikong Shang saw Ye Yuan hot at his heels, he gave a palm with a swing of his hand.

But a hasty palm did not pose any threat to Ye Yuan at all.

Rather, Ye Yuan sent out a Fury Sword Fire Lotus with a backhand, striking Sikong Shang without any deviation.

“ARGH!!”

A tragic cry transmitted over. Sikong Shang’s aura immediately lost considerable vigor.

Ye Yuan directly arrived beside Sikong Shang with greater teleportation.

He was just planning on supplementing a slash and sending Sikong Shang to the western paradise.

All of a sudden, Ye Yuan’s warning bells sounded!

A horrifying energy spurted out. That Sikong Shang actually directly exploded!

This explosion’s power was actually not beneath Ye Yuan’s Coiling Dragon Heaven Devastating Palm.

Ye Yuan was too close to Sikong Shang at this time. The power of this explosion practically detonated instantly. Ye Yuan’s body was directly blasted flying out.

“Puhwark ...”

Ye Yuan immediately spewed out a mouthful of blood.

His figure retreated ten thousand feet away before barely managing to hold steady.

That attack just now took him by surprise. If it were others, they would probably be blasted until a corpse did not exist already!

Right at the critical moment, Ye Yuan’s Domain of Sword opened up fully. The Black Tortoise Treasure Body Divine Art revolved at full power, coupled with his powerful physical body, before he barely managed to pull through.

Even so, Ye Yuan became a blood-person from head to toe at this time too!

A lesser part of Ye Yuan’s body was practically blown away.

It looked incomparably grotesque!

A black figure flew up in the sky and looked at Ye Yuan with a smile that was not a smile. Who could it be if not Sikong Shang?

“I didn’t think that you were actually able to survive under this explosion rune that contains Divine Dao laws! Truly remarkable!” Sikong Shang said with a broad grin.

Ye Yuan’s face fell, and he said coldly, “It was this young master who was careless! You’ve operated in this Chaotic Devil Sea for a long time, so how can your clone only be You Wuya alone?”

Sikong Shang smiled and said, “*Huhu*, smart! That You Wuya was merely a clone that this seat used to manage the Asura Arena. My true clones have exactly the same aura as this seat. It is difficult to distinguish the true and the false. Even though this seat is known as the Darkness Divine King, my true ace in the hole is this explosion rune! Now, this seat will send you on your way!”

Unrivaled Medicine God

Chapter 1202: A Change That Drove People Crazy

At this time, Ye Yuan’s left arm was practically blown away.

His body dripped with blood, injuries looked very severe.

For Divine King Realm martial artists, this degree of injuries was very serious too.

Even though they could regrow severed limbs, the price expended was not small either.

At the very least, under the circumstances of such severe injuries, there was absolutely no way to escape from Sikong Shang’s hands.

“Looks like this is the strongest trick. Then ... it’s time to send you on your way,” said Ye Yuan coolly who was totally oblivious towards the injuries on his body.

Sikong Shang grinned hideously and said, “You’re already wounded until like this, and you still dare to utter this sort of big talk? Boy, I have to hand it to you; your ambition is very big!”

“Are you talking about this injury? *Huhu*, it isn’t considered much to me,” Ye Yuan said with a smile.

“*Hahaha* ... not considered ... much ...”

Sikong Shang’s smile suddenly froze, his eyeballs staring like wide-saucers, looking at everything before his eyes in disbelief, resulting in the tone of the second half of his sentence changing.

Ye Yuan’s left arm actually grew out just like that!

Not just so, the wounds that his explosion caused were also recovering at a speed visible to the naked eye.

“This ... How is this possible?”

Sikong Shang did not quite dare to believe his eyes. This recovery ability was simply too freakish!

“This is too fake, right? Could it be that the Heaven Surmounting Divine King possesses an undying body?”

“Such horrifying injuries, if it were others, they would probably croak straight away, right? He ... He actually directly recovered!”

“Too unreasonable! How to fight still? Immensely powerful offensive power, startling defensive power, freakish recovery ability. This ... There’s simply no weakness to exploit here!”

“No wonder, no wonder Ye Yuan was titled as Heaven Surmounting Divine King. I feel that no other title is more suitable for him than this!”

...

This scene made everyone stunned.

Ye Yuan sustaining serious injuries, they all thought that he was dead for sure. He did not expect that the next instant, such a dramatic scene occurred.

The current Ye Yuan was alive and kicking. How did he look like someone who was injured before?

Ever since Ye Yuan awakened the Atavism Dragon Soul and comprehended the Tyrant Dragon Regeneration Art, wanting to kill him was really not an easy matter.

Unless one's strength was far greater than his, utterly destroying his vital parts straight away, otherwise, it was just a matter of minutes for him to recover.

The price was just losing some blood essence.

But this kind of expenditure was not considered a serious impairment to Ye Yuan.

"Even though the expenditure for using this move is quite large, dealing with you, it seems like there's only using this move too."

Ye Yuan was rather helpless. He was indeed not very willing to use the Voice of the Dragon God.

This move's consumption was too great. The last time, he only used the time of three breaths, and he lay on the bed for a month.

Even if it was just using two breaths of time, it was extremely awful for Ye Yuan too.

While this martial technique was strong, it was really not what the average person could use.

Sikong Shang's expression changed, instinctively sensing that things were not good.

He did not expect that the Coiling Dragon Heaven Devastating Palm was actually not even Ye Yuan's limit!

Ye Yuan actually had an even stronger killing move!

Virtually without the slightest hesitation, Sikong Shang made a run for it!

Except, how could his speed be faster than the Voice of the Dragon God?

"Roar!"

A dragon roar that reverberated through the clouds instantly sounded throughout the entire sky.

The figure of Sikong Shang's that was currently fleeing abruptly stopped!

"ARGH!!"

A shrill and miserably cry emitted out of Sikong Shang's mouth. He already used his strongest essence energy to resist this sound wave attack.

Yet, all of these were futile.

After two breaths, Sikong Shang's body was directly crushed into minced meat with a bang.

"Huuuu ..."

Ye Yuan slowly landed from the air, He was no longer able to hold his body up.

Two breaths of time, even though he did not collapse like the last time, it also squeezed his physical strength dry until not a trace remained.

At this very moment, he did not wish to even lift a finger. He just wanted to have a good sleep.

"Big Brother, are you alright?"

Fiery appeared at the right moment and supported Ye Yuan, then stuffed a medicinal pill into Ye Yuan's mouth.

Ever since the situation last time occurred, Ye Yuan naturally had to prepare some physical strength restoring medicinal pills.

But right now, two breaths of time were still a rather taxing load on him.

Ye Yuan smiled bitterly and said, "You look at my appearance, can I be fine? I even thought that the Coiling Dragon Heaven Devastating Palm should be sufficient to deal with him. I didn't think that I still have to use this move in the end."

Fiery smiled and said, "That was the fifth divine king. Big Brother, you're going to cause a stir in the entire Divine Realm again with this!"

Ye Yuan said helplessly, "I don't wish to cause a sensation in the Divine Realm. But that Heaven's Secret Tower seems to really be quite extraordinary!"

Everyone looked at Ye Yuan with dumbfounded gazes and slack jaws, feeling that everything before their eyes was not too real.

"The Darkness Divine King ... really died? My ... eyesight isn't failing me, right?"

"Quick! Pinch me, ouch! You really pinched! I freaking not dreaming! The fifth divine king really died!"

"The Ten Great Divine Kings lived in peace with each other for 2000 years. Didn't expect that ... one actually perished just like this today! Furthermore, it's even the fifth divine king!"

"Turns out that the change the Heaven's Secret Tower was talking about was actually like this!"

...

Slightly prior to this, the Heaven's Secret Tower issued the new issue of Ten Great Divine Kings.

The entire Divine Realm was instantly set on fire!

Especially the Holy City, it simply seethed with excitement.

"Ye Yuan's ranked fourth, he actually directly advanced two places, ranking in front of the Soul Martial Divine King! Who can tell me what in the world happened?"

“Where’s the Darkness Divine King? Why is the Darkness Divine King gone? What the hell! Is this Heaven’s Secret Tower’s ranking being funny?”

“The Single Chord Divine King came back again. It’s just that this time, he’s ranked at the tenth place. The Violet Extreme Divine King and the other few divine kings all advanced a place in order. Could it be that ... the Darkness Divine King he ...”

“Impossible! That’s the fifth divine king, who could kill him? Even if he can’t beat the Heaven Stabilizing Divine King, he can always run, right?”

“Who can tell me what in the world happened?”

The discussion regarding the Ten Great Divine Kings gave rise to much discussion.

However, the Heaven’s Secret Tower did not give any response.

They just announced the new issue of the Ten Great Divine Kings, then did not give any explanations.

Why in the world the Darkness Divine King was gone, nobody knew either.

The Heaven’s Secret Tower’s actions simply drove everyone crazy.

Each and every one of them felt like cats were scratching in their hearts, desperately wanting to know the reason involved.

Even though this had nothing to do with them at all.

But a gossiping heart could not be dispensed off no matter where.

Hence, some important wealthy people and also some family clans with deep foundations started buying information from the Heaven’s Secret Tower!

This information made the Heaven’s Secret Tower scoop up a massive profit.

However, the intel was still being kept secret.

Because the condition for the Heaven’s Secret Tower to sell the intel was not allowing the information to be disseminated out. Otherwise, bear the consequences yourself!

Although the Heaven’s Secret Tower had never taken action outside before, nobody doubted its might.

Because the Holy City had already existed for god knows how many years.

While the Heaven’s Secret Tower merely existed for 2000 years.

The Heaven’s Secret Tower domineeringly ventured in but did not arouse the Holy City’s kickback. This, in itself, indicated many problems.

[Unrivaled Medicine God](#)

Chapter 1203: Kanuo!

Divine Martial Hall, dark and gloomy.

Waves of terrifying aura leaked out from the depths of the great hall, giving people a feeling of palpitation.

"Old witch, you didn't listen to this god's words. Suffered a huge loss this time, right?" A cold voice transmitted over, the words carrying thick gloating over others' misfortune.

At this time, a cold and stern voice came over, "*Humph!* Stop making sarcastic remarks over there! Don't think that this holy mother doesn't know what you're planning!"

These two people were shockingly the two great heavenly fiendgods, Kanuo and Yue Ji.

"*Heh heh*, now that it played out like this, don't you understand yet? The two of us are originally this Immortal Grove Region's aberrant lifeforms and are rejected by Heavenly Dao. Hence, that's why we suffered repeated defeats," Kanuo said ¹.

"So what? Just based on these bunch of rookies from the Immortal Grove Region, can they kill us too?" Yue Ji said.

"*Heh*, you old witch, you're really forgetful. Didn't you almost turn to ashes this time?" Kanuo said.

"Old thing, are you seeking death?"

Yue Ji's expression turned coldly and still had some lingering fear in her heart.

That Voice of the Dragon God from Ye Yuan almost shocked her until her soul disintegrated.

"Don't try that stuff with this god. In your state, what can you still do to this seat? But this god is really quite surprised. Ye Yuan that brat actually learned the long-lost Voice of the Dragon God! Looks like the momentum of his rise already cannot be stopped!" Kanuo actually said with a slight sigh.

"*Humph!* You fool, bustled about for so many years, didn't it still make a wedding dress for him in vain? To actually have the face to talk about me!" Yue Ji said with cold mockery.

"What do you know? If this god recovers to peak strength, I naturally wouldn't fear them. But, the human race has that old guy who's opposing this god in all aspects! Once I give myself away, this seat's these years of effort will really be cast to the winds!" Kanuo said in a solemn voice.

Yue Ji was startled when she heard that and said, "The current human race still has such a major power?"

"*Heh*, otherwise, what do you think? That old guy formed an organization called Mystic Gate, which enlisted the services of quite a number of experts. Those Ten Great Divine Kings, there's half that was fostered by him. These people have all comprehended Divine Dao laws, and their strength cannot be underestimated; let alone himself," Kanuo said.

Yue Ji's expression changed, and she said, "Then ... what should we do now?"

"Give me the Fiendsource Bead!" Kanuo said.

"You ... You're dreaming!" Yue Ji said with a cold expression.

"*Heh*, in this god's current state, the worst outcome is being sealed once again too. Furthermore, I still have several peerlessly fine cards that can be played against Ye Yuan in my hands. But you ... if you're found by Ye Yuan, that's a one-way ticket to hell! Do you think that you have any choice?" Kanuo said with a cold smile.

Yue Ji's expression flickered incessantly. Finally, she still gritted her teeth, opened her mouth, and spat out a black color bead.

This bead was black throughout. But the moment it appeared, fiendish energy surged to the sky, as if it had the aura to devour heaven and earth.

In the darkness, a large hand suddenly reached out, directly grabbing the Fiendsource Bead in his hand.

Following that, Kanuo let out a loud laugh and said, "*Hahaha*, Heavenly Fiendgod Artifact, Fiendsource Bead! With it, even if this seat isn't able to recover to peak strength, I'll have 70% strength too. Who can stop me in this Divine Realm? Old thing, Ye Yuan, this time, this god will let you know the taste of fear! *Hahaha* ..."

Yue Ji's expression was rather ugly. This Fiendsource Bead was the fiend race's heavenly fiendgod artifact; its power was boundless.

Handing it over now, she could only depend on Kanuo.

In the depths of the great hall, there was a massive bloodpool.

In the bloodpool, a young man was soaking in it, leaving only a head outside.

This man's looks were handsome, looking to be of similar age with Ye Yuan, no different from humans.

Above the bloodpool, countless red beads were suspended.

These beads were precisely the 58 thousand Bloodsoul Beads that Ji Canglan collected!

The young man suddenly opened his mouth and said, "Bloodsoul Fiend Establishing Grand Array, activate!"

All of a sudden, 58 thousand suspended blood beads radiated with a brilliant blood light, looking breathtaking!

A terrifying sanguinary power shot straight for the clouds, thoroughly enveloping the young man inside.

A month later, a burst of terrifying laughter came from inside the Divine Martial Hall. "*Hahaha* ... when this god comes into being, I'll see which one of you can stop me this time!"

...

The essence energy storm gradually disappeared. Ye Yuan's essence energy finally calmed down.

"Congratulations, Big Brother, for finally entering Divine King Realm!" Fiery said excitedly by the side.

But Ye Yuan smiled bitterly when he heard that and said, "Originally, essence energy realm was the easiest to improve for me. I didn't expect that after so many years, I was actually held back by essence energy realm."

"Huhu, reincarnating, your lucky chances were too heaven-defying, resulting in essence energy realm seeming slow instead. Actually, even if you're an Alchemy Emperor reincarnating, to be able to reach the Divine King Realm in such a short time, it's already very heaven-defying." By the side, Long Teng had a laugh.

Killing the Darkness Divine King, Sikong Shang, Ye Yuan finally found the opportunity to break through to the Divine King Realm.

After a few days of accumulation, he finally broke through to the Divine King Realm.

Regarding essence energy realm, the Divine King Realm was another level.

With the support of Divine King Realm essence energy, Ye Yuan's martial techniques would be able to unleash even greater might.

Actually, to talk about the Fury Sword Fire Lotus and divine rank Coiling Dragon Heaven Devastating Palm, which one was stronger or weaker, it was not easy to judge.

It was just that Ye Yuan's essence energy realm had stopped at Eighth Level Dao Profound all along. Hence, Fury Sword Fire Lotus's power appeared relatively weak.

Now that he broke through to Divine King Realm, not only did Fury Sword Fire Lotus's power increase greatly, his Domain of Sword, greater teleportation, and other skills, would have a qualitative leap!

"Heh, Your Excellency, these few days, you've been in closed-seclusion all along and probably don't know yet, you're already the fourth divine king now!" Meng Guang had an excited look. It was as if the fourth divine king was him.

When he killed Sikong Shang, Ye Yuan put him away inside the Vast Heaven Pagoda.

These few days, he had constantly been inquiring news in the Asura Arena. But this news was undoubtedly the heaviest weight.

Ye Yuan could not help being slightly stupefied when he heard and said, "Just fourth?"

Everyone's expressions choked up. It was just a few months, and you already rushed from sixth to fourth. Could it be that you were not satisfied yet?

Seeing everyone's expression, Ye Yuan smiled and said, "Looks like I still underestimated Zhuge Qingxuan, the three of their strengths. Although the Voice of the Dragon God is strong, they just have to resist for three breaths of time, and I can only let people slaughter me at will."

Only when everyone heard did they come to a realization.

However, the power of the Voice of the Dragon God was indeed too terrifying.

If Ye Yuan could support it to up ten breaths of time, it was basically enough to sweep across the Divine Realm.

The Voice of the Dragon God's sound wave attack, following the passing of time, would make the power become even more terrifying as the sound waves stacked layer upon layer.

It was just a shame that Ye Yuan could at most only support three breaths of time.

“Alright, it’s almost time, we should go back. Probably before long, the fiend calamity will be erupting. This period of time, we still have to prepare a little,” Ye Yuan said.

The group of people finally returned to the dragon clan after a few twists and turns.

However, the scene before his eyes made Ye Yuan’s hair stand on end with anger.

Unrivaled Medicine God

Chapter 1204: Twin Dragons Spitting Pearls!

“Roar!”

Rumble ...

Thunderous dragon roars were mixed with earth-shaking loud booms.

One human and one dragon were currently having a great battle above the dragon clan.

That dragon was just an illusionary phantom and not a genuine azure dragon.

But it was ... the spirit of the azure dragon!

The spirit of the azure dragon summoned by the Constellation Grand Array!

While the other figure was none other than precisely the Heaven Stabilizing Divine King, Zhuge Qingxuan, who rushed over from the Holy City!

Zhuge Qingxuan’s divine might was truly unparalleled. That terrifying azure dragon spirit was actually being overpowered by him, looking as if it was going to be defeated.

The dragon clan’s members did not notice Ye Yuan’s appearance, all staring at the battle situation, with tense looks on their faces.

This was their final reliance.

Boom!

Zhuge Qingxuan knocked the azure dragon spirit far away with a palm. Standing with his hands behind his back, he snorted coldly and said, “If you still don’t hand over Ye Yuan, this seat will exterminate your Azure Dragon Clan today!”

The current Zhuge Qingxuan was truly insufferably arrogant.

The dragon clan’s clan members all had looks of despair at this time.

“This Heaven Stabilizing Divine King is too strong! So many peak Void Mystic powerhouses attacked together and were all still defeated by him!”

“Dead this time! Our dragon clan wouldn’t really be exterminated by him, right?”

“It’s all that Ye Yuan, really capable at causing trouble! If not for him, how could it bring down the Heaven Stabilizing Divine King to here?”

...

At the juncture of life and death, there were quite a number of people who pointed the spearhead at Ye Yuan.

After all, to them, Ye Yuan this dragon lord was still very foreign.

“Shut your mouths for this old man! Keep talking nonsense that this old man will exterminate you first! How can the things that Dragon Lord is shouldering be what you guys are capable of surmising?” Ao Yong snapped.

Yue Mengli heaved a sigh and said, “Grand Elder, now that it came to this, everyone’s emotions will inevitably lose control. You don’t need to get angry because of this.”

Ao Yong shot a fierce glare at that clansman and said with a cold snort, “All shut up for this old man! The dragon lord is the dragon clan’s common lord! If there are still words that besmirch your superiors, this old man will punish severely!”

When those clansmen saw Grand Elder demonstrate his power like so, each and every one of them sensibly kept their mouths shut and did not speak anymore.

At this time, Zhuge Qingxuan said coolly, “Looks like you guys won’t shed tears if you don’t see the coffin. Do you really think that this seat doesn’t dare to massacre you all, is that it?”

Huo ...

Zhuge Qingxuan pointed a finger out. Heaven and earth changed color because of it.

The essence energy in the area tens of thousands of miles around gathered onto Zhuge Qingxuan’s finger frenziedly, condensing and not dissipating!

Seeing such power, everyone’s expression changed greatly.

Even that azure dragon spirit seemed to have sensed an immense threat too, and actually did not dare to come forward anymore!

“This ... This is the legendary Profound Calamity Finger, one of the Heaven Stabilizing Divine King’s trump cards! Looks like his determination to kill the dragon lord is unshakable!” Ao Yong’s expression was incomparably ugly as he said this.

“This finger is so terrifying! It hasn’t released yet, and I already have a feeling of asphyxia near death! The azure dragon spirit likely can’t resist anymore.” Ao Qian’s expression changed greatly.

Zhuge Qingxuan’s might, they had all heard of it. But only when they experienced it personally now, did they know that the Heaven Stabilizing Divine King was even more powerful than in the legends!

He had the ability to destroy the entire dragon clan with his power alone!

This kind of strength was simply appalling to hear!

Zhuge Qingxuan’s robes fluttered, his entire person akin to a celestial. The air of an expert was displayed in its entirety, fully deserving of the title of Heaven Stabilizing Divine King.

“Profound Calamity Finger, exterminate for me!”

Zhuge Qingxuan gave a cold shout. Pointing a finger out, the winds and clouds immediately changed color!

In the dragon clan, everyone’s faces were white as a sheet.

Once this finger landed, who knew how many people it would kill!

Just then, Ye Yuan rushed over and saw this heaven-shocking finger of Zhuge Qingxuan!

Ye Yuan only had time to sweep a glance with his peripherals, only to see the dragon clan’s members all covered with wounds.

Including Yue Mengli and Lu-er!

Ye Yuan’s alarm and rage rose together. A surge of rage flared up!

Virtually without thinking, Ye Yuan directly did a greater teleportation, then unleashed a Coiling Dragon Heaven Devastating Palm in anger!

However, what made everyone surprised was that another terrifying attack rose up inside the dragon clan!

“Big Brother Yuan!”

“Young Master!”

“It’s Dragon Traversing the Ninth Heaven! Our dragon clan’s divine rank martial technique, Dragon Traversing the Ninth Heaven!”

“That ... is the dragon lord’s Coiling Dragon Heaven Devastating Palm!”

“The dragon lord came back! Hahaha ... we’re saved!”

Two dragon race divine rank martial techniques that did not lose out to the Profound Calamity finger were unleashed at the same time, from two different directions, directly intercepting the Profound Calamity Finger!

The Heaven Stabilizing Divine King, who originally looked down scornfully at everything, his expression changed drastically at this time.

These two terrifying attacks appeared too suddenly that even he did not react to it either.

Rumble ...

A terrifying energy undulation spread out, sending the dragon clan’s powerhouses flying.

Zhuge Qingxuan was the closest to it. Being slammed by two surges of tremendous force, his internal organs immediately received a tremendous shock, immediately tasting sweetness at his throat, spewing out a mouthful of blood.

Originally, this move of his was prepared to exterminate the azure dragon spirit and slaughter the dragon clan’s powerhouses.

He did not expect that in the end, it was actually him who suffered a hidden loss.

Regarding that attack, which rumbled out from the dragon clan, Ye Yuan was rather surprised too.

But he felt relieved very quickly. Teng Yun said before, there was still a peerless powerhouse concealed in the dragon clan. It was just that nothing was revealed.

Earlier, the dragon clan reached a critical moment. He finally could not resist making a move.

Looks like the matter of the dragon clan having a reclusive powerhouse, even the Heaven Stabilizing Divine King did not know either.

Otherwise, he absolutely would not come to the dragon clan to raise a hue and cry so recklessly.

Ye Yuan did not expect that Teng Yun actually knew the matter of this peerless powershous so clearly.

Judging from that Dragon Traversing the Ninth Heaven move, the power was not the slightest bit inferior to his own Coiling Dragon Heaven Devastating Palm!

It turned out that the one who grasped divine rank dragon wave was not just him alone in this world.

It was just that, nobody had seen it before, that was all.

No wonder Teng Yun said that even he did not dare to easily provoke the dragon clan, this existence.

Ye Yuan and Zhuge Qingxuan faced off in the air, cold gazes meeting with unspeakable rage.

“Zhuge Qingxuan, what’s the meaning of this?” Ye Yuan’s words seethed with killing intent and was bone-piercingly cold.

Being questioned by Ye Yuan, Zhuge Qingxuan could not help being tongue-tied for a moment.

He came to the dragon clan in an imposing manner to kill Ye Yuan.

But he discovered now that Ye Yuan was actually powerful to this degree already!

That Coiling Dragon Heaven Devastating Palm move earlier, disregarding the Dragon Traversing the Ninth Heaven, although the power could not match his Profound Calamity Finger, it was not much worse off than him either.

Now, he suffered a hidden loss, his internal organs receiving a shock. Wanting to kill Ye Yuan again was virtually impossible.

Except, what he did not know was that Ye Yuan had killing intent aroused toward him!

If not for the azure dragon spirit resisting, Zhuge Qingxuan would probably have already charged into the dragon clan.

If not for the dragon clan still having a powerhouse, most likely ... Li-er and Lu-er would have been killed by him as well.

This guy was so arrogant, how could Ye Yuan not have killing intent aroused?

Seeing Ye Yuan's murderous look, the corners of Zhuge Qingxuan's mouth curled slightly, and he taunted, "What? You wouldn't be thinking of killing me still, right?"

"Can't I?" Ye Yuan retorted with a question icily.

"Huhu, what a joke! Truly a colossal joke! Just now, if not for this seat being momentarily careless, do you think that you could hurt me? Bragging got to have a limit too!" Zhuge Qingxuan said mockingly.

Unrivaled Medicine God

Chapter 1205: Refusing to Give in to Old Age Won't Do!

"Is that so? What if you add me?"

A figure appeared, trapping Zhuge Qingxuan with a pincering momentum with Ye Yuan.

Zhuce Qingxuan was bold stemming from superb skills too. Even though he suffered injuries, he did not have the slightest intention of escaping. His air of an expert was displayed in its entirety.

He did not think that this Divine Realm really had someone who could make him stay.

But when he saw the dragon clan's arrival, his expression changed too.

"Long Min, you're actually not dead yet!"

This Long Min was the dragon clan's previous generation patriarch.

Many years ago, he passed the position to Ao Duo, then secluded himself.

Everyone in the world all thought that Long Min already died. They did not expect that not only was he still alive in this world, but his strength was also this powerful.

"Long Min pays respect to Dragon Lord!"

Long Min first gave a bow to Ye Yuan. Ye Yuan was slightly surprised, but he still nodded his head. This was considered to have returned the salute.

"Thanks to Heaven Stabilizing Divine King's blessings, I'm still lingering on with this last breath of life until today. It's just that, Heaven Stabilizing Divine King's actions today, isn't it bullying people too much?" Long Min turned to Zhuge Qingxuan and said.

Zhuce Qingxuan had a calm and collected look as he said coolly, "This seat wanted them to hand over Ye Yuan, but they refused no matter what. That's why this seat took action."

Long Min said, "The Heaven Surmounting Divine King is my dragon clan's common lord. Even this elderly self have to respectfully call him dragon lord. Aren't you making things difficult by having us hand him over?"

"Hey old man, you're so unreasonable! We already said that Young Master wasn't at the dragon clan, yet you insist on us handing over the person. Where would we find to hand over for you?" Lu-er suddenly shouted loudly at the sky.

A cold light glinted in Zhuge Qingxuan's eyes. Separated so far away, Lu-er was also akin to being struck by a thunderbolt.

“What did you say?” Zhuge Qingxuan said word by word.

Lu-er’s words made Zhuge Qingxuan’s blue veins throb, his anger flaring up with a wham.

He, Zhuge Qingxuan, boasted of his casual and elegant bearing. At present, his age was also merely over 3000 years and did not appear old. He did not even count as middle-aged.

But this little lass actually called him an old man!

Ye Yuan was originally burning with fury. At this time, he was tickled by Lu-er until he secretly laughed in his heart too.

This lass did not have any thought in mind and randomly shouted. But it poked right at Zhuge Qingxuan’s sore sport.

His aura released slightly, warding off Zhuge Qingxuan’s aura, and he said nonchalantly, “Lu-er is merely 30 over years of age. Is there any problem with calling you an old man? You’re already getting on in years, still pretending to be young for what. Refusing to give in to old age ... won’t do! Now, it’s us youngsters’ world. You look, Senior Long Min is a wise man who understands the time. He had long relinquished his position. At your ripe old age, shouldn’t you hand over your position in the Holy City too and be a grand elder or something? Wouldn’t it be splendid?”

Each word that Ye Yuan said, Zhuge Qingxuan’s face would become a shade darker.

When Long Min saw this scene, he could not help smiling.

Not only was this dragon lord’s martial strength formidable, but his verbal skills were also similarly powerful!

But Zhuge Qingxuan just really had nothing to say.

Even if Ye Yuan’s two lifetimes were added together, it was also merely 500-plus years old. At the very most, it was also just a fraction of Zhuge Qingxuan’s.

Even though the two people were both peerless geniuses, when put together to compare, Zhuge Qingxuan paled in comparison.

One had to know that Ye Yuan only used a short few months’ time and rushed to number four of the Ten Great Divine Kings.

Given time, surpassing Zhuge Qingxuan was also nothing difficult.

And this was precisely the most painful spot in Zhuge Qingxuan’s heart!

Otherwise, why would he take up arms and come to find trouble with Ye Yuan?

The Divine Realm’s number one that he maintained for 2000 years, somebody was finally going to issue a challenge to him.

Even though Ye Yuan had no interest in this at all.

The reason why he said so was entirely just to repulse Zhuge Qingxuan.

Right now, he was a million times unhappy looking at Zhuge Qingxuan.

However, Ye Yuan's words also repulsed Zhuge Qingxuan until it was enough for him to choke on.

Whatever Ye Yuan said to abdicate his position, even if he wanted to, there had to be someone to come and take over too!

The Purple-Gold Hall's elites were all slaughtered clean by Ye Yuan alone!

This guy must be doing it on purpose!

When Yue Mengli saw this scene, she could not help smiled and said, "Lu-er, your words were unintentional, but Big Brother Yuan's words anger people to death."

Lu-er had a blank look and said, "Did I say something wrong?"

"*Huhu*, Miss Lu-er is innocent and childlike, and you didn't say anything wrong. Isn't that Heaven Stabilizing Divine King an old man? *Ha ... Haha ...*" Ao Yong also could not resist laughing.

Lu-er still had a vacant look, completely did not know what everybody was laughing at.

She had too little experience. These few years, the majority of the time was on cultivation and sleeping. She was basically isolated from the outside world.

Hence, even though she was already 30-over years old, her mentality was still not much different from a teenage girl.

Zhuce Qingxuan's perception was astonishing. How could he not know that the dragon clan's members were all mocking him?

The always calm and collected Heaven Stabilizing Divine King had blue veins throbbing at this time, rage already burning all over his body.

"Ye Yuan, do you really take this seat's whiskers to be easy to stroke?"

Zhuce Qingxuan's aura surged to the skies. Even when Long Min saw, his expression changed slightly too.

Clearly, he did not expect that Zhuce Qingxuan actually still held back strength previously!

However, Ye Yuan had a look of indifference and said coolly, "Just you, are considered a tiger too? In my view, you're also just a little cat. Come, kitty, meow for me to hear."

But this time, nobody could laugh.

Zhuce Qingxuan's aura was too terrifying!

The faces of the dragon clan's members all changed greatly. They were really frightened by Zhuce Qingxuan's aura.

"S-So strong! Turns out that the Heaven Stabilizing Divine King hasn't brought out his true strength all along until now!"

"Sigh, Dragon Lord, His Excellency, is too rash! These words sound liberating, but with this ... it isn't easy to settle."

"This ... Dragon Lord His Excellency and Old Patriarch Long Min, the two people, I wonder if they can block this blow or not!"

...

Long Min's expression was solemn, and he reminded Ye Yuan, "Be careful, Dragon Lord!"

But Ye Yuan said indifferently, "Old Patriarch, you back off first! Wait until I and this kitty fight it out until we both wear each other out, then you come over and kill him!"

While talking, Ye Yuan's tone also turned cold.

This Heaven Stabilizing Divine King already touched his bottom line. He decided that he was going to kill this guy even at risk of sustaining serious injuries!

Long Min's expression changed when he heard that, but was rather uncertain what it meant.

But when he saw the murderous look in Ye Yuan's eyes, he could not help being startled and nodded his head, but retreated.

Long Min's action made everyone get a huge shock.

"This ... What's Dragon Lord His Excellency going to do here? Could it be that he wants to contend against the Heaven Stabilizing Divine King on his own?" Ao Duo turned pale with fright and said.

While at this time, Zhuge Qingxuan's momentum was already formed. He looked at Ye Yuan and said coldly, "Very good, you're very courageous. Not only did you successfully stoke this seat's fury, you even dare to face-off on your own! Since you want to hear my, this kitty's, meow, then this seat will meow for you to hear! Therefore, listen up well! Profound ... Qi ... Finger!"

One finger unleashing, the wind and clouds moved!

An attack that moved heaven and earth charged over toward Ye Yuan!

Unrivaled Medicine God

Chapter 1206: Heavenly Fiendgod Coming Into Being!

"Too terrifying! This ... Is this really a martial technique unleashed by a Divine King Realm martial artist?"

"Dragon Lord is in danger! He actually hasn't unleashed a martial technique yet!"

"What on earth is Dragon Lord doing? Has he given up resisting?"

...

A series of clamoring sounds came from the dragon clan. They discovered that Ye Yuan provoked very happily just now.

But now, he actually stopped moving!

Zhuge Qingxuan's momentum was already formed. This finger was stronger compared to that finger previously. It was simply not what human strength could resist.

Yue Mengli's and Lu-er's expressions changed greatly and had worried looks.

After all, Ye Yuan's opponent this time was the Heaven Stabilizing Divine King, who was known as the Divine Realm's number one. It was not up to them to not be worried.

Everyone's hearts leaped to their throats, uncertain what medicine Ye Yuan was selling in his gourd!

In a blink of an eye, Zhuge Qingxuan brought the Profound Qi Finger and arrived at the place several hundred feet away from Ye Yuan.

"Puhwark!"

The person had not drawn near yet and already broke Ye Yuan's defenses, making him directly spew out a large mouthful of blood.

"Dragon Lord!"

"Big Brother Yuan!"

"Young Master!"

Seeing this scene, everyone's face changed drastically, one after another!

They seriously could not figure out why Ye Yuan did not retaliate.

Zhuge Qingxuan was also rather surprised, his face somewhat stunned.

He did not expect that Ye Yuan actually did not resist at all.

But he did not have the intention of pulling back. *Since you're not resisting, then I'll directly send you to the western paradise.*

Even if the Jade Emperor came, he can't save you either!

However, right at this moment, Ye Yuan finally made a sound.

Voice of the Dragon God!

"Roar!"

Ye Yuan suddenly radiated with resplendent golden light. A terrifying dragon roar instantly reverberated through the clouds.

At this moment, Ye Yuan did not hold back in the slightest, directly urging the Voice of the Dragon God to the limits!

The Profound Qi Finger that originally had an irresistible onslaught abruptly stopped at this time.

Zhuge Qingxuan's figure was forcefully nailed in midair by the Voice of the Dragon God's sound wave attack.

"Puhwark!"

Zhuge Qingxuan, who was caught by surprise, similarly spewed out a large mouthful of fresh blood.

Ye Yuan's roar made everyone's expression change dramatically!

But everybody's reaction was completely different.

Long Min's withered old face was seemingly like the last radiance of the setting sun at this time, exuding a flushed color.

That was caused by excitement!

"Voice of the Dragon God! It's absolutely the Voice of the Dragon God! *Hahaha* ... indeed worthy of being the dragon lord! He actually learned my clan's long-lost Voice of the Dragon God!" Long Min said with unbelievable surprise and delight.

As for Ao Qian, Ao Yong, and the rest, they clearly also guessed the origins of this move of Ye Yuan's.

"It's actually the Voice of the Dragon God! This ... This is too inconceivable! This move has already been lost in the dragon clan for over 100 thousand years. Didn't expect that we actually saw it again anew today!"

"Such a terrifying power! Is this one of my dragon clan's supreme martial techniques, Voice of the Dragon God? Just how powerful was my dragon clan when at the height of its power and splendor?"

"Turns out that the dragon lord dug a pit for the Heaven Stabilizing Divine King to jump! Yet, he even jumped inside! If the Heaven Stabilizing Divine King falls, my dragon clan will gain great fame and prestige tomorrow!"

...

When Li-er, Lu-er, and the rest saw the situation, they all heaved a long sigh in relief.

But they still looked at the two people confronting each other in the air with anxious looks, not daring to relax in the slightest.

Being shocked by the Voice of the Dragon God, which came unexpectedly, this blow to Zhuge Qingxuan was not light.

Ye Yuan's Voice of the Dragon God was not the slightest bit weaker than his Profound Qi Finger!

Furthermore, the penetrative force of sound waves was clearly greater than ordinary martial techniques!

Now, he finally understood why Ye Yuan had no movements all along.

Ye Yuan was making him suffer from his own scheme!

The Voice of the Dragon God, naturally, the closer to Ye Yuan, the greater the power.

Ye Yuan risked sustaining serious injuries and also had to wait for him to enter the range of several hundred feet, in order to give him a head-on blow!

Ye Yuan succeeded!

The moment the Voice of the Dragon God was unleashed, Zhuge Qingxuan immediately suffered severe injuries again!

However, Ye Yuan did not have the intention of ending it here.

One breath!

Two breaths!

Voice of the Dragon God persisted for two breaths of time and dissipated with a loud bang!

Ye Yuan and Zhuge Qingxuan's figures virtually flew out backward at the same time.

Zhuce Qingxuan and the Profound Qi Finger were not to be trifled with. Ye Yuan also suffered serious injuries under this one finger.

Adding on the Voice of the Dragon God's consumption, his condition currently was dreadful to the max.

However, Zhuge Qingxuan's situation was not much better than his.

The power of the Voice of the Dragon God was too fearsome. He also entered that strongest region.

Currently, he was bleeding from all seven orifices, his entire body had almost been torn apart.

Mutual destruction!

At this time, Long Min suddenly recalled Ye Yuan's words earlier.

Wait until the two of them were worn out, kill Zhuge Qingxuan!

Long Min was shrewd with age, how could he waste such an opportunity? Lifting his hand, it was a Dragon Traversing the Ninth Heaven!

A dragon roar sounded again. Zhuge Qingxuan's scalp tingled.

For thousands of years, this was his first time truly facing death!

He who had always considered everybody and everything beneath notice finally knew what was called despair!

"NO!"

Zhuce Qingxuan howled. He was already powerless to resist such an expert's attack.

Everyone stared at this scene unblinkingly, their hearts leaped up to their throats.

The Heaven Stabilizing Divine King perishing, this was the number one major event in the Divine Realm for thousands of years!

But in the next instant, everyone's faces changed drastically.

Suddenly, a black hole appeared in the sky.

This black hole just happened to meet Long Min's Dragon Traversing the Ninth Heaven!

It was only to see a blood light flash inside the black hole. Long Min's Divine Dao martial technique was actually extinguished just like this.

Long Min's expression changed greatly, and he cried out in alarm, "Fiend race!"

A young man slowly walked out from inside the black hole, bringing along several powerhouses behind him.

The young man stood with his hands behind his back, with the haughtiness of looking down arrogantly upon the world.

Even the Heaven Stabilizing Divine King was a magnitude inferior to him in terms of disposition.

Seeing this young man, everyone's face changed drastically.

Clearly, the arrival did not have good intentions!

The young man smiled nonchalantly and said, "*Huhu*, the dragon clan ... I really haven't seen you people for a long time! Where's everyone? Just nice today ... I'll catch the whole lot in one fell swoop!"

At this time, Yue Mengli had long already made her move, reaching her hands out to support Ye Yuan.

Although Ye Yuan's wounds were very severe at this time, his consciousness was very clear.

Seeing this young man, Ye Yuan felt all the hairs on his body stand up.

Danger!

Extremely dangerous!

This was the feeling that this young man gave him.

Beside Ye Yuan, a figure appeared. It was precisely Long Teng.

When Long Teng saw that young man, his expression immediately became extremely ugly, close to losing all hope!

When Ye Yuan saw Long Teng's expression, he was immediately clear in his heart.

To be able to make Long Teng display this expression, who else could there be still?

"He ... actually came into being ahead of time!"

Long Teng took a look at that young man, then looked at Ye Yuan, and was filled with extreme unwillingness.

He was unreconciled to it, Ye Yuan had not fully grown up yet!

To deal with Kanuo, one at least had to reach Fang Tian's boundary back then too!

Although the current Ye Yuan was strong, compared to the Fang Tian back then, he was still quite a bit worse.

"He's ... Kanuo?" Ye Yuan endured the pain all over his body and spoke up.

Long Teng slowly nodded his head and said, "That's right! He's precisely Heavenly Fiendgod ... Kanuo! His strength ... seems to be even stronger than before!"

Unrivaled Medicine God

Chapter 1207: Long Teng's Resolve!

Kanuo's appearance caught everyone off-guard.

Currently, Ye Yuan already suffered serious injuries. Just based on Long Min alone, there was no way to be Kanuo's match.

"Could it be ... Could it be over just like this?" Long Teng said unwillingly.

Seemingly detecting Long Teng's gaze, Kanuo actually looked over here.

"*Eh*, it's actually you! Didn't expect that 50 thousand years have passed, I could actually still bump into an old acquaintance. Didn't expect that ... he actually protected you," Kanuo said, smilingly.

Long Teng snorted coldly when he heard that and said, "Who's an old acquaintance of yours? This old man wishes that he can tear you limb from limb!"

Kanuo smiled faintly and said, "*Huhu*, something that even Origin Deity Realms couldn't accomplish, just based on you guys, some trash, how can you possibly do it? Rather, you all shall become this god's blood feed today!"

At this time, everyone was jittery inside the dragon clan.

They did not know who this young man was at all and could not even see through his cultivation realm.

But they knew that this young man was very strong!

That mover earlier by Old Patriarch Long Min, Dragon Traversing the Ninth Heaven, what kind of power did that have?

But this young man just gave a casual attack and actually utterly annihilated this attack.

"G-Grand Elder, who is this young man? Isn't the Divine Realm's strongest the Heaven Stabilizing Divine King? Why do I feel that ... this young man seems to be even stronger than the Heaven Stabilizing Divine King?" asked Ao Yong, a dragon clan elder.

Originally, Ao Yong also did not know about the existence of the heavenly fiendgods.

But the last time Long Teng was in the clan, he told them the matters back then.

He looked at Kanuo with a solemn expression and said, "This young man is most likely that heavenly fiendgod from the fiend race! He ... was once a Deity Realm powerhouse!"

"Deity Realm powerhouse! This ... How is this possible? Didn't all of the Deity Realm powerhouses all go missing?"

"This ... is actually a Deity Realm powerhouse. No wonder his strength is so powerful! Doesn't that mean that even though he doesn't have Deity Realm cultivation, he possesses Deity Realm comprehension?"

“T-The fiend race actually still has such a terrifying powerhouse, a former Deity Realm powerhouse. Doesn’t that mean that he’s the number one person beneath the Deity Realm?”

Ao Yong nodded his head and said, “It’s likely ... the case! Looks like what Senior Long Teng said was true! It’s just that ... there was Senior Fang Tian capable of suppressing this heavenly fiendgod 50 thousand years ago. Now ... who is there? Could it be that ... heaven is really dooming my dragon clan, heaven is dooming the Divine Realm?”

A look of despair appeared on Ao Yong’s face. The pressure that Kanuo gave him was seriously too great.

At this time, Kanuo’s gaze turned to Ye Yuan, and he said emotionally, “Ye Yuan, I have no choice but to admit, you’re the most troublesome Son of Heaven’s Mandate that this seat has encountered! Even the Absolute Heaven back then was probably not as troublesome as you. If I give you another few year’s time, you might really be able to threaten this god! If this Immortal Grove Region’s Heavenly Dao isn’t deficient, you might be able to grow to an existence even more powerful than Absolute Heaven! It’s too bad that ... it was still this god who won in the end!”

Ye Yuan looked at Kanuo, his eyes spewing fire.

He struggled, wanting to stand up. But it aggravated his wounds, and he spewed out a mouthful of blood.

This guy was the ringleader that decimated his family!

But now, he was powerless to resist!

“Hahaha! Are you extremely frustrated in despair? The person who killed your father is in front of you, but you can only quietly wait to be killed by the other party. This sort of feeling is very wonderful, right? However ... when this seat sees your expression, I’m very excited! Haha ...”

Kanuo started chortling with laughter like crazy.

This was a conspiracy that lasted for over 500 years. Kanuo wanted to doom Ye Yuan to death countless times, but he did not succeed.

Kanuo was challenging Heavenly Dao, but he failed.

Ye Yuan rose up like a comet, giving Kanuo tremendous pressure.

Ye Yuan was too strong!

When he heard Yue Ji say that she was almost shocked to death by Ye Yuan, Kanuo decided to come into being ahead of schedule without the slightest hesitation!

He could not give Ye Yuan any more time to grow.

This Son of Heaven’s Mandate seemed to be not quite the same as the ones he encountered before.

“Li-er, bring Ye Yuan away first! Leave this place to this old man!” Long Teng suddenly let out a long sigh and said to Yue Mengli calmly.

Ye Yuan and Yue Mengli trembled all over. They knew that Long Teng wanted to defend to the death here.

“No! I’m not leaving!” Ye Yuan used all the strength in the body to shout.

Long Teng turned around and said to Ye Yuan, “Ye Yuan, for this old man to be able to meet you, watch you grow, it’s already enough! You are this old man’s pride in this lifetime! Where there’s life, there’s hope. I, this old bag of bones, am already useless. As long as you’re around, Kanuo he will not be considered to have won, and the Divine Realm will not perish either!”

Ye Yuan’s tears gushed out. He clenched his fists tightly, using all the strength in his body, wanting to stand up.

But he could not do it!

The battle with Zhuge Qingxuan, he already spent everything he had.

“Senior!”

“Li-er, what are you still waiting for?!” Long Teng yelled coldly.

Two rows of tears flowed down from the corners of Yue Mengli’s eyes. Toward Long Teng, how could she be willing to part too?

But at this time, she did not seem to have more options.

“Senior, you ... take care!”

Finished talking, Yue Mengli gritted her teeth and brought Ye Yuan away.

“Li-er, I’m not leaving! Don’t bring me away!” Ye Yuan yelled.

“Big Brother Yuan ... I-I’m sorry!” Yue Mengli said with tears in her eyes.

“Long Min, even if the dragon clan is eradicated today, you’ll also have to ensure Ye Yuan leaves!” This was Long Teng’s final yell.

“Senior rest assured, my dragon clan stands proudly in heaven and earth, and definitely won’t compromise!” Long Min’s expression turned stern as he replied solemnly.

“Huhu, what a touching scene. It’s just a pity that ... none of you can leave today!”

Kanuo smacked a palm out nonchalantly. A massive blood-colored palm headed straight for Ye Yuan through the air.

Zhuce Qingxuan was currently not far from Kanuo. Seeing the power of this palm, his gaze immediately turned intent.

This palm was too terrifying!

Even at his prime, he was absolutely unable to receive this palm too!

Long Teng’s figure moved, directly blocking between the enormous palm and Ye Yuan, and swiftly smacked a palm out!

Coiling Dragon Heaven Devastating Palm!

Back then, he imparted this move to Ye Yuan.

Now, Ye Yuan already surpassed his predecessor.

It was just that, how could the Long Teng without a physical body be Kanuo's match?

Sensing that terrifying palm behind, Ye Yuan turned his head back, and his eyes involuntarily turned bloodshot from anger!

"NO!"

A resentful to the extreme emotion pent up in Ye Yuan's chest. Under the violent anger that attacked the heart, Ye Yuan's vision went dark, and he fainted away.

"Huhu, a mantis trying to stop a chariot!"

Kanuo smiled lightly and did not think anything of Long Teng at all.

Long Teng only felt like his soul was going to be scattered facing this palm.

Too strong!

The current Kanuo was even stronger than back then.

Long Teng slowly shut his eyes, waiting for the arrival of death.

Right at this time, waves of ripples suddenly flooded the space. A black-clothed person slowly walked out, lightly raised his palm, and received that black-colored enormous palm.

Then a scene that left everyone dumbfounded happened!

That blood-colored enormous palm actually gradually dissipated into nothingness just like that!

Kanuo's gaze turned intent; his expression became sullen.

Unrivaled Medicine God

Chapter 1208: : The King Returns!

Everyone was incomparably shocked. Such a terrifying palm was actually blocked by this black-clothed person so nonchalantly.

It looked like this black-clothed person's strength was actually not beneath Kanuo's!

"It's really you! You really didn't die!" Kanuo said solemnly.

That black-clothed person said coolly, "You haven't die, so how could I dare die?!"

"Humph! You're really lingering on relentlessly!" Kanuo said with a cold snort.

"The one who's lingering on relentless should be you, right? Being suppressed so many times, you're still so persistent!" the black-clothed person said.

Kanuo's face turned black, and he said, "Suppressing this god, you have to pay at the cost of your life! This Immortal Grove Region will eventually be this god's!"

"You can stop daydreaming! With me around, you can forget about succeeding. Moreover, as long as Ye Yuan grows up, most likely ... it wouldn't be suppressed so simply!" the black-clothed person said coolly.

"Then, that will also have to wait until he grows up!" Kanuo said with a cold snort.

"You can rest assured. With me around, he'll grow up!" The black-clothed person's words exuded faint confidence.

Long Teng did not have the joy of surviving a disaster at all. His entire person was currently akin to being struck by lightning, staring fixedly at this black figure in front.

The current Long Teng was agitated until he shuddered all over!

Even though the black-clothed person had his back facing him, he was too familiar with this person!

"Is ... Is it you?" Long Teng asked quiveringly.

The black-clothed person's entire person was shrouded in the black cloak, unable to see his features at all.

But these were all not obstacles to Long Teng.

The black-clothed person slowly turned around and opened his mouth to say: "Old partner, it's been hard on you these few years."

Long Teng's entire body trembled. He opened his mouth but did not know what he should say.

50 thousand years already, he had once harbored the mentality of getting lucky too, thinking that this person did not die yet, and would still return to fight side-by-side with him.

But Long Teng silently waited for 50 thousand years, and he did not return.

Only all the way until Ye Yuan appeared did Long Teng start a brand new life.

Fighting side by side together with Ye Yuan, he felt like it was the same as before, making his hot blood boil.

Long Teng thought that he really died and would never come back anymore.

But now, he actually appeared miraculously.

Unfortunately ... Long Teng was just an artifact spirit now and could not cry at all.

Otherwise, he would really like to have a good cry.

"Tsk tsk, today's moving scenes are really many! Not bad, not bad, since you brothers have reunited, then go down below together and catch up about old times," Kanuo said with a look of ridicule.

The black-clothed person said to Long Teng, "Catch up again later."

Finished talking, the black-clothed person turned around and said to Kanuo, "How dare the general of a defeated army speak of bravery!"

Kanuo said indifferently, "General of a defeated army? To think that you also dare to say it! That great battle 50 thousand years ago, the victor was not decided yet! At present, this god had a huge increase in strength and wants to weigh whether or not your strength is sufficient to contend with this god!"

The black-clothed person said coolly, "As you wish."

When Kanuo saw the black-clothed person's composed look, his heart involuntarily sunk.

But he was not that sort of character who could be frightened away with a roar.

In the present Divine Realm, only this black-clothed person was able to contend with him.

As long as he killed him, who else in this world could stop his footsteps of unifying the Divine Realm?

The black-clothed person extended his hand and grabbed. A bizarre force instantly shuttled through the void.

Yue Mengli's and Ye Yuan's figure suddenly appeared before everyone's eyes.

Yue Mengli was unaware of what was going on. She only felt a blur before her eyes, and she actually returned to her original place!

This shock was by no means insignificant!

"Senior Long Teng, this ... What's going on here?" Yue Mengli said to Long Teng.

When Long Teng saw Fang Tian's move, his eyes lit up too.

Seems like ... Fang Tian's strength was even stronger than before!

Seeing this scene, Long Teng's heart was also put back in place.

"No need to panic. It's Brother Fang who teleported you guys back with his great magical ability! Today's situation already took a favorable turn!" Long Teng said smilingly.

"Brother Fang?" Yue Mengli looked towards the black-clothed person with a puzzled look.

"That's right. He's the Vast Heaven Pagoda's previous owner, Fang Tian!" Long Teng said with a smile.

Yue Mengli's beautiful face was incomparably shocked and she said in disbelief, "He's ... Senior Fang Tian? He ... He's actually still alive!"

At this time, Fang Tian reached his hand out and beckoned. The Vast Heaven Stele actually broke away from Ye Yuan of its own accord and flew into his hand.

The feeling of amiss in Kanuo's heart became stronger and stronger. After he obtained the Fiendsource Bead, although his strength did not recover to its peak, it already recovered 70%.

The current him was even stronger than when he encountered Fang Tian back then!

Could it be that in these 50 thousand years, Fang Tian's strength had another significant increase?

But ... in this age where it was unable to break through to Deity Realm, how could this possible?

Rumble ...

All of a sudden, fiendish energy surged on Kanuo's body. A black bead faded in and out on his forehead.

A terrifying aura instantly swept across every corner.

Two mighty supreme powerhouses matching powers, everyone had to give a wide berth.

But under the monstrous fiendish energy, Fang Tian was composed and collected.

People did not see him making any actions either. The Vast Heaven Stele suddenly erupted with rays of brilliant light!

Just this aura was far stronger than when in Ye Yuan's hands/

"*Humph!* Not seeing for 50 thousand years, you're still using this move? Looks like you've exhausted your bag of tricks!" Kanuo said with a cold snort.

When Fang Tian heard that, he said coolly, "Dealing with you, this move is enough!"

"Is that so? Then I'll let you have a taste of the means after this god's strength has spiked greatly! Bloodfiend Storm!"

Kanuo kneaded seals with both hands. A terrifying storm instantly enveloped Fang Tian's figure.

Immediately, there was a foul wind and rain of blood!

This blood rain had extremely terrifying penetrative and corrosive ability. If ordinary martial artists were stained by a tiny bit, their souls would disintegrate at once too.

However, situated deep inside it, Fang Tian was shrouded in layers by the light halo emitted on the Vast Heaven Stele.

No matter how the wind and rain battered, I stand steadfast as a rock!

"Heaven and Earth Throw!"

Right then, the Vast Heaven Stele in Fang Tian's hands suddenly disappeared.

Kanuo's pupils constricted. An enormous blood palm suddenly smacked out, wanting to resist the Vast Heaven Stele's heaven-shaking throw.

Bang!

A terrifying collision, no idea how many times more intense than Ye Yuan's battle with Zhuge Qingxuan prior to this.

Everyone looked at those two figures in the sky with solemn looks. Even their breathing stopped.

These two people's victory and defeat, they determined the Divine Realm's future direction. It was not up to people to not feel deep anxiety.

Rumble ...

Bloodfiend Storm abruptly scattered. Kanuo's figure actually flew out backward.

All of a sudden, Kanuo's fiendish energy diminished considerably.

Seeing this scene, all of the dragon clan's members had greatly roused morale on their faces!

"Hahaha, won! This mysterious powerhouse is so powerful, to actually be able to defeat even a Deity Realm powerhouse. Could he ... be a Deity Realm powerhouse too?"

"Finally saved! I feel that today was just like being tormented in an oil bath, too terrifying!"

"Kill! Kill the fiend race!"

...

For a moment, war cries filled the air.

"Go!"

Kanuo practically did not have the slightest hesitation and directly shattered space, bringing his group of subordinates and fled at a splitting pace.

Zhuge Qingxuan's expression changed a few times and finally entered inside too.

Chapter 1209: A Hero Past His Prime

Kanuo fleeing in panic made everyone dance for joy.

There was jubilation in the dragon clan!

Today, virtually every clansman hovered between life and death.

This impact on the mind simply made people breakdown.

Among them, no one was happier than Long Teng.

Meeting Fang Tian again after a time interval of 50 thousand years, the agitation in his heart could be imagined.

"Huhu, not seeing for 50 thousand years, I didn't expect that Brother Fang's strength is actually a magnitude greater!" Long Teng went up to greet with a smile.

After all, he was an old monster who had lived for several tens of thousands of years. Through this short while of subsiding, Long Teng's emotions already stabilized, and he was not as agitated as before.

But the joy revealed in his words was hard to conceal.

But Fang Tian kept standing there and did not move, did not answer Long Teng either.

Long Teng's expression became ugly. A foreboding feeling welled up.

"Brother Fang, a-are you alright?"

"Puhwark ..."

Suddenly, Fang Tian sprayed out a mouthful of blood mist, his figure actually started teetering on the verge of collapse.

“Brother Fang!”

When Long Teng saw the situation, he could not help turning pale with fright.

Fang Tian waved his hand and said, “I’m fine. Go to the dragon clan before talking.”

This scene made everyone’s heart seize up again.

Long Teng’s expression flickered incessantly, his heart suspending.

...

At this time, in an open field, Zhuge Qingxuan and Kanuo stood facing each other.

“Heaven Stabilizing Divine King, *tsk tsk*, if not for this seat rushing over in time, you would have become the Divine Realm’s greatest laughingstock tomorrow.” Kanuo looked at Heaven Stabilizing Divine King with a smile that was insincere.

Zhuce Qingxuan could not help choking up when he heard that. If other people said these words, he would have long exterminated the other party with a finger.

But this one before his eyes was much stronger than him!

Moreover, what Kanuo said was right.

If not for him making it in time today, Zhuge Qingxuan, this Heaven Stabilizing Divine King who was known as the Divine Realm’s number one, would become the entire Divine Realm’s laughingstock tomorrow.

At the thought of that scene earlier, he still had lingering fear in his heart.

This Ye Yuan was too insidious!

This guy actually plotted against him, wanting to kill him even at the risk of mutual destruction.

The more he thought, the more uncontrollable Zhuge Qingxuan’s rage became.

He was confident that with his strength, even if Long Min and Ye Yuan teamed up, they absolutely could not keep him behind too.

If not for Ye Yuan scheming against him, how could he possibly have a narrow shave with death?

Of course, what he did not expect even more was that Ye Yuan really had the strength to make him bite the dust!

It was just that in Zhuge Qingxuan’s heart, he did not think that he was the loser. He was finding an excuse for his failure.

“Enough crap, what the hell do you want?” Zhuge Qingxuan said crossly.

"Heh, so brusque when talking, is this the attitude that you should have towards your benefactor?"
Kanu was not angry either and said with a faint smile.

"Otherwise, what do you think? What kind of attitude do you think I should have toward a member of the fiend race?" Zhuge Qingxuan said coldly.

"Haha . . . you're indeed as hypocritical as your ancestor, Zuo Zong! This god is a heavenly fiendgod, could it be that you still want to be able to do immoral things while maintaining a good name in front of this god?" Kanu said with a loud laugh.

Zhuce Qingxuan's expression changed, and he said, "You know Ancestor Zuo Zong?"

"Huhu, of course I know. We've even exchanged blows before! Back then, if not for him fleeing just before going into battle, Absolute Heaven might really have been able to slay Yue Ji and me. But this god didn't expect that his wise action of saving his own skin let his Dao legacy carry on for as long as a million years," Kanu said smilingly.

Facing Kanu, the Divine Realm's number one Heaven Stabilizing Divine King actually had a feeling of being seen through too.

This kind of feeling made Zhuge Qingxuan very annoyed!

"Just spit out what you have to say!"

Kanu smiled and said, "Defect to this god!"

Zhuce Qingxuan's expression changed, and he said, "Impossible!"

"What if this god can let you attain the true Divine Realm's number one?" Kanu said with a smile that was not a smile.

...

Five days later, Ye Yuan exited seclusion.

Looking at this old man who practically crawled out from inside a coffin, the respect in Ye Yuan's heart spontaneously welled up.

"Ye Yuan pays respect to Senior Fang Tian!"

Fang Tian was thin and emaciated, his face without any color, looking just like a corpse.

Ye Yuan was proficient in medicinal knowledge and saw through at a glance, Fang Tian practically turned himself into a living corpse in order to extend his longevity.

Even so, he had also already reached the extent of oil giving out and the lamp expiring.

Fang Tian looked at Ye Yuan and said with a look of relief, "Good, good! Each new generation really excels over the old one! Back then, this old man glimpsed heaven's secret, leaving the Vast Heaven Stele in the Endless World. Actually, I was very uncertain in my heart. I didn't expect that it actually ran into a prodigious talent like you."

Ye Yuan's heart suddenly stirred and he opened his mouth and said, "Senior, could it be that ... you're the Heaven's Secret Tower's master? Also, that mysterious organization that resists the fiend race, could the mysterious powerhouse at the back be Senior?"

When Fang Tian heard that, he suddenly burst into laughter.

Long Teng similarly stroked his beard and smiled as he said, "Brother Fang, you lost our bet!"

Fang Tian laughed loudly and said, "Lost, I lost! However, this old man lost happily! For these 50 thousand years, this old man has never been so happy like today before. *Cough, cough, cough ...*"

Fang Tian laughed too hard and actually started coughing fiercely.

Long Teng's expression changed when he saw the situation. "Brother Fang!"

Fang Tian waved his hand and said, "No worries, this old man can't live for long in the first place. Being able to see Ye Yuan grow up, I can die in peace too."

"Ye Yuan!" Long Teng's gaze involuntarily looked toward Ye Yuan and actually carried a pleading expression.

Ye Yuan was a peak Alchemy Emperor who grasped Divine Dao laws. If one wanted to save Fang Tian, nobody else was worthy except him.

Ye Yuan heaved a slight sigh and said, "Senior Fang Tian has probably already not taken action for many years in order to extend his life. This time, forcefully mobilizing essence energy, his vitality was used up. Even a divine pill likely has no power to turn the tables too!"

Long Teng's entire body trembled when he heard that, his eyes revealing a look of hopelessness.

But Fang Tian smiled and said, "My old partner, at our ripe old age, can't you see through it yet? Actually, I should have long died 50 thousand years ago. Being able to live until now is already a profit."

Long Teng had a pained look as he said, "Seeing through life and death is easier said than done! Those Deity Realm powerhouses' lifespans are easily several tens of thousands of years. They were probably unwilling to turn to dust as well, right?"

Fang Tian smiled and said, "*Haha* , what you said makes sense. This old man eked out a meager existence until this date, how is it not because I couldn't bear to die too? But at present, my condition, death is a release for this old man."

Ye Yuan held his tongue by the side. Towards this pair of old brothers' feelings, he was able to understand.

Even if Fang Tian reached Half-Deity Realm, his lifespan would not increase by much either. At most, it was also just 20 thousand years of lifespan.

Being able to live until now, Fang Tian used god knows how many secret arts and suffered how much torment.

Ye Yuan thought about it and suddenly said, "I have a prescription. If it reaches arcane insight rank, it can help Senior Fang Tian extend his life for some time. But ... at most, there's also just three year's

time. Furthermore, within these three years, Senior Fang Tian mustn't take action anymore. Otherwise, you'll immediately lose your life!"

Ye Yuan's words made Fang Tian and Long Teng's eyes light up.

Unrivaled Medicine God

Chapter 1210: Unexpected Surprise!

"Even three years, that is fine too!" Long Teng said with a look of anticipation.

Fang Tian had a look of anticipation too. At present, fiend calamity was erupting. Heavenly Fiendgod Kanuo's strength was even greater than in the past. Having him die just like this, he was really not willing.

Moreover, he and Long Teng did not meet for 50 thousand years. They finally managed to reunite. He did not wish to be separated by life and death from here on as well.

Ye Yuan nodded his head and said, "I have a pill formula in my hands. It is called Heavenly Fragrance Life Extending Pill. If ordinary martial artists consume it, extending longevity by 2000 years is no issue. It's just that Senior Fang Tian's current state, the effects are negligible. The spirit medicines that this pill formula requires are very rare too. I have the other spirit medicines in my hands. It's just that one of the core medicines is a one-million-year-old Ghost Heavenly Incense. It's hard to find in a short time."

But Fang Tian laughed when he heard that and said, "These few years, in order to extend my life, this old man can be said to have employed every trick up my sleeves. If it's spirit medicines, this old man found quite a few. I just happen to have this Ghost Heavenly Incense."

Ye Yuan did not reveal a surprised expression. The Ghost Heavenly Incense was a life-extending medicine to begin with. He reckoned that Fang Tian should have it in his hands, that was why he would say it.

Otherwise, if they could not find the spirit medicines and he said this kind of thing, wouldn't it be an empty dream?

When Fang Tian saw Ye Yuan's expression, he immediately understood in his heart and secretly thought to himself what formidable wits this boy had!

He had always been paying attention to Ye Yuan. But his understanding of Ye Yuan was mostly on the surface.

Only now, after actually meeting Ye Yuan, did he know that this boy was truly very different.

Ye Yuan put away the Ghost Heavenly Incense and bid farewell to the two people. "The two of you catch up on old times first. Ye Yuan will be right back!"

Looking at Ye Yuan's departing back view, Fang Tian said with a vicissitude of emotion, "Old Partner, I had always prided myself on being exceptional. But only when I saw Ye Yuan did I know that there's always someone better!"

Long Teng also stroked his beard and said with a smile, "*Haha*, honestly, I've never believed that under this present Heavenly Dao, there's still someone capable of surpassing you, all the way until I met Ye

Yuan! You don't know how arrogant he was when he challenged the Vast Heaven Pagoda back then. But I just couldn't do anything to him. This boy is simply a freak, refreshing my understanding of him again and again. Even until now, I also dare not say that I completely understand him."

Fang Tian roared with laughter when he heard that and said, "*Hahaha* ... with Ye Yuan around, perhaps my Divine Realm really have hope! It's just too bad that he was born at the wrong time! If not for Heavenly Dao being deficient, he might be able to reach Senior Absolute Heaven, that kind of height!"

...

Two days later, the pill tribulation descended.

When Ye Yuan came out of the pill refinement room, it gave everyone a big fright.

The current Ye Yuan seemed to have had a great illness, looking very dispirited.

"Ye Yuan, you ..." Long Teng said in surprise.

But Ye Yuan himself did not care at all and grinned as he said, "This Heavenly Fragrance Life Extending Pill's quality is a little better than I even imagined! Senior Fang Tian, quickly take it!"

Fang Tian received the medicinal pill and said with a touched expression, "Thank you, Ye Yuan!"

With Ye Yuan's present realm, making himself like this when refining pills, it could be imagined how much effort he put in.

Probably even when refining pills for himself, Ye Yuan would not put so much effort either, right?

Fang Tian knew that this was Ye Yuan repaying him, and it was also out of respect towards him.

Of course, it was also likely on account of Long Teng's face.

But without a doubt, Ye Yuan was a person who put 'relationship' above all!

Such a person was worthy entrusting to!

"*Huhu*, Senior is too polite! Extending your life until now, you suffered pain that ordinary people cannot imagine. It was all for the Divine Realm. Senior did earth-shaking major things that were unbeknownst to the public. Yet Senior doesn't seek fame and wealth. Ye Yuan respects Senior deeply! It's just a shame that Ye Yuan is powerless to save the situation," Ye Yuan said regretfully.

Perhaps after cultivating Alchemy Dao to a certain boundary, one could really defy the heavens. But the current Ye Yuan was clearly not equipped with that kind of power.

A day later, Fang Tian completely refined the pill's medicinal strength.

When he exited seclusion, Long Teng and Ye Yuan both looked at him with a look of anticipation.

The current Fang Tian, his complexion was much better than a few days ago.

On that close to zombified face earlier, now it actually had some additional color!

"How is it, Brother Fang?" Long Teng asked rather anxiously.

The specifics of what effects the medicinal pill had, only Fang Tian himself would know after he consumed it.

Fang Tian smiled mysteriously at this time but extended three fingers.

Seeing this scene, Ye Yuan's face revealed a disappointed expression, and he said with a bitter smile, "In the end, can it only be three years?"

Long Teng was also depressed for a while but felt relieved very quickly. Patting Ye Yuan, he said, "Ye Yuan, you've already tried your best! With Brother Fang's bodily condition, being able to extend longevity for three years is already a miracle."

Ye Yuan heaved a sigh and said, "*Sigh*, I thought that arcane insight rank ... would ultimately be a little better!"

But Fang Tian chuckled and said happily, "Who told you guys three years? 30 years! *Hahaha* ... Ye Yuan, your alchemy skills are simply heaven-defying! This old man's battered body, you were actually even able to bring back from the dead! Truly broadened my horizons!"

Hearing these words, Ye Yuan himself was stunned too.

Long Teng was stupefied first, then was immediately overjoyed and said, "Brother Fang, really? You can't tease this old man!"

Fang Tian laughed and said, "Bluff you for what! Ye Yuan only said three years' time previously too. I didn't harbor that much hope, feeling that being able to have one or two years is already very good. But, the more I refined the medicinal pill, the more shocked I became! This Heavenly Fragrance Life Extending Pill simply seizes the good fortune of heaven and earth. Not only did it recover most of the hidden injuries in my body, I even have 30 more years of lifespan out of thin air! How many years has it been, this old man has always suffered torment. Now, these pains were actually swept away clean! With this old man's age, I even nearly jumped up just now!"

"*Hahaha* ... it's really too great! Ye Yuan, you're also too conservative. Is this wanting to give this old man a whopping big surprise?" Long Teng said with a look of surprise.

Ye Yuan himself also felt very surprised. But seeing Fang Tian and Long Teng like so, he felt very happy too.

"*Huhu*, honestly speaking, I myself felt very surprised too. The power of the Medicine God's Soul Canon somewhat exceeds my imagination! However, Senior Fang Tian, you still can't employ essence energy right now. Otherwise, even immortals can't save you!" Ye Yuan said with an emotional sigh.

The more he dug into the Medicine God's Soul Canon, the more Ye Yuan discovered the extensiveness and profoundness of this Divine Dao record.

Looks like his path of Alchemy Dao was also merely at the beginning!

Fang Tian smiled and said, "You can rest assured. This old man naturally knows this point. Previously giving Kanuo a heavy blow, I believe he won't dare to anyhow make a move anymore either. At least, before his strength fully recovers, we should be safe!"

Ye Yuan said in surprise, "His strength already reached such a realm, it's actually not fully recovered yet?"

Fang Tian said with vicissitudes of emotion, "A heavenly fiendgod's strength is correspondent with Origin Deity Realm. This kind of existence, how could their strength be what we, mere mortals, are capable of imagining? In my view, his current strength at most also just recovered to around 70%. There's still some distance away from full recovery!"
