Chapter 1251: Battling the Stonemen Again

“This ... Is this the true power of the Sacred Dragon Token?”

Seeing this scene, Ye Yuan was also incredibly shocked.

An over 70 thousand feet mountain, even displaying the Fury Sword Fire Lotus with the Evil Extermination Sword, there was also no way to do it to such an extent.

But this Sacred Dragon Token accomplished it easily.

“*Huhu*, this power is merely the tip of the iceberg of the Sacred Dragon Token. If an Origin Deity Realm used this Sacred Dragon Token, moving mountains and filling the seas are just inconsequential,” the old ancestor said with a laugh.

“*Mm?*” Ye Yuan’s brows suddenly furrowed.

“You’re going to break through?” The old ancestor looked towards Ye Yuan in surprise.

Currently, all the essence energy in Ye Yuan’s body was surging, his realm very unstable. Clearly, it was the sign of being about to break through.

Ye Yuan nodded and said, “The Sacred Dragon Token absorbed the sacred ancestor blood essence and returned back large quantities of divine essence, directly assisting me to break through the bottleneck.”

At once, Ye Yuan did not hesitate anymore, breaking through on the spot.

To Ye Yuan, the breakthrough of essence energy realm was just water flowing when the canal was formed. It already did not cause much of a wave for him.

After a day, Ye Yuan slowly opened both eyes, emitting rays of brilliant light.

After breaking through, Ye Yuan was a first-rate divine king. Just one more step, and he could reach grand completion.

At that time, he would be able to refine the Dao Defying Pill and assault that fleeting and ephemeral Deity Realm!

The old ancestor was observing the whole process of Ye Yuan’s breakthrough all along. A glimmer of shock also flashed across his eyes.

“I didn’t expect that your primary cultivation method is actually a peak divine formula too! Such pure essence energy, when you reach grand completion, this old man probably won’t be your match anymore!” the old ancestor said with an emotional sigh.

Essence, energy, and spirit, three paths, what Ye Yuan cultivated were all the top-grade Divine Dao arts.

Once achieved grand completion, the power would be very terrifying!

So much so that it would be even greater compared to the Fang Tian back then!

“Ancestor is limited by Heavenly Dao, that’s why you feel so vexed. It’s not that your strength is really no good,” Ye Yuan said with a smile.

The ancestor chuckled and said, “Are you leaving now?”

Ye Yuan nodded and said, “I’ll go bid farewell to Mother, then I’m leaving.”

The ancestor let out a sigh and said, “This path is arduous, I wish you speedy success!”

When Ye Yuan returned to the cold pool, there naturally could not dispense with a bout of reluctance to part with Ao Jun. But finally, he still bade farewell and left.

According to Ye Yuan’s estimations, Ao Jun at most still had several decades of longevity inside this cool pool. Wasting an additional day, Ao Jun would be in a little more danger.

Although the Eternity Frost was magical, it was also unable to stop the curse of this land of exile.

For her to be able to live until now was already a miracle in itself.

The old ancestor sent Ye Yuan and his group out of the Peach Blossom Forest. White Light suddenly looked at Ye Yuan and said with a vicissitude of emotion, “Big Brother, I really didn’t expect that you and I actually still had such an origin. No wonder the first time I laid eyes on you, I felt very cordial.”

Ye Yuan also sighed endlessly. He completely did not expect that entering the Godsfall Mountain Range this time, it actually resolved the mystery of his background, and found the mother that he had never met before.

The White Light who went through thick and thin with him was actually the descendant of Mother’s close sister.

Perhaps, everything was really foreordained by heaven.

He met with misfortune and entered the Endless World, then entered the Endless Forest and saved White Light.

Going in circles for a bit, the two people barged into the land of exile together again.

All these were summed up by a ‘fate’ word.

“Yeah, *haha!* The little tiger back then is already a leviathan of the Divine Realm now,” Ye Yuan said with a big laugh.

White Light’s face involuntarily turned red, and he retorted, “To say leviathan, you’re the one right, Big Brother? You’re already the human race and demon race’s common leader!”

Li-er smile and said, “The two of you brothers stop blowing your own trumpets. Big Brother Yuan, where are we going now? Going over from here, it seems like we still have to pass through those stonemen’s territory. If we go over, they will probably find trouble again.”

Ye Yuan smiled when he heard that and said, “If they don’t come to find trouble with me, I still want to find trouble with them! This young master wants to take a look at whether or not they really can’t be killed!

The three people came to the foot of the mountain. Ye Yuan did not say a word. Lifting his hand, it was a Coiling Dragon Heaven Devastating Palm.

Boom!

A palm came out, debris flew everywhere, directly shaving off a small part of the mountain.

This intense tremor startled those ten stonemen awake.

“Damn it! Who is it? To dare disturb our slumber?” Stonebrave’s roar came over.

Three figures landed, looking at him with a smile that was not a smile.

“Blockhead, this little lord, I, returned!”

Stonebrave could not help being stifled. Only after staring at Ye Yuan for a long time did he recall who Ye Yuan was and could not help saying in terror, “You ... didn’t you enter that Peach Blossom Forest? How can you possibly come out?”

This place was neighboring the Peach Blossom Forest. Stonebrave naturally knew about the Peach Blossom Forest’s terror.

He had seen quite a number of people enter the Peach Blossom Forest before, but no one had ever come out before.

But this human in front of him actually came out!

“*Heh*, however vast the world is, which place can I, this little lord, not go it? Just a mere peach blossom forest, this little lord is about to go to the god-forbidden region right away.” Ye Yuan said disdainfully.

“God-forbidden region? *Heh*, human, you really dare to boast. That place, even if Deity Realm powerhouses go in, it’s also without return. With just the likes of your bit of strength, you also wish to enter the god-forbidden region?” Stonebrave said in disbelief.

“You can’t go, doesn’t mean that this little lord can’t go!” Ye Yuan said.

Stonebrave burst out laughing when he heard that and said, “What a joke! You can’t even go past me, you still want to enter the god-forbidden region? Brothers, crush him into a meat pancake for me!”

Ten blockheads attacked together. That spectacle was truly grand.

Except, Ye Yuan broke through to first-rate divine king, his strength went up another level.

Compared to before, he was much stronger.

Ye Yuan’s figure moved, the Fury Sword Fire Lotus suddenly attacked, directly welcoming Stonebrave’s iron-fist.

Boom!

One of Stonebrave’s arms was directly blown away.

He looked at Ye Yuan in terror and said in disbelief, “Human, just how long has it been, your strength actually improved so quickly!”

Ye Yuan said with a faint smile, "This is just starting!"

Stonebrave gave a loud roar. His body was just like a magnet, sucking the rubble over.

Very soon, his arm recovered.

"Human, I admit that you're very strong! But our stonemen clan can't be killed! No matter how powerful your strength is, it's of no avail as well!" Stonebrave said.

Ye Yuan laughed coldly and said, "Is that so? But this young master doesn't believe that there's someone who can't be killed in this world!"

Finished talking, Ye Yuan's figure suddenly disappeared.

Boom!

A stoneman was directly blown to stone rubble by the Fury Sword Fire Lotus.

Stonebrave was greatly enraged when he saw the situation. Brandishing his fists, he smashed over towards Ye Yuan.

However, after Ye Yuan broke through to first-rate divine king, his movement technique had a substantial increase again, and he flew away in a blink of an eye.

That stoneman that was smashed to pieces pieced back together very quickly.

Ye Yuan did not reveal a look of surprise. He relied on his movement technique and wandered about between the ten stonemen.

Occasionally attacking, it directly smashed a stoneman to pieces.

However, Ye Yuan opened up his perception fully and captured every detail of the battlefield.

Suddenly, a hint of a smile flickered across the corners of his mouth.

"Human, do you only know how to dodge and hide?" Stonebrave could not catch Ye Yuan and could not help flying into a great rage.

"Huhu, coming!"

Boom!

A sword attacked, directly blowing a stoneman to pieces.

However, Ye Yuan's next action made Stonebrave and the rest stop abruptly.

Chapter 1252: Heart of Stone

In Ye Yuan's hand, he was grasping a small piece of light-gray crystal.

This crystal was very small. Placing in a pile of rubble, it was not conspicuous at all.

Mixing together with those stone fragments, one could not perceive anything different at all.

If one did not look closely, then one could not tell at all.

When Stonebrave and the rest saw this scene, each and every one of them was unbelievably panic-stricken, and no longer dared to step forward.

“Huhu, why aren’t you guys attacking anymore? Weren’t you still pretty brave just now?”

Ye Yuan looked towards Stonebrave with a broad smile and suddenly switched to an astonished expression and said, *“Eh? Why didn’t he revive this time?”*

Stonebrave and the rest fell silent. They were all stonemen, their faces did not have very rich expressions.

But very clearly, an oppressed to the extreme feeling crept out among these stonemen.

“All not speaking anymore? I wonder what kind of outcome it will be if I crush it? It seems like somebody said just now that they can’t be killed.”

Finished talking, essence energy fluctuated on Ye Yuan’s body, and he was about to crush that piece of crystal.

Stonebrave turned pale with fright and hurriedly said, *“Don’t! We ... We concede!”*

With him saying so, it was equivalent to admitting that this crystal was their weak spot.

Actually, it was already not important whether Stonebrave admitted it or not.

Ye Yuan smiled and said, *“Heh, that’s more like it! If I didn’t guess wrongly, this is your fatal weak spot, right? What do you mean can’t be killed? Not even coming up with a good thing when boasting.”*

Others not being able to find the stonemen’s weak point; it was because they did not have that strength.

Wanting to shatter these stonemen into fragments multiple times and even find their weak point from there, this was not what the average person could accomplish.

These stonemen were all existences comparable to the Ten Great Divine Kings.

Stonebrave’s strength was even a pinnacle existence among the Ten Great Divine Kings.

Wanting to accomplish this was easier said than done.

In the process of that fight previously, Ye Yuan took every detail of the field into his sights.

Don’t look at how his movements were erratic. Actually, he was examining those stonemen that were shattered every single time.

In the end, he discovered that no matter how he struck them down, those rubble pieces would revolve around this light-gray crystal and rejoin.

Therefore, this piece of crystal was clearly where the crux of their revival lay.

As long as they shattered this crystal, they most likely could not revive anymore.

“You ... How did you know? I’m certain that currently in this Divine Realm, nobody knows about my stonemen clan’s weak point anymore!” Stonebrave said gloomily.

The stonemen clan was already extinct in the Divine Realm. It should be impossible for there to be someone who knew their weak point.

But ... this human in front of them actually really found it!

This made him very depressed, very perplexed.

“*Huhu*, you all have life. Since there’s life, then there’s a weak point. As long as one searches diligently, they can always find it. Now, it’s your turn to answer this young master’s questions. What’s this crystal? I feel that it’s rather extraordinary.”

Ye Yuan held this small piece of crystal in his hand and discovered that there was actually faintly a strange undulation transmitting out inside.

This undulation was just like a human’s heart, beating non-stop.

This was probably where the source of the stonemen being able to revive non-stop lied.

“This ... ”

Hearing Ye Yuan’s question, Stonebrave hesitated.

“Looks like you don’t care about your clan member’s life. Since that’s the case ...”

“Hold on! I’ll talk! I’ll talk! This ... This is the Heart of Stone, it’s also the energy source of my stonemen clan. With it around, we’ll have an endless stream of energy,” Stonebrave said.

“*Uh* ... Heart of Stone? That’s also fitting. But ... it shouldn’t stop here, right?” Ye Yuan said with a smile that was not a smile.

Although these stonemen’s strength were powerful, their temperaments were very straightforward and did not have much cunningness at all.

Stonebrave was a little old-handed, but it was also very limited.

Compared to the human race, they were too honest and simple.

Although one was unable to observe their expressions, one could also detect many things from their undulations.

Stonebrave was not willing to speak of the Heart of Stone. Clearly, there were other concerns.

It was also precisely because of this point that Ye Yuan did not deal a killing blow.

He felt that these stonemen seemed to have a tremendous grudge toward the human race. Hence, that was why he attacked him.

Otherwise, with Ye Yuan’s disposition, he would have long crushed this Heart of Stone. Why would he talk so much crap with Stonebrave?

“L-Little Brother, Stonebrave was wrong! Stonebrave shouldn’t have opposed you! I-I beg you to let Stonebold go. We ... We’ll escort you out!”

Stonebrave thoroughly yielded. He was not willing to say what kind of secret this Heart of Stone had, but did not know how to lie either. He could only use this sort of method to implore Ye Yuan.

But Ye Yuan said with a faint smile, “*Heh*, could it be that you think this young master is very easy-going? Don’t bargain with this young master, you have no leeway to choose! Going to speak or not?”

Ye Yuan raised his hand high up, the essence energy on his body rippling once again.

Stonebrave’s eyes swiveled around, clearly very conflicted.

But he finally still steeled his heart and said viciously, “Stonebold, sorry! The secret of the Heart of Stone should be buried in the annals of history! Otherwise, none of us can live either!”

Finished talking, Stonebrave raised his hand, and it was a punch. The target was actually Stonebold’s Heart of Stone in Ye Yuan’s hand!

Ye Yuan could not help being incomparably shocked. He could feel that Stonebrave cared about Stonebold’s life and death very much.

But when he forcefully inquired about the Heart of Stone’s secrets, Stonebrave actually made such a resolution.

It seemed like this Stone of Heart was not ordinary!

Ye Yuan’s figure moved, lightly dodging Stonebrave’s punch.

“*Heh*, you, this leader, actually want to kill your own clan member in front of everybody!” Ye Yuan deliberately mocked.

“*Humph!* You humans are all so despicable! Big Brother Stonebrave doing so, isn’t it still all forced by you?”

“Brothers, we fight it out with him! Today, either he dies, or we perish!”

“Kill this human, take revenge for Stonebold!”

What made Ye Yuan surprised was that not only did these stonemen not have the slightest intention of grumbling at Stonebrave, they become even more bounded by a common hatred for the enemy instead.

“*Heh*, didn’t expect that Big Brother actually became a villain for once today. But these stonemen are really honest and frank,” White Light said helplessly.

“There seems to be a very unpleasant past between the stonemen and human race,” Li-er said.

The nine remaining stonemen swarmed around Ye Yuan. But after Ye Yuan’s strength skyrocketed, they were not a match at all.

On the contrary, Ye Yuan counter-killed several stonemen again, holding their Heart of Stone in his hands.

“*Argh ... Damn human, I’ll fight it out with you!*”

Suddenly, Stonebrave’s entire person seemed to have turned berserk. A dazzling light emitted from his glabella.

When the other stonemen saw this scene, each and every one of them cried out in shock.

“Big Brother Stonebrave, don’t!”

But Stonebrave did not have the intention of stopping.

Ye Yuan knew that that glabella place was precisely where the Heart of Stone lied.

A terrifying undulation came over. Ye Yuan actually felt a sensation of facing death!

“Not good! That blockhead is going to self-detonate! What a terrifying energy undulation! Big Brother is in danger!” White Light exclaimed. White Light’s expression changed as he said this.

[Unrivaled Medicine God](#)

Chapter 1253: World Suppressing Stele!

“Bit off more than I can chew this time!”

Ye Yuan never thought that these blockheads could actually still self-detonate.

However, he was not really seized with fear and trepidation.

Putting aside that even three great fiendgods could not breach his defense, even if it was really breached, his Tyrant Dragon Regeneration Art could still ensure his survival.

It was just that he did not expect that this Stonebrave was actually so resolute.

Stonebrave’s large hand waved, sending all of his clansmen flying, while he himself sped over in Ye Yuan’s direction.

At this time, his entire body was filled with a horrifying aura, just like a time-bomb.

At this time, a gentle energy suddenly appeared, wrapping Stonebrave inside.

The Stonebrave who was originally about to explode and already almost disintegrating was actually suppressed back,

That horrifying aura dissipated to nothing just like that.

Boom!

An enormous stoneman stood in the crowd with a loud bang.

Ye Yuan could not help looking towards his new-arrival stoneman in surprise. His size was even larger than Stonebrave. The degree of danger was clearly even greater compared to Stonebrave!

“Patriarch!”

“Patriarch!”

...

When those stonemen saw him, each one of them was abnormally excited.

“Patriarch, you finally woke up! This damn human killed Stonebold they all! You have to take revenge for them!” Stonebrave said with grief and indignation.

He hated Ye Yuan to the bones right now and wished to perish together with him.

Of course, this was just his beautiful wish.

Ye Yuan looked at this large blockhead, akin to facing a great enemy.

Although the other party was a stoneman, the aura coming from the other party’s body was actually somewhat similar to the old ancestor!

Could it be that this guy before his eyes was actually a Deity Realm powerhouse?

That gentle energy earlier was mysterious and hard to fathom, and actually suppressed the Stonebrave who was about to self-detonate back.

That kind of control over energy laws was absolutely not what the present Ye Yuan could achieve.

The stoneman patriarch did not bother with Stonebrave, but looked towards Ye Yuan instead and said, “Human, on your body ... seems to have an aura that this deity is familiar with.”

This deity!

As expected, a Deity Realm powerhouse!

The stoneman patriarch’s words made Ye Yuan’s and his party’s faces change.

This time, it seemed like they really bit off more than they could chew.

“Familiar aura?” Ye Yuan’s brows furrowed, not quite certain what it meant.

The stoneman patriarch said, “Let this deity thinking it over, it seems like ... the World Suppressing Stele’s aura.”

Ye Yuan’s brows raised up, and he hoisted up the Vast Heaven Stele in his palm and said curiously, “You’re talking about it?”

The stoneman patriarch’s gaze turned intent and he said, “This ... This is really the World Suppressing Stele! The stoneman clan’s patriarch, Shi Potian, pays respect to Master.”

Shi Potian suddenly knelt on the ground with one knee. That enormous body shook the entire mountain until it rocked.

Seeing this scene, not just the stoneman clan, even Ye Yuan was stunned too.

When did the Vast Heaven Stele become the World Suppressing Stele again?

“Patriarch, this ... What’s going on here?”

Stonebrave was struck senseless by this scene. He seriously could not figure out why Patriarch knelt down towards a human.

One had to know that the humans were the stoneman clan's mortal enemy!

"Yeah, Patriarch Shi, are you ... mistaken? It's called Vast Heaven Stele, not World Suppressing Stele!" Ye Yuan also said rather baffledly.

But Shi Potian said, "Absolutely won't be wrong! The World Suppressing Stele's aura is branded on the Heart of Stone of the stoneman clan's patriarch, passing down from generation to generation. It absolutely won't be wrong!"

This time, Ye Yuan was truly taken aback from shock.

He also perceived that the Heart of Stone was very important to the stoneman clan.

Something that could be branded on the Heart of Stone, it was like inheritance memories, which absolutely would not be wrong.

Then the problem came, why was the Vast Heaven Stele called World Suppressing Stele?

"Patriarch Shi, you get up first. What on earth is going on here, can you tell me in detail?" Ye Yuan did a lifting hand gesture and said.

But Stonebrave said with a look of righteous indignation and said, "Patriarch, Stonebold and their hearts of stone are still in this human's hands! You ... How can you be like this?"

Ye Yuan chuckled and said with an awkward look, "It was just joking around with you guys just now, don't take it for real. *H-Haha*, actually, I just want to know the secret of the Heart of Stone, that's all."

Finished talking, Ye Yuan immediately threw the few hearts of stone out.

All of a sudden, the shattered rocks all gathered around the hearts of stone. Stonebold and the rest recovered again.

This heart of stone was like the seven-inch point of a snake.

Once grasped by someone, they would be unable to recover anymore.

Even though Ye Yuan released Stonebold and the rest's hearts of stone, Stonebrave did not buy it and was still filled with resentment towards Ye Yuan.

In his view, Ye Yuan only did so due to Patriarch's strength.

Who knew that Shi Potian said indifferently, "The heart of stone is where the essence of my stoneman clan lies. To human martial artists, it's a great tonic item. When human martial artists swallow the heart of stone, not only can their strength advance greatly, they can even comprehend the powers of law inside the heart of stone comprehensively. Originally, my stoneman clan was a powerful race in the Divine Realm. But later on, we were captured and killed without restraint by humans. Later, in order to escape the humans' poaching, that's why we hid in the Godsfall Mountain Range, eking out a feeble existence till today."

“Patriarch! You ... How can you say this sort of words to a human?” Stonebrave said in shock.

The heart of stone was the stoneman clan’s original sin.

Only then did Ye Yuan understand why Stonebrave and the rest had such strong hostility towards him.

An ancient powerful race declined until like this now, it was all because of greedy humans.

With humans’ greed, they could really do this kind of unbelievably brutal thing.

But toward Stonebrave’s shock and anger, Shi Potian was indifferent and said coolly, “The master of the World Suppressing Stele is our stoneman clan’s master! Even if he exterminates our entire clan, there’s also no cause for much criticism! This bit of secret has no need to hide. If Master requires it, just take our hearts of stone. There’s no harm either.”

Shi Potian’s words struck everyone with alarm.

This degree of loyalty in Ye Yuan’s opinion was undoubtedly foolish loyalty.

But Shi Potian’s words did not seem to be joking around.

With the other party’s strength, even if he used the Voice of the Dragon God, he might not be a match either.

But Ye Yuan shook his head and said, “I have no interest in the hearts of stone. Just now, I was just somewhat curious.”

Ye Yuan making his position known aroused Stonebrave’s snickering instead.

“High-sounding words! Right now, Patriarch already woke up. Of course you say that you’re not interested!”

But White Light smiled coldly when he heard that and said, “*Heh*, with my big brother’s comprehension abilities, does he still need your hearts of stone to comprehend Heavenly Dao? Growing from the Essence Qi Realm until now, he merely used 30 over year’s time!”

Stonebrave said in disbelief when he heard that and said, “You’re lying! How can a human martial artist possibly have such great talent?”

“*Heh*, my big brother’s improvement, haven’t you seen it too? Before he entered the Peach Blossom Forest and after he came out, how much time passed?” White Light said coolly.

Stonebrave was startled. Only then did he recall this incident, and could not help somewhat believing White Light’s words.

Ye Yuan had no intention of arguing. He asked Shi Potian, “Patriarch Shi, you said that the Vast Heaven Stele is the World Suppressing Stele. Just what’s the meaning of this?”

But Shi Potian’s answer made Ye Yuan very surprised.

“Actually, I don’t know either. I just know that our stoneman clan’s mission is to guard the World Suppressing Stele!”

Unrivaled Medicine God

Chapter 1254: The Divine Realm Doesn't Have the Fiend Race?

"I just know that my ancestor guarded the World Suppressing Stele for generation after generation. All the way until one day, the World Suppressing Stele's light is no more, becoming dim. Our stoneman clan's calamity started then," Shi Potian said.

Hearing Shi Potian's words, Ye Yuan also sighed endlessly.

The human race virtually wiped out the stoneman clan because of their greed, while the fiend race brought the crisis of race extermination to the human race now.

Who was right and who was wrong, Ye Yuan was powerless to argue too.

One could only say that this was a world where the weak were prey and the strong feasts.

Although Ye Yuan was the human race's leader, he could not represent the human race.

Perhaps there were still other races that were already utterly buried in oblivion in the annals of history.

But as a member of the human race, Ye Yuan had an unshirkable duty to resist the fiend race.

As for the stoneman clan, Ye Yuan could only do his best to ensure their safety and let them carry on.

Of course, if an opportunity arose.

"Patriarch Shi, regarding the human race's actions, this Ye is very sorry. If I can quell the turmoil of the fiend race, this Ye will definitely open up a chunk of region in the Divine Realm and let everyone have a place to rest," Ye Yuan said with clasped hands.

Although Ye Yuan was not of some character that bemoaned the state of the universe and pitied the fate of mankind, towards clan extermination this kind of behavior, he felt that it went against heaven and reason.

The human race suffering this calamity might not be without the reason of the stoneman clan.

"Fiend race? I remember that the Divine Realm doesn't have this race," Shi Potian suddenly said.

This shock of Ye Yuan's was by no means insignificant!

Did not have this race?

He did not doubt Shi Potian's words. He had slumbered here for no idea how many tens of thousands of years. It might even be as long as a million years!

That was also to say that in the era where Shi Potian was active, the Divine Realm did not have the fiend race, this race!

Then ... Where did the current fiend race come from?

Ye Yuan was somewhat perturbed!

"You ... You're certain? The Divine Realm is so huge, could there be some races that you don't know of?" Ye Yuan felt like he still had to confirm a bit.

After all, the Divine Realm was too large!

Apart from already known areas, there were still many unknown lands.

Perhaps the fiend race ran out from there?

However, Shi Potian still shook his head and said, "The Divine Realm isn't as large as you imagine. The places that Deity Realm powerhouses can go are far more than you imagine! But, I've never heard before that there's some fiend race."

Ye Yuan sucked in a deep breath and forcefully calmed his emotions at this time a little.

He suddenly thought of something and asked again, "Patriarch Shi, then have you heard before Immortal Grove Region this name?"

Shi Potian still shook his head and said, "Never heard before."

"Then do you know if there are still higher realms above Origin Deity Realm? Or perhaps, breaking through to the Origin Deity Realm, would one ascend to a higher plane's world?" Ye Yuan made a detailed inquiry.

"According to what I know, the Origin Deity Realm shouldn't be the endpoint. My stoneman clan's ancestors' strength should ride above the Deity Realm. However ... seems like they didn't ascend to a higher plane world either," Shi Potian said.

The more he asked, the more puzzled Ye Yuan got.

The old ancestor once said before, the four symbols' progenitors' strength was unimaginable. It even rode above the Origin Deity Realm.

Ye Yuan still remembered the land of ancestral spirits in the White Tiger Clan back then. The White Tiger Sacred Ancestor turned its nose up at the Deity Realm.

This was also to say that even if one broke through to the Origin Deity Realm, they were also unable to ascend.

Then, where did the fiend race come from?

Ye Yuan felt a thousand confused thoughts to attend to, just like a ball of huge mess in his mind, completely unable to sort out.

"Forget it, forget it, since I can't sort it out, then I'll ignore it! Patriarch Shi, previously was all a misunderstanding. Ye Yuan had no intention of offending. We still have urgent matters on hand and will take our leave here," Ye Yuan said with clasped hands.

"Where is Master going?" Shi Potian asked.

"We're going to the god-forbidden region to find the Kunwu Divine Wood," Ye Yuan did not hide it and said honestly.

Stonebrave could not help being shocked when he heard that and said, "You guys really want to go to the god-forbidden region?"

Ye Yuan said with a smile, "Can it be fake still?"

Stonebrave even thought that Ye Yuan was boasting. He did not expect that it was actually true!

"We'll go together with you!" Shi Potian suddenly said.

"This ... The god-forbidden region is very dangerous. Patriarch Shi, your clansmen are just these few already. No need to take the risk with me," Ye Yuan froze and said.

But Shi Potian's attitude was very firm and he said, "The stoneman clan's mission is to guard the World Suppressing Stele. Since you're the World Suppressing Stele's master, we naturally have to follow you. Even if our bones are ground to powder, we'll have no regrets too."

Ye Yuan did not think that this Shi Potian's attitude was actually so resolute. For a moment, he found it quite hard to choose.

This trip, he himself actually did not have much assurance either. If he implicated the stoneman clan and resulted in their clan being exterminated, Ye Yuan would find it hard to set his mind at ease.

"How about this? You guys stay here temporarily. If I can come out of the god-forbidden region, I'll bring you guys out. How's that?" Ye Yuan thought about it and said.

If he was able to break through to Deity Realm, everything would naturally be resolved with the greatest of ease.

"Shi Potian's strength is passable, perhaps I can lend Master a helping hand. Master, regardless of whether you agree or not, Shi Potian must follow you!"

Ye Yuan was helpless. This Shi Potian's strength was probably even above his. If he really wanted to follow him, he was really powerless to do anything.

"Alright then, you guys don't resist. In the future, you all will stay in my quasi-divine artifact. When I need you all, this young master will naturally call you guys out," Ye Yuan let out a sigh and said.

Setting off from the stoneman clan's territory was already not very far from the god-forbidden region.

In a twinkling, half a month passed. Ye Yuan's party finally stepped into the boundaries of the god-forbidden region.

"Big Brother, this god-forbidden region is simply akin to a ghost city. It looks very bleak and desolate! I feel goosebumps breaking out all over my body." White Light involuntarily shuddered and said.

In front of them was a stretch of desolation.

Surveying all around, waves of terrifying auras came over.

Not just White Light had this feeling, even Ye Yuan also had a feeling of almost suffocating.

It was as if every blade of grass and tree here had an extraordinary taste.

This place was seemingly a completely different world from the outside world!

Suddenly, Ye Yuan's alarm bells went off!

“Be careful!”

Two streaks of terrifying blood light suddenly flashed past, sneak attacking them from behind.

Ye Yuan’s perception was extremely sensitive, but he only captured it when it was just about to arrive as well.

These two streaks of blood lights’ targets were precisely White Light and Li-er.

The two streaks of blood lights arrived too quickly. Li-er and White Light had no time to react at all.

The arrival’s strength was very powerful!

Domain of Sword!

Black Tortoise Treasure Body Divine Art!

Ye Yuan blocked in front of White Light and Li-er with a lunge.

Rumble! Rumble!

The two streaks of blood line bombarded right onto Ye Yuan’s body without any deviation.

“Puhwark!”

Ye Yuan directly spewed out a mouthful of fresh blood, his body flying out backwards.

Even the three great fiendgods’ Starburst Grand Art did not breach Ye Yuan’s defense. These two unassuming streaks of blood light actually wounded Ye Yuan then moment they attacked!

“Big Brother!”

“Big Brother Yuan!”

When White Light and Li-er saw this scene, they cried out in shock at the same time.

“Jeje, what a powerful defense! Looks like you learned that old tortoise’s Black Tortoise Treasure Body Divine Art. But ... it’s far from perfect yet!”

A strange laugh sounded out. Zhuge Qingxuan’s figure appeared in the three people’s line of sight.

Chapter 1255: Divine Dao Second-Stage!

“Zhuge Qingxuan!”

When the three people saw Zhuge Qingxuan, their expressions could not help changing.

Ye Yuan thought that Zhuge Qingxuan was absolutely not Li Gui’s match. Did not expect that he actually escape from the Soul Refining Sect space.

However ... it seemed like his entire temperament had a very huge transformation.

“Heh, are you very surprised? Didn’t expect that I’d escape from that place, right?”

“Jeje, boy, you’re very decent, to actually know how to murder someone with a borrowed knife! But this seat’s one million years of effort was reduced to naught in a day. This wrath, you’ll have to receive it!”

From the same mouth, two completely different voices actually leaped out, making Ye Yuan trio all greatly astonished.

But Ye Yuan understood very quickly as well. The Soul Refining Sect’s sect master, Li Gui, seemed to have possessed onto Zhuge Qingxuan’s body.

Except, this was different from seizing possession. Zhuge Qingxuan still had his own consciousness.

But the current Zhuge Qingxuan indeed gave him a very dangerous aura.

After the shock, Ye Yuan calmed down very quickly and said with a big laugh, *“Hahaha ... The exalted Heaven Stabilizing Divine King actually ended up in such a situation, being neither ghost nor human currently! If let the outside world know, it will probably become a story that will be passed on in the entire Divine Realm, right?”*

Zhuce Qingxuan’s face fell. Although he was being spiritually possessed by Li Gui right now, he still retained half of his former personality.

He, this person, valued face the most. Being shot at by Ye Yuan, he was immediately about to flare up.

“Hold your horses! If you don’t even have this bit of restraint, how can you accomplish important matters?” Li Gui urged.

“You shut your mouth for this seat! Whatever nonsense, wait till this seat kills Ye Yuan before talking!” How could Zhuge Qingxuan still listen, cutting him off at once.

“Jeje, without this deity, do you think that you can kill this boy?”

“No need you to take action! Do you think that this seat’s Heaven Stabilizing Divine King name is called in vain?”

“Alright then, alright! This deity won’t intervene! In a while, don’t come and beg for this deity!”

Done talking, Li Gui no longer made a sound, seemingly ceding the body’s control rights.

“Ye Yuan, this time, even if the Jade Emperor comes, he can’t save you either!” Zhuge Qingxuan said fiercely.

But Ye Yuan just smiled faintly and said, *“The last time, I wonder who ran away like a dog!”*

“Humph! Last time, if not for you engaging in intrigues and schemes, how could this seat possibly lose to you?” Zhuge Qingxuan said disdainfully.

“Only the weak will find excuses for their own failure,” Ye Yuan said coolly.

“Then, this seat will take a look today, just how strong you are!”

Zhuce Qingxuan laughed coldly and suddenly unleashed a finger!

Profound Qi Finger!

One finger unleashing, the wind and clouds moved!

Ye Yuan's gaze revealed a look of disdain, and he said with a cold smile, "This move again? Can you come up with something new?"

Finished talking, Ye Yuan's Evil Extermination Sword waved. Fury Sword Fire Lotus came out with a whistle, welcoming Zhuge Qingxuan's Profound Qi Finger.

However, right at this moment, Ye Yuan just felt his chest suffocate, essence energy like it was blocked. This Fury Sword Fire Lotus move actually nearly did not release.

Boom!

How could the half-baked Fury Sword Fire Lotus be the Profound Qi Finger's match?

Ye Yuan's chest seemed to have been struck by a tremendous force. Opening his mouth, he spewed out a large mouthful of blood, body flying out backward and smashed ruthlessly on the ground, fresh blood drenching his clothes.

"Big Brother Yuan!"

"Big Brother!"

Li-er and White Light turned pale with fright, not expecting that it would actually be such an outcome.

Ye Yuan struggled to his feet; his internal organs already sustained massive trauma.

Fortunately, he had the Tyrant Dragon Regeneration Art and was currently recovering his injuries frenziedly.

"Jeje, the taste of this deity's Ghostspirit Curse is still not bad, right?" Li Gui said with a strange laugh.

Ye Yuan knew that the problem lay with those two streaks of blood light previously.

He did not sense it before, but circulating essence energy right now, Ye Yuan felt that there were two strange forces plugging up his chest, making his essence energy sluggish.

This kind of feeling was somewhat similar to the six great protectors' God Corrupting Blood Beads back then. It was just that in terms of power, it was much stronger than that.

This was like planting a curse on Ye Yuan's body. Even if he utilized the Origin Magnetism Spirit Wood, he was also unable to purge it.

As expected, well-worth of being a former peak Heaven Glimpse powerhouse. His means were simply inconceivable.

Except ...

A hint of a mocking smile flashed across the corners of Ye Yuan's mouth, making Li Gui's expression change.

"Ghostspirit Curse, is it? It sounds like it seems to be very impressive. I wonder if ... Gui Li knows how to undo this Ghostspirit Curse or not?" Ye Yuan said with a cold smile.

A blood-red figure suddenly appeared beside Ye Yuan.

Li Gui's expression was incomparably ugly. Gnashing his teeth in hatred, he said, "I was wondering why the Myriad Soul Flag disappeared. Turns out that it actually landed in your hands!"

Li Gui personally refined these evil ghosts. He naturally knew these evil ghosts' prowess.

Ordinary martial artists, even if their cultivation realm was extremely high, wanting to subdue these evil ghosts was also impossible.

He was unable to imagine how Ye Yuan subdued these evil ghosts.

At the thought of his many years of effort becoming a wedding gown for Ye Yuan, Li Gui felt like he was planted with the Ghostspirit Curse, incredibly stifled.

Gui Li did not seem to have seen Li Gui. He called out the other eight evil ghosts and started casting a spell at Ye Yuan.

Those evil ghosts were very clear about Li Gui's moves. If Li Gui was at his prime, they naturally could not resolve this Ghostspirit Curse.

But now, their strength was sufficient.

"How can it be that easy to want to undo the curse? *Heh*, this seat will let you take a look at just what kind of strength the Divine Realm's number one has!"

Zhuge Qingxuan's expression turned cold, and he pointed a finger out once more.

"Profound Heaven ... Finger!"

Zhuge Qingxuan cried out coldly. The power of this finger was truly unimaginable.

Profound Calamity Finger, Profound Qi Finger, Profound Heaven Finger, these were clearly martial techniques passed down directly from the same lineage inside the Brahma Heart Sutra.

To be able to comprehend to such a degree, the power was truly boundless.

Furthermore, Zhuge Qingxuan even comprehended a Divine Dao domain. With the addition of the domain, his strength was even more terrifyingly powerful.

Ye Yuan's face fell, and he said, "No wonder you're so arrogant. Turns out that you comprehended Divine Dao second-stage laws. It's too bad ... did you think that only you comprehended it?"

Golden light flickered on Ye Yuan's body. A palm came out with an overwhelming momentum.

Coiling Dragon Heaven Devastating Palm!

Ye Yuan's dragon race martial techniques improved amazingly fast. When at the land of exile, under the ancestor's guidance, he broke through to Divine Dao second-stage in one go!

Deity Realm second-stage laws, what it corresponded to was the Deity Realm power of laws for middle-stage Grotto Profound Deity Realm.

Originally, Zhuge Qingxuan and the Spirit Bristle Divine King's laws comprehensions were on the same level, mostly at the late-stage of Divine Dao first-stage.

No idea what kind of pointers Zhuge Qingxuan received from Kanuo either, his strength actually improved greatly, and already broke through to Divine Dao second-stage.

It was just a shame that Ye Yuan's laws comprehension was much faster than Zhuge Qingxuan imagined.

The Divine Dao second-stage's Coiling Dragon Heaven Devastating Palm versus the Divine Dao second-stage's Profound Heaven Finger!

Originally, it should be an attack that was well-matched in strength. But Ye Yuan had the addition of the Nine Transformations Golden Body, sending Zhuge Qingxuan flying out with one palm.

"*Heh*, Divine Realm's number one, truly shameless enough!" Ye Yuan said disdainfully.

[Unrivaled Medicine God](#)

Chapter 1256: Monumental Sword!

After a palm, the nine evil ghosts revolved around Ye Yuan and cast a spell. Very soon, it thoroughly dispelled his Ghostspirit Curse.

"Impossible! You ... How can you possibly comprehend Divine Dao second-stage laws?"

"Boy, you'll pay the price for your actions!"

Regardless of whether it was Zhuge Qingxuan or Li Gu, they were both hopping mad with rage at this time.

One's Divine Realm's number that he took pride in was snatched, the other's Myriad Soul Flag that he expended huge painstaking efforts was refined into a treasure by someone else.

This kind of feeling simply made people go crazy.

Ye Yuan said helplessly, "The two of you are being eccentric. Who should I answer?"

"Hey, brat, you're not his match! Let me!" Li Gui cried out weirdly.

"No way! How can I, the Heaven Stabilizing Divine King, possibly not be his match?" Zhuge Qingxuan said, being unconvinced.

He still remembered that outside the Holy City back then, it was so arbitrary for him to kill Ye Yuan.

Just how long had passed?

He was no longer his match to this extent?

Zhuce Qingxuan's expression flickered incessantly. Clearly, the two divine souls were currently locked in a fierce dispute for the sake of contending for the body's control rights.

"You fool! Do you think that your talent is number one under the heaven? Even your father, I, didn't dare say that I was number one under the heaven back then too! With just the likes of you, this fellow?" Li Gui said.

“Humph! That’s because this seat wasn’t born in the Divine Dao Era! Otherwise, this seat’s accomplishments might not be beneath Zuo Zong’s!” But Zhuge Qingxuan was brimming with confidence.

Finally, Zhuge Qingxuan’s true self still occupied the body’s initiative. His expression turned cold, his gaze full of madness.

All the essence energy in his body seethed. A terrifying aura emitted from his body.

Seeing this scene, Ye Yuan’s gaze turned intent, and he finally became serious.

“Are you mad? Your laws comprehension isn’t sufficient to unleash this level of martial technique yet! Forcefully unleashing it, the power of laws will suck you dry!”

Out of Zhuge Qingxuan’s mouth, Li Gui cried out strangely.

Sure enough, Zhuge Qingxuan’s body shriveled up rapidly!

But he still unleashed this move without turning back!

His hatred toward Ye Yuan already reached the point of disregarding everything.

This kind of hatred was even more from his jealousy!

“Lunatic! You lunatic! If you let this seat take action, why would there be a need to perish together with him? You fool!”

Li Gui gave a series of strange cries, but Zhuge Qingxuan completely ignored him.

He wanted to perish together with Ye Yuan!

“Profound ... Divinity ... Finger!”

Zhuce Qingxuan, who already shriveled up to a mummified appearance, yelled this last martial technique out of his mouth.

Seeing this scene, Ye Yuan could not help smiling coldly and said, “Heh, perishing together? You’re thinking too much! This kind of martial technique that’s forcefully utilized is also fit to perish together with me?”

Whoosh ...

Ye Yuan pulled out the Evil Extermination Sword. A terrifying sword intent billowed into the sky!

Zhuce Qingxuan’s aura was strong, but this sword intent of Ye Yuan’s was stronger than him, overshadowing him instantly!

Witnessing Ye Yuan’s imposing momentum, Li Gui cried out with surprise again, “Evil Extermination Sword! This is the Evil Extermination Sword Formula’s third level, Monumental Sword! You pig head! Even though the Evil Extermination Sword Formula has no grade, comprehending the Monumental Sword, you’re absolutely not a match!”

Li Gui clearly understood the Evil Extermination Sword Formula very well. Ye Yuan had not made a move yet, and he already saw through the depths.

The Evil Extermination Sword Formula was the general outline out of Vast Heaven Sword Art. It fundamentally did not have a grade, but in terms of power, this move Monumental Sword, was absolutely much stronger than Zhuge Qingxuan's half-baked Profound Divinity Finger!

The two were not on the same level at all!

Li Gui knew that Zhuge Qingxuan was a genius that appeared once every 100 thousand years and originally pinned high hopes on him.

But when he saw this sword of Ye Yuan's, he knew that Zhuge Qingxuan and Ye Yuan were not on the same level at all!

Ye Yuan was absolutely a genius that appeared once every million years!

Even the Absolute Heaven back then also definitely did not have Ye Yuan's talent!

Even though the Evil Extermination Sword Formula was the Vast Heaven Sword Art's elementary chapter, it was absolutely not that easy to comprehend Divine Dao laws.

On the contrary, comprehending this sword art was very difficult.

But, Ye Yuan actually already comprehended to the third level, Monumental Sword!

Which was also to say that Ye Yuan was about to start officially cultivating the Vast Heaven Sword Art. That was the truly terrifying cultivation method!

However, the Profound Divinity Finger was already Zhuge Qingxuan's final trump card. He stubbornly used this move to have a decisive showdown with Ye Yuan.

Rumble!

Two mighty incomparably profound Divine Dao laws collided. A terrifying undulation spread out, directly leveling the originally desolate surroundings.

This showdown was worthy of being called the Divine Realm's apex confrontation!

The number one divine king who had lasted for 2000 years officially withdrew from the stage of history today.

Even if Zhuge Qingxuan obtained Kanuo's guidance, his concepts a notch more skillful.

Even if his essence energy realm was even higher than Ye Yuan's.

The result was still utter defeat!

Zhuce Qingxuan's body was like a kite with a broken string, flying out backward powerlessly, smashing heavily onto the ground, and no longer made a sound.

However, Ye Yuan's situation was not considered good.

The injuries previously were already not light. This time, forcefully deploying the Monumental Sword, it virtually drained all of his essence energy.

Don't look at how between Ye Yuan and Zhuge Qingxuan, there was just a difference of a tiny little minor realm.

But this kind of expert showdown, if Ye Yuan did not use all of his power, he could not gain any advantage at all.

For him to be able to defeat Zhuge Qingxuan, it was entirely because of Divine Dao laws crushing!

Ye Yuan's expression was white as paper, his entire body dead-exhausted.

"Are you alright, Big Brother?"

After confirming that Ye Yuan was just a little short on essence energy, White Light said with an excited look, "*Haha*, really awesome! Didn't expect that Big Brother, your Evil Extermination Sword Formula actually already broke through to the third level! I think that your talent in Sword Dao isn't the slightest bit inferior to the Atavism Dragon Soul! Big Brother, you finished off the Heaven Stabilizing Divine King. Now, you're the true Divine Realm's number one!"

Ye Yuan swallowed an essence energy recovering medicinal pills and shook his head as he said with a smile, "Divine Realm's number one? *Huhu*, that's simply a joke! Senior Fang Tian coming up with this is in order to motivate the human race martial artists to strive forward. What isn't counted inside are too many! It's too bad that it didn't achieve the expected results. Only Zhuge Qingxuan, this kind of people, would immerse in it and be unable to extricate themselves."

The Divine Realm was too large. Even if Fang Tian could pry into heaven's secrets, it was also impossible to take everybody into calculation.

At least inside this Godsfall Mountain Range, there were quite a number of powerful existences whose strength was much stronger than the Ten Great Divine Kings.

And inside this terrifying god-forbidden region, who knew how many powerful existences there were yet.

The Divine Realm's number one, even the Absolute Heaven back then did not dare to make such a grand boast either, right?

Zhuce Qingxuan regarded himself highly and forcibly occupied the Ten Great Divine Kings' first place year in year out, and really thought that he was invincible under the heavens.

Little did he imagine that he was merely a frog at the bottom of a well!

Suddenly, Ye Yuan's expression changed.

"*Jeje* ... Boy, I really have to thank you very much! That fool was beaten by you until he fell into slumber. This deity can finally control this body!"

Zhuce Qingxuan who originally did not have much aura anymore suddenly surged with an imposing momentum!

Unrivaled Medicine God

Chapter 1257: Double Combo

“Go!”

Ye Yuan did not hesitate in the slightest, making a prompt decision and directly put himself and Li-er away inside the Vast Heaven Pagoda, and attached it onto White Light’s body.

He and White Light did not need much communication at all. One look was sufficient.

Virtually right away, White Light displayed his movement technique and ran like mad!

Even though White Light did not have Ye Yuan’s kind of greater teleportation remarkable ability, his speed was not much slower than Ye Yuan’s.

The name of the Flowing Light White Light was not called in vain.

Even Li Gui also did not expect that Ye Yuan was so decisive, and actually turned tail and ran.

Being stunned for a brief moment, White Light already disappeared.

“*Jeje*, this boy is indeed a talent! He’s not sloven at all when doing things! No idea how many times stronger he is compared to Zhuge Qingxuan that fool!”

After a mild surprise, Li Gui gave a praise, and his figure moved, chasing after White Light. His figure was actually fast as lightning and was even much faster than White Light.

White Light’s shock was by no means insignificant and said to Ye Yuan inside the Vast Heaven Pagoda, “Big Brother, this guy’s speed is so fast!”

“Ignore him. You just run and wait for my instruction!” Ye Yuan said solemnly.

Ye Yuan at this time was currently desperately recovering essence energy inside the Vast Heaven Pagoda.

White Light and Li Gui’s figures, one in front and one at the back, rushed speedily through the god-forbidden region.

This chase was four hours. The two people already entered god knows how far into the God-forbidden region.

“*Jeje*, brat, your speed is decent. But playing speed in front of this seat, this is displaying your slight skill in front of an expert!”

Li Gui gave a strange laugh. White Light’s distance from him was just around 100 thousand feet.

“White Light!”

Right at this time, White Light’s figure suddenly vanished. Li Gui’s expression changed. A feeling a danger welled up in his heart!

“*Roar!*”

A heaven-shaking dragon roar echoed out. A terrifying energy undulation assaulted!

Li Gui's expression changed again, and he exclaimed, "Sacred Dragon Token! The lord of the dragon clan! A terrific lad!"

This Li Gui was well-deserving of being a Deity Realm big shot back then. It was very familiar with the Sacred Dragon Token as well.

But Li Gui did not panic in the face of danger. His two hands swiftly painted something in front of his chest. A powerful Divine Dao power of laws instantly condensed and formed.

"Ghost Drawing Talisman!"

Boom!

The Sacred Dragon Token's attack arrived with a howl. That Ghost Drawing Talisman was just drawn finish, and the attack already arrived!

Even if Li Gui's Ghost Drawing Talisman was incomparably powerful, his figure was also smashed flying backward, his innards churning.

"The Sacred Dragon Token is very strong! It's too bad that you're too weak!" Li Gui said disdainfully.

"Is that so?"

Ye Yuan's voice sounded out beside Li Gui's ear akin to a death-hastening talisman!

This shock of Li Gui's was by no means insignificant! When did Ye Yuan suddenly teleport beside him?

However, Ye Yuan would not give him time to think. A dragon roar billowed into the sky!

Voice of the Dragon God!

Ye Yuan was merely a hundred feet away from Li Gui currently.

This kind of amplitude could simply be described with horrifying!

Li Gui was just like being electrocuted, his entire body twitching. Even the whites of his eyes rolled out.

However, Li Gui was a former peak Heaven Glimpse existence in the end. Just like the old ancestor, facing the Voice of the Dragon God, he was not completely powerless to retaliate.

Even though Li Gui was unable to unleash the power of a Deity Realm powerhouse, his strength was likely even above Fang Tian's!

After all, Li Gui was once a peak Heaven Glimpse Deity Realm existence!

A bizarre power of law emitted from his body.

Except, the Voice of the Dragon God's penetrative power was too strong.

Even if his means were exceptionally formidable, it was also unable to completely isolate the power of the Voice of the Dragon God.

This double combo had long been calculated by Ye Yuan.

Although the power of the Sacred Dragon Token was strong, dealing with Li Gui this kind of powerhouse, Ye Yuan reckoned that it was slightly lacking.

Just as Ye Yuan expected, even though his sneak attack had some effect, it did not pose too great of a threat to Li Gui.

So after he unleashed the Sacred Dragon Token, he made use of the cover of the energy utilization and came to Li Gui's side with a greater teleportation, and threw him a big one.

One breath!

Two breaths!

"White Light, go!"

Ye Yuan and White Light completed the switch in an instant. White Light sped rapidly towards the depths of the god-forbidden region.

The whites of Li Gui's eyes finally rolled back. His eyes, nose, ears, all seeped with blackish-red bloodstains. Clearly, he had sustained severe injuries.

Looking at White Light's distant back view, Li Gui revealed a look of great terror.

"Voice of the Dragon God! It must be the Voice of the Dragon God! That's the paramount martial technique that only the dragon race's progenitor knows! How did that boy learn it?" Li Gui revealed a horrified look as he said.

"*Humph!* Blew your own trumpet too hard, right? Didn't you say that you could kill him? In the end? You were almost finished off!"

Zhuge Qingxuan actually already woke up from his deep sleep at God knows when. But he just happened to see the scene of Li Gui suffering a major loss and could not refrain from ridiculing.

But he was actually also very surprised by Li Gui's failure.

He was aware of Li Gui's strength. Peak Heaven Glimpse Deity Realm, this kind of strength and he actually still failed to take Ye Yuan down.

"*Humph!* What do you know? That move just now was called Voice of the Dragon God! This move was long lost in the dragon clan already! That boy actually learned this kind of heaven-defying martial technique, truly terrifying!" Li Gui said.

"*Heh,* looks like ... you're scared!" Zhuge Qingxuan mocked mercilessly.

"Scared? *Heh!* This brat ruined my million years of painstaking effort. Not killing him, how will it give vent to the anger in this deity's heart?! Even if he's Absolute Heaven's reincarnation, this deity will also make him never to reincarnate for all of eternity!" Li Gui said with a cold smile.

...

"Big Brother, why didn't you let me finish him off?" White Light asked Ye Yuan.

Just now, that Li Gui was clearly already short on strength. It was precisely the best time to eliminate him. But Ye Yuan chose to leave without the least bit of hesitation.

“How can the power of Heaven Glimpse Deity Realm be what the likes of us can imagine? I saw Senior Fang Tian attacking on that day. Li Gui’s strength is even stronger than him, how can he be finished off so easily?” Ye Yuan said with a bitter smile.

White Light was also greatly surprised and said, “Even if there isn’t Divine Dao cultivation realm, his strength is also so terrifying?”

“Of course! Powerhouses capable of breaking through to Deity Realm, which one isn’t an extraordinary genius? But even so, the comprehension of Divine Dao laws are also in units of 10 thousand years! How can the disparity in-between this be a tiny bit? Even if I enter seclusion and comprehend with all my power, it’s also impossible to reach their boundary within a short period! If not for this, why would I need to face a slim chance of survival and come to this Godsfall Mountain Range to search for the opportunity to become a deity? Achieving Deity Realm is our only way out! Otherwise, nobody is Kanuo’s match!” Ye Yuan said solemnly.

Only then did White Light know Ye Yuan’s painstaking thoughts and care, as well as Kanuo’s terror.

“Big Brother, this god-forbidden region is so large. Where do we go to find the Kunwu Divine Wood? Furthermore, we have never seen the Kunwu Divine Wood before as well!” White Light suddenly thought of a very serious problem and asked.

Ye Yuan smiled bitterly and said, “Keep going forward and see fate! Heaven will always leave a door open!”

“Mm? Big Brother, something seems to be off! We ... seem to have entered some incredible place!” White Light suddenly said.

[Unrivaled Medicine God](#)

Chapter 1258: Death Marsh

In front of them was a marshland that stretched as far as the eye could see. The surroundings were deathly silent.

It was truly a profound silence that prevailed over all. It was as if all sounds were swallowed up.

This kind of serenity made people uneasy.

Just now, White Light fled without choosing any path and did not see the road ahead clearly at all. Unknowingly, they already entered deep into this black marshland!

Swoosh!

Ye Yuan’s figure emerged and swept a glance around the surrounding situation, his expression becoming very ugly.

“Big Brother, this place isn’t right! How about we return the way we came?” White Light swallowed his saliva and said.

White Light felt ill at ease. Even with his strength, he felt a sense of danger. This swamp was absolutely not ordinary.

Ye Yuan let out a sigh and said, "Can't go back anymore! Didn't you realize that this marshland disrupted the space, and it's already impossible to determine the north and south? Turning back, we'll definitely won't be walking the path that we came from!"

White Light was alarmed and could not help perceiving it carefully and discovered that it was indeed just as Ye Yuan said, he already could not differentiate north, south, east, or west anymore.

"Big Brother, this ..." White Light said rather panicky.

Suddenly, Ye Yuan's heart stirred, and he let Shi Potian out.

"Master!" Shi Potian said respectfully.

"Do you know what place this is?" Ye Yuan asked.

"If I didn't guess wrongly, this place should be the Death Marsh of the legends!" Shi Potian said.

Ye Yuan's expression changed, and he said in shock, "You're saying that this place is the graveyard of deity realms known as the Death Marsh?"

Shi Potian said in surprise, "Turns out that Master has also heard of the Death Marsh. That's right, the Death Marsh is indeed known as the graveyard of deity realms. It has swallowed up god knows how many Deity Realm powerhouses' life before!"

White Light was horrified and said, "That dangerous? Then aren't we dead for sure? Just what's in here, for Deity Realm powerhouses to actually not be a match either?"

Shi Potian said, "What's inside the Death Marsh, nobody knows. Because those who have barged inside are all dead! But I heard that the Death Marsh's ruler is the legendary Deathsoul Tree!"

"Deathsoul Tree! There's really such a thing in the world?" Ye Yuan said in surprise.

White Light had a blank look as he said, "What are you all talking about? What on earth is a Deathsoul Tree?"

Ye Yuan's expression became very ugly, and he said grimly, "I've once seen before sporadic records in ancient classics, this Deathsoul Tree is the same as the Kunwu Divine Wood, both being legendary existences! Legends have it that in a distant era, an earth-shaking powerhouse died harboring resentment. When he died, the resentment surged to the sky, condensing and didn't dissipate, finally turning into a Deathsoul Tree! After the Deathsoul Tree was born, it would always show up in various places of the Divine Realm bizarrely and randomly, devouring the life of powerhouses, becoming stronger and stronger, and killed all of its enemies! Legends say that regardless of how powerful the martial artist, as long as they enter inside the 100 thousand feet radius of the Deathsoul Tree, they would have their divine souls taken away, without the slightest margin to retaliate!"

White Light said in shock, "This ... This is also too ridiculous, right? The divine soul of Deity Realm powerhouses, it takes away as it pleases?"

But Shi Potian said, "What master said is right, the Death soul Tree is even more powerful than you imagine! It might have ... already surpassed Deity Realm!"

Ye Yuan sucked in a deep breath and said to the pair, "You guys help to guard me. Wait for me to recover my strength, then we'll move out! *En?* Be careful!"

The consumption of using the Voice of the Dragon God was huge. He still wanted to recuperate for a while, but this Death Marsh did not seem to want to give him this chance.

Gurgle ...

Inside the marsh, air bubbles rose up in the black waters, breaking the tranquility of this Death Marsh.

Ye Yuan stared at the marshland with an ugly expression, wondering what kind of thing would be inside.

Swoosh!

A gray-brown shadow rushed out of the marshland all at once, speeding toward Ye Yuan.

This was an enormous crocodile!

That crocodile opened his gaping maws and chomped down at Ye Yuan.

Ye Yuan's face fell, the Domain of Sword and Black Tortoise Treasure Body Divine Art were unleashed at the same time!

Bang!

With a loud bang, the crocodile seemed to have hit an iron plate and fell weakly into the swamp.

Seeing this scene, White Light could not help laughing and said, "Hahaha, this dumbass, to actually dare bite Big Brother. Doesn't it know that what Big Brother cultivates is related to tortoise shell?"

However, White Light discovered that only he alone was laughing.

Ye Yuan's expression was incomparably solemn as he said, "This is a Blackwater Giant Crocodile! What powerful strength! The power of that attack earlier was likely not beneath the human race's Ten Great Divine Kings!"

White Light was somewhat uncertain what it meant and said, "Just an ordinary Ten Great Divine Kings, what doesn't it count for to us?"

"One naturally doesn't mean anything. But if it was several thousands or tens of thousands?" Ye Yuan said solemnly.

As if affirming Ye Yuan's words, this black water swamp started seething all at once.

Gurgle ...

Seeing this scene, White Light's expression changed drastically.

The scene in the next moment made the three people's scalp tingle!

Countless Blackwater Giant Crocodiles emerged from the marshland. As long as the eye could see, it was full of crocodiles!

This number was probably no less than several tens of thousands!

One already had the strength of the Ten Great Divine Kings. Several tens of thousands added together, even if Ye Yuan had three heads and six arms, he was not a match either!

“These guys are not easy to deal with! Go!” Ye Yuan said in a low voice.

The three people did not hesitate in the slightest and instantly scampered off!

Swoosh! Swoosh! Swoosh!

How could the Blackwater Giant Crocodiles give them a chance? For a moment, countless figures scurried after.

Ye Yuan flipped his hand, and a Fury Sword Fire Lotus instantly burst forth.

Boom!

A terrifying energy exploded, directly carving out a bloody path.

However, what took the three people by surprise was that Ye Yuan’s Fury Sword Fire Lotus merely just shook away these Blackwater Giant Crocodiles.

It actually did not kill them!

With Ye Yuan’s present strength, killing Ten Great Divine Kings-class powerhouses was not difficult.

But this attack actually did not succeed!

“These guys have such a powerful defensive capability! Head over there! The Blackwater Giant Crocodiles there are fewer!” Ye Yuan shouted.

The Blackwater Giant Crocodiles launched attacks at the three people continuously. The three people did not dare to slight it either and unleashed all of their ability, driving away those Blackwater Giant Crocodiles.

“Monumental Sword!”

Ye Yuan’s physical exertion was immense. Currently, he could only use essence energy martial techniques too.

He did not dare to hold back in the slightest. The moment he made his move, it was the Monumental Sword.

A terrifying sword intent wreaked havoc, finally splitting those thick-fleshed Blackwater Giant Crocodiles into pieces.

They headed for this relatively lesser area right from the start. This sword finally slaughtered out a bloody path, breaking out of the Blackwater Giant Crocodiles’ encirclement.

The three people’s figures swept past hastily, how could they dare to remain in the least bit?

Ye Yuan's physical strength had yet to recover. His essence energy consumption was also huge. He was completely unable to carry on fighting.

No idea how long they were running away, finally, there were no more traces of Blackwater Giant Crocodiles behind them before the three people stopped.

White Light's expression was ashen pale as he said, "That Blackwater Giant Crocodile army can even destroy the Divine Realm if it's brought outside! I really have no idea just what kind of place this Godsfall Mountain Range is, to actually be able to produce so many existences rivaling the Ten Great Divine Kings!"

Before he could respond, Ye Yuan's expression suddenly changed. A feeling of danger welled up in the heart once more!

Chapter 1259: Deathsoul Tree

Whoosh, whoosh, whoosh ...

Several black streaks ambushed Ye Yuan trio at a strange angle.

Shi Potian's iron fist swung, the power of laws spreading out imposingly. He directly blasted those few black streaks to dust.

But in the next instant, even more black streaks flew over.

The three people focused their eyes and looked over. They could not help feeling their scalps tingle.

What entered their eyes was all densely packed little black snakes!

Although these little snakes' strength could not compare to those Blackwater Giant Crocodiles, they were superior in numbers.

"It's Steel Wire Black Snakes! There are probably millions of them! This place isn't suitable to stay for long, break out of the encirclement in that direction!" Ye Yuan said solemnly.

Steel Wire Black Snakes' strength was slightly weaker, but that was just in comparison with Blackwater Giant Crocodiles.

The difference in numbers was plenty to compensate for the deficiency in this bit of strength.

In contrast, these few million Steel Wire Black Snakes were even more terrifying than those Blackwater Giant Crocodiles.

How could Ye Yuan and the others still dare to remain? They desperately broke out of the encirclement in one direction.

Fortunately, Shi Potian's strength was powerful enough. Charging along the way, those Steel Wire Black Snakes were unable to approach at all.

Only after expending a Herculean effort did the three people slaughter their way out of the heavy encirclement of the Steel Wire Black Snakes.

Sprinting madly along the way, the three people were chased by the Steel Wire Black Snakes for goodness knows how long before they gradually retreated.

“No wonder this place is known as the Death Marsh! How can there be so many horrifying things existing?” White Light said with a look of lingering fear.

Shi Potian said, “Blackwater Giant Crocodiles and Steel Wire Black Snakes are probably the lowest rank existences in this Death Marsh.”

White Light could not help being greatly astonished when he heard that and said, “No wonder this place is known as the god-forbidden region, it truly lives up to its reputation! Even such terrifying existences are only the lowest rank?”

It was not up to White Light to not be surprised. If the Blackwater Giant Crocodiles and Steel Wire Black Snakes ran to the Divine Realm, they would absolutely be existences that could sweep away everything.

It was also that the three people’s strengths were extremely formidable, even stronger than Deity Realm powerhouses whose realms were suppressed, that they could charge out of the encirclement.

Otherwise, even if the Ten Great Divine Kings’ top five came in, it was also certain death.

But this level of existence was actually merely just a low-level existence!

The three people were currently bewildered and doubtful when alarm bells sounded again!

White Light could not resist letting loose a torrent of abuse, “Are we done here or not?!”

Ye Yuan’s brows knitted even tighter. The one who took action along the way was mostly Shi Potian.

He was making the best use of time to recover his strength!

This time, what surrounded them was a bunch of black rates. The numbers were even more exceedingly terrifying.

The three people expended a considerable effort, slaughtering out of the heavy encirclement once more.

“Everybody, be careful! I feel like there seems to be someone controlling these desolate beasts. They ... seem to currently be driving us to a certain place.” Ye Yuan suddenly said in a low voice.

Starting from the second wave, Ye Yuan already had an uneasy feeling in his heart.

Those desolate beasts seemed to be deliberately leaving a gap so that they could escape.

Once, twice, the third time, each time it was like this. This made Ye Yuan’s suspicions even greater.

Even though their strength was very formidable and slaughtering out of the heavy encirclement was a matter of course.

But those desolate beasts did not really engage in a life-and-death struggle with them.

Several times of encirclements all seemed to be guiding them towards a certain direction.

White Light was alarmed when he heard and said, “No way, right? Who has this strength to be able to manipulate so many horrifying desolate beast hordes?”

Ye Yuan’s expression was very much, but he did not answer.

White Light suddenly thought of something and used a consulting gaze to look over toward Ye Yuan, saying in shock and confusion, “Could it be ...”

Ye Yuan nodded his head and said, “Apart from the Deathsoul tree, it seems like there are no other possibilities!”

White Light’s expression became pale as a sheet. Even though he was very confident, facing this kind of existence that even Deity Realm powerhouses were unable to resist, his heart was racing too.

Walking all this way, White Light already grew into a true powerhouse who could take charge at one of the fronts.

But the Deathsoul Tree was different!

Perhaps, it was an existence that surpassed the Deity Realm!

Just how strong the Deathsoul Tree was, what kind of means it had, they were completely clueless.

What they knew was that the Deathsoul Tree was not what they were capable of contending with.

“This ... What to do here? We didn’t encounter the Kunwu Divine Wood but ran into a Deathsoul Tree. This ... This is also too unlucky, right?” White Light said with a bitter smile.

“*Heh*, even if we ran into the Kunwu Divine Wood, it might not be much better than the current situation either,” Ye Yuan said.

“Then ... Then what should we do now?” White Light said.

A glimmer of seriousness flashed across Ye Yuan’s eyes, and he said, “These dangers are originally things that were within expectations! Didn’t we mentally prepare ourselves for this trip? The god-forbidden region is a region that even Deity Realm powerhouses are unable to cross!”

White Light’s entire body trembled, his emotion stabilized considerably by Ye Yuan’s one sentence. Gritting his teeth, he said, “What Big Brother says is right! *Hehe*, in this world, is there still a place that can stump the two of us brothers? Even if it’s a blade mountain and sea of fire, White Light will accompany Big Brother and make this trip! What do you say, Big Brother?”

Ye Yuan also towered with heroism as he said, “*Haha*, my good brother! Now that it came to this, we might as well push the boat along the current! Doesn’t he want to meet us? Then let us go and take a look at ... just how strong this legendary Deathsoul Tree is!”

“*Hahaha*, Big Brother, with you saying this, I became really interested!” White Light said with a hearty laugh.

It was not that Ye Yuan did not wish to leave, but he knew that once they did not follow the established route, those desolate beasts would definitely launch attacks at the three of them like crazy!

With these desolate beasts' strength and numbers, no matter how strong the three of them were, they would be exhausted to death too.

Even if they really killed all of these desolate beasts, whether or not they could escape was still another matter altogether.

Since that was the case, they might as well preserve their strength and meet with the perpetrator.

Shi Potian still had an indifferent appearance. But the slight undulations emitting off his body revealed a tiny hint of change in countenance.

These brothers kept a straight face even if Mount Tai collapsed in front of them. This bearing was indeed worthy of being the World Suppressing Stele's successor!

Since the goal was set, the three people fought all the way. Experiencing several twists and turns again, they came to a stretch of an open field.

This wilderness was no longer a marshland but a stretch of black-color land.

On this open field, not a blade of grass grew, looking just like a piece of scorched earth.

Looking over, this wilderness no longer had anything on it. There was just a lone big tree.

The large tree was pitch-black throughout and did not even have a blade of leaf on the branches, being stark-naked.

On the treetop stood three black crows, currently crying out in lament, as if urging people.

Crows were inauspicious things. Its appearance tended to accompany death!

Seeing this large black tree, Ye Yuan's face involuntarily fell.

"Could this be the legendary Deathsoul Tree? It looks like ... there doesn't seem to be anything special," White Light suddenly said.

"The more unremarkable the place is, the more dangerous! See those three crows? If my conjectures are right, those three crows should be representing us! The Deathsoul Tree is telling us that today, the three of us will be losing our lives here!" Ye Yuan said solemnly.

Chapter 1260: The Eyes of the Black Crows!

"Caw, caw, caw ..."

As if answering Ye Yuan's words, the crows on the treetop gave off extremely unpleasant cries.

White Light could not help flying into a great rage the moment he heard. Raising his hand, a palm slapped over!

Ye Yuan did not stop White Light, because he also wished to see just how terrifying this Deathsoul Tree was.

However, the subsequent scene gave the three people a huge shock!

The heaven and earth essence energy that White Light mustered only advanced a distance of 30 feet and immediately dissipated into nothing!

It was as if a force that they were completely unable to understand existed in this space.

“This ...”

White Light could not help looking at Ye Yuan, a look of shock on his face.

This Deathsoul Tree indeed lived up to its reputation!

But at this time, they hoped for this Deathsoul Tree’s reputation to fall short of reality even more.

Ye Yuan was likewise inexplicably shocked. White Light’s strength, he was all too clear.

Perfect White Tiger Physique let White Light comprehend the White Tiger Darklight Divine Art to the Divine Dao realm long ago.

The current White Light’s strength was even more than a magnitude greater compared to the Soul Martial Divine King, Zhong Zizhen.

But the power of his one palm move actually could not even leave the 30 feet area in front of him!

Ye Yuan had never encountered such a bizarre thing before!

Just now, he clearly detected a tiny hint of undulation. That kind of undulation, with his current realm, it could not be understood at all.

“Is this the Deathsoul Tree? As expected, ridiculously strong! No wonder even Deity Realm powerhouses are certain to die. Looks like this Deathsoul Tree isn’t what our cultivation realm can resist at all,” Ye Yuan drew a deep breath and said.

Suddenly, an ancient and somber voice sounded out by Ye Yuan’s ear.

That voice sounded incomparably somber, giving people an extremely uncomfortable feeling, just like ... the crows were talking.

Looking closely, wasn’t it that crow in the middle that was talking?

“There’s finally such fresh divine souls taking the initiative to deliver themselves to the door! *Mmm ...* your divine soul, it seems to be very tasty!”

Ye Yuan’s expression turned sharp, his entire seemingly being stared at by the death god, feeling like his whole divine soul was about to leave his body!

The crow was currently staring at Ye Yuan at this time, making Ye Yuan feel that his divine soul was about to collapse and disintegrate.

Feeling extreme uneasiness was Ye Yuan’s genuine emotion at this time!

In the depths of his sea of consciousness, the Soul Suppressing Pearl faintly emitted a trace of undulation. Soon enough, Ye Yuan’s divine soul calmed down.

“Senior, the three of us had no intention of offending. We just mistakenly entered this place. Hope that Senior will let us go,” Ye Yuan forcefully suppressed the oppressiveness in his heart and said with cupped fists.

“*En?* You can actually withstand my divine soul pressure? Interesting, interesting!” The crow’s voice revealed a mild surprise.

It was just that his voice made people’s hair stand on end.

“Look into my eyes!” said the crow as it opened its mouth as if there was a magical power in its voice.

Ye Yuan just felt his divine soul quiver, and that feeling of collapse welled up in his heart once more!

Can’t look! Absolutely can’t look!

Ye Yuan also did not know to what extent the Soul Suppressing Pearl could achieve. He was actually very uncertain in his heart too.

After all, this Death-soul Tree was an existence that surpassed the Deity Realm in the legends!

In the present age where Divine Dao dwindled to zero, that kind of existence virtually as powerful as being able to coexist alongside Heavenly Dao. There was absolutely no way to imagine it.

Therefore, he did not dare to look at the crow’s eyes.

Except, his body did not seem to obey his command, his gaze involuntarily shifting towards that crow in the center.

All the cold sweat in Ye Yuan’s body seemingly poured out like a fountain.

In virtually an instant, his entire body was drenched in sweat.

Past life and this life, even when facing Ji Canglan back then, he was also not so despaired and powerless before.

This was a confrontation on a completely different level!

Even if facing Heavenly Fiendgod Kanuo, he at least had strength leftover to resist.

At the very least, he could imagine what kind of existence Kanuo was.

But now, Ye Yuan did not have the least bit of margin to resist!

Ye Yuan wanted to attack to resist, but his body seemed to have a paralyzing spell cast on it, unable to move even a finger at all!

The only things that could move were his eyes!

Ye Yuan was unable to understand why in the age where Divine Dao dwindled to zero, there would still be an existence like this.

Could it be that surpassing Divine Dao, one would be able to not be constrained by Heavenly Dao anymore?

It was just that, there was already no more time to let him ponder over now.

Ye Yuan used every last ounce of his strength, wanting to shift his gaze towards White Light there. Suddenly, his mind shook heavily.

He clearly saw White Light's divine soul leave the body, flying straight for that crow on the left!

As for Shi Potian, the stoneman clan was a very special existence. All of their everything existed inside the heart of stone. There was no divine soul at all.

But Ye Yuan saw another scene that made him feel alarmed and rage.

Lu-er's divine soul actually flew out of the Vast Heaven Pagoda, flying towards that crow on the right!

Ye Yuan glared with his eyes wide, feeling like his entire person was about to explode!

Powerless!

Tremendous powerlessness!

Only now did he know that it turned out this third crow was not prepared for Shi Potian but prepared for Lu-er!

As for Li-er, because her physique was special, her spirit and flesh could not be separated long ago. The Death-soul Tree actually did not prepare a crow for her.

However, Shi Potian also did not move a muscle currently. Clearly, he was being restrained too.

Shi Potian's strength was even greater than Ye Yuan's. He was once a genuine Deity Realm powerhouse!

But he was still not the Death-soul Tree's match.

"Heh heh ... Indeed, pretty decent divine souls. It will definitely be very delicious! Ever since that old fart died, this Immortal Grove Region has declined with each passing day. Now, to be able to eat such tasty divine souls isn't easy anymore!" That crow used an extremely unpleasant voice and said.

Ye Yuan was already bristling with anger at this time. How could he still listen to this crow's muttering?

All of his strength right now was used on resisting the crow.

He wanted to save White Light and Lu-er!

The two of their divine souls were currently slowly floating toward the crows. It was as if there were paralyzing spells cast too, totally powerless to resist.

It was only to see those two crows open their mouths wide. White Light and Lu-er's divine souls became smaller and smaller.

Finally, the two crows swallowed the two of their divine souls in one mouthful.

Seeing this scene, Ye Yuan's gaze turned bloodshot from anger!

He wanted to make himself move a bit, but he could not do it!

He could not even muster a tiny hint of essence energy either!

The only things that he could move were his eyes!

The crow cried a burst of extremely unpleasant laughter and said to Ye Yuan, "Relax, you'll be reunited with them right away! Don't attempt to resist anything. What can a little fellow who can't even break through to the Deity Realm do? Come, look into my eyes!"

An intangible force instantly assaulted Ye Yuan's divine soul!

This time, Ye Yuan was unable to hold on anymore. A pair of eyes faced the crow's pair of eyes!

In the next instant, Ye Yuan felt as if his divine soul was frozen, involuntarily flying out of his body.

"Haha, not bad! Really not bad! This divine soul ... seems to have the blood lineage of the dragon race. Furthermore ... it seems very similar to the dragon race's progenitor! Could it be that legendary Atavism Dragon Soul? Hahaha, really picked up a treasure!" said the crow. The crow let out a burst of carefree but unpleasant to hear laughter.
