Chapter 1241: Four Symbols Resonance!

“Hey, the person who’s saving you is here,” Ye Yuan looked at Long Chun and said with a smile that was not a smile.

Long Chun’s dead eyes finally had a hint of sheen.

“Grandfather! Quickly save me, Grandfather!”

Long Chun saw Long Yan and practically used all the strength in his body to shout.

Only when Long Yan saw that his grandson was safe and sound, did his heart settle down slightly.

But immediately, his gaze when looking at Ye Yuan was filled with killing intent.

This human brat actually dared provoke the majesty of the Four Symbols Divine Beasts. What was this if it wasn’t seeking death?”

“Brat, let Chun-er go if you’re sensible, I’ll leave you an intact corpse!” Long Yan said fiercely to Ye Yuan.

Ye Yuan could not help finding it funny when he heard. Could this old man have stayed inside this confined space for too long, to not even know about the ways of the world?

Was this how you asked for someone?

You even wanted to leave me with an intact corpse, I still have to let your grandson go?

However, Ye Yuan really did that.

Ye Yuan lifted his leg and kicked Long Chun’s buttocks, immediately sending him flying out.

“*ARGH!!*”

Long Chun screamed miserably and flew straight for Long Yan.

Long Yan was startled and hurriedly fired out a streak of essence energy, catching Long Chun.

Everyone was shocked, especially Long Yan.

He even thought that he had to expend a bout of effort before he could rescue Long Chun.

What he was worried about was Ye Yuan using Long Chun as a hostage to threaten him. That way, he would really be somewhat cautious in taking action.

He did not think that this human boy actually directly let him go.

However, did he think that he would let him off like this?

“Grandpa!”

Long Chun had a look of shame. He, this young patriarch, had utterly thrown his face away today.

Long Yan snorted coldly and reproached, "Shameful thing, scram back and reflect on your mistakes behind closed doors! You're not to exit seclusion within a hundred years!"

Long Chun did not dare to disobey and said respectfully, "Yes, Grandfather."

Long Yan no longer bothered with Long Chun, but looked at Ye Yuan with a grim look and said, "Human boy, you're very sensible. I'll keep my word and leave you with an intact corpse!"

Ye Yuan smiled and said, "You're the dragon clan's head elder, Long Yan, right? I think you're misunderstanding something, Long Chun is just a small fry to me. Letting go or not only takes a thought. Not killing him is just because this young master's ties with the dragon race isn't shallow. Otherwise, do you think that those people would have the chance to return and tip off you?"

Long Yan's face fell, and he said, "Boy, how confident you are! Or is it, you're an egomaniac? You ask yourself, facing the four of us, can you still escape with your life?"

Ye Yuan smiled and said, "Heh, not arrogant, but that I have this strength! The four of you attack together then, I want to take a look just how strong the Four Symbols Family Clans inside this Divine Beast Realm are!"

The moment these words came out, everyone's faces changed!

The arrangement inside this Divine Beast Realm, apart from the Patriarch who's in closed-seclusion all year-round, as well as that old ancestor who had never shown his face before, it was these four head elders as the head.

The four head elders were all existences who had comprehended Divine Dao laws!

This human brat actually wanted to fight one-on-four? Was he crazy?

"*Hahaha* ... What an arrogant boy! Truly unaware of the immensity of heaven and earth! Killing you, this old man alone is sufficient!"

Towards a just initial-stage divine king human boy, he did not take him seriously at all.

Done talking, he stepped forward and threw a palm out, toppling mountains and overturning the seas!

"Coiling Dragon Heaven Devastating Palm!"

Ye Yuan smiled again. Grand completion spirit rank Coiling Dragon Heaven Devastating Palm and Long Yan wanted to deal with Ye Yuan using that move?

With the exact same move, Ye Yuan's Coiling Dragon Heaven Devastating Palm came out with a howl!

The same grand completion spirit rank!

One palm unleashing, the winds and clouds immediately changed color!

Boom!

Long Yan flew out backward. He could not withstand the power of Ye Yuan's palm, spewing out a mouthful of blood.

Comprehending Divine Rank laws and comprehending divine rank dragon wave was two completely different concepts!

The Four Symbols Family Clans were the darlings of heaven and earth and had their own Dao belonging to them.

The dragon race martial techniques were actually a different understanding of 'Dao.'

And dragon wave was the amplitude stimulated with dragon race bloodline power, the medium to unleash the martial technique.

The dragon race martial techniques, inclusive of the Voice of the Dragon God inside, were released with dragon wave.

If Ye Yuan's dragon wave was only spirit rank, his Voice of the Dragon God would not have such horrifying power either.

In addition, Ye Yuan's comprehension of the dragon race's Martial Dao had long reached an exceedingly high realm under Long Teng's guidance.

His comprehension of the Coiling Dragon Heaven Devastating Palm was far above Long Yan's.

The juniors that came together were all dumbstruck. They rubbed their eyes, looking at this scene in front of them in disbelief.

"N-No way, right? A human's Coiling Dragon Heaven Devastating Palm is actually even more formidable than Head Elder's!"

"Previously he used this move to defeat Young Patriarch, I even thought that that was already his limits. Didn't expect that his Coiling Dragon Heaven Devastating Palm is actually on the same level as Head Elder!"

"No wonder he dared to be so arrogant. It turns out that he really had the capital to be arrogant!"

...

In the crowd, Long Zhen thought that Head Elder arriving could definitely help him purge away his former shame.

He did not expect that the invincible head elder in his heart, was actually defeated just like this!

Recalling back then, the gap between him and Ye Yuan was also not that great.

But now, Ye Yuan could poke him to death with a little pinkie.

He who had always cracked himself up to be a genius, finally knew what was called feeling ashamed of his own unseemliness.

Long Yan looked at Ye Yuan with an astonished look and said in incredible shock, "You ... How do you know the Coiling Dragon Heaven Devastating Palm? This is my dragon clan's non-transmissible secret! You ... This is the death penalty!"

“Death penalty? Who’s sentencing the death penalty? You?” Ye Yuan could not help laughing in spite of himself as he said.

The four clans’ head elders were all stifled when they heard that. Yeah, these words that originally sounded all too normal, they sounded so laughable hearing it at this time.

In this world, it had always been the strong sentencing the weak to death.

Now, Ye Yuan was clearly that strong one!

Long Yan’s face fell, and he said, “Still in a daze for what? Attack together! I want to see just how strong this brat is!”

The other three head elders’ faces turned stern, and without being the slightest bit apprehensiveness, they attacked together!

Four great head elder attacking in unison, the commotion it caused was truly shocking.

But what made Ye Yuan surprised was that these four people’s martial techniques cooperating together, they actually produced a kind of resonance!

Azure dragon, white tiger, vermilion bird, black tortoise!

Four divine beasts’ phantoms emerged in unison and actually aroused heaven and earth’s resonance!

Ye Yuan’s expression turned stern and did not dare to slight it.

The Domain of Sword instantly opened up, shrinking to a radius of ten feet.

At the same time, the Black Tortoise Treasure Body Divine Art revolved in full force, an earth-yellow light flooding his body.

Boom!

Under the four great head elders’ dumbfounded gazes, Ye Yuan forcefully received this blow!

Even though this attack’s power was incomparably terrifying, compared to the three great fiendgods’ Starburst Grand Art, it was more than a magnitude inferior.

Ye Yuan did not budge an inch!

“This ... How is this possible?”

The four head elders felt that this was too preposterous.

Ye Yuan said with a faint smile, “I didn’t expect that the four symbols divine beasts’ martial techniques combining together, can actually produce such power! It’s just that, your strength is too weak.”

Ye Yuan’s words made the four head elders’ expressions incredibly ugly.

The four of them were the Divine Beast Realm’s apex existences already. A joint-attack actually could not even break off a single hair of this brat in front of them!

Chapter 1242: Ao Li

Suddenly, the Black Tortoise Clan's head elder suddenly thought of something and cried out in shock, "You ... Just now, that was the Black Tortoise Treasure Body Divine Art?"

Earlier, he clearly saw a layer of earth-yellow light halo suffuse on Ye Yuan's body. That kind of characteristic was identical with the Black Tortoise Clan's already lost Black Tortoise Treasure Body Divine Art!

If without the foreshadowing of the Coiling Dragon Heaven Devastating Palm previously, the black tortoise head elder probably would not dare to think about this.

But now, he felt that it was extremely likely!

But Long Yan was greatly surprised and said, "Kang You, what nonsense are you talking about? Isn't your clan's Black Tortoise Treasure Body Divine Art already lost for a million years? How can this brat possibly learn it?"

However, Ye Yuan smiled faintly and said, "Your esteemed self is still somewhat knowledgeable. That's right, it's precisely the Black Tortoise Treasure Body Divine Art!"

The Black Tortoise head elder's face instantly became extremely fascinating.

There was no need to talk anymore about the power of this cultivation method. Once cultivated to Divine Dao ninth level, no one in this world could breach the defenses anymore!

Even an Origin Deity Realm powerhouse would not cut it as well!

The Black Tortoise Clan naturally regretted for a long time over the loss of this cultivation method.

But did not expect that this cultivation method actually appeared on a human race's brat!

"Just what are the origins of this human boy? Not only does he know the dragon race's Divine Dao martial technique, he even learned the Black Tortoise Clan's paramount defensive cultivation method!"

"If let's say the Coiling Dragon Heaven Devastating Palm was secretly learned by him, then this Black Tortoise Treasure Body Divine Art that has already been lost for a million years had no way of secretly learning at all!"

"Just where did this guy learn so many Divine Dao martial techniques from? Furthermore, he even surpasses his predecessors. The four head elders, even them joining hands, were actually not his match!"

...

The black tortoise head elder's exclamation pushed the Four Symbols Family Clans' shock to another level.

Even a supreme martial technique lost for a million years showed up on this human brat in front of them, this ... was too surreal.

Right now, they felt like this world was too crazy.

This time, Long Yan finally faced Ye Yuan's might squarely, and said with a solemn face, "Boy, just what are your intentions for breaking into the Divine Beast Realm?"

Ye Yuan shrugged his shoulders and said, "This young master just accidentally entered the Peach Blossoms Forest and unintentionally barged into the Divine Beast Realm. You say what intentions I have ... this young master really never thought before. However ... this young master is really quite interested in this place now. This Ye and the dragon clan's ties are not shallow. This brother of mine is also the present Divine Realm's White Tiger Clan's common lord, in possession of a Perfect White Tiger Physique. It's just, I wonder what kind of relationship is there between you guys and the Divine Realm's Four Symbols Family Clans?"

Only with Ye Yuan's words did everyone notice the White Light not far away from him.

Ye Yuan's light was too dazzling, resulting in nobody paying attention to the White Light behind.

But now, hearing Ye Yuan say so, everyone's faces immediately became fascinating.

Perfect White Tiger Physique!

This ... Did they still want people to live?

This pair of brothers being born, was it to make people feel ashamed of their inadequacy?

However, Long Yan's face fell, and he said, "No relation at all! Alright, you guys can leave!"

Long Yan's attitude made Ye Yuan slightly surprised, and also had a lot more wild and fanciful thought.

Even a blind man could tell that this Divine Beast Realm and the Divine Realm's Four Symbols Family Clans were deeply connected.

Long Yan was not blind, then he could only be lying through his teeth.

Ye Yuan shrugged his shoulders and said, "This young master wants to leave as well, but that Peach Blossom Forest can't be passed through."

Long Yan said coldly, "That's your problem, what has it got to do with this seat?! This place doesn't welcome you!"

Ye Yuan chuckled and said, "This young master already showed leniency repeatedly on account of ties with the Four Symbols Family Clans. Could it be that ... you guys really take this young master to be easy to bully?"

An overwhelming aura slowly released. That faintly discernible killing intent made everyone's hearts turn cold.

It seemed like this little lord was really enraged!

Suddenly, Ye Yuan's brows furrowed, and he said, "Since you came, why not show yourself?"

When everyone had blank faces, a figure slowly walked out from within the void.

When the four head elders saw the arrival, their faces all changed, and they bowed in salute as they said, "We have seen Patriarch!"

Different from Ye Yuan's expectations, the patriarch was a middle-aged man with a ruddy complexion, brimming with vitality.

It looked like he should be in his prime.

The patriarch sized Ye Yuan up, seemingly wanting to see through Ye Yuan.

But he was disappointed.

Ye Yuan was like a deep abyss, unable to see the bottom with one glance.

Clearly a 30-over years old young man, but looked to have the level-headedness of a middle-aged person.

Ye Yuan was also sizing the other party up. No idea why, this person actually gave Ye Yuan a feeling of seemingly being acquainted.

But this Divine Beast Realm, it was clearly his first time coming.

"Ao Li," the middle-aged man suddenly opened his mouth and said.

Ye Yuan did not hesitate, and he said lightly, "Ye Yuan."

"Your esteemed self's request is truly making people do things beyond their power. That Peach Blossom forest, only Ancestor alone can return to the Divine Realm. If you want to go out, this seat can send you away through the Lower Realms," Ao Li said coolly.

The words filled all of the clan members with shock.

These words did not sound like much, but actually, it already expressed the patriarch's attitude.

He was not willing to provoke Ye Yuan!

With the patriarch's strength, he was actually so wary of Ye Yuan too!

In their eyes, this was already the Divine Beast Realm's greatest concession.

Who knew that Ye Yuan shook his head and said, "This Ye is pressed for time and can't afford to waste time. If only the ancestor alone can do it, can you invite him to come out of seclusion?"

With Ye Yuan's present strength, returning from the Lower Realms was indeed not too much of a trouble.

In fact, he could even return to the Endless World to meet his parents.

It was just that this bout of time-wasting, at the very least, had to take the greater part of a year, even a year's time as well, before he could return to the Godsfall Mountain Range.

He could not afford to waste it!

Hearing these words, Ao Li's face fell and said, "Your esteemed self insisting on others to do what's impossible, do you really take this Ao to be scared of you?"

Ye Yuan slightly heaved a sigh and said, "it's not that this Ye is forcing people to do what they are unwilling to, but it's truly that I can't help it. Hope that Patriarch Ao can forgive."

The aura on Ao Li's body suddenly released. A terrifying dragon pressure instantly locked onto Ye Yuan.

"Looks like you want to force this Ao to take action!"

But Ye Yuan was seemingly oblivious and said coolly, "I'm not forcing you to take action. If really only the ancestor alone can do it, then this Ye can only force him out!"

"Hiss ..."

Everyone all sucked in a cold breath. This ... was also truly too arrogant, right?

This guy actually did not even place Patriarch Ao in his eyes!

How strong that mysterious ancestor was, those clan members did not know at all.

But Patriarch Ao Li was an existence capable of suppressing the four head elders!

How could this boy dare to be any more arrogant?

"Hahaha ... Good! Very good! This Ao has already not encountered an opponent in this Divine Beast Realm for many years! Today, this Ao wants to measure on what basis, you dare to say this kind of big talk! If you really can defeat this seat, Ancestor might really come out!" Ao Li let out a wild laugh and said.

He was wary of Ye Yuan, it did not mean that he was scared of Ye Yuan.

Ye Yuan was also helpless. He was not a troublemaker, but it was necessary in order to return to the Godsfall Mountain Range.

There was no other choice. He had to stir up trouble this time.

Chapter 1243: Mysterious Background

"Fool! This boy definitely doesn't know how terrifying Patriarch's strength is!"

When Long Yan saw Ye Yuan courting death and provoking Ao Li, he had a look of disdain.

The other three head elders had looks of agreement. They were all aware of Ao Li's strength.

Ye Yuan's defense was indeed very powerful. But wanting to withstand Ao Li's attack, it likely could not be done.

Ye Yuan did an inviting hand gesture and said coolly, "Please!"

Ao Li's face turned cold, and he said in a solemn voice, "What an arrogant young boy. Do you really think that you're invincible under the heavens? Since you know the Coiling Dragon Heaven Devastating Palm, then I'll use this move to challenge you!"

A terrifying dragon pressure enveloped all present in an instant.

“*Heh*, Patriarch Ao is the most talented patriarch of my Divine Beast Realm in 100 thousand years! His bloodline already evolved to the sacred rank! I don’t believe that this Ye Yuan can still overturn the heavens!” Long Yan said with a look of disdain.

But very soon, his expression became fascinating again.

Under Ao Li’s dragon pressure, Ye Yuan was still leisurely and calm. A faint aura released from his body.

Including Ao Li, all of the clan members were greatly astonished.

Peak sacred rank bloodline!

Just missing one last step, and he could step into divine rank bloodline!

A human, how ... was this possible?

“Coiling Dragon Heaven Devastating Palm!”

Ao Li forcefully pressed down the astonishment in his heart, a Coiling Dragon Heaven Devastating Palm attacking flagrantly.

At once, heaven and earth changed colors because of it!

Divine rank Coiling Dragon Heaven Devastating Palm!

This Ao Li actually comprehended divine rank dragon wave too!

Being shock was just shock; Ye Yuan’s Coiling Dragon Heaven Devastating Palm still shot out without the slightest hesitation.

“*Roar!*”

“*Roar!*”

Two dragon roars surged to the sky!

In 100 thousand years, two mighty divine rank Coiling Dragon Heaven Devastating Palms clashed head-on for the first time!

This kind of spectacle originally could not be seen in the same era at all.

But today, it appeared!

This was a clash between two great dragon race peerless geniuses!

“Is my eyesight failing? This human boy actually comprehended dragon rank dragon wave too!”

“Is this guy really a human? Could it ... Could it have been a mistake?”

“Why would the divine rank Coiling Dragon Heaven Devastating Palm appear on a human! I comprehended for several hundred years and only just reached the initial-stage heaven rank!”

...

Ye Yuan's consecutive attacks refreshed the senses of the four symbols clan members again and again. This human was simply here to kick down the dojo, crushing the pride in their hearts to smithereens. Even someone as stunning as Patriarch Ao was also overshadowed in front of Ye Yuan.

Boom!

The collision of divine rank Coiling Dragon Heaven Devastating Palms could be described with startling the heavens and shaking the earth.

That terrifying undulation made everyone's countenance change because of it.

Ye Yuan suffered the impact of the recoil force, his innards churning.

But Ao Li was even more miserable. He was directly blasted flying ten thousand feet away by Ye Yuan's blow

At this time, a trace of fresh blood even hung at the corners of his mouth. Clearly, he had already suffered considerable internal injuries.

"Nine Transformations Golden Body!"

Ao Li's gaze when looking at Ye Yuan was unbelievably shocked.

The reason why he lost was that he was defeated by the Nine Transformations Golden Body!

Don't look at how Ye Yuan's Nine Transformations Golden Body was just that tiny bit, the compounding on martial techniques could not be underestimated.

After all, this was the fleshy body that only Deity Realm powerhouses could possess!

Ye Yuan said coolly, "This Ye just wants to return to the Godsfall Mountain Range, everyone better not push people too far! With this Ye's strength, massacring all of you clean ... isn't impossible either!"

Ye Yuan's words made everyone's faces change.

He challenged the entire Divine Beast Realm with his power alone here!

But now, even Patriarch Ao Li was not his match. He really had the strength to exterminate one's clan and was not joking around.

Ao Li's expression flickered incessantly. Could it be that the entire Divine Beast Realm had to lower their head to this human brat?

"Since that's the case, your esteemed self should stay here a bit for two days. This Ao will attempt to communicate with Old Ancestor."

Finally, Ao Li still lowered his proud head.

Ye Yuan nodded his head but did not say anything.

This place seemed to not welcome them. Although Ye Yuan was curious, he could not deign his own status either and insist on figuring things out.

The urgent matter on hand was still returning to the Godsfall Mountain Range and finding the Kunwu Divine Wood.

The rest was all not important.

It was just that the gaze that the Four Symbols Family Clans looked toward Ye Yuan with were filled with fear.

Especially those juniors who yelled and wrangled at Ye Yuan before, only then, did they know how ignorant of the immensity of heaven and earth they were.

If Ye Yuan really wanted to kill them, they would have handed over their lives no matter how many they had.

...

Just like this, Ye Yuan temporarily stayed in the dragon clan.

It was just that his residence was like a forbidden ground. Everyone all stayed far away, not daring to approach him.

“White Light, what do you think?” Ye Yuan asked White Light after settling down.

Previously, White Light did not speak all along, which was very different from his style.

Ye Yuan knew that White Light definitely had some ideas.

“Big Brother, I can’t put my finger to it as well. I keep feeling that I have a very familiar feeling towards this place!” White Light had a rare deep contemplation.

Ye Yuan’s brows raised up, and he said, “It’s not odd that you have this kind of feeling, but why do I have this kind of feeling too?”

White Light looked at Ye Yuan rather amazedly and said, “It would be the between bloodlines, right? I feel that the Divine Beast Realm’s demon race’s bloodlines are even purer than the outside world’s! The strength of the demon races here is more than a level stronger than the outside world on the whole!”

Ye Yuan shook his head and said, “This statement may hold true for you, but it doesn’t quite make sense for me. When I entered the Divine Realm’s dragon clan, I never had this kind of feeling before either. But arriving here, there’s a feeling that I can’t explain clearly or understand. How strange!”

White Light thought about it and said, “Big Brother, back then when I went to the Dark Forest, I kept feeling that there was something calling me. Now, entering here, this feeling is even stronger! I say ... could I have come out from here?”

Ye Yuan smiled when he heard that and said, “How is that possible? When I met you, you were just Tier 1, and your mother was just Tier 2! Unless, that isn’t your biological mother! Do you feel that a Tier 2 demonic beast can walk out from here?”

White Light could not help being stifled when he heard that and also felt that he was thinking too much.

Between this Dark Forest and Endless Forest, the two were still separated by the God Prohibited Demon Region.

How could a Tier 2 demonic beast possibly walk out?

Moreover, White Light's mother was just an ordinary demonic beast.

Perhaps there's that trace of divine beast bloodline, but it was already faint to the point that it could be disregarded.

At this time, the Li-er who did not speak all along suddenly opened her mouth and said, "Big Brother Yuan, seems to me that it isn't impossible either!"

Ye Yuan's eyes lit up, and he said, "What do you mean?"

Li-er said, "Big Brother Yuan, isn't your Atavism Dragon Soul also hard to come by in a million years? Which is also to say that, during these one million years, only you alone possess this kind of divine soul. Then, isn't this a phenomenon of atavism? Although White Light's mother's bloodline was thin, perhaps her ancestor came out of this place?"

Li-er's words made Ye Yuan and White Light sink into deep thought.

Chapter 1244: Mother and Son Linking Hearts

"Ancestor, the matter that happened in the day, you're already aware, right?"

Ao Li stood outside a cave, hands by the side.

Clearly, he was very respectful toward the old ancestor inside the cave.

Only after a long time did a voice that sounded like having had experienced the many vicissitudes of life come out from inside the cave.

"Are you blaming me for not taking action?"

Ao Li's expression changed, and he hurriedly said, "Ao Li dare not!"

"*Huhu*, even if I make a move, I might not be able to do anything to him either," that aged voice said.

Ao Li's trembled all over, his gaze revealing a look of shock as he said, "This ... How is this possible!"

"If Heavenly Dao was intact, it's naturally as easy as turning my hand to eradicate him! But right now, this deity is also merely just a slightly stronger divine king powerhouse, that's all. In this world, there might be no one capable of winning me."

That aged voice called himself this deity. This Divine Beast Realm's old ancestor was actually a genuine Deity Realm powerhouse!

Probably, the entire Divine Realm's powerhouses could not imagine that inside this Godsfall Mountain Range, there actually hid a Deity Realm powerhouse.

But Heavenly Dao was missing. Even a deity realm powerhouse did not have the glory back then as well.

Hence, when Ao Li heard the ancestor's words, he was deeply shocked.

The reason why he was able to comprehend Divine Dao laws, comprehend divine rank dragon wave, was entirely because there was the ancestor's guidance.

In Ao Li's eyes, even if Heavenly Dao was missing presently, he was also the most powerful being.

But these words today made Ao Li have a feeling of a hero past his prime.

"He ... On what basis?" Ao Li said in disbelief.

"In this world, there's a type of person called a true genius! No matter how hard you try, you're unable to surpass too! Right now, his essence, energy, and spirit haven't reached grand completion yet. When he truly reaches grand completion and attains Half-Deity Realm, he'll probably have no opponent in this world anymore!" The ancestor said rather despondently.

In his words, they carried ineffable emotions.

Ao Li was deeply shocked by the ancestor's appraisal!

What was called no matter how hard you try, you're also unable to surpass?

"Sigh ... go back! You tell him, this deity will send him off." The ancestor said with a long sigh.

Ao Li left in a despondent mood. He did not even know how he left.

Someone as talented as him actually heard such an evaluation. This made him totally unable to accept it.

But he was actually unable to refute.

Ye Yuan's age was much younger than his, but his strength already steadily surpassed him!

Could it be that there was still anything more persuasive than this?

After Ao Li left, a female voice sounded out inside the cave.

"Right now, do you regret your actions back then?"

"Yes! I didn't expect that ... this old man also have times where I make an error of judgment!"

The woman clearly did not expect that the old ancestor actually acknowledged it so shamelessly and could not help falling silent.

After a moment, the old ancestor continued, "He seized possession and reincarnated and most likely suffered a huge accident in the outside world. Could it be that ... you're not going out to take a look?"

"No matter what unforeseen event, he already grew up now. Given time, even you might not be his match either, what can I still not let go of?" The woman said.

The ancestor heaved a sigh again and said, "Sigh, an ill-fated destiny!"

...

An entire night's time, Ye Yuan's heart was in turmoil.

If it were normally, he did not need to do anything at all and would be able to enter meditation.

But today, he could not do it no matter what.

Only all the way until past midnight, did Ye Yuan fall asleep.

At this time, his divine soul actually turned into an azure dragon and emerged from his body.

After the dragon soul left the body, meandering out, it actually flew over towards that cave.

But arriving outside the cave, Ye Yuan discovered that inside the cave faintly exuded a powerful undulation.

He circled at the entrance of the cave for a long time before finally returning to his body before dawn.

“Big Brother Yuan! Big Brother Yuan! Are you alright?”

By his ear, came Li-er’s shouting. Ye Yuan abruptly startled awake.

He was covered his sweat, his entire person seemingly hauled out of the water.

“I ... I was dreaming? No, wait, this wasn’t a dream! That cave is definitely peculiar!” Ye Yuan muttered to himself.

Li-er had a baffled look and said curiously, “What cave? Big Brother Yuan, what are you talking about?”

Ye Yuan pulled Li-er and went outside. As they walked, he said, “Come, go with me to find a cave!”

The two people called White Light and were about to leave the clan, but was stopped by Ao Li.

“Where are you guys going?” Ao Li asked with a serious expression.

Ye Yuan was not polite and said, “None of your business, move aside!”

Ao Li knew that Ye Yuan was not to be trifled with and controlled his temper and said, “Old ancestor already agreed to send you away. It doesn’t seem very nice for you to be like this, right?”

“This Divine Beast Realm seems to have some connections with me. You move aside, I’m just going to find a cave and not harm you all!” Ye Yuan forcefully pressed down the anxiety in his heart and said.

The moment Ao Li heard Ye Yuan say cave, he knew that he seemed to have known something.

A cave that was able to make Ye Yuan feel out of the ordinary, there was only the place where Ancestor was in closed-seclusion.

“What a joke! What connections do my Divine Beast Realm’s matters have to do with you?” Isn’t your esteemed self’s worry a little too much?” Ao Li said with a cold smile.

What a joke, how could he possibly let Ye Yuan go and disturb the old ancestor’s quiet cultivation?

Ye Yuan felt irritation in his heart and said in a deep voice, “If you still don’t move aside, don’t blame this young master for not being courteous!”

Ao Li also lost his temper and said in a cold voice, “If you want to go over, not unless you step over my dead body!”

“Humph! Then I’ll have to offend!”

Ye Yuan did not say another word. Lifting his hand, it was a Coiling Dragon Heaven Devastating Palm!

This palm, Ye Yuan did not hold back in the slightest. The moment he attacked, it startled the heavens and shook the earth!

Ao Li’s expression changed and could only respond with the Coiling Dragon Heaven Devastating Palm.

The result had not the least bit of surprise.

Ye Yuan’s one palm succeeding, he did not have the intention of staying, bringing Li-er and White Light and rushing over.

This palm alarmed the clan members. People rushed out one after another but discovered that Ye Yuan was long gone already.

Even Patriarch Ao Li could not stop Ye Yuan, who else could stop him?

Ye Yuan followed the sensation of his divine soul leaving the body last night and found that cave before long.

Seeing this cave, Ye Yuan’s feelings were actually somewhat agitated, somewhat flustered.

“It’s this cave, exactly the same as my dream!” Ye Yuan said.

“Big Brother Yuan, just what secret is inside this cave?” Li-er said curiously.

Ye Yuan shook his head and said, “I don’t know either, but we should be able to know when we go in!”

Finished talking, Ye Yuan brought the two people and was able to enter inside, but his expression suddenly changed.

A figure slowly walked out from inside the darkness, gradually becoming distinct.

This was an old man whose hair and beard had turned all white, looking advanced in age.

But, the undulations faintly emitting from his body made Ye Yuan’s heart palpitate endlessly too.

This old man was not simple!

“Didn’t this deity agree to send you away? What are you so impatient for?” The old man said with slight displeasure.

The old man’s words filled Ye Yuan trio with shock!

“This deity! You ... You’re a Deity Realm powerhouse!” White Light cried out in shock.

The old man gave a self-mocking laugh and said, *“Huhu*, Deity Realm powerhouse? That’s something a very long time ago already. Right now ... at most considered a half-deity!”

[Unrivaled Medicine God](#)

Chapter 1245: The Might of a Deity Realm Powerhouse!

The moment this old man appeared, Ye Yuan felt a dangerous aura hit him head-on.

That kind of feeling was like facing Fang Tian.

The first feeling that this old man gave Ye Yuan was that the former was strong.

Very strong!

However, the closer he approached this cave, the faster Ye Yuan's heart beat.

Now, Ye Yuan felt like his heart was almost leaping out of his throat.

This feeling of heartbeat was absolutely not given to him by this old man.

"Ye Yuan, don't be insolent!"

Right at this time, Ao Li, as well as the four clans' head elders, also rushed over.

Ye Yuan could not be bothered with them at all. Right now, he only wanted to enter that cave.

"Senior, Ye Yuan has no intention of disturbing, I just want to enter this cave to take a look, is it allowed?"

Ye Yuan forcefully calmed his emotions and used a discussing tone to talk with this old man.

"This place is this old man's seclusion place. There are no other things. Moreover, requesting like this, don't you feel that it's rude?" the old man said coolly.

Ye Yuan thought about it and said, "Junior knows that this action is rather brusque, but Junior has a reason that he must go in! If it trespasses on Senior's hospitality a little, Junior is willing to compensate afterward."

Past life and this life, over 500 years, Ye Yuan had never had such a strong impulse to enter a place before.

He was certain that this cave absolutely had a huge connection with him!

"What a joke! How can the old ancestor's seclusion place be allowed for you to profane?" Ao Li said in a cold voice.

Ye Yuan glanced at him and said indifferently, "None of your business here, it's not your turn to speak!"

"You!" Ao Li was livid with rage.

The old ancestor gestured at Ao Li to stop talking and looked toward Ye Yuan as he said coolly, "Little friend, there are quite a number of my Four Symbols Family Clans' secrets inside the cave. You possess the azure dragon bloodline, having a resonance is also normal. If you're of the dragon race, it's also not impossible for this old man to let you go in. But you're just a human!"

Ye Yuan's eyes narrowed slightly. This old ancestor's words sounded as if it left no room for criticism. Furthermore, the rejection was also very reasonable.

But no idea why, Ye Yuan just wanted to go in.

That kind of strong psychological hint shattered the old ancestor's words to pieces.

Ye Yuan's palm flipped, a fire rod appeared in his hand.

The powerful dragon pressure coming off the fire rod made everyone's countenance change.

At this moment, the old ancestor who was always calm finally lost composure!

"S-Sacred Dragon Token! Back then, the old patriarch took it away, and it never appeared again. How could it appear in your hands?" The old ancestor said in astonishment.

"Put aside how it's in my hands, since you say that there are the Four Symbols Family Clans' secrets inside this cave, I wonder if I have the qualifications or not to enter and check it out by relying on the Sacred Dragon Token?" Ye Yuan said coolly.

The old ancestor's face flickered incessantly. He never thought that Ye Yuan actually still possessed such a sacred object.

Seeing the Sacred Dragon Token was akin to seeing the patriarch, even he was unable to defy the ancestral teachings too!

Rather, the other four symbols clan members, inclusive of Ao Li, all had blank looks.

They knew that this Sacred Dragon Token was definitely not an ordinary object. But they all grew up in the Divine Beast Realm and did not understand the significance that the Sacred Dragon Token represented.

"Ancestor, what is this item?" Ao Li could not refrain from asking.

An item able to make Old Ancestor visibly moved was absolutely no ordinary object.

"This is the Sacred Dragon Token, our dragon race's supreme divine artifact! The dragon race's ancestral teachings: the person who possesses this token is the dragon clan's lord!" the old ancestor said in a solemn voice.

The old ancestor's words made everyone's faces change.

Ao Li was stunned and looked towards Ye Yuan in surprise, and said, "A human becoming the lord of the dragon clan, how can it convince people?"

"*Heh*, just a human is it? My big brother's bloodline is purer than any of you, based on what that he can't convince the masses? In the Divine Realm, my big brother is already the lord of the human race! You probably don't know, this Sacred Dragon Token doesn't simply choose its master. Even if my big brother gives it to you, it's impossible for it to acknowledge you as its master too!" White Light said disdainfully.

Ao Li's expression changed, and he could not resist looking over toward the old ancestor for affirmation.

The old ancestor slowly nodded his head, considered as tacitly approving of White Light's words.

Ao Li's face was ashen. He was seriously unable to accept this fact.

"Senior, do you still have any doubts now?" Ye Yuan looked towards the old ancestor with a scorching gaze.

The old ancestor mused for a moment and slowly said, "Since you obtained the Sacred Dragon Token's acknowledgment, this old man naturally serves you as the lord! It's just that this cave ... you can't go in!"

The old ancestor's words made Ye Yuan's expression change.

He did not think that this old man actually did not even give face to the Sacred Dragon Token.

But it was precisely because so that Ye Yuan was even more certain that there must be some secret inside!

Ye Yuan put away the Sacred Dragon Token and said coolly, "Alright, this Ye got it. Since that's the case, this Ye will be offending!"

Finished talking, Ye Yuan's figure instantly vanished from where he was.

Art of greater teleportation!

But this time, there was someone faster than him!

At virtually the same time, the old ancestor's figure also disappeared from where he was.

Similarly, it was the art of greater teleportation!

Boom!

In the time it took for sparks to fly off a piece of flint, Ye Yuan forcefully exchanged a blow in the void with the old ancestor, but his figure was shocked out of the void, flying straight for ten thousand feet before forcefully stabilizing his figure.

This old ancestor's strength was indeed terrifying powerful!

However, the old ancestor was unable to stop Ye Yuan's determination to enter the cave. Lifting his hand, it was a Coiling Dragon Heaven Devastating Palm!

"*Heh*, being able to comprehend divine rank dragon wave at a young age, truly a genius! But using it to deal with this old man is inadequate."

The old ancestor smiled faintly and similarly smacked a Coiling Dragon Heaven Devastating Palm out!

One palm unleashing, even Ye Yuan's countenance changed because of it as well!

Boom!

After a frontal-clash, even if Ye Yuan's defense was exceedingly powerful, he was also battered by the other party until he spewed out a large mouthful of blood.

"Is this the strength of a deity realm powerhouse? Indeed, it lives up to its reputation! It's just a pity that there's no longer Divine Dao under this heaven!"

Ye Yuan gave a cold laugh, the Evil Extermination Sword suddenly moving out!

"Fury Sword Fire Lotus!"

Ye Yuan's sword intent advanced greatly. Fiery's Cleansing Sandal Sacred Flame also could not be compared to before.

This Fury Sword Fire Lotus was already not its former power.

When Ao Li saw this scene, his expression became incomparably ugly.

It turned out that when Ye Yuan was dealing with him, he did not use his full strength yet!

The Fury Sword Fire Lotus, after evolving, was more than a grade stronger than the divine rank Coiling Dragon Heaven Devastating Palm!

"Careful, Ancestor!" Ao Li shouted.

He knew that the ancestor was formidable, but facing such a terrifying attack, whether or not the ancestor could block it, he had no assurance in his heart either.

However, the old ancestor just smiled faintly. A Coiling Dragon Heaven Devastating Palm pushed out once more!

The might of this palm was actually even greater than the palm before!

Boom!

One come, unleashed; Ye Yuan was sent flying once more.

After two palms, Ye Yuan already suffered considerable injuries.

"Senior's Deity Realm laws are splendid! It's probably also not far from Heaven Glimpse Deity Realm, right?" Ye Yuan said in a low voice.

The ancestor smiled faintly and said, "Not long after this old man broke through to the Deity Realm, this world's laws already went missing. With nothing to do these few years, I could only comprehend some Divine Dao laws as well. How is it? Still want to go in?"

Ye Yuan sucked in a deep breath and said, "Final move, if senior can block it, this Ye will retreat here!"

"Huhu, Junior, you're very strong! But right now, you're still not this old man's match, fall back! When your strength is there, coming to find this old man again isn't too late," the old ancestor shook his head and said with a smile. He clearly did not think that Ye Yuan could win him.

Chapter 1246: Land of Exile

"Roar!"

An earth-shaking dragon roar sounded. The old ancestor's face abruptly changed!

In virtually an instant, the old ancestor knew the source of Ye Yuan's martial technique. The astonishment in his heart could not be any greater.

It was just that there was no time for him to be surprised right now. Allowing the Voice of the Dragon God to land on his body freely, his old bones would probably not even have residue remaining.

What surprised Ye Yuan was that the old ancestor was not completely powerless to retaliate like the rest.

After the astonishment, the old ancestor's reaction was also extremely quick.

A terrifying undulation emitted from his body!

This undulation actually isolated the Voice of the Dragon God outside.

"This ... This is the Voice of the Dragon God! He actually knows the Voice of the Dragon God, how is this possible?" Ao Li cried out in alarm.

To the dragon clan, the renown of the Voice of the Dragon God could be said to be an accomplishment that surpassed ancient and modern times.

Although this martial technique was lost, practically every member of the dragon race knew its might!

"Wasn't the Voice of the Dragon God long lost? Why would a human know my dragon race's supreme martial technique?"

"Too inconceivable! When he used the divine rank Coiling Dragon Heaven Devastating Palm before, it gave me a fright. Didn't expect that now, he even used the Voice of the Dragon God."

"Is he really a human? I even suspect that he's a member of my dragon race. Who can tell me what the hell is going on here?"

...

The already lost martial technique suddenly showing up, the shock to the dragon clan could be imagined.

Not just the dragon clan, the other three clan's elders were similarly shocked to the core.

Just like the Four Symbols Family Clans, they were naturally aware of the well-known Voice of the Dragon God.

They did not expect that this martial technique actually appeared on a human.

One breath, two breaths!

Ye Yuan saw that he could not breach the old ancestor's defense. Gritting his teeth, he went for three breaths!

Right at this time, a melancholic sigh came from inside the cave.

Ye Yuan's heart suddenly trembled, his breath immediately being cut off. The Voice of the Dragon God abruptly ceased.

"Big Brother Yuan!"

Two breaths already passed, Ye Yuan's body already virtually reached the limits and was unable to support itself anymore. Li-er hurriedly went up to support him.

"Puhwark!"

The old ancestor's face was deathly pale, and he spewed out a mouthful of blood.

He still could not completely resist the impact of the Voice of the Dragon God in the end!

"Ancestor! Are you alright?" Seeing the ancestor vomit blood, Ao Li and the rest exclaimed in shock.

The old ancestor waved his hand and looked towards Ye Yuan profoundly and said, "This old man understands! *H-haha*, this old man's two eyes were really blind! Jun-er, you still have to meet him in the end."

The last sentence, the old ancestor directed it toward the inside of the cave.

"Ancestor, let him come in."

Inside the cave, a woman's voice transmitted out serenely.

Ao Li's expression turned austere. He had never known that apart from the old ancestor, there was still another person inside this cave!

Hearing this voice, Ye Yuan's entire person was thunderstruck.

Clearly a foreign to the extreme voice, but the way he heard it, it was so warm.

"Forget it, you go in then! But only you alone can enter," the old ancestor said coolly.

Ye Yuan nodded his head and struggled to his feet, and walked into the cave stumblingly.

"Ancestor, inside is ..." Ao Li could not resist asking.

"Ao Jun!" The old ancestor did not conceal it either, directly uttering a name.

Ao Li's expression changed and he said, "Dragonlady Ao Jun! W-Wasn't she dead?"

To say who was the most talented clan member in these 100 thousand years in the Divine Beast Realm, that was absolutely not him. It was Dragonlady Ao Jun!

Ao Jun only used a thousand years' time and cultivated to the grand completion of Tier 9, and comprehended Divine Dao laws.

Her strength was much stronger even compared to him currently.

It was just a shame that she was not willing to be confined by this Divine Beast Realm. Over 800 years ago, she escaped out of the Divine Beast Realm and entered inside the Godsfall Mountain Range.

From then on, the clan members inside the Divine Beast Realm never saw her again.

It was also from then on that the old ancestor started devoting all his attention to guide Ao Li, grooming him to this current realm.

Ao Li did not expect that she was actually inside the old ancestor's seclusion cave all along!

The old ancestor heaved a sigh and said, "Hard to say finish in a single sentence! But she's probably very relieved to see her own son be so promising, right?"

"S-Son?" The clan members were in a state of disarray.

“That’s right, Ye Yuan is Ao Jun’s son, her son with a human.” The old ancestor slowly said.

Li-er and White Light exchanged a glance, both seeing the deep astonishment from the other person’s eyes.

They did not expect that Ye Yuan actually still had such a background.

No wonder Ye Yuan became so peculiar after entering this place.

At this time, the old ancestor looked toward White Light again and said kindly, “If I didn’t guess wrongly, you should be Whitefeather’s descendant, right? On your body, there’s her aura. Perfect White Tiger Physique, not bad! Pretty good! *Huhu*, back then, her and Jun-er’s feint attack to create a diversion for the actual attack was done really beautifully. It even deceived this old man! It’s just that this old man didn’t think that their descendants actually broke the curse at the same time. How ironic!”

Talking to the back, the old ancestor laughed self-mockingly.

White Light trembled. It was as if he was electrocuted.

“O-Old ancestor, what’s the meaning of your words?” White Light swallowed his saliva and said.

The old ancestor simply sat down and started talking about the Divine Beast Realm’s secrets.

When White Light heard the old ancestor’s words, he could not help being deeply astounded.

It turned out that this place was a land of exile!

The demon races here were all exiled to this place because of committing a severe crime, never to return to the Divine Realm!

This space was hewed open by the Four Great Divine Beasts’ progenitors joining hands, and set a curse on this place with a terrifying secret art.

Any felon who was banished here, once they left this region, their life would flow away rapidly, all the way till death!

Furthermore, their descendants would likewise be unable to leave this space!

This was a very terrifying curse, which was to say that once committing an unforgivable mistake and being banished here, their descendants would never ever see daylight!

Don’t look at how this place had green mountains and clear waters, its scenery breathtaking, it was actually a giant prison!

According to what the old ancestor said, since time immemorial, God knows how many clan members wanted to escape this cage in this place.

But after they went out, they grew old very quickly, and even died.

Even deity realm powerhouses were not exception either!

And the old ancestor was the last deity realm powerhouse in this place.

Of course, the four great progenitors did not drive them to extermination but left behind a feeble ray of hope.

If someone broke through to the Origin Deity Realm inside the Divine Beast Realm, or gave birth to a perfect divine beast and above physique' spirit physique, the curse would automatically release.

Back then, Ao Jun and Whitefeather were the closest of sisters. The two of them joined hands and acted out a diversion in the east while really attacking the west.

One escaped to the Endless World passed the God Prohibited Demon Region, the other escaped until the God Prohibited Demon Region.

Back then, the old ancestor was greatly enraged, that was why he laid down that Peach Blossom Forest.

It was just that he did not expect that among Whitefeather's descendants, one actually gave birth to a Perfect White Tiger Physique.

While Ao Jun's son was even the Atavism Dragon Soul of the legends!

Chapter 1247: Dragonlady Ao Jun

Passing through a section of the dimly lit cave, Ye Yuan virtually used up all of his strength.

The more he walked toward the depths, the faster Ye Yuan's heart beat. The heavier the cold intent on his body as well.

Following that intense psychological hint, Ye Yuan walked to the end of the cave.

Before his eyes were a deep and serene pool, unable to see the bottom with a glance.

The cold air emitting from the pool made Ye Yuan's divine soul almost freeze.

That bone-piercing cold intent made Ye Yuan unable to refrain from shuddering.

Ye Yuan's gaze turned intent, and he blurted out, "This is ... the aura of Eternity Frost!"

"That's right, it's precisely Eternity Frost! Looks like you completely inherited his mantle. Just based on this cold air, you pinpointed the Eternity Frost."

A chilly female voice sounded out. It was precisely the voice that Ye Yuan heard outside.

The voice was very indifferent, but that tiny hint of trembling exposed some of the fluster in the other party's heart.

The Eternity Frost was produced in the extreme northern lands. It was one of the top-grade medicinal materials to refine some water-attribute medicinal pills.

This thing was incomparably precious. Even a piece the size of a fingernail was worth several cities too.

The reason why it was called Eternity Frost was that even if burned with blazing flames, it would not thaw either.

Ordinary Dao Profound Realm martial artists would die upon contact!

Such a degree of coldness, the Eternity Frost in the depths of this pool was likely not little!

“You ... You are?” Ye Yuan swallowed his saliva and said.

The woman sighed despondently and said, “Yun-er, you grew up.”

Ye Yuan’s entire body trembled. Hearing this sigh, Ye Yuan even had an impulse to hug the other party.

“Could it be that ... you are ... you are ...”

Ye Yuan’s breathing became ragged. Actually, he had a hint of speculation in his heart long ago. But when it really came to the point of verification, he became flustered again.

He was worried, worried that the other party would deny, worried that his joy would come to naught.

In his cognition, there had never been ‘mother,’ this word.

In over 500 years of his past life, Ye Yuan and his father had always mutually depended on each other through thick and thin.

All the way until this life, when he opened his eyes and saw Ren Hongling, that was when Ye Yuan felt maternal love.

It was just that Ye Yuan knew that that love was not his, but that ‘Ye Yuan’ who had long died already.

He was just enjoying that motherly love on behalf of ‘Ye Yuan.’

He was still Ji Qingyun in the end!

“That’s right, I’m your mother,” Ao Jun’s voice sounded out faintly.

Hearing this answer, Ye Yuan’s emotions became incomparably complicated.

Joy, hesitation, doubt, anger, all sorts of emotions mixed together, making him feel like he was about to burst open.

He did not understand why his mother had never shown up in his life before.

And also did not understand why Father never mentioned Mother.

Far too many questions buried deep in his heart finally exploded at this instant, but the agitated from before was swept away clean.

“Why?!”

Thousands of words turned into this one word.

Ye Yuan did not know that this was the land of exile and did not know about Ao Jun’s past.

So when he knew that there was a mother, there was more of resentment!

Gurgle ...

Bubbles rose in the cold pool. With a whoosh, a dragon head rushed out of the pool, staring at Ye Yuan with a heated gaze.

Four eyes faced each other, one pair of eyes was filled with shock, while the other pair was tender love.

Ye Yuan understood the dragon race quite well. This azure dragon before his eyes looked old and doddering. Clearly, it was almost nearing its end.

Furthermore, the dragon race mostly maintained human form. Only when its demon essence was insufficient to maintain human form, would it reveal its original form.

This decrepit azure dragon before his eyes was his mother?

Counting in the 500 years of his past life, he was born for less than 600 years too.

600 years' time, how could his mother be old to such a degree?

"Yun-er, it's all Mother's fault! Mother gave birth to you, but didn't take care of you for a single day! But over these 500 years, Mother has been thinking about you every minute and second."

Ao Jun's voice had always been like an old well without ripples. But at this time, her voice trembled. On that pair of dragon eyes, tears actually faintly appeared.

In virtually an instant, Ao Jun's aura withered considerably.

Ye Yuan could clearly sense that what little left of Ao Jun's vitality actually faded away considerably all of a sudden!

This discovery involuntarily made Ye Yuan alarmed.

"This ... What's going on here?" Ye Yuan said in great astonishment.

Although he could tell that the other party's life force did not have much remaining, just a slight fluctuation in emotion made the vitality diminish so much at once?

Even if Ye Yuan's Alchemy Dao was heaven-defying, he had never before seen such a situation.

Dragon tears fell down. Ao Jun said in relief, "It's fine, for Mother to be able to see you again, even if I die right away, I'll have no regrets too. Is your father ... well?"

"He ... He's very well!"

Ye Yuan almost blurted out the truth. But suddenly recalling that Ao Jun did not seem to be able to suffer an emotional stimulus, he changed his words in the end.

At this time, Ao Jun's emotions recovered to that ripple-less old well state again, and opened her mouth to say, "Could it be that ... your father encountered some trouble?"

Clearly, Ye Yuan's pause just now made Ao Jun have a foreboding feeling.

Ye Yuan shook his head and said, "Father dreamed too big, it's just that he ran into some trouble in pill refinement. With his strength, something that could cause trouble for him in the Divine Realm hasn't been born yet."

Ao Jun thought about it and said, "That's true."

Ye Yuan glanced at Ao Jun and asked, "Can you tell me just ... what on earth is going on?"

Ao Jun sighed slightly and spoke about the curse of this land of exile.

Ye Yuan was unbelievably shocked while listening by the side. Only then did he understand why Mother would abandon him and Father.

He also finally understood why he would possess the Atavism Dragon Soul!

It turned out that his body was flowing with half of the dragon race's bloodline!

"Mother, s-sorry!" Understanding the sequence of events, Ye Yuan could not resist choking.

"Silly child, the one who should apologize is Mother! Mother has never done her duty as a mother for a single day. These few years, you and your father have suffered," Ao Jun comforted him.

"That isn't your fault! Mother, this cursed land, could it be that there's no way to resolve it?"

Ao Jun shook her head and said, "Unless the progenitor revives, otherwise, it's irresolvable! It's just that after my dragon race's progenitor, nobody else was able to reach his heights anymore. Moreover, now that this Divine Realm is missing Heavenly Dao, there's no way to step foot into the Deity Realm at all. Even Ancestor is also suppressed at the Half-Deity Realm."

But when Ye Yuan heard these words, his eyes lit up and said, "This child possesses the Atavism Dragon Soul! Isn't it said that as long as one possesses the atavism dragon soul, they will be able to attain the progenitor's heights? That as long as this child breaks through to Deity Realm, it will be possible to lift this curse?"

"What?! You ... You possess the Atavism Dragon Soul?"

Ao Jun's shock was also by no means insignificant.

The Atavism Dragon Soul only existed in the dragon race's memories. No one had never seen before, and it was also extremely hard to detect.

Because nobody had attained the Azure Dragon Progenitor's heights before!

Hence, even Ao Jun, who gave birth to Ye Yuan, also did not know about the matter of Ye Yuan being in possession of the Atavism Dragon Soul.

[Unrivaled Medicine God](#)

Chapter 1248: Past Events

"Of course! Otherwise, how would I know the Voice of the Dragon God, this kind of already lost martial technique?" Ye Yuan said.

Ao Jun strove to the utmost of her ability to make her emotions calm down. But she discovered that her mind was hard to calm down.

She finally understood now, what the old ancestor's 'I understand' earlier, meant.

For Ye Yuan to be able to break the curse, there was bound to be some extraordinary aspect.

But Ao Jun never dreamed that it was actually the Atavism Dragon Soul!

But very soon, she sighed slightly again and said, "Even the Atavism Dragon Soul is useless too. At present, Divine Dao dwindled to zero, you're unable to break the shackles at all."

A look of determination appeared on Ye Yuan's face, and he said, "This child came to this Godsfall Mountain Range in order to find the opportunity to break through to Deity Realm! I'll become a deity or die trying!"

Ao Jun said in surprise, "Yun-er, why be like this?"

Ye Yuan briefly recounted the situation of the outside world but concealed many things.

Ao Jun was already an expiring lamp without oil now. She was probably unable to withstand the blow of Ji Zhengyang's passing.

If not for this Eternity Frost close to freezing her physiological functions, Ao Jun would have long passed away, her Dao vanishing already.

This piece of Eternity Frost was precisely what Ji Zhengyang retrieved only after expending tremendous effort when he entered deep into the lands of extreme north back then.

"But the god-forbidden region is too dangerous! Even if a Deity Realm powerhouse goes in, it's difficult to protect themselves too, let alone you!" Ao Jun said worriedly.

Finally, she managed to see her son, so she did not wish to lose him just like this.

Ye Yuan said with a firm gaze, "This child has a reason that he must go! Now, there's another reason! Don't you wish to go out and reunite with Father?"

Hearing these words, a hopeful light appeared in Ao Jun's eyes.

Ye Yuan weaved a beautiful lie. He did not hope for Mother to wait for death so quietly.

He already lost Father and did not wish to lose Mother anymore.

No matter how bleak the hope, Ye Yuan also wished to save his mother!

Disregarding the result after the fiend race dominated the Divine Realm, just the enmity of killing Father was already impossible for them to live under the same sky!

If he could not exterminate Kanuo, he would rather die!

Of course, this sort of words, he would not say them.

Toward Ao Jun, he only said that it was for the human race's righteous cause.

After all, he inherited Absolute Heaven's Dao teachings and became the Son of Heaven's Mandate.

This burden, he had to carry it.

Seeing Ye Yuan's eyes, Ao Jun knew that she could not convince her son and could only heave a long sigh and said, "Your temper is exactly the same as your father's; both of you are so stubborn!"

Ye Yuan smiled but did not say anything.

At this point, Ye Yuan's heart-knot was already gone, and he already completely accepted Ao Jun.

Even if meeting for the first time, Ye Yuan did not have much psychological obstacles either.

That feeling of being connected by blood could not fool people.

Moreover, this was a connection that originated from the depths of the soul.

If not for that sort of strong resonance, Ye Yuan would not insist on barging into this cave either.

The two people talked for a long time. This conversation took five days and five nights!

In these five days and five nights, Ye Yuan finally knew about the events that happened back then.

Turns out that not long after Ao Jun escaped the land of exile back then, she ran into the Ji Zhengyang and his party, who entered the void-forbidden region.

Wandering alone in the Godsfall Mountain Range was very dangerous.

Hence, Ji Zhengyang invited Ao Jun to join their team.

Later on, Ji Zhengyang moved Ao Jun with his character. The two people became united in wedlock from then, Ao Jun also followed Ji Zhengyang back to the Medicine King Hall.

It was just that Ao Jun dwelled in deep seclusion and seldom went out. Extremely few people knew about her existence.

But before long, a problem occurred.

Ji Zhengyang discovered that Ao Jun's aging speed was too fast!

Just over 200 years, Ao Jun seemed to have aged 10 thousand years.

Under his repeated inquiry, Ao Jun told the entire story.

And at that time, Ao Jun was already expecting.

Ji Zhengyang used all of his abilities and was also unable to stop Ao Jun's aging.

He loved Ao Jun deeply and decided not to have this child.

Because giving birth to the child, Ao Jun's aging speed would be even faster!

Ao Jun chose to leave without bidding farewell in order to give birth to Ye Yuan.

She returned to the land of exile!

In this period of time, Ji Zhengyang got the news of the Eternity Frost. Hence, he could only enter deep into the lands of extreme north first to search for the Eternity Frost.

Later, he came to the land of exile bringing along the Eternity Frost, but discovered that this place already had the peach blossom grand array laid down.

He threw caution to the winds and barged into the peach blossom formation, but he was nearly killed by the peach blossom formation.

It was Ao Jun's pleading that made the old ancestor save Ji Zhengyang.

Ji Zhengyang wanted to stay at the land of exile at that time, but the old ancestor refused no matter what!

In the end, Ji Zhengyang left behind the Eternity Frost and brought away Ye Yuan who was in swaddling clothes.

In this land of exile, the elapsing speed of Ao Jun's life was greatly reduced. Coupled with Ji Zhengyang's Eternity Frost, that was how she was able to live until now.

Except, Ao Jun was now a living dead person and was completely unable to leave this cold pool.

Even a trace of mood swing would hasten the elapsing of her life.

Hearing these past events, Ye Yuan also sighed endlessly.

This was truly fate making a mockery of men!

Only then, did Ye Yuan knew why Father would always enter deep into the Godsfall Mountain Range every few years.

He only thought that Father was searching for opportunities back then, but did not think that there was still this layer of reason present.

Even separated by a peach blossom forest, it could also slightly relieve the pain of lovesickness.

It was just too bad that they were already forever separated by life and death now.

...

Five days later, Ye Yuan came out from inside the cave. His gaze, when looking at the old ancestor, was filled with complexity.

"*Huhu*, if you want to take revenge, bring it on," the old ancestor smiled and said.

Ye Yuan looked at him and suddenly sighed and said, "Forget it. Actually, I can understand you. Mother is already someone on the verge of death. You don't wish to have Father and I be reared in this place like livestock in pens as well, so you drove us out. This cave is a grave, but how is this Divine Beast Realm not a large tomb? If my conjectures are right, outsiders will probably also be cursed if they stay here for a long time, right?"

The old ancestor's smile withdrew, his gaze revealing a look of surprise.

He really did not expect that Ye Yuan would say these words.

"*Haha*, Jun-er really gave birth to a fine son!" The old ancestor suddenly burst out laughing.

"It's just that I'm very confused, how did you know that I'll be fine if I go to the outside world? Presumably, you also didn't perceive that I was of the Atavism Dragon Soul back then, right?"

The old ancestor smiled and said, "Because you're a human! This land of exile's curse is merely targeted at demon races! As long as people of the outside world enters this place for over half a year, they will

likewise be planted with the curse! It's just that this place never had outsiders enter before, so this sort of thing, nobody knew either; that's all."

Ye Yuan nodded his head and said, "So that's how it is! I still have one more thing. Old Ancestor please resolve the confusion."

The old ancestor nodded and said, "You say."

"When I previously saw the four great head elders use the four clans' martial techniques at the same time, it actually produced a certain kind of resonance. From there, the power increased tremendously! I wonder if this was coincidental, or the four of them specially trained before in the path of joint-attacks?" Ye Yuan said curiously

The old ancestor smiled and said, "This will have to start from the origin of the Four Symbols Family Clans."

[Unrivaled Medicine God](#)

Chapter 1249: Activating the Sacred Dragon Token!

"Four clans' origin?"

Ye Yuan's expression turned stern, not expecting that what he got was actually such an answer.

After Heavenly Dao went missing, the Divine Realm's Demon Region declined very quickly.

After that war 50 thousand years ago, the Four Symbols Family Clans even suffered a major loss in vitality.

Right now, although there was Long Min, this kind of powerhouse, they were still much weaker than the human race on the whole.

In the process, there were a lot of secrets buried in oblivion in history.

Ye Yuan really did not know what the origin of the Four Symbols Family Clans was.

Since the Four Symbols Family Clans each had their own progenitors, then where did these progenitors come from?

The old ancestor slowly said, "Azure Dragon of the East, White Tiger of the West, Vermilion Bird of the South, Black Tortoise of the North, the Four Great Divine Beasts' progenitors were once the Divine Realm's guardian divine beasts. The four great progenitors' strengths were exceedingly formidable. Working together to suppress the four directions, no one dared to disobey! Even Origin Deity Realm powerhouses will also turn to dust with a flick of a finger under the Four Symbols Grand Array formed by them!"

Ye Yuan's mind was in upheaval from hearing it.

What kind of existence Origin Deity Realm was, Ye Yuan was completely unable to imagine.

Could it be that the four great progenitors were beings even stronger than Origin Deity Realm?

“Just what kind of existences were the four great progenitors?” Ye Yuan could not resist asking.

But the old ancestor shook his head and said, “I don’t know either! I just know, very, very strong! Their strength is not what the likes of us can surmise at all. As for the specifics of how strong, only they themselves knew.”

Ye Yuan drew a cold breath, instantly feeling somewhat perturbed.

The four great progenitors, that was definitely existences more than a million years ago.

Then just what was the even more ancient Divine Realm like?

Why did the present Divine Realm wither to this point?

Ye Yuan discovered that the more he knew, the more uncertain he became instead.

This Divine Realm was far from as simple as seen on the surface.

“All of the Four Symbols Family Clans’ martial techniques were passed down by the four great progenitors, complementing each other, and secretly encompassed Heavenly Dao. Once performed at the same time, the resonance of Dao will appear, and from there, the power will increase greatly,” the old ancestor said.

“So, that’s how it is!” Only then did Ye Yuan come to a realization.

The four great head elders’ strength was merely the bottom of the Ten Great Divine Kings.

But their combined attack was even a notch above the Darkness Divine King, Sikong Shang.

The amplification involved was not just a tiny bit.

“*Huhu*, the four of them, their strengths are too weak. They are completely unable to unleash the power of the combined attack. If it was the combined attack of Grotto Profound Deity Realms, they can even cross a major realm to battle!” said the old ancestor.

Ye Yuan’s pupils constricted, frightened by the old ancestor’s words.

Deity Realm powerhouses crossing a major realm to battle, this was simply something unimaginable.

Even for peak Grotto Profound Deity Realms, it was also impossible to be a Heaven Glimpse Deity Realm’s match.

This kind of increase was simply inconceivable.

Ye Yuan suddenly thought of something and asked again, “The Four Symbols Family Clans’ Seven Constellation Grand Array could even summon their respective guardian spirits. I wonder if they can produce a resonance by being together?”

Back then, Ji Canglan restrained the spirit of the white tiger, but was thwarted by Ye Yuan.

His goal at that time was just the spirit of the white tiger, and not destroy the tiger clan.

It seemed like the fiend race wanted to use the spirits of the four symbols to do something.

Ye Yuan only had this query because he recalled this matter.

The old ancestor nodded and said, "That four Seven Constellation Grand Arrays were originally one. Combined together, it's called the 28 Constellation Grand Array. It was laid down by the four great sacred ancestors, and had a trace of ancestral spirit entrusted in it. Later on, the four clans' members became more and more, and there was a powerhouse who split the grand array into four, becoming each clan's clan protecting grand array. It's just that presently, Heavenly Dao is missing, the power of the ancestral spirits are less than one-ten thousandth as well, its power far worse than before. However, if the four spirits combined attacks, that power absolutely can't be underestimated."

Ye Yuan's gaze dimmed slightly. He kept feeling that Kanuo's goal was not merely unifying the Divine Realm.

Also, Kanuo had once said something 'Immortal Grove Region' before. It seemed like it was referring to the Divine Realm.

Ye Yuan had always found this very odd. But this kind of thing, probably even Fang Tian could not answer him either.

But, all these were not important. The most important thing right now was to eradicate Kanuo!

As long as he could break through to Deity Realm, by relying on the Voice of the Dragon God, he was absolutely able to kill Kanuo.

Even if his strength recovered completely, as long as there was Heavenly Dao suppressing, the outcome was also the same.

"You're leaving?" asked the old ancestor.

Ye Yuan came back to his senses from his rumination and said with a nod, "I'm going to enter the god-forbidden region and search for the opportunity to become a deity!"

The old ancestor's gaze turned sharp, and he said in surprise, "The god-forbidden region is a place that even Deity Realm powerhouses don't dare to set foot in!"

Ye Yuan nodded and said, "But that's also the only place where it's possible to become a deity! Old ancestor, perhaps ... you'll come a day where you can see the light of day again!"

The old ancestor's entire body trembled, his gaze revealing a look of shock.

Linking it to Ye Yuan possessing the Atavism Dragon Soul, he understood what Ye Yuan wanted to do very soon.

Now that Heavenly Dao was missing, this kind of thinking ... was tantamount to a fool's talk!

Except, why was he so excited?

"*Sigh*, for Jun-er to have a son like you, it's truly obtaining heaven's blessing! Yun-er, you possess the Atavism Dragon Soul, I have nothing to teach you. But there's one thing that I believe can help you a little." The old ancestor said.

Ye Yuan's eyes lit up, and he quietly waited for the old ancestor to carry on talking.

The old ancestor said quietly, “The Sacred Dragon Token, you probably still can’t control it yet, right?”

Ye Yuan said in surprise, “How did you know?”

The old ancestor laughed and said, “Heavenly Dao is missing, Divine Dao dwindling to zero, there’s naturally nobody in the outside world who can control the Sacred Dragon Token! And the method to control the Sacred Dragon Token, only the dragon clan’s Deity Realm powerhouses know!”

“This ... I’ve attempted to produce a resonance with the Sacred Dragon Token using divine rank dragon wave before, and also attempted to activate with blood essence. But without exception, they all failed,” Ye Yuan said helplessly.

The Sacred Dragon Token was a heavenly divine artifact, its power was definitely a grade above the Evil Extermination Sword.

Concerning all these, Ye Yuan thought about all the methods that he could think of but had never succeeded before.

Feeling helpless, Ye Yuan could only give up.

He did not expect that there was actually an unexpected surprise today. The old ancestor actually knew the method to activate the Sacred Dragon Token.

“*Huhu*, the Sacred Dragon Token is my dragon race’s supreme treasure, and it was personally forged by Lord Sacred Ancestor, who used it as the token to be patriarch. If it could be activated by anyone who obtained it, then wouldn’t my race have the possibility of being controlled by people at any time?” said old ancestor.

“Makes sense,” Ye Yuan said with a nod.

“The Sacred Dragon Token was forged by the sacred ancestor with blood essence, and he used a great divine ability to integrate the method of activating the Sacred Dragon Token into the inheritance memory. Only dragon race powerhouses that broke through to the Deity Realm can get to know the method of using the Sacred Dragon Token. Of course, that’s also just knowing. Only by obtaining the Sacred Dragon Token’s recognition can one become the lord of the dragon clan, and be able to activate the Sacred Dragon Token. Otherwise, even if Origin Deity Realm powerhouses obtain it, they would also be unable to unleash its true power!” said the old ancestor.

“So that’s how it is! This way, there’s only you alone in this world currently who knows the way to activate this Sacred Dragon Token?” Ye Yuan said in surprise.

No wonder even he used everything up his sleeves, he was still unable to activate the Sacred Dragon Token.

If not for him mistakenly entering the land of exile, he could probably only activate it by breaking through to the Deity Realm.

Chapter 1250: Transfigured Heaven Stabilizing Divine King

Inside a mountain ridge not far from the Soul Refining Sect space, figures huddled together. Several martial artists were currently being hunted down by a desolate beast.

“Split up and run! This desolate beast’s speed is too fast! Once it catches up, none of us can escape,” suddenly, one of them shouted.

That desolate beast’s aura was turbulent. Moreover, its speed was bizarre, looking like it was about to catch up to the few people.

Right at this time, everyone just felt a blur before their eyes, as if a figure passed by them.

Boom!

Flesh and blood flew everywhere!

The few people turned deathly pale from fright and discovered that the desolate beast was already smashed into meat paste.

A figure had his back facing them, standing with hands behind his back.

The few martial artists could not help exchanging glances, shocked by the other party’s skill.

“Many thanks for Senior taking action to help!” The few people bowed their bodies to salute.

That person slowly turned around. When everyone saw the other party’s face, their faces all changed drastically!

“Heaven Stabilizing Divine King! You ... You’re actually not dead!”

The few people turned pale from fright. The one who saved them was actually Zhuge Qingxuan, who they thought had already died inside the Soul Refining Sect space.

“Jeje, you guys seem to ... hope for this seat to die very much?” Zhuge Qingxuan suddenly said with an eerie laugh.

The current Zhuge Qingxuan’s temperament was akin to a different person from before.

Although the Zhuge Qingxuan in the past was overbearing, he did not have any sinister feeling at all.

But now, just this smile made a chill run down people’s spines.

Giving him a glance, there was a feeling like falling into an ice cellar.

“T-This lowly one doesn’t mean that! We heard that Your Excellency encountered a huge problem in the Soul Refining Sect space, and even thought that ...”

That person wanted to explain but was directly cut off by Zhuge Qingxuan with a wave of his hand.

“This seat asks you, where’s Ye Yuan now?!” Zhuge Qingxuan said.

The few people’s expressions changed, virtually shaking their heads at the same time.

The Heaven Surmounting Divine King was the savior of them brothers. How could they betray the Heaven Surmounting Divine King?

“Your Excellency, the Heaven Surmounting Divine King actually came as well? This lowly one ... never saw him!” That person at the front of the few people said.

“*Jeje*, still dare to play this sort of little tricks in front of this seat? Looks like the few of you are good brothers, right? Since that’s the case ...”

While talking, Zhuge Qingxuan casually pointed a finger out.

Pierce!

A martial artist’s forehead directly had a large hole pierced through, toppling stiffly onto the ground without even having time to resist.

“Fourth Brother!” When that person in front saw this scene, his eyes turned bloodshot from rage.

“Give you three breaths of time!” Zhuge Qingxuan said coolly.

The eyes of that person in the lead became bloodshot, glaring at Zhuge Qingxuan angrily.

“Three breaths your ass! You despicable fellow, you aren’t even fit to carry shoes for the Heaven Surmounting Divine King! Heaven is really blind, to actually not make you, this mongrel, die inside! Brothers, even if we’re exterminated today, we can’t betray the Heaven Surmounting Divine King either! Attack together with me and kill this vermin!”

There was a total of five people in this party. They were originally itinerant cultivators who became sworn brothers because their temperaments were congenial. The older brother was already a Void Mystic powerhouse, and the other few people were also all Divine King Realm powerhouses.

They originally did not have much feeling toward the struggle between the Heaven Surmounting Divine King and Heaven Stabilizing Divine King. But entering the Godsfall Mountain Range this trip, they were first chased by Zhuge Qingxuan to be cannon fodder, then moved by Ye Yuan later.

Disregard thorough awakening, but to say betraying Ye Yuan, they were not willing!

In their hearts, Ye Yuan was the hero of the human race, and their only hope.

Betray Ye Yuan was not much different from personally burying the human race.

Zhuce Qingxuan killed number four but did not make them brothers fearful. Instead, it stimulated the courage in their bones!

Except, their strength was utterly not worth mentioning in Zhuge Qingxuan’s eyes.

Seeing the four people go crazy, Zhuge Qingxuan gave a cold laugh and casually pointed a finger out, like crushing dead leaves and branches, killing the four people.

“*Jeje*, that brat has such impressive skill, to actually seem to have forced a bewitching potion down these people’s throats. This feels ... like the Absolute Heaven back then! You’re ... far inferior compared to him.”

Suddenly, the words that Zhuge Qingxuan said dripped with sarcasm.

The next instant, he recovered to his original tone and said with a cold snort, "None of your business! You were merely a dog that was driven out by Absolute Heaven to the Heavenly Dao back then, that's all!"

"*Jeje*, your shameless appearance very much has the style of Zuo Zong back then! Right now, you and I are of one body, that punk is our common enemy. Don't scold yourself anymore. Without this deity, you can't kill him!"

"*Humph!* Be more obedient for this seat! Otherwise, this seat wouldn't mind perishing together with you!"

"Screw off! People like you, this deity understands too well! You won't perish together with me! Don't talk rubbish anymore, that punk is probably about to enter the god-forbidden region now already! You let this seat control the body and display the Blood Escape Tracking Grand Art, I'll definitely find that brat's tracks!"

"If you have a way to track, why didn't you say earlier?"

"*Jeje*, you didn't ask either! How can this deity's means be what the likes of mortals like you can surmise? Even the Zuo Zong back then also had to fear this deity somewhat!"

"..."

Turns out that on that day, Zhuge Qingxuan and Li Gui had a great battle, and directly collapsed the space.

Originally, Li Gui's strength was a magnitude greater.

But at the critical moment, because Li Gui's undying evil ghost was not completed, it resulted in his divine soul having a fatal flaw. Having the opportunity grasped by Zhuge Qingxuan, it actually ended up as the outcome of both being defeated and wounded in the end.

However, Li Gui's means were truly fantastical. He actually carried a wisp of remnant soul and charged straight into Zhuge Qingxuan's body, wanting to seize possession.

The two people had another great battle inside Zhuge Qingxuan's body.

In the end, no one could do anything to the other.

Who knew that the two people's divine souls actually tangled together in the end.

Now, the two people were sharing a body.

The Heaven Stabilizing Divine King became neither human nor ghost appearance now.

...

"Done!"

Divine Beast Realm, Ye Yuan was inexplicably surprised.

A drop of fresh blood oozed out on his fingertip.

“Quick, drip the sacred ancestor blood essence onto the Sacred Dragon Token!” the old ancestor hurriedly said.

Ye Yuan nodded his head and dripped that drop of blood essence on the Sacred Dragon Token.

Boom!

A terrifying dragon pressure billowed into the sky. The sound of a dragon roar reverberated throughout the vast expanse of open ground.

Ye Yuan felt that his fleshy and blood finally produced a trace of resonance with the Sacred Dragon Token.

However, it was merely just a tiny trace.

The might of a heavenly divine artifact, with his current strength, he was unable to unleash it at all.

Even in the Divine Dao Era, heavenly divine artifacts were extremely rare too.

Wanting to activate the Sacred Dragon Token, one must condense sacred ancestor blood essence with a Divine Dao secret art, and then drip it on the Sacred Dragon Token.

This kind of Divine Dao secret art was condensed with divine inscriptions. For ordinary people to want to comprehend it, it was absolutely not the work of a day.

But this was nothing to Ye Yuan, this Atavism Dragon Soul.

He only used three days' time and thoroughly comprehended this set of Divine Dao secret art.

“Come, give the power a try!” the old ancestor said with a faint smile.

It was also his first time witnessing the power of the Atavism Dragon Soul. These few days, when he saw Ye Yuan comprehending the divine inscriptions, his jaws really hit the ground in shock.

Ye Yuan nodded his head, a rod swung out.

Boom!

An over 70 thousand feet large mountain was leveled to the ground just like that!
